Stock Survey Cards Will Be Distributed

Rural mail carriers from the Abernathy Post office will leave some livestock survey cards along their routes beginning November 15.

Information reported on these cards is used to set the yearly inventory of livestock and poultry on Texas farms. Postmaster Herman Lambert explained.

Rural carriers distribute the cards at random in boxes along their routes.

"This means that not every box will get a card," Lambert said. "For this reason, it's important for everyone who gets a card to return it filled out so that USDA can get a true sample of the State's livestock holdings."

Facts and figures secured in this survey are the basis for Texas and National pig crop report and inventories of livestock and poultry on farms as of the first of the year. Stockmen and many others use this information in making business decisions.

Rural route carriers are J. D. Webb, Route One, and Jack Hacker, Route Two.

Puerto Rico Project To Be Studied

Don Garnett, minister of New Deal Church of Christ, left last week for Puerto Rico to survey needs for Project Puerto Rico.

The New Deal congregation expects to sponsor Project Puerto Rico. About 25 families are expected to go to Puerto Rico as self-supporting missionaries.

The minister will evaluate need and find out job possibilities. The congregation already has done some preliminary evaluation and considers the need exists for the project.

Garnett was accompanied by I. B. Anthony, Conway, Ark., a retired business man, grandfather of the minister's wife. They returned to New Deal this week.

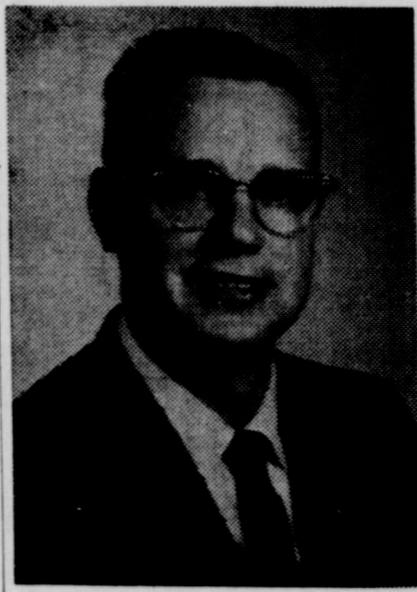

4-H ACHIEVEMENT PROGRAM NOV. 16

The Hale County 4-H Council is sponsoring a 4-H Achievement Day program Saturday, Nov. 16, at Halfway. It will begin at 8 p.m. in the Halfway Baptist Church. A cafeteria-style meal will be served at 5:30 p.m. in the Halfway Community Center, courtesy of the business firms of Halfway.

Born To:

Mr. and Mrs. Robert Grimaly, a son, weighing 8 pounds 11 ounces, Nov. 11.
 Mr. and Mrs. Guadalupe Reyes, New Deal, a daughter, weighing 8 pounds 3 1/2 ounces, Nov. 5.
 The following births were reported by Abernathy Medical Clinic:

 Mr. and Mrs. Domingo Sandoval, New Deal, a son, weighing 8 pounds 3 ounces, Nov. 10.

Abernathy firemen were called Tuesday morning to fight a barn fire on the place which Bob Riley farms north of Lakeview.

JOE ED SULLIVAN

Sullivan Is FB Manager

Joe Ed Sullivan assumed his new duties as agency manager with the Hale County Farm Bureau November 1, 1963.

Joe Ed is married and has three children, Dennis 8, Mark 5, and Dawn DeAnn 18 months.

He comes to Hale County from Brownfield, Texas where he has served as Agency Manager for 6 1/2 years for the Terry County Farm Bureau.

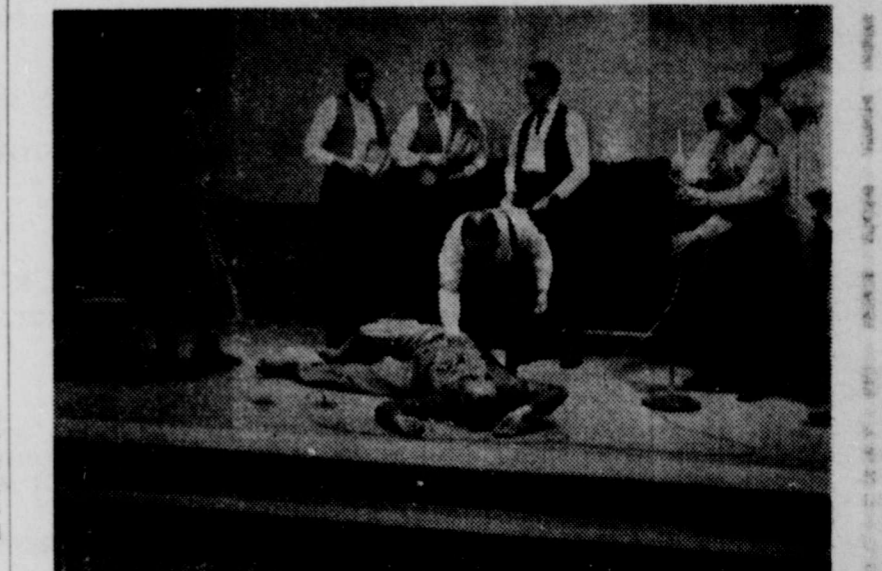

While in Brownfield, Joe Ed was active in 4-H club work, FFA work, Terry County Young Farmers Organization, Lions Club, a director of the Chamber of Commerce, Masonic Lodge, and was superintendent of Sunday School at the First Baptist Church.

Before going to Brownfield, he completed graduate work at Texas Tech in 1956 to complete his Masters degree in Agriculture Education at Sam Houston State Teachers College at Huntsville, Texas. He coached Junior High football at Madisonville, Texas in 1955, and moved to Canyon as a state fieldman for Farm Bureau for the Panhandle area in 1956.

In 1957 he taught Animal Husbandry in the Agriculture Department at West Texas State University.

Joe Ed looks forward to becoming a Hale County citizen and working with the folks.

Mrs. Lloyd Edwards is under treatment at West Texas Hospital, Lubbock.

The Abernathy Recreation Club members will present the third annual program and dinner, "A Night at the Club," Saturday night, December 7, in the school cafeteria.

The program will be made up from local talent. Tickets are now on sale at Maclon Agency or from members of the ticket committee. Get your tickets early for "A Night at the Club."

Mrs. Felicia Saigling of Plano, Texas, is visiting her daughter, Mrs. H. S. Tennell of near Abernathy.

Paullette Lebow, a student at San Angelo College, visited her parents, Mr. and Mrs. Curtis Lebow, here last weekend.

Owen Benn and U. O. Hobbard were among those from Hale County attending the state Farm Bureau convention in Fort Worth this week.

Jerry Phillips sustained second and third degree electrical burns on his hands Friday when a fuse box at Abernathy Co-op Glens exploded. He was taken to Abernathy Medical Clinic, then to Methodist Hospital, Lubbock, by Chambers ambulance.

Local Voters Favor Poll Tax; Turn Down Bond Proposal

Voters of this area followed the state trend in Saturday's election, balloting in favor of keeping the state poll tax. Abernathy and Lakeview voters turned down a Hale County bond issue for a county agriculture center.

The poll tax issue was one of four amendments on which Texans balloted Saturday. Repeal of the poll tax was defeated in the state-wide vote. Also defeated were the veterans land fund and Jefferson County pension amendments. Only one to be favored was the welfare payments amendment.

In the \$300,000 Hale County bond vote, the issue was defeated county-wide by 1,110 for to 1,159 against. Had the bond issue been favored, the money would have been used for a county agriculture center at Plainview. Abernathy voted 59 for to 114 against the bond issue. The vote at Lakeview was 12 for to 24 against.

Abernathy, Hale County, voted 26 for to 128 against the poll tax amendment; 89 for to 53 against the welfare amendment; 43 for to 88 against the Jefferson County pensions; 77 for to 62 against the veterans land fund.

Abernathy, Lubbock County, voted 18 for to 28 against the poll tax amendment; 25 for to 17 against welfare; 18 for to 23 against Jefferson County; 28 for to 18 against the veterans land fund.

Lakeview, Hale County, voted 6 for to 30 against the poll tax amendment; 21 for to 13 against welfare; 10 for to 21 against Jefferson County; 15 for to 18 against veterans land fund.

New Deal, Precinct 20, Lubbock County, voted 5 for to 29 against the poll tax amendment; 14 for to 19 against welfare; 10

Local Cub Scouts To Meet Tuesday Night, Nov. 19

A combination Pack and organizational meeting of the Abernathy Cub Scouts will be held in the City Hall club room at 7:30 p.m. Tuesday, November 19, announced K. W. Collins, Neighborhood Commissioner.

All boys, ages 8, 9 and 10, who are interested in Cub Scouting, and their parents, are invited to attend.

It was announced that Ben Kellin, Lubbock, Scout Executive of the Arrowhead District of the South Plains Council, will preside. Cubmaster of the local Cub Scout Pack is Dwayne Maserang.

Antelopes To Play Canyon Friday Night

The AHS Antelopes will close out the 1963 football season Friday night when they meet the Canyon High School Eagles in Canyon. Game time is 7:30 p.m. Playing here last Friday night, the Antelopes lost to Tulia, 62-0.

Rites Are Held For Mrs. Bryant

Funeral services for Mrs. Lydia H. Bryant, 85, who died at 9 a.m. Saturday in Colonial Manor in Lubbock, were held Sunday in the Methodist Church in O'Brien.

The Rev. Gerald Sharpe, pastor officiated. Burial was in the O'Brien Cemetery under direction of Chambers Funeral Home of Abernathy.

A native of Red River County, Mrs. Bryant moved to Haskell County in 1905 and lived there until she moved to Abernathy to live with her daughter in 1950. She was a member of the O'Brien Methodist Church.

Survivors are two sons, Marshall Bryant, Big Spring, and Aubrey Bryant, O'Brien; one daughter, Mrs. A. B. Myatt, Abernathy; one brother, Monroe Goode, Bogata, Texas, nine grandchildren and 29 great-grandchildren.

City Reports On Activities

ANNUAL PROGRESS REPORT Introduction

Scope—The scope of this report reviews the past year's activities of the policies set by the City Council as well as the activities in the City's different departments. This report is from October 1, 1962 through September 30, 1963.

Purpose—The purpose of this report is to inform the City Council on the activities of the City for the past fiscal year. Since it is the responsibility of the City Manager to keep the Council informed, it is hoped that this report serves its purpose.

Major Policy Decisions of The City Council

1. Rejected a rate increase for General Telephone Co. of the Southwest.
2. Purchased a base station and three mobile radios for communication purposes.
3. Installed four new street lights.
4. Adopted a sewer policy which states that the builder will supply all the necessary labor in exposing the sewer line.
5. Raised the Arson reward from \$150.00 to \$250.00.
6. Annexed the Horkey Addition.
7. Revoked the Spanish Dance Hall license.
8. Salary increases for all City employees.
9. Leased airport to W. L. McPherson.
10. Purchased a new Police patrol automobile.
11. City Council appointed W. T. Settle as Mayor Pro-tem.

15. Adopted personnel policies submitted by City Manager.
16. Agreed to pay the electric

Seaman Apprentice Norman Condray is visiting his parents, Mr. and Mrs. Clinton Condray, here. He will leave Nov. 21, for ship duty in the Mediterranean. His last station was at San Diego, Calif. His new address will be 3/A Norman L. Condray, USS McDonough, DLG 8, % FPO, New York, N. Y.

Abernathy Shriners will participate in the activities of the Kniva Shrine Temple's Fall Harvest Roundup Ceremonies in Lubbock Friday and Saturday. Local Shriners will have a ring candidate at that event of the Ceremonial. Wives of Shriners will accompany them to the Lubbock Ceremonial to participate in events for women guests.

Lubbock County clerk issued a marriage license to David Dario Gonzales, Lubbock, and Miss Susana Villanueva, New Deal.

FILLING A NEED, Billy Bob Johnson (left) a former Wayland Baptist College student from Abernathy, presents the Plainview college with a microphone for the auditorium. Accepting the gift and

expressing gratitude on behalf of the college is Wayland president, Dr. Roy C. McClung. After having charge of the public address system in the auditorium during 1962-63, Johnson, son of Mr.

Iver L. Johnson, 611 12th, was well aware that the new equipment was needed and purchased it from earnings of a summer job. The microphone enhances effectiveness of programs by making it possible for the slightest whisper to be heard in the rear of the auditorium.

Johnson, a 1956 graduate of Abernathy High School, is driving a truck between Colorado and Texas this fall but plans to return to Wayland this January to continue preparation for a career in education. A junior last year, Johnson was chosen for a role in one of the drama productions, and one of his short stories was selected for the fall Wayland Literary Magazine.

HARP IS ON PROGRAM OF FARMERS UNION IN LUBBOCK MEETING

Elbert Harp, president and president of the Grain Sorghum Producers Association, is on the program of the Texas Farmers Union Convention in Lubbock Nov. 22-23. He will be a member of a panel discussing commodity legislation at 2 p.m. Nov. 22.

Methodists Initiate Plans For Budget and Finance Campaign

A general meeting of the chairman and members of various committees of the newly organized Stewardship Campaign of the Abernathy First Methodist Church was held Sunday night, October 27, at the church following the evening worship hour. Purpose of the meeting was to discuss plans and objectives for the forthcoming budget and finance campaign.

Following a brief general meeting, addressed by general chairman Harvey Luttrick and Rev. Carlton Thomson, pastor, separate meetings of the education group and the mechanics group were then held.

Objectives of the budget and finance campaign are: (1) To develop a sense of stewardship of possessions on the part of the members of the church; (2) To present the needs of the church in such a way as to cause the membership to WANT to support it; (3) To underwrite with pledges the budget and building needs of the church, (\$35,000 for budget and \$38,000 building fund); and (4) To show thankfulness to God for all His bountiful goodness to us.

Committee Members

Members of the steering committee, headed by Harvey Luttrick, include associate chairman Billie Harrison, education; John Hale, mechanics; Morris Kerr, solicitation; Rev. Carlton Thomson, pastor, and Hiram Vaughan, board chairman.

Sub-committees under Harrison's education group include: Church Bulletin—Herbert Hardin, chairman, Hilburn Barrick and Horace Davis; Signs and Posters—Mrs. Richard DuBose, chairman, Mrs. Jimmie Davis, Mrs. Larry Griffin and Mrs. Harold Thomas; Direct Mail—Mrs. Donald Huffaker, chairman, Mrs. Wayne McCendon, Mrs. Hilbert Rantz and Mrs. A. E. Bilbrey; Brochure—David Pinson, chairman and Mrs. David Pinson; Speakers—Mrs. Jack Jackson, chairman, Mrs. Lewis Luttrick, Mrs. Billie Harrison and Richard DuBose; Church Paper—Mrs. Harold Davis, chairman, and Mrs. Horace Davis; Newspaper—Richard Havens, chairman, Billy

DR. JOHN W. HALE IN NEW OFFICE

Dr. John W. Hale purchased the house and lot at 410 10th St., across the street north of the Church of Christ. The house was sold and moved off the lot and an attractive building erected to house the dental office.

The building is now completed and Dr. Hale moved to the new location November 6. He installed all new office and waiting room furniture and also some new dental equipment and moved the remainder to the new building. He immediately opened for practice and resumed work and making appointments. See his notice on another page of this issue.

The new office is a very attractive and modern building and is a credit to the town. In due time the grounds adjacent to the building will be appropriately landscaped.

Highlights From New Deal High

(By David McDougal)

With a 21 point rally in the last 15 minutes of play, the Anton Bulldogs overcame a big deficit to hand the New Deal Lions a 33-26 loss here Friday night.

New Deal jumped to an early 13-0 lead with Randy Peoples scoring from one yard out and then throwing a 15 yard pass to Jerry Brown.

Larry Crews of Anton scored their only first half score on a 21 yard run. Peoples then scored once more on a 23 yard scamper to have control of a 18-6 halftime lead.

New Deals last TD came in the third quarter when Randy Peoples plunged two yards. Jerry Brown made the two point conversion.

Anton's last scores came on runs by Willie Bell, Ken Bell, Billy Eaton, and Larry Crouch. New Deal is now 1-3 for the season and 0-2 in district play. Anton is now 1-8-1 for the season and 1-2-1 in loop play.

Lion of the Week

Mike Heald, a sophomore fullback, was named "Lion of the Week" for his play in the Anton game. Mike did a fine job in defending the Bulldogs Friday night.

He is a nephew of Mrs. Fritz Struve.

Miss Gailia Ivon Jackson And Bobby Gene Tate Exchange Vows

Miss Gailia Ivon Jackson and Bobby Gene Tate exchanged double ring wedding vows at 8 p.m. Friday in the Highland Assembly of God Church, Lubbock, with the Rev. H. M. Sheats officiating. The bride's parents are Mr.

and Mrs. Garland Jackson of Abernathy. Tate is the son of Mrs. Edith Greer of 2812 Erskine St., Lubbock.

Wore Organdy Over Satin
As the bride was presented in marriage by her father, she wore a floor-length gown of white organdy over satin designed with a full flounce skirt. The bodice featured a portrait neckline and long tapered sleeves. A crown of lilies-of-the-valley held the waist-length veil of silk illusion. The bride carried a bouquet of white carnations on a white Bible.

Maid of honor was Miss Barbara Brooks of Wolforth. Bridesmaids were Mrs. Jerry Dobbs and Mrs. Bill Miles, sisters of the bride. They wore street-length dresses of green lace over beige satin featuring bell-shaped skirts, fitted bodices and portrait necklines. Head-pieces of self fabric roses caught their veils. The attendants carried bouquets of bronze mums.

Bill Miles was best man. Groomsmen were Jack Kirkland and Robert Warren.

Janice Barker was flower girl. Ring bearer was Morris Wilkes of Abernathy.

Wedding music was furnished by Mrs. Ken Rogers, organist, and Mrs. Lennie Medlock, soloist.

Reception Given
A reception in the church followed the ceremony.

For a wedding trip, the bride chose an orchid and mauve knit suit accented with orchid accessories.

The bride attended New Deal High School and is a graduate of Isbell-Powell University. She is now employed by Isbell-Powell hairdressers.

The bridegroom is employed by Montgomery Motors.

The couple will reside at 2317 Baylor, Lubbock.

Mrs. Shirlee Johnson
... Named Beauty Queen at Bryan

Mrs. Shirlee Johnson, a former Abernathy resident and daughter of Mr. and Mrs. Paul Nesbitt, also of Abernathy, took blue ribbon honors in the 1963 Bryan Beauty Solon Contest held at College Station. The coronation hair fashion show and

Beauty contest was staged in the ballroom of the Memorial Student Center on the Texas A&M University Campus.

As winner, she will represent Bryan hatdressers unit 57 in the State Beauty Solon Contest at Dallas in January. Shirlee and her hair designer, Agnes Beaver, will stay in the Adolphus Hotel and attend various functions of the convention during a four-day span.

Contestants in the Bryan show were selected by numerous beauty salons within the greater Bryan area. Becky Mann and Sidney Starford received runner-up and third place honors, respectively.

Shirlee is married to Doyle Johnson, a junior pre-dental student at Texas A&M and son of Mr. I. L. Johnson. She is employed by the Texas Agricultural Extension Service.

A. C. Nistel was in Clovis and Hereford last weekend on business.

FORMER ABERNATHY GIRL NOW WIFE OF GENERAL

(By O. F. Rea)

In 1942, the former Lazelle Williams of Abernathy was married to Lieutenant Randolph C. Dickens. The former lieutenant is now a general.

Headquarters, Conarc, at Fort Monroe got a new general recently as the result of a promotion. He is Brig. Gen. Randolph C. Dickens, 48, a director for the assistant deputy chief of staff for unit training and readiness.

General Dickens, a native of Statesboro, Ga., had his new star pinned on him by Maj. Gen. George T. Duncan, Conarc's acting chief of staff, and Mrs. Dickens.

He received notification of his selection and confirmation for promotion to general rank previously and had been awaiting a vacancy in the brigadier ranks of the Army, which came recently.

A 1936 graduate of the United States Military Academy, General Dickens was commissioned a second lieutenant of the infantry. During World War II he served with the 5th Infantry Division, 2nd Infantry Regiment.

General Dickens now have three children, Michael, 16, Lawrence, 14, and Robert, 12. He is the son of Mrs. Vida Hunt Dickens of Lake City, Florida, and the late Rev. E. J. Dickens.

General Dickens is a graduate of the Air Command and Staff School, the Armed Forces Staff College in Norfolk and the National War College. Among his decorations and awards are the Silver Star, the Legion of Merit, the Bronze Star for meritorious service and the Army Commendation Medal with Cluster.

Foreign decorations include the French Croix de Guerre with palm and gold star, and the Luxembourg Croix de Guerre; the Czechoslovakia War Cross and the Soviet Medal of Merit.

Insecticides work in many ways. Stomach poisons are sprayed or dusted on the crop to protect it from chewing insects. There are also contact poisons which kill those insects that they touch and systemic insecticides are absorbed into the plants to do their work. Chemical sterilants remove the insect's capacity to reproduce and some insecticides are a combination of several of these types.

Wool is a comparatively fire resistant fiber. It is slow to catch on fire and usually doesn't burst suddenly into flames.

GIRL SCOUT MEETING HELD

A Girl Scout neighborhood meeting was held Tuesday afternoon, Nov. 5, at the home of Mrs. Dwayne Taylor.

Mrs. Ben Smith, District Adviser from the Caprock Council, Lubbock, showed a film to acquaint those present with the new Girl Scout Program which will be in force presently.

Present were Mmes. Billy Ship-

man, O. D. Weir, Pete Thompson, Melvin Rape, Eugene Harbin, Chester Pearce and the hostess, Mrs. Dwayne Taylor.

Over 46 percent of the nation's milk supply is used as fluid milk and cream. Almost all of the remainder is prepared as butter, cheese, ice cream and other frozen dairy foods, evaporated, condensed and non-fat dry milk, and many other dairy products.

A new insect control technique—destruction of the males—has been used by USDA scientists to eradicate the oriental fruit fly on an isolated island in the Pacific Ocean. The entomologists used a strong attractant to lure the male flies to an insecticide that killed them, and thus destroyed the species on the island. The technique has possibilities for use on other insects including the dreaded pink bollworm.

Lambasting Agriculture—A National Pastime

(BY E. L. TINER, EXECUTIVE SECRETARY, THE STATE ASSOCIATION OF YOUNG FARMERS OF TEXAS)

Has the farmer's production efficiency gotten him in trouble? Many of those who read newspapers and magazines and know something about basic agriculture strongly believe it has.

Experts tell us that crops in this country are produced at a work output of two man days per acre while the worldwide average is 200 man hours per acre. Population has grown by leaps and bounds, but farm technology has forged ahead of population growth. The farmer's production efficiency has increased; surpluses have piled up and have become a problem. Many close their eyes to the fact that the American Farmer has made us the best fed nation in the world and has provided food at relatively a small per cent of the family income.

Surplus problems coupled with a widely publicized scandal involving an "Ag Tycoon" helped crystallize sentiment against agriculture and kick off criticism of the American Farmer. Overnight just about every writer crawled on the critic's bandwagon; lambasting agriculture and everything associated with it has become a national pastime. Vocational agriculture has come in for a lion's share of this criticism.

They say, "Few people make a living in agriculture any more." "Agriculture income is peanuts." As Carroll P. Streeter, Editor of The Farm Journal, put it, "They look on agriculture as a shrinking apple." The truth of the matter is that agriculture is still the biggest business in the U. S. and it is getting bigger not smaller.

Here are some facts for critics to mull over: There are 7,000,000 farmers and farm workers engaged in farming. Over 6,000,000 workers are engaged in supplying and servicing farmers.

An additional 10,000,000 workers make a living handling and processing farm produce.

There are above six million farms operating in the U. S. today. The farms, in effect, represent that many factories, factories without roofs.

The six million farms represent 3.6 million independent enterprises—98 per cent of them are family owned and operated. The 3.6 million farms are 3.6 million solid blocks in the very foundation of our free enterprise system.

The farms with their equip-

ment represent an investment of over 207 billion dollars. Investment per farm worker is over two and one-half times the investment per worker in industry. Assets of the nation's farms are more than two-thirds the market value of all corporation stocks listed on the New York Exchange.

More Facts To Mull Over Here are additional items for critics to consider:

Farm efficiency has provided the American worker with (compared on basis of what an hour's wage will buy) about twice as much steak, bread, milk, butter, and eggs as only 30 years ago.

In other countries about 65 per cent of the family income goes to pay the grocery bill while in the U. S. only about 19 per cent of the income, after taxes, goes for groceries.

Farmers Are Big Spenders Farmers are big spenders, for example:

Farmers use more petroleum than any other industry; they bought the equivalent of 15 billion gallons of crude petroleum last year.

Farmers consume more electricity than Houston, Dallas, Cleveland, Chicago, and Detroit combined.

In the field of farm machinery, farmers use a lot more horse power than all the U. S. factories combined.

Farmers buy an average of 46 tires per year per farm and some of the tires are mighty big ones.

The farm family, on the average, of \$750 for new tractors and other motor vehicles, machinery, and equipment; \$865 for fuel, lubricants, and maintenance of these vehicles; and \$845 for fertilizer and lime. From his gross income of \$46 billion dollars last year the farmer spent 26 billion with agri-business firms for supplies and services.

But to bring the problem closer to home there are 224,000 farms with 154 billion acres in Texas. In other words, 85 per cent of the State's land is in farms and ranches. These farms have an estimated value of over 14.5 billion dollars. Products from farms in Texas brought in over \$2,500,000 in 1962.

How did this farm efficiency come about? Research on part of

TEXAS MASONS DEDICATE HIGH SCHOOL FACILITY

Under the leadership of the Grand Master, Jim W. Weatherby, of Kerrville, second from right, high ranking officials of the Masonic Grand Lodge of Texas met in Fort Worth to dedicate the new Masonic Home and School High School Building.

Pictured in front of a replica of the new building are: (l to r) Ray Barber, superintendent of the Masonic Home and School, J. J. Patterson, architect, George R. M. Montgomery, past grand master and president of the Masonic Home and School administrative board, John G. Kemmerer, past grand master, Weatherby and J. D. Tomme, president of the Masonic Home Independent School Board.

The new high school building is the third structure to be completed under an extensive building program at the Masonic School.

Children and grandchildren of Masons are eligible for admission to the Masonic Home and School of Texas.

Operation Carelessness

The scream of tires on pavement can be heard at any hour of the day or night in our town or anywhere else in the nation. This is the point at which most people believe an accident begins. The crash of automobiles slamming into one another is punctuated by the screech of crumpling metal and the ringing of car parts bouncing away from a mass of wreckage. A momentary silence is broken by cries of the injured or the straggling gasp for one last breath by a person killed by the most lethal weapon ever placed in the hands of the civilian population. Is this the end of this accident? Far from it. The job of clearing the wreckage only re-

moves from public view the results of carelessness. The accident is never over. The person killed may have been the breadwinner for a large family. Their grief and hardship is only beginning. The injured may spend many months in a hospital bed never again to regain the health that was shattered in an instant. You and I will be paying for the accident damage for many years through increased insurance rates.

This scene was repeated with varying degrees of seriousness over 360,000 times in the State of Texas during the year 1962. There were 2421 persons killed and 141,943 persons injured. While you are reading this there will be an accident every 87 seconds. A person will be injured every three and one half minutes and there will be a traffic death within the next three hours and thirty-seven minutes. Your bill for traffic accidents will be mounting at the rate of \$738 per minute.

business and industry, by the State's experiment stations and by the U. S. D. A. and by private research foundations pointed the way. Educational media brought the information to the farmers. From there, the farmer's ingenuity took over; the results—an abundant agriculture.

To summarize, over 13 million people work directly in production of farm commodities and in supplying and servicing farmers. An additional 10 million make their living in handling and processing farm produce. With the population estimated to double within the next 40 years, the size of the agricultural industry is bound to grow by leaps and bounds. There are still lots of jobs in farming, and in related fields. A smaller per cent of the total population is now required to produce the food and fiber needed, but the total workers required in the tremendous agricultural complex will grow from year to year.

When one considers the whole picture of agriculture he can only conclude that: Agriculture is a big business, a gigantic business!

ed population sickened by this useless slaughter, and pledged to do something about it. This business of traffic accidents is not one of these things that happen to someone else. It is our responsibility to defend our lives and property with as much determination as if we were being attacked by a foreign nation. We have already killed more men, women and children with our automobiles than have been killed in all the wars that have ever been fought by our country since the Revolutionary War.

"How can I help," you ask? Stand behind your public officials devoted to traffic safety. Practice safe driving procedures before your neighbors and children. Take the safe way rather than the right-of-way. Dedicate yourself to the saving of lives by caring. Don't be caught in the web of carelessness. Accidents are caused occurrences. Don't let one happen to you.

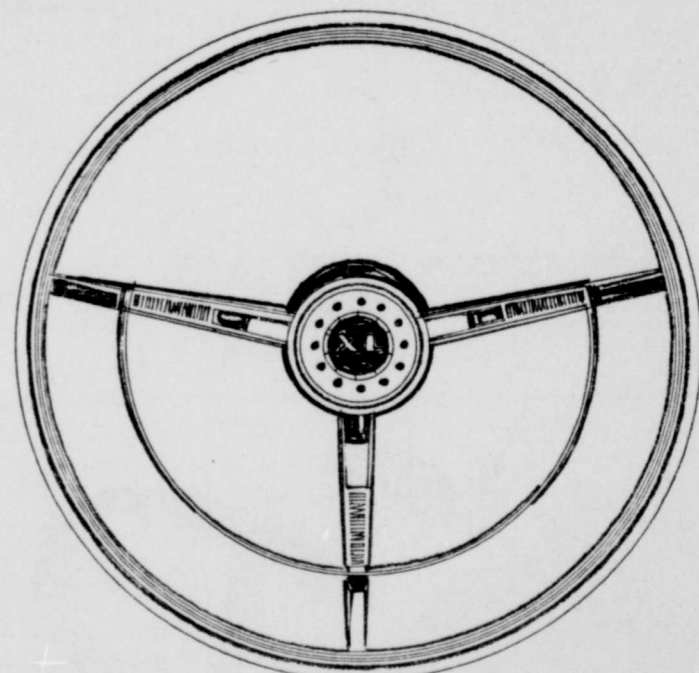

What's the answer? An outrage. — "A Night At The Club" Dec. 7.

Jr. - Hi Elects Class Officers

Abernathy Junior High Class Officers for 1963-64 have been elected by the student body. Mr. Gid B. Adkisson, Principal, announced.

Gary Lovelace, Billy Elkins and Terri Sinclair were elected class presidents for the 8, 7, and 6th grades, respectively.

Class secretaries are Larry G. Jerry Fuller, Bobby Garcia, son, 7th grade and Sandra Ferguson, 6th grade.

Eighth grade vice presidents are Buddy Rhodes, Andy Oliver and Dale Allenberg. Darrell Selke, Claud Williams and Jerry Brightbill were named assistant secretaries for the eighth grade.

Jerry Fuller, Bobby Garcia, Johnny Henson, and Johnny Lutrick were chosen to seventh grade vice president posts, while Kieth Matthews, Mack Rogers, Clark Riley and Royce Walker will serve as assistant secretaries.

Sixth grade vice presidents are Twyla West, Karen Payne, Juanita Flores and Anita Johnston. Assistant secretaries are Cindy Dunn, Joy Wright, Rebecca Sanchez and Laura Davidson.

Class presidents and secretaries are elected by the students in that grade from candidates nominated by each homeroom. Each homeroom elects one vice president and one assistant secretary.

R. V. Totty brought home a 60-pound yellow catfish from Lake Stamford last week. It topped his previous record of a 58-pound catch at that lake.

PTA MEETING HELD

The Abernathy PTA met in regular session Monday night, November 11, at 8 p.m. in the Jr. High Gym.

After a short business session a most enjoyable program was brought by the Elementary Music classes and the Jr. High physical education class.

The next PTA meeting will be in January. All parents and teachers are urged to attend.

ABERNATHY COUPLE MAKE BUSINESS AND PLEASURE TRIP COMBINED

(By O. F. Rea)

The Pete Robisons returned recently from a combination business and pleasure trip to Los Angeles.

They carried with them the drapes and decorations for the Charles Bucks new home in L. A. When these were hung and in place they then began the pleasure part of the trip. Of course it was a pleasure to hang the drapes but that was the business part of the trip.

On the strictly pleasure part of the trip they visited the points of interest around Los Angeles of interest around Los Angeles and the Sequoia National Forest, Catalina Island, visited relatives in Fairbroad, and Crossa. They also stopped at Las Vegas, Nevada, and left one dollar, on their way back.

They stayed one night each with Donald and Sandy.

Harold Gene Davis has moved to 511 12th Street.

City Reports On Activities

(Continued From Page 1)

projects should be investigated during the next three years.

(1) Purchasing a barn for mobile equipment.

(2) Sewering eastern part of City.

(3) Purchasing a pickup.

(4) Continued expansion of our water and sewer facilities. The first three items will cost the City approximately \$42,000.00.

Activity Report For The Past Fiscal Year

General Fund— During the past fiscal year, this department collected \$48,675.85 or 92.5 percent of total taxes billed. However, delinquent taxes from 1945 to the present year amounts to \$7,134.31. Because of the City's indebtedness, one half of the tax money must go to the Sinking Fund to pay off outstanding bonds.

Complaint Dept. Approximately 130 complaints were received at the City Hall. Every case was checked out and appropriate action was taken. Broken down, the complaints are listed numerically according to the most frequent received.

- (1) High water bills.
- (2) Dogs running loose.
- (3) Pick up brush.
- (4) Unpaved streets need grading.
- (5) Horses, cows, and sheep inside the City limits.
- (6) Speeding on City streets.
- (7) More mosquito spraying needed.
- (8) More weed mowing needed.

Street. This department swept approximately 200 miles of paved streets during the past year. Also, several blocks were sealed for cracks and holes were patched with concrete.

Fire. The City Volunteer Fire Department has done a tremendous job in the past year. Their efforts have provided savings to every home owner in town since the key rate was dropped 10 cents in the past 12 months. The record of this department reveals the following:

- (1) Answered 44 fire calls.
- (2) Purchased several pieces of equipment.
- (3) Received \$1650.00 from Lubbock and Hale Counties.
- (4) Expanded the membership from 25 to 35 men.

Police. The Police Department had a busy year during the 12-month period. 183 persons were placed in jail, 39 accidents were investigated with damages amounting to \$17,180.95. There were 259 tickets given ranging from failing to yield right-of-way to no drivers licenses. The Police Department brought in \$3,784.50 from fines. In patrolling the City, the patrol car was driven 48,000 miles.

The department was enlarged to three men when Herman Watt of Lubbock was placed on a full time basis.

Water and Sewer Fund Financial Condition. At the close

of business on September 30, 1963, the Water and Sewer Department had \$48,094.03 in various bank accounts and on time deposits at the Citizens National of Lubbock and the First State Bank of Abernathy. This figure is compared to \$41,456.50 on deposit last year.

Even though our bank deposits have grown, the expenditure for the past year has increased approximately \$10,000.00 over the past year. Our growth in bank deposits can be attributed to the following reasons:

- (1) New utility customers
- (2) A concentrated effort to collect delinquent utility accounts. At the close of business last month, the City had collected 99% of the \$80,000 billed for utility services.
- (3) Keeping the water meters in the system in good repair.

Transfer of Funds. During the past fiscal year, the Water and Sewer Dept. transferred \$10,775.00 to the General Fund. This was necessary because the taxes collected were not sufficient to cover the large expenditure in this fund.

Growth of the Utility System. According to past figures, the growth of the City's Water and Sewer system has enjoyed an average growth during the past fiscal year.

For instance, the City connected 30 new water customers and 13 sewer users in the past 12 months.

Approximately \$5,000.00 was spent on expanding the City's Water Service.

Sanitation Dept. The purchase of the garbage pucker truck has been most economical. For example it requires only 2 1/2 days to pick up the trash for the entire City. Whereas the open truck utilized 3 1/2 to four days.

1954 Women's Club

The 1954 Womens Club met November 6, at the Club Room.

There was a short business meeting and then the program was presented by Mrs. Andy Reid.

The program consisted of slides taken by the Reids on their recent trip to England and Europe. It was a very interesting program.

Refreshments were served by Mrs. E. Lambert, Mrs. W. A. Covey, and Mrs. W. C. Bryant.

Members present were Mmes. Pete Thompson, Bill Wolfe, Richard DuBose, Albert McCurdy, Kenneth Gregory, Harold Thomas, Ted Wayne Watts, Aubrey Franklin, Frank Megna, David Penson, Debra Stone, Elbert Harp, W. C. Bryant, Elza Lambert, E. L. McCaugh, W. A. Covey, Joe Oswald and M. F. Priddy.

Legal Notice

Request for sealed bids is hereby given to all parties interested in leasing for farming purposes two parcels of land more particularly described as follows:

(1) A certain tract or parcel of land designated as Section No. 17, Block G-2, Hale County, Texas, otherwise designated as the Abernathy Municipal Airport with the following information for bid purposes:

(a) Approximately 450 acres of cultivated land containing approximately 53.9 acres of cotton; 384 acres of grain sorghum; and 12.7 acres of wheat.

(b) Tract of land contains four irrigation wells; one six inch electric; one six inch natural gas; and two eight inch natural gas wells. Pumps and motors do not belong to property.

(2) A certain 39 acre tract out of Section No. 1 in Block X, Hale County, Texas, lying East of railroad commonly known as the Sewer Disposal Plant and having approximately 9 acres of cotton; 3.1 acres of wheat, and 13 acres of grain sorghum. Successful bidder on this tract will consume all sewer discharge water from sewer plant.

Parties desiring to submit bids on both parcels of land described in the above paragraphs must assign a bid figure to each tract of land. Bidders may submit bids on either parcel of land or both.

Parties who are interested in bidding on same may examine a copy of the proposed farm leases agreements at the office of the city manager at the City Hall, Abernathy, Texas. All bids must be received in writing in the city manager's office, along with a cashier's check in the amount of ten per cent of the proposed cash rental for the first year, no later than December 9, 1963 at five o'clock p.m. Said bids will be opened at the regular meeting of the City Council of Abernathy, Texas at Seven thirty O'clock p.m., December 9, 1963 at the City Hall, Abernathy, Texas.

The term of said farm leases agreements shall be for a period of three years beginning on or about January 1, 1964 to December 31, 1966. Other provisions in reference to the farm leases agreements may be secured by contacting the city manager at the City Hall, Abernathy, Texas. The City of Abernathy reserves the right to reject any and all bids placed on said farm leases agreements.

WITNESS MY HAND THIS 11 day of November, 1963.

JIMMY REEVES AND PROJECT

4-H Spotlight Is On Jimmy Reeves

(By Lynn Vaughan, Abernathy 4-H Club Reporter)

Jimmy Reeves is the 12 year old son of Mr. and Mrs. Joe B. Reeves of Route 2, Abernathy.

In the past Jimmy has had gardening as a project and has shown some of his vegetables at the fair. At present Jimmy's only project is swine. This he enjoys very much. The first pig Jimmy had, he chopped cotton in order to earn the money to purchase the pig with. The next year Jimmy purchased another pig and a gilt from the sale money of the first one. This year Jimmy is raising his own pigs. From the looks of the picture, I'd say he is doing a pretty good job.

To Jimmy 4-H means to make his best better. He feels that being in 4-H and working for the money to purchase his pigs has taught him the value of work. He feels that participation in 4-H work will help him to become a better citizen, and help him to learn government procedure, also teach him to accept leadership.

Jimmy is a seventh grade student in the Abernathy Public School system. He plays a baritone in the Junior High band. He attends the Church of Christ.

For a pastime he likes to swim, play football, baseball and play his horn. If Jimmy has a hobby it is traveling and sight-seeing.

In 1960 Jimmy won blue, red and white ribbons with his garden vegetables. In 1961 at the Abernathy Stock show he placed second with barrow and third with barrow. At the Lubbock show he placed eighth and in the Plainview show he placed fifteenth. In the 1962 Abernathy show he placed third with a gilt. His barrow placed first. At Lubbock he placed seventh and eighteenth.

TAX MAN SAM SEZ:

If you are one of those people who believe that the Internal Revenue folks collect money on April 15 and sort of look for work the rest of the year, you are wrong—for several reasons. Tax dollars roll into the Dallas District office at the rate of \$7,000,000 a day. July is a light collection month, but taxpayers in the northern half of Texas paid \$95,000,000 during July 1963. Some months the taxes run almost \$200,000,000. Withholding taxes, excise taxes, gasoline taxes, and even the \$50 gambling stamps, bring more dollars into the federal till throughout the year than the terrible deadline effort taxpayers make on April 15th.

4-H Club News

(By Lynn Vaughan, Abernathy 4-H Club Reporter)

The Abernathy Community 4-H club met October 22, at 7:30 in the all purpose room of the the Elementary school building.

The meeting was called to order by Benny Lobstein, president. Patsy Labbert and Jimmy Reeves led the group in some games. Nancy Lambert led the group in the Pledge of Allegiance. Tim Barton led the 4-H Pledge, Bert Montgomery led the 4-H Prayer. Marilee Echols read the minutes of the last meeting and had each member answer roll call by naming their favorite television show.

Steve Barton gave a fine report on the Dallas Fair participants and the places they received with their stock. In all we took 16 animals to the fair and placed twelve. Larry Blumenstock gave the treasurer's report. We had two new members to join our 4-H club. They are Derryl Brightbill and Steve Patterson.

Donna Huffaker gave a report on the council delegate meeting. The nominating committee submitted the following names for next year officers: Chairman, Charles Church, Halfway; girl vice-chairman, Betty Moore, Plainview; boy vice-chairman, John Pinkerton, Plainview; secretary, Alice Bumgardner, Halfway; treasurer: Susan Kimble, Edmondson; recreation: Larry Karr, Edmondson; Ethel Mabrey, Petersburg; parliamentarian, Wayne Dendy, Petersburg.

Mrs. Huffaker announced that Abernathy had 100% record books turned in this year. Achievement day program and dinner will be held at Halfway this year on November 16.

Second year crooking class has started. Mrs. Lambert is the leader. Terri Sinclair introduced the program. Mr. Melvin Rape had a film from Southwestern Public Service Company that was made for the 4-H youth. The film was "Man big enough for the job."

The film was very good and I wish each of our 4-Hers and their parents could have seen it. Refreshments were served by Mrs. Morris Thomas, Mrs. Fred Blumenstock, Mrs. Jack Brownlow and Mrs. Wilbur Lobstein. The boys served the refreshments this time.

Share the fun night will be the theme for our meeting in November. Be thinking about what you can do.

Turkeys and cranberries are featured on the USDA plentiful foods list for November. Apples, grapes, potatoes and Maine sardines are also on the list.

W. S. C. S. NEWS

The Women's Society of Christian Service met at 2 p.m., Nov. 11 at the Methodist Church.

Mrs. W. M. Medlin opened with prayer. Mrs. Elton Settle presided over a short business meeting, after which Mrs. Jackie Barton and Mrs. Jack Jackson brought the program. Mrs. Auvie Johnson led the members in singing "Joy to the World," with Mrs. George Ragland accompanying at the piano. Mrs. Barton brought an informative report on "World Federation," and Mrs. Jackson gave "Our Mission Today."

Mrs. Carlton Thomson gave the benediction.

TAX MAN SAM SEZ:

A lot of tax payers claim too many dependants on their Form W-4. Some folks even deliberately misrepresent the number of dependants to cut down the amount of withholding. The instructions on the back of the Form W-4 point out the penalties for claiming too many dependants. If both the husband and wife are working, make sure that you don't claim some of your dependants twice. You can claim too few, and pay too much tax to the government

to make sure that you will have a refund coming at the end of the year, but can't claim too many without risking serious trouble.

For many years farming has ranked as the third most hazardous occupation. Work accidents have helped push the farmer into this position, comprising 31 percent of the total accidents in which he is involved. Only motor vehicle accidents are more frequent among farmers.

Some folks like a car to have an elegant touch. If this sounds like somebody you know, then our *Breezeway Styled Mercury* stands head 'n shoulders above anything around it. Now we also know a lot of folks who like to get where they're going with flash and dash. *Mercury Marauder* (a special swept-back hardtop with two or four doors) has all the excitement you could want, inside and out. It's the champ of Pike's Peak, among other things.

Jr. - Hi Elects Class Officers

Abernathy Junior High Class Officers for 1963-64 have been elected by the student body. Mr. Gid B. Adkisson, Principal, announced.

Gary Lovelace, Billy Elkins and Terri Sinclair were elected class presidents for the 8, 7, and 6th grades, respectively.

Class secretaries are Larry Gu Jerry Fuller, Bobby Garcia, son, 7th grade and Sandra Ferguson, 6th grade.

Eighth grade vice presidents are Buddy Rhodes, Andy Oliver and Dale Allenberg. Darrell Selke, Claudy Williams and Jerry Brightbill were named assistant secretaries for the eighth grade.

Jerry Fuller, Bobby Garcia, Johnny Henson, and Johnny Lutrick were chosen to seventh grade vice president posts, while Kiehl Matthews, Mack Rogers, Clark Riley and Royce Walker will serve as assistant secretaries.

Sixth grade vice presidents are Twyla West, Karen Payne, Juanita Flores and Anita Johnston. Assistant secretaries are Cindy Dunn, Joy Wright, Rebecca Sanchez and Laura Davidson.

Class presidents and secretaries are elected by the students in that grade from candidates nominated by each homeroom. Each homeroom elects one vice president and one assistant secretary.

R. V. Totty brought home a 60-pound yellow catfish from Lake Stamford last week. It topped his previous record of a 58-pound catch at that lake.

PTA MEETING HELD

The Abernathy PTA met in regular session Monday night, November 11, at 8 p.m. in the Jr. High Gym.

After a short business session a most enjoyable program was brought by the Elementary Music classes and the Jr. High physical education class.

The next PTA meeting will be in January. All parents and teachers are urged to attend.

ABERNATHY COUPLE MAKE BUSINESS AND PLEASURE TRIP COMBINED

(By O. F. Rea)

The Pete Robisons returned recently from a combination business and pleasure trip to Los Angeles.

They carried with them the drapes and decorations for the Charles Bucks new home in L. A. When these were hung and in place they then began the pleasure part of the trip. Of course it was a pleasure to hang the drapes but that was the business part of the trip.

On the strictly pleasure part of the trip they visited the points of interest around Los Angeles and the Sequoia National Forest, Catalina Island, visited relatives in Fairbrood, and Crossa. They also stopped at Las Vegas, Nevada, and left one dollar, on their way back.

They stayed one night each with Donald and Sandy.

City Reports On Activities

(Continued From Page 1)

projects should be investigated during the next three years.

(1) Purchasing a barn for mobile equipment.

(2) Sewering eastern part of City.

(3) Purchasing a pickup.

(4) Continued expansion of our water and sewer facilities. The first three items will cost the City approximately \$42,000.00.

Activity Report For The Past Fiscal Year

Tax Department. During the past fiscal year, this department collected \$46,875.63 or 92.3 percent of total taxes billed. However, delinquent taxes from 1945 to the present year amounts to \$7,134.31. Because of the City's indebtedness, one half of the tax money must go to the Sinking Fund to pay off outstanding bonds.

Complaint Dept. Approximately 130 complaints were received at the City Hall. Every case was checked out and appropriate action was taken. Broken down, the complaints are listed numerically according to the most frequent received.

(1) High water bills.
(2) Dogs running loose.
(3) Pick up brush.
(4) Unpaved streets need grading.

(5) Horses, cows, and sheep inside the City limits.
(6) Speeding on City streets.
(7) More mosquito spraying needed.

(8) More weed mowing needed.

Street. This department swept approximately 200 miles of paved streets during the past year. Also, several blocks were sealed for cracks and holes were patched with concrete.

Fire. The City Volunteer Fire Department has done a tremendous job in the past year. Their efforts have provided savings to every home owner in town since the key rate was dropped 10 cents in the past 12 months. The record of this department reveals the following:

(1) Answered 44 fire calls.
(2) Purchased several pieces of equipment.
(3) Received \$1650.00 from Lubbock and Hale Counties.

(4) Expanded the membership from 25 to 35 men.

Police. The Police Department had a busy year during the 12-month period, 183 persons were placed in jail, 39 accidents were investigated with damages amounting to \$17,180.95. There were 259 tickets given ranging from failing to yield right-of-way to no drivers license. The Police Department brought in \$3,784.80 from fines. Impounding the City, the patrol car was driven 48,000 miles.

The department was enlarged to three men when Herman Watts of Lubbock was placed on a full-time basis.

Water and Sewer Fund. Financial Condition. At the close

of business on September 30, 1963, the Water and Sewer Department had \$48,094.03 in various bank accounts and on time deposits at Citizens National of Lubbock and the First State Bank of Abernathy. This figure is compared to \$41,456.50 on deposit last year.

Even though our bank deposits have grown, the expenditure for the past year has increased approximately \$10,000.00 over the past year. Our growth in bank deposits can be attributed to the following reasons (1) New utility customers (2) A concentrated effort to collect delinquent utility accounts. At the close of business last month, the City had collected 99% of the \$80,000 billed for utility services. (3) Keeping the water meters in the system in good repair.

Transfer of Funds. During the past fiscal year, the Water and Sewer Dept. transferred \$10,775.00 to the General Fund. This was necessary because the taxes collected were not sufficient to cover the large expenditure in this fund.

Growth of the Utility System. According to past figures, the growth of the City's Water and Sewer system has enjoyed an average growth during the past fiscal year.

For instance, the City connected 13 new water customers and 30 sewer users in the past 12 months.

Approximately \$5,000.00 was spent on expanding the City's Water Service.

Sanitation Dept. The purchase of the garbage packer truck has been most economical. For example, it requires only 2 1/2 days to pick up the trash for the entire City. Whereas the open truck utilized 3 1/2 to four days.

1954 Women's Club

The 1954 Womens Club met November 6, at the Club Room.

There was a short business meeting and then the program was presented by Mrs. Andy Reid. The program consisted of slides taken by the Reids on their recent trip to England and Europe. It was a very interesting program.

Refreshments were served by Mrs. E. Lambert, Mrs. W. A. Covey, and Mrs. W. C. Bryant.

Members present were Mmes. Pete Thompson, Bill Wolfe, Rich DuBoise, Albert McCurdy, Kenneth Gregory, Harold Thomas, Ted Wayne, W. A. Aubry, Frank Frank, Frank Merna, David Pinson, Delton Stone, Elbert Harp, W. C. Bryant, Elza Lambert, E. L. McLaugh, W. A. Covey, Joe Oswald and M. F. Priddy.

Guests present were Mmes. Dax Vessels, Rupert Allen, Fred Cawshaw, E. J. Pope and Donald Huffaker.

YOUNG TEXAN FOR OCTOBER—Randall Craig Bales, an 18-year-old freshman at Texas Western College in El Paso, has been chosen by Texas Optimists Club to receive the Troy V. Post Award and to be designated "Young Texan of the Month for October." Randy Bales ranked No. 7 in a class of 269 at Bel Air High School in El Paso and was named Highland Lad—outstanding male graduate. A member of the National Honor Society, he attended school in Germany as an exchange student during the summer of 1961. Randy has been student trainer for his high school's athletic teams, a junior deacon in Valley Congregational Church, an Eagle Scout, member of an outstanding Indian dance team, and a hospital orderly. As winner of the Troy V. Post Award, Bales becomes eligible for one of three valuable scholarships to be awarded monthly Young Texan winners at year end. Bales was chosen for the honor in competition with hundreds of other nominees by a panel of state leaders headed by U. S. Supreme Court Justice Tom C. Clark.

Abernathy (Texas) Weekly Review, Thursday, Nov. 14, 1963--Page 7

Legal Notice

Request for sealed bids is hereby given to all parties interested in leasing for farming purposes two parcels of land more particularly described as follows:

(1) A certain tract or parcel of land designated as Section No. 17, Block G-2, Hale County, Texas, otherwise designated as the Abernathy Municipal Airport with the following information for bid purposes:

(a) Approximately 450 acres of cultivated land containing approximately 53.9 acres of cotton; 384 acres of grain sorghum; and 12.7 acres of wheat.

(b) Tract of land contains four irrigation wells; one six inch electric; one six inch natural gas; and two eight inch natural gas wells. Pumps and motors do not belong to property.

(2) A certain 39 acre tract out of Section No. 1 in Block X, Hale County, Texas, lying East of railroad commonly known as the Sewer Disposal Plant and having approximately 9 acres of cotton; 3.1 acres of wheat, and 13 acres of grain sorghum. Successful bidder on this tract will consume all sewer discharge water from sewer plant.

Parties desiring to submit bids on both parcels of land described in the above paragraphs must assign a bid figure to each tract of land. Bidders may submit bids on either parcel of land or both.

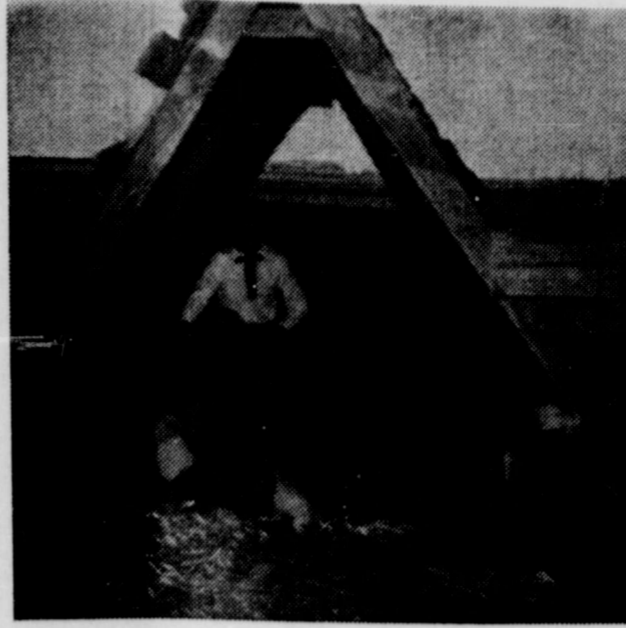

Parties who are interested in bidding on same may examine a copy of the proposed farm leases agreements at the office of the city manager at the City Hall, Abernathy, Texas. All bids must be received in writing in the city manager's office, along with a cashier's check in the amount of ten per cent of the proposed cash rental for the first year, no later than December 9, 1963 at five o'clock p.m. Said bids will be opened at the regular meeting of the City Council of Abernathy, Texas at Seven thirty O'clock p.m., December 9, 1963 at the City Hall, Abernathy, Texas.

The term of said farm leases agreements shall be for a period of three years beginning on or about January 1, 1964 to December 31, 1966. Other provisions in reference to the farm leases agreements may be secured by contacting the city manager at the City Hall, Abernathy, Texas. The City of Abernathy reserves the right to reject any and all bids placed on said farm leases agreements.

WITNESS MY HAND THIS 11 day of November, 1963.

Roy E. Jones, Mayor
Orelia Clement, City Clerk

Prospects for most of the major crops maintained or exceeded earlier expectations, says the USDA. The all crops production index and the composite yield per acre index also rose to new records across the country.

JIMMY REEVES AND PROJECT

4-H Spotlight Is On Jimmy Reeves

(By Lynn Vaughan, Abernathy 4-H Club Reporter)

Jimmy Reeves is the 12 year old son of Mr. and Mrs. Joe B. Reeves of Route 2, Abernathy.

In the past Jimmy has had gardening as a project and has shown some of his vegetables at the fair. At present Jimmy's only project is swine. This he enjoys very much. The first pig Jimmy had, he chopped cotton in order to earn the money to purchase the pig with. The next year Jimmy purchased another pig and a gilt from the sale money of the first one. This year Jimmy is raising his own pigs. From the looks of the picture, I'd say he is doing a pretty good job.

To Jimmy 4-H means to make his best better. He feels that being in 4-H and working for the money to purchase his pigs has taught him the value of work. He feels that participation in 4-H work will help him to become a better citizen, and help him to learn government procedure, also teach him to accept leadership.

Jimmy is a seventh grade student in the Abernathy Public School system. He plays a baritone in the Junior High band. He attends the Church of Christ.

For a pastime he likes to swim, play football, baseball and play his horn. If Jimmy has a hobby it is traveling and sight-seeing.

In 1960 Jimmy won blue, red and white ribbons with his garden vegetables. In 1961 at the Abernathy Stock show he placed second with barrow and third with barrow. At the Lubbock show he placed eighth and in the Plainview show he placed fifteenth. In the 1962 Abernathy show he placed third with a gilt. His barrow placed first. At Lubbock he placed seventh and eighteenth.

TAX MAN SAM SEZ:

If you are one of those people who believe that the Internal Revenue folks collect money on April 15 and sort of look for work the rest of the year, you are wrong--for several reasons. Tax dollars roll into the Dallas District office at the rate of \$7,000,000 a day. July is a light collection month, but taxpayers in the northern half of Texas paid \$95,000,000 during July 1963. Some months the taxes run almost \$200,000,000. Withholding taxes, excise taxes, gasoline taxes, and even the \$50 gambling stamps, bring more dollars into the federal till throughout the year than the terrible deadline effort taxpayers make on April 15th.

4-H Club News

(By Lynn Vaughan, Abernathy 4-H Club Reporter)

The Abernathy Community 4-H club met October 22, at 7:30 in the all purpose room of the the Elementary school building.

The meeting was called to order by Benny Lobstein, president. Patsy Lahbert and Jimmy Reeves led the group in some games. Nancy Lambert led the group in the Pledge of Allegiance. Tim Barton led the 4-H Pledge. Bert Montgomery led the 4-H Prayer. Marilee Echols read the minutes of the last meeting and had each member answer roll call by naming their favorite television show.

Steve Barton gave a fine report on the Dallas Fair participants and the places they received with their stock. In all we took 16 animals to the fair and placed twelve. Larry Blumenstock gave the treasurer's report. We had two new members to join our 4-H club. They are Derryl Brightbill and Steve Patterson.

Donna Huffaker gave a report on the council delegate meeting. The nominating committee submitted the following names for next years officers: Chairman, Charles Church, Halfway; girl vice-chairman, Betty Moore, Plainview; boy vice-chairman, John Pinkerton, Plainview; secretary, Alice Bunnard, Halfway; treasurer, Susan Kimble, Edmonson; recreation, Larry Karr, Edmonson; Ethel Mabrey, Petersburg; parliamentary, Wayne Dendy, Petersburg.

Mrs. Huffaker announced that Abernathy had a 100% record book turned in this year. Achievement day program and dinner will be held at Halfway this year on November 16.

Second year cooking class has started. Mrs. Lambert is the leader.

Terri Sinclair introduced the program. Mr. Melvin Rape had a film from Southwestern Public Service Company that was made for the 4-H youth. The film was "Man big enough for the job." The film was very good and I wish each of our 4-Hers and their parents could have seen it.

Refreshments were served by Mrs. Morris Thomas, Mrs. Fred Blumenstock, Mrs. Jack Brownlow and Mrs. Wilbur Lobstein. The boys served the refreshments this time.

Share the fun night will be the theme for our meeting in November. Be thinking about what you can do.

Turkeys and cranberries are featured on the USDA plentiful foods list for November. Apples, grapes, potatoes and Maine sardines are also on the list.

W. S. C. S. NEWS

The Women's Society of Christian Service met at 2 p.m., Nov. 11 at the Methodist Church.

Mrs. W. M. Medlin opened with prayer. Mrs. Elton Settle presided over a short business meeting, after which Mrs. Jackie Barton and Mrs. Jack Jackson brought the program. Mrs. Auvie Johnson led the members in singing "Joy to the World," with Mrs. George Ragland accompanying at the piano. Mrs. Barton brought an informative report on "World Federation," and Mrs. Jackson gave "Our Mission Today."

Mrs. Carlton Thomson gave the benediction.

Those attending were Meses. F. W. Struve, Jackie Barton, Elton Settle, F. A. Goebel, Harold McCune, James Davis, Jack Jackson, Auvie Johnson, Carlton Thomson, Harold Davis, Robert McAlister, Horace Davis, Lewis Lutrick, George Ragland, W. M. Medlin, M. O. Hood, L. S. Wilson and Cecil Gartin.

The next meeting will be Nov.

18 at 10:30 a.m. with a salad luncheon. There will be a guest speaker.

November 4 Meeting
The WSCS met Nov. 4 at the Methodist Church, with Mrs. Elton Settle opening with a prayer.

After a short business session a very interesting program was given about "What a Christian Woman Reads." Mrs. Vance Peoples, with a good display of books, discussed the contents, and also the authors. Mrs. L. A. Suttle discussed the highlights from the UN, about which the women should try to keep informed.

Mrs. W. M. Medlin dismissed the group with prayer.

Those attending this meeting were Meses. George Ragland, L. S. Wilson, J. C. Mills, Horace Davis, Harold McCune, Jackie Barton, Lewis Lutrick, Don Huffaker, W. M. Medlin, Carlton Thomson, F. A. Goebel, Elton Settle, James Davis, L. A. Suttle, J. P. Nystel, Vance Peoples and M. O. Hood.

George Smith has moved to 1215 14th Street.

MRS. JOHNNY WAYNE HAMILTON, above, was Miss Lynda Kay Eldredge before her marriage Nov. 1. Wedding rites were read in the Baptist Church at New Deal, with Pastor Ed Bunnell officiating. She is the daughter of Mr. and Mrs. Edward Eldredge, and Johnny Wayne is a son of Mr. and Mrs. J. W. Hamilton, Jr. all of Abernathy.

TAX MAN SAM SEZ:

A lot of tax payers claim too many dependants on their Form W-4. Some folks even deliberately misrepresent the number of dependents to cut down the amount of withholding. The instructions on the back of the Form W-4 point out the penalties for claiming too many dependants. If both the husband and wife are working, make sure that you don't claim some of your dependents twice. You can claim too few, and pay too much tax to the government

to make sure that you will have a refund coming at the end of the year, but can't claim too many without risking serious trouble.

For many years farming has rocked as the third most hazardous occupation. Work accidents have helped push the farmer into this position, comprising 31 per cent of the total accidents in which he is involved. Only motor vehicle accidents are more frequent among farmers.

Some folks like a car to have an elegant touch. If this sounds like somebody you know, then our *Breezeway Styled Mercury* stands head 'n shoulders above anything around it. Now we also know a lot of folks who like to get where they're going with flash and dash. *Mercury Marauder* (a special swept-back hardtop with two or four doors) has all the excitement you could want, inside and out. It's the champ of Pike's Peak, among other things.

FARM-CITY WEEK

NOVEMBER 22-28

College Station — Accomplishments of farmers and agribusiness groups will be related to city dwellers as a part of the observances of National Farm-City Week, November 22-28. Activities designed to give rural and urban residents a better understanding of their respective roles in today's complicated and competitive world will be included in the observances, reports the Texas Agricultural Extension Service.

Nationally, Kiwanis International is coordinating agency for the Farm-City Week observance. Dolph Briscoe, Jr. of Uvalde and Calvin Pigg of Renner have been named co-chairmen for Texas. They are encouraging widespread participation in activities which will encourage better understanding and neighborliness between urban and rural citizens.

Officials of the Extension Service point out that county Extension agents, 4-H Club members and leaders and county program building committees are putting the final touches on plans to participate in community and county activities. They will also cooperate with other groups and organizations, such as civic clubs, chambers of commerce, women's clubs, farm organizations, commodity groups and others.

The Extension officials and co-chairmen point out that agriculture in Texas, as well as the nation, is a dynamic industry. Last year in Texas the total value of agriculture products amounted to more than either the total manufacturing payroll, the total construction awards or the total retail trade payroll.

Texas annually produces crops valued at about one and a third billion dollars and livestock products with a value of more than one billion dollars. The total of all agricultural sales plus the value of products used at home brings the figure to \$2,447,000,000. Only oil produces a larger annual dollar, they say, and agriculture is the oil industry's largest customer.

ALL-RISK CROP INSURANCE CARRIED BY TEXAS FARMERS

College Station — Crop damage claims in Texas may amount to \$3-1/4 million on cotton, wheat and grain sorghum for the 1963 crop year.

This is the estimate of Ben A. Jordan, Jr., state director for the U. S. Department of Agriculture's Federal Crop Insurance program. It is expected that 3,712 farmers will be paid this amount in the 45 counties where all-risk crop insurance is offered for losses due to drought, hail and excessive moisture.

Currently, almost 12,000 Texas farmers are carrying more than \$30 million in Federal Crop Insurance protection, Jordan said.

The Federal Crop Insurance Corporation is an agency of the U. S. Department of Agriculture. The payments it makes do not come from tax funds, Jordan pointed out, but from insurance premiums paid by farmers. Nationally, 97% out of every dollar paid in premiums has been returned to farmers in the form of indemnity payments.

Federal Crop Insurance is designed to protect the farmer's high investments in growing crops against all unavoidable crop losses, such as drought, excessive moisture, hail, insects, plant diseases, etc., Jordan said.

Common warts in cattle are caused by a virus and are infectious. The udder of dairy cattle is usually affected and infection takes place by contact of injured skin with infectious material. Normal sanitation measures will prevent the spread of warts and a vaccine is also available for immunization, prevention and treatment of the animals.

Hub has almost 10 years experience in the new and used car business. He was associated with the Pontiac dealership in Lubbock for six years and was used car manager for Reuel Nash Chevrolet for three years.

As did his brother, Hub is a native of Abernathy and attended New Deal schools. He spent four years in the Navy during World War II. Hub and his wife and two children reside at 1505 Ennis.

TEXAS HIGHWAY DEPARTMENT EXPANDS ANTI-LITTER CAMPAIGN

The Texas Highway Department has added two new methods to its continuing anti-litter campaign: a cartoon character printed on its Official Highway Travel Map and drivers they can be fined from \$10 to \$200 for littering. The cartoon pleads with the public to "Help Stop Out Litter." The sign emphasizes that it is against the state law to litter. In 1962 the Highway Department had to spend \$1.4 million about a hundred thousand dollars over 1961.
