## CO-OP GRAIN HOLDS 24TH ANNUAL MEETING

(By O. F. REA)  
The 24th annual meeting of the Co-op Grain Company stockholders was called to order shortly after 7:00 p.m. Friday night by president Louis Lutrick and after the invocation by W. T. Settle, a double line was formed to the cafeteria serving counter and the excellent meal picked up and enjoyed by all. Attendance was good and 166 plates were served.

Louis Lutrick presided over the meeting and called for the minutes of the last meeting which were read by W. T. Settle and accepted as read. This was followed by the audit report by Kenneth Durbin of E. E. Merriman & Co. of Lubbock. This report was also accepted as read and explained.

A series of numbers had been issued to the children and a drawing was held for the children's door prizes. There being no old or new business to be discussed at this time Manager Glen Hammond proceeded with his managers report. A number of visitors were introduced: Mr. and Mrs. Orville Jones, Director for Producers Grain Corp., Wesley Masters, Southern Farm Supply, Mr. Bill Clark, Manager Hale Center Wheat Growers and Mathew Goodrich, Manager County Line Co-op Gins. Delton Stone was introduced as the fertilizer man, Lee Ray Chollett, elevator man and Ed Cain, bookkeeper, all at the elevator plant.

We were informed that the elevator was filled to 92% capacity, 577 car loads, a car being considered as 100,000 pounds of grain. That some \$30,000.00 worth of fertilizer dispensing, storing and handling equipment had been purchased. Also that a dividend would be paid on the short time that fertilizer had been handled prior to the end of the fiscal year.

We were informed that some 45 farmers in and around Heckville had asked that a Co-op Grain facility be established at that point and that the possibility was being looked into.

Two directors were to be elected and the two out-going directors were re-elected. W. T. Settle and Fred Crenshaw.

Now came a drawing for a couple of gift certificates for the men and the winners were Fred Blumenstock and Clyde Benn. The certificates were for \$25.00 each. Mrs. G. D. Clapp and Mrs. Vernon Bartlett each drew a ladies purse and other articles were drawn by Jean Davidson, Mrs. Mutt McGaugh, Mrs. Vernon Bartlett and Mrs. W. C. Bryant.

The speaker for the evening was Mr. Jack Tompkins, Farm Editor on Channel 10, Amarillo. He spoke on the importance of the farmer in the economy of the nation now and in the future.

Meeting adjourned at 10:07 p.m.

Our nation's agriculture produces more than food. Medical products include penicillin, some vitamins, and the plasma extender dextran. Other products are plastics, smokeless gun powder, and quick drying paint. One of the most important products is paper Nitrocellulose, derived mainly from wood pulp, is the major ingredient of some solid fuel propellants for missiles.

## Boy Scout News

Summer Camp will open at both Camp Post and Camp Tres Ritos on June 7, according to Howard Schmidt, Camping and Activities Committee Chairman. Both camps will operate for a period of six weeks, in serving the summer camp needs of scouts and explorers of the South Plains Council. Some 93 units are presently signed up to attend summer camp and many other units are in the process of completing arrangements for going to camp.

Well trained camp staffs will be at each camp to help troops and posts with their summer camp program and to give individual attention to each boy in the various fields of Scouting interest. Mr. P. E. Davis of Lubbock will serve as the Program Director at Tres Ritos and Gary Don Esary of Lubbock will serve as the Program Director for Camp Post.

Camp Post offers dining hall type feeding, a beautiful swimming pool, lake for boating and canoeing, archery, riflery, and all of the various outdoor skills of Scouting. Camp Tres Ritos offers a rugged mountain type camping experience, where the units cook their own meals outdoors, and have plenty of opportunity for pioneering, conservation, nature, fishing and archery, plus the many varied outdoor skills of Scouting.

This summer promises to be one of the best summer camping programs in the history of the South Plains Council. Units check into camp on Sunday afternoon, after 2:00 p.m. and then check out of camp on the following Saturday after the breakfast meal. Boys may earn merit badges while in camp and also plenty of the outdoor skills of the Scouting program. There is ample opportunity for citizenship training and character building, and physical fitness for each boy while he spends a week in summer camp with the help of his own adult leadership and the camp staff members. Each boy and leader attending camp will have a medical re-check as they check into camp. During the week there are various types of programs offered in the evening, and Friday night is visitors night and the big colorful Order of the Arrow

campfire program. Serving as the Camp Directors at Camp Tres Ritos will be Ben Kellin, Arrowhead District Scout Executive and Johnnie Simmons, Longhorn District Scout Executive, both of Lubbock. Serving as Camp Directors at Camp Post will be: Cesare Buzzitt, District Scout Executive for the George White District, Littlefield; Bill McElroy, Mackenzie Trail District Scout Executive of Slaton, and Jerry Raase, Quannah Parker District Scout Executive of Brownfield.

Troops and Posts may still make camp reservations and this can be done through the Council Service Center. Camp fees are \$16.00 per camper and this includes the food, program materials, insurance, and all during the boy's weeks stay in summer camp. Camping is the great outdoor adventure in Scouting. Scout camping is not merely a pastime, but it is a purposeful experience in which the goal is character building, citizenship training and physical fitness. Each boy who attends summer camp at Camp Post or Tres Ritos has this all in store for him, plus lots of fun and adventure.

Almost one-fourth of the nation's forest land has poor stands of timber. Nearly one-half of this area is bare and needs to be replanted to restore it to productivity within a reasonable length of time. On the remainder, natural regeneration, improved protection and better management practices should be effective in re-establishing stands.

### DRIVERS CAUTIONED ON HOLIDAY DRIVING

Memorial Day, a holiday on which we pay our respects to those gallant men and women who have given their lives in the service of their country, has become a day of mourning for many persons not connected with the military services.

No one will argue the fact that war is one of the worst calamities to befall mankind. During the history of our country it has become necessary on several occasions to defend the freedoms we cherish. At times such as these many persons find it within themselves to become heroes in the fullest sense. We look upon a death in the defense of our country as a thing of honor and dignity. How much less honorable or dignified is a death in a traffic accident? The most useless, senseless loss of life possible results from these tragedies which we have come to accept as a part of our way of life.

In recent years, since the advent of the automobile, we have found ourselves involved in the needless slaughter of our fellow citizens at a rate not equaled in history. We have had the automobile approximately 60 years and in that short space of time have already killed more Americans than have been killed in every war ever fought by our country since 1775. This holiday which we observe at the beginning of our summer vacation should be filled with only pleasant memories but instead we use the excuse of a few days out of the office or off the job to fill our newspaper headlines with tales of blood and horror.

Over the nation last year with a one day holiday falling in the middle of the week there were 109 lives lost due to traffic accidents. In Texas there were seven deaths on this one holiday. These seven people represent a loss to all of us. Any one of them might have been a person who would one day have been able to render us a priceless service. Most of us do not know any of these people but in each of them a part of us died. Their families will suffer for years the pangs of pain that results from their passing in such a manner.

We could quote endless statistics from publications from every safety organization in the country. In the book "Motor Vehicle Traffic Accidents," published by the Department of Public Safety alone are 44 pages of figures telling the story of bloodshed and damage that we write every year. In the final accounting, however, it comes down to the responsibility of each driver to keep this one fact in mind. The safety of every user of the highways is only assured to the extent of the most unsafe driver on those highways. If only the dangerous drivers were killed in traffic accidents the problem would soon right itself but we find that in a great number of accidents it is the innocent driver,

Mrs. Eula Lynn of Beaumont visited here in the home of her brother, Austin Hughes, whom she had not seen in 14 years. Mrs. Lynn also visited in the George Hughes home here and with other relatives in Lubbock.

passenger or pedestrian who suffers.

Make this holiday a safe, sane and sensible one for you and your family. Keep Memorial Day a day of respectability instead of infamy.

1. Check your car's safety equipment before leaving on a trip.

2. Plan your trip to allow plenty of time for frequent rest stops and plenty of time to make the drive within the safe speed limits.

3. Drive defensively and use common sense in all weekend activities.

Make this holiday one of pleasure instead of tragedy. Drive to arrive alive.

### GRANDSON OF MRS. R. F. ARNOLD IS LOST IN PACIFIC

Mrs. R. F. Arnold of Abernathy was notified Tuesday that the U. S. Navy had reported her grandson lost at sea. He was Gene Allen, 28, of Houston, who was on duty at a U. S. Navy station on Marcus Island, located in the Pacific between Wake Island and Japan. The victim was a nephew of Mrs. Clyde Benn of Abernathy. At two different times in recent years Allen had made his home in Abernathy and worked with Clyde Benn on his farms here. Allen was washed out to sea recently when a storm struck Marcus Island. After a thorough search, the Navy Tuesday placed Arnold on the official list of the dead. Other survivors include his wife and his parents, Mr. and Mrs. Edgar Allen, Jr. all of Houston. Allen was married last Christmas. Memorial services for Allen are to be held in Houston. The date had not been set at press time.
