Eight Hale County 4-Hers attended the District II Electric Camp at Scot Able New Mexico last week. The camp sponsored by Southwestern Public Service is designed to teach various phases of electricity to the boys and girls. Instructors for the camp are officials of Southwestern Public Service.
In addition to the study sessions in electricity the campers participate in volleyball, table tennis and shuffle board tournaments, mountain hikes, and parties for the night recreation.
The delegates from Hale County are responsible for the vesper one night and the folk games one night. Those attending were Larry Hogge, Donnie Robertson and Theresa Marshall of Plainview; Louis Pinkerton of Edmonson; Linda McEachern of Halfway; Donna Huffaker, Terri Sinclair and Kerby Spruelli from Abernathy. Accompanying the group are Mrs. Doyleene Meadors and Mr. Tim McCary, Extension Agents.

Thompson To Attend WTCC Abilene Meet

ABILENE, TEXAS--Joe Thompson, president of the Abernathy Chamber of Commerce is one of a select group of West Texas leaders who will meet August 4 at Lytle Shores Lake near Abilene to explore West Texas' Growth Potentials.
Sponsored by the West Texas Chamber of Commerce the meeting, dubbed the President's Potentials of Progress Revue, will feature brief presentations by experts in the fields of Water Resources, Industrial and Tourist Development, Agriculture and Ranching, State and National Affairs, Petroleum and Chemicals, Education and Public Affairs.
The presidents will receive a report gleaned from 20 idea and planning sessions held throughout West Texas since June 15. They will participate in a program to determine how each West Texas Community's potentials can be transformed into tangible results and how goals can be reached.
"West Texas must have leaders with broad vision and courage," said West Texas Chamber of Commerce President, John Ben Sheppard of Odessa, adding, "to think big is to be big."

School Will Open Aug. 29

Supt. Delwin Webb announced that Abernathy Schools will begin the 1966-1967 school term Monday, August 29. A full school day will be observed, with classes beginning at 8:45 a.m. and closing at 3:45 p.m. Buses will run on regular schedule that day, and lunch will be served in the cafeteria.
Junior high and high school students who attended school here last term have pre-registered. New students may pre-register before August 29, by contacting school officials.
Primary grades one through five will register from 9 a.m. until 12 o'clock noon Friday, August 26.
All students entering Abernathy schools for the first time must have a smallpox vaccination certificate before registering.
All students enrolling in the first grade must produce the vaccination certificate and a birth certificate.

Rites Held For J. B. Anderson

J. B. Anderson, 82, longtime resident of Abernathy, died Saturday in HI Plains Hospital, Hale Center.
Funeral for Anderson was held at 10:30 a.m. Monday in Abernathy Methodist Church with the Rev. Conrad Ryan, pastor, officiating. Burial was in Abernathy Cemetery with Masonic graveside rites.
Arrangements were under direction of Chambers Funeral Home, Abernathy.
A native of Hopkins County, Anderson moved to Abernathy from Post in 1933. He was a carpenter and member of Masonic Lodge 1142.

KLBK Plans FM Station

A new and unique type of radio broadcasting service will begin in Lubbock soon, featuring serious music eighteen hours a day. According to KLBK management, the new KLBK-FM Stereo will debut early in August with a slogan of "You're never more than a minute away from music!"
KLBK-FM will operate with 100,000 watts power, making it as powerful as any radio station in the United States. Its coverage will extend for a hundred miles in every direction, from its position at 94.5 on the FM dial.
There will be no speech programming whatever on the station, with serious music comprising its total output. Music will range from Broadway show scores at the lightest, to full-length symphonies, operas and chamber music. At the beginning, ten hours of each eight-hour broadcasting day will be transmitted in stereo. Commercialism will be limited both as to number and length. A monthly program guide will be published and made available to listeners.
Equipment for the station has arrived in Lubbock and is now being installed. Erection of the FM antenna on the KLBK-TV tower is expected this week, following which tests will be made leading to an early August commencement of regular operations.
Gerald Proctor, formerly of Beaumont, has joined the KLBK staff as FM Station Manager.

July Is Land Bank Month

The Federal Land Bank Association of Plainview is joining in the national observance of Land Bank Month in July, Harold E. Akins, manager of the Plainview association said.
The Plainview firm was established in 1919, and now is one of the 73 such organizations in the Houston district. Akins said 866 farmers in Hale now have Land Bank loans, most of which were used to expand, improve and modernize farm land and equipment.
Average size of the Hale loans in 1965 was \$21,300. In 1964 the average was \$19,200.
Akins said that farmers at the turn of the century were regarded as poor business risks. "No one would lend them money to operate the way a businessman must if he is going to grow and contribute to his community," he said. "Interest rates for farmers were twice as high as for city businessmen, and the loans were for very short terms."
"Three Presidents--Theodore Roosevelt, Taft, and Wilson--studied the problem, and finally the Farm Loan Act was signed by Woodrow Wilson on July 17, 1916. This Act created the Federal Land Bank System, through which farmers could make long-term, low-cost real estate loans from their own organizations."

Survivors include his wife; one son, Bob, Memphis; one daughter, Mrs. Charles Nelson, Abernathy; one brother, Charles E. Mercedes; one sister, Mrs. John Browder Jr., Groesbeck, and two grandchildren.

Social Security Information

For social security service, all residents of Hale and Floyd Counties, including all who receive their mail through a post office located in these counties, should contact the social security office located at 1401-B West 5th Street, Plainview, Mangle King, officer in charge, has announced.
The Plainview office is a branch of the Lubbock social security district office. It opened recently for the purpose of providing service more conveniently to the people of Hale and Floyd Counties.
The office is open from 8:30 a.m. to 4:45 p.m., Monday through Friday, except national holidays, King said. Also, it remains open each Thursday until 9:00 p.m. in order to assist those who work and anyone else who finds it more convenient to contact the office during the evening hours.

To Attend FB Seminar

Three Hale County students will spend five days at Baylor University in August as area representatives to the Farm Bureau Youth Seminar.
Jean Ann Cannon, Hale Center, Hoyle Curtis, Petersburg, and Kerby Spruelli, Abernathy, were chosen May 17 by a panel of judges to participate in the educational Youth Seminar scheduled August 9-13 in Waco.
Named as alternates to the meeting were James Burnett, Cotton Center, and Janie La Rue Munroe, Plainview.
The students were judged on leadership qualities, ability and attitude toward life, as well as a one-minute talk on "Why I Feel I am Qualified to Attend the Youth Seminar."
The Youth Seminar is designed to give the students a better understanding of the American way of life, and to help prepare students to attain their goals in life. There will be intensive sessions on citizenship, our American Heritage, the proper role of government and the threat of communism.
The area students were nam-

Farm Safety Week Is Being Observed

The signing of proclamations by President Lyndon B. Johnson and Governor John Connally designating July 24-30 as Farm Safety Week lends emphasis to the 23rd annual rural safety campaign.
The proclamations urge that all persons recognize and vigorously attack the hazards and unsafe practices that cause farm and rural accidents.
Farm Safety Week in Texas and the nation focuses attention on all farm hazards and places special emphasis on the prevention of highway accidents involving slow-moving farm vehicles. The campaign is sponsored jointly by the National Safety Council, the U. S. Department of Agriculture and the Texas Farm and Ranch Safety Council.

"Today's increasing demand for farm products places world-wide attention and importance on America's farm population," said Howard Pyle, president of the National Safety Council. "Farm families and rural leaders must make a joint effort to eradicate hazards that could cause death, unnecessary suffering, and loss of time and money."
Accidents kill more than 8,000 farm residents each year and an additional 700,000 or more are victims of disabling injuries. Motor vehicle accidents are the leading cause.
Farm Safety Week comes at a time of the year when farm people are actively involved in all phases of farm work. It is an important and ideal time to check the safety of farm equipment and environment.
Farmers who sometimes drive slow-moving vehicles on the highways should know about and use the Slow-Moving Vehicle (SMV) emblem. City and urban dwellers who travel the rural roads should know and recognize the SMV emblem. It could prevent your being involved in a rear end collision with slow moving equipment.
The emblem is a fluorescent yellow-orange colored triangle with a dark red reflective border. It is placed on the rear of slow-moving vehicles so it can be seen easily by other drivers, day or night, from a distance of 500 feet or more. It was designed by Ohio State University researchers and first introduced two years ago as a safety device. Since then its use has been made mandatory by law in Ohio and will be required in Nebraska next year. Other states are considering similar legislation.

Giants In LL Tourney

The Giants, winners in the local Little League play, will represent Abernathy during the Little League Tournament in Floydada July 28, 29 and 30.
Abernathy Giants and Floydada Giants will play at 6 p.m. Thursday, July 28. The winner of that game will play the Silvertown Indians at 6 p.m. Friday, July 29.
The Abernathy Giants are coached by Bobby Cueva, Harold McCune and Oscar Lopez.

Miss Mabry Is Scholarship Contestant

Miss Ethel Mabry, daughter of Mr. and Mrs. Ralph Mabry of Petersburg will represent Texas in the National 4-H Girls Public Speaking Awards Program. Ethel who was named the State Girls Public Speaking winner in June will submit her public speaking records to be judged for a \$500 college scholarship and a trip to National 4-H Club Congress in Chicago, according to Marcheta Wood, assistant extension agent.

MISS MABRY
A spring graduate of Petersburg High School, Ethel has a long list of honors in public speaking and was named state winner of the Town and Country Business Program.
She has served as a 4-H junior leader in six subject matter groups, served in her local club in every office, and one year as County Council Chairman. She is past worthy advisor of the Rainbows, and in school was active in F.H.A. Band, Journalism, Basketball and Volleyball.
Ethel will enroll as a freshman at Texas Tech this fall with a major in home economics and speech.

speaking activities. She has spoken at the opening assembly of the Attorney General's Youth Conference on Crime, the National A.I.C. Convention, and the state cooperative convention. She was a Youth Scholar to Washington, D. C. in 1965 in an oratorical contest sponsored by Lighthouse Electric. The speech she presented in the state 4-H competition this year, "Americanism and Patriotism" has been given for numerous women's clubs, civic organizations and youth organizations. Ethel has served as mistress of ceremonies for county 4-H events, school events, Rainbows, and church events.

Miss Mabry has received the county Citizenship Award, Leadership and Junior Leadership Award, and Farm Bureau Award, states Miss Wood. In 1964 she was a member of the state winning 4-H co-op demonstration, and in 1965, a member of the state winning field crops demonstration. In 1964 she also was named as state winner of the Town and Country Business Program.
She has served as a 4-H junior leader in six subject matter groups, served in her local club in every office, and one year as County Council Chairman. She is past worthy advisor of the Rainbows, and in school was active in F.H.A. Band, Journalism, Basketball and Volleyball.

22 Accidents In Rural Hale During June

The Texas Highway Patrol investigated 22 accidents on rural highways in Hale County during the month of June, according to Sergeant Thurman Kaffer, Highway Patrol Supervisor of this area.
These crashes resulted in two persons killed, fifteen persons injured and an estimated property damage of \$15,500.00.
The rural traffic accident summary for this county during the first six months of 1966 shows a total of 113 accidents resulting in six persons killed, 64 persons injured, and an estimated property damage of \$106,670.00.
The number of traffic deaths in Texas continues to rise. For the first six months of 1966 there have been 1470 traffic deaths compared to 1325 traffic deaths for the first months of

Rites For Benefield

Funeral rites were held Friday at Central Church of Christ, Hereford, for Troy William Benefield, 51, retired Hereford farmer. He died Wednesday, July 20, in Northwest Texas Hospital, Amarillo, following a long illness. Troy was a former resident of the Lakeview Community.

Home Tour Scheduled

The 3rd Annual Home Tour will be held Thursday, July 28. The Hale County Home Demonstration Council sponsors this tour, and any interested person is cordially invited to go on this tour.

The tour will begin at 9:30 a.m. at the Ray Wiesse home at Petersburg. This will be the "before look" of a result demonstration in home remodeling. The Wiesse home is planned around the family's activities, and Mrs. Wiesse wants to make her home even more comfortable by adding a fireplace in the den, rearranging the dining area, adding a basement and painting throughout the house.

Next the tour will travel to the Kenneth Roberson home, also at Petersburg. Here the group will see personalized home accessories, particularly in furniture which Mrs. Roberson has painted herself. The use of color and accents makes this a very interesting home.

Then the group will go to the home of the Floyd Ellison's about 9 miles northwest of Petersburg. Mrs. Ellison has decorated this home herself and has used antiques very interestingly. Also, Mrs. Ellison has painted pictures and decoupage for added accents.

Everybody is to bring a sack lunch, and the group will go to the Agricultural Center for the noon hour. Cold drinks will be furnished.

Beginning again at 1:30 p.m., the tour will go to the home of the Danny Owens. Mrs. Owen has antiques and refined furniture for her home and has used many clever decorating ideas. Particularly interesting is the decoupage technique she uses for boxes and cans.

Then, the next home on the tour is that of the B.C. Goree's. You are greeted in Mrs. Goree's entry by a beautiful leaded cathedral glass divider.

The Goree home is arranged for family living; the Goree's, their six children and nine grandchildren enjoy the spaciousness of the open floor plan. Her basement doubles

Mr. and Mrs. Chester Gilmore and Mr. and Mrs. Terrell Oats and family attended church at Canyon where Bro. William McReynolds was holding a revival.

Mike Lackmyer from the Methodist Children's Home at Waco spent the week end with Mr. and Mrs. Chester Gilmore. He is a junior at S.M.U. at Dallas and has been a frequent visitor in the Gilmore home.

Becky and Linda Bradshaw attended a summer band school at McMurry College at Abilene. Linda was first chair in her section. Mr. and Mrs. Bradshaw went down Friday to attend the final concert Friday night and to bring their daughters home.

David Bradshaw made the Dean's Honor roll for the spring semester. He is an Engineering student at Texas Tech. Mrs. L. S. Donathan and Mrs. Flora Dean visited Mrs. Flo Anderson at Idalou Friday afternoon.

(or triples) for bedroom, game room and serving room.

The last stop on the tour is to the home of the W.H. Dean's one mile east of Halfway. Mr. and Mrs. Dean are enjoying living in their new home that has been planned with special attention to storage and room arrangement. Mrs. Dean decorated her home with her own ideas on color and furnishings using golds and green beautifully. Also, Mrs. Dean has a lovely yard and spends much time here.

Each stop on the tour will be most interesting and informative; so everyone who is interested, plan to attend this

Medicare Information

(Editor's Note: This is the first in a series of columns by Mance King, social security officer-in-charge in Plainview, explaining what can be expected when the health insurance benefits go into effect. The series is based on the Medicare Handbook to be released in June.)

(By: Mance King, Social Security Representative)

On July 1st, about 19 million older Americans will be protected under medicare's hospital insurance program. More than 17 million — the 9 out of 10 — who have signed up for the supplementary medical insurance will also have protection for the payment of doctor bills and a wide variety of other medical services, even if they do not go to the hospital.

The Social Security Administration, the agency responsible for running medicare, has been hard at work since last summer informing Americans 65 or over of their rights under medicare, enrolling them in the voluntary medical insurance plan, and setting up the machinery that will begin to roll on the 1st of July.

Hospitals, doctors, insurance organizations have been consulted and have taken part in formulating the policies for the health insurance program, and all policies have been considered by the Health Insurance Benefits Advisory Council, a 16-member group, appointed under the law to advise on medicare policy.

Records have been set up for everyone 65 or over who is eligible for hospital and medical insurance under medicare, and health insurance identification cards have already been sent to most of the people who have signed up for both parts of the medicare program. Cards for people who have hospital insurance protection, but did not sign up for medical insurance, will be sent out during June.

Also being sent to medicare beneficiaries during June is a book on health insurance under social security. It is called "Your Medicare Handbook," and contains all the information each person over 65 should

Research Information

"Proper timing of irrigation in balance with the correct fertilizer level, appears to be one of the answers to maintaining and increasing income from grain sorghum with reduced amounts of irrigation water in the High and South Plains of Texas" according to James Valliant, Water Engineer at the High Plains Research Foundation.

STAGE OF MOISTURE NEEDS
The more definite periods of

moisture need are fairly easily seen at different stages of plant growth. They are pre-boot, (about 7 leafstage), boot, flower, milk and in some cases soft dough stage. The approximate twenty-day period beginning with pre-boot and ending with head emergence is the most critical growth stage. During this period, the producer should watch soil moisture and signs of plant wilting, closely, to determine when to irrigate. The flowering period is also of great importance. FERTILIZER APPLICATION

The amount of fertilizer to be applied to grain sorghum is definitely dependent upon the method of irrigation used. Forty to eighty pounds of nitrogen per acre. Phosphate showed response in the tests at the Foundation under high nitrogen and high irrigation. In rotation with cotton there is quite often a phosphate carry-over. Valliant stated that phosphate may be required on farms which have not had an application of phosphate during the past few years and do not have a residue built up. Testing the needs for trace elements in the fertilization of grain sorghum are underway at the Foundation.

COMBINATION RESEARCH
The Grain Sorghum Irrigation-fertilizer test is designed to determine the combination of timing of irrigation and the fertilizer level that will produce the greatest net return and highest irrigation efficiency in grain sorghum production.

RESULTS
Yields have tended to be higher with three summer irrigations in the past years. However, when considering profit, the pre-plant, pre-boot and flower irrigation gave the greatest "practical efficiency."

TEST LOCATION
The test was conducted on the Triplett Research and Demonstration Farm of the High Plains Research Foundation which is eight miles west of Hale Center and five miles north of Cotton Center, Texas.

COMPLETE INFORMATION
Complete details of the irrigation-fertilizer tests on grain sorghum are in report No. 165 of the 1965 Research Report of the High Plains Research Foundation. The tests were conducted by James Valliant, Water Engineer, Loyd Langford, Associate Agronomist and Dean Howard, Assistant Agronomist, respectively of the Foundation staff.

Motorbike Scooter Deaths Rise

During 1965 in Texas there were 70 deaths and 25 injuries resulting from motorcycle, motorscooter, and motorbike accidents.

Motorcycle accidents resulted in 54 deaths and 22 injuries. Thirty of these motorcycle deaths were involved in collisions with automobiles, seven with trucks, 13 with driver losing control, two with another motorcycle, one with a train, and one from a falling telephone cable.

Motorscooter accidents resulted in 14 deaths and two injuries. Eight of these motorscooter deaths were involved in collisions with automobiles, four with trucks, and two with driver losing control.

Motorbike accidents resulted in two deaths and one injury. These two deaths were due to the motorscooter colliding with trucks.

The greatest number of these deaths, 13, occurred in Harris County. Dallas County had ten deaths; Tarrant County, nine deaths; Jefferson County, five deaths; Bexar and Gregg Counties, three deaths each; Nueces and Travis Counties, two deaths each; and 23 counties, one death each.

Potter, Randall, and Castro Counties of the Panhandle area had one death each.

News Briefs

LaRue Franklin, Leonita Shadden and Cindy Shadden made a trip to Dallas to attend the north-south Allstar basketball play-off. Cindy Shadden represented this area on the north team which proved to be the winner, 73 to 58. The games were played at Duncanville, a Dallas suburb, Saturday, July 23. Rickey Franklin who had been visiting in Falfurrias returned to Dallas and boarded a plane for the trip home with his mother.

Mr. and Mrs. Doyle Oswald were in Brownfield Sunday to attend a family re-union.

Thomas Myatt was in Hi Plains Hospital, Hale Center. The Rev. Hubert W. Long, pastor of Abernathy First Baptist Church, preached in a revival at Rowlett last week. Lubbock County clerk issued a marriage license to Chaunsha Brisco, Jr., and Miss Catherine Gilbert, both of Abernathy.

Legal Notice

A public hearing of the 1966-1967 school year budget has been set for 8:30 p.m. Monday, August 1, 1966, in the board meeting room in the High School building, in compliance with the State law requiring same.

L. J. West, President Board of Trustees, Abernathy Independent School District.

I am an expert on Women. I guess you could consider that a "Broad" statement, but it happens to be true. I know fat ones, skinny ones, pretty ones, ugly ones, mean ones, nice ones, stupid ones, smart ones. I've spent a lifetime of study on the subject. I know what makes a woman tick. I've studied all their little whims and idiosyncrasies. I've studied all their aims and motives in living. But with all this knowledge and amassed education in this particular field, I've yet to come up with a reasonable explanation for one being late. Last Thursday night I decided as a measure of good will toward all mankind I would take some of my "Staff" out to dinner, at my expense too. I had in mind some good peanut butter and crackers with a delicious main course of imported apple butter or something. She was to be ready at 7 p.m. Now when your mind is geared to precision and time decision is of most importance as is my case there is no room for tardiness. My time of arrival was, precisely 58 minutes 34 seconds after the hour of 6 p.m. For fourteen minutes I waited. Fourteen minutes I suffered, fourteen minutes of my mind being in a state of dormancy, fourteen minutes I was subjected to read the latest issue of The Chicken Gazette and The Poultry Tribune. They did have an interesting article on the perils of a Clogged Craw, and how that was responsible for the killing of Chicken Little, and the part about the sky falling and killing him was only a fairy tale. I'll admit it was a disillusioning article. Made me wonder why I was a Baptist. Really I became so absorbed in reading finally when she came whisking through the door and announced, "sorry I'm late" I was sorry to see her show up. I was sorrier after I spent \$4.13 on a meal, but we can't all be rich.
