### TALK IN PRINT...

With the war in Viet Nam the primary worry of those of us who have loved ones, there, and all our other worries, both real and imaginary, we must have something to relax the tension.

With this in mind, I'd like you to read the following, you to read the following, which was written by Douglas Meador for the "Trail Dust" column in his Matador (Texas) Tribune:

"Peace of mind seeks its own level by not being projected too far in the future, and restrained from climbing over the debris of the past."

Read it again. In fact, study it thoroughly. It could help you, it did me.

And, those of us reared on the farm enjoy this Meador gem from "Trail Dust".

"With all of the sounds of the jet age, it is comforting to hear the cackling of a hen, and momentarily assuming that all is right with the world."

Speaking of sounds from the past, how long has it been since you heard a coyote howl at night? If you are going to coyote country Christmas, take along a tape recorder and bring that sound back. I'd like to hear it again.

The funniest cartoon to cross my desk in months shows a nervous horse and a dismounted cowboy with a rifle. The caption under the cartoon: "Aw, I ain't even shot yet." It is one of dozens we receive through the mail wanting us to buy for publication. It's thumb-tacked to the wall of our office. If you like horses, come by and see the cartoon. In these gloom times, we all need a good, hearty laugh. (It's not risque.)

A parting thought: If you are not here to respond to roll call Jan. 3, we sincerely hope you are prepared to answer when the one is "Called Yonder."

Drive carefully. Don't be a 1966 holiday statistic.

### ASSEMBLY OF GOD

The drama "Christmas Without Christ" by Hulda Pierson, was written as a message to awaken each one to realize what would happen to the home life in our country if the Communist ruled. Can we afford to set by and let our God given privilege of prayer go-without a protest? What do you think about the Supreme Court making the communist party legal, giving them the right to enter our country without declaring themselves as such?

Should Americans write to their congressman and express their disapproval of such interpretation of our laws? We urge the public to attend this Christmas play Thursday evening December 22nd at 7:30 p. m. and see for yourself what could happen.

Special invitation is extended to other church members and their Pastors to come and meet Rev. Elwayne Scheaffer our new pastor. Reporter.

## City Joins Lubbock County Organization

The City Council is presently planning for Abernathy to become a member of the "Lubbock Metropolitan Council of Governments". This will be a voluntary Association of the local general purpose governmental units located within Lubbock County by and which the governmental units can coordinate their efforts.

The primary objective of this Association are to encourage and permit local units of government to join and cooperate with one another to improve the health, safety, and general welfare of their citizens and to plan for future development of the region or area embraced by the agreement of the communi-

ties within the region. The current, planned members of this Association are Lubbock County; Cities of Lubbock, Abernathy, Idalou, Friendship, Slaton and Wolfforth. It should be noted that this Association has no taxing or legislative powers, but is strictly an advisory and plan-

ning organization. The Association will have an Executive Board, which will employ an Executive Director who will handle the administrative duties. It is to be financed by dues of the

members and by Federal Grants. The dues will be based on the size of the Budget, Lubbock County will pay one-half of the entire Budget, and the remaining one-half will be paid by the six incorporated cities, based on what each City's population bears to the population of all member cities and towns, according to the 1960 Census. The voting structure for the conduction of business will be equally split between Lubbock County, City of Lubbock and the five smaller cities, with five votes each. The current operating budget has been set for \$40,000 for the fiscal year 1966-67.

## Girls Win, 77-22, Over Memphis Six

(By Claudy Williams, Jr. School Correspondent)

The AHS boys' and girls' basketball teams journeyed to Memphis, Tuesday night, December 13, to open their district cage play. A 77 to 22 victory gave the girls' team a good start into the district 3-AA race. The boys' team was less fortunate as it was handed a 63 to 56 defeat by the Cyclones.

The Antelope girls, who were never pressured throughout the game, were paced by Gerry Rogers with 21 points. Cynthia Evans led the Cyclones' total points as she also turned in a twenty-point effort.

Memphis came from behind to defeat the Antelope boys as the Cyclones rebounded from a six-point halftime deficit to a 41 to 41 tie at the end of the third quarter and then to their seven-point victory as the final gun sounded. The boys' scoring spree was topped by the 32 points netted by Tommy Hunley, the only Antelope boy in double figures, Bobby Carroll and Junior Graves led the Memphis attack with 19 and 16 points respectively.

Pvt. Bob Heath whose parents, Mr. and Mrs. Robbie L. Heath, and wife, Laquinn, who live in Abernathy, is home on leave for the Christmas Holidays. Bob is now stationed at Fort Carson, Colorado. He reports back to base Jan. 2 1967 and as far as he knows now will remain there for a while anyhow.

**Becton And Heckville News**

(By Mrs. M. A. Waters)

Mrs. James Mankins, Kim, Scott and Kathy of Lorenzo were Sunday visitors in the home of her parents Mr. and Mrs. Albert Smith.

A former Becton resident Mrs. Elmer Grace finally let a West Texas sandstorm get the best of her but thanks to an unknown honest person the story had a pleasant ending.

The story began Tuesday morning when Mrs. Grace took her husband's pay check for \$142.88 from Kerr Construction Co., where he is shop foreman, to a downtown bank to deposit it.

As she attempted to place the check, which Elmer Grace had endorsed, in the drawer of a drive-in tellers cage the wind blew the check away. Mrs. Grace did not know on what bank the check was drawn, but she did know that anyone who found the check could cash it.

Mrs. Grace called her husband's employer and reported the loss. Kerr Construction Co. called it's bank to stop payment.

A short time later the company's bank called to report that a man, who did not identify himself, had brought in the check, which he had found near the Piccadilly Cafeteria a block east of where it had blown from the drive-in teller's deposit drawer. He turned it in to an authority who delivered it to Mrs. Grace.

So—a theiving west wind took her "money" and an honest man returned it. Without fanfare or waiting to be thanked or rewarded.

December, 1966

Christmas Greetings from Kayero:

Where does time go? Someone said that it has been a year since the last Christmas season. My, I haven't seen any snow and there aren't any decorations in the windows of the stores. But really is that the real Christmas? Even though there will be some decorations and a tree in our home, the real Christmas is in our hearts with a fullness of bubbling joy. More of this later.

This year there will again be special services in the church with our people coming from all the hills for the special occasion. Some of these will walk for hours to come for the two days of special services before they return to their homes. Pray that these services will be a rich blessing and challenge for the year to come.

Last year at this time . . . where were we? Oh, we were here but didn't know from one day to the next whether we would be staying in Burundi. The Lord has certainly undertaken and things have changed so rapidly. And yet things continue to change so fast that we still aren't sure what a new day will bring forth. It does seem that we will be here tomorrow though and working for the Lord.

Where were they coming from? The day was cloudy and damp. A youth rally had been planned. We wondered how many would come? But they came, in fact, over 200 came, there were many who found that Christ's way is the Way of Life.

You prayed, God answered, and we had a good Women's Conference. There weren't so many to come in to stay on the station, but there were a number who stayed to pray and make a new beginning or to be established in the Lord. Oh yes, we were expecting many more to come and stay at night. In fact, the McLains had brought out the large tent we plan to use in revivals and this had been set up for them to sleep in at night.

The Bible School revival services have closed but we trust that the spirit of revival shall continue. Just a little insight, one boy came back to Kayero with me so he could burn all the rest of his charms. After three years in Bible School the Holy Ghost so shook his heart that he prayed from about 3 in the morning until daylight to find victory in Christ. That afternoon he was baptized with the Holy Ghost. There were over 31 who knelt to be saved or sanctified. Most of these are future preachers who are now baptized with the Holy Ghost. To God be the glory great things He has done and is doing.

We are looking forward with much joy to having Rebecca and Lydia home for the Christmas vacation. We praise the Lord because Rebecca is adjusting much better.

What shook the house? An earthquake? Then another, but this time not so badly. But at Mweya and other places several tiles slid off the houses and many walls were cracked.

Praise the Lord for Paulo's release. This is a great answer to prayer after being in prison for one year.

Jonathan, who is now 2 years old, is riding his tricycle in the house like a jet. He has had a few warming sessions with both mother and father over the right and wrong time to use "NO"! He has also heard Deborah use this expression so much that he calls her No No. She enjoys school at home but misses her sisters very much.

Thank you so much for praying this year. Because you and others prayed we are still here to preach that Christ came long ago but that He wants to come into the lives of those who want Him today. Because you prayed we have seen a number of good victories in Christ. Continue to pray.

Burundi for Jesus,

DPS SLATES YULE "DEATH WATCH"

"The DPS will be concentrating its efforts more than ever in an attempt to make sure that the indicated death toll of 47 persons is not reached," said Garrison. "This year has been the most terrible in Texas history in terms of lives lost and property damage, and we are working with other state agencies and organization interested in safety in order to hold down this toll as much as possible."

"We are issuing a personal invitation to each motorist, asking every individual to join the battle, and it must be considered a battle, for traffic has claimed more lives than have been lost in all the wars in which we have been engaged."

"Operation Deathwatch" will be conducted from 6 p.m. Friday, December 23 through 11:59 p.m., Monday, December 26, to focus attention on dangers involved in holiday travel. The present traffic trend indicates that 47 persons will die in traffic during this period.

The "Deathwatch" will resume for the New Year's weekend, beginning at 6 p.m., Friday, December 30, and continuing through 11:59 p.m. Monday, January 2. Indications for the New Year's period are that 36 persons will die in traffic accidents.

To supplement its enforcement activities, the DPS will place approximately 150 additional men from its other uniformed services on highway patrol duty. Every effort will be made to remove dangerous or irresponsible drivers from the highways for the safety of law-abiding motorists.

Traffic deaths will be tabulated at DPS headquarters in Austin, and reports will be issued to news media sources three times daily to show just how the "Countdown" stands. "Countdown boards" will be distributed to news media so

HOLIDAY SAFETY MESSAGE ISSUED

AUSTIN--Forty-seven persons in Texas will be the focus of one of the most intensive traffic safety efforts ever to be expended during the Christmas holiday weekend, according to Department of Public Safety Director Col. Homer Garrison, Jr.

Your Texas Highway Department works hard to make holiday travel as safe and convenient as possible. Construction areas, however, pose special driving hazards on the 67,000-mile Texas Highway system.

Here is a bulletin that pinpoints current construction projects in your area. There may be one or more of these projects in your area.

The Texas Highway Department urges you to let your

readers and listeners know where these projects are. Repeat their locations often during the holiday period and remind drivers to observe warning signs.

Above all, we hope you will urge safe driving everywhere to make this a happy, safe holiday season.

The Texas Highway Department appreciates your cooperation in rendering these important public services throughout the year.

The Texas Safety Association is distributing a kit of "Holiday Safety Materials" and is stressing the need for courtesy and caution during the holiday period.

The Texas Highway Department is distributing reminders on danger spots, construction areas, and information on signs and markers to help keep drivers informed and alert.

The Texas Association of Broadcasters and the Southern Baptist Radio and Television Commission are cooperating in the distribution and use of radio announcements concerning safe driving practices. And the Texas Motor Transportation Association and the Council of Safety Supervisors are working with members of the trucking industry to promote safe driving practices and alertness during the holiday period.

18 RURAL ACCIDENTS INVESTIGATED IN NOV.

The Texas Highway Patrol investigated 18 accidents on rural highways in Hale County during the month of November, according to Sergeant Thurman Keffer, Highway Patrol Supervisor of this area.

These crashes resulted in one death, 13 persons injured and an estimated property damage of \$13,570.00.

The rural accident summary for this county during the first eleven months of 1966 shows a total of 225 accidents resulting in eight persons killed, 136 persons

injured, and an estimated property damage of \$186,680

The 1966 December traffic cloud hangs very low and dark over the Texas streets and highways horizon. What does the traffic picture look like for this year-end holiday season? If it is anything like the repeat of the past it is going to be a very sad one for Texas History.

Since 1960, traffic deaths in Texas have risen from 2,254 to 3,028 in 1965. At the beginning of this present month, the traffic fatality count in Texas was 2,921. Motorists are now driving during the most deadly month of the year. December, 1965 was the most deadly month in the history of this state with 363 traffic fatalities.

What kind of picture could this year end with? The 2,921 traffic deaths already recorded plus 363 deaths similar to last December would give a total of 3,284 traffic deaths. The Sergeant stated it is estimated that this year's traffic death count will be about 15 per cent over 1965.

To my many dear friends and relatives

Season's Greetings

Merry Christmas

Jewel Richter

BABSON'S ANNUAL REPORT SCHEDULED

The Abernathy Weekly Review will publish BABSON'S BUSINESS AND FINANCIAL FORECAST FOR 1967 on December 29.

A careful checking of the BUSINESS AND FINANCIAL FORECAST FOR 1966 upholds the remarkable average of the past years by being 85% correct! The Babson Forecast holds the best and highest record for Annual Forecast on U.S. Future Business.

American business has no more inspiring personality than Roger W. Babson, internationally-known business commentator and investment adviser. An outstanding feature of his philosophy has been his lifelong insistence on the importance of both religion and advertising in business.

Born and reared in an old-fashioned atmosphere of hard work and hustle on a farm in Gloucester, Mr. Babson went to the Massachusetts Institute of Technology. Upon graduating, he turned instinctively to financial and business activities in which his father was engaged.

His exertions, however, undermined his health; he contracted tuberculosis and he was sent West "as good as dead". It was while he was convalescing from this dread malady that he worked out some of the possibilities and problems of business forecasting. His weekly releases are used by over 400 newspapers and his financial reports by 20,000 corporations and estates. His research work is carried on by a large staff of experts.

Mr. Babson founded Babson Institute for Men; and, in cooperation with the late Mrs. Babson, developed Webber College for women--both nationally-known educational institutions. Here young men and women may concentrate on the fundamentals of honest and efficient business administration. Later, he founded a Mid-

16 PERSONS ARE INJURED IN HALE COUNTY ACCIDENTS

The Texas Highway Patrol investigated 27 accidents on rural highways in Hale County during the month of October, according to Sergeant Thurman Keffer, highway Patrol Supervisor of this area.

These crashes resulted in 16 persons injured, and an estimated property damage of \$117,240.00.

The rural accident summary for this county during the first ten months of 1966, shows a total of 207 accidents resulting in 7 persons killed, 123 persons injured, and an estimated property damage of \$173,110.00.

Get the jump on the winter months by having your vehicle safety inspected by an authorized garage to assure its safe mechanical performance. Then have your car "Winterized" by checking the following items: anti-freeze in radiator, battery, an engine tune-up, brakes, exhaust system, tires, windshield wipers, lights, turn signals, horn and defrosters. For an extra measure be sure you have ice scrapers, snow tires or tire chains.

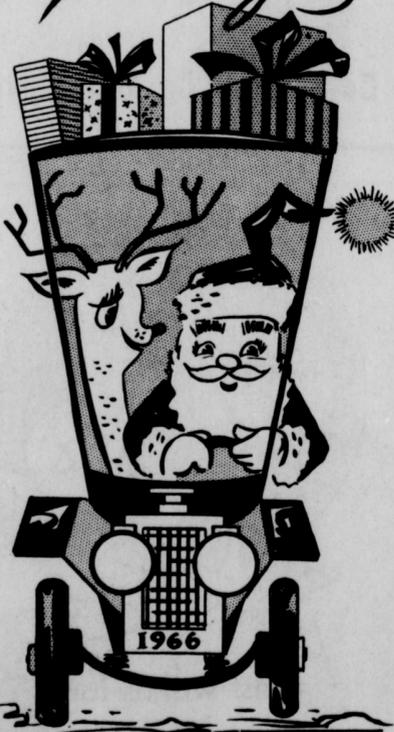

The Sergeant stated, "Today's inspection is tomorrow's protection."

west Institute of Business administration, located in Eureka, Kansas, the center of the United States. He has been active also in the establishment of other mediums of service to the public, such as the Gravity Research Foundation, located at New Boston, New Hampshire.

Mr. Babson has probably done more than any other man to create among his millions of newspaper readers an interest in simple business problems, and to instill a broader vision in businessmen, enabling them to meet the ups-and-downs of the business cycle.

# Habbinga-Arnold Vows Exchanged In Crockett

MRS. RICHARD HABBINGA (Linda Arnold)

CROCKETT (Special) — Miss Lynda Armita Arnold and Richard John Habbinga exchanged double ring vows at 8 p.m. Saturday in First Baptist Church, with the Rev. E. P. Ramsey officiating.

Parents of the couple are Mr. and Mrs. Douglas H. Arnold of Crockett and Mr. and Mrs. Herman J. Habbinga of Ft. Sill, Okla.

Given in marriage by her father, the bride wore a gown of imported silk with a sole in diamond white accented with French imported re-embroidered Alencon lace. The molded bodice featured an over-lay of the Alencon lace and a rounded neckline. Long sleeves tapered to petal points over her hands, and her controlled skirt featured a flat front effect that unfolded in deep single pleats at each side. An over-lay of lace completely covered the center panel, ending in a scalloped design at the hemline. A cluster of pleats at the center back unfolded into a chapel train, and an applique of the lace in a scalloped design traced the edge of the train. Sprays of matching lace were scattered over the skirt. The bride carried white roses and stephanotis atop a white family Bible.

Miss Gail Ellen Arnold of Austin was her sister's maid of honor, and bridesmaids were Misses Jamie Waller, Suzy Stevenson of College Station and Dena Arnall of Orange. Bridesmaids were Misses Harold Stowe of Houston and James Scheschuk and Mike Callihan, both of Austin.

The attendants wore formal-length gowns of silk chiffon in peacock pink, designed with arched empire bodices, scoop necklines and elbow-length sleeves. The skirts fell in soft gathers from pink satin bands headpieces and carried cascades of pink carnations and roses.

Clifford Ricken of Commerce was his cousin's best man, and groomsmen were James Davant of College Station, Stacy Lackey of Muleshoe, Troy Williamson of Huntsville, Alan Cate, Thomas Green and Jimmie Boothe, all of Lubbock. James R. Arnold was usher.

Mary Ellen Albright of La Porte was flower girl, and Kirk O'Hair of Earth was ring bearer. Mrs. Earl McCain, organist, Charles Kent, and Mrs. Ben Monk presented wedding music.

The couple greeted guests at a reception in the parlor of First Baptist Church before traveling to New Orleans, La., on a wedding trip. They will be at home in Bryan.

Mrs. Arnold is a senior at the University of Texas, where she is candidate for graduation in January. Her husband is a 1964 graduate of Texas A&M University with a B.S. degree. He is a senior in Texas A&M School of Veterinary Medicine.

## NEWS FROM ST. ISIDORE'S ORGANIZATIONS

The Sorrowful Mother-Aitar Society of St. Isidore Church, Abernathy presented Father Donald P. Rusch, pastor, with a Bronze Altar set for the Church's Main Altar.

The Cross, 13 inches high, is finished on both faces. On one side is cast the figure of Christ, contrasted against blocks of Champagne enamel in reds and blues. The other side is inscribed with the Alpha and Omega sign.

The candleholders, a sturdy 4 inches, hold a 2 inch candle. The open work de-

sign alternates highly polished areas with natural bronze textures in a pattern of timeless style.

The Sculptor, Ade Bethune leading American liturgical artist, has designed the modern bronze candleholders for Saint Peter's in Rome, which have been used on the main altar for concelebration since the Vatican II Council.

Members of the Sacred Heart men's society met after the evening Mass for monthly meeting in Parish Hall.

Group decides on sending a monetary gift to childrens home in Panhandle.

Preparations were made for a Christmas party for children of parish and then names were drawn to buy a Christmas gift which will be exchanged at the Christmas party Dec. 23.

Father Rusch, moderator, spoke of the Devotion to the Sacred Heart and reviewed the facts and truths on which the devotion rests. He went on then to speak of Advent telling the group that We, the sons of God, cannot run away from the world. the precious memories of every happy Christmas Day you have ever known... That you always be blessed with courage in any hour of trial or sorrow when you must "bear a cross upon your shoulders"... when the hillsides you climb is steep and you grow weary as the light of HOPE seems so far away. Courage will give you strength to complete your journey... That every gift from God... large or small... grow with the years and fill the hearts of you and yours with its fragrance and love... AND that every minute of joy or sorrow, every hour of gladness or sadness be blessed with the peace-giving smile or the Christ-Child and that His love abide with you and keep you near to God. These are the wishes we send you. Morris, Mary & Dean Waters.
