## CITY STUDIES SWPS RATE INCREASE BID

The City Council of Abernathy, Texas, met in regular session in the City Hall Monday, October 9, 1967, at 8:00 p. m. Those present were Mayor Roy Jones; Aldermen Joe Chambers, Royce Henson, Ralph Wolf, Lee Echols and L. G. Deering.

The first item on the agenda was the consideration of the proposed rate increase by Southwestern Public Service, Melvin Rape, local manager for the electric company, met with the Council to explain the rate increase. After discussing the matter for some time, Councilman Deering moved and Councilman Chambers seconded that the rate increase proposal be tabled. The motion carried.

It was the feeling of the Council that more time and study should be given this rate proposal before any action would be taken. The City Manager was instructed to check on the rates being charged in other cities, compare the Franchise Tax being paid other cities and study the affect the rate increase would have on both residential and commercial electrical customers.

Mayor Jones opened the sealed bids on the new truck and the dump body and hoist. The bids on the truck were as follows: Scotty's Automotive \$3,000.00, Reid Chevrolet \$2,998.50 and Abernathy Motor Company \$3,180.51. Bids on the dump body and hoist which allowed a trade-in on the City's present dump body and hoist were: Hobbs Trailers \$774.00 and King Trailer & Equipment \$653.00.

After studying and discussing the bids, the Council tabled the truck bids and decided to check into purchasing a used truck. The Council accepted the King Trailer bid on the dump body and hoist, on the condition that a used truck is purchased.

In other action the Council passed on a motion that would grant Glenn McKinney a release from General Telephone Company to receive telephone services from Southwestern Bell Telephone Company. The Council also passed ordinances that granted Pioneer Natural Gas Company a twenty-year franchise and increased the franchise tax being paid the City from 2% to 3%. The final business was reports submitted by Robert Sokoll, City Manager.

## BAND MEMBERS END SUB SALES

The Antelope Band magazine and newspaper subscription campaign came to a close last week with a total of approximately \$3700 turned in by the band students. Net profit for the band's activity fund will be about \$1600 plus the prizes given by the Quality School Plan, Inc., and the Abernathy Weekly Review.

Top salesmen were Cindy Garvin and Sharron Amerson; each will receive a portable TV. Fifteen students won tickets to the Tijuana Brass concert on touring in \$50 in sales, and other prizes went to the high daily salesmen who were: Phyllis Floyd, Steve Barton, Tony Loper, and Anita Johnston, in addition to Cindy and Sharron. Almost all band members turned in subscriptions, and will receive prizes of various values depending on the amount sold.

The sophomore class sold the most, \$1300, and the freshmen were a close second with \$1100. Juniors turned in \$700, and the seniors \$600.

The band secured almost 100 Abernathy Weekly Review subscriptions, with the band retaining \$1.00 on new and \$5.00 on renewals. The \$15.00 first prize winner was Sharron Amerson, and Nita Kay Johnson and Joy Hall tied for second place, each receiving a check for \$7.50.

The magazine campaign is administered by the Quality School Plan, Inc. The band extends thanks to all those who took subscriptions. Records are kept on all orders, and anyone who does not begin receiving his magazine in a reasonable length of time--six weeks or two months--should call the band office at school so that a follow-up can be made.

## IN 4-A RACE

## Chiefs Stun New Deal's Lions, 36-12

CROSBYTON (Special) -- Seems there's a new team of the hour every Friday in the heated District 4-A race, and this week it's Crosbyton.

The Chiefs, facing New Deal -- conqueror last week of mighty Spur -- stepped forth Friday night and pulverized the Lions, 36-12, and going into the fourth points in the opening period.

Crosbyton exploded for 15 quarter had the upstart Lions down, 29-0.

Robert Barrett had scored on runs of 14 and two yards. Lance Morris tossed 16 yards to Leon McDonald, Joe Buck had run two conversions and Joe Freeman had kicked three at that point.

New Deal finally made its first scoring entry in the fourth when Joey Sherman plunged in from the one. Morris, however, responded with a one-yard run and Freeman again converted.

New Deal closed out the scoring when Wayne Price connected with Jerry Cooley on a 56-yard bomb.

It was Crosbyton's third straight league win without a loss, and left New Deal 2-1 in district play.

The Abernathy Antelopes, recuperating from a 15-to-13 loss to the Memphis Cyclones last week, will entertain the Lockney Longhorns here this Friday night at 7:30 p. m. in the fourth district outing for both clubs.

Lockney presently owns a 5-1 won-lost record for the season while they have as yet to win their first tilt in district warfare. Their opponents have totaled 122 points while Lockney has only managed 58 points.

The 7:30 p. m. clash should be a high-scoring game for the Antelopes with Abernathy returning to the winning column. Everyone is urged to attend and help boost the Antelopes' morale.

(By Claudy Williams, Jr. School Correspondent)

The Abernathy Antelopes, being slowed for the first time in the 1967 grid campaign, fell prey to a stubborn onslaught by the Memphis Cyclones last Friday night as the Cyclones nipped the 'Lopes by a score of 15 to 13 at Memphis.

Converting a Cyclone error to an Abernathy score, James Byers plunged over from the one yard line midway through the second period for the first six-pointer of the game. Burl Fuller's conversion kick went wide.

With only seconds left in the half, Memphis took command of the scoreboard as Tony Pounds, back in punt position, fired a 28-yard fourth-down pass to Gary Rea. Rea's six points were converted to eight as Ronnie McFall toted the ball on the try-for-extras.

Abernathy rebounded into the lead late in the third quarter as quarterback Jerry Fuller zeroed in on Travis Leach for a 30-yard scoring bomb. The tally was set up on a 44-yard scamper by Byers. Burl Fuller's extra-point kick proved good setting the Antelopes on top 13 to 8.

Memphis grabbed the winning margin on the first play of the final period. Pounds rared back and arched a 43-yard pass to Roy Long. Jerry Hall's extra-point kick sailed through the uprights for the final Memphis point.

The Memphis victory gave both the Antelopes and Cyclones a district won-lost record of 2-1. For the season, Abernathy has five victories against the lone loss to Memphis. Memphis has four victories, a loss to Dimmitt, and a tie with Clarendon.

**BY HALE GROUP County's Share In Health Unit Budget Slashed**

PLAINVIEW (Special) — The Hale County Commissioners Court in a special session reduced the county's share of the Plainview - Hale County Health Unit from \$22,850 to \$15,370. Reduction of the county's contribution to the unit has been mulled over for more than a year, officials said.

The commissioners went on record as favoring transfer of the reduced contribution to the health unit on condition that a part-time director's salary not exceed \$7,500. Dr. Carl Weidenbach, full-time director draws \$15,000 annually, paid equally by the city and county. No action had been taken on the part of the city in regard to its contribution.

The health unit had asked for a total budget from the city and county of \$45,740 during the 1967-68 year. However, Dr. Weidenbach said at a health board meeting with the city and county governing bodies that the budget for the previous year had been \$45,000 but the unit actually had spent only \$24,006.

**Child Welfare Budget Cut**  
Dr. Weidenbach said at the time that he expected expenses to run about the same during the coming year.

In another reduction to the 1968 budget for Hale County, commissioners lowered the Child Welfare department's budget from \$18,000 to \$13,500.

Another item of interest to both city and county residents which came up at the meeting was a fire service contract between the county and city of Plainview.

The city has asked the county to pay \$100 per fire call per truck for any call outside the city limits.

**Checks Refused By City**  
The commissioners earlier sent the city two checks totaling \$6,500 for the yearly service, but the city refused the checks, terming them "unacceptable."

County Judge C. L. Abernathy seemed to sum up the feelings of the commissioners' court by saying that the court was by no means closing discussions with the city on the matter, but were

## NEWTON RADIO & TV

Box 35  
1312 Avenue D . Abernathy, Texas

Dear Customer,

We are happy to announce that Lubbock will soon have a new TV station on the air. The final date hasn't been announced as of yet but people are already asking about the programming, power and how to receive Channel 34.

Lubbock's newest TV station will operate on the UHF TV band under the call letters of KKBC. Recently we saw for the first time a test pattern at our store which indicates that Abernathy will be able to receive enough signal for a clear picture.

UHF TV is something new in the way of telecasting and will require a different antenna system than we now use on Lubbock's two network stations. Early reports as to the amount of power that 34 is putting out is weak. It is reported that in several months this power will be increased to a moderate level and then Abernathy will be in an ideal location for best reception.

KKBC is located on the Great Plains Building in the center of Lubbock which should be high enough for it's signal to reach out several miles. Early reports indicate that 11 miles will be the "good reception" distance when programming begins. This we believe is true from the results of tests on antennas tested this past week.

What we can expect to see now is a little snow and for those of you with color sets, poor color until power is increased later on. It is our policy to inform you of this before installing your antenna system. We will get to enjoy another program other than we now have but we will have to settle for something less than the best for the time being.

Here in our store we will feature a complete line of antenna supplies and converters that will be needed for most TV sets made before May 1964. You can check your set to see if it is made to receive UHF by looking for a channel knob with numbers 14 thru 83. In this case an antenna is all that will be needed to receive Channel 34.

The prices on antennas vary as do the prices on converters and other supplies. May we invite you to come in soon and get a free estimate on your needs for receiving Channel 34.

Yours truly,  
Newton Radio and TV
