Tribe Downs Panthers 53-0

The Haskell Indians crushed the Seymour Panthers Friday night, 53-0. Jackie Young led the Indian attack with seven touchdowns, five running, one 54 yard punt return and one 60 yard pass.

There are no official record books at Haskell High School, but seven touchdowns will surely come close to the most scored in one game by any in-

dividual. Two years ago, Chas. Franklin scored six touchdowns

Ed Robb To Speak At City Wide Crusade

Plans for a big City-Wide Crusade October 8-15 are almost finished and things look as if everything will happen according to schedule.

Evangelist Ed Robb will be the featured speaker at each of the services which will be held at the big tent on the Haskell Fair Grounds. Morning services will be held at 7:00 a. m. Monday thru Friday and evening services will be at 7:00 p. m. Sunday thru Sunday. A nursery will be provided.

Edmund Whetstone Robb was converted in 1946 while serving in the U. S. Navy in San Francisco. Since that time he has pastored churches in North and West Texas, preached all over the U. S., toured the world on preaching missions and served as a delegate to the World Congress on Evangelism in Berlin, Germany.

He is currently chairman of the Church Extensions Division of the Board of Missions of the Northwest Texas Conference of the United Methodist Church.

In addition to his preaching schedule, he has written two booklets and a full-length book. Mr. Robb and his wife, Martha, have five children, Mrs. Alan Jones, a student at Texas A&M, Eddie and Laurie, students at Asbury College, and Sarah and Jim, junior high school students.

against Childress. At that time several persons said six was a record.

In Friday night's action, the Indians opened the game kick-

ing to the Panthers who returned the ball to their own 25 yard line. On their first play from scrimmage, the Panthers fumbled and four plays later

Young carried the ball over from the four for his first score of the game. Extra point kick was no good.

After the Indian kick the Panthers gained 11 yards in six plays and were forced to punt. On the first play from scrimmage Young carried the ball 70 yards for his second score. Extra point kick by Randy Ivey was good, making the score 13-0 with 7 minutes 45 seconds remaining in the game.

The Panthers moved the ball a total of one yard during their first four plays and again were forced to punt.

On the first play of the next series, Randy Ivey caught a pass that moved the ball to the nine yard line. After a quarterback keeper by Bobby Cobb that netted one yard Young carried the ball twice before scoring again. Extra point kick failed.

The Panthers fumbled the ball on the kickoff return and eight plays later Young carried the ball from the nine for his fourth TD of the game. PAT was good and at the end of the first quarter, Haskell led 26-0.

The Panthers netted only 15 yards total offense during the first period while the Indians moved the ball 182 yards.

Five incomplete passes, three fumbles, one interception, and three penalties told the story of the second period. Neither team scored but the Panthers moved the ball a total of 90 yards, their best period of the game.

The third period proved to be all Indian. The tribe scored (Continued on Page 2, Sec. 1)

RANDY IVY receives a pass from quarterback Kenny Ivey with 40 seconds left in the third period against the Seymour Panthers last Friday. This touchdown made the score 40-0. The Indian passing attack showed vast improvement over past performances, gaining 220 yards. (Staff Photo)

Punt, Pass & Kick Contest Set For September 30

Again this year Bill Wilson Motor Co. will sponsor Ford's annual Punt, Pass & Kick contest which will be held at the high school football field, Sept. 30, at 1 p. m.

All boys 8-13 are eligible for the competition and must register by Sept. 29.

Eighteen trophies will be awarded to the winners who are eligible to represent this area in District competition in Abilene the next weekend. Winners in Abilene will compete in the State Contest in Dallas and State winners will compete January 21st at the Pro-Bowl in Dallas.

A free Punt, Pass & Kick tips book will be given to each entrant when registering.

Roping Club Hosts Benefit

The Haskell Roping Club will hold a benefit calf roping and barrel race this weekend at the arena located at Haskell Livestock Auction with proceeds going to the West Texas Rehabilitation Center.

Roping will start Saturday night at 7:00 p. m. with an open jack-pot on a two calf average. There will also be an open one run barrel race. Sunday's roping, which begins at 1:30, will include two matches, one between Rusty Bradley and Jack Strickland and another between Fredrick Dalby and Robert Koonce. There will also be an open two calf average jack-pot and an open one run barrel race during Sunday's show. Entry fee in the roping is \$19.00 and \$6.00 in the barrel race.

All proceeds go to the Rehab Center and all residents are invited to attend. Admission is \$1.00 and donations will be accepted.

GROUND BREAKING
Official ground breaking ceremonies will be held at the damsite of Millers Creek Lake, Friday, September 29, at 11:00 a. m., according to Pete Beecher, general manager North Central Texas Municipal Water Authority. All work orders have been issued and preliminary construction is now underway.

LARGE AND SMALL are invited to the Haskell Roping Club benefit roping and barrel race this Saturday and Sunday. Carl Hopkins, nine year old son of Mr. and Mrs. Howard Hopkins, loops a calf in a practice run prior to the benefit. Young Hopkins and many other ropers and barrel racers will be on hand this weekend at what promises to be a very entertaining event. (Staff Photo)

Fair Plans Finalized

The Band of The Oilbelt travels an average of 50,000 miles each year and plays to a total of 200,000 people exclusive of the millions who have the privilege of seeing them on television. They will be featured in the parade and will also play an hour's concert on the outdoor stage in the fair grounds beginning at 7 p. m.

Both the Haskell High School Band and the Junior High Band along with the Rochester High School Band, the Munday High School Band, will have prominent places in the parade as well as other area bands who are expected to participate in the grand opening ceremonies of the Haskell County Fair.

While instrumental music will be featured during the parade for all lovers of good

band music, no one will be left out as two outstanding country and western bands of Wichita Falls, Texas will be present to entertain the crowds on the midway each night. They are arranging their busy schedules so that one will be here for each night's Fair Spectacular on the midway.

Another special feature of this year's fair which is a must for everyone, is the famous Mounted Cavalry Platoon of the First Cavalry Division of Fort Hood. Under the leadership of Capt. Euler M. Young, this much in demand platoon will participate in the parade and will also be here for special entertainment in the rodeo arena adjacent to the fair grounds.

All of this, plus floats, novelty entries, decorated bicycles and more will be a distinct part (Cont. from Page 4, Sec. 1)

Murder Charges Filed After Local Shooting

Forest Mitchell, 73, was dead on arrival at Haskell Memorial Hospital September 14, at approximately 4:00 p. m. The apparent cause of death was a gunshot wound.

Charged with murder with malice aforethought was James Hill, 67. He was charged in Justice of the Peace Hubert Bledsoe's court pending Grand Jury action.

The shooting reportedly took place at Hill's home on N. Ave. A East.

Sheriff Garth Garrett investigated the accident, assisted by Chief Deputy Pete Mercer and District Attorney Royce Adkins.

The shooting allegedly came about over a debt of \$2.50.

Hill was released on \$5,000.00 bond.

The Red River Red Cross Bloodmobile came to Haskell Tuesday and secured 45 pints of the 70 pint goal set for Haskell County, according to blood chairman Charles Thornhill.

This was the second trip to Haskell for the bloodmobile and the second time the county quota was not met. May 25, was the first time the bloodmobile came to Haskell and 47 pints were donated at that time.

There were seven deferrals for various reasons.

Blood donors were: from Haskell: Alma Solomon, Tony Patterson, George Fouts, Jerry Weatherly, Wallace Bird, Don Comedy, O. E. Pharris, Charles Thornhill, Ruby Martin, H. H. Hartsfield, J. B. Kuenstler, R. D. Williams, Le-

Special Program At Trap Club

Special activities at the Haskell Trap Club September 23, will commemorate National Hunting and Fishing Day according to Wallace Wooten, club president.

"There will be a registered Amateur Trapshooters Association 100 target handicap event beginning at 4:00 p. m. Saturday. The winner will receive a sterling silver belt buckle with a \$20.00 gold piece in the center as first prize," Wooten said.

Because Saturday is National Hunting and Fishing Day, there will be an open house at the trap club beginning at 1:00 p. m. and the general public is invited to shoot free targets to acquaint them with the fundamentals of trap shooting.

There will also be a special contest between radio, television, and newspaper representatives who will be the guests of the trap club.

There will also be a registered shoot September 24, with a program consisting of 100-16 yard targets; 100-handicap targets and 25 pair of doubles.

Heart Meet Set October 18th

A sincere effort is being made by several Haskell county citizens to reorganize a Heart Association here. In a meeting Sunday afternoon at 2:30 p. m. in the home of Mrs. R. C. Couch, Heart Representative Joyce Cargile of Wichita Falls conducted a very informative program telling of the many, many worthwhile services available through the Heart Association.

"It is a unique situation," said Mrs. Cargile, "that Haskell County is so very generous each year in the Heart Drive, even though there is no formally organized association to work through. We would like very much to reorganize the association, so that the many services our organization offers could be channeled through the local chapter. A great many of our services are being used here already, but we have many more, including programs, slides, rescue service instruction, and public education, that could be better utilized through a local chapter."

Another meeting was set by the group for October 18, at 8:15 p. m., to elect officers and a board of directors. Anyone interested in serving on this board is asked to be at the meeting, or contact Mrs. R. C. Couch. Two representatives from each community in the county are needed.

Meeting Sunday afternoon were Mrs. Couch, Mrs. Ira Hester, Mr. H. K. Henry, Mrs. A. T. Ballard, Mrs. Sam Cobb, Mr. and Mrs. Bill Comedy and Mrs. Cargile.

Mr. and Mrs. Comedy will represent Haskell County at the annual Texas Heart Association meeting in Houston this weekend.

Gold Rush Day September 26

Gold Rush Day merchants will offer special bargains on Tuesday, Sept. 26. Check the advertisements in this edition of the Free Press carefully, and save dollars by shopping in Haskell.

Through the pages of this edition, you'll find an excellent assortment of bargain priced merchandise for every member of the family, and good buys for the home.

The retail merchants committee of Haskell Chamber of Commerce sponsors the bargain day the last Tuesday of each month and invite all area shoppers to take advantage of the special priced items merchants will offer during the day.

Haskell is a friendly and convenient place to shop. All merchants are friendly and intelligent in their field of business. Everyone will be in town to take advantage of the bargains, why don't you come, too.

Middleton Second Run-up At WTF

Middleton, the daughter of Mr. and Mrs. Genston of Haskell, was runner-up in the Texas Fair Sweetest Sept. 13, in Abilene.

Middleton competed against other girls from the county. She represented Haskell High School FFA.

Her judging was Tuesday and Wednesday and crowning ceremony held during the Tuesday night. Middleton was judged on personal appearance, scholastic rating, and involvement, and

Fumbles, Penalties Plague Rule, KC

In a game plagued by fumbles and penalties, Rule managed to squeeze past Knox City Friday night by a 12-7 score. The game began with a fumble by Knox City on the first play, recovered by Rule, and this was indicative of the troubles both teams faced all night. First score came early in the first quarter with both Hisey and Lisle making first downs to set up the TD. On fourth, Hisey tallied the score with 8:57 left on the clock. Second score, and final one

for the first quarter, came when Knox City got set to travel on the 30 yard line. A 60 yard pass from Quarterback Swain to Philip Newton put KC on Rule's 20 yard line, and Newton scored on the next play with 2:49 left in the first quarter. Extra point try was good, making the score Knox City 7, Rule 6.

Second half began much like the first. J. Swain of KC kicked an offside kick, which was recovered by his Greyhounds. A series of pass plays left them with yardage needed for a first, and Rule received the ball. Lisle, Briles and Hisey carried three plays to gain 20 yards and get the ball to the 50. Offsetting penalties were called at this point, then Rule tried end sweep plays, and one pass attempt, but failed in their try for a first down. Knox City received the ball on their own 30, but had their own problems trying to gain yardage. An 18-yard pass was complete to Rule's 40, but next pass attempt by Knox City was incomplete and an illegal motion penalty was declined by Rule. A 30-yard pass and a personal foul penalty against Rule put

but both were plagued with fumbles and penalties. Rule's defensive line played an outstanding game, turning the Greyhounds back twice from goal-line attempts.

Other 5-B scores were: Hawley 24, Rochester 6; Throckmorton 16, Munday 9; Newcastle 41, Crowell Jr. Varsity 6; and Chillicothe 6, Crowell 26.

PIGSKIN PREVIEW...

Two ties and a couple of upsets gave our fearless forecasters quite a problem last week. Coming through with flying colors was Mrs. Howard Perry with an average of .833. Mrs. Perry also has the highest average during the two weeks of season play with a total of nine correct picks of 11 choices, for an average of .812.

Each forecaster was awarded 1/2 game for each tie and Olen King was given 1/2 game for his pick of a tie last week. District 6AA teams had three wins, one loss and two ties last Friday for an average of .666. Anson was beaten by Class A Rotan, 14-7; Ballinger and Reagan County played to a 0-0 tie; Hamlin and Clyde played to a 6-6 tie; the 'TRIBE' trounced Seymour 53-0; Stamford beat Breckenridge 18-6, and Winters downed Merkel 35-0.

After two weeks of play, District 6AA teams have a .582 average and our local prognosticators have a .654 average.

Attempts to pick Hamlin and Haskell as winners by Johnson and King were declared illegal by other forecasters.

Indians...

(Continued from Page 1, Sec. 1) three TD's and held the Panthers to a gain of only 2 (two) yards.

Ten plays into the second half Young scored from the 13 making the score 32-0. PAT by Ivey was good.

Two plays later the Indians recovered a Panther fumble. The ball was given up seven plays later when they failed to convert on a fourth and three situation.

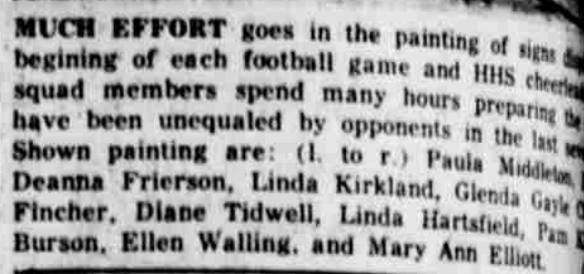

The Panthers lost four yards on the next three plays and punted to Tim Pringle who handed the pigskin to Young. Behind a wave of blockers Young carried the ball 45 yards to pay dirt. At one time during the play only two Panthers were standing which gives credit to the fine job of the punt return team. PAT by Ivey was good.

After holding the Panthers to a net gain of five yards the tribe began work on the passing game and in three plays moved the ball 65 yards for another touchdown. Two 25 passes to Young and Martin Randle moved the ball to the 15. Quarterback Kenny Ivy then tossed the ball to Randy Ivey who was alone in the end zone. PAT kick by James McCoy failed, making the score 46-0 at the end of the third period.

The only score in the final period came on a 60 yard pass play from Cobb to Young. PAT kick by Ivey was good completing the scoring at 53-0. After a good first quarter the coaches began playing the more inexperienced portion of the team and experimenting

with new plays and options. The passing game worked out very well, moving the ball a total of 220 yards. According to head coach Tommy McAdams, "Everyone on the team played both offense and defense and we (the coaching staff) were impressed with some of the players. We did not try to run the score up, and feel confident we could have scored 85 points or more but we did not tell our athletes not to try because doing so would defeat the entire purpose of playing."

Defensive standouts were Charles Erwin, Phillip Josselit and Ricky Phemister. With an open date this week

Compare Prices And Save Money

Make the most of your food budget money—read and compare newspaper grocery ads. Mrs. Barbara Elliott, County Extension Agent, suggested. "Stores spend time and money on full page advertisements. Why do this? The grocery business is very competitive—each store wants you for a customer." This competition among the stores brings the consumer several benefits. An observant shopper can compare not only prices, but often brands, cuts, quality, grades and sizes. This can aid in reducing the amount spent on food items and affect future purchases. Advertising also brings va-

riety into diets by introducing new products. Many families are willing to try new foods once informed about them. In addition, family favorites and satisfactions can be repeated through brand identification. For instance, your family may like a product prepared a certain way by one company but be indifferent about the same product from another company. Mrs. Elliott pointed out a few things to remember when studying ads and purchasing food. For your family's sake, consider which foods are nutritious. Also, your family's taste preferences are important in determining what to buy. And certainly keep in mind how much you can spend on food. For more economical shopping, the agent recommended making mental menus for the coming week. This can help reduce the possibility of costly impulse buying at the store. "Food ads serve a dual purpose for both you and the store. A good advertisement aims to inform you and help you buy more intelligently." The consumer should utilize ads fully. Because she pays for them she should get her money's worth, the agent concluded.

SPORTSMAN'S CORNER

by Clark Webster,
Remington Wild Life Expert
Survival of the Species

Man and wildlife have much in common: the need for clean air and water, fertile fields and healthy forests. To insure these basics, we must use our natural resources wisely. Yet, man has often changed the environment in ways that are dangerous to all living things.

Pollution, destruction of habitat, farming and forestry methods that leave the ground barren... they all take their toll on fish and wildlife. Yet in spite of the problems created by man through environmental degradation, many species of wildlife that have been vigorously hunted (the white-tailed deer, for example) thrive in greater numbers than ever. Remington Arms research has found that most of the birds and mammals listed as "endangered" today by the U.S. Bureau of Sport Fisheries and Wildlife have never been hunted. Why are their numbers decreasing? Massive, harmful, man-made changes in the environment are far more of a threat than the weekend hunter. By the same token, hunted species that have thrived have benefited from intelligent game management practices.

And the problems go farther. Pollution that originates on land can find its way to the ocean and destroy marine phytoplankton. These microscopic plants are not only the base of food chains in the seas... they also maintain the oxygen level needed to support man.

Today we face a serious threat to wildlife... and to man. The threat comes not from the hunter, but from man's abuse of the environment. The birds and bees can't re-order the earth. It's up to us. And if we don't stop our present disregard for nature, we may be first on the endangered species list.

of this year's fair parade. The featured carnival attractions on the Midway will again be provided by the Central States Shows which annually brings new features for the visitors.

Pat Hale, president of the Haskell County Fair assures everyone that nothing has been left out of the ingredients which make up the Haskell County Fair, which is rated as the largest Small Town Fair in Texas. He and other officials extend a cordial invitation to everyone to be in Haskell for this annual event.

Western Night

Another entertaining feature of this year's Haskell County Fair will be the Western Night activities which will be held in the rodeo arena adjacent to the fair grounds on Saturday night, beginning at 7:30 p. m. under the direction of Mr. and Mrs. Jerry Hannsz and Mr. and Mrs. Eddie Chambers.

According to information released by Maxine Hannsz, the western night program will include two age groups or brackets for boys and girls in pole bending, flag races and barrel races, with a small entry fee in each event and a small jackpot for the winners. The age groups will be boys and girls 14 and under and 15 to 19. All around trophies for each age bracket will also be awarded. In conjunction, a Pee Wee barrel race will also be staged if enough entries are available.

There will also be an open Jack Pot tie down calf roping contest for the men with no age limit and an open barrel

ASSISTANT CRIMINAL DISTRICT ATTORNEY

Jeff Lewis

Jeff Lewis, son of Mr. and Mrs. J. C. Lewis of Rule, has been hired as the assistant criminal district attorney for the city of Abilene, effective October 1. Jeff was the former assistant city attorney of Abilene.

A 1963 graduate of Rule High School, Jeff received a bachelor degree of business administration from McMurry College and received his doctor of jurisprudence degree from the Texas Tech Law School in May 1970, which was Tech's first law class to be graduated. He joined Niedeken's staff for training in July, 1970, and was licensed to practice law the following September. He is a specialist 4th class in Abilene's 40th Civil Affairs Co., U. S. Army Reserve, and is currently awaiting orders on a direct commission as a first lieutenant. Interested in scouting, Jeff was an Eagle Scout at age 14 and is serving as Camporee chairman for the local Boy Scouts. He is a member of the Abilene Bar Association and serves as secretary of the Abilene Junior Bar Association. He is a member of the Methodist Church.

Jeff's wife, the former Jana Kile, daughter of Mr. and Mrs. J. C. Kile of Knox City, is employed by the Abilene Public School System. The Lewises have recently purchased a new home at 1541 N. Pioneer and plan to move October 1.

race for the ladies which will also be on a jackpot basis. Entries are to be in by Friday night, Sept. 20, and they may be turned in to Mrs. Jerry Hannsz, telephone 5821, Rule, or to Mrs. Eddie Chambers at 384-3703 Haskell.

Cotton Used As Decorating Theme

For 13 years, Mrs. Bill (Doris G.) Reeves has served the people of this area with a bookkeeping and tax service. Also a cotton buyer agent for L. G. Cook Cotton Company, her office is located at 105 N. Avenue D.

For the past month she has undertaken an extensive re-

modeling project in her offices, and this week proudly invites everyone to come in and view the results.

"I took a daub of paint, a strip of paper, a ball of yarn, some cotton bagging, and a bundle of shingles for the job," she told us, "and the results are quite pleasing to me. Being a cotton buyer, and serving people in this cotton-growing area gave me the theme for my re-decorating, and I hope you like the results."

OUTDOORS -IN- TEXAS

Every time we think we've seen all the clever posters found in the various cafes in the hunting and fishing areas of the Lone Star State, we come across another.

You'll get a chuckle out of the following.

INSTRUCTIONS YOU MUST HAVE FOR YOUR HUNTING TRIP:

1. First you need a fast car so you can beat the other hunters to the best spots. That will give you a chance of being killed before you get out in the woods. And save some other hunter some ammo and the mess of shooting you.
2. One or two cases of whiskey, four cases of beer, and lots of ammo. Food, tents and sleeping bags take up a lot of space, so get another case of whiskey instead.
3. Be sure to shoot at anything that moves. If it's not a deer, there's always a chance it might be your mother-in-law.
4. Now, when you bag a deer, be sure and shoot all the shells you have left into it. This will be sure to splinter all the bones and bust all the entrails.
5. Don't bother to wash or wipe it out as the blood and manure will improve the flavor. Besides, the locker plant operator will be disappointed if you bring in a clean one.
6. If you decide to skin it, be sure to roll it around in the dirt, leaves, and pine needles. Then wrap it in newspapers as they will stick well, and printer's ink has the delicate flavor of burnt rubber.
7. Now bring it out to the car, throw it over the hood as close to the radiator as possible, so it will get ALL the heat and dust, and so people will be sure to see that you got one!
8. On the way home, stop at a tavern, so you can tell the other liars how you killed it. And be sure to stretch your kill into at least a mile.
9. Be sure to stay at the tavern until you are sure the locker plant you want to hang your deer in has been closed for the night and the operator is sound asleep. Call him now and tell him to get right down, as you must get your deer into the cooler before it spoils.
10. He will no doubt have a couple hundred hanging around. So make sure he cuts yours first—and makes it all into choice steaks and chops.

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING CORRIDOR ROUTE The Texas Highway Department is planning the improvement of U. S. 380 from the intersection of U. S. 380 and State Highway 6 in Stonewall County to a point that is 1.6 miles northeast.

The proposed corridor route will pass through the town of Old Glory, Texas. The project will consist of eliminating the right angle turn within the town of Old Glory with a new location northwest of existing U. S. 380. The improvement will be a two-lane highway facility consisting of 26 foot asphalt paved travel surface and 9 foot shoulders, within a usual 120 foot right of way.

Maps showing the proposed corridor route, environmental studies and any other available information about the proposed project are on file and available for inspection and copying at the Resident Engineer's Office at 249 North Central Avenue in Hamlin, Texas. Mr. Nelson Shave is Resident Engineer for the project. Also, maps have been placed on file with the County Judge of Stonewall County.

Information about the State's Relocation Assistance Program, the benefits and services for displacees and the relocation assistance office as well as information about the tentative schedules for acquisition of right of way and construction can be obtained at the Resident Engineer's office.

Any interested citizen may request that a public hearing be held covering the social, economic and environmental effects of the proposed corridor route for the development of this highway project by delivering a written request to the Resident Engineer's Office on or before October 5, 1972. In the event such a request is received, a public hearing will be scheduled and adequate notice will be published about the date and location of the hearing.

LEGAL NOTICE A public hearing on the proposed budget for Haskell County for the year 1973 will be held in the Commissioners Court Room in the Court House, Haskell, Texas at 10:00 a. m., Friday, Sept. 29, 1972. 38-39c

Questions ... And Answers

Q—Will the Internal Revenue Service issue a notice of violation to a landlord who fails to abide by the notice requirements of the rent regulations, even where the rent to be charged is lower than that permitted by the regulations?

A—Yes. The IRS will issue a notice of violation to landlords who violate the notice requirements, even where the rent charged would otherwise be permitted by the rent regulations.

Q—My landlord sent me a brief letter announcing a rent increase. Isn't he required by Stabilization regulations to furnish me with more information than that?

A—Yes. Before raising your rent, your landlord must give you a written notice containing the following information: (1) the amount of monthly rent before and after the proposed increase; (2) the percentage increase and dollar amount of the proposed increase; (3) the effective date of the proposed increase; (4) the amount of the proposed increase attributable to capital improvements, state and local real estate taxes, and state and local fees, levies and charges for municipal services, and any increase allowed under the 2 1/2 percent rule; (5) the base rent and an explanation of the manner in which it was determined, including identification of the units involved and dates and amounts of transactions where applicable; and (6) the method of computation of the proposed increase.

In addition, the letter must include statements on the right of the tenant to examine the landlord's records documenting the increase and to meet with the landlord to discuss it, as well as a declaration by the landlord that the facts in the letter are true and that the increase is not in violation of Economic Stabilization regulations. The exact contents of these statements appear in the rent regulations.

Q—Now that small businesses have been exempted from controls, can my doctor, who employs only a few people, raise his fees without regard to the price regulations?

A—No. The small business exemption, which exempts from controls certain firms with 60 or fewer employees, does not apply to health service and construction industries or landlords.

Q—Can the Pay Board, in considering the first year increase in a contract, also rule the validity of the second and third year increases and order a reduction?

A—Yes. While normally the Board is concerned only with increases occurring in the first control year, in circumstances where it appears that the second and third year increases are in anticipation that controls will be lifted by the second or third year of the control and are so large as to constitute an attempt to compensate for wages reduced by the Pay Board in the first year, the Board has authority to rule on the appropriateness of such increases.

Wormy Fish May Be Eaten

An elated angler pulled the bass off his line and beamed at his catch.

Then his smile shattered and he disgustedly hurled the fish back into the lake.

Since when did bass fishermen chunk back their prizes? A horrified fisherman who finds ugly black or yellow grubs in his prize bass would certainly think twice about adding the wormy fish to his stringer.

But there is no cause for alarm. The worms are usually encysted in the dorsal muscle tissue near the skin and can be easily removed with a fillet knife.

According to Texas Parks and Wildlife fisheries experts, the parasites in both fresh and saltwater fish are harmless to man.

Freshwater fish are often infected with black and yellow grubs.

Both parasites have a complicated life cycle and utilize three hosts: fish, water birds and snails.

Fortunately, man is never host to these worms and is not harmed by eating infected fish as long as they are well-cooked.

Some of the coast's most popular sportfishes, speckled trout and redfish, are also susceptible to parasitic worms which mature only in fish.

These worms are in no way harmful to humans and do not detract from the quality of the fish except for its looks.

Many other parasites are common to our native fish and practically every fish is afflicted at one time or another.

The presence of various parasites should not interfere with either the fun of fishing in Texas or the pleasure of eating the catch.

CARD OF THANKS We would like to express our sincere thanks for the many prayers, visits, flowers, cards and expressions of sympathy extended to us during the loss of our loved one—Mrs. D. A. Jones and Mr. and Mrs. Archie L. Jones. 38p

Red Cross Fund Goal Set At \$1,692

During the week of October 1-8 representatives of the Haskell County Red Cross Association will ask for donations for the Blood Program, according to Rev. R. W. Williams, chairman.

By participating in the blood program county residents may receive blood transfusions without soliciting donors.

A goal of \$1,692.00 has been set for the fund raising drive. A portion of this money will be used for operational expenses for the bloodmobile and the remainder will be used for other Red Cross programs.

Chairmen for the campaign in Haskell County are: Rule, Mrs. Farnes Campbell; Rochester, Mrs. Dan Wadzeck; O'Brien, Mrs. Clyde Covey; Mrs. Jack McAdoo is business chairman, and Troy Schwartz is treasurer.

Money trays to fit desk drawers, for fast, easy change-making, available at HASKELL.

Farm Bureau Begins Cotton Commodity Plan

A meeting of Haskell County Farm Bureau Monday night set up a steering committee for a cotton commodity program, according to Leo Fields, local Farm Bureau Insurance Agent.

Hub King, State Director of District II, spoke to about 60 persons who attended the meeting and told them the commodity program would study facts of the cotton industry, selling, storing, and utilization of products and make the farmers wishes known to legislators.

Named to the steering committee were: Norris Andress, Rule; Truman Therwanger, Weiner; R. A. Shaver III, Rochester; Vernay Teague, Has-

kell; and Dan Griffith, Paint Creek.

Marvin Plemister, Haskell County Farm Bureau president, introduced King and T. J. Richards, State Director of District III.

Girl Scout Fund Drive Meeting Set Sept. 25

Mrs. Kenneth Lane, Service Unit Chairman, and Mrs. Wallace Cox Jr., will head the 1972 Girl Scout Fund Drive.

Workers will meet September 25 at 10:00 a. m. in the Community Room of the Haskell National Bank.

Contributions to Girl Scouting means fun, games, camping experience, crafts, service and leadership for our girls. They will learn the meaning of patriotism, spiritual values and the obligations of citizenship.

Funds collected in Haskell will go to support the West Texas Girl Scout Council. The council trains and assists over 600 adult volunteers in a 16-county area.

A small professional staff gives day-to-day technical assistance to troop leaders in providing meaningful programs and activities. The council supports a fully developed resident camp, Camp Boothe Oaks in Sweetwater, and offers additional camping and special events programs throughout the year.

The council maintains an office in Abilene which serves 4,500 girls. Records, promotional material, public relations programs are but some of the services offered.

Haskell has consistently had a strong Scouting program and workers are certain of a successful year.

There are many ways to help the Girl Scouts. You can help by donating to the fund drive. You can help by volunteering as a troop leader. You can help by donating to the council. You can help by donating to the council. You can help by donating to the council.

Lions View Kidney Machine

The regular luncheon meeting of the Haskell Lions Club was held Tuesday at the Haskell Steak House with Lion President Joe Williams presiding.

Lion Wallace Cox Jr. led the song session accompanied by Ellen Walling at the piano. Lion Hugh Ratliff gave the prayer. Recognized as guest were Mrs. Bud Herren, guest of her husband, and Bill Lane, guest of Doyle High.

Lion Darrell Roberson, program chairman for the meeting, introduced Bill Marr who told those present of his involvement with a kidney machine. After explaining the machine Mr. Marr took the group to his home to see it.

Mr. Marr has had a total of 288 treatments on the machine. He takes the treatments three times per week and each treatment last seven hours. During the treatment all of the blood in the body will pass through the machine and be purified.

Mrs. Marr has learned to operate the machine and during the treatments she goes about her usual house work and Mr. Marr watches television. A small bell hangs from one corner of the machine and Mr. Marr uses it to call his wife if something goes wrong. She told the Lions of a recent instance when she heard the bell and almost broke her leg trying to see what was the matter. When she arrived Mr. Marr calmly asked her to change the TV channel.

Ministers To Visit Christian Church

Announcement was made this week that David Brockus, former minister of the Christian Church of this city is now located in Fort Gibson, Okla., as the minister of a new congregation being organized in that city. Sept. 17-23 Young Homemaker Week In Texas

The week of September 17th through the 23rd has been designated as Young Homemaker Week throughout the State of Texas. It has been proclaimed so in Haskell by Mayor Belton Duncan.

The creed of the organization reads as follows: "We, the Young Homemakers of Texas, seek to strengthen the bonds of family with Knowledge, In-

and Faith in God . . . in order that our homes may be established in the firm foundation of our Community, State, Nation, and the World . . . Upholding the right of each individual to assume the privileges

and responsibilities of the democratic way of life. The motto of the club is "Young Homemakers - The Heart of the Home."

The convention will be held the following week in Abilene. A large number of the Young Homemakers are planning to attend from Haskell.

New Ford Debut September 22

An all-new Ford car, significant improvements in other car lines, and new Ford pickup trucks with the most extensive changes in six years highlight Ford Division products for 1973.

Cars will make their debut at Bill Wilson Motor Company on Friday, Sept. 22, and trucks on Friday, Sept. 29. Availability of all vehicles is subject to Federal emissions certification.

"Any year in which the big Ford, our bread-and-butter car, and our pickup trucks are new just has to be a banner year," said J. B. Gipson, manager of the dealership.

Ford dealers will lead from a position of strength in '73. We have national marketplace leaders in Pinto, Torino, Thunderbird and Mustang, and will have a great opportunity to continue breaking sales records with the new hardware coming our way," Gipson said.

"FARMER POWER" WITH FARMERS UNION

CHARTERED 1902—POINT, RAINS CO., TEXAS

This is the 38th of a series of articles pertaining to goals and accomplishments since 1902, running every Thursday in the Haskell Free Press).

If you are interested in knowing more about Farmers Union and/or services available through Farmers Union—Fill out the form below and return to CONTACT Farmers Union.

OCTOBER—1971

Criticized the extra set-aside provisions of the feed-grain program as being unjust because farmers could not postpone until mid-March decisions on applications of herbicides, fertilizers, and irrigation water. Also pointed out the 19.5¢ rate on cotton, appeared to violate the intent of Congress and was lower than calculations would appear to warrant under the present law.

In testimony before the House subcommittee on Special Studies on Government Operations, pointed out that employment, health care, and housing are three major areas facing rural residents.

Presented testimony before the House Ways and Means Committee urging a program of national health insurance to provide adequate coverage for all Americans.

Presented testimony before the Senate subcommittee on Agricultural Credit Rural Electrification that rural electric cooperatives are in a cost-price squeeze due to sparse population, lagging rural economy, and high cost of operation.

NOVEMBER, 1971

Charged that USDA is failing to carry out the intent of Congress with respect to problems of marketing farm products.

Recommended vigorous enforcement of anti-trust laws against corporations engaged in agricultural production.

COME ALL THOSE TO OUR CAUSE WHO WOULD JOIN IN THE FIGHT FOR THE PRESERVATION, WITH DIGNITY, OF THE FAMILY FARMER AND RURAL COMMUNITY.

4-H Recipes

Rebecca Buerger, daughter of Mr. and Mrs. Walter Buerger of the Paint Creek Community, won a blue ribbon in the Bread and Cereal division, with Gingerbread.

Gingerbread

- 1 1/2 c. sifted cake flour
 - 1/4 tsp. baking powder
 - 1/4 tsp. soda
 - 1/2 tsp. salt
 - 1/2 tsp. cinnamon
 - 1/4 tsp. ginger
 - 1/4 tsp. cloves
 - 1/2 c. molasses
 - 1/2 c. water
 - 4 tbs. sugar
 - 1 egg, unbeaten
- (To use all-purpose flour, decrease flour to 1 1/4 cups). Sift flour once, measure, add

baking powder, soda, salt and spices, and sift again. Combine shortening, add sugar gradually, and cream together thoroughly. Add egg and beat well. Add dry ingredients, alternately with a liquid, a small amount at a time, beating after each addition until smooth. Bake in greased 8x8x2 inch square pan in moderate oven (350 d. F.) 35 minutes, or until done. Cut in squares. Serve warm or cold with butter or cottage cheese, if desired.

Another blue ribbon recipe from the Bread and Cereal division comes from Marlo Jo Lehmann, daughter of Mr. and Mrs. Norva Lehmann of Haskell.

Sagerton.

Buttermilk Cake

- 1 1/2 c. butter
 - 2 1/2 c. sugar
 - 5 eggs
 - 1/4 tsp. soda
 - 1 tbs. hot water
 - 2 1/2 c. flour
 - 1 tsp. vanilla
 - 1 c. buttermilk
- Cream butter, vanilla and sugar for quite awhile. Beat eggs individually one at a time. Dissolve soda and water and add this last. Bake one hour and 15 minutes at 325 d. in greased and floured tube pan.

Kerry Kemp found a way to put pork and beans and weiners together that won 3rd place in the Junior Meat division. Kerry is the daughter of Mr. and Mrs. Giles M. Kemp of Haskell.

Frank, Bean, Biscuit Casserole

- 1 tbs. butter or margarine
- 1/2 c. chopped onion
- 1/4 c. chopped green pepper
- 1 lb. weiners, sliced
- 16 oz. can pork & beans
- 1/3 c. chili sauce
- 1/3 c. catsup
- 1 to 2 tbs. brown sugar, firmly packed
- 1 can refrigerated buttermilk or country style biscuits
- 3/4 c. shredded Cheddar cheese
- 1/2 c. crushed corn chips
- 3 tbs. grated Romano cheese (or Parmesan)
- 1 tbs. butter or margarine

Preheat oven to 375 d. F. in large fry pan, saute onion and green pepper in 1 tbs. butter until tender. Stir in weiners, beans, chili sauce, and catsup. For a sweeter flavor add the brown sugar. Simmer 2 minutes. Spoon hot mixture into ungreased 12x8 or 9 inch sq. pan. Separate biscuit dough into 10 biscuits; pull apart each into 2 layers. Arrange 10 biscuit pieces over hot mixture; sprinkle with cheese. Arrange

SPECIAL CEREMONIES held recently at the Haskell Memorial Hospital honored two LVN nurses who had been employed there for 25 and 29 years. Alfred Turnbow, administrator, presented Miss Vera Hunt, seated, with a pin recognizing 29 years of service at the hospital. Miss Leona Carter was awarded a pin commemorating 25 years of service. The ladies are pictured making adjustments on the heart monitor machine. (Staff Photo).

remaining biscuits on top. Combine corn chips, and Romano cheese; Bake at 375 d. for 30 to 35 minutes until biscuits are golden brown. Refrigerate leftovers.

Linda Rhodes prepared a lemon pie that is very easy and delicious. Linda is a member of the Sagerton 4-H Club and is the daughter of Mr. and Mrs. Eugene Rhodes of Rule.

Lemon Ice Box Pie

- 1 can Eagle-brand milk, beaten well
- 2 egg yolks
- 2 lemons

Beat ingredients well and pour in pie plate lined with Graham crackers. Sprinkle cracker crumbs on top if desired. Place in refrigerator until ready to serve.

Buying Know-How Stretches Dollars

Stretch your dollars with buying know-how, says Mrs. Barbara Elliott, County Home Demonstration Agent. Good buying habits help you get more for your money.

Good shopping sense begins by looking ahead. Identify purchases which your family has coming up next year. Then be on the look-out for both sales prices and a product that fits your needs. One plan-ahead trick is a shopping list which can help you resist the temptation to overbuy. Shop around for purchases. Prices and products vary from store to store. By comparing you can save as much as 50% on many items, says Mrs. Elliott.

Analyze your shopping motives. Ask yourself why you really want the item. Avoid spending out of boredom or unnecessary indulgence.

Know your dealer. Buy from reliable businessmen who are established in the community. Be careful about the growing number of door-to-door salesmen. Most are legitimate, but a few are out to cheat you. Check for the credentials of a door-to-door salesman. Be careful about dealing with a strange firm, particularly when there is no permanent address or sales representative in town.

SAGERTON NEWS

LeFevre one with some "spare time" in his community and a lawn mower might like to go out and mow on the south end, where the job was not finished. The part that was mowed looks very nice, and the co-chairmen, Mrs. Lewis and Mrs. Lehrmann wish to thank those who came and worked.

The Sagerton Musical was a success last Saturday night and

it was decided to continue them on the third Saturday night of each month. However, in October there will be a conflict with the Veteran's Day celebration in Rochester, so it was decided to postpone the next musical until the third Saturday night in November.

The members of the Sagerton Cotton Picken Square Club enjoyed a weiner roast with all the trimmings at the home of Mr. and Mrs. Joe Clark Tuesday night of last week. Their caller, Leon Ivey of Haskell, was also present. Joe Clark is the club's president. Mrs. Clark is secretary-treasurer, and Clarence Lehrmann is vice president. The Group voted to resume their regular square dances at the Sagerton Community Center on the fourth Saturday night of each month, with Leon Ivey as caller.

Next Saturday night about 8 o'clock all the square dancers in the area are asked to come join them and visitors are always welcome, to just come and watch.

Mrs. A. C. Knipling is home from Houston where she had surgery recently and is doing fine.

Mr. and Mrs. Pat Sellers returned from Houston last week where Mrs. Sellers went to see her doctor at M. D. Anderson. On Friday they were called to Plainview for the funeral of Mrs. Seller's niece's husband, and they also visited in Lubbock with Mr. and Mrs. Johnny Johnson and Tammy.

Mrs. Cliff LeFevre and Delbert took Mrs. Frank McKerrall back to her home in Angleton Thursday of last week. On the way back home they visited Mr. and Mrs. Clarence LeFevre in Wortham and Mr. and Mrs. Mike Bailey and sons in Bedford.

Guests in the Lewis Corzine home for lunch Sunday were: Mr. and Mrs. Oscar Corzine of Rule, Mr. and Mrs. J. F. Corzine of Seagraves, Mr. and Mrs. Dan Corzine and Judy of Seagraves, Mr. and Mrs. Clifton Alexander of West Columbia, and Diane Corzine of Abilene. After lunch they all went to the golden wedding anniversary celebration of Mr. and Mrs. Lonnie Corzine in Rule.

Our sympathy is extended to Alvin Ulmer, whose grandmother, Mrs. Maudie Hanson of Stamford, was buried Monday in Stamford. She was 99 years of age.

Weekend guests of Mr. and Mrs. Lois Young were: Mr. and Mrs. R. J. Boyer and Shanna of Bedford and Mrs. Viola Grover of Beeville.

Mrs. Josie Ender had as guests over the weekend, Mr. and Mrs. Frank Pesch of Bovina, Mr. and Mrs. Robert Thane of Stamford, Mr. and Mrs. August Angerman, and Hilda Koch.

The Sagerton community is very proud and honored to know that other people in our State feel as we do about Pastor Joe Aalbu, of Faith Lutheran Church in Sagerton. He was nominated and was included in the four runners-up in the Texas Rural Minister of the Year contest held by the Texas State Extension Service.

Placement of Pastor Aalbu in the ranks of the top five rural ministers in the state is a real honor to a man who has only been in the ministry for two years.

We in this community know what he and his wife, Molly, have done for our community by uniting us in working together in our clean-up campaign of our town and other projects which helped us win first place in District III in the Community Improvement Con-

Rotarians Plan Fund Raising Projects

Haskell Rotary Club members and guests met at the City Cafe September 14, with president Bob Philpot presiding.

Chief Escobedo, program chairman for the day, relinquished his allotted time for a round table type of discussion led by Philpot, concerning

some of the club's projects for the year. It was decided by members that special emphasis be placed on the club sponsored chili supper to be held at the high school lunchroom on September 20, prior to the Haskell-Breckenridge football game. Also, the annual turkey shoot was discussed and a site is being looked for in which to stage this project. Other types of fund raising projects were discussed.

Abe Turner, club secretary-treasurer gave a financial report giving information as to what projects had been sponsored and the cost.

Invocation for the meeting was given by Rotarian Rev. H. O. Abbott and the song session led by Bob Herren with Rene Abbott providing accompaniment on the piano.

Desmond Dulaney introduced Joe Hughes of Wichita Falls and Gene Brown of Eagle Lake as the guests for the day.

test last spring, and in putting new life into our little community and into the whole area. He has spearheaded and is president of the "Brazos West", an economic development corporation of leaders of Haskell, Jones, Knox and Stonewall counties.

Congratulations "Joe and Molly." We feel like you should be number one.

OBITUARIES

Funeral services for A. W. McBeath, 87, of Knox City, were held Wednesday, Sept. 13, in the First United Methodist Church at Knox City. Rev. B. J. Foster, pastor, officiated. Burial was in Knox City Cemetery. Mr. McBeath died at 8:15 a. m. Tuesday in the Brazos Valley Care Home in Knox City after a lengthy illness.

Born Oct. 1, 1884, in Frazier, Ky., he married Ellis Powell, Jan. 9, 1919 in Hamlin. They moved to the Haskell and Knox county area in 1918 from Fisher county. A retired farmer, he was a former member of the Board of Stewards in the Methodist Church and also was a member of the Masonic Lodge. Survivors are his wife, a son, Charles of Amarillo; two daughters, Mrs. Lloyd Waldrip of Knox City, and Dr. Juanita McBeath of Shreveport, La.; a brother, C. C. McBeath of Thermopolis, Wyo.; two granddaughters, Mrs. A. C. Sharp of Abilene and Mrs. Don Welch of Avoca; and four great-grandchildren.

Funeral services for Curtis Acio Terry, 62, of Fort Worth, were held Thursday, Sept. 14, in the First United Methodist Church of DeLeon. Rev. W. L. Milner, pastor, assisted by Payne Huttox, retired Church of Christ minister, officiated. Burial was in DeLeon Cemetery. Mr. Terry died at 1 p. m. Tuesday, Sept. 12, in a Fort Worth hospital after a long illness.

Born March 2, 1910, in DeLeon, he had lived in Fort Worth the last 20 years. He married Zedie McChares, Dec. 29, 1930 in DeLeon. He was a member of the Methodist Church. Survivors are his wife of the home; two daughters, Mrs. Letta Dell Londermilk of Burleson and Mrs. Nancy Lou Lawless of Fountain Valley, Calif.; four brothers, Dr. Raymond Curtis of Tennessee Colony, El of DeLeon, Travis of Fort Worth and Elgie of Big Spring; three sisters, Mrs. E. BRAZOS-WEST ART ASSN. Thirty area women met in the Rule High School Sept. 12 for an organizational meeting. Towns represented were Rochester, Knox City, Stamford, Sagerton, Haskell and Rule. Mrs. Ed Fouts of Rule presided at the business meeting. The Constitution was adopted.

and the organization named "Brazos-West Art Association."

Officers are: Mrs. Ed Fouts and Mrs. Joe Aalhue of Sagerton as co-presidents; Mrs. Adrian Lott of Rule, vice pres.; Mrs. Boyd Baird of Rule, Sec.; Mrs. Melanie Whitley of Knox City, treas., and Mrs. C. W. Dunnam of Rule, reporter.

The association was organized to promote artistic activity in the area, to provide opportunities for individual expression, to encourage public interest, and through group participation to share talents and ideas.

Artistic demonstrations, work shops and guest talents will be used at monthly meetings. There will be at least one art show each year.

The meeting night will be the 2nd Tuesday in each month; the month of October will start at 7:30 p. m. Later meetings will start at 6:30 p. m. People from all over the area are invited to attend and join. Dues are \$5 a year.

ROTARY

John Greeson, local Church of Christ minister, was the guest speaker for the Rule Rotary Club at their noon meeting, Sept. 11. Lovon Beakley, president, called the meeting to order and John Greeson led the opening prayer. Harold Woods led the group in singing.

The president introduced the new Rotary Club Sweetheart, Miss Marcia Brass. Marcia is the daughter of Mr. and Mrs. Howard Brass, a senior, she participates in basketball, is a drummer for the drill team, co-editor of the school paper, Bobcat Tales, holds the office of parliamentarian in FIA, a member of Beta Club, and is church pianist for the First Baptist Church.

Mr. Greeson entitled his talk, Good Sportsmanship, and listed three points one should always remember: 1. play the game well, 2. play by the rules and, 3. do the best you can. He applied this to every day living.

Two guests present from Haskell were Hooper Wilkerson and Bob Philpot.

Program chairman for the month of September is Jerry Westmoreland.

AFTER GAME FELLOWSHIP

The Rule First United Methodist Church entertained the high school youth and their dates Friday night, following the Rule-Knox City game at Rule. The fellowship was at-

tended by 60 youth and seven sponsors.

Entertainment for the group was provided by John Rakestraw and Dervin Rogers of McMurry College in Abilene. They entertained with various musical selections.

All enjoyed the fellowship and refreshments.

Congratulations to Rev. Joe Aalhue of Sagerton who was one of four runners-up in the Texas Rural Minister of the Year contest.

RINN REUNION

The Rinn reunion was held at the Old Glory Hall Sept. 2, with 55 registered by Mrs. Bernice Lunn. A noon meal was brought by the families attending. A short meeting was held after the meal and it was voted to have the next meeting the Saturday before Labor Day in 1974. In other business, officers re-elected were: Herbert Rinn, president; Anton Tschelmann, vice president; and Mrs. Bernice Lunn, secretary and treasurer.

Following the business meeting, those attending enjoyed visiting and a musical program.

Amendments

FOR: State officers elected for four-year terms would have sufficient time to master the functions of office before embarking on campaigns for reelection. By spending less time on campaigning, officials would be able to devote greater energy on their prescribed duties.

Becoming effective with the general election in 1974, an off-presidential election year, the proposed amendment would perpetuate elections for state office in non-presidential election years, thus generating greater interest in state politics.

Expenses in campaigning for state office have become so exorbitant as to make it impossible for many highly qualified individuals to become candidates. A four-year system of elections would almost halve

the campaign expense involved, thus making it unnecessary for candidates to accept support of special interests. Better candidates could result and greater integrity in office would be encouraged.

In 39 states the governors are elected for four-year terms of office. These include Oklahoma, Louisiana, and Colorado, all Texas neighbors. Officials in these states recognize the need for long-range plans and program, which frequent changes in leadership resulting from a system of two-year terms make impossible.

AGAINST: Long terms of office tend to alienate the official from the electorate, making him less responsive to the rise and fall of public opinion. Forced to campaign biennially, the public official is under almost constant exposure to the wishes and needs of the people who elect him.

Too much power is inherent in four-year terms. For ex-

ample, a governor serving two terms under a four-year system would be in a position through his appointments, to dominate every state board or commission. Particularly this would be true for those boards to which members are named every two years for six-year terms on a staggered basis.

History has shown that long tenure in office and political corruption run hand in hand. The proposed amendment includes no restrictions on election to consecutive terms, thus permitting almost lifetime tenure for a powerful politician.

Over half of the states in which four-year terms have been authorized have included provisions as a safeguard against the service of consecutive four-year terms by the governor.

A four-year term would be too long to retain a poor public official and a good public official is generally re-elected and retained in office under the shorter term for as long as he continues to serve the public well.

AMENDMENT NO. 9

The proposed amendment to the Constitution, exempts directors of soil and water conservation districts from constitutional prohibitions against holding more than one civil office of emolument and against payment of compensation to persons holding more than one office or position of honor, trust or profit under this state or the United States. The amendment would prohibit a member of the legislature from holding the office of director of a soil and water conservation district. It is doubtful that this adds anything not already prohibited under the existing provisions.

ARGUMENTS

FOR: In many of the less populous areas of the state, a shortage of qualified people renders positions as director of soil and water conservation districts difficult to fill. The proposed amendment would increase the available manpower for these positions by freeing public employees to fill them.

Established principles of the common law would continue to prevent persons from holding two public positions if there

Four Accidents, One Fatality During August

The Texas Highway Patrol investigated four accidents on rural highways in Haskell County during the month of August, according to Sergeant Frank Jircik, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and three persons injured.

The rural traffic accident summary for this county during the first eight months of 1972 shows a total of 36 accidents, resulting in two persons killed, and 39 persons injured.

Region 5 of the Texas Department of Public Safety shows a total in August, 1972 of 593 accidents resulting in 28 persons killed and 359 persons injured as compared to the same month in 1971 with 581 accidents resulting in 25 persons killed and 400 persons injured. This was 12 more accidents, three more fatalities and 41 less injured in 1972, at the same period of time.

The veteran officer reminds you that as the world grows in population, so grows the congestion upon our Texas Highways. Drive friendly, the Texas way!

The 28 deaths for the month of August 1972 occurred in the following counties: Castro, 4; Palo Pinto, 3; Lubbock, Car-

Direct Dialing In 1974

Plans to provide Seymour customers and 16 other area towns with (1 + DDD) Direct Distance Dialing service were announced today by Gerald Kehoe, division manager for General Telephone.

Kehoe said starting in May, 1974, and continuing through July, 1974, the following towns will receive DDD: Seymour, Olney, Goree, Munday, Knox

City, Benjamin, Crowell, Aspermont, Haskell, Rochester, Rule, Weinert, Throckmorton, Loving Jermyn, Megargel and Newcastle.

American Legion Officers Installed

Officers of the Rogers-Cox Post 221 American Legion were installed Sept. 7, by District Commander, Frank D. Slaven of Wichita Falls.

Installed as officers for the new year were: Eldon B. (Andy) Anderson, Commander; Troy Schwartz, 1st Vice-Commander; Gary Cobb, 2nd Vice-Commander; Clinton H. Herren, Adjutant; Winfred Anders, Finance; Clinton H. Herren, Service Officer; Felipe Arredondo, Chaplain; Charles F. Owens and Bob Earles, Sergeants-at-Arms; and Bill Comedy, Publicity Chairman.

The first phase of building construction is underway at Seymour, and involves an 8,000 sq. ft. expansion to house new toll switching equipment and automatic ticketing equipment. In 1973, new exchange buildings will be constructed in Knox City, Munday, and Rule to house new central office equipment and provide for DDD equipment.

All other towns will require extensive equipment rearrangements and additions. Much of the toll lines feeding into Seymour will be replaced with underground cable.

Olney and Newcastle will be changed from the Graham toll center to the switching center in Seymour. Operator assistance will be furnished these two towns by Seymour operators, Kehoe said.

The 1 + DDD equipment identifies the calling telephone number, times the call, and records this information for use in the billing and accounting procedures of the telephone company.

Although highly complex in design and construction, the equipment is relatively simple in the way it works.

When a caller picks up his receiver to make a 1 + DDD call, he dials the access code "1" which connects his telephone with an automatic recording device known as a "ticketer". This is comparable to the usual procedure of dialing a number to reach a long distance operator. He then dials the area code and telephone number.

From this point, the call is completed under the control of a computer which determines

THE DAD 'N LAD SHOP
Haskell, Texas

It's 1973, and Chevrolet roofs are opening, seats are swiveling, bumpers are retracting, hatches are flipping up.

Did you ever have so much to do that you didn't know what to do first? We're happy to report that's us in '73. But since everything must have a place somewhere...

Isn't it romantic?

Do you see that rectangle beaming down from above? That's a moonroof. Not to be confused with a skylight. (Although many people will mistakenly be caught using it like a skylight.) A power roof is available on all models and Monte Carlo; a manual roof is available on Nova.

Bumpers are exciting?

New Nova Hatchback Coupe.

Look what we hatched

You know us for our little Vega Hatchback. Now dependable Nova has one. Which literally makes it half trunk with the backseat down. It's a feature as practical as Nova itself.

We've been thinking about your legs

One of the few things people asked us to improve in our popular Chevelle was leg room in the backseat. Well, your knees will be pleased with the '73s. There's almost 3 1/2 more inches in the sedans.

So what else is new

Naturally this is only a taste of what's new for '73.

Among other things, we're introducing larger gas tanks for longer cruising range, a new Exhaust Gas Recirculation system, a hatchback for wagons, and a highly refined flow-through power ventilation system.

Plus a reading light for front seat passengers, improved suspension systems, engines that give you performance combined with gas economy, reclining seats and scores of dramatic styling changes.

We invite you to see it all at your Chevrolet dealer's.

Rochester News

By Sherry Sloan

OBITUARY

Funeral for Jackie H. Neathery, 17, son of Mr. and Mrs. Jack Neathery of Rochester, who died Wednesday afternoon at the University of Southern California Burns Center in Los Angeles, was held Sunday afternoon in the Knox City Four Square Church.

Floyd Bailey, pastor, and Kathryn Byrd of Rochester officiated. Burial was in Rochester Cemetery under the direction of Smith Funeral Home.

The Neathery youth's death was the result of injuries received in a motorcycle accident September 5th in California.

Rhona Myers, 15, daughter of Mrs. Dera Myers of Rochester, passenger on the cycle driven by Neathery, remains in critical condition at USC Burns Center.

The Rochester Steers were

defeated by Hawley Friday night, 24-8. Hawley scored in the first period on the opening kickoff. In the third period Hawley scored three touchdowns. Rochester scored its lone touchdown when halfback Wendell Hollingsworth burst 11 yards over right guard. Rochester had intercepted a pass on the Hawley 27 yard line to set up the score. Rochester will play Loraine there in a Saturday night game this week.

PEP RALLY

The Rochester cheerleaders served birthday cake and cupcakes at the High School Pep Rally Friday afternoon. This beautiful birthday cake and celebration was in honor of Steer Coach Archie Scott.

Represents Rochester

Miss Karan Sharp, Rochester FFA Sweetheart, has at-

tended the West Texas Fair at Abilene every night last week, representing the Rochester FFA Chapter. Karan was introduced to the audience at the Fair on several occasions and was a contestant for the Queen contest which ended Wednesday night. The winner was from Anson FFA with Cross Plains and Haskell girls as runnersup.
