Thanks,

Dear Buford,

We plan to attend the 60th anniversary and need a place to stay two nights, August 1st and 2nd. Will you please advise if there is a motel at Abernathy and the accommodations, and, other words, if a very nice place to stay giving the name of the motel so I can write them direct for reservations.

I am enclosing a check for \$6.00 for a years subscription to the paper and a dollar I liked paying you last year. Thanking you very kindly, sure want to see you while attending the Anniversary. We attended their 10th and fiftieth and if the good Lord is willing their 60th.

Best wishes and thanks,

TUESDAY, JULY 1, 1969
JAPAN

Dear Mr. Davenport:

I thought I would write to you so you could tell the Abernathy people about my trip so far.

I had a wonderful time in Hawaii and everything was so beautiful.

We arrived in Tokyo, Japan on June 26 and rode the Super Express train to Osaka, Japan June 27.

I am living with a really wonderful family. The only person in the family that speaks English is the 20 year old daughter, and she doesn't speak it very well. I have eaten Japanese food nearly every meal and I really like it. They made me make them hamburgers yesterday.

Last Friday night the Osaka Lions had a party for all of the YEPER'S in Osaka and their host families. Sunday I visited a very small Protestant church, then we went to Kyoto to see the Budist Temples. We visited the Tinkakeyi Temple and a universty. Kyoto is a very beautiful town and famous for tourists.

The weather is very humid here. It has rained every day I've been here. My family has kept me very busy. Tomorrow I will meet a friend of Mr. Billie Harrison. He is going to take me to an AFS party. He speaks English very well.

Now I know what it feels like to be a foreigner. I feel pretty sick sometimes when everyone around is speaking Japanese and I am the only English speaking person around. But as a whole, I have really enjoyed my trip very much.

On July 11, all of the kids in Osaka area will stay at an English House for five days. Here we will learn all of the Japanese customs and put them to practice. I am looking forward to this.

I must close now with Arigato to go zaimasu (thank you) for I owe so much to the

Dear Buford:

For my doctoral dissertation for the Ph. D. degree in Linguistics, I am doing an etymological study and linguistic and of the place names of thirty-eight counties in the Panhandle-South Plains area of Texas. The name histories of most of these places have never been recorded in published material; therefore, I must rely on living sources for my information. I have written to various prominent people in each of the counties, with varying success. Three counties, Floyd, Roberts, and Swisher--are now complete. Others have only a few remaining names.

I would like to enlist your help in my search for the remaining place name histories. If you do know the origins of the names, I would appreciate if you would jot them down and return them to me. If you do not know them, would you please print an article in your paper, asking for help from the citizens of your county?

Enclosed is a sample news release which you might use. At this point, I am pleading for help, as the success of my study depends on the aid that I get. Any help will be greatly appreciated.

Sincerely,
Donald A. Gill

(Editor's Note: Mr. Gill is the son-in-law of Mr. and Mrs. Clyde Benn of Abernathy.)

Gill Seeks Information

Mr. Donald A. Gill, professor of English at El Centro College in Dallas, is preparing a study of the origins of the names of all towns, rivers, creeks, and other place names on the map of thirty-eight counties of the Panhandle-South Plains of Texas. Hale County is one of those included in the study. The study will serve as his dissertation for the Doctor of Philosophy degree in Linguistics from East Texas State University and will also be published in book form at a later date.

Gill, a fellow West Texas from Ropesville, received his Bachelor of Arts degree from West Texas State University in 1960 and his Master of Arts degree from the University of Colorado in 1966. He is the son-in-law of Mr. and Mrs. Clyde Benn, 913 1st Street, Abernathy.

At this point in his study, Gill has exhausted his sources of recorded material and must rely on living sources to help him. Thus the citizens of Hale County are asked to aid him in discovering the origins of names of the county.

Some of the name origins which he has already discovered are as follows:

Abernathy--for Monroe G. Abernathy, who promoted the townsite; Boone--(now Halfway)--for J. L. Boone and his son, who had an early-day store there; Cotton Center--for the major crop grown there, cotton; Hale Center--for its location in the center of Hale County; Petersburg--for Mrs. Margaret Peters, who established the post office there; Plainview--for its location on high ground which affords a magnificent view of the Plains.

Other name origins which he has been unable to find are the following: Hale County; Alley; people of Abernathy for giving me this opportunity.

The Texas Water Plan, among other features, proposes to move surplus water from East Texas and the lower Mississippi River to the High Plains. It is designed to meet the water needs of the state over the next 50 years.

Proposed Constitutional Amendment No. 2 authorizes the Texas Water Development Board to issue \$3.5 billion in bonds to finance Texas share of the cost of the Texas Water Plan.
