EIGHTY-SIX HASKELL, TEXAS 79521, THURSDAY, NOVEMBER 2, 1972 NUMBER FORTY-THREE

Indians Suffer First District Loss

The Haskell Indians dropped to second place in District 6AA last Friday night when the Hamlin Pied Pipers pulled a surprising 20-12 upset.

Charles Alexander led the Indian attack rushing for 108 yards in 15 carries for an average of 7.2 yards per carry. Alexander, a junior, played his best game of the season Friday night, scoring one touchdown and rushing six times for over 10 yards.

Senior Jackie Young rushed for 91 yards in 24 carries, tossed a six yard pass to Bobby

Cobb, and caught two passes for 25 more yards. The Pied Pipers fumbled the opening kickoff and the Tribe took over on the Hamlin 20

yard line. Eight plays later, on a fourth-and-goal situation from the four, the Tribe fumbled the ball into the endzone and out of bounds.

The Pied Pipers scored two plays later on a 63 yard run by sophomore Johnny Jones. PAT was good and Hamlin led the Tribe 7-0 with only 3:15 gone in

the first period. After a fine kick-off return, the Tribe scored their first touchdown three plays into their second possession with Young carrying it in from the 20. PAT was not good.

The Indians held Hamlin on their next possession and began their longest drive of the game on their own 5 yard line.

Five first downs later Alexander scored from the five with 1:15 left in the first period. PAT was no good.

Jones rushed for 78 yards in three plays and scored for the Pied Pipers from the 12 with only 5 seconds left in the first period and PAT was good, giving Hamlin a two-point lead, 14-12.

Each team had the ball twice during the scoreless second period and three of the four drives ended in fumbles. Before the end of the period, Jody Mickler and Robin Colbert caught passes for 26 and 20 yards for two of the largest passing gains before a fumble ended the drive.

Both teams played tough defense as the second half opened with neither team being able to sustain a drive for over four plays.

The Pied Pipers began their only scoring drive with about 3:35 left in the second period and carried the ball 65 yards in 11 plays to make the score 20-12. PAT was no good.

Each team had possession of the ball five times during the final period and neither held it over five plays. There were five punts and two fumbles relayed the ball between the teams.

The loss places the Indians in second place in District 6AA, tied with Anson, Ballinger and Hamlin are tied for first place with two wins in district play.

The Indians travel to Winters tomorrow night, November 3, for their third district clash. Game time is 7:30. See you there.

Local Fishermen Get Stranded

Three local fishermen decided the fish were biting Monday morning and loaded their car and traveled to Throckmorton for a few hours of sport. About noon the next day they returned tired and wet but otherwise fine.

Richard Bischofhausen, Sam Crume, and Joe Larned were fishing in a small stock tank east of Throckmorton, and when a light rain began to fall they decided to leave while the dirt road was still solid. As they neared a Farm Road a small creek was out of banks and they could not cross. Trying two other routes back to civilization was also futile.

After spending a cold night in a car that didn't have a heater the group tried to get out several times before finally crossing the creek about 10:00 a. m. Tuesday.

Bischofhausen said "We were concerned that our wives would worry, but we were fine." He also said the night was the longest he had ever spent, but only a true fisherman would say, "The trip was not a total loss because we did catch four nice bass."

Industry May Locate In Haskell

Eleven members of the Haskell Industrial Foundation met Tuesday night to discuss possibilities of locating a small industry in Haskell.

Hank Dickerson and Co., Industrial Realtors of Dallas, has set up an appointment for Friday morning at which time local representatives will discuss plans with industry representatives. Planning to make the trip are: Royce Adkins, Bob Herren, J. B. Gibson and Abe Turner.

Sewing center representatives have decided to locate the industry in Haskell, Hamlin or Rotan and will decide sometime after meeting with local representatives of each of the towns.

Attending the meeting were: Royce Adkins, President; Abe Turner, Darold Roberson, Jimmy Browning, Bob Herren, Belton Duncan, Charles McCauley, Bob Philpot, Bill Comedy, Bob Beauchamp and J. B. Gibson.

CHAMBER MEETING

Dr. and Mrs. T. W. Williams attended the quarterly meeting of the West Texas Chamber of Commerce last weekend in Lubbock. Congressman Omar Burleson spoke at the directors meeting. While in Lubbock they attended an art show of Wilson Hurley.

Strain Breeder Of Top Angus At Ft. Worth

Junior showmen from throughout Texas exhibited 497 head of steers during the 1972 State Fair of Texas, Dallas, and grandchampion honors over all breeds went to the winner of the crossbred division, shown by Jim Dyer, 19, of Fort Davis. Jim's top Charolais-Angus cross steer tipped the scales at 1,190 pounds and caught the eye of Judge Robert Morford, Abilene, to win the coveted honor. Jim is the son of Mr. and Mrs. James Dyer.

In the Angus steer show, a total of 98 head made up the classes and top award went to Dale Welfone, Hamlin, on a 1,090-pound heavyweight. Dale, 12, is the son of Mr. and Mrs. Ed Welfone. His steer was bred by J. H. Strain, Haskell.

In the junior heifer show, 82 entries made up the strong classes of Angus females and top honors went to an entry of Sicily Heyser, Cisco. Her top heifer was Heysen Miss Ballot 16, bred by McCurry Brothers, Sedgwick, Kansas, and purchased in dam.

The reserve champion Angus female of the junior show was Gay Erica Emulous 51, shown by Gay Leigh Phillips, Seagoville. She is the daughter of Mr. and Mrs. Wayne Phillips.

Four Steers Place At State Fair

Seven steers from Haskell County were shown at the State Fair in Dallas recently, and of the seven, four placed above 15th.

Tammy Herricks won 1st place in the light weight Angus class; Larry Short placed 3rd in the light weight cross class; Mark Hager placed 8th in the middle weight Angus class; and Joe Wilfong placed 14th in the light weight cross class.

Also showing steers at the fair were Kyle and Calvin Wilfong, and Mellista Roberson.

MOTHERS WERE ALMOST as proud of the Eagle awards as their sons last Monday night in a special Eagle Scout Court of Honor. Receiving the Eagle Awards were Jim Pippin, son of Mr. and Mrs. Pippin, and Danny Miller, son of Mr. and Mrs. John Miller. Also shown are E. W. Pruett (left) and Bob Dulaney, scoutmaster (far right). Dennis Ratliff spoke at the event and City Councilman Jimmy Browning read letters of commendation to the scouts from President Nixon. A reception was held after presentation. (Staff Photo)

Bennett Attends Odessa Workshop

Milfred W. Bennett, administrator representing Clearview Lodge in Haskell has just returned from a three day educational workshop held October 27, 28 and 29, 1972 at the Inn of the Golden West in Odessa. The workshop was co-sponsored by the Texas Nursing Home Association and Texas League for Nursing, and was directed by the University of Texas at Austin, Division of Extension, Distributive Education Department.

Titled, "Because We're All in This Together," the workshop concerned communication and interpersonal relations between the nursing home administrator and nursing staff, and was approved by the Texas License Board for Nursing Home Administrators to count toward 14 hours of continuing education.

The Texas Nursing Home Association is the professional association of licensed extended care facilities, nursing and custodial homes in the state, and has in the last five years, trained over 13,000 nursing home administrators and staff members in its education program. Its 700 members represent over 42,000 beds, and are both proprietary and non-profit. TNHA is affiliated with the American Nursing Home Association and is dedicated to improvement of health care for the aged.

Brazos Authority Receives Grant

Congressman Omar Burleson announces approval of a \$75,000-000 Environmental Protection Agency grant to the Brazos River Authority for Water Quality Management Planning.

The purpose of the study is to develop a basin-wide water quality management plan for the Brazos Basin and adjoining coastal areas, comprising about one-sixth of the area of Texas. Haskell County is one of 68 in the Basin. The study is to be financed half by State and local funds and half by this Federal grant under the Federal Water Pollution Control Act.

The desirability of having an effective plan throughout the basin is fully realized by all concerned. The urgency of developing such a plan has been emphasized by Federal regulations requiring that sewage systems built with Federal assistance in the future must be consistent with basin-wide water quality management plans; if such basin-wide plans are not in existence, the proposed sewage treatment facilities will not be eligible for Federal grants to assist in paying construction costs.

Congressman Burleson expressed gratification at the approval of the grant, having made personal contacts with the EPA Administrator in behalf of the Brazos River Authority request.

Nine Accidents In September

The Texas Highway Patrol investigated nine accidents on rural highways in Haskell County during the month of September, according to Sergeant Frank Jirick, Highway Patrol supervisor of this area. These crashes resulted in no persons killed and nine persons injured.

The rural traffic summary for this county during the first nine months of 1972 shows a total of 45 accidents resulting in two persons killed and 48 persons injured.

Region 5 of the Texas Department of Public Safety shows a total in September, 1972 of 561 accidents resulting in 21 persons killed and 335 persons injured as compared to the same month in 1971 with 499 accidents resulting in 33 persons killed and 268 persons injured. This was 62 more accidents, 12 less fatalities and 67 more injured in 1972 at the same period of time.

The Highway Patrol supervisor reminds you that speed is one of the main factors in accidents on the highway. Slow down a little and live a lot. Drive friendly the Texas way! The 21 deaths for the month of September, 1972 occurred in the following counties: Oldham, Knox, Lamb, Wise, Yoakum and Young, two each; Childers, Deaf Smith, Hartley, Pitter, Randall, Wheeler, Palo Pinto, Terry and Wichita, one each.

New Protection Plan Adopted By Farm Bureau

Haskell County Farm Bureau has adopted the new Property Protection Plan offered by the Texas Farm Bureau.

Effective Nov. 1 all members who have the official "No Trespassing" signs posted on their property will be protected against trespass and other offenses. This reward program is provided by the Texas Farm Bureau and affiliated insurance companies.

Action was taken by the Haskell County Board of Directors to adopt the program.

The new service-to-member program provides for the posting of property according to the new anti-trespass law passed during the last regular session of the Legislature.

A reward of \$200 is offered by the Texas Farm Bureau and Insurance Companies for information leading to the arrest and final conviction of persons committing trespass, felony theft, arson, or malicious mischief as defined by Article 1350 on property of a current Farm Bureau member.

Each member will automatically have protection on the effective date provided he has properly posted his property. Signs will be available from the county Farm Bureau at a cost of 50c each.

In addition to the sign, the member may elect to purchase name plates that may be attached to the sign. These cost an additional \$1.00 each. Decals for automobiles, trucks and other vehicles will be provided at no cost to the member.

The county Farm Bureau will be responsible for completing a form furnished to them for the purpose of reporting information leading to the arrest and final conviction under the program.

The Farm Bureau insurance

adjuster, will investigate and send the report with further information to the state office. The \$200 check will be sent from the Texas Farm Bureau to the county Farm Bureau president who will deliver it to the property owner.

There is no cost to the individual member for the protection except for the signs and optional name plates to be attached to the signs. The county Farm Bureau assumes the cost of the program which is 20c for each current member of the organization not having a fire or casualty policy with the Texas Farm Bureau Insurance Companies.

Mrs. Joe Swofford and Mrs. Carl Hertel entertained the teenagers in the confirmation classes of Faith Lutheran Church and their guests with a Halloween party Sunday night. Traditional Halloween games, including bobbing for apples, were played.

Mrs. A. H. Tiechelman and her mother, Mrs. Mary Schronerstedt of Stamford, visited in Deenville with Rev. and Mrs. Winston Hold and Allen and with Mr. and Mrs. Dan Humphries at Caldwell recently.

Mrs. John Clark returned home recently after going to Kilgore for the funeral of her brother, Gill Smith, who died suddenly while visiting relatives at Holliday. Mrs. Reece Clark, Mrs. Joe Clark and Mrs. Chas. Clark and Mrs. Roy Weeks of Stamford also attended the funeral.

Mr. and Mrs. Norman Kelley of Idalou visited with Mr. and Mrs. Reece Clark Sunday and with Mrs. John Clark on Monday of this week.

The first bale of cotton at the Sagerton Gin was brought in by Herbert Nierdieck. The gin has not ginned any now for over a week because of the rain.

Mr. and Mrs. F. A. Ulmer and Mr. and Mrs. Barney Ross took advantage of the rainy weather to visit their children, the Winston Ulmers and the B. L. Rosses in San Antonio, over the weekend.

Fred Kupatt visited last week with his parents, Mr. and Mrs. B. Kupatt in Fredericksburg.

Mr. and Mrs. J. B. Toney and children from Netherland visited here recently with Mr. and Mrs. A. C. Knipling.

By popular demand Sagerton will again stage a "Hee-Haw" production Nov. 4. The entertainment will begin with meals served in the lunchroom beginning at 5:30 p. m. Homemade chili, stew, frito bags, and hot dogs will be served and homemade pies will be available.

A fun festival with games of bingo, fishing, and cake walk will be going on till the "Hee-Haw" begins at 8:30 p. m. Admission for the "Hee-Haw" is 50 cents. All proceeds will go toward the Community Center.

One hour's factory labor will buy 10.6 quarts of milk as compared to only 5.1 quarts in 1940.

Briscoe's Position on Busing:

"I am opposed to forced busing to achieve racial balance."

"We must do everything in our power to improve the quality of education for every young Texan, in every school. And forced busing adds little to the amount of learning we give our children. We should give more attention to educational excellence and less to racial balances." Dolph Briscoe, will work to provide the best education possible for every child in Texas, regardless of his race or heritage.

Rule Wins In Bobcat Clash

The Rule Bobcats emerged victorious in the battle of the bobcats last Friday night, 57-0. Scoring first for Rule was Larry Barbee just minutes after the game began. Jessie Macias booted the PAT. Newcastle received the ball and returned it to Rule on downs. On a pass from Steve Anders, Jessie Macias scored with 5:15 left in the first quarter. Macias again booted the PAT. Rule kicked to Newcastle and again received the ball on downs on the 32 yard line. Art Briles went up the middle for 8 points on the first down. Macias was good for the PAT with 4:11 still in the first quarter. Rule kicked to Newcastle and on 4th down Newcastle punted to the snap to the kicker and this set Rule up on Newcastle's 33 yard line. Don Hisey scored on the 2nd play on an end sweep, and Macias booted the extra point to make the score 28-0 at the end of the first quarter. In the second quarter Newcastle punted to Rule on downs and put Rule on the 20 yard line. Rob Kittley gained a 1st down and Larry Barbee went through the middle on the 2nd down for six points. Steve Anders threw a pass to Briles to make the extra two points. Newcastle received the ball and Rob Kittley was injured in play, receiving a severely sprained ankle. Rule took over on downs. Hisey cooked for a first down and Art Briles scored. Macias booted the PAT. Another TD on a pass from Briles to Anders was nullified by a penalty. The end of the 2nd quarter was by Don Hisey who carried on an end sweep. Macias made the PAT good to leave the score at half-time 50-0. In the third quarter Newcastle intercepted a Rule pass and made a first down. The first time Newcastle was in Rule territory for the night. Intercepting a Newcastle pass for Rule in the third quarter was Jimmy Macias. Steve Anders scored the final TD with 4:42 left in the game. The PAT was good. Rule is now 6-0 for the season and 2-0 for district. Chilli-

Lady Breaks 100 Targets

The regular monthly shoot of the Haskell Trap Club was held last Sunday with 23 shooters competing and shooting at about 6,000 targets. Paul Melton of Abilene won Class A singles with 99x100, Nickie Jeter of Wichita Falls won Class B with a perfect 100x100, C. C. Calhoun of Aspermont won Class C with 93x100, and Charles Thornhill of Haskell won Class D with 94-100. W. E. Wooten of Haskell won the Handicap event after defeating Steve Howeth of Knox City in a shoot off. Wooten also won Class A Doubles with 45x50. James Dodson of Graham won Class B with 45x50 and W. V. Blankenship of Guthrie won Class C with 40x50. Class D doubles winner was Jim Cullum of Wichita Falls. Wooten was high over all with 238x250 and Melton was runnerup with 236x250. Low overall went to Roy Blair of Eastland, a new shooter with 173x250.

Texas Trails In Wildlife Fees

Nine is a magic number to the Texas Parks and Wildlife Department. The so-called "Fund Nine" was created by the Texas Legislature back in 1947 and is the source of money for the department's day-to-day activities devoted to wildlife services, special game and fish projects, the purchase of land for wildlife purposes and the enforcement of wildlife conservation laws. Sports license fees comprise 58.6% of the revenue flowing into Special Game and Fish Fund Nine. The department estimates that by 1974, expenditures from the fund will equal income. Something has to be done. The Texas Parks and Wildlife Department supports these bills now before the 62nd Legislature, fourth called session, proposing an increase in resident and nonresident fishing licenses from \$2.15 to \$5.25 and the resident hunting license fee from \$3.25 to \$5.25. Nonresident hunting licenses would also be increased from \$25 to \$50.25. Texas sport license fees have remained static while neighboring states have raised their fees to keep pace with the cost of good conservation projects. The national average for resident hunting licenses is \$7.48, for nonresident fishing licenses, \$8.93, for nonresident hunting licenses, \$33.24. Total license sales in Texas for fiscal year 1971-72, which ended Aug. 31, 1972, were \$5.7 million. In fiscal year 1970-71, total sales of fishing and hunting licenses amounted to \$5.6 million. How do these figures compare to those of 10 years ago? Back in fiscal year 1961-62, \$3.2 million was collected from the sale of licenses which were sold at the same price as they are today. The proposed increased rates become more significant when projected into the future. Looking ahead, projected total revenues from the sale of licenses in 1977 will amount to \$12.6 million. That is \$5 million more than the projected figures for the rates were not raised. The additional \$5 million will pay the tab for a lot of quality outdoor recreation for all Texans and the continued well-being of the state's wildlife.

Sandhill Crane Season Opens

AUSTIN—An ungainly sandhill crane should make a pretty easy target. It's not. Sandhills, or little brown cranes, are equipped with a wide wingspan and a distrust of anything to do with man. Many a veteran hunter has given up on the bird in disgust to concentrate on easier game. Protected by a closed hunting season until 1961, sandhills still get relatively light hunting pressure. Sandhill cranes are legal from Oct. 28, 1972-Jan. 28, 1973, from one-half hour before sunrise to sunset in that part of Texas west of a line running from the International Bridge at Del Rio, northward along U. S. Highway 277 to its junction with U. S. 87 at San Angelo, northwesterly along U. S. 87 and including all of Howard and Lynn Counties, to its junction with U. S. 287 at Dumas, and northwesterly along U. S. 287 to the state line. The season on sandhill cranes is also open from Dec. 2, 1972 to Jan. 28, 1973, in that part of Texas west of a line from San Angelo along U. S. 277 to Abilene, along State 351 from Abilene to Albany and U. S. 283 from Albany to Vernon, east along U. S. 183 to the state line in Wilbarger County; and east of a line from San Angelo northwest along U. S. 87 excluding all of Howard and Lynn Counties, to the junction of Highways 87 and 287 at Dumas and along U. S. 287 from Dumas to the state line in Dallam County. Bag and possession limits are three and six respectively.

Steers Fall To Chillicothe, 48-0

Rochester Steers were defeated 48-0 Friday night at Rochester by Chillicothe. John Tomsu for Chillicothe went six yards for the TD with 6 minutes and 3 seconds left in the first quarter. Kurt Herschman kicked the extra point. A blocked punt on the 11 set up the play for Randy Perkins to go 12 yards for the coveted points. Herschman kicked the extra point. In the second quarter, Eddie Turner went 20 yards for the TD. Kenneth Johnson tried the extra point but it failed. Later in the second quarter, Larry Bell went 2 yards for the TD. Herschman again made the point. Kenneth Johnson made a 75 yard run on a pass from Eddie Turner the last play before the half. Again Herschman made the point. The third quarter found Eddie Turner going 48 yards for the TD. Herschman made the extra point. Tomsu found running room for one yard late in the third quarter. Again Herschman kicked the point. The fourth quarter was a defensive battle.

BASKETBALL

Monday night Hawley invaded Rochester Steerette territory and defeated them 78-56. Junior high girls defeated the Hawley cagers. Thursday night, Guthrie came to Rochester and were defeated both games. The score in the high school game was: the Steerettes 73, Guthrie 63. Debbie Beauchamp hit 41 points, Sharon Foster 7, Susan Stegmoller 21, and Cheri Townsend 4. Grade School was 52-18. Eula Lee Brown had 24, Camey Glover 14, Brenda Stegmoller 2, James Beauchamp 2, Janie Lopez 1, Tammy Jenkins 7, and Susan McGhee 2.

coke defeated Rochester Friday night, making their season record 4-3 and district 1-0. Rochester is 2-5 season and 0-2 district. Throckmorton's season record is 2-1-4, and district 1-0. They had an open date Friday night. Rule will host Throckmorton Thursday night at 7:30.

Pigskin Preview

Dr. J. F. Cadenhead led the forecasters last week with 2 of 3. All other predictors forecast only one game right, Ballinger-Winters. Cadenhead picked Anson over Stamford and had a 17 point safety margin as the Tigers defeated Stamford 20-3. In other district action, Haskell fell to Jamlin 20-12, and Ballinger blanked Winters 27-0. Elbert Johnson, Tom Watson, and Mrs. Howard Perry are tied for first place for the fourth week. Mrs. Perry and Johnson have been tied for five weeks. They have each predicted a total of 23 games correctly out of 36 played for an average of .639. Dr. Cadenhead and Olen King are now tied for last place with 22 of 36 games for an average of .613. In action this week Anson plays at Ballinger; Stamford

Higher Crop Production Than 1971 Pecan Estimate Declines
Citrus Crop Now Expected Higher than 1970 Feed Cattle Down Slightly Fall Wheat Furnishes Limited Grazing...
Texas farmers are again making records in crop production. Cotton, peanuts, soybeans and grain sorghum will exceed 1971 levels. The latest cotton estimate for the state is 3,900,000 bales. Last year's harvest was 2,579,000 bales. Yield this year should average 365 pounds per acre.
Grain sorghum production is set at 341,600,000 bushels with a record yield of 61 bushels per acre anticipated. Texas produces nearly half the nation's supply of grain sorghum.
Peanut production this year is estimated at 434,720,000 lbs. compared with 366,795,000 lbs. in 1971. Harvest is now more than 50 percent complete.
Soybean production will be 5,670,000 bushels, or about twice the production of 1971.
Corn production is not expected to be above last year. A 35,000,000 bushel crop is forecast for the state now as compared with 43,056,000 bushels in 1971.
PECAN production based on October 1 prospects is now forecast at 65,000,000 lbs., down from the previous estimate of 71,000,000 lbs. The 65,000,000 lb. crop would be 171 percent more than the 24,000,000 lbs. produced in 1971. It will be the second largest crop of record. Texas accounts for about 35 percent of the nation's total pecan production.
Citrus in the state this year will exceed the 1971 production by about 15 percent, based on current conditions. The Texas citrus crop is forecast at 17,200,000 boxes.
Grapefruit production is expected to total 10,400,000 boxes, 13 percent above 1971. Early and mid-season oranges are forecast at 4,500,000 boxes, 19 percent above a year ago. Valencia oranges are forecast at 2,300,000 boxes, up 15 percent from last year.
CATTLE on feed being fed for slaughter in Texas total 2,091,000 head, which is 30 percent above the numbers on feed a year ago, but slightly below

the 2,095,000 head of feed a month ago.
Feedlot operators intend to market 1,235,000 between now and December 31. This would be 59 percent of the number on feed and would be 30 percent more than marketed during the October 1 to December 1 period last year.
Texas continues to be number one cattle feeding state in the nation. In the major six-state feeding area—Texas, Arizona, California, Colorado, Iowa, Nebraska—there were 7,630,000 head on feed; this compared with 5,701,000 head a year ago.
WHEAT seeding throughout the state is more than two-thirds complete. However, only limited grazing was available. As of October 1, about 10 percent of the 1973 wheat crops showed sufficient growth to provide pasture. Last year, more than 20 percent of the crop was available for pasture.
Range and non-irrigated pasture conditions over the state was set at 77 percent of normal.
MILK production in Texas during September was up five percent from a year ago but three percent below the previous month's production. Total production for September was 270,000,000 lbs. Milk production per cow averaged 760 lbs. which is 40 lbs. above a year ago.

WASHINGTON
"As it looks from here"
OMAR DURBIN
Congressman 17th District

WASHINGTON, D. C. — It is anyone's appraisal whether the 92nd Congress, just concluded, was a "do-something" or "do-nothing" one.
The Democrats contend that it is a "do-something" Congress while the Republicans generally brand it otherwise.
There is a vast difference, of course, in the quantity of legislation enacted and its quality. Insofar as quantity is concerned approximately 240 measures have been passed which may be considered as major with many, many others considered of less importance nationally. These latter measures had to do with amending certain laws and some apply to specific cases and areas of the country.
For the last several years, the emphasis has been on legislation dealing with social and educational matters, including health.
In the field of health near \$4 billion has been provided in new laws to train more family doctors and nurses. The sum of \$1.5 billion has been provided to find cures for cancer.
In addition, money has been provided for research on several types of anemia control, multiple sclerosis research, communicable disease control, heart, blood vessel, and lung disease research. The Vocational Rehabilitation Act, providing new aids to the severely handicapped and other disabled persons, is extended.
Added to the present Higher Education Act is a system of Basic Education Opportunity Grants; a program of direct institutional aid to colleges and universities and grants for occupational and vocational education, including what is known as the National Institute of Education, which proposes to develop new and better methods of teaching at every level from pre-school to post-graduate.
The Head Start Program was broadened to include children of working families in the voluntary day care program.
Veterans education assistance was considerably increased and provides for vocational rehabilitation for returning veterans. In addition educational benefits were increased by 25 percent and provisions were made for increases in medical care as well as a boost by 10 percent in benefits for disabled veterans.
Benefits were increased for an estimated 20 million senior citizens such as nutritional meals for those who need them, low-cost transportation, employment opportunities, community centers, pre-retirement training, health and education services, and centers to study the variety of problems facing older people.
A National Institute of Aging was created to conduct research on special health problems of the elderly.
Drugs, juvenile delinquency and crime were treated in numerous pieces of legislation. Principally, they are the establishment of a National Institute on Drug Abuse, increasing funds on specific projects under the Community Health Centers Act, providing grants to states to develop new drug abuse programs, establishing a Council for Drug Abuse Strategy and the requirement for federally funded health facilities to provide needed treatment for drug addicts.
A number of bills were passed relating to consumer protection—truth-in-lending, wholesale meat and poultry inspection, truth-in-packaging, automobile safety, toy safety and fair credit reporting, to name a few.

Protection of the environment received high priority in the Congress. A measure entitled "The Water Quality Standards Act" provides \$2.6 billion towards cleaning up the Nation's water. A far-reaching measure towards controlling air pollution and conservation of our resources and wildlife is another major enactment. Probably the most prominent bill dealing with rural areas is the Rural Development Act for the purpose of improving conditions of rural living. It provides loans and grants for improvement of facilities, increasing job opportunities on farms and in small towns.
In the area of foreign policy and military actions, the so-called SALT Agreement was approved to limit strategic weapons. A treaty with the Soviet Union was approved by the U. S. Senate limiting the number of ballistic missiles.
The Selective Service Act was amended to extend the draft to June, 1973, at which time it is supposed to end. Increases in military pay were provided in order to encourage voluntary enlistments.
The President vetoed what was known as the Accelerated Public Works Act at a cost of \$5 billion and his veto was sustained. Several other vetoes were exercised by the President with one over-riden. This increased railroad retirement by 20 percent, the same as the social security increase.
This by no means covers major legislation but only a few highlights. Should a special session not be called after the election, numerous proposals will be facing the 93rd Congress.
Since the Congress will be in adjournment at least for the time, this weekly release will be suspended until again in session.

PITMAN HONORED

This past Sunday morning W. H. Pitman was surprised during the worship service at the First United Methodist Church when the church presented him with an Appreciation Certificate and a lapel pin to wear for his many years of service to the church. Many of his friends spoke of what Mr. Pitman has done through the years for the church and what he has meant to them. After the morning service everyone enjoyed a covered dish dinner in the fellowship hall of the church.

Texas Highway Commission Okays Highway Betterment Program

The Texas Highway Commission today approved a \$40.4 million 1973 program for State Highway safety and betterment and farm-to-market road improvement.

The program proposes the improvement of 4,533.1 miles of roadway at an estimated construction cost of \$38.5 million and right-of-way and relocation assistance totaling \$210.7 thousand. Approximately \$1.7 million was reserved for later assignment to emergency projects.

The Commission assigned 52.9 per cent of the program funds to State and U. S. highways and 42.3 per cent to farm-to-market roads. Right-of-way and relocation assistance was estimated at 0.5 per cent of the total program with the reserve fund amounting to 4.3 per cent.

In all, 775 projects are proposed in 202 counties of the State.

A summary of the types of work:

Reconstruction, grading, structures and surfacing — 213.9 miles, \$11.8 million, 29.1 per cent.

Drainage structures and approaches — 25.4 miles, \$3.7 million, 9.2 per cent.

Widening, reconditioning and resurfacing — 225.4 miles, \$4.5 million, 11.3 per cent.

Additional surfacing — 773.0 miles, \$7.1 million, 17.5 per cent.

Seal Coat — 2,995.5 miles, \$8.2 million, 20.2 per cent.

Shoulders, sodding, miscellaneous work — 285.1 miles, \$3.2 million, 7.9 per cent.

Right-of-way and relocation assistance — 34.8 miles, \$210.7 thousand, 0.5 per cent.

Reserve for later assignment — \$1.7 million, 4.3 per cent.

Cadenhead Named To Who's Who

Hardin Simmons University has 26 students to be listed in Who's Who Among Students in American Universities and Colleges, according to the office of the Dean of Student Life.

Students are selected on the basis of scholarship, participation and leadership in academic and extracurricular activities, citizenship and service to the school and promise of future usefulness.

Of those chosen, only three are juniors. The remainder are seniors who plan to graduate in May of 1973.

1.5 Million Acres For Hunters

AUSTIN — Approximately 1.5 million acres are available to hunters free of charge within Texas' boundaries, according to an article in the October issue of Texas Parks & Wildlife magazine.

Written by Terrie Whitehead, the article contains a directory of paper and timber companies' land, U. S. Army Corps of Engineers land, national forest land, national wildlife refuges, recreation areas and army posts available to the hunter.

The available land amounts to Delaware and the District of Columbia.

Sportsmen are advised to contact the companies and agencies for information on location, type of game available and any restrictions on lands they wish to hunt. The addresses are included in the directory.

Extra caution is urged on public lands because other hunters will be out at the same time. To prevent accidents, fluorescent orange vests and caps are advised.

Also, hunters should pay close attention to their locations and be watchful for residential areas or houses.

Most agencies prohibit hunting within 200 yards of the land and water boundaries.

The hunter can insure a place to go in the future by leaving the land as clean as he found it, according to the article.

Why You Should Re-Elect President Richard Nixon Nov. 7

LET'S LOOK At AGRICULTURE And STOCK RAISING

WE HAVE one of the most abundant supplies of food in history. Our exports of livestock, fresh meats, grain sorghums and grain are going to add many dollars to the general economy.

WE'RE SELLING COMMODITIES of which we've had surpluses—and we're helping provide jobs on trucks and ships at the same time.

HERE ARE SOME OF THE REASONS

PRESIDENT NIXON'S AGRICULTURAL ACT OF 1970 gave producers more flexibility and freedom in operations.

PRESIDENT NIXON'S ADMINISTRATION has turned around the farm situation that saw farmers get an increase in income of 6 per cent between 1951 and 1969 while wage rates went up 6 per cent every year.

PRESIDENT NIXON gave agriculture one of the most effective spokesmen in recent history by appointment of Earl Butz as Secretary of Agriculture.

LEGAL NOTICE AN ORDINANCE FIXING AND DETERMINING THE GENERAL SERVICE RATE TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF RULE, HASKELL COUNTY, TEXAS, AND PROVIDING FOR THE MANNER IN WHICH SUCH RATE MAY BE CHANGED, ADJUSTED AND AMENDED.

SECTION 1. Effective with the first gas bill rendered from and after thirty (30) days from the date of final passage of this ordinance, the maximum general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Rule by Lone Star Gas Company, a Texas corporation, its successors and assigns, is hereby fixed and determined as follows:

First 1,000 cu. ft. or fraction thereof \$2.444 Gross; \$2.20 Net
Next 3,000 cu. ft. @ \$1.178 per Mcf Gross; \$1.06 per Mcf Net
Next 6,000 cu. ft. @ 1.056 per Mcf Gross; .95 per Mcf Net
Next 15,000 cu. ft. @ .978 per Mcf Gross; .88 per Mcf Net
Next 75,000 cu. ft. @ .922 per Mcf Gross; .83 per Mcf Net
All over 100,000 cu. ft. @ .889 per Mcf Gross; .80 per Mcf Net

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period.

ADJUSTMENTS The amount of each net monthly bill computed at the above-stated rates shall be subject to the following adjustments: Plus or minus the amount of any increase or decrease, respectively, above or below the 42.5 cents per Mcf level in the intracompany city gate charge as authorized by the Railroad Commission of the State of Texas or other regulatory body having jurisdiction for gas delivered to Lone Star Gas Company's distribution system for sale to residential and commercial consumers where such changes are caused by increases or decreases in the cost of gas purchased by the Company; plus an amount equivalent to the proportionate part of any new tax, or increased tax, or any other governmental imposition, rental, fee or charge (except state, county, city and special district ad valorem taxes and taxes on net income) levied, assessed or imposed subsequent to April 1, 1972, upon or allocable to the Company's distribution operations, by any new or amended law, ordinance or contract. Each gross monthly bill shall be adjusted proportionately. Company, at its option, may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to

any adjustment shall not constitute a waiver of Company's right from time to time, at any time, to make any adjustment, in whole or in part, in any subsequent current monthly bill that may be applicable to such bill.

Net rate shall apply to all bills paid within ten days from next billing date; gross rate shall be applicable thereafter. The above rate is applicable to each residential and commercial consumer per meter per month or for any part of a month for which gas is used at the same location.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

SECTION 2. The rate set forth in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

It is hereby found and determined that the meeting at which this ordinance was passed was open to the public, as required by Texas law, and that advance public notice of the time, place and purpose of said meeting was given.

PASSED AND APPROVED on this 3rd day of October, A. D. 1972.

Why we need to keep John Tower in the United States Senate

Bi-partisan representation in the U.S. Senate has proved best for Texas.

Our state is better served by having a Senator from each major party. This assures us bi-partisan support for bills important to Texas.

During his first eight years in the Senate, John Tower worked well with two Democratic Administrations. Yet, he has been especially effective since the Nixon Administration took office in early 1969. He has access to the White House, enjoys a close personal

relationship with the President and effectively deals with the top administrators of every agency in the federal government.

Since it appears virtually certain Richard Nixon will be re-elected, it's essential that we keep John Tower in the United States Senate. His influence is vital to Texas.

We urge you to join us in supporting Senator John Tower.

of grazing re- use of the grass production of the past seven months. Many successful stockmen still have forage reserves on the land in the form of annual forage sorghums. They graze this annual crop in late summer, fall and early winter. Many stockmen have small grains to graze for about four months before taking off for grain production.

A new method of utilizing grass production has been developed, and is currently in use by many stockmen in surrounding areas. This new method is referred to as a high intensity, low frequency use grazing system.

High intensity - low frequency use means putting livestock into a pasture at a stocking rate of two to three acres per head for a short period of time, such as four to six weeks, moving stock at the end of the planned grazing period to another pasture for a similar grazing period.

Rob Brown of Throckmorton has eight sections of grassland and 300 head of stock in such a grazing system. He puts all 300 head into one pasture for a period of 4 to 5 weeks, and moves to the next pasture, rotating his grazing periods on an 8-month rotation. He gets one month of use and seven months of rest on each pasture.

Such a planned grazing system will allow grasses to make sufficient regrowth between grazing periods to carry the load of sustained use by such a large number of stock for the short period of time the pasture is used.

Other grazing systems, such as the four pasture - three herd system, allows a producer four months of grazing use and 12 months of rest before returning to the original pasture. This type of grazing system gives a pasture one full year of rest every four years.

All grazing systems are designed to fit the needs of the producer and to allow improvement of ranges from the standpoint of plant population, production and vigor. All grazing systems are aimed at increased carrying capacity of the range unit. All grazing systems will provide a choice of grazing for stock to utilize the various species over a long period of time during their season of best palatability.

Needless to say that brush control and seeding often go before the initiation of a planned grazing system. Most pastures must be in a fair to good condition before such a grazing system can be successfully put into operation.

Come by the Soil Conservation Service Field Office in Haskell, or let your SCS Conservationist meet you on the ground, and discuss planned grazing systems that will fit your land unit. Grazing systems can be planned even for bermudagrass pastures.

NUMBER FORTY-THREE

**Rotarians View
Football Film**

Rotary Club members and guests met in the dining room of the City Cafe at noon, October 26th, with president Bob Philpot presiding at the luncheon meeting.

Program chairman Charles McCauley presented a highly entertaining football film as his program, showing the highlights of the 1971 National Football League. The film,

sponsored by the Chrysler-Plymouth Corp., gave football fans an insight to some behind-the-scenes activity of professional football. The bone-crushing action featured many former All American college and university football stars who have entered the ranks of the professionals and also showed the strategy devised by the coaches before each game.

Another highlight of the meeting was the announcement that the Haskell Roary Club again led the district for the second consecutive month from the

standpoint of attendance. Guests introduced by Carl Anderson, were Wayne Baker, guest of J. B. Gipson, Bill Holden, guest of Bob Beauchamp, and student guests Bonnie Lou Adkins and Lugene Lane of the Senior Class of Haskell High School.

The invocation was given by Rotarian H. O. Abbott and the song session led by Bob Herren with Rene Abbott providing accompaniment on the piano. Program chairman for today, November 2, will be Brooks Middleton.

lay in USDA's Agricultural Marketing Service Office. Samples classed for the week ending Friday, Oct. 27, totaled 4,100. This brings the season total to 12,000 according to Mr. Sidney Ferrell, Officer-in-Charge.
The predominant grade continued to be Strict Low Middling (41) with 25 percent, followed closely by Middling Light Spotted (32) with 23 percent and Strict Low Middling Light Spotted (42) with 21 percent. Nine percent graded Middling (31), and 7 percent was Low Middling Light Spotted.
Staple length 32 with 43 percent continued as the most predominant fiber length. Other staples were as follows: staple 30, 6 percent; staple 31, 35 percent; staple 33, 13 percent; and staple 34, 2 percent.
Mike readings remained almost unchanged with 78 percent falling in the 3.5-4.9 range, and 22 percent went 5.0 or higher.
Fiber strength results showed 61 percent of the cotton testing 80,000 p.s.i., and 33 percent ranged between 75-79,000.
Demand for cotton is still light, but some cotton is selling. Prices ranged from 250 to 375 points above CCC Loan for most grades with staple lengths of 33 or shorter. Strict Low Middling (41), staple 32 averaged 325 points over loan prices.

they are using, and in some areas the stalks are larger than normal.
The predominant grades processed this week were, 32 percent, grade 32; and 40 percent were grade 42. Predominant staples were 32 percent, 30; with 40 percent, staple 31; and 20 percent, staple 32.
Micronaire readings were good with 87 percent in the premium range. Ten percent miked below, and three percent above the premium range of 3.5 through 4.9.
Prices range from 17.00 to 18.75 cents for the 52 Bark, grades to 24.55 cents per lb. for 3134, premium mike. Grade 3222 brings 20.00 to 21.50 cents per lb. Grade 4232 brings from 18.50 to 20.20 cents per lb. Only premium mike cotton is being bought. Prices and information were collected by the USDA's Agriculture Marketing Service.

Doctor Attends Medical Meeting

Dr. J. Frank Cadenhead took an important few days out of his practice for continuing medical study at a meeting of the American Academy of Family Physicians in New York City.
Dr. Cadenhead, a member of the Academy, heard nationally recognized medical speakers discuss up-to-the-minute health care topics, attended clinical seminars, and visited scientific exhibits designed to provide specific knowledge in a variety of clinical areas.
The meeting, called the Annual Scientific Assembly, was the largest ever held by the Academy with nearly 5,000 doctors in attendance. It was held

at the New York Coliseum September 25-28. The Assembly was one of the highlights of the 25th anniversary commemoration of the Academy. Topics this year included medical by-products of the space program, counseling of the adolescent and adult, a thorough airing of the "new morality," and the doctor in court.
The Academy, in Kansas City, is an association of medical organizations that requires its members to have a minimum of four years of college and four years of medical education.

Cotton Classing News

MUNDAY
Rain on several hundred trailer loads of cotton caused grades to drop slightly this week at the Munday Cotton Classing Office. Cotton receipts dropped off to nothing by Fri-

day in USDA's Agricultural Marketing Service Office. Samples classed for the week ending Friday, Oct. 27, totaled 4,100. This brings the season total to 12,000 according to Mr. Sidney Ferrell, Officer-in-Charge.
The predominant grade continued to be Strict Low Middling (41) with 25 percent, followed closely by Middling Light Spotted (32) with 23 percent and Strict Low Middling Light Spotted (42) with 21 percent. Nine percent graded Middling (31), and 7 percent was Low Middling Light Spotted.

Frierson Named Rule Registrar

Jack Edwards, Chairman of Selective Service Local Board No. 11 in Anson, announces the appointment of F. E. (Pete) Frierson, Postmaster in Rule, as a registrar for the System. Mr. Frierson will be available at the Post Office daily, from 8:00-5:00, to register boys as they become 18 years of age, or within 30 days before or after their 18th birthdays.
Other registrars in Haskell County available for the convenience of the registrants are: Mr. Phil R. Simmons at the High School in Rochester; R. S. Sanders at the Post Office in Weinert; Daniel R. Walsworth at the Post Office in O'Brien; B. O. Roberson in the County Courthouse in Haskell, and Mrs. John L. Brooks at the Post Office in Sagerton. Also, the Local Board Office is open from 8:00-5:00 Monday to Friday, for registration.
The willingness of these registrars to serve eliminates the necessity of the registrants traveling to the Local Board office in Anson, when they are eligible to register with Selective Service.

ABILENE
Early harvest operations were well underway in Tom Green, Runnels and Haskell counties, reports B. B. Manly, Jr., Officer-in-Charge of the Abilene Cotton Classing Office. Jones, Knox, Coleman, Scurry and Nolan were beginning to harvest, but recent rains have brought all harvesting to a standstill.
To date 24,000 samples have been processed by the Abilene Cotton Classing Office. Only 412 had been classed at this time last season.
The quality of the crop is good. In the areas harvesting, the staple is the best ever, reports Manly. Grades are a little lower than usual, but this is understandable when the extra length of the staple is considered. Two other factors may cause lower grades. Producers are not getting the acid they usually use and perhaps are not used to the newer chemicals

Democrats of Haskell County

Dear Friends:

Haskell County's economy depends on farming and ranching. Most of our income is derived directly or indirectly from the farm.

Let's ask ourselves this question: Have we ever been favored or received any benefits from a Republican controlled Congress? For the last 30 years we never had it so good. Some of us remember the Hoover days.

In the November 7th General Election the Democrats stand to lose control of Congress to the Republicans Haskell County is one of the six counties in Texas that has never given a Republican candidate a majority vote.

Let's keep Haskell County in the Democratic column and vote for our proven friends.

VOTE FOR ALL DEMOCRATIC NOMINEES FROM CONSTABLE TO PRESIDENT

Sincerely,
 A Loyal Democrat

RULE JR. HIGH
 Rule's Junior high game with Aspermont was cancelled due to the weather. The Kittens will have played Haskell Junior High, Oct. 31, and then their last game of the season will be Tues., Nov. 7, when they will be host to Newcastle Jr. High at Bobcat Stadium. Game time is 6 p. m.
 In pre-game activities, a football hero and football sweet-

heart will be selected and crowned. Selection will be by the football team and the Drill Team. Sponsor of the Drill Team is Mrs. Olga Taylor.

ROTARY
 Mrs. Zolnowich and Sharon Walker were guest speakers at the Rule Rotary Club at their noon meeting, Oct. 23. President Lavon Beakley called the meeting to order and Novis Ousley led the prayer. Harold Woods introduced the speakers. Both are nurses associated with the American Red Cross. Topic of their talk was the blood bank of the American Red Cross of the Red River Division. This is approximately 1,000 counties over Oklahoma and Texas. Showing a film and telling how a person is screened and whether or not their blood is acceptable was explained by the nurses.
 Members were informed that the bloodmobile will be in Rule Dec. 14, the high school gym for anyone that desires to donate blood. Emphasis was placed on the shortage of blood in hospitals and the constant demand for fresh blood.
 Following the meeting, a board of directors meeting was held.
 Three guests were present from Haskell: Hooper Wilkinson, Bill Comedy and Howard Perry. Present from Sweetwater was Bob Harris, a member of the Boy Scout council, who will present the Rotary program Monday, Nov. 6.

WCS
 The WCS of the Methodist Church met for their last of four study sessions, New Machines and the New Humanity, in the Fellowship Hall, Nov. 24.
 Mrs. John Hisey, vice president, conducted a short business meeting and turned the program over to Mrs. H. H. Hines, chairman. Mrs. Loyd Futch led the opening prayer. Mrs. Norris Neal presented Beyond Ignorance to a Domestic Society; Mrs. A. R. Eaton presented, "What Can We Do; Mrs. Rex Murray's was Citizens Working Through the Churches; and Mrs. H. H. Hines gave, A Closing Theological Note.
 Members were reminded of the annual Thanksgiving Luncheon to be held Nov. 14 at 10 a. m. in Fellowship Hall. Guests will be invited. Speaker will be Mrs. Richard Ferguson of Seymour.
 Mrs. O. G. Lewis led the closing prayer.
 Hostess was Mrs. Loyd Futch. Others present besides the above mentioned were: Mmes. C. E. Franklin, Ollis Macon and J. N. Cornelius.

BIRTHDAY - REUNION
 The families of the late Mr. and Mrs. Sam White held a reunion at the Philadelphia Club House, Oct. 22. In conjunction, Columbus H. White celebrated his 80th birthday. Those attending enjoyed the day visiting and the good fellowship.
 Present were Mr. and Mrs. Durward White and Mr. and Mrs. Jimmy White and family of O'Brien; Mr. and Mrs. Sam W. White and son and Mr. and Mrs. John May of Knox City; Mr. and Mrs. W. R. (Maurine) Bean and Mr. and Mrs. Jerry Bean and sons of Plains; Mr. and Mrs. Floyd White and son of Fort; Mr. and Mrs. W. R. (Mardelle) Robertson, Mr. L. B. White and Mr. Ralph McGuire of Rochester; Mr. and Mrs. Lloyd White and son, and Mr. and Mrs. Jack Hicks of Littlefield; Mr. and Mrs. Jimmy Hackney and son of Dallas; Mrs. Karen Lea White of Houston; Teresa White of Lubbock; Janis Roberson and Carol White of Abilene;

CORONATION
 Sunshine, Lollypops and Rainbows, is the theme for the Rule High School Annual Queen Coronation to be held Nov. 3, at 7:30 p. m. in the school auditorium. Money jars must be turned in to Mr. Lavon Beakley's office by 1 p. m. on the day of coronation.
 Sponsor of the annual coronation is Mrs. C. W. Dunnam. Mistresses of ceremonies will be the co-editors of the annual, Patti Simpson and Gail Lott.

HOMECOMING
 Events are being planned for Rule's Homecoming Nov. 11. A Homecoming Queen candidate will be nominated from the four classes in high school and the Queen announced at halftime.
 A snake dance will originate downtown Nov. 10 and go to the track field where a large bonfire and pep rally will be held.
 Members of the Rule Drill team are selling mum corsages for Homecoming at \$2.50 and up.
 Registration will begin at 10 a. m. in the high school building. A catered lunch will be served from 11:30 to 1:30 in the school cafeteria. A general assembly will be held at 2:30 p. m. in the school auditorium with Gordon Wood, coach of Brownwood High School and winner of five state championships as the speaker. Wood had his first head coaching job at Rule in 1949-52.
 The senior class will have a chili supper in the school cafeteria from 4:30 to 7 p. m.
 The football game between Rule and Notre Dame of Wichita Falls will begin at 7:30 p. m. Following the game, a dance will be held at the recreation club house.
 The Brazos West Art Association is sponsoring an Art and Crafts Bazaar to be held downtown in the Estes Building, Saturday, 10 a. m. to 5:00 p. m.
 People are asked to bring any snapshots of activities of Rule School, football, basketball, tennis, one-act plays, special events and organizations of the years past and present, to the Bluebonnet Cafe where they may be displayed. Please have them identified and the owner's name on the back.
 Officers of the 1972 Homecoming Association are: Lamar Casey, president; Pete Kittley, vice president; and Geraldine Pool, secretary and treasurer.

Here's to Your Health

Just as in the raising of a beautiful race horse or show dog — we humans must have a well-balanced diet to assure strong bones, muscle and teeth, glossy hair, energy and endurance. You cannot expect radiant beauty and health on a diet of potato chips, candy bars, and soda pop or coffee. There are 40 essential nutrients that the human body needs to build and maintain the complex chemistry of our body. It requires milk (skim perhaps), fresh fruit and vegetables of many varieties, whole cereals, lean meat and nuts. Every mother should study a good book on nutrition and balanced diets — there is no better health suggestion.

Seven Students Receive Grants
 Seven students from Haskell received a Tuition Equalization Grant scholarship for the current 1972-73 term at McMurry College, according to Wilford Moore, director of financial aid.
 This new TEG scholarship was enacted by the Texas State Legislature in 1971. It provides funds to assist students to attend private institutions.
 The maximum TEG scholarship grant is \$600 per year. All students with 89 hours or less are eligible to apply for TEGs now. A student to qualify must be a resident of Texas and enrolled for at least 12 hours.
 TEG recipients included: Hazel Sneed, a graduate of Haskell High School, majoring in Elementary Ed.
 Jim Sanchez, son of Mr. and Mrs. Cruz Sanchez of Haskell. Jim, a 1967 graduate of Weinert High School, is majoring in Business Administration.
 Larry Long, son of John Long of Snyder and Pauline Long of Lovington, N. M. Larry, a 1967 graduate of Haskell High School, is a freshman at McMurry.
 Bette Long, daughter of Mr. and Mrs. R. L. Edwards of Weinert. Bette, a 1970 graduate of Weinert High School, is majoring in Business.
 Kent LeFevre, son of Mr. and Mrs. Delbert LeFevre of Sager-ton, Kent, a 1971 graduate of Rule High School, is a sophomore physical education major and math minor.
 J. D. Davis Jr., son of Mr. and Mrs. J. D. Davis Sr. of Weinert. J. D., a 1964 graduate of Weinert High School, is majoring in Business.
 Larry Cockerell, son of Mr. and Mrs. Lee Cockerell of Haskell. Larry, a 1971 graduate of Haskell High School, is majoring in pharmacy.

LETTERS TO THE EDITOR
 Dear Sir:
 The real reason Barefoot Sanders is running a smear campaign against Senator John Tower is because he has nothing to offer the people of Texas.
 He claims to be the hero of ethics and reform, yet he voted three times against ethics measures when he was in the Texas Legislature. He refuses to say how much he collected in legal fees for representing defendants in the Sharpstown scandal.
 He says he would be more effective than Senator Tower, yet a Democratic-controlled Senate twice refused to confirm his nomination for federal judge.
 I don't believe Sander's mud-slinging will fool the people of Texas. His lack of qualifications are a matter of public record. About all he can claim in recent government service is the fact he lobbied for forced bus-ing in 1968.
 I hope Texans will vote for a man who has proven qualifications and a sound record of service, Senator John Tower.
 Signed,
 T. W. Williams, M. D.
