LEVELLAND (Special) -- A group of Abernathy High School seniors visited the campus of South Plains College on Tues-day, January 25. Eighteen students made the trip which was planned as an educational and informational trip for the students who will be graduating from high school this Spring and must decide whether or not to continue with their education.

The group was given tours of the campus by the Presidential Hostesses of South Plains College--a group of young ladies who serve the college in a public relations capacity. The tours covered all campus buildings, and explanations of the college's various programs were given as the tours progressed. Programs in both the academic and technical-vocational-occupational field were explained by various college instructors, counselors and administrators.

Mr. Don Melton, Director of Guidance and Counseling,

Mrs. Sherley Foster, former Mrs. Sherley Foster, former Abernathy High School teacher and coach, is shown above as and coach, is shown above as she explains a point to a group of AHS's seniors that visited South Plains College recently. In the background is Louis Hernandez, Radio-TV instructor at the college who conducted a tour through the Radio-TV lab.

Eighteen Abernathy seniors made the trip. Mrs. Foster is the daughter of Mr. and Mrs. Doyle Oswalt of Abernathy. **Rites Held For** J. T. Anderson Services for J. T. Andeson,

From The Desk of the City Manager

We are reminded that many things go into making Beautiful Abernathy more than just another small city in West Texas that many people are proud to call home. When a new business is considering moving to another location, or perhapsestablishing a new branch in another location, they always inquire about the cultural facilities the would-be city has to offer. At the top of the list of desired cultural facilities is the library. Have you visited our fine library at the City Hall lately.

It is always heart-warming to see the parade of bright young faces that trek into the City Hall every Monday, Wednesday, and Friday afternoon in search of knowledge and practical learning that can come to one only through the avenue of books. Then there is always the kind, gentle voice of Miss Nannie Bell Ritchie urging them to 'ry the new ones and to take more than one to keep the long winter evenings a thing of joy when one is cuddled up with a good book. You just can't beat that kind of company. Urge your children to come and see Miss Ritchie real often. She will make their time be meaningfully spent and en-rich their lives.

As always in a city such as ours, when there is something good that gives us a great deal of pride, there is an organization that spends untold hours laboring in its behalf and a great deal more money than most of us would ever suspect. In the case of our library, that adds so much to our community pride, we owe a great deal and a definite "tip of the hat" to the 1935 Study Club that has sponsored the library since way back in the Forties and have nurtured it through many days of ups and downs and are entitled to pop

their buttons over what it is today. Mrs. Arno Struve is the current chairman of the Library Committee and is capably assisted by Mrs. Waldo Cox and Mrs. John Hale on her team. All the members of the club spend much of their time and finances

on this fine project but especial-

and Mrs. Sherley Foster, aca demic counselor at the college spoke to the Abernathy students. Mrs. Foster is a former teacher and basketball coach at Abernathy High School. Mr. Jerry Barton, Director of Financial Aids at South Plains also spoke to the visitors.

Highlights of the campus visit included tours of inspection of the college's Computer Center, Radio-Television Laboratory, Art Gallery, dormitories, the Student Union Building, and two of the college's new buildings -- the indoor swimming pool and the Auto Mechanics and Deisel Mechanics Buildings.

Those making the trip were: Kay Barton, Margaret Flores, Cecilia Hardin, Zandra Johnson, Janie Manzanalas, Vickie Vannoy, Linda Villegas, Rickey Bridges, Larry Casey, Abel Garcia, Steve Henson, Richard Lopez, Buddy Mock, Jim Parrish, Johnny Pichardo, Larry Sanders, Mike Valdez, and Jesse Webb. The group was accompanied by Charles Bowen, Abernathy High School Counselor, and Donna Adams, Secretary to the Counselor. Abernathy students currently

attending South Plains College are Nancy Sanders, Dayne Stanton, Carol Connell, Larry Brewer, and Charles Mathis. Miss Sanders is a student body officer of the college and is a member of the Texan Band, and was recently named outstanding student for the month of November.

Mathis is vice president of the college's Vochais Club for Black students. Stanton is majoring in Auto Mechanics, Miss Connell is a Nursing major.

SOCIAL SECURITY REPRESENTATIVE DUE HERE FEB. 8

The social security representative, Jim Voyles, from the Plainview social security office will be working in the City Hall in Abernathy from 9:00 a.m. to 11:30 a.m., Tuesday, February 8. Anyone who needs assistance with a social security or Medicare claim, application for a social security number, or information about any part of social security may see him.

If you are physically unable to see him but you need his help, you can write the Plainview social security office at Box 1989, Plainview, or call 293-4371 and ask for him to drop by your home.

While driving around noticing the dirty vacant lots, has this person been out early in the morning and no ticed the mess that the dog cause in yards of occupie houses? For the third time in about the last five days, my neighbor had the wrappings tor off her outside hydrant. Now shi has this hydrant wrapped agains freezing weather. If the weather had turned to freezing during the night, who would have pai to have her hydrant replaced After tearing off the wrappin they (dogs) tear the stuff up all over the yard causing a mess. This morning I noticed not only her yard, but three more had trash torn up all over the yard caused by dogs and several trash barrels were overturned. Nov everyone here knows what a lit tle loose paper can do when the wind blows. There isn't a morning goes by that there aren't several trash barrels overturned in out neighborhood. So I'm wondering if it would do any good to have another vote on the dog problem. We had one but the city doesn't enforce it For awhile we were having a good catch with the dog traps, but it stopped. The mailman has asked me to get the traps back as he is chased every day. But if I had them, there isn' anyone to pick up the dogs They will pick up dead dogs so I suppose I could kill them then call for a pick-up of the dead dog. While I'm sounding off, 1 would also like to mention that at the same time the other dog ordinance was passed, it was stated that chickens were to be outside the city limits. But have you heard all the crowing of the chickens in town, if not you can come to our neighborhood and hear them from about four in the street.

"Cycle" to most people has something to do with a motor or a bike.

To us, "cycle" has to do with the efficient production of electric power, with efficiency and with conservation of resources.

It's about a unit we'll install in 1973. It's called a Combined Cycle Unit. It utilizes a gas turbine to help create electricity and in so doing, it produces heat. We then use this heat to make steam to run a steam turbine which, in turn, produces electricity. Using these units in combination, we generate more power but with less fuel and water than if each were to be run separately.

So, we do the "cycling" and you'll have the power you'll need at the lowest possible cost. Sounds simple, doesn't it? But, it took lots of planning and lots of engineering know-how to come up with this means of conserving resources and yet producing adequate electricity.

SUPERINTENDENT RESIGNS Hale County School Office Abolished

PLAINVIEW (Special) - The office of Hale County school superintendent was abolished at a meeting here Friday morning with the resignation of Dr. Louis McGregor who had served in the office since Jan. 1, 1971. McGregor, in campaigning for the office in 1970, told the voters he was running for the office expressly to make it possible to abolish it. Under state law the office could not be abolished while there was an incumbent.

Final Session county school board, g in what members The meeting their final official deemed session, accepted McGregor's resignation; and the office was abolished under House Bill

Fund Set Up

& gift-of \$17,725 came to Wayhand Baptist College this week and has been designated the Lena Evans Smith and James B. Smith Scholarship Fund.

Making the presentation of the check to Dr. Roy C. McClung, president of Wayland Baptist College, was Rev. M. O. Evans, brother of the former Lena Evans Smith. Mrs. Smith, who died on March 3, made provisions for the gift in her will. Rev. Evans serves as executor

of the estate. Mrs. Smith was born and reared in Black Creek, Ala., the middle child of 11 children. Hers was a farming family. Three of her brothers became ministers including M. O., who pastored Second Baptist Church of Plainview and who is presently serving as interim pastor of First Baptist Church, Happy. Mrs. Smith married James Smith in 1917 and they farmed and served in church and com-munity life throughout their years in and around Clarendon. Mrs. Smith was active as a vocal and instrumental musician, Sunday School teacher, and was active in other church organizations. Her husband was a deacon, sang in the church choir and taught a Sunday School class in the First Baptist Church of Clarendon. They had no children

Smith preceded his wife in death by 10 years. Because of Rev. Evans' love for Wayland Baptist College which motivated his giving to the college a tithe of his portion of an inheritance from a brother, Mrs. Smith was encouraged in a spirit of dedication to Wayland. When she drew up her will, she left the bulk of her estate to be divided equally between the First Baptist Church of Clarendon and Wayland. Several other gifts were provided for.

The will directs that the funds going to Wayland are to be made into a scholarship fund with no restrictions on the handling or disbursing of the income from the fund. The Financial Aids Office at the college will manage it along with other scholarship funds.

Wayland has accepted responsibility of administering these funds and through this means will perpetuate the memory of tion. two outstanding Christians, Mr. and Mrs. James B. Smith.

have three daughters, Mrs. Jim Herbert of Austin, Susanne, 14, and Cynthia, 9, both of the home. They are members of the Baptist Church.

Lee has been division manager in Memphis since January 1968. He joined the company in 1957 as a staff assistant in the General Office and later served as assistant traffic engineer 1 1/2 years. He moved to Memphis in July 1959 as division traffic uperintendent, leaving in late

1963 to serve as district manager in Ralls. The former school teacher returned to Memphis in August 1967 when the Ralls and Memphis districts were consolidated, becoming division manager in 1968. The division serves 23,560 telephones in 30 exchanges. Lee was graduated from Daniel Baker College in Brownalbum.

wood and received his masters of education from Sul Ross State College. While in Memphis, he has been active in the Lions Club, Chamber of Commerce where he served as president in 1970, West Texas Chamber of Commerce of which he is a past director, and Boy Scout work. He and his wife, Patsy, have two children, Greg, 12, and Laurie, 10. They are members

of the Methodist church where Lee has been on the administration board.
