Art Exhibit On Display At Bank Held Over

The art exhibit, by John Kirsch, Austrian Artist, which has been on display in the lobby of the Haskell National Bank for the past several weeks is being held over for another 10 days or two weeks. Due to the inclement weather a number of persons have been unable to view the display, thus by being held over, residents of this area will have extended time to visit the bank lobby and view the beautiful exhibit. Kirsch maintains a studio during the winter at New Berlin, Wisconsin, and in the summer at Estes Park, Colorado. Kirsch studied in Vienna and Munich on Austrian Government scholarships painted in all mediums and has many murals, decorations, stained glass and custom interiors in many churches in the U.S.A. A lover of the High Country, Kirsch has painted American mountains in oils and water color also Switzerland, Austria and Mexico, but specializing in the Colorado Rockies because of the spectacular and colorful mountain views, around Estes Park. Kirsch built a studio in 1944, and paints that area in all mediums, in all seasons. With his wife, Frances (also born in Austria and married before coming to the U.S.A.), Hans learned these mountains on foot with knapsack and painting kit. Kirsch says "the colors and terrain in Rocky Mountain National Park make the world's most beautiful and desirable mountain paintings." Kirsch's paintings may be purchased from any officer of the Haskell National Bank, or from Mrs. R. W. Herren.

It was Johnny's first visit with his grandmother, Mrs. Clark, since his return from Vietnam, where he was wounded. He is now stationed at El Paso and is undergoing treatment on his leg and foot. He expects to have two more operations on the foot and after he has recuperated completely, he will be discharged and plans to go back to college.

Dinner guests in the home of Mr. and Mrs. Charles Clark Sunday were: Mrs. Leslie Cobb and Randy, Mr. and Mrs. Johnny Cobb and daughter of Midland, Mr. and Mrs. Whit Clark of Rotan, Mr. and Mrs. Reece Clark, Mr. and Mrs. Joe Clark and Peggy, and Mrs. John Clark, and Mr. and Mrs. M. Y. Benton.

Sgt. Steve Clark called home recently when he came back to the States from Thailand. His parents are Mr. and Mrs. Charles Clark. Steve was to go to Mountain Home, Idaho, but he was not sure he would be stationed there long. Bro. and Mrs. Marvin Fisher and some of the ladies of the

Sagerton Methodist Church met in the home of Mrs. John Clark Wednesday night of last week to discuss a new study for the Sagerton Methodist Women. It was decided to take up the books of the Bible beginning with Numbers.

The track boys have had to be at school the past two weeks even though McMurry did not start their classes until January 19. They have had their daily workouts anyway. Larry was home again for the weekend.

Mr. and Mrs. Bill Tabor and daughters, Kara Lisa and Paige of Dallas, were here last weekend with Mrs. Brooks and Miss Buelah Mae Summers. They celebrated Miss Summers birthday with a specially made cake.

The Sagerton 4-H Club met in the home of Mrs. Delbert LeFevre Wednesday of last week. They welcomed a new member, Joanne Cloud, to their group. The lesson was on milk products and they reviewed what they learned last year about measuring and made a cocoa mix.

Minutes of the previous meeting were read and approved.

The nominating committee submitted names for the new slate of officers: President, Mrs. R. J. Rainey; vice-president, Mrs. Henry Smith; 2nd vice-president, Mrs. Floyd McGuire; secretary, Mrs. H. W. Liles; and treasurer, Mrs. Marvin Phemister.

Program theme for the session was "Responsible Involvement Locally." The roll call was answered with "A Community Need I See." Mrs. Henry Smith challenged the Matrons Club to sponsor a meeting to organize a Community Improvement Group.

Mrs. Marvin Phemister pointed out several worthy Federation projects to make a better

world. Mrs. R. J. Rainey spoke on the library facilities at our school, and how all could benefit by availing themselves of the library service.

The meeting was closed with prayer by Mrs. W. A. King.

Attending were Mesdames Marvin Phemister, Bailey Guess, Fred Roberts, J. W. Liles, R. E. Hutchinson, W. A. King, Glenn Caddell, Floyd McGuire, Henry Smith, R. J. Rainey, W. C. Winchester, R. W. Raynes, Henry Vojkufka and Andy Wilfong.

Weinert H. D. Club Installs New Officers

The Weinert Home Demonstration Club met at the Community Center Monday, January 12, with thirteen members present. Mrs. Jona Caddell called the meeting to order, and installed the new officers: Mrs. Alice Yates as president; Mrs. Mildred Guess as vice-president; Mrs. Cordie Cunningham, secretary; Mrs. Mildred Sanders, treasurer; Mrs. Kay Haley, council delegate; and Mrs. Hazel Smith, reporter. Mrs. Caddell reviewed the duties of each officer. She compared the working of the Club for another year to a wagon wheel, the hub being the club and the officers, committees and the members being the spokes joining the hub to the rim. If all spokes are strong, the wheel rolls good. But if a spoke weakens and crumbles, the wheel is weaker and will not roll well. She admonished

all to keep their spoke strong. Mrs. Alice Yates, upon assuming charge of the meeting, appointed committees. Report of the council meeting was given by Mrs. Smith. Mrs. Reta Campbell gave a report of the State 4-H meeting and year-books were distributed.

Those attending the meeting were Mesdames Reta Campbell, Mrs. Kay Haley, Mrs. Henrietta Rueffer, Mrs. Cordie Cunningham, Mrs. Mildred Sanders, Mrs. Beatrice Hutchinson, Mrs. Myrtle Phemister, Mrs. Mildred Guess, Mrs. Jona Caddell, Mrs. Alice McGuire, Mrs. Alice Yates, Mrs. Eleanor Roberts and Mrs. Hazel Smith.

VA Questions And Answers

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q—I am a disabled veteran and receive 50 per cent disability compensation for myself, wife and two children. One of my children will be 18 years old four months from now. Will I continue to receive benefits for him?
A—Not unless he plans to continue in school. Three months before your son's 18th birthday, the Veterans Administration will send you notice of discontinuance of benefits for him. However, VA will also send at that time an application to be filled out if he plans to continue in school. You will continue to receive benefits for him until he reaches 23, if he remains in school and is unmarried.
Q—I am a veteran. Can I receive a free medical examination from the VA for a job?
A—No. The VA is not permitted to give the veteran an examination for anything except in connection with a VA benefit.
Q—I receive a pension from the VA. What office of the Treasury should I advise now that I have moved?
A—Your change of address must go to the VA regional office where your records are kept; never send it to any other Government agency except your post office.
Q—Must a veteran occupy as a home the house he purchases through a GI loan?
A—Yes. The veteran applies for the loan, and at the time the loan is closed, must certify that he intends to occupy the property as his home.
Q—May a veteran receiving disability compensation also receive Social Security disability payments, or will the disability compensation be reduced by the Social Security benefit?
A—I am a veteran who served three years on active duty from 1958 to 1961. I am totally disabled because of an automobile accident. Am I entitled to a non-service connected pension?
A—No. In order to be eligible,

you must have had 90 days of active duty, any part of which was during wartime. Your active duty was during peacetime.
LIVING VETERANS
 The population of America's living veterans rose during 1969 from 26,700,000 to an estimated 27,300,000 as of Dec. 31, 1969, according to the VA.
SUPPORTS AGENCY
 The Heart Fund supports the nation's only voluntary health agency devoted exclusively to the fight against cardiovascular disease.
FIRST SIX MONTHS
 In the first 6 months of 1969, nearly 10,000 draft rejectees were placed in jobs, training, or other programs by the Labor Department's Manpower Administration. Through the public employment service, jobs were found for 5,237, another 2,368 were enrolled in skill training programs, 400 were persuaded to return to school, and 1,651 were referred to other agencies for various supportive and rehabilitative services.

Paint Creek Community News

Mrs. Gene Overton

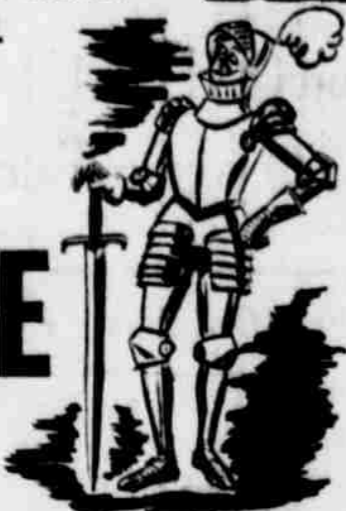

Paint Creek now has electricity, telephones, water and all modern conveniences. We still haven't had enough warm, dry weather to finish the cotton harvest, and a big majority of farmers still have a lot of their crop still in the fields. Even when a day is sunshiny and warm, the cotton isn't dry enough to strip until almost noon, so nobody gets in more than half a day's stripping on a good day. Surely we'll all be through in time to plant next year's cotton!

The wheat folded up its little leaves and went back to sleep, I think. It hasn't looked nearly as green since the ice, and I don't blame it. Some wheat in the community was large enough for farmers to move cattle in on it before the freezing weather, but most of the wheat is late, and it hasn't grown much, if any. So much for weather and crop reports, as they seem from this side of the community.

Mr. and Mrs. John Kuenstler, their daughter, Mrs. Buz Hise of Rule, and Mrs. Ira Davis of Haskell, spent the weekend visiting on the Plains. They visited Mr. and Mrs. Clarence Mullins in Lubbock Friday night, Mr. and Mrs. Randall Terrell of Lubbock Saturday, and Mr. and Mrs. Sedberry, and Sunday they went to Floydada for the 65th wedding anniversary of Mrs. Kuenstler's sister, and Mrs. Davis' sister-in-law, Mr. and Mrs. Earl Bishop. The anniversary reception was held at the home of Mrs. Lula

Mrs. Walter Buerger underwent major surgery at the Stamford Memorial Hospital Monday morning.

The Haskell Garden Club met in the Gene Overton home on Thursday afternoon with Mrs. Ira Davis assisting Mrs. Overton as hostesses. The program was on pruning and doctoring cut or broken tree limbs, which was timely since we all have broken trees from the ice storm. Fourteen members attended.

Paint Creek families who have moved back home since the storm are the Burl Medfords, the J. W. Howards and the Hoyt Perrys. The Medfords and Howards moved back to Paint Creek after staying with their parents during the ice. The Perrys moved back to Haskell after staying in their home out here that week.

NEED SOME PROOFS WHEN CLAIM FOR SS BENEFITS IS MADE

A question often asked by persons about to apply for social security benefits is, "What proofs or records should I take with me when I apply?"

Different proofs are needed for different types of applications, says R. R. Tuley, Jr., social security district manager in Abilene. Proof of age is needed for regular retirement claims, and for children's, widow's, wife's, parent's benefits. Proof of marriage is needed for wife's or widow's benefits. Proof of death is needed for all survivor claims.

Then there's one proof which is needed for all types of social security claims. This is proof of the insured worker's most recent earnings.

Social security benefits are based on average earnings over a period of years. All earnings

LETTERS TO THE EDITOR

Dear Editor:

There still exists a basic difference in political parties and it is best expressed by "One party represents property and the other represents people."

Texas Democrats outnumber Republicans almost 3 to 1, yet at this time only an approximate one-third of the qualified Democrats have registered to vote.

We strongly suggest that those interested in their right to vote and in their political views register themselves in the next ten days—Remember, the cut-off date is Jan. 31st—after which time, if you have not used your free registration—you can under no circumstances vote. See your County Tax Assessor-Collector.

Information Leading To Arrest of Hit-Run Driver

Department of Transportation issued a warrant for the arrest of a driver who fled the scene of a traffic violation on US 80 near Haskell, Sunday.

The driver, a 1960 Ford Mustang, was seen fleeing the scene of a traffic violation on US 80 near Haskell, Sunday.

Reason for the renewed appeal for assistance in locating this car, said Col. Wilson E. Speir, DPS Director, is the belief that several reported "leads" which didn't prove out may have led people to think the death car had been located.

"We again earnestly solicit the help of anyone who might recall having seen such a vehicle in the past four or five weeks on the road, or perhaps being repaired at a repair shop, back-yard garage, or some seemingly inconspicuous place," Speir explained.

"We are determined to continue the search for this vehicle and its driver whose wanton act of lawlessness in leaving the death scene should be dealt with accordingly."

The DPS called upon any citizen who might have information he thinks would be helpful in this case to contact either of the following:

Bob Andrews, Texas Highway Patrol, Box 329, Weatherford, Texas 76086—Telephone: Area Code 817, 594-6936, or Tom Arnold, Texas Ranger,

Lone Star State Is Looking For A Rural Hero!

300 West Belknap, Fort Worth, 76102 — Telephone: Area Code 817, 336-9541, or

The nearest office of the Highway Patrol or Texas Rangers, which is listed under "Texas Department of Public Safety" in the telephone book.

Texas is looking for a rural hero!

This person will receive the Texas Farm and Ranch Safety Council's Rural Heroism Award during the Texas Safety Association meeting, March 23 in Dallas. The award is presented annually to a deserving person, living in a rural community of 2,500 or less, who has risked personal life or injury in performing a heroic act.

While it specifically honors one individual for exceptional bravery at a time of crisis or disaster, the safety program points up this highly important objective: the continuing need for improved safety conditions in our rural areas—at work, at home and at play.

The award may go to a person credited with pulling another from a flaming building, saving a drowning person or any other such feat of heroism. Anyone knowing of the performance of such an act during the past twelve months is urged to submit a nomination for this important award.

Nominations should include a narrative of the heroic incident, giving complete details. It should be accompanied by clippings and pictures if they are available. The award recipient will be chosen by a panel of judges, based on the material submitted by the nominee.

Deadline for entries is March 1. They should be mailed to: Rural Heroism Awards Committee, Texas Farm and Ranch Safety Council, P. O. Box 489, Waco, Texas 76703.

**Registration
Required To Be
Eligible To Vote**

Senator Ralph W. Yarborough (D-Tex.) urged all Texans to register to vote before January 31 deadline.

Senator Yarborough said, "I am greatly concerned because voter registration totals are down in the small and medium population counties. It's essential for good government that the people in the small towns of Texas and in rural areas register so their voice can be heard through the ballot boxes on election day."

"All eligible Texans must register before the January 31 deadline, including those senior citizens over 65 years of age who reside in the rural counties of our state, Senator Yarborough said.

"Let me warn you. If only a small, select number of people register to vote, then this small group alone will have their say on election day. All eligible citizens must register by the January 31 deadline if true democracy by all of the people is to reign during 1970."

"The only way we can have a true democracy with the government representing the people is to have a great number of citizens register," Senator Yarborough said.

Activities of The Negro People

By ETHEL PHEA

The weather being a comfortable conversation, we will just take off on that. It served as a good excuse for many things—among them was a reason for not attending church services. The community of Haskell has experienced—as I understand—quite an unusual winter. Most of the youngsters have seen a "Hard Freeze" for the first time. Some sections of the community were without electricity and water for a few days. For one main purpose it served to let us know—as someone stated—how much we take for granted and not as a blessing. We have come to a point that we feel we are not supposed to do "With" or Without anything.

Sometimes it takes these things to shock us into realizing "How blessed we are." And when these things occur we should be thankful for the patient people serving the community. Then in the Negro Community do you know you had "Heal" when many in other sections did not. So—see, you're not blessed because of who you are or where you are.

—so we, too, need not to take it for granted, but a blessing. This is not a lecture or sermon but a reminder.

INFLATION VIRUS

Between inflation and public demand for services, the cost of local government is soaring. And government, like business is finding that beyond a certain point, consumers (taxpayers) start to rebel. So far, the consumer protectors haven't marched on City Halls, County Courthouses and State Capitols, but that day may be near at hand as taxes are imposed to offset rising government costs.

"So far this year," reports Business Week, "almost half the states and many cities have enacted new taxes or raised existing levies. But this well is running dry. The long-suffering taxpayer, squeezed by inflation and fed up with government's voracious appetite for his funds, has begun to bite back."

Once again, inflation has demonstrated that it plays no favorites. It takes more of 1969's 38-cent dollars to run a Fire Department as it does to operate a farm, a corner grocery or a billion dollar corporation. And anyone who thinks that sharing federal tax revenues with the states will materially alleviate the situation is in for a surprise. The inflation virus has its headquarters in Washington, and Uncle Sam is its chief victim. Tax sharing on more than a token basis is unlikely, and the money shared must first be collected from the nation's taxpayers.

APRIL 15TH IS DEADLINE FOR MOTOR VEHICLE INSPECTION

With the State's April 15 motor vehicle inspection deadline fast approaching, large numbers of Texas motorists have yet to take their vehicles in for the mandatory annual safety inspection.

Colonel Wilson E. Speir, Director of the Texas Department of Public Safety, today urged all motorists whose vehicles have not been inspected to visit an inspection station as soon as possible. "Those getting the inspection now will avoid long lines which are certain to develop at many stations as the April 15 deadline draws near," he said.

The DPS Director noted that Texas adopted an annual inspection program on September 1, 1969. All vehicles inspected since that date have had the sticker placed on the left side of the windshield with a large number tab inserted to show the month of expiration.

For example, vehicles inspected in September have the number nine displayed and will require reinspection before September 30, 1970. Those inspected in October have the number 10 and must be reinspected before October 31, 1970. Vehicles which are inspected in January will bear the number one and reinspection will be required before January 31, 1971.

All vehicles which currently have a sticker on the right side of the windshield have not been reinspected in compliance with the new law, and their owners have only until April 15 to visit an approved inspection station.

TAX MAN SAM SEZ:

The new red, white and blue tax forms come in nice patriotic colors. The tax folks may have felt that the patriotic theme would make a nice addition—however, the colors on the tax forms serve a definite purpose. The red ink printing on the front of the form 1040 signals "Stop." What Internal Revenue hopes that you will do is to see the red "stop sign" and go back and check your figures and eliminate a large part of the errors that came in on last year's tax returns.

May we suggest that you might feel blue about your tax return if you don't watch out for the red stop sign and correct the errors. The computer doesn't go by colors. The computer simply sends out a notice. It doesn't really matter how red, white and blue your attitude might have been when you prepared your return.

Local Teams Top Goree

Last week the High School Basketball teams came out on top. The boys won by a score of 59-51. I don't know the exact score of the girls' game but it was a decisive victory.

On Thursday night the Junior High teams got back into action by playing O'Brien.

The girls began the evening of play with a 34-29 victory. There was never a dull moment in this game as each team battled their way toward a victory, but there are no ties in basketball and the Yearlingettes prevailed.

The Yearlings couldn't manage a victory Thursday night as they bowed to the O'Brien quintet.

Friday night, important district action came into spotlight as the locals played the Weinert teams.

The Steerettes came into the game struggling for survival in a hot district race. Weinert had an unblemished district record but the Steerettes had two defeats staring them in the face. The teams seemed evenly matched as they were neck and neck throughout the game. As the time ran out, however, the Weinert girls had nosed out the Steerettes by a score of 55-50 to keep their undefeated status.

Donna Adams led the victors with a whopping 39 points. Louise Byrd, aided by the rebounding and scoring of Debbie Beauchamp, popped in 28 points.

The gym was packed and the spirit was high after the previous game. Rochester boys' team needed a victory to keep them in contention in the district race. The game started slowly and at the end of the first quarter the Steers led by 13-6, but in the second quarter they exploded for a 30-9 lead. From then on the Steers, substituting frequently, coasted to a 71-43 victory. Randy Goode, Mack Martin, and Kenneth Turner scored 20 points, 15 points, and 13 points respectively for a balanced attack. Tommy Miller contributed 19 points for the loser's cause.

The win boosted the Steers district record to 3-2. The Steerettes fell to 4-3.

Ballard to Graduate

Donald Lynn Ballard of Rochester is one of a record 1,079 students applying for mid-term graduation at Texas A&M University, announced Registrar Robert A. Lacey.

Ballard, who is from Rochester, is seeking a B.B. degree in Agricultural Education. Commencement exercises were conducted January 17.

Lacey said 684 students have filed for baccalaureate degrees, 257 for master's degrees and 138 for doctorates.

Don is the son of Mr. and Mrs. Preston Ballard of Rochester.

Clarence Webb Promoted Clarence H. Webb, son of Mr. and Mrs. Lilly Webb, Route 1, Rochester, Texas, was promoted November 17th to Army Master Sergeant at Ft. Bragg, North Carolina, where he is serving with the 7th Special Forces Group. A heavy weapons sergeant in the group's company D, M.-Sgt.

Webb entered the Army in August 1945 and was last stationed in Vietnam. He holds the Silver Star, Bronze Star Medal and three awards of the Purple Heart.

M.-Sgt. Webb's wife, Mildred, lives at 128 Covey St., Fayetteville, North Carolina.

Cotton Classing Report

Poor harvesting weather is still delaying the gathering of cotton in the Munday Classing Office territory.

During the week ending January 16 there were 1,160 samples classed in this office, according to A. D. Peebles, in charge. The season total is now 40,688.

For the first time this season the predominant grade changed from 42 to 52 with 30 percent. White cotton made up 9 percent of the samples classed and 42's were 15 percent. Other grades were 43 with 7 percent and 53 with 24 percent. Cotton reduced for bark and grass was 36 percent, which is about the same as last week.

Staple lengths ran 21 percent 29, 31 percent 30, 16 percent 31, and 16 percent 32.

Pressley strength readings on cotton tested indicate that 75 percent had a reading of 75,000 pounds per square inch or better.

Local market activity continues good especially for staple lengths of less than one-inch. The following is a list of average prices: 42 29-17.94 cents per pound; 42 30-18.28 cents; 52 29-16.66 cents; 52 30-17.23 cents; 43 29-16.85 cents; 43 30-17.54 cents; 53 29-15.79 cents.
