Lions Zone Meeting Held Tuesday Night

Representatives from the Haskell, Munday and Knox City Lions Club attended the Zone meeting held here Tuesday night at Felker's Restaurant dining room. Other clubs in this Zone, Weinert and Benjamin, failed to have representation at the Tuesday night meeting.
Prior to the business session, Troy Culpepper, president of the Haskell Lions Club, presided, after which the meeting was turned-over to Chan Hughes of Munday, Zone chairman.
Reports were heard from each club, including attendance, membership, projects, finances, etc.
Gene Long led the singing with Suzanne Thomas at the piano, and the invocation was voiced by Harold Spain.
Twenty-four Lions were in attendance at the Tuesday night Zone meeting.

TOUCHDOWN—THE HARD WAY! Indian quarterback Keith Everett made the last score in the game against Merkel by pushing over from two yards out. With him at the bottom of the pile-up is Jim Bob Mickler and they are flanked by Charley Franklin 22, and Johnny Fouts 15. (Staff Photo by Don Comedy)

Our great Haskell Indians trounced Rotan Friday night, 18-14, to cinch their District Championship at that time.
Monday morning, it was learned that the Indians had an ineligible player in the Hamlin game that required our forfeit

of that district game. (Details in another story in this edition).
Now the district title is on the line Friday night. Haskell must beat Stamford. If Rotan defeats Anson, there will be a tie between Haskell and Rotan. Should Anson upset Rotan and the Indians defeat the Bulldogs, then Haskell will be District Champs. Winner will play winners of the Coleman-Eastland game scheduled to be played in Coleman Friday night, for Bi-District. From there, the winners (Indians, we hope) will go to Regional, probably against either McCamey or Big Lake.
It looked bad for our Indians Friday night when they received the opening kickoff on the 26 and fumbled on the 32 to give the Yellowhammers their first fast break of the game. A 16-yard pass from Walter Hargrove to Chico Garcia put the ball on the 14. It took only four plays for flashy Mickey Early to cross the goal line from the 3 around left end. Kennedy's kick was good to put the Hammers ahead 7-0.
The Indians took the kickoff on the 35, but could not get moving and were forced to punt on 4th down, and they were snake bit again with a bad snap to Bill Cox. He chased the ball near the goal line and managed to get off a kick but it hit about the 30 and gave the Hammers excellent field position again. The Indian defense held them for 5 downs, placing the ball on the 6.
Rotan forced the Indians to punt again, and the Hammers got their third break, as Cox's fast kick covered only 21 yards to the Indians 25. Rotan capitalized on this in two plays. Steve Nowlin gained 17 yards to the 8, then Early went around right end and scored his second TD. Kennedy's kick was good to make the score 14-0 for (Cont. on Back Page, Sec. 1)

Haskell Indians Forfeit Game

H. T. Wilkinson, Haskell School Superintendent, made the announcement Monday that Haskell will forfeit the game won over Hamlin, as an ineligible player for the Indians saw action in that tilt.
Haskell, apparently had sewed up a title tie and a bid district berth with the win over Rotan last Friday night. Thus the Indians and the Yellowhammers are both 3-1 with final games against Stamford and Anson, respectively.
The player in question is reserve Guy Davidson, who transferred from Dallas to live with Dr. Frank Cadenhead while his missionary parents were overseas.
It was thought that Davidson was eligible under the new transfer rule as he got a release from the Dallas school and was then approved by the 7-AA Executive Committee.
Following the Haskell-Hamlin game, Supt. Wilkinson received a letter from the UIL explaining the exception to the transfer rule didn't set aside the residence rule which says that a boy whose parents or guardian don't reside in the school district is not eligible for a year.
"It was just an honest mistake," Wilkinson explained to

She went to State in Pense Reading last year, and played third.

Lorenia spoke on Communism. She was impressed to learn the Communists had an active organization in the United States and their leader being named. She gave reasons why people should guard against their beliefs, pointing out that they do not have a free world. She related she overheard two men talking on this subject, and heard one say, "You know, that might be the best thing for us." She enumerated the dangers in Communism. She closed by expressing the importance of our flag, and expressed what it means to us. The United Flag was on display.

Mrs. R. E. Hutchinson and Mrs. Gus Rueffer served refreshments to Lorenia, Mrs. Glenn Caddell, and Mrs. Tom Yates.

Progressive Study Club Entertain Husbands With Thanksgiving Supper

A Thanksgiving buffet supper was the occasion for the members of the Progressive Study Club to entertain their husbands on Nov. 5. The Community Room of the Haskell National Bank was the setting for individually decorated tables complete with Thanksgiving turkeys, cornucopias and autumn flowers. The buffet table was especially lovely with festive salads encircling the horn-of-plenty centerpiece. As members and guests arrived, a player piano was providing the musical background. Rev. R. D. Williams gave the invocation.

Following the delicious buffet, Mrs. W. V. Felker, president, welcomed guests and members with a special Thanksgiving thought. Special guests introduced besides husbands were Mmes. Bill Pringle, Wayne Lehrer and Tommy McAdams. During a brief business meeting after Mrs. Howard Perry, recording secretary, read the minutes of the previous meeting, reports were heard from the officers. Mrs. Danny Tollican, second vice president, announced the continuing sale of light bulbs in addition to the special Christmas project of selling fruit cakes. Mrs. R. C. Cutley, Jeanie Robertson, Karen Felker, Eugene Lane, Susie McAdoo, Bonnie Adkins, Susan Gilleland, Glenda Chapman, Debbie Burson, Jill Fincher, and Paula Middleton.

"That was the Year that Was - 1969" was humorously presented by Mrs. Howard Perry, who noted that the high point of Haskell's year was the winning of Bi-District by the Haskell Indian football team. Mrs. W. H. Pitman presented an interesting look at the situations which could result if the voting age were lowered to 18. In reflecting on "Why Bother to Vote," Mrs. Pitman drew parallels on women being permitted to vote at the turn of the century for the first time and our 18-21-year-old group voting in modern elections. History-making events have emerged as a result of one person's vote, according to Mrs. Ken Lane, speaking on "What Can I, One Person Do?" Mrs. Lane traced the statehood of Texas as descending from one Louisiana farmer whose one vote won the election for a senator who, eventually serving as President Pro Tem of the Senate, cast the tie-breaking vote which made Texas a state.

Great ringing led by Mrs. Buck Everett and accompanied by Mrs. Frank Martin, concluded the program. The social committee composed of Mmes. Buck Everett, Abe Turner, Arlos Weaver, W. O. Holden and Chris Bissett, served as hostesses. Twenty-one members and fourteen guests were present.

Art Program Presented At Meeting The Magazine Club, November 6th

Friday, Nov. 6, at 3:30 p. m., the Magazine Club met at the club house with Miss Nettie McCollum, president, presiding. After routine business and reports were given, Miss McCollum presented Mrs. Luther Burkett, director for the art program.

Mrs. Burkett gave a birds-eye view of art objects from the years 1864 to 1922. These early years were peace times and people were wrapped up in their homes and furnishings. As Mrs. Burkett made the statement: "Never was ruin so overwhelming, never was restoration so great." Mrs. Burkett showed pictures of some interiors of the ornate homes and the marvelous hand-carved furniture. Many of these pieces of furniture are priceless antiques to day.

Paintings of the period were discussed by Mrs. Raleigh Lemmon. She remarked that at first patrons of the arts wanted all European art works. Many fabulous collections were bought and brought over to America. After some time passed, a small group of Americans banded together to promote works of American artists. Mrs. Lemmon named a few of the best known American artists who were instrumental in developing an appreciation of local work. She gave the names of Thomas Sully, George Catlin, William Russell, John Woods; explaining their type of work.

and their lasting contributions to American art. Mrs. Burkett said she felt an impression to well known American artists would include Norman Rockwell, Grandma Moses.

Mrs. Burkett told of the elite Bloch-met party Hill Club had had for the past year. The party was a success. Her mother, Mrs. E. M. Smith, was the chairman for the party. This party was the club's prize party.

Mrs. C. O. Hill and Collum served refreshments at the conclusion of the party.

PAINT CREEK NEWS

By Mrs. Gene Overton

L. W. Jones Sr., at Rule, his brother, William Overton, at Abilene, and Mr. and Mrs. W. S. Cole of Rule. They were entertained with a supper Friday night by the Gene Overtons and guests were Mr. and Mrs. L. W. Jones, Jr., Nan and Bill, and Mrs. Lennis Jones of Rule, Mr. and Mrs. Charles McBeath of Amarillo and Mr. and Mrs. Jimmy New and Charles of Stamford.

The community lost another of its beloved citizens last week in the death of Frank Underwood. Mr. Underwood has been one of our community leaders ever since there was a Paint Creek, and before that was one of the finest citizens of the Howard Community. After his health forced him to retire from farming and they moved to town, he still came out to the Paint Creek Methodist Church. He always was interested in our young people and helped the Scouting program, and every other worthwhile endeavor by the young people. He will be missed most by the Methodist Church because he always entered into discussions in the Sunday school class contributing from his own Christian experiences, and he prayed the most beautiful prayers. We extend our sympathy to Mrs. Underwood, Medford and Mrs. Colen Hammer and their families.

Mrs. Grace Montgomery spent last weekend in San Angelo with her son, John Carlos and grandchildren, Johnny Paul, April and Scottie.

Mr. Howard Brass and Mr. Leslie Medford had a collision on Paint Creek farm-to-market from Haskell last Friday morning. Neither of them was badly hurt, but had some cuts and bruises. Their car and pick-up suffered damages, though.

Mr. and Mrs. Eddie Swanner spent last week in Arlington at the bedside of his father. He works on the Dallas-Ft. Worth Freeway, and had an accident as he drove a tractor and it

turned over on him. He is very seriously hurt.

Mrs. Shirley Medford and Mrs. Tom Pritchard took the 8th grade students of Paint Creek to Abilene last Friday and they saw the matinee of the ACC production, "Sound of Music."

Allen Isbell, Otto Baumbach, Shorty Baumbach, of Paint Creek, Winford Taylor of Stamford, Otto Baumbach's brothers, Henry of San Antonio and Cecil of Taylor and a brother-in-law, Herman Mager of Hutto returned last week from a week's deer hunt in Colorado. They didn't kill many deer, so they shared what they did kill, but they had a good trip.

Mr. and Mrs. Dale Middlebrook and Mr. and Mrs. Phillip Coleman were in Amarillo last weekend for the Charolais cattle sale. The Middlebrooks sold some of their Charolais cattle at the sale.

Allen Isbell and his father, Ben Isbell of Haskell were in McKinney last week at the bedside of their sister and daughter, Mrs. Stanford Wright. Mrs. Wright suffered a stroke, but is better.

William Overton of Abilene spent the weekend at home with his parents, Mr. and Mrs. Gene Overton, Wallar, Mike and Linda. He attended Homecoming at Rule Saturday and played for his mother's song.

Mr. and Mrs. T. N. Gillespie attended the wedding of their granddaughter, Pamela Gillespie and David Bruce Cotton in Pecos on October 24. Pamela is the granddaughter of Mrs. Sam Cobb and the late Mr. Cobb.

Tommy Pritchard, son of Mr. and Mrs. Tom Pritchard, was gored by a cow while he was working at the sale barn recently. The horn went in about 1 1/2 inches. He was taken to the hospital and several stitches were taken. A tube was inserted in the wound for drainage, and he was allowed to come home. It has been awfully sore, but it is better. Tommy's daddy is our school principal, science teacher and basketball coach.

Improvement of Grassland Can Be Beneficial to Man, Livestock, Wildlife

Can increased wildlife, better hunting, and more beef result if Texas grasslands are restored to their once-lush condition? Or does increased beef supplies and grassland improvement spell doom for Texas wildlife?

These are some of the issues discussed in a new booklet "Grassland Restoration and Its Effect on Wildlife" published by the Soil Conservation Service.

"We believe grassland improvement can be done in such a way that it will benefit man, livestock and wildlife," Clyde W. Graham, State Conservationist for the Soil Conservation Service, said in announcing publication of the new booklet.

"To achieve all these benefits, however, grassland restoration must be planned and carried out wisely."

Graham said that Texas grasslands are a great renewable resource. They not only make Texas the leading livestock state but they also provide many other valuable resources. They form the watershed for most of the water used by cities, industry, and agriculture; they also provide a home for a major part of the state's wildlife and provide much of our outdoor recreation.

"We believe that all uses of land need to be considered when grasslands are treated to restore their productivity," Graham stressed. "This must be a package job coordinating brush control, range seeding, proper grazing use, watering facilities, and other measures to the benefit of all users of this resource."

Due to pressures from grazing and misuse, Graham said our state's rich grasslands have steadily deteriorated. As the choice forage plants have been weakened and killed by overuse, they have been replaced with plants that provide less food for wildlife and livestock.

An SCS study in 1964 revealed that 82 percent of Texas grasslands had become infested with some kind of woody plant. About 50 percent were found to be so densely infested that most moisture entering the soil was consumed by brush.

An analysis in 1967 indicated that 138 million acre-feet of water per year—38 percent of the state's average annual rainfall was being wasted by non-economic plants such as weeds and brush. In spite of concerted efforts by livestock men, woody plants continue to spread, robbing the state's already scarce water resources. The resulting damage to grassland is a major threat to the livestock industry and to the food budget of Texas housewives, Graham pointed out.

Yet, some wildlife enthusiasts fear that any attempt to restore grasslands will destroy much of our state's wildlife resources. Of special concern are song birds, game animals such as deer, and certain game birds including turkey, quail and dove.

to produce vast amounts of beef, mutton, wool and mohair, this damaging spread of water-using brush needs to be slowed or stopped," Graham said. "But can this rapid invasion of unwanted woody plants be reduced without sacrificing wildlife? We think it can—and this new booklet tells how."

Single copies of Part VI, "Grassland Restoration and Its Effect on Wildlife," are available free, as long as our supply lasts, stated J. C. Yeary, District Conservationist, Haskell SCS office.

O'Brien Outlasts Benjamin, 48-45

O'Brien remained undefeated and ran their District 4-B Six Man mark to 3-0 at Benjamin last Thursday night in defeating Benjamin, 48-45.

Both teams managed scores in every quarter in the scoring circus, but loser Benjamin fell to 1-1 in zone competition.

The Bulldogs of O'Brien were led by Joe Flores and Steve Figuero who tallied a couple

of TDs each, while Allan Holmes and Danny Del Hierro added one each. Rayland Hayes booted six two-point PATs for the Bulldogs.

In a losing effort, Mustang Jimmy Pierce found the end-zone four times, while Donnie Roberts and Billy Pierce each scored once.

Benjamin's Frank Morrow caught a one-point PAT pass, while the last Mustang score came on a safety when O'Brien's QB Del Hierro was tackled in his own end-zone.

LANNY IVY RECEIVES INJURY TO LEFT KNEE

Lanny Ivy, a freshman at North Texas University, Denton, injured his left knee last Thursday night during the Eagles-Arkansas football game at Denton.

Lanny had surgery on his knee early Saturday morning at Flow Memorial Hospital in Denton, and will have to wear a brace on his leg for some eight weeks.

Lanny, the son of Mr. and Mrs. Volley Ivy, of Haskell, is a former star quarterback for the Haskell Indians.

Indians . . .

(Cont. from Page 1, Sec. 1) Rotan, with 2:50 left in the first quarter.

On the second play after kickoff, Jackie Young ran 56 yards to the Rotan 12. Then Franklin picked up 6 more yards and Everett 2 yards to put the Indians on the 4 in three plays. An Everett pass in the end zone was incomplete, and the Hammers took over on their own 4.

The quarter ended with Rotan on their own 15. The great Indian defense began to come to life and they held the Hammers the whole second quarter to only one first down.

Taking over on their own 43 for the first time in the second period, the Indians drove 57 yards in six plays to capture their first TD. Franklin started the drive with a 23 yard run - his best of the game. Then Young gained 8; Franklin 10; Young 11; and Everett ran over 3 yards out for the 6 points. Franklin's try for two failed.

The defenders held the Hammers to 4 downs and forced them to punt. Franklin took the punt and returned it 32 yards to the Rotan 44, and gave the Indians possession at the Rotan 29 after they drew a 15 yard penalty for piling on. Franklin picked up a first down to the 18; Everett 6 on a delay; and Young carried through the right side for 6 more points.

Again the try for two extra points failed, leaving 4:29 in the first half. Rotan still led 14-12 to end the first half.

The third quarter was a defensive battle for both teams. It was a scoreless battle.

The Indians handled the ball 17 times for a total of 47 yards gained and 3 first downs while the Hammers carried 20 times for a total of 43 yards and 4 first downs. The final quarter was a do-or-die fight for both teams and going got tough. The Indians held the Hammers and forced them to punt.

Beginning on their own 42 four plays deep in the period, Young started the Indians moving, gaining 12 yards. With Franklin being the threat he is, Rotan was forced to watch him and this gave Young and Everett both more opportunities to carry the ball. Both did a tremendous job of it all night, too. A personal foul gave the Indians 15 more yards and advanced the ball to the Rotan 32. Everett picked up 14 tough yards to the 18. Young got the first down at the eight and the Indians gained to the 5 only to draw a 5 yard penalty that put them back to the 10. Again, a fine run from Young gained 6 more points. A pass for extra points failed, leaving 5:40 in the game with the Indians leading for the first time 18-14.

This was the spark needed to put the Hammers behind, and keep them behind. The second play after kickoff they took to the air, only to have Gary Mayfield intercept on the 17. The Indians picked up a first down, but didn't manage to cross the goal line. They did manage, however, to eat up 3 1/2 minutes of valuable time that Rotan needed.

The Hammers took over on the 7 yard line with 1:15 left. They picked up two quick first downs, but had to give up the ball on their own 40. Haskell took over with 20 seconds left and ran the clock out in one

Large Crowd Attends Booster Club Meeting

A large number of fans were on hand Monday night for the Indian Booster Club meeting to hear reports from the coaches and school officials.

President Leon Jones presided for a short business meeting. He reported the sale of "Beat Rotan" signs was a success.

Supt. H. T. Wilkinson held the attention of the group, as he explained the reason for the ineligibility of one of the Haskell senior players. He advised that the minimum penalty was to forfeit the games in which the boy has played. This will mean that the Hamlin district game will result in a forfeit.

Former coach, James Mickler, took the floor and praised the good work of the coaches and superintendent. He expressed the feeling of the boosters, that if a mistake has been made, it is a result of all those in attendance at the district meeting, since this matter was thought to have been cleared before the season play.

Coach McAdams praised the great team work the Haskell boys displayed at Rotan. Scouting the Stamford team, he reported that the Bulldogs have good personnel with great speed.

Coach Ivey reported the "B" team was victorious over Seymour last week by a score of 34-0 and will play Knox City here at 4:30 p. m. today (Thursday).

Coach McAdams, on behalf of the Junior High team, told of the defensive effort in the Hamlin game last week.

Coach Everett announced the Pep Club's request for the merchants to decorate their store windows to boost the team. A prize will be awarded for the best decorated store window at the 2:30 p. m. pep rally Friday. At this time the Senior Dads will present the skit.

Reviewing the Rotan game, Everett praised the great amount of character exhibited by the Haskell Indians. He stated this group of young men do not know how to give up, therefore, they remain winners.

The film of the Rotan-Haskell game was shown, with all the coaches giving highlights of the plays.

Lorene Henson was the recipient of the door prize, a table cloth donated by Fouts Dry Goods Store.

Rule Rambles Past Iowa Park Junior Varsity

Rampaging Jimmy Lisle scored four touchdowns, and new-found quarterback Ricky Lehmann fired four touch-passes as the Rule Bobcats celebrated homecoming with a 62-14 win over the Iowa Park junior varsity at Rule, Saturday.

Lisle protected his Big Country Class B scoring leadership by finding paydirt on runs of 85, 58 and 38 yards, and he also caught one of Lehmann's scoring passes and ran for a two-point conversion.

Former quarterback Kent LeFevre ran for two touchdowns and Eugene Lee caught two of Lehmann's scoring tosses. The fourth was gathered in by Alan Matysiak. Art Briles also scored on an 8-yard scamper.

Rule led by 38-0 at the half.

Newcastle Rips Rochester 55-6

Quarterback Jack McWhorter completed 15 of 19 passes Friday night for 318 yards and six touchdowns to pace Newcastle over Rochester, 55 to 6, at Newcastle.

Halfback Ricky Creel rushed for 139 of the 251 yards the Bobcats made on the ground. Deryl Anderson was McWhorter's target for three touchdowns and Rodgers for two.

Coach Lawrence Baggett reported the Newcastle squad had scored 281 points in 8 games.

Friday night's game was the first district game for both teams in District 2-B. Newcastle now owns a 6-2 record and Rochester 3-5.

Wrinkles
are a vicious cycle.
In some dryers the heat that
dries your clothes also bakes
wrinkles into permanent
press.
But you can buy a new gas
dryer with a permanent press
cool-down cycle that turns off
the heat and cools off your clothes.
That means modern gas
dryers won't add wrinkles to your wash and extra
ironing to your work load. Because they have a
cycle that keeps wrinkles from becoming vicious.

WHY NOT?

Do you wonder why farmers being driven off their farms at an increasing rate? Do you know you aren't getting an adequate price for the products you raise? Do you wonder why the farm programs seem to work more for the interests of other groups than farmers? The answers are simple. Farmers are being out-lobbied in Congress. Farmers Union works for a fair price, want to save the independent family farmer. We work to promote the passage of farm programs that work in the interest of farmers. Join Farmers Union and help other farmers and ranchers accomplish these goals!

Fair Credit Reporting Act Becomes Law

The Fair Credit Reporting Act, which has just been signed into law by President Nixon, satisfies the concerns of consumers without placing undue restrictions upon the credit reporting industry, said Elvis White, owner of the Haskell Credit Bureau.

"Consumer protections provided in the Fair Credit Reporting Act have been standard operating procedures at the Haskell Credit Bureau for many years," White said. "For example, the Act requires credit bureaus to disclose credit records to consumers which is our regular practice."

Associated Credit Bureaus, Inc., the international trade association with which the Haskell Credit Bureau is affiliated, supported passage of the law.

"Even though most credit bureaus are already in compliance with the provisions of the Act, we plan to work closely with consumer groups and credit grantors so that everyone has a complete understanding of the law and how it will affect them," White said.

"Consumers and the credit reporting industry are indebted to Congress for its vigorous regard for the rights of consumers and tolerant understanding of the needs of the credit reporting industry," Mr. White said.

Cotton Classing Report

Excellent harvesting weather has helped put the USDA Cotton Classing Office at Munday, Texas, about 5 days behind. According to John E. Williams, Officer-In-Charge, 6,632 samples were classed during the week ending November 6, 1970. The season's total now stands at 10,750 samples. Most of the samples receipts continue to be from Haskell County.

The predominant grades were as follows: 41 with 23 percent; 32 with 37 percent; and 42 with 31 percent. Staple lengths stayed about the same with 29's making up 28 percent of the total. Forty-four percent was 30's, 8 percent was 31's, and 16 percent was one-inch or longer.

Micronaire readings continue to be high but show a slight decrease over last week. Fifty-five percent of the cotton miked 3.5 through 4.9, 37 percent was 5.0 through 5.2, and 8 percent was 5.3 and higher.

Buyer demand is still strong especially in the lower grades and staples. Producers received from 250 to 400 points above CCC loan prices for the predominant qualities.

IT'S IN THE LIBRARY

"Take My Hands" by Dorothy Clarke Wilson.

"Take My Hands" is the biography of a young woman who overcame a devastating physical handicap. It is also the story of an extraordinary Christian faith and devotion born out of intense sufferings and shared with people in many parts of the world.

Mary Verghese, the daughter of a plantation owner in South India, decided early in life that she would obtain an advanced education and make herself as useful as possible to her newly independent country. Her decision led her to the Christian Medical College at Vellore where, guided by the ideals of its founder, the famous Dr. Ida Scudder, she became a surgeon. Then, shortly after her graduation, an accident made Mary a paraplegic. How she reconstructed her life, how she learned to perform delicate hand and face operations while seated in her wheel chair, and how she became a fully qualified rehabilitation specialist are some of the theme of this dramatic story.

MRS. DALE LEWIS

1970 HOMECOMING ACTIVITIES ENJOYED

The halls of Rule High School were filled once again Saturday morning, November 7, with a large number of ex-teachers, ex-students, and guests for the 10th Homecoming reunion. A total of 243 were registered during the morning, however, many more arrived later for the barbecue dinner and football game at 2:00 p. m.

Guests enjoyed visiting in a most colorful hallway, decorated with dozens of signs and "spirit-filled" pictures which "said" the Rule Bobcats would triumph over the Iowa Park Jr. Varsity Hawks—which is just what happened with a 62-14 score. The decorating contest between the four high school classes was won by the Junior Class who did an outstanding job on the front inside door. All students deserve recognition for doing an excellent job.

On the Friday evening before, the students enjoyed a snake dance from downtown to the track field at the school, climaxed with the lighting of the huge bonfire, at the track field. High atop the bonfire, on the tallest piece of wood, hung a hawk which received a good roasting!

The Saturday morning assembly began at 10:30 with a welcome by Cecil Lewis, followed by the invocation offered by Ed Cloud. The program included recognition by classes, ex-students, ex-faculty, and the present faculty was introduced. Those 9 ex-faculty members present included: Mr. and Mrs. Ed Cloud, Mrs. J. E. Geer, Mr. Elmer Watson, Mrs. Kathleen McBeath, Mr. Weldon Norman, Mr. J. B. Lawson, Mr. Luther Walker and Mrs. Virginia Williams. Corsages were presented Mrs. Alma Earnest Cole who was a graduate of the class of 1910 and the oldest graduate present, and Mrs. Fay Franklin Hughes of Miami, Florida, a member of the class of 1934 who traveled the longest distance.

Mrs. Mabel Overton, a 1930 graduate, brought back memories with a rendition of "Do You Remember When?" Mrs. Wanda Briles, 1952 graduate, presented a colorful portrayal of a 1920 Teacher's Contract, and the comical skits by Rev. Leonard Malone of the First Baptist Church, added much to the enjoyable assembly.

In recalling some of the interesting facts of the school's history, Mr. Ed Cloud volunteered the information that Mr. E. L. Lewis helped to choose the first sight of the Rule School and taught with an assistant, the first two years there, 1904-05, 1905-06. Mr. Lewis could not be present, but his grandson, Cecil Lewis, was master of ceremonies and represented the second generation of Lewises attending Rule School.

It was recalled that Mrs. Pauline Hines Couch of Haskell and the class of 1938 wrote the words to the school song, "Rule Bobcats Forever."

Following the report of the Nominating Committee, given by Dennis Briles, the officers were elected for 1972, which included: Lamar Casey, President; Pete Kittley, vice-president; and Mrs. Geraldine Pool, secretary.

The cheerleaders led the audience in the school song in closing. Following the football game, the Senior Class-sponsored evening meal and open house was well attended. Class meetings continued at the cafe and different homes throughout the evening. A large number attended the Homecoming Dance at the Rule Recreation Club at 8:00 p. m.

Exes and guests were listed from a vast number of cities and towns throughout the state, and those out-of-town registered from Carlsbad, N. M., Miami, Fla., Cape Girardeau, Mo., Enid, Duncan and Pauls Valley, Okla., and Clovis, N. M.

Mrs. Audie Carothers Penick of Sweetwater represented the class of 1911; Mrs. Nora Cloud Leon of Rotan, and Elmer Watson of Lubbock were present from the class of 1912; Mrs. Pearl Miller Scheffy of Dimmitt and the class of 1913.

Barbee Cotton Harvested
 A large number of neighbors and friends of the late Truman Barbee entered the field and harvested 38 bales of cotton within two and one-half hours for his family Monday, Nov. 2.

Eleven strippers were furnished by Gerald Saffel, James Jones, R. N. Wilson, Joe B. Cloud, Pete Kittley, Manuel Flores, Elvin and Ronald Kinney, Cecil Lewis, E. L. Elmore and E. C. Smith. Those furnishing tractors to pull the cotton to the road were Roy Dean Smith and Dan Anderson, and hauling it to the gin were L. B. Cox, Bill Dunnam, Bill Bowles, Leonard Molone, Ted Hines, Travis Townsend, A. V. Townsend, John Hisey, George Flores, and Raymond Saffel. Those throwing back the cotton in the trailers were Roy Don Wilson, Garland Anderson, Gavino Ortiz, Jr., Eddie Elmore, Gavino Ortiz, Sr., Jackie Wilson. Paul Flores, Bobby Joe Flores.

Johnny Adkins kept them in trailers and Norris Anders saw to the tagging. The commissioner of Precinct 1, Clifford Thomas, furnished the maintainer, driven by J. C. Halliburton, to improve the roads in and out of the field.

It's good to know so many were eager to help in times like these.

Film To Be Shown
 The First United Methodist Church of Rule will sponsor a film, "His Land," on Thursday, Nov. 19, at 7 p. m. This film will be shown in the church and it is a color motion picture of the thrilling story of Israel from ancient to modern times. Cliff Barrows and Cliff Richard of the Billy Graham team take one on a trip among the people

TIPS LISTED FOR MAILING CHRISTMAS CARDS, PARCELS

Harvey Simmons, O.I.C. lists six tips on how residents of Haskell can help meet tight Christmas budgets this year by careful mailing of cards and parcels.

1. For servicemen overseas—"SAM" (Space Available Mail) Christmas parcels can be sent until November 29 for only the small domestic parcel post charge involved from Haskell to East or West Coast points of embarkation for military mail. Parcels up to 5 pounds and 63 inches in combined length and girth are accepted at this low rate.

2. Larger parcels (up to 30 pounds with the same length and girth limitations) can be sent as "PAL" (Parcel Airlift) mail, provided they are mailed by November 27. The charge is only \$1 per parcel, plus the regular domestic parcel post postage—much less than charges that would apply later if straight airmail service must be provided.

3. For all packaging, invest in good quality, sturdy wrapping materials. This small investment can help insure undamaged delivery of valuable gifts and prevent delays which might result if rewrapping were required in transit.

4. Insure parcels realistically to cover full value but do not overinsure. A \$10 gift, for example, can bring only \$10 compensation, if lost, even if "insured" for \$100.

5. Get plenty of stamps on your first trip to the post office to avoid the time and expense of additional trips.

6. Use ZIP Code as a tool for economy in mailing. When it is used consistently on parcels and cards, ZIP Code helps prevent errors in delivery and expedites handling. If only a few Christmas cards go astray, an investment of several dollars may be lost, for example.

"The key to efficient Christ-

mas mailing," Mr. Simmons commented, "is to mail early and carefully. Clear addressing, with the ZIP Codes, proper packaging and early depositing can prevent most problems and provide the greatest value for money spent for postage."

CORPUS VISITORS
 Mr. and Mrs. Stanley Furrh enjoyed a weekend visit in Corpus Christi last weekend with their children, Mr. and Mrs. Davis Popperfield, Larry and Mark. They left Haskell Friday afternoon and returned Sunday evening.
