Abernathy, Texas, 298-2541 Lubbock Phone 762-1038

The Rev. Gene Moore and his wife, Bobbie, will be the evangelists in a revival to start Sunday, March 17, at 11 a.m. in Abernathy First United Methodist Church.

The Rev. Gene Moore and his wife Bobbie have witnessed with music to thousands upon thousands of people. It is their conviction that Christianity is just as relevant today as it was two thousand years ago.

It was music that brought Bobbie and Gene together. They met at an Oklahoma college and were married in 1953. Their duets have thrilled thousands since then. They have sung for gospel meetings, camp meetings, at retreats, and for civic clubs. Five thousand people heard Gene sing at a jungle camp meeting in India to which they came for the week with nothing but the clothing on their backs.

The Moores have nad many wonderful experiences witnessing for the Lord with their music. Just recently Gene has begun a ministery of preaching in his own revivals. "I have known Gene for many years and I know he is a fine Bible preacher. Gene and Bobbie will not only thrill us with their music and singing but Gene will also bring Bible studies and Gospel messages through these few days," stated Rev. Conrad Ryan, pastor of First United Methodist Church

here. The REVIVAL will begin Sunday, March 17, at the eleven o'clock hour and will continue through Thursday evening. We invite everyone to attend the evening services which will begin at 7:30 p. m.

### NON-LICENSED DRIVERS ARE GIVEN WARNING

NOTICE: To non-licensed drivers and to the parents of non-licensed drivers

There are numerous persons in Abernathy operating motor vehicles who are unlicensed. There are others who are operating vehicles on restricted driver's licenses. State law dictates that this is illegal. This law was passed by our state legislature and is supposed to represent the opinions of the people of this state and this city. The Abernathy Police is charged with the responsibility of enforcing these laws.

Since we are charged with that responsibility we must take steps to insure that such violations cease. We cannot enforce this law on a basis of who the violator is. The law must be enforced impartially. The time has come for the full enforcement of these laws.

In order to be fair about this law we are first presenting this warning. After March 20, 1974, the Abernathy Police Department will start holding driver's license checks at various points and times within the city. If your son or daughter, or even yourself, should be checked for your driver's license and none can be presented that person will be cited for a violation. In the meantime if you are stopped for other reasons and fail to have a driver's license, you will be cited. If you get caught driving without a license you may blame the chief of police, if you so desire, but you must also remember that it was not the police department who passed this state law but rather it was your state legislature. If you honestly feel that

the Abernathy Police Department is being unjust in this matter, we suggest that you write your state legislator and tell him that the laws should be changed. Until such time as the legislature deems it practical to repeal the driver's license laws, we have no other alternative but to enforce the laws as they exist
