FIRST BAPTIST CHURCH
Abernathy, Texas
ORDINATION OF
MIKE JOHNSON TO THE
MINISTRY

The Ordination Service for Michel Sheron Johnson will be Sunday, May 26th, at First Baptist Church of Abernathy, at 7:00 p. m. The questioning of the candidate will be by Dr. Cecil Golden of Wayland Baptist College, and the ordination message will be by Murry Brewer, Pastor of First Baptist Church.

CECILIA HARDIN,
BOYD McCAMISH
... to Marry August 16

Mr. and Mrs. Virgil R. Hardin of Abernathy announce the engagement and approaching marriage of their daughter, Cecilia Ann, to Boyd Lee McCamish, son of Mr. and Mrs. Frank E. McCamish of Muleshoe.

Cecilia is a 1972 graduate of Abernathy High School and a 1974 graduate of South Plains College. She holds an Associate in Applied Science Degree in Accounting, and she is employed by the Hockley County Soil Conservation Service in Levelland.

McCamish is a 1973 graduate of Muleshoe High School and a sophomore mid-management major at South Plains College. He is employed as an electrician with Cass Electrical Construction Company in Levelland.

The couple plan an August wedding at Trinity Church in Lubbock.

Country Garden Club Memorial To Josephine Barton

The Country Garden Club is placing a number of books on flowers and gardening in the City Library as a memorial to our founder, Josephine Barton.

The club was organized in her home in 1939 with only six members. Under her influence the club has grown and flourished.

With love and respect, we humbly give this memorial to our beloved co-gardener and friend, the late Josephine Barton.

The titles of some of the books are as follows: "Complete Gardener", "Time Life Roses", "Time Life Perennials", "Time Life Annuals", "Time Life Lawns and Ground Cover", "Wild Flowers", "Step by Step Guide to Making Artificial Flowers", "Color Book of Gardening", "What Flower is That", "The Gardener's World", "Color Treasury of Herbs", "Art of Drying Plants and Flowers", "House Plants, Cacti and Succulents", "Woman's Own Book of House Plants" and "Woman's Own Book of Flower Arrangements".

Eliza Rea Matthews, club president, recently placed on the memorial shelf six books on gardening. She gave a book in memory to each club member who has passed away.

The Garden Club feels a great loss of these dear members and feels that these books will be a living memorial to each one.

Prentice-Sterrett Ring Vows Read

Wedding vows will be recited at 7 p. m. today in Westminster Presbyterian Church by Miss Elizabeth Ann Sterrett and Richard Scott Prentice. Officiating will be Rev. David Duncan, minister.

Parents of the bride are Mr. and Mrs. Philip S. Sterrett of Amarillo. Prentice is the son of Mr. and Mrs. Robert G. Prentice of Abilene.

Miss Mary Elva Delotous of Denver, Colo., will be maid of honor. Prentice will serve his son as best man.

The couple will reside in Midland, following a wedding trip to Maine.

A graduate of Abernathy High School, the bride is a graduate of Austin College in Sherman. She has been employed as a school teacher in Denver and Lubbock.

The bridegroom is a graduate of Cooper High School in Abilene and also is a graduate of Austin College. He received a master's degree in chemical engineering at Texas Tech University and is employed by Atlantic-Richfield Co.

ANN STERRETT

Mr. and Mrs. Joe Stueve returned home Monday from a long-weekend trip to Carlsbad, New Mexico.

Mr. and Mrs. Loyd Strother and daughter are visiting friends and relatives in the Dallas area. They also plan to do some fishing.

Montgomery Gets Degree May 12th From Tarleton

STEPHENVILLE, Texas (SpI)--a total of 271 seniors were graduated from Tarleton State University, Sunday, May 12, during Commencement Exercises held in Wisdom Gymnasium.

Receiving the Bachelor of Science Degree in Agricultural Education was Richard L. Montgomery of Abernathy.

Montgomery is the son of Mr. and Mrs. L. G. Montgomery of Abernathy.

He is a member of FFA and the TSU Agronomy Club.

Weise Receives Degree From Tech

LUBBOCK, Texas -- Approximately 85 students received their doctor of jurisprudence degrees from the Texas Tech University School of Law in commencement exercises May 17.

Exercises began with an honors and awards luncheon at 12 noon at Vann's Catering, with the hooding ceremony at 6 p. m. in the University Theatre.

Speaker for the hooding exercise was the Honorable Woodrow Seals, U. S. district judge from Houston.

Among the candidates was one from Abernathy, Larry Clevenger Weise, 301-B F Street.

BARTLEY ACCEPTS BANL POST AT CAMEKON SCHOOL

JERRY BARTLEY

Jerry Bartley, Abernathy band director, has resigned his position to accept a similar job in Cameron, Texas. He will be in charge of the sixth grade beginnerband, Jr. high band, and high school band.

After one year, he will have an assistant. There also will be a newly-organized exes-band as well as a German adult band.

The Antelope Band has won a total of twenty-three first place and first division trophies during the five years Mr. Bartley has been at Abernathy. Among those awards have been (1) Lubbock Fair four times, (2) Special Award last year, and (3) Sweepstakes this 1973-74 year. Quotes Mr. Bartley, "We will never forget the wonderful students in the Abernathy bands; and, I know Abernathy will support the incoming band director and continue the success which they now enjoy."

H. E. CLASSES SET FOR SUMMER

The Homemaking Department of Abernathy High School will offer classes for adults during the month of June. Advanced clothing construction will be taught June 17-21. Anyone interested in this class will need to furnish their pattern, fabric and notions. A course in food preservation will be offered either June 10-17 or June 24-27, depending on the preference of those who sign up. There will be no fees for these classes, and everyone is welcome to attend. The classes will be informal and will be held in the Homemaking Department. For more information please contact Mrs. Yvonne McClung, Homemaking teacher.

Photographer Coming June 10

An experienced photographer from Shugart Studios of Levelland will be at Pinson Pharmacy in Abernathy during business hours Monday, June 10. Usually you think of the photographer's services being only for babies and children. Young adults and adults of all ages are welcome to come in and have color photos made on June 10 at Pinson's.

See the two Shugart's ads in The Abernathy Weekly Review May 30 and June 6. One of the ads is a valuable coupon. Clip it and take it along when you have pictures taken at Pinson's June 10.

Former Texas Tech football star Richard Campbell was guest speaker for the event.

BUSINESS BRIEFS

Due to urgent need of irrigation pump repairs, Wolf Irrigation, in an ad in this Review, says they are discontinuing welding and repair operations not directly related to irrigation and water well repairs and service. Check their ad in this paper for other details.

There is something new... a new concept in cutting grass and weeds and other lawn care operations. Dennis Allen, manager at Abernathy Country Club, is selling lawn mowers that do their job without blades or reels. See his "Weed Eater" ad in this paper.

And, something else new is "The Skimmer" a tillage unit that was designed by Jimmie Davis, A. C. Harris, Jr., and manufactured and distributed through Ace Welding, 1204 Ave. D, Abernathy. Harris and Bobby Cuevas operate Ace Welding. The Skimmer is beneficial to farmers in case rain crusts ground, preventing part of the plants from coming through. See Ace Welding for complete details on The Skimmer.

Coming in a few more months... regular business hours at The Review office... and regular calls on local businesses each week. Also, a better Weekly Review for the Abernathy territory. (Yes, we know, there's plenty of room for improvement. Please be patient a while longer; it's coming.)

June 15 Is Set As Day For Vote

Hale County Commissioners formally set June 15 as the date for a \$1 million bond issue election for U.S. 70 improvements from the west Plainview city limits to the Hale - Lamb County line.

Joe Smith, representative of First Southwest Co., which is handling the bond issue transaction, told commissioners that based on the 1973 county evaluation of \$105,473,810, the rate of bond repayment would be 8.5 cents per \$100 evaluation. This would amount to approximately \$2.38 per year for a \$10,000 home, he said.

Sunshine Group Honors Memory Of L. S. Wilson

The Sunshine Group met May 16 in regular session, Floyd Shipman presiding. In fact, he found himself presiding in other offices too. Our assistant song leader couldn't come, so he lead the songs. If we need anything done, we call on him and he does it. Now sometimes you can call and call and the person doesn't respond, but he will.

Mr. Knox gave the opening prayer. Then we sang our anthem. By the way, that was sung on the Miss USA program last night. I sure am glad we brought it to people's attention. Then we sang "Standing on the Promises" and "I'll Fly Away". The minutes were read by my Hawkins.

We need volunteers for hostesses next month. This time they were Mrs. Toler, Mrs. Knox and Mrs. Anderson. We really are proud of the nabels. Hope we all take care of them.

Then our program chairman, Dorothy Shipman, took over. We had a regret at the last moment for part of our program, so Mr. President filled in with a solo "How Long Has It Been" with Mrs. Brewer at the piano. It was really pretty. He said he hadn't practiced -- I would like to hear him sometime when he had because he really did good.

Rev. Coggins gave a devotional on The Walk to Em-mans. We had a sermon on

this in the church I got to just a short time ago. I really enjoyed it. I can't imagine how those men felt when they saw Jesus had been walking with them all the way. He closed the devotional by reading this poem his father, Eddie Coggin, wrote years ago.

In memory of our song leader, Mr. L. S. Wilson:
THE OLD SONGS
The old songs, there's lots of music in them
The hymns of long ago.

And when some gray-haired brother sings them, the ones I use to know, I sorter want to take a hand, I think of days gone by.

On Jordan's stormy banks I stand and cast a wishful eye.

They seem to sing forever of holier, sweeter days. When the lilies of the love of God, bloom white in all the ways.

And I want to hear their music from the old time meetings rise, Till I can read my title clear, in mansions in the skies.

We never needed hymn books, in those good old days. We knew the words and tunes of every song, the good old hymn-book through.

We didn't have the trumpets then, or organs built for show.

We only sang to praise the Lord, from whom all blessings flow.

There's lots of music in them, those dear sweet hymns of old.

With visions bright of lands of light, and shining streets of gold.

I hear them ringing, singing, where memory dreaming stands

From Greenland's icy mountain to India's Coral Strand.

And so, I love the good old hymns,

And when my time shall come, before the light has left me and my singing lips are dumb,

If I can hear them sing them then, I'll pass without a sigh

To Canaan's fair and happy land, where my possessions lie.

--Charlie Eddie Coggin
Maybell Glass gave a wonderful rendition of "Stand by me".

Mr. Gregg gave thanks. We had a wonderful dinner--all kinds of goodies. While the tables were being cleared Floyd and Brewer got out the French harps and Mrs. on piano. We had more music. A lot of people had to leave but we had enough for one table of 88 and some left over to gossip.

I was happy to have a very dear friend, Mrs. Elizabeth Watson, of Ruidoso, N. Mex., as my guest. Those present were Erma Brewer, Vera Hawkins, Floyd Shipman, Dorothy Shipman, Lillie M. Wilson, Elizabeth Watson, Ruidoso, N. M., R. R. Knox, J. L. Ellison, R. A. Lutrick, Charlie Brewer, G. G. Woods, C. J. Camp, Lalah Brewster, Albert Brewster, Dovie Beleman, Mrs. Dora Talbert, Mrs. J. F. Givens, Ollie Selke, Isla Mabley, Vera Cargile, Mrs. J. L. Ellison, Beulah Woods, Blanch Brown, Addie Robertson, Callie Nunn, Oma Toler, Ruby Hill, Ruby Knox, Rev. U. S. AN OPEN LETTER TO THE ELEMENTARY FACULTY, PERSONNEL AND CAFETERIA STAFF:

What can I say to so fine a group of people? Through the years our association has meant a great deal to me. Some of you I have known for many years and others for only a short while, but regardless of the time, each of you has a special niche in my memories.

My wish for each of you is for your continued cooperation, enthusiasm and dedication to the children of our community. Now, more than ever, they need examples of good citizens and sincere teachers to guide and direct them. I know you can fill the bill.

The lovely reception that you planned and held in my honor was just another example of the thoughtfulness that you have expressed to me in so many ways in the past.

May God shower you with all the good things in life.

Thanks for the wonderful memories!

ABANDONED REFRIGERATORS WARNING

The Abernathy Fire Dept. is asking that a thorough search be made in and around the trade area for abandoned Freezers and Refrigerators that create a hazard for vacationing children. Doors should be removed or latches cannot be trapped inside. Chief Crow reports more than 480 deaths of children within our nation caused by discarded boxes. Should anyone need help in removing these hazards, please contact one of the Abernathy firemen.

WIREWORMS COULD DAMAGE GRAIN SORGHUM

Farmers throughout the grain sorghum belt are cautioned to use planter box treatment against wireworms.

The wireworm warning came from Elbert Harp, executive director of Texas Grain Sorghum Producers Board and Grain Sorghum Producers Association at Lubbock, Texas.

Harp pointed out that wireworms can devastate hundreds of acres of grain sorghum when a farmer fails to use planter box treatment on seeds.

Dr. George Teetes of the Texas Agricultural Experiment Station at Lubbock said, "I think the only effective treatment against wireworms is Haptachlor." Dr. Teetes cautioned that farmers should carefully follow directions on the label when applying planter box treatment.

PIONEER NATURAL GAS COMPANY

ANNOUNCEMENT FROM SWPS CO.

Southwestern Public Service Company announced today that it will seek the first

general rate increase from its Texas customers since 1967. The proposal requests an average increase of 10 percent, to be effective with billings in September of this

year. The request is addressed to municipal governments in the communities served by the company, those bodies being the regulatory authority in Texas.

Southwestern has had only two previous increases, 23 and 7 years ago, respectively. The 1967 increase was 7.62%. There have been 14 rate reductions since 1942, when the company took its present form.

Increased costs of labor, materials, money and taxes were cited by the company as the major reasons for the rate increase request. Spokesmen said that a standard wooden pole had increased in price by 175 percent since the last rate change, with a 365% increase in the price of crossarms used on the poles. Other increases in costs since 1967 include a 162% rise in the price of steel for substations; a 124% increase in copper wire; labor costs up nearly 54% and taxes going up by almost 57%. Interest paid on borrowed money has jumped up 68%.

The company pointed out such increases in other prices since 1967 as 108% for ground beef; 67% for coffee; 58% for milk; 28% for margarine; and 100% for lettuce as indications that its request for an average increase of 10% was reasonable.

For residential service in homes which are not electrically heated and do not have electric water heaters, the schedule is as follows:

7.10 CENTS per kw for the first 50 kw used each month

4.70 CENTS per kw for the next 50 kw used each month

2.35 CENTS per kw for the next 900 kw used each month

1.90 CENTS per kw for all additional kw used each month

Southwestern's average residential customer uses 536 kilowatt-hours a month. Under the new rates, his monthly bill will be increased \$1.38, or 8.9%.

The company has a fuel-cost adjustment as a part of its approved rates. This allows it to pass on to customers increases in fuel costs. However, fuel is only about 20% of the total cost of providing service and there is no similar protection against the increases that have taken place in the other 80% of the costs necessary to provide service.

In connection with the fuel-cost adjustment, it is charged on the basis of the number of kilowatt-hours used by the customer. As a result, it has the least effect on customers using smaller amounts of energy, both as to amount and percentage of bill, and has the most effect,

both ways, on larger consumers.

Southwestern's peak demands for electric service fall in a short three to four-month summer season because of irrigation of agricultural crops and air conditioning. In order to more evenly balance the year-round load on the company's system and use the generating equipment and transmission and distribution lines most efficiently and economically, the company offers electric heating rates during the winter season. This type of rate structure benefits all residential customers, whether they heat electrically or not, because it brings in more revenue dollars, which helps keep all rates lower, than would be the case without the incentive for those customers preferring electric heat.

The new general service rate that applies to most commercial customers, is as follows:

7.1 CENTS per kw for the first 100 kw used each month

4.6 CENTS per kw for the next 900 kw used each month

2.4 CENTS per kw for the next 6,000 kw used each month

1.4 CENTS per kw for the next 6,000 kw used each month

.9 CENTS per kw for all additional kw used each month.

(When the commercial customers' demand -- the number of kilowatts the company must have to serve his load -- exceeds 10 kw, the 4.6 cents block of the rate is extended 38 kw for each kw of demand above 10 kw. This demand feature affects only the larger customers.)

The company projects that the rate increase will produce annual revenues in Texas, where it serves the great majority of its customers, of \$6,161,000. Of this amount, \$3,021,000 will go for additional taxes.

In the face of high interest costs that now range from 9 to 11 percent, the company's rate of return on its investment is 5.87 percent. If the proposed new rate had been in effect during 1973, it would have yielded a rate of return of 6.61 percent. Texas law allows as much as 8 percent rate of return for utility companies.

BRIEFS

Tot Allen of Anton, a former Abernathy businessman, is seriously ill in the coronary unit at Highland Hospital, Lubbock. He is the father of Rupert Lee Allen of Abernathy.

FIREWORKS WARNING GIVEN

A reminder on the explosion of fireworks:
With the memorial day holiday coming up we must remind the citizens of Abernathy that it is illegal to explode fireworks within the city limits. This illegality is created by our ordinance number 76.

There are several important reasons why the explosion of fireworks has been made against the law. Basically those reasons are excessive noise, fire hazards, and the danger involved to persons exploding fireworks and/or other persons.

We must remember the ill, the elderly, and persons who need peace and quiet. We must consider the fire hazards and the safety of individuals.

The danger of exploding fireworks, as related to individuals, range from simple cases of burned fingers to the loss of eyesight, life or limb. We offer in example, the case in California where a young man who had just recently been drafted to play pro football lost both legs in a fireworks accident.

We must ask that you refrain from the practice of exploding fireworks during the upcoming holiday (both the traditional date and the revised date).

Since the patrolman on duty cannot be in all parts of the city at all times, we suggest that, should neighbors disturb you by exploding fireworks, you call the police department and the person violating the ordinance will be contacted.

HOW DO YOU MEASURE GROWTH?

You can't use a tape measure or a yardstick when you're talking about people... especially when you're talking about the young people who comprise our new graduates. Time and time again, they've proven their ability to grow... and now as they come to this time of commencement, we think they stand pretty tall. Congratulations, Seniors... May you continue to grow in success and happiness.

Go Fishing For Catfish

FISHING Season Now Open at the Mike Leon Fishing Tanks, 11 miles east of Abernathy on FM 597, then two miles north on FM 400, on west side of FM 400. The tanks were restocked with catfish last week. Weight ranging to about three pounds. Shaded picnic tables, concession stand, bait, rest rooms. Gasoline is high... but it does not take much to go fishing at the Leon Tanks.
