Lubbock Water Link Asked By New Deal

Avalanche-Journal Staff
DIRECTORS of the New Deal Water Supply Corp. are turning to Lubbock for a permanent solution to their water shortage problems.

NEW DEAL SCHOOL OPENERS GIVEN

Superintendent F. L. Flood reported the following dates for opening the 1974-1975 school term at New Deal Schools:

Monday, August 19, teachers will report at 8:30 a. m. for In-Service work.

Friday, August 23, first day of school for all students. Buses will run on regular schedule and students will report to classes that morning. Buses will make their return home trips at 2:30 p. m. on the first day of school.

Beginning Monday, August 26, on regular schedule, students will report to school each morning at the announced time. The school day, for students, will end at 3:15 p. m.

Further announcements will appear in next week's Review.

New Deal athletic coaches are in Houston this week attending the annual school for Texas coaches. They are Bob Smith, head football coach; Jimmy Pope, assistant football coach and head basketball coach; Roland Murray, assistant coach. Pope and Murray are former Abernathians and are graduates of Abernathy High School. Pope is a son of Mr. and Mrs. Wesley Pope. Murray's parents formerly resided here. Roland is a son-in-law of Mr. and Mrs. Joe Thompson of Abernathy.

LUBBOCK CO. OIL AND GAS PRODUCTION

Current higher prices for crude oil and natural gas produced in Lubbock County point to a significant jump in 1974 income for county land and royalty owners who last year received \$352,624 as their share of the county's output, according to a study by Texas Mid-Continent Oil & Gas Association.

"With the average price of Texas crude oil now at about \$6.70 a barrel, compared with the 1973 average of \$3.84 a barrel, and with some newly discovered natural gas selling intrastate for more than \$1 per thousand cubic feet, the outlook for the economy of producing communities is encouraging if prices hold up," according to Sherman Hunt, Dallas, Association president.

"Should price rollback schemes and other tax-and-control proposals now under way in Congress be successful, current economic gains will evaporate," Hunt said.

The Association's study shows that crude oil and natural gas produced last year in Lubbock County was valued at \$2.8 million, ranking the county 146th in the state. Crude oil production of 719,681 barrels was valued at \$2.8 million and 302.2 million cubic feet of natural gas at \$57,419.

Statewide, crude oil prices for 1974 estimated to be some 74 percent higher than 1973. This expectation has stimulated a revival of drilling in Texas, with well completions the first five months

of 1974 at 4,013, a 19 percent jump over the same 1973 period.

From the county's 1973 output, the State of Texas collected \$127,124 in oil production taxes and \$4,306 from natural gas.

Also adding to the dollar flow in the county last year were these factors: -- Drilling activities, on which producers spent \$371,916 in drilling five wells, \$76,152 of

which was lost in one dry hole. Successful completion amounted to four oil wells.

-- Payrolls, which amounted to \$3 million paid to 761 workers, according to Texas Employment Commission figures.

of 1974 at 4,013, a 19 percent jump over the same 1973 period.

ANTELOPE BAND REHEARSALS TO START AUGUST 12

The Antelope band will begin summer rehearsals on Monday, August 12, at 7:00 p. m. There will be an organizing meeting and first rehearsal in the band hall on Monday. On Tuesday, the band will start marching rehearsals from 7:00 to 8:00 p. m. and playing rehearsals from 8:00 to 9:15 p. m. All Antelope band members are urged to attend. Those students who play a school-owned instrument may check out their instrument during the afternoon of the 12th.

MRS. WILLIAMS' RITES SATURDAY

Funeral services for Mrs. Dora Williams, 75, of Abernathy were held at 10 a. m. Saturday in Abernathy's Northside Baptist Church.

Officiating was the Rev. Carl Coffey, pastor. Burial was in the Spanish Fort Cemetery in Montague County under direction of Chambers Funeral Home.

Mrs. Williams died at 11 p. m. Thursday in West Texas Hospital after a brief illness.

A native of Sevier County, Tenn., Mrs. Williams had lived in the Abernathy area since 1946, moving here from Montague County where she had lived since 1902. She has lived in Abernathy since 1952.

Survivors include her husband, H. G.; two daughters, Mrs. Walden Bryarly of Odessa and Mrs. Naomi Davis of Albuquerque, N.M.; two sons, Darnell of Abernathy and Harold of Okinawa; three brothers, Mayford Tipton of Eulest, Calvin Tipton of Wichita Falls and A. J. Tipton of Spanish Fort; two sisters, Lela Tipton and Mrs. Reva Riddemour, both of Nacoma; 11 grandchildren and three great-grandchildren.

Reta Settle Is Historian For Aggie Belles

Reta Settle, daughter of Mr. and Mrs. W. T. Settle of Box 182 in Abernathy, was elected to serve as Historian of the Aggie Belles at Lubbock Christian College for the 1974-75 school year.

Officers of various organizations at the College are elected on the basis of their leadership abilities, dedication and past service to their club.

Miss Settle is a 1971 graduate of Abernathy High School. At LCC she is active as a member of the Freshman Class Board in 1971, and a past member of the Royal Blue Band. Reta served the Aggie Belles as their secretary this past year.

Aggies and Aggie Belles are two service oriented organizations at Lubbock Christian College.

GOSPEL MEETING

The Church of Christ will have a gospel meeting August 5-11. Evangelist Hershel Dyer of Tulsa, Oklahoma, will conduct the services. See their ad in this paper for the times of each service.

which was lost in one dry hole. Successful completion amounted to four oil wells.

ABERNATHY SCHOOL OPENERS

Coming Sooner Than You Realize... Opening of the 1974-1975 Term at Abernathy Schools

AUGUST 12: Band School Begins.

AUGUST 14: Teachers report for duty.

AUGUST 21: All students report to classes. The school day will be from 9 a. m. to 4 p. m. for all students except kindergarten and some of the lower elementary grades. Their school day will end earlier.

SEPT. 6: First football game. AHS Antelopes and the Petersburg Buffaloes will meet on Antelope Field, starting at 8:00 p. m.

School buses will run on regular schedule on the eight routes Wednesday, August 21, first day of school for students. Lunch will be served in the school cafeteria starting August 21.

A new, 54-passenger school bus has been added to the fleet.

Dr. Delwin Webb, Superintendent of Schools, reports that the faculty roster is nearing completion.

School Principals are Curtis W. Davenport, high school; Frank Bartlett, junior high school; and Gid B. Addison, Jr., elementary. Addison follows Jerry Moorhead as principal. Moorhead resigned effective at the close of the last school term.

Three coaches of the Abernathy schools attending the State Coaching meeting in Houston this week are Lamy Zierlein, Harry Mathis and Delbert Dearing.

SLEMMONS RITES AT DENVER CITY

Last rites for L. C. Slemmons, Jr., 56, of Denver City, who died in John C. Sealey Hospital in Galveston Friday, were conducted Sunday in the Denver City First United Methodist Church.

Officiating was the Rev. Bruce Parks, pastor. Burial was in Denver City Memorial Gardens under direction of Singleton Funeral Home.

He was a former Abernathan and attended school here. Mrs. L. C. Slemmons, Jr., also is a former Abernathan, and was Miss Gertrude Toler before their marriage.

Slemmons, who had a lengthy illness, moved to Denver City in 1954. He was a retired turbine operator for Southwestern Public Service and a member of the Methodist church.

Survivors include his wife, Gertrude; two sons, Dwayne of Midland and Gary of Dallas; a daughter, Mrs. J. E. Todd of Kermit; five sisters, Mrs. Clyde Rhodes of Lubbock, Mrs. Letha Stasie of Mineral Wells, Mrs. Beth Cary of Abernathy, Mrs. John Wisdom of Joliet, Ill.

FROM BIG SPRING
Abernathy Welcomes Mr. and Mrs. Roy Southard and David, 5, who have moved here from Big Spring. Their address is 809-B 16th St. Mrs. Roy (Karen) Southard will teach in Abernathy Junior High. Mr. Southard, who taught in Big Spring, will work on his doctorate at Texas Tech University. David will be a student in Bilingual Kindergarten here.

The Southards are members of the Lutheran Church.

FROM IDALOU

Abernathy welcomes a new family: Mr. and Mrs. James Taylor, Raynea, 6, Kenneth, 3. They moved from Idalou to 708 14th St. in Abernathy. James is a brother of Donald Taylor, who is employed by the City of Abernathy in the water department. James is employed by Industrial Metalcraft Co. in the vicinity of Lubbock Regional Airport.

The Taylors are members of Abernathy First Baptist Church.

RAIN THIS WEEK

This week opened up on a beautiful note: RAIN. Reports from over the area ranged from one-fourth to one-half inch of moisture. That's not a lot, but as dry as the weather has been, every raindrop is appreciated.

Weather predictions called for more rain in the area this week.

BRIEFS-

Mrs. Beverly Shorter has returned to Mesquite, Italy, following a visit in Lubbock with her parents, Mr. and Mrs. Jimmie Francis, and in Abernathy with her grandmother, Mrs. Ethel Petty. Mrs. Shorter's husband is in the U. S. Air Force, stationed in Italy.

Chambers ambulance took Mrs. J. R. (Ina) Robison to the hospital and back home the same day.

Mrs. J. M. Gardner was taken to Methodist Hospital, Lubbock, Tuesday.

Mrs. Gertrude Prather entered Methodist Hospital, Lubbock, Sunday and underwent minor surgery Tuesday.

Levie Minor was released last week from a Lubbock hospital, where he was under treatment for a back problem.

Paul Burleson entered Methodist Hospital, Lubbock Wednesday to undergo tests.

Mrs. J. H. (Callie) Nunn fell in the yard of her son Gean's home Saturday night and broke an arm. She was admitted to Methodist hospital, Lubbock. Gean returned home last weekend from that hospital, where he underwent major surgery.

Tina, daughter of Mr. and Mrs. W. A. Covey, underwent an emergency appendectomy at midnight Saturday, July 27, at West Texas Hospital, Lubbock, and returned home Monday, July 29.

This is your invitation to hear

July 16, 1974

Abernathy Weekly Review
Mr. Buford F. Davenport,
Editor
P. O. Drawer D
Abernathy, Texas 79311

Dear Sir:

The Review is a welcome sight to me each week. It is good to hear from the folks out your way. Our entire family enjoys your editorials when they appear.

Mr. Davenport, the spring was long, and the summer has not been uneventful. Watermelons, corn-on-the-cob and hand grown tomatoes are in season and the old ice cream freezer hasn't been idle!

The Mud-dig Reunion was held near Commerce recently and The Chigger Ridge Community Center provided several families a place to have their get-to-gathers. The pines are full of old fashioned revivals, and the little league all-stars are busy.

Football has been in the minds of some folks here since last December when MHS Tigers made it to the "State Finals in AAA School Boy Football". The Cuero Turkeys really layed one on the Tigers and were winners of the State AAA crown in school-boy football. You know, Cuero is a suburb of Smiley, Texas "The Town with a Smile". The head coach of the gobblers, Buster Gilbreth, is a graduate of Smiley High School.

By the way, Cousin "Catfish" Smith, has gone into politics. He was elected to the Waco City Council.

Thanks again for all the good reading you send my way.

Sincerely yours,
J. W. Combs

CHERRY ANN WARREN
... Mike Bridges
to Marry August 30

Miss Cherry Ann Warren, daughter of Mr. and Mrs. D. A. Warren of Goodland, and Michael Lee Bridges, son of Mr. and Mrs. Mack Bridges of Abernathy, are to be married August 30.

MRS. DARYL LOUIS HARP
(Cindy Lee Teaff)

Miss Cindy Lee Teaff and Mr. Daryl Louis Harp were united in marriage Friday, June 28th, at 7:00 p.m. in a double ring ceremony in the First Baptist Church in Abernathy. Officiating at the ceremony was David Harp, Baptist minister and brother of the groom.

Mr. and Mrs. A. B. Teaff of Abernathy are parents of the bride. The groom is the son of Mr. and Mrs. Elbert Harp, also of Abernathy. Grandparents of the groom are Mr. and Mrs. J. L. Dowdy of Dimmitt.

The bride, given in marriage by her father, wore a formal gown of white silk organza and imported lace. A double ruffled edged the bottom of the skirt.

Matron of honor was Mrs. Terry Barton of Atlanta, Georgia, sister of the bride. Bridesmaids were Miss Kathi Guerrant and Miss Shelby James.

Best man was Bruce Bray of Abernathy. Mike Nelson and Buster Chambers served as groomsmen.

The flower girl was Chan-

dra Donnelly and the ring bearer was Don Teaff. Melissa Thompson and Tammy Heck were candlelighters. Serving as ushers were Frank Reagan, Mark Donnelly, and Bryan Donnelly.

Carol Harp, sister of the groom, played a piano prelude prior to the wedding.

Music during the ceremony was provided by Mrs. David Harp, soloist, and Mrs. L. J. Hager, organist.

Following the ceremony, a reception was held in Fellowship Hall. Serving at the bride's table were Miss Kitty Kerr and Miss Anna Childress. Piano selections were played by Marvin Stephens.

Mrs. Harp is a 1973 graduate of Abernathy High School and is a sophomore microbiology major at Texas A&M University. Harp, a 1972 graduate of Abernathy, is a junior pre-med major at Texas A&M.

After a honeymoon trip to Mexico, the couple will reside in College Station, Texas.

(Editor's Note: July 26, while sorting photos that have appeared in The Review in recent weeks and placing them in the large kraft envelopes in which we receive photos and stories, we discovered that one page of the Teaff-Harp wedding story had lodged in the envelope. On that page was information vital to the overall wedding story. Therefore, we are re-running the photo and part that did appear in the July 11th Review. And the part that did not appear in the July 11 Review will be found in the last three paragraphs in the story above. Our apologies to the principals, their parents and members of the wedding party. In the Debra Ann Thomas-Galen D. Neitsch wedding story, the most common error in newspapering, lost lines, failed to include the children of Mr. and Mrs. Ted Wayne Watts of Lubbock in the wedding party. Our apologies to the principals and the Watts' children. It's been a long, hot dry summer... I suppose that is my excuse.)

SCHOLARSHIPS AVAILABLE AT S. P. COLLEGE

LEVELLAND --- Through the efforts of a Levelland industry, a college education may sprout from a cotton seed -- and possibly blossom into a career in the cotton seed industry.

Levelland Vegetable Oil, Inc. which processes cotton seed into a variety of products, is offering two scholarships this fall at South Plains College for two students interested in a career in the cotton seed industry. The scholarships will cover tuition, books and fees for the coming fall and spring semesters for up to \$150 each semester. The announcement was recently made by W. L. Coble, president of Levelland Vegetable Oil, Inc.

J. L. Irish of Abernathy is a stockholder and director of Levelland Vegetable Oil, Inc.

In addition to attending regular classes at SPC, the scholarship recipients will get a chance to work at least 20 hours a week as a paid employee at the oil mill, learning the various operations firsthand. This will enable the students to supplement the cost of their room and board.

Recipients will be selected from students planning to major in either mid-management or agriculture technology fields at SPC.

Scholarship applicants first will be interviewed and screened by a College committee composed of Frank Hunt, dean of the technical-vocational division; Mrs. Sybil Lattimore, assistant professor of mid-management; and James Carroll, associate professor of agriculture technology, all at SPC.

Selected applicants then will spend a week observing oil mill operations and performing various tasks under the supervision of Dave Schultz, vice president in charge of operations at the mill.

The student will observe the storage building, where several thousand tons of cotton seed await processing after being brought from area cotton gins. The student will learn about the cleaning process of seed, in which sand and other impurities are removed. Then comes the lint room, where the short fibers or "linters" are removed and pressed into bales. The student will learn how the seeds are hulled and the kernels extracted. The kernels are flaked, cooked and pressed to remove the cotton seed oil. The oil is used for cooking and food products while the hulls are ready to market as feed for cattle. The flakes are ground into meal, pellets and cake for cattle feed.

Goble said that there are "tremendous opportunities in the cotton seed industry."

Dean Hunt said that students interested in the scholarships contact his office as soon as possible. Write Dean Hunt in care of South Plains College, Levelland, Texas, 79336 or call him at 806-894-4921.

Mrs. Robert L. Parsons went to Albuquerque to get her husband, who has been a patient in the Veterans Hospital for a few weeks. Enroute home, they made side trips to Taos and Cowles. The Mayo Lopens are back from a vacation trip to Ruidoso, N. M., and Carlsbad, where they toured the Caverns.

Lakeview News

Reita Smith and Warren Brown attended the wedding of a cousin, Miss Gale Ann Dunn to Mr. Larry Patterson of Fluvanna in the First Baptist Church in Colorado City, 7:30 p.m., July 27th. Mrs. Patterson is the daughter of Mr. and Mrs. Russell Dunn of Colorado City.

Guests of Mr. and Mrs. Wayne Castleberry were Mr. and Mrs. Wayne Layton of Mansfield, Mr. and Mrs. Willis Collins, Ft. Worth and Bill Burke of Arlington.

Mr. and Mrs. Herbert Watson attended the Golden Wedding Anniversary of his parents, Mr. and Mrs. G. C. Watson in Tahoka Sunday.

Guests in the Odell Adams home during the weekend included Mrs. Frank Little, Amarillo, Debs Griffith, Tulsa, Mr. and Mrs. Clay Strickland, Mignon Mc-Nichols, Albuquerque, Andre Corley, Dallas, Clifton Corley, Jr., Colorado Springs, Colo., Dr. and Mrs. Jerry Striman and Fravin Adams, Lubbock.

Mr. and Mrs. Allan Mahagan of Hale Center visited his parents, Mr. and Mrs. E. G. Mahagan Sunday.

Mrs. Frank Senter of Cyril, Okla. was a weekend guest in the E. E. Senter home.

Shanda Matthews who has been visiting her brother, Sam Matthews, and family in Dubai, Saudi Arabia, returned home Saturday. She reports a wonderful trip, but hot in Arabia.

Mr. and Mrs. Roy Patrick and children of Amarillo were guests in the Reita Smith home Sunday.

Tella Walker of Abernathy was guest speaker at the mid-week service Wednesday, July 24th, 8 p.m.

Randy Driver of Lubbock visited his aunt Mrs. Arlie Gilmore Monday.

Mr. and Mrs. Wm. Earl Luttrell and daughter, Jane, of Hopkinsville, Ky. were weekend guests of Mr. and Mrs. Gene Matthews. Also the Matthews daughter, Mrs. Patsy D'Andre of Plainview. They were here to attend the Heigi Gregory reunion held in Civic Center in Petersburg Saturday, July 27th.

COMPLETES TRAINING AT FORT POLK, LA.

FL. Polk, La. (AHTNC) June 6--Army private Jose L. Ramirez, son of Mr. and Mrs. Daniel Ramirez, Abernathy, Tex., completed nine weeks of advanced individual training at the U.S. Army Infantry Training Center, Ft. Polk, La.

He received general training as a light weapons infantryman and as a mortar and recoilless rifle crewman, in addition to specialized weapons instruction.

He also was taught the proper use of high explosives and the placement, detection and disarming of mines.

Teamwork was emphasized while he learned to work as a member of a rifle squad, mortar squad or direct fire section. Each team member completed the training well qualified to perform other jobs in case of casualties.

His wife, Pamela, lives at 709 W. 6th St. D.

AREA GIRLS ARE INVITED TO SP-12 TEX-ANNS CLINIC

LEVELLAND---All young women in the Levelland area interested in becoming a member of the Tex-Anns, the drill team at South Plains College, are being asked to notify Mrs. Mary Shea, drill team sponsor.

Candidates who plan to try out for the drill team are to participate in a drill team clinic during registration on Aug. 25-29. The clinic, which will be conducted by Denard Haden, a long-time choreographer for the famous Killgore Rangerettes, will be free to all drill team candidates.

"We have a limited number of openings for the clinic," said Mrs. Shea. Girls wishing to participate in the clinic should send their names and addresses to Mrs. Shea, care of South Plains College, Levelland, Texas, 79336, as soon as possible.

"The girls who are Tex-Anns next year will be the first to wear the new Tex-Ann uniform," Mrs. Shea added. She recently returned from Dallas where she met with Maurice White, a drill team designer. "To gether we've come up with a new, versatile uniform. It can be worn several different ways."

Members of the Tex-Anns receive the uniform without charge, except for boots which must be purchased by participant. Tex-Anns also receive a book scholarship for each semester amounting to around \$55.

This will be the third year that Haden has conducted a clinic for Tex-Anns. This summer he has directed similar sessions in Austin, Nacogoches, Houston and in Florida. The one at SPC is the only clinic for a single team, Mrs. Shea pointed out. Besides working with the Rangerettes, Haden has done dance studios in Kilgore and Nacogoches. He recently retired from Stephen F. Austin State University.

MASONS MEET HERE AUGUST 8

A stated meeting of Abernathy Lodge No. 1142 A. F. & A. M. will be held at 8:30 p.m. Thursday, August 8. A. L. Stone, Jr. Worshipful Master, invites visiting Masons to join local members in attending the meeting.

OES MEETS TONIGHT

A Robert Morris Program will highlight the stated meeting of Abernathy Chapter No. 877 Order of the Eastern Star tonight (Thursday) at 8 o'clock. Hostesses for tonight's meeting will be Mmes. Hazel Blumenstock, Evaughn Hackler, Liza Rea Matthews and Cleo Thomas. Mrs. Carl Barton, Worthy Matron, urges all local members to be present and extends an invitation to visiting Eastern Star members.

County Agent Issues Warning

County Agent Ollie Linder today warned farmers not to use vegetables which may have been sprayed with Di-Syston, an insecticide being used extensively in the county to combat the current greenbug problem.

Some garden patches, he emphasized, adjacent to maize fields may be sprayed, and it is "highly dangerous" to consume garden products from such fields.

Farmers have been using the insecticide to destroy the greenbugs, but Linder noted Di-Syston is not controlling the bug problem in some areas.

TSTI MESSAGE TO VETERANS

AMARILLO---June 28, 1974 Veterans since 1965 are wanted!

--Wanted to cash in on \$220 or more a month.

Texas State Technical Institute, Mid-Continent Campus, Amarillo, has valuable information for qualifying veterans interested in being paid more than \$200 a month to go to school. The benefits apply at most accredited universities, career courses, or vocational-technical schools, giving the veteran a wide range of choices for training. However, Texas State Technical Institute, with four campuses in Texas, is especially adaptable to the career needs of the veteran. TSTI offers a multi-variety of vocational and skill courses, from cosmetology to avionics electronics. Courses are completed in one or two years, and job placement is almost assured. Detailed information may be obtained from Norman Page, Veterans Coordinator, TSTI, Amarillo, or from the Veterans Service officer in each county.

Becton And Heckville News

Mr. and Mrs. Freddie Hair of Inverness, Florida, have been house guests the past ten days of Mr. and Mrs. Lon C. Lincecum. She is the former Willie Clark and she and her family resided in Becton community many years. The Lincecums and their guests attended The Texas pageant at Palo Duro's park Thursday night. While here the Hairs visited relatives on the South Plains.

The rumble of thunder was a most pleasant sound to wake to in the wee hours here Thursday night as a small rain shower fell. Crops are badly in need of much rain. Even those with better wells are finding it difficult to keep the crops going. We read of cities losing wells, hear of many irrigation wells producing much less water than here-to-fore. Sign of the times are the drilling equipment being moved about in our area. Many of us fear house wells in our area may fall unless the drought is broken. 1936 was such a year as this, but at that time irrigation was unknown in most South Plains areas.

Scott Holiday of Houston has been visiting his aunt and uncle and family, Mr. and Mrs. Gene Reid and children. He is the son of Mr. and Mrs. A. R. Holiday, Jr.

Mr. and Mrs. Albert Smith's daughter-in-law, Mrs. A. O. Smith, Jr. of Hereford, had major surgery early this week at University Hospital in Lubbock. Her condition was satisfactory.

Mrs. Lon Harrison, of Floydada, formerly of Becton, is back home after a two weeks stay in Floydada Hospital. Mrs. Harrison has undergone three hip surgeries in the past two years.

Greg, Brian and Amy Smith of Denton are here visiting their grandparents, Mr. and Mrs. E. J. King of Becton, and their uncle and aunt, Mr. and Mrs. J. D. King and children, Mark and Laurie of Petersburg.

Mrs. Harold Dean Sneed and son Rickey of Louisiana visited George Sneed of Becton Friday of this week.

Mrs. Evelyn Kurklin spent a week touring 9 states with relatives in a mobile home. They visited relatives in Kentucky and did lots of interesting sightseeing.

TSTI student learns aircraft mechanics.

So you're tired of school, college is not for me, you say. I'm tired of sitting in class listening to teachers, saying, "No more of this English, math, or science for me, you say."

EVER THOUGHT ABOUT VO-TECH SCHOOL?

That's where you enroll for nine to eighteen months, you know, and train for the very special skill or trade in which you're interested.

Like automotive mechanics. Or welding. Or commercial art. Or interior design. Or office techniques. And oh, dozens more courses.

Well, that's what Texas State Technical Institute (or State Tech, or TSTI) in Amarillo is all about.

You know--it's that school out at the former Amarillo Air Force Base east of Amarillo where you really LEARN TO EARN.

You get right down to brass tacks at State Tech, with instructors who've actually had experience earning their living in the field in which they're teaching. They've been there, so they know what it's all about. And they're up to date on the latest technology available in their own areas.

What's more, you produce as you learn--not just models, or facsimiles, but the real stuff. Why, did you know there's a full-size plane in the technology building for the aircraft mechanics classes?

And construction students are going to erect a full-scale three-bedroom house indoors!

You wouldn't believe the windmills and jungle-jim sets the welding students put together. And no commercial printer is in greater demand than State Tech's own printing department.

What's more, many of the offices on campus are designed by interior design students.

Job placement is almost certain with training from State Tech; in fact, you may complete phases of some courses each quarter and qualify for certain positions. Or maybe you already have a job, but would like to upgrade your skills. State Tech is for you, too.

What does it cost? You'll be surprised at how inexpensive it is. Tuition for one quarter is only \$60. There are dormitories, dining room and apartments available, too, but on-campus housing is not compulsory.

State Tech students may be considered for financial aid from various sources. Qualifications for entrance are extremely flexible.

Why, even if you are not a high school graduate you may enroll in a State Tech program and take the G.E.D. while a student.

Incidentally, if you're a veteran since 1965, State Tech has an especially good deal for you, because the government will pay you to go to school, you know; possibly more than \$200 a month.

And another thing! Credits earned at State Tech are transferrable to a number of

NEWS FROM ST. ISIDORE CHURCH HERE

AUGUST ACTIVITIES:
ROSARY and Sunday Mass, 9 a. m.

FIRST FRIDAY, August 2, 8:30 p. m. Mass.

WEDNESDAYS: Rosary Mass, 8:30 p. m. (No Mass August 14.)

THURSDAY, August 15: Assumption of Mary into Heaven Day, 8:30 p. m. Mass. August 15 is one of six days besides Sundays when Catholics of the U. S. A. should worship at Mass.

All Abernathy Review readers welcome to all services.

--Rev. Clifton Corcoran, Pastor

HALE BOND VOTE SET AUGUST 6

A "re-run" of the Hale County road bond election is slated for August 6. This time, the bond issue vote will be for \$600,000.00, rather than a million dollars. The bond, if approved, will provide money to improve U. S. Highway 70 from the west city limits of Plainview west to the Hale-Lamb County line.

Voting in Abernathy will be at city hall, with Mrs. Wendell Tooker in charge. Henry Scarborough will be in charge of voting at Lakeview Methodist Church.

Polls will open at 8 a. m. and close at 7 p. m.

METHODIST NEWS

(From Abernathy First United Methodist Church newsletter dated July 24.)

WELCOME VISITORS

RECENT VISITORS--Miss Meta Ulrich, Lubbock; Aileen Oudega, Lubbock; Wayne Campbell, Lubbock; John H. West, Farwell; Mrs. Herbert King & Mrs. Jewel Richter, Hobbs, N. M.; Melissa Klafka, Abernathy; Dickie Overstreet, Abernathy; Mrs. Dean Sterling & Wynn, Newman, Ga.; Cody & Jeff Barwick, Austin; Michael & Blane Adams, Arlington; Mary & Randa Thompson, Abernathy.

PASTOR'S VACATION

On Monday, July 29, the pastor and his family will be on vacation for two weeks. During this time Rev. H. B. Coggin will take care of any emergencies that may arise in our church family. If for any reason you need help, call the church office and Chris will help you with your concerns.

On Sunday, August 4, our guest preacher will be Dr. R. Luther Kirk of Lubbock. Dr. Kirk is now retired from active service but is still much in demand for preaching. On Sunday evening, August 4, our youth will be in charge of the worship.

On Sunday, August 11, our guest speaker will be Dr. Bishop, Professor at Wayland College. He will represent the concern of T. A. N. E. in area of Drug and Alcohol problems.

Then on Sunday evening August 11, the J. O. Y. choir from Aldersgate will be on hand to present a program in music and witness. You are assured of good leadership in worship during the pastor's absence.

Couple Exchanges Double Ring Vows

MRS. RONALD FLOYD (Billie Jeneane Huffman)

Miss Billie Jeneane Huffman and Mr. Ronald Floyd exchanged wedding vows at 3:00 p. m. Saturday, July 27, in the Southcrest Baptist Church, Lubbock. Rev. David Harp, brother-in-law of the groom, officiated at the double ring ceremony.

Mrs. Jean Richardson of Muleshoe and Mr. Robert Thomas of Lubbock were honor attendants. Guests were seated by Mr. Jim May of Dallas and Mr. Charles Bray of Lubbock.

Mrs. Elbert Huffman of San Angelo is the mother of the bride.

Mr. and Mrs. Marvin Floyd of County Line are parents of the bridegroom.

The bride was given in marriage by her uncle, Ralph Huffman of Souix City, Iowa. The bride's gown was a white

Juliet gothic design of pally organza, with accents of cluney lace flowerets with seed pearls, motif bodice and scoop neckline etched in cluney lace, sheer sleeves with petal point and gothic design flowing to the A-line bufont skirt with deep ruffled flounce, flowed into a chapel train. The long white veil was attached to a camelot capulet covered in white cluney lace and sprinkled with seed pearls.

After a wedding trip to New Mexico, the couple will reside in Lubbock.

Mrs. Floyd is a 1973 graduate of Texas Tech and is employed at Curry Motor Freight. Floyd is a graduate of Abernathy High School. He is sales representative for Peerless Products.

Former Abernathians Mr. and Mrs. Fred Pruner, who moved from here to Des Moines, N. M., have moved from there to Wichita Falls. Fred is teaching in the Va.-Ag. department of Ryder High School.

Mrs. Dean Sterling and Wynn of Mewnan, Georgia have been visiting in the home of her parents Mr. and Mrs. J. W. Harris. They returned home Thursday by plane.

Area Road Upgrading Announced By State

Texas Highway Department surfaced for a second time next engineer Friday announced re-structing plans for six miles of Fowler, senior resident engineer for the THD.

A preconstruction conference was conducted at 10 a. m. today in the THD district office to plan and coordinate public safety and convenience efforts.

A \$434,255 contract awarded to Panhandle Pavers, Inc. of Lubbock includes strengthening of the Hale County rural road base and widening it to 24 feet. Repairs will require an estimated 120 working days and will be completed in half widths, THD sources indicated, to permit uninterrupted traffic flow.

Speed limit in sections under construction will be reduced to 45 miles per hour, however, and Department of Public Safety (DPS) units are being alerted to patrol the roadway on an accelerated schedule.

Completion target date for the first of a two-phase construction is scheduled in November. The highway will be

Those visiting in the A. R. Knight home last week were Mrs. Clem Ann of Ft. Worth, Mr. and Mrs. L. J. Jordan of Petersburg. The ladies are A. R.'s sisters. Also Mrs. Ruth Baker of Ft. Worth. (Correction: The Knights visited with G. A. and John Loper of Las Vegas, Nevada, instead of Reno, Nevada.)

Other counties in the top five in castorbean production include Lamb, Farmer, Bailey and Castro.

Complete statistics on 1973 field crops are available by writing John C. White, Texas Department of Agriculture, P. O. Box 12847, Austin, 78711.

HALE TOP FIVE---

AUSTIN--Hale County was in the top five in castorbean production in the state for 1973, Agriculture Commissioner John C. White has announced.

Total production for the county was 2,280,000 lbs.

Because 1973 had one of the latest freezes in recent history, harvest started several weeks behind schedule, with rapid progression until the end of the year, White said.

Other counties in the top five in castorbean production include Lamb, Farmer, Bailey and Castro.

Complete statistics on 1973 field crops are available by writing John C. White, Texas Department of Agriculture, P. O. Box 12847, Austin, 78711.

Work on the State 4-H and Youth Center is progressing very rapidly, reports Karen Miller, assistant county extension agent. A newsletter from the Herman Bennett Construction Company at Brownwood reported the progress.

The swimming pool has been excavated and is ready to start pouring foundation. The entrance road is 65% complete and is now ready for caliche or crushed stone.

4-H Record books and D-forms will be judged on August 2. The books are due in the Extension office by 5:00 p. m. on Wednesday, July 31.

All materials, except dividers, may be picked up at the Extension Office, and agents will be available for individual assistance to 4-H'ers if needed.

After books are judged on the 2nd of August, winning books will go on to District competition in Lubbock August 19.

Mr. and Mrs. Manuel Hernandez are parents of a son, Matthew Lee, born June 25, weighing 4 pounds 4 ounces.

Former Abernathian T. A. Knight has this address: 300 East Greenbriar Lane, Dallas, Texas 75203. He is a son of Mr. and Mrs. A. R. Knight.

Mr. and Mrs. Hilbert Rantz and daughter recently visited in Alvin. A daughter of the Rantz and her husband reside there.

Mr. and Mrs. Jackie Barton and daughter were due home this week after visiting in the home of their son and brother, Mr. and Mrs. Terry Barton, in Atlanta, Georgia.

Mrs. Bob Russell and Laura of Archer City visited here last week in the home of Mr. and Mrs. Robert Gough and family.

TALK IN PRINT

Due to the financial success of the Little Britches Rodeo here June 7-8, Abernathy Riding Club, the sponsor, plans another Little Britches Rodeo in the arena on the west side of Abernathy. Tentative dates for the second rodeo are Friday and Saturday, August 30-31. Watch The Review for further information.

For the consideration of the Chamber of Commerce:

West Texas State University has a pool of after dinner speakers from the faculty. The professors give their services without a fee (traveling expenses, maybe) to appear as speakers on banquet programs such as held here. This is not to suggest that their services be used to save the usual speaker fee. We do suggest that the fee you usually pay visiting chamber of commerce banquet speakers be donated to a very worthwhile project, the Opportunity Plan, headquartered at West Texas State University, under the guidance of Mr. Morris. The Opportunity Plan provides funds for deserving students to attend college... students who might otherwise miss a college education for the lack of money.

The Opportunity Plan is not another give-away deal. The students who are educated through the loan plan are obligated to pay back to the Opportunity Plan the money borrowed to attain a college education. The payment on the loans start after the students finish college and have obtained work. The repayment is set up in monthly amounts

low enough not to cause a hardship on the graduate.

Our sister city of Petersburg has been involved in the Opportunity Plan as individual contributors for a number of years. And, some Petersburg students have used this plan to attend college at West Texas State University.

Abernathy participation in the Opportunity Plan is headed up by Arno Struve and Dan Ward. To date, The Review has not contributed to the plan, locally, but we plan to when the summer slump in advertising is over.

During all the years we have been printing the addresses of our people who move within the community and/or from one town to another, we have had only one request not to publish the address. Why, I do not know, because it was none of my business and I did not ask.

Our objective in printing addresses in The Review is to be of service to the ones involved, and to their friends and relatives who may want to contact them.

If for any reason you do not want The Review to print the address, please let us know by Mondays at 4 p.m., our deadline. For us to print the address against your wishes, when you have notified us not to, could be considered an invasion of your privacy. I do not know if there is a law governing such cases, but it is The Review's policy to honor such requests... no questions asked.

Also, along this line, we could be of service by publishing your telephone number if there is a new installation or a change of the number that shows in the current telephone directory. This will be a free service, but only at your request. This in

no way involves the telephone company people. They do not give out such information on numbers for publication in a newspaper.

Among the Things I do not Like:

To pick up a ringing telephone and be greeted by "guess who this is." I know it's rude, but I have the urge to hang up instantly.

To be caught in a tight traffic situation and have the other driver (knowing that he is not at fault) keep barreling in on me, not slowing and giving me a chance to correct the situation.

To speak to someone and have them look directly at you and not return the greeting. That's as rude as hanging up on a telephone caller.

To have outlying towns and rural areas called the boondocks by smartalecs on television. Most places outside New York City and Washington, D. C., are the "boondocks" to Eastern news media. If Abernathy is in the boondocks... I sure like the boondocks. It is much better than living in the NYC and WDC rat race.

I don't like to hear women referred to as "broads."

I don't like to hear children called "kids." Goats have kids.

I don't like to see Christmas spelled "Xmas."

I don't like the bad ("cuss") language that comes over television. "The children should be in bed by that time," is the argument. They just don't go to bed that early anymore. The language and vulgar talk on TV should be cleaned up, for the sake of children viewers. Unless this trend is stopped, you'll be seeing X-rated movies on TV in five years.

I don't like for a business man to ask me if his competitor is having an ad in the next paper. In fact, I don't want to mention his competitor's name in anyway while I'm selling ads. This very seldom happens, but once is too often.

Elsewhere in this paper is an item about Jerry Dees, victim of a "practical" joke in Austin last week.

"Practical" jokes are dangerous. I have seen, and heard of, too many backfires... even to the point of loss of life.

The sickest "practical" joke I ever heard about was pulled by a man, who long since has moved from Abernathy. He telephoned his sister and told her that her son had been killed in a car wreck. That man had a very strange sense of humor.

Also very dangerous is booby-trapping to injure or kill thieves. This practice has claimed lives of innocent people.

Did you read about the businessman in San Angelo using rattlesnakes in his building at night to discourage burglars after his place had been hit by night thieves several times? Boy, that would do the job on me if I were in the burglary business. I cringe at the sight of a harmless garden snake. During storm seasons I spent a miserable life as a child when we lived several counties east of here. The dirt-wall celler with its snakes and centipedes scared me more than the stormy weather.

Students will report to school Wednesday, August 21, to begin the 1974-1975 school term.

The Bilingual Kindergarten will operate at the school again this year for children who will be five years old on or before Sept. 1, 1974.

A lot of improvements are taking place this summer at

HALE OIL, GAS PRODUCTION

Current higher prices for crude oil and natural gas produced in Hale County point to a significant jump in 1974 income for county land and royalty owners who last year received \$3 million as their share of the county's output, according to a study by Texas Mid-Continent Oil and Gas Association.

"With the average price of Texas crude oil now at about \$6.70 a barrel, compared with the 1973 average of \$3.84 a barrel, and with some newly discovered natural gas selling intrastate for more than \$1 per thousand cubic feet, the outlook for the economy of producing communities is encouraging if prices hold up," according to Sherman Hunt, Dallas, Association president.

"Should price roll back schemes and other tax-and-control proposals now under way in Congress be successful, current economic gains will evaporate," Hunt said.

The Association's study shows that crude oil and natural gas produced last year in Hale County was valued at \$23.8 million, ranking the county 61st in the state. Crude oil production of 6.1 million barrels was valued at \$23.3 million and 2.6 billion cubic feet of natural gas at \$503,021.

Statewide, crude oil prices for 1974 are estimated to be some 74 percent higher than 1973. This expectation has stimulated a revival of drilling in Texas, with well completions the first five months of 1974 at 4,013, a 19 percent jump over the same 1973 period.

From the county's 1973 output, the State of Texas collected \$1.1 million in oil production taxes and \$37,727 from natural gas.

Also adding to the dollar flow in the county last year were these factors: -- Drilling activities, on which producers spent \$2.4 million in drilling 33 wells, \$76,152 of which was lost in one dry hole. Successful completions amounted to 32 oil wells.

-- Payrolls, which amounted to \$235,452 paid to 60 workers, according to Texas Employment Commission figures.

-- Operation of other oil and gas facilities, including one petrochemical plant.

Mrs. Gerald Jeffery and children of Uvalde recently visited here in the home of her parents, Mr. and Mrs. J. C. Veach.

In-depth experience in one country, living with host families, and working with youth programs are foundations of the IFYE program. Language skills are improved, and often there is opportunity for a personal-expense travel period. Some arrange for university credit while they pursue special interests.

From: Karen McClendon, 1974 IFYE Delegate to Turkey.

It is 5:30 a.m. and the sun is shining brightly. The streets of Ankara, the capitol city of Turkey, are already awake and moving. From the third story window of my room in the Turkish Agricultural Association, our host organization in Turkey, I can hear the rattle of bottles as the water truck makes its way around the city delivering drinking water for the day. Men and boys are setting up their cart or case of simit, a bread sprinkled with sesame seeds in the shape of a donut. Some carry a tray upon their heads stacked two feet high with simit for sale. Other find a spot where they will shine shoes on a breadstand beautifully made and often displaying a very colorful painting or picture.

The streets are a conglomeration of trucks, buses, taxis and vans, along with carts of tomatoes, cucumbers, egg plant, lettuce, bell peppers, squash, and/or melons which are pulled by a donkey or horse, or pushed by the vendor. The motor driven vehicle has no more right-of-way than the muscle-powered since in Turkey, the ratio of people to automobiles is 200 to 1.

The people on the street show a marked contrast. There are men in their suits and ties, and women in tailored dresses or blouses and skirts who would look perfectly natural on the streets of an American city. They pass by the more traditionally dressed as they make their way to work. Women with hair covered by a scarf and sometimes with their faces hidden by a veil are quite typical. Their attire usually consists of a dress with long sleeves and a thick stocking or sock and/or pants of

Follow-up on the dentures: they are back in the hands (or mouth) of the rightful owner.

If you write Bill and Donna Caffey at their new address: Rt. 1, Box 37-A, Sidney, Texas 76474, address it to STEWART Caffey. He is called that given name in the Sidney area, where he was reared.

Students will report to school Wednesday, August 21, to begin the 1974-1975 school term.

The Bilingual Kindergarten will operate at the school again this year for children who will be five years old on or before Sept. 1, 1974.

PUBLIC NOTICE

LEGAL NOTICE

NOTICE OF BOARD OF EQUALIZATION MEETING CITY OF ABERNATHY, TEXAS

In obedience to an order of the Board of Equalization regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the City of Abernathy, Hale-Lubbock County, Texas, at 3 o'clock p.m., beginning on Friday the 9th day of August, 1974, and from day to day thereafter, for the purpose of determining, fixing and equalizing the value of any and all taxable property situated in the said City of Abernathy, until such values have finally been determined for taxable purposes for the year 1974, and any and all persons interested, or having business with said Board, are here notified to be present.

DONE BY ORDER OF THE BOARD OF EQUALIZATION OF THE CITY OF ABERNATHY, Hale-Lubbock County, Texas, at Abernathy, Texas, this 25th day of July, A. D., 1974.

Ottelia Clement, City Secretary, City of Abernathy, Texas (8-1 6 8-8-c)

Letter

(The information following is to precede the newsletter which is enclosed, if the space is available.)

The following is a newsletter from Karen McClendon, 1974 IFYE Representative to Turkey.

The IFYE program is sponsored jointly by the National 4-H Foundation, Friends of 4-H in Texas, and the Bureau of Educational and Cultural Affairs of the U. S. Department of State.

4-H International Programs aim to bring about greater understanding among all people. They provide the kind of help needed by the U. S. and other nations to fully develop the potential of their most valuable resource - youth.

4-H International Exchange Programs assist by providing opportunities for participation in cross-cultural experiences.

In-depth experience in one country, living with host families, and working with youth programs are foundations of the IFYE program. Language skills are improved, and often there is opportunity for a personal-expense travel period. Some arrange for university credit while they pursue special interests.

Men and boys are setting up their cart or case of simit, a bread sprinkled with sesame seeds in the shape of a donut. Some carry a tray upon their heads stacked two feet high with simit for sale. Other find a spot where they will shine shoes on a breadstand beautifully made and often displaying a very colorful painting or picture.

The streets are a conglomeration of trucks, buses, taxis and vans, along with carts of tomatoes, cucumbers, egg plant, lettuce, bell peppers, squash, and/or melons which are pulled by a donkey or horse, or pushed by the vendor. The motor driven vehicle has no more right-of-way than the muscle-powered since in Turkey, the ratio of people to automobiles is 200 to 1.

The people on the street show a marked contrast. There are men in their suits and ties, and women in tailored dresses or blouses and skirts who would look perfectly natural on the streets of an American city. They pass by the more traditionally dressed as they make their way to work. Women with hair covered by a scarf and sometimes with their faces hidden by a veil are quite typical. Their attire usually consists of a dress with long sleeves and a thick stocking or sock and/or pants of

Lubbockites Top Tourney

ABERNATHY (Special) Lubbockites Tommy Wilson and Ted Watts held off the challenge of Snyder's Steve and Cloys Talbert to capture the Abernathy Partnership championship.

Watts-Wilson carried a two-day, 36-hole total of 127. 17-under par over the par-72 Abernathy Country Club layout. The Talberts finished two stroke back with a 129.

some kind covering their legs. Although the temperature of the day will usually reach 85 degrees F, three or four layers of clothing may be worn. The traditional dress of the men includes a wool jacket and pants, and a tam-like hat. Their hands show the signs of hard work and the Turkish hard do indeed work hard.

The life of Ankara is truly divergent with enclosed malls and open markets which exist today as they did hundreds of years ago. But for both the traditional and modern, life in Turkey goes on and another day of work has begun.

HALE TOP-TEN--- AUSTIN--Hale County placed in the top ten in corn production in the state for 1973, Agriculture Commissioner John C. White has announced.

Total production for the county was 1,093,000 bushels. "The work of the Hale County farmer provided a big boost to the total state production of 60,800,000 bushels," White said.

Other counties in the top ten in corn production include Parmer, Castro, Lamb, Deaf Smith, Moore, Bailey, Dallam, Sherman, and Hansford.

Complete statistics on 1973 field crops are available by writing John C. White, Commissioner, Texas Department of Agriculture, P. O. Box 12847, Austin, 78711.
