

Airport Dedication July 16

"This will be a big day for Haskell County," said Mayor J. Belton Duncan, in reviewing plans for the new City Airport dedication. Slated for July 16, the airport committee of the Chamber of Commerce, in conjunction with City officials, have really planned an all-out holiday event.

to 1:00 p. m., and will be free. Mayor Duncan said, "We have made plans to serve a thousand people, and are looking forward to the dedication."

Spot landing and bomb dropping contests are planned to thrill the crowds. They will begin at 1:30. Winners in each will receive trophies at the end of the show, and just before the formal dedication of the airport.

Highlight of the dedication ceremonies will be the presentation of a check to Mayor Duncan by Virgil Reynolds of the Federal Aviation Administration. In the amount of \$18,538.20, the check is the first payment, of several, that are to be received for State and Federal Aid in the building of this airport.

Reynolds is a 1928 graduate of Haskell High School and attended Baylor University. He

learned to fly in the early 1930's, and taught a flying school at Ballinger during World War II. "It makes me very happy to see such a fine facility in Haskell," he said.

Lou Sparks of Abilene is in charge of an air show and the parachute jumps, set for 3:00 p. m. The show will feature several planes.

A 'flag jump', featuring the

American, the Texas, and the Confederate flags, should prove to be one of the real highlights, that will linger for a longtime in the memories of those who view it.

It's an exciting and impressive show.

Dedication officials expect in excess of 100 planes to land bright and early for the show. Flying enthusiasts from all over the country have been invited, and it's this kind of show they love to attend. At least one ladies group is expected to fly in for the day.

Over 1,000 people are expected here for the show, and officials issue a cordial invitation to everyone far and wide, to come and see the Municipal Airport. The 3400 foot runway is paved and lighted, and hangars and terminal building are ready, with more hangars planned for the future. The facility will prove to be a great asset to this area in the future, and is already being used extensively.

City Receives Sales Tax Check

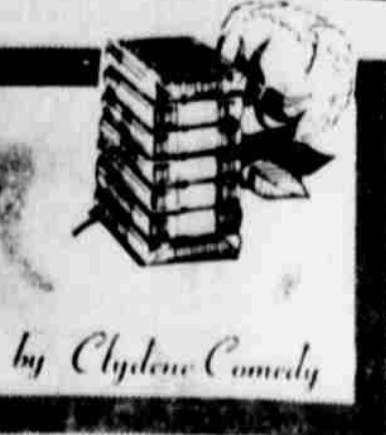

The City of Haskell has received a check from the State Comptroller for \$11,790.63 representing Haskell's portion of the Sales Tax. This total is \$1,492.12 more than the check received for the same period last year.

Since April 1, 1970 the city of Haskell has received a total of \$81,399.72. This is an average of \$11,413.72 per quarter. The checks from the State are a quarter behind, so the money represents the months Jan., Feb. and Mar.

According to City Manager Ira Hester, "This money goes into the general fund and without it the City would probably have to raise taxes." The general fund covers such expenses as up-keep on parks and streets, city administration, police, fire, city property and sanitation.

Haskell's check represents its share of the one per cent sales tax and is part of about \$45 million collected by the State Comptroller each year.

The highest total ever received by Haskell was for the months of Oct., Nov. and Dec. of 1970 with a total of \$14,095.37.

Bomb Threat - 'Exciting'

"It was exciting, I'd never been in a bomb threat before," said Miss Pat Harris about the final night of her stay at the Miss Texas Pageant.

After the crowning of Miss Texas, Mae Beth Carmony, and

a reception in her honor, the girls packed and were bussed back to their dorm on the TCU campus where a reception and dinner was held. "About 3:30 a. m., just as everyone was getting ready for bed, chaos broke loose in the hall and

someone was shouting, 'get out, there's a bomb, get out.' We were all so tired we didn't realize what was happening." After a 45-minute wait for the police to search the dorm, the girls were allowed to get some much needed rest.

During the week long stay in Fort Worth, Pat stayed in the same room with Amy Griggs, Miss Fort Worth, who was named 1st runner up. Pat said that she and Mae Beth Carmony had the same hostess through the Pageant and they got to know each other pretty well.

Pat returned home Sunday with her parents, Mr and Mrs. Henry Harris, and Mrs. Opal Adkins, her manager.

Pat said she would like to thank everyone for the cards and flowers she received during the pageant and for the help and encouragement during her preparation for the pageant.

All-Stars include: Nate Escobedo, Steve McConnell, Robert Rodriguez, Rex Pittman, Jimmy Browning, Vonnie Hise, Richard Amaro, Nathan and Jeff Frierson, Ricky White, Lynn Wheatley, Eddie Klose, Mark Wallace and Cris Colbert. The team is coached by Jerry Sorrells and managed by Dr. R. E. Colbert.

Two Area Students To Attend Seminar

Two high school students from Haskell County will attend the tenth annual High School Students Citizenship Seminar to be conducted by the Texas Farm Bureau July 18-22 on the campus of Baylor University in Waco, according to Marvin Phemister, president of the County Farm Bureau.

Students selected to attend from this county are: Cynthia Carroll, daughter of Mrs. Joann Carroll, Rule, Texas, and Susan Stegemöller, daughter of Mr. and Mrs. Marvin Stegemöller of O'Brien, Texas.

They will be among some 450 students from all over the state who will be entering the 11th

or 12th grades in September and have been carefully screened as to leadership ability and scholastic achievement.

Attendance is not limited to students from Farm Bureau families, but is open to those who reside in towns or cities as well as rural areas. Their attendance is sponsored by the local county Farm Bureau.

Purpose of the seminar, according to Marvin Phemister, is to convey to the students a better understanding of our American heritage and the capitalistic private enterprise system "that has made ours the greatest of all nations."

They will also be informed about some of the forces, both internal and external, that are eroding our way of life. The ultimate goal, he added, in addition to helping them to be better informed, is to cause them to want to pass on their experiences to others.

Several nationally-known authorities will be discussion leaders at the seminar. They include Dr. Clifton Ganus, president of Harding College, Searcy, Ark., who will speak on (Continued on Page 2, Sec. 1)

1972 Set-Aside Program

\$5.6 Million In Haskell

Approximately 450 farmers in Haskell County have received farm set-aside program payments totaling \$1,161,000 during the first week of July, according to Lloyd Feemster, County Executive Director for the Agricultural Stabilization and Conservation Service (ASCS).

By the end of the month, the total will be about \$3,000,000 to 900 producers.

Nationwide, approximately 750,000 cotton, feed grain and wheat producers were mailed a total of \$850 million in expedited preliminary payments in time for the checks to arrive in producers' hands on July 1.

Payments under the set-aside programs are made to farmers who agree to set aside part of their land from production in order to meet a national objective of balancing supply and demand in certain commodi-

ties. These payments help to off-set the loss of returns from cropland that otherwise would be used for income-yielding production, and on which the farmer is obliged to continue to pay taxes and apply needed conservation steps, according to officials of the U. S. Department of Agriculture. Payments to producers are limited to \$55,000 per person for each of three crops—feed grain, wheat, and cotton—under the Agricultural Act of 1970.

Nationally total payments are expected to be about \$3.7 billion. Total 1972 farm set-aside program payments in Haskell County are expected to be about \$5,650,000.

Feed grain producers in the nation ultimately will receive about \$1.9 billion, cotton producers about \$825 million, and wheat producers about \$1 bil-

Sue Hager To Attend Workshop

Miss Sue Hager of Weinert returned this week from a week at the 1972 State 4-H workshop held on the University of Houston campus last week.

The State 4-H council, made up of 26 members, representing 75,000 4-H'ers over the State, met to plan activities for this year.

The main activity planned

by the Council was the 1973 4-H Congress. This will be the first Congress ever held in Texas. The Council members will act as the youth staff at the Congress sponsored by the Houston Livestock show and rodeo.

The council discussed the problems of youth and what 4-H could do to help, and how to spread the word of 4-H to the youth and public. The theme of the workshop was "A New Day: A New Way."

During the workshop the Council revised the state 4-H standing rules. Bill Helwig, State 4-H Council Chairman gave a report on the Canadian 4-H Conference which he attended as a Texas delegate. A report was heard on the Adult Youth International Workshop held in Washington D. C.

A banquet was hosted in the Council's honor at which time 1973 Council officers were installed. Miss Hager was one of three girls selected to attend the leadership lab July 28-August 5, at Camp Christian Retreat on Brownwood Lake.

The group also attended a Broadway Play, The Unsinkable Molly Brown and had an opportunity to attend several shows during the week.

DEATH NOTICES

Mrs. Brown

Funeral services for Mrs. Zillie Mae Brown, 49, of Rochester were held Monday in the Weeping Mary Baptist Church in Alto with the Rev. David Lee Cooper, pastor of the Union Chapel Baptist Church in Rochester, officiating.

Mrs. Brown died Friday in the emergency room of Hendrick Memorial Hospital following complications from a cut.

Mrs. Brown was born August 22, 1922 in Alto and married Haywood Brown Sept. 30, 1938. They moved to Rochester in 1958 where she was a member

of the Union Baptist Church. Survivors include her husband, Haywood Jr. of Dallas, Andrew Lee, Walton Earl, Melvin, Dan L., and Robert L., all of Rochester; eight daughters, Mrs. Vertie Mae Martin and Mrs. Katie Mae Nicholson, both of Rochester, Mrs. Thelma Lee Bagley and Mrs. Amie Mae Hill and Mrs. Earline Clevis, all of Dallas, Eula Lee Florence Brown and Maecetta Brown of Rochester, Arline Francis Brown; and her mother, Mrs. Eula Mae Ross of Alto; two brothers, F. L. Ross and Emanuel Ross, both of Crockett; two sisters, Mrs. El-

nora Thacker and Mrs. Addie Martinez, both of Crockett and 35 grandchildren.

Fermin Villaneuva

Funeral services for Fermin Villaneuva, 82, were held July 8, at St. Georges Catholic Church with Father Coleman officiating. He moved to Haskell about three months ago. Burial was in Willow Cemetery under the direction of Holden-McCauley Funeral Home.

Born September 25, 1889, in Cadereyta, Mexico, he married Candolia Gallegas in 1921 in San Marcus. She preceded him in death in 1959.

Survivors include: one daughter, Mrs. George Ozuna of Haskell and one son, Paul of Pharr, 14 grandchildren.

Craddock Named Man Of Year

Thomas E. Craddock, landowner and lifetime resident of Seymour in Baylor County, has been named a 'Man of the Year in Texas Agriculture' for 1952 by the Texas County Agricultural Agents Association.

Nominated by the county agents of District 3 of the Texas Agricultural Extension Service, Craddock is one of seven Texans selected for the honor.

Each year the awards are presented to outstanding leaders in agriculture and related industries, explained Wichita County Agent B. T. Haws, president of the state association. The awards also recognize contributions in improving levels of living and in boosting the economy of communities, counties, the state and the nation.

Craddock will receive his award during the association's annual meeting, August 6-8, at the Hilton Inn in El Paso.

As manager of the B-K Electric Cooperative, Inc., which serves Baylor, Knox and Haskell Counties, Craddock has spent much of his adult life in service to farm families, furnishing them electricity to improve the standard of living in rural areas," Baylor County agent Lowell B. Cure said.

Craddock supports all phases of agriculture and programs of the Extension Service. He was instrumental in sponsoring the 4-H bill board recognition throughout the state. He has contributed financial support to the Rolling Plains Economic Program, an Extension program designed to boost the total economy of the Rolling Plains area.

In 1941 Craddock helped organize the Brazos Electric Power Cooperative which comprises 19 electric cooperatives along the watershed of the Brazos River from Seymour to

northwest of Navasota. He has served as secretary-treasurer of this Waco-based cooperative since its organization.

He has served in numerous civic organizations in the county and has known and worked with many of the nation's leaders, including five Presidents," Cure said. In 1970 Baylor County citizens honored him by declaring a 'Tom Craddock Day.'

Craddock's interest in youth activities is represented by his Silver Beaver award from the Northwest Council of the Boy Scouts of America, his honorary membership in the Seymour FFA Chapter, and the Friend of 4-H plaque, honoring his support to the overall county 4-H program.

Craddock has served as president and secretary-treasurer of the National Rural Electric Cooperative, has worked on the Board of Regents at Midwestern University in Wichita Falls, and is currently a director of the Region Nine Education Service Center of Wichita Falls.

He was named Texan of the Year in 1954 by Current Magazine, published by Texas Cooperatives, Inc.

Shooter Safety Program Planned

Haskell Jaycees have scheduled a meeting to start a shooter safety program for all interested youth in the Haskell area. The program will include four hours of instruction and the actual firing of small arms. Interested youth must be accompanied by their parents and should meet tonight, July 13, at the Corral building at 8 o'clock for further information. The course will be instructed by Charles Thornhill, Ben McGee, Frank Jenkins and James McFadden. All four instructors have completed a National Rifle Association Instructors Safety course.

All youth between the ages of 12 and 18 are eligible for the course and are invited to participate. The cost for the entire course is \$1.00 and includes all materials.

Mr. and Mrs. E. J. Neinst and Mr. and Mrs. Cliff Gholson of Old Glory went to Illinois last week to visit with Mrs. Elnora Scott, Mr. Neinst's sister. The Gholsons also visited with their daughter, Linda.

City Council Opens Bids

The regular meeting of the Haskell City Council, July 11, was called to order by Mayor J. Belton Duncan with the following Councilmen present: Carl Anderson, W. O. Holden, Loraine Johnson and Buster Gholson. Also present were Ira Hester, City Manager; Marvin Collins, Water Supt.; and Joe Williams, City Attorney. Prayer was voiced by W. O. Holden and the minutes of the last meeting were read and approved.

Wallace Cox Jr., accompanied by Ellen Walling at the piano, was song leader and the invocation was given by George Fouts. Recognized as guests were Shelly Long, daughter of Lion Gene Long and Elliott Cox, son of Lion Cox.

In a short business session, the club voted unanimously to begin meeting at the Haskell Steak House August 1. Lion Secretary O. W. Tooley gave a financial report of the fiscal year ending June 30, 1972 showing a total of \$876.00 donated to the following: Crippled Children's fund, Eye Examination and Glasses, Red Cross Blood Bank, Abilene Rehabilitation Center, Mental Health and Retardation Center, Haskell Little League, 4-H Club, Boy's State, Hospital Chapel fund, and the Haskell High School Library.

Program chairman for the day was Dr. Troy Culpepper who introduced Tommy Mojica of Haskell and Doug Tipps of Houston. The pair sang several songs and Tipps presented a very interesting talk about the relationship of today's youth and religion. Tipps spoke of many young people who have given up dope habits because of religion, and said "from a purely practical standpoint, if religion can stop one individual from using drugs, all effort is justified."

New President Cites Pogues

The regular luncheon meeting of the Haskell Lion's Club was called to order by the new president, Joe Williams, at City Cafe, Tuesday. As first official act as president, Williams commended immediate past president Lion Bud Pogues for his outstanding job of leading the club during the last year.

Newly Formed Brazos-West Slates Meeting

June 27th the newly-formed Brazos/West Economic Development Corporation, composed of five counties and eighteen towns and communities, met in a general meeting to discuss ways of creating co-operative efforts for the betterment of our area. Fourteen towns from this area were represented at the meeting. Royce Williams of the Haskell National Bank was elected to represent Haskell on the Board of Directors.

One of the purposes of the organization is to engage towns and communities of Haskell, Jones, Knox, Stonewall and Fisher counties in a co-operative effort in projects to economically and culturally improve our area of Texas. Rather than each town and community working independently of others, it is hoped that this organization will be the means of our area of Texas working together.

The annual meeting of the Brazos/West Economic Development Corporation will be held in the Hamlin Cafeteria on August 15 at 7:30 p. m. The public is invited to this meeting as well as the quarterly general meetings. At the annual meeting speakers from other areas of Texas who have piloted similar co-operative efforts will be present to share how their goals were accomplished.

Bids on the seal coating of 84.9 blocks of city streets were opened. Low bid was from Pioneer Construction Company of Abilene at 15.8 per square yd. The Council is in the process of awarding the contract on this construction.

The Council voted to start enforcement of a City Ordinance to pick up stray dogs. The dogs will be kept by the City for 10 days and if claimed, the owner must pay for expenses during the time the animals are kept.

Councilmen agreed to see a demonstration of a Wayne Street Sweeper and will discuss a lease-purchase agreement after the demonstration.

Discussion was held on the possibilities of placing mail boxes on the southeast corner of the square. By placing the mail boxes so that letters can be mailed from cars, the Council hopes to alleviate some parking problems near the Post Office.

A letter received from the Texas State Department of Health informed the Council of the classification of Haskell as a Type II area which would cause a twice-a-week compaction and cover of solid waste. The waste is now being covered at monthly intervals which does not meet the Health Department's requirements. A representative of the Health Department who inspected the City's disposal facility, said that it was very well operated other than the covering of waste monthly. An increase in garbage pick-up to offset this expense was discussed.

A report was heard on the Airport Dedication and the remodeling of the City apartment was discussed. All bills were approved.

In Regular Session

The Honorable Commissioners convened in a regular session at their regular meeting place in the courthouse on the 10th day of July, 1972, with all members present. The minutes of June 27, 1972 were approved as read and Motion was made and carried to pay all approved bills. The Treasurers and Auditors monthly reports were reviewed and accepted as filed. The U.S.D.A. Commodity program for the coming year was discussed and budget planning is underway for 1973.

Revaccinate For VEE

The Texas Veterinary Medical Association (TVMA) and the Texas Animal Health Commission (TAHC) issued a joint statement today recommending the revaccination of all horses immunized during the Venezuelan Equine Encephalomyelitis outbreak of a year ago. Dr. Wallace R. Larson of East Austin, President of TVMA, and Dr. H. Q. Sibley, Executive Director of the TAHC in Austin, said Texas is a high-risk area for a V.E.E. outbreak and while it is hoped no impending threat is eminent, revaccination is further insurance for the public against this deadly form of sleeping sickness in horses.

The spokesman said that it was only after weeks of study and consultation with scientists and practitioners that the decision was made to revaccinate. Recent outbreaks of V.E.E. in Mexico and the discovery of V.E.E. antibodies in a dog and coyote found in Texas influenced the decision, the spokesman said. Weather conditions are right for mosquitoes and other vectors to transmit V.E.E. from an infected animal to an animal that does not have immunization of to humans, they said.

Some 90 human cases of V.E.E. were reported in 1971 and 2,600 horses died during the epidemic in Texas. Recent studies show that while the disease seldom kills adult humans, it was about 40 per cent fatal in young children in South America. The disease is almost always fatal to horses, especially to young animals.

We know that the Mexican veterinarians did an inadequate job of immunizing the horse population in Mexico in 1971, which resulted in the Texas outbreak. Our own immunization program was done under extremely bad conditions with practitioners working hurriedly to get the job done. The records of vaccination and identification under these conditions add more reason to urge revaccination of all horses vaccinated in 1971, they said. Horse owners are urged to specifically identify vaccinated animals so there can be no doubt about the animals' protection.

Dr. Larson said, "We as veterinarians have a responsibility to tell our clients what we feel is best for the welfare of the animals and the owner. I personally do not feel we should allow the possibility that there could be a re-enactment of the summer of '71 where complete chaos existed for a number of days. We are approaching that anniversary date."

A group of international authorities on V.E.E. met recently in Kansas City, Mo., and also recommended revaccination of Texas horses but did not recommend revaccination of horses in other states where the disease did not occur. Texas is the only state that has ever had a V.E.E. outbreak.

Horse owners were also recommended to vaccinate any horses not previously vaccinated, such as colts born since the epidemic or animals brought into Texas since the epidemic.

Kemp Selected Dental Head

Dr. William J. Kemp of Haskell has been selected to head the Texas State Board of Dental Examiners for the second time during the six years he has served on the Board. His first term as president was during the John Connally administration. Dr. Kemp was notified this week that the State Senate had confirmed his appointment to the Board.

New Highway Signs

AUSTIN—A straight line isn't the shortest distance between two points—if it's painted white or yellow and it's on a Texas highway.

New "symbol" signs and pavement markings have been adopted by the Texas Highway Commission from the revised "Manual on Uniform Traffic Control Devices" released by the Federal Highway Administration.

In many cases, symbols, shapes and colors have been substituted for words. It is hoped that this will give the message to motorists at a glance and remove language barriers.

The new symbol signs that will replace the old word signs are pretty self-explanatory. For example, the new school sign will be shaped like a school house and will contain black silhouettes of two children on a yellow background.

The new pavement markings are not as dramatic looking, but are equally important.

There is an easy way to remember them:

Yellow lines will be the only color used for centerline markings on two-way highways—for separating traffic flows in opposite directions. Yellow centerlines have proven to be more visible in fog than white stripes.

White will remain on multiple lane highways—for separating traffic flows in the same direction as well as on one-way streets.

Red will be used on raised reflective pavement markings and will denote wrong-way movement IF YOU SEE RED YOU ARE GOING THE WRONG WAY.

All broken (dashed) lines will be permissive in character while the solid lines will be restrictive. The combination of broken and solid yellow stripes will indicate to the motorist what is permitted.

A dashed yellow centerline will be used where passing is permitted. Two yellow lines, one solid and one dashed, will mark sections where passing is permitted in one direction (the solid yellow line will be on the side restricting passing).

Two solid yellow lines will be used where passing is prohibited in both directions.

With yellow as the only centerline color on two-way roads and streets drivers will have a continuing color reminder that they should expect traffic in the opposite direction.

Other uses of yellow will include the marking of obstructions and islands which must be passed on the right. Additional uses of white will include the marking of crosswalks and the edge lining of Interstate highways and other types of roads.

Tax Questions ... And Answers

(This column of questions and answers on federal tax matters is provided by the local office of the U. S. Internal Revenue Service and is a public service to taxpayers. The column answers questions most frequently asked.)

Q) Can an employer take a business expense deduction for wages paid in excess of those permitted by the Economic Stabilization Program?

A) No. Payments of wages, as well as of rents and prices, in excess of those permitted by the Economic Stabilization Program are not deductible as a business expense.

Q) My father pays my tuition at college. Can he include the cost of tuition in the amount of total support he furnished me when figuring out whether or not he can claim me as a dependent?

A) Yes. Total support includes expenditures for education. A scholarship, however, is not included in figuring total support.

ROPING CLUB

A membership meeting of the Haskell Roping Club has been scheduled for tonight, July 13, at 8:00 p. m. at James Powell's arena. The group plans to rope each Tuesday and Thursday and currently has about 15 members. All interested persons are invited to attend.

HNB Deposits Over \$10 Million

According to a statement issued at the close of business on June 30, by the Haskell National Bank, deposits were over ten million.

The statement issued by David Conner, cashier, showed a total of \$10,597,898.21 in deposits. Total assets of \$11,410,842.09 were slightly less than the last quarter total of \$11,911,950.73.

Loans of \$4,004,654.54 less valuation reserves of \$104,596.78 were slightly higher than the quarter ending March 31.

Total resources are just less than \$1 million more than the same period one year ago, when the report totaled \$10,588,769.15.

Men In Service

Ft. Riley, Kan. (AHTNC)—June 22—Cadet Leslie J. Huss, son of Mr. and Mrs. William E. Huss, 806 N. Ave. F, Haskell, Tex., is receiving practical work in military leadership at the Army Reserve Officers' Training Corps advanced summer camp at Ft. Riley, Kans., June 19-July 21.

Cadet Huss, a student at Midwestern University at Wichita Falls, Tex., is one of more than 10,000 students attending Army ROTC training at six installations in the U. S.

The six-week ROTC advanced camp provides an opportunity for cadets to develop and demonstrate leadership capabilities in a field training environment. The instruction supplements theories and concepts which cadets learned in the classroom on campus.

Cadets normally attend the training between their junior and senior years. This enables them to better comprehend their final year of classroom

work and to function as Cadet leaders on campus.

The 21-year-old cadet is a 1969 graduate of Haskell High School, Haskell, Tex.

Ft. Riley, Kan. (AHTNC)—June 22—Cadet Reynaldo R. Acosta Jr., 21, whose parents live at 806 S. Ave. F, Haskell, Tex., is receiving practical work in military leadership at the Army Reserve Officers' Training Corps advanced summer camp at Ft. Riley, Kan., from June 10 to July 21.

Cadet Acosta, who is scheduled to receive a B.S. degree in 1973 from Midwestern University, Wichita Falls, Tex., is one of more than 10,000 students attending Army ROTC training at six installations in the U. S.

U. S. AIR FORCES, Thailand—Staff Sgt. Joel O. Baker, son of Mrs. J. O. Baker of Cisco, Tex., has deployed to Thailand with the U. S. Air Force's 49th Tactical Fighter Wing.

Sergeant Baker is an aircraft maintenance technician with the wing, which moved from Holloman AFB, N. M., to Takhli Royal Thai Air Force Base.

Wing aircrafts, equipped with super-sonic F-4 Phantom Fighter-Bombers, were flying combat missions within 24 hours after arriving in Southeast Asia.

Air Force operations had ceased at Takhli 15 months ago. However, as part of President Richard M. Nixon's plan to protect remaining U. S. forces in Vietnam and halt increased Communist aggression in Southeast Asia, the Thai government approved reactivation of the USAF mission at Takhli.

The sergeant, a 1963 graduate of Moran (Tex.) High School, has completed a tour of duty in Southeast Asia.

His wife, Tona, is the daughter of Mr. and Mrs. T. C. Patterson of Haskell, Tex.

Paint Creek Community News

Mrs. Gene Overton

Weather Report

July 1st Paint Creek had a nice rain. Right here we had 2 inches, and parts of the community had more. We haven't heard of any part of Paint Creek that didn't have some rain. Somebody must have told Mother Nature their oleo taste like her sweet butter, because she threw a fit. Lawn furniture was blown around, and some small buildings had their roofs damaged by wind. In our yard a heavy metal frame for a porch swing was blown over, and that took some wind.

Mr. and Mrs. Leo McKeever had as guests over the 4th, Mr. and Mrs. William Chandler of Gorman. They all attended the parade at Stamford and then visited some mutual cousins in Abilene Saturday night. They were Mrs. Ruby Murphy of Fort Worth and Mrs. Chloe Dyemartin of Albany, who were at the home of Mrs. Irene Fischer of Abilene.

Mr. and Mrs. Ellis Bean had as their guests the 4th, their daughter's family, Mr. and Mrs. Fenton Smith, Craig Monte and Brian of Grandview.

Wayne Peiser conducted the Sunday morning service at the Lindsey Chapel Church of Christ, July 2. His son, Robbie Peiser, led the song. The church is in the old Rockdale community part of Paint Creek.

Mr. and Mrs. Bruce McCain had a reunion of the McCain brothers and their families on Saturday. The seven brothers had not been together since their mother's funeral several years ago. They were Mr. and Mrs. Jack McCain and family from Sweetwater, Mr. and Mrs. Chester McCain and family from Seminole, Mr. and Mrs. Jay McCain and family from Wichita Falls, Mr. and Mrs. Jeff McCain from Odessa and the Rev. and Mrs. Dan McCain and family from Page, Ariz.

The boys' only living uncle, Mr. Clinton M. McCain and son, Phillip of New Braunfels, also spent the weekend with his parents for the reunion.

Mr. and Mrs. Ray Overton, Jr. and daughter, Mary Margaret, visited with his parents, Mr. and Mrs. Ray Overton Sr. and her parents, Mr. and Mrs. George Free, over the weekend.

Mr. and Mrs. J. R. Perry were in Dallas July 7th where they took their daughter, Milla, to the plane to join the group with which she is touring Eur-

ope. She will spend three weeks visiting 10 countries.

Seven year old Becky Medford, daughter of Mr. and Mrs. Burl Medford, and big sister of Keith Medford, became the 1972 Little Miss Hey Day for Haskell County in the pageant held at the Texas Theatre on June 29. Becky is a pretty little girl, and so is her blue checkedingham formal her mother made for her to wear. Her escort was Danny Griffith, son of Mr. and Mrs. Dan Griffith.

Phil Coleman is to be at Camp Barkley at National Guard Camp this week. His wife, Phyllis, is visiting her parents, Mr. and Mrs. Dale Middlebrook, while he is gone.

Mr. and Mrs. Walter Buerger and children were camping on the Clear Fork of the Brazos River near Albany this past weekend.

Ricky Brazell, son of Mr. and Mrs. Buddy Brazell, will attend the second summer semester at Texas Tech. Ricky was a May graduate of Paint Creek High.

Glen Casselberry is spending this week in California with an aunt and uncle. He made the trip with his grandparents, Mr. and Mrs. Leon Pearsey.

The Wallace McCown family had a reunion at Veda's Camp this past weekend. Mr. and Mrs. McCown and their three daughters and families were together. Mrs. Roddy Kuenstler, who lives at the Camp, is one of the daughters, and I could not get Martha on the phone to learn her sisters' married names.

Mr. and Mrs. Bruce McCain were in Snyder Tuesday visiting their son and family before returning to New Braunfels. They were visiting Mrs. Chas. McCain's family in Snyder.

Danny Isbell completed the first semester of summer school at Hardin-Simmons last week and enrolled Monday for the second semester. Danny commutes from home to school and he passes our house at about 5:40 every morning on his way to his 7 o'clock class.

Mr. and Mrs. Mike Overton of College Station spent the holidays with his parents, Mr. and Mrs. Gene Overton and Waller.

Jeannine Isbell took her grandmother, Mrs. Bill Mickler, to Snyder Sunday afternoon to visit her son, Durwood Mickler, and his family.

The 4-H girls met Friday afternoon and worked on their dress review garments and re-

ports. Mrs. J. R. Perry is their leader.

Janice Isbell had a frightening experience last Thursday afternoon. She was driving back to her work at the Haskell National Bank, on the farm road after lunch, and her car caught fire. She jumped out when she saw the smoke coming from under the hood, and ran to the Bud Lane home to call the fire department. They came and put out the fire, but the car engine had already burned up. The interior of the car wasn't damaged so badly, but one can't get very far in a car with no engine. Janice and her daddy are car shopping.

Mrs. Kenneth Stacy of Arizona is visiting with her sister, Mrs. Howard Montgomery, this week. Mrs. Stacy will be remembered as Lorene Dilbeck who lived with Grace and Howard for a short time when she was a teenager.

The ladies of the Paint Creek Baptist Church honored bride-elect Brenda Joyce Griffith with a bridal shower at the church educational building.

Gene and Waller Overton were digging post holes Saturday afternoon and they dug into a nest of eggs. There were 12 eggs about as large as a pecan. They had a thick membrane like a hen egg without a shell. They were 5 or 6 inches underground in moist, but firm soil. The dogs broke some of them, they were just egg eggs. They brought two home and we have guessed and guessed what they might be. Gene thinks they are terrapin eggs. Does anyone know what mama lays her eggs several inches underground? I guess she made the nest, covered it up and then the rain settled the soil around the eggs. Anyway, we took them to church and no one knew for sure what they were.

FACTS ABOUT THE HIGH COST OF FOOD

(This is the 2nd of a series of articles presented by Banking, Journal of the American Bankers Association, reprinted by the Haskell National Bank.)

ANY WAY YOU CUT IT, AMERICANS ENJOY THE BEST FOOD BUYS IN THE WORLD . . .

Americans pay far less for food in relation to the amount of work required than do most other peoples of the world. Here are comparisons with typical countries:

of over 100 days. Even on ranches, there usually is a finishing period during which livestock are not exposed to the pesticides. This finishing period allows the absorption of chemicals by the blood stream of almost all chemicals engested by the animals, thereby freeing edible meat from harmful residues.

The use of chemical weed killers on our pastures, especially irrigated pastures is a must to produce choice grazing and hay. It is also necessary to the proper management of our grasslands.

So, Madam Housewife, have no fear. The meat you feed your husband and children is safe.

Dress Revue To Be July 18

The Haskell County 4-H Dress Revue will be held on July 18 at 2:00 p. m., according to Mrs. Barbara Elliott, County Home Demonstration Agent. The revue which is one of the special events, will be held at the Haskell Country Club.

4-H Club members have been participating in clothing workshops held in O'Brien, Weinert,

Haskell, Rule, Sagerton and Paint Creek. The workshops have been conducted by Adult Leaders and parents in their respective communities.

The 4-H members have learned basic clothing construction, along with buying material, patterns, notions, and articles of clothing. They have also studied and practiced their grooming and poise.

The 4-H members range from the ages of 9 to 16 years old. The public is cordially invited to attend the revue on July 18, at 2:00 p. m.

Two 4-H Groups Have Workshops

June 19-23 Mrs. Barbara Elliott's first year 4-H girls participated in their first Sewing Workshop. Officers elected were: Jane Wallace, president; Vicki Wallace, vice president; Cynthia Isbell, sec'y.; and Julia John Wallace, rep.

Other girls participating were: Kathy Campbell, Ember Miller and Dee Ann Carter. Kay Campbell and Bennita Jackson gave a demonstration

June 20 and the following day Kim Campbell gave a demonstration.

Bennita Jackson assisted as a Jr. Leader and Mrs. Miller and Mrs. Isbell also helped the girls make aprons.

The week of June 26-30, Mrs. Bennie Jackson's 4-H girls, Kim Campbell, Bennita Jackson and Gayle Holder, sewed for the dress revue. Refreshments were served by the girls who were assisted by Mrs. Elliott.

"FARMER POWER" WITH FARMERS UNION

CHARTERED 1902—POINT, RAINS CO., TEXAS
WELCOME ALL THOSE TO OUR CAUSE WHO WOULD JOIN IN THE FIGHT FOR THE PRESERVATION, WITH DIGNITY, OF THE FAMILY FARMER AND RURAL COMMUNITY.

(This is the 28th of 52 articles pertaining to goals and accomplishments since 1902, running every Thursday in the Haskell Free Press).

MARCH 1971

helped organize a "Farm Forum" on first Monday of each month in House of Representatives to call attention of city congressmen to the farm problems.

testified in favor of Public Service Employment Programs for rural areas to create jobs for the rural unemployed. Green Thumb, a Farmers Union developed employment opportunity program, currently employs about 150 elderly rural people in 17 counties in Texas. This program also furnishes facilities that rural areas need: parks and equipment, community buildings, and other projects to make rural areas more enjoyable and small towns more attractive.

testified on cotton 1971 program provisions that would financially hurt cotton farmers. Called attention to low loan rate, net weight trading concept, loss of premiums for micronaire, and other decisions adverse to producers.

called for a 5% interest rate ceiling on FHA loans to farmers.

requested exemption of pickup and small truck drivers from Department of Transportation health and safety requirements.

requested 90% of parity for Manufacturing Milk support price.

Compiled From Sources Of The Texas Department of Agriculture
John C. White, Commissioner

Rural Development Commission Makes Plans . . . Acreage and Production Questionnaires To Be Mailed . . . Summer Time Is Turkey Time . . . Seed Meeting Planned . . .

How To Implement rural development was discussed at length by members of the Texas Rural Development Commission, holding only their second meeting since they were appointed by Governor Preston Smith. They met in the LBJ School of Public Affairs where they also heard Will Erwin, deputy undersecretary for rural development of the U. S. Department of Agriculture, discuss their jobs.

The 25-member State Commission is attacking rural development problems in eight areas: economic development, natural resources, human resources, general government, transportation, health, housing and education. Chairman Roy Davis of Lubbock has named committees to explore each category, and much of the Austin meeting was taken up in discussion of committee reports. Raymond L. Prewett, formerly with the Texas A&M extension

service, is director of the Texas Rural Development Commission, and Jim McAlister is planning officer. Their offices are in the John H. Reagan building in Austin adjoining Texas Department of Agriculture offices. The Texas Department of Agriculture is co-sponsor with the Governor's Office of the Texas Rural Development Commission.

About 22,000 Texas farmers will receive an acreage and production questionnaire during the early part of July from the Texas Crop and Livestock Reporting Service.

The information obtained will be the basis for determining harvested acreage production of early harvested crops for Texas and for each of the 254 counties in the state.

If you receive one of the questionnaires, please fill it out as accurately as possible and return as soon as possible. Farm programs are based on information supplied by the Crop and Livestock Reporting Service. Accurate information is essential so that an unbiased picture of Texas agriculture can be obtained. The information is also invaluable in planning production and marketing programs.

Summer Time is Turkey Time, and the Texas Agricultural Products (TAP) program is promoting turkey for summertime good eating and good nutrition. A buyer's guide to Texas Turkey is available by writing to the Texas Department of Agriculture, Box 12847, Austin, Texas 78711.

Texas ranks fifth in total turkey production with 8,378,000 produced last year. Bell County is the number one turkey producing county in Texas with a total of 1,000,000 grown out in 1971. Other leading counties are Gillespie, Hill, Blanco, DeWitt, McLennan, Eastland, Robertson, Brown, and Falls.

Per capita consumption of turkey is on a steady rise as producers continue to improve the quality of the product.

A Combined meeting of Southern Seed Certification officials and southern seed control officials as well as foundation seed personnel will be held July 11-14 at San Antonio. Fourteen states will be represented. Part of the meeting will be in the form of a tour of the Texas seed laboratory at Giddings.

Bledsoe Reports 91 Convictions For Month of June

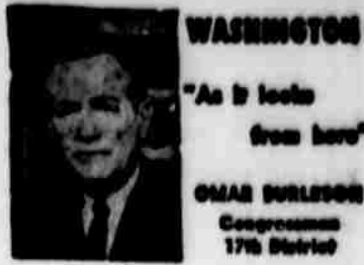

Justice of the Peace Hubert Bledsoe reported 91 convictions in his Court for the month of June. These convictions were both traffic and criminal violations.

The following law enforcement agencies have filed a total of 102 cases which resulted in fines totaling approximately \$2,000.00.

Game Department, 9 cases, \$157.50; Texas Highway Patrol, 82 cases, \$1,381.25; Sheriff's Department, none.

Constable at Rule and Rochester, 8 cases, total of \$220.00.

WASHINGTON
"As it looks from here"
OMAR DULLISON
Congressman
17th District

WASHINGTON, D. C. — The Brookings Institution here in Washington is a non-partisan, non-profit research organization. In its economic studies it draws on some of the best scholars in the Country.

In a recent study, a group headed by Mr. Charles L. Schultz, who was Budget Director in the Johnson Administration, came to conclusions and opinions considerably different from those he and associates expressed in the early 60's.

At that time, along with other prominent economists, Mr. Schultz, Walter Heller and

others saw a "fiscal dividend" in the Country's economic growth immediately ahead. At that time they saw large amounts of revenue coming into the Federal Treasury permitting tax cuts, revenue sharing with states and localities and funds for programs of the "Great Society."

The report recently completed by these gentlemen and others has the effect of repudiating many of the actions which were a part of the Great Society. The report calls for a reversal of direction for the Federal Government from providing goods and services and other complex schemes for aiding the poor, to increasing the quality of opportunity and improving the quality of public services. In clear terms it calls for drastic change in the spending programs of the Federal Government and warns of the fiscal plight which has over-

taken it. One significant line stands out—"For the first time in American history, except during major wars, government spending—even without any new programs—is now rising relentlessly faster than the growth of revenues from an expanding economy." In other words, the conclusion is that the government is overspending itself and the programs to which the government is committed can't be paid for without huge deficits.

Following this conclusion, the report says that the over-committed Federal Government cannot spend any more on trying to solve social or other problems without a big tax increase. It says that even if the Congress enacts this year only the programs that President Nixon has proposed, and no more, the Federal Budget for 1975 will reach \$300 Billion and that this would be \$17 Bil-

lion more than tax revenues under present rates.

The makeup of the Brookings group who produced the report reflects a change of attitude on the part of liberal intellectuals who had considerable influence in shaping policies and programs now criticized. They refer to many programs as uncertain, wasteful and not providing solutions. It goes far in undermining the liberal intellectual belief in the Federal Government as the chief problem-solver in our society.

The Brookings people seem to agree with proposed reforms which have been around several years. Essentially what is needed, among other things, is (1) 5-year budget projections submitted annually; (2) pilot testing of any new programs; (3) a joint congressional committee to evaluate the total budget to determine both revenues and expenditures and (4) Hospital.

more disciplined spending.

What is needed is new incentive to reduce the tax drain and curb spending for programs of uncertain effect.

This sort of policy contradicts candidates on the campaign trail who dreamingly promise to cut taxes and increase spending. It just can't be done and people know better.

HOLIDAY VISITORS

Visitors in the home of Mr. and Mrs. LeRoy O'Neal and Mr. and Mrs. Ed Fouts during the Fourth of July holidays were: Dr. and Mrs. Barry O'Neal of Little Rock, Ark., Randy O'Neal of Texas A&M, Miss Susan Adams of Breckenridge, and Bill Lee of Wichita Falls. Dr. and Mrs. Barry O'Neal are in the process of moving to San Antonio where he will serve at Brooks Air Force Hospital.

Haskell County History

60 YEARS AGO
July 13, 1912
Wanted—\$3,000 worth of Haskell County scrip.—J. H. Meadors.

Mrs. Carrold of Cleburne, who has been visiting her father, Frank Wilfong of this city, has returned to her home.

A number of our merchants are using a new kind of fly trap, which is a splendid invention to catch the flies. Every family and business place ought to have one, and let's get rid of the flies.

If Haskell is not a clean and sanitary town it will not be the fault of the Civic Club. If every citizen will lend his cooperation to the band of energetic and patriotic women this old town will be shown to be the cleanest and prettiest town of the west.

Miss Zella Peters, who has been visiting in Haskell, returned to her home in Weinert.

Mrs. Fred C. Neal of Milsap, was a visitor in the home of her mother, Mrs. C. P. Morris, this week.

Haskell has been in the limelight this week. And she has done herself proud in the entertainment of her guests. A large crowd was present to hear

Judge Ramsey, and also a large crowd was present to enjoy the splendid meeting of the West Texas Agricultural Association.

40 YEARS AGO
July 14, 1932

2,380 cans of corn, peas, beans and other vegetables were canned at the Community Cannery during the past week, according to Herman Henry, who has charge of the plant.

W. P. Trice, who resides in the northwest part of the city near Uncle Bob Hollis' cantelope patch, was induced to treat the Free Press force with a cantelope feed last Wednesday evening.

Mrs. Ira Roberts of Sinton and little daughter are here in Rochester for a two weeks stay with her mother, Mrs. R. H. Greenwade.

Felix Klose of Cottonwood spent Sunday in the home of Mr. George Moeller.

Mr. and Mrs. Albert Peiser spent Sunday evening in the home of Mr. and Mrs. George Klose at Irby.

Mr. Dee Adkins of Gilliam community visited in the home of J. E. Adams Thursday evening.

Mr. and Mrs. A. B. Wallace and family spent the day Thursday in the home of Mr. and Mrs. Jesse Josselet.

The threshing has started up again, after the long wait for dry weather and sunshine. The grain has been damaged to a great extent from laying in the fields in so much rain, thus making a loss to the farmers in price.

30 YEARS AGO
July 17, 1942
Mrs. Otho Nanny and little son, Joel, left Friday morning

of last week for Oakland, Calif., where they will visit Mr. Nanny, seaman in the U. S. Navy, who phoned his wife Thursday night that the warship on which he is serving had just returned to a California port after having been in active service in the Pacific war zone.

Jack Wallace Watson from San Antonio spent a few days this week with his mother, Mrs. M. B. Watson of Haskell.

Mrs. Virgil Meadors and daughter, Martha, were in Ft. Worth last week to attend the wedding of the former's niece.

Cpl. Sid Muhle, attached to the 111th Ordnance Company, Camp Bowie, Brownwood, suffered serious and painful injuries last Saturday afternoon when the motorcycle he was riding skidded and overturned on the highway a few miles north of Rule. He is the son of Mr. and Mrs. F. H. Muhle of Haskell, and he had been visiting for several days.

Mr. and Mrs. Walter Rogers visited relatives in South Bend, last weekend.

Quinton Bailey of Sweetwater, son of Mr. and Mrs. Virgil Bailey of this city, is among the first volunteers from West Texas to enlist in the U. S. Army's newest branch of the Air Corps—the Glider unit.

ENGDAHL REUNION

The family of the late Ed and Katie Engdahl of Rochelle held their third annual family reunion in the East Sweden Community Center on July 2. This Swedish community is located approximately 4 miles east of Brady. On April 16 of this year, at the same site, a large pink granite monument was dedicated to the first 30 Swedish families who settled in McCullough county. They were the largest ethnic group to settle in the county. Mr. and Mrs. Ed Engdahl were among those who settled in East Sweden. Mrs. Irene Cloud of Rule

is the daughter of Mr. and Mrs. Engdahl.

Those attending the reunion this year were: Mr. and Mrs. V. M. Engdahl and Sonja, and Mr. and Mrs. Wayne Crawford and family of Vilonia, Ark.; Mr. and Mrs. Joe Engdahl of North Little Rock, Ark.; Mrs. Jack E. Westbrook and Sylvia of Tulsa, Okla.; Mr. and Mrs. Dick Johnson and family of San Antonio; Mr. and Mrs. Joe Greer, Caron Cloud, Cheryl and Lynn Gordon Passamore of Lubbock; Cathy Wellborn of Snyder; Mr. and Mrs. Jimmy Locklear, Mr. and Mrs. Raymond Engdahl, and Harold Engdahl of Brady; Mr. and Mrs. George Engdahl, Mr. and Mrs. Paul Engdahl, and Mr. and Mrs. Lindsey Passamore of Rochelle. Those attending from Rule were Mrs. Irene Cloud, Mr. and Mrs. Joe B. Cloud and Joe Harold.

AROUND TOWN

Miss Bell Duncan of Los Angeles, Calif., visited recently with Mr. and Mrs. John Duncan. She will visit also in Mini, Ark., Plainview and Abilene, returning to visit with the Duncan's and then return home. Mr. and Mrs. Ronald Hill of

New Mexico visited last week with Mr. and Mrs. J. J. Wheeler.

Mrs. Jack Westbrook and Sylvia of Tulsa, Okla., and Cathy Wellborn of Snyder, along with Mr. and Mrs. Joe Greer of Lubbock, were weekend visitors recently in the home of Mrs. Henry Cloud.

Visiting with Mr. and Mrs. J. J. Wheeler last weekend, was their son, Mr. and Mrs. Jeff Wheeler of Lubbock.

Janice Hines of Clyde visited last week in the home of her grandparents, Mr. and Mrs. H. H. Hines.

Mrs. L. C. Miller of Wichita Falls, visited her sister, Mrs. Oleta Jackson last week.

SCHOOL CALENDAR

The school calendar for 1972-73 school term has been announced by the Rule School. There will be a total of 180 school days and ten teacher work days. August 15-18 is in-service days and school will start August 21. Other in-service days are October 2, and Feb. 26. Teachers meeting will be Oct. 16. Holidays will be Sept. 4, Labor Day, Nov. 23-24, Thanksgiving, Dec. 21-Jan. 1, Christmas holidays, and Easter, April 20-24. Last day of school will be May 24.

BARBEE REUNION

The annual Barbee family reunion was held at the Rule Recreation Club on July 2, with 41 present. Those attending enjoyed visiting, swimming and fellowship.

Present were Meses and Messres and their families: Monty Penman, Knox City; Bobby Segal, Arlington; Jerry Hadaway, Haskell; Otha Barbee, Amarillo; Mark Barbee, Dallas; Johnny Bass, Dallas; C. B. Barbee, Bronte; Jerry Barbee, Dell City; Tinker Barbee, Grand Prairie; James R. Barbee, Rule; R. C. Pool, Rule; Mrs. Iona Sellers, Fort Worth; Mrs. Louella Barbee of Rule; Mrs. John R. Barbee and Dennis Barbee of Rule.

GIFT TEA

Miss Ann Anders, bride-elect of Jimmy Nickell, was honored with a gift tea July 1, in the home of Mrs. W. A. Gann, between the hours of 5:00 to 6:30 p. m.

Mrs. Gann greeted guests and presented them to the honoree, her mother, Mrs. Norris Anders, the prospective groom's mother, Mrs. A. E. Nickell of Irving, the bride-elect's grandmothers, Mrs. E. C. Smith and Mrs. W. H. Anders of Anson, Mrs. Jerry Epley of Commerce, sister of the bride-elect and Mrs. Jessie Parnelly.

Mrs. Clifton Rinehart registered guests in the bride's book at a small table covered with

a gold cloth, and a rosebud vase holding blue and white daisies.

The serving table was covered with a white net overlay over blue satin. Silver sequined wedding bells trimmed the skirt of the net. An arrangement of white mums and blue daisies served as the centerpiece. Blue streamers with the couple names in silver also were on the table. Serving appointments were of crystal and silver. Mrs. Lyndell Norwood of Canyon and Mrs. Gary Dugan of Irving served the guests.

Hostesses were Meses Lavin Beakley, Dennis Brier, F. L. Chambers, L. S. Cox Jr., W. A. Gann, Festus Hunt, Ronald Kinney, Vernon Mahler, Rayberne Oliver, D. G. Pendleton, Clifton Rinehart and R. N. Wilson.

The couple will exchange wedding vows on July 22, in the First Baptist Church of Rule.

Don Wilson, Jackie Wilson and Mr. Lynn Waggoner.

Anderston Named Post Commander

Officers for Rogers-Cox Post 221 were selected at the American Legion Hall July 6. New officers include: Eldon B. Anderson, Commander; Troy Schwartz, 1st Vice-Commander; Gary Cobb, 2nd Vice-Commander; Adjutant, Clinton H. Herren; Finance, Winfred Anderson; Service Officer, Clinton H. Herren; Historian, Charles M. Conner; Chaplain, Felipe Arredondo; Sergeants At Arms, Charles F. Owens and Bob Earles; and Publicity Chairman, Bill Comedy.

The organization meets each first and third Thursday at the American Legion Hall.
