Hale County - Abernathy, Texas - Lubbock County

VOLUME 54
Number 40

'Celebrate Life' Set For First Baptist Sunday Morning

The musical drama, "Celebrate Life" will be performed by the Community Youth Choir during services Sunday morning at First Baptist Church. Regular services will begin at 10:45, with the musical presentation beginning at 11:00 a. m. for those who may wish to attend from other churches. This will be the second performance of the musical drama for the choir, which gave its first performance at First United Methodist Church last Sunday evening.

CELEBRATE LIFE, a musical drama by Beryl Red and Ragan Courtney, is a presentation depicting significant events in the life and ministry of Jesus Christ. The dramatic facet of the musical is conveyed by the four Gospel-writers, Matthew, Mark, Luke and John. Beginning with the events immediately preceding the birth of Jesus, and continuing through His bodily resurrection, an overview of the life of Christ is seen as well as heard.

Those singing in the choir are: Linda Adkisson, Carol Blackmon, Carol Harp, Cathy Taylor, Roxanne Bradley, Amanda Stillwell, Becky and Tonia Adams, Beverly and Belinda Taylor, Jana Smith, Shari Cecil, Shari Fondy, Mark Skipper, Barbara Barton, Michele Neis, Jimmy Nunn, Scott Snodgrass, Kirk Snodgrass, Becky Albers, Lynn Patterson, Rhonda Webb, Missy Webb, June Benton, Kelly Henderson, Dorette Davis, David Kennedy, Mary Lane, Vicci Stewart and Susan Sanders.

SEASON TICKETS AVAILABLE FOR FOOTBALL BOOSTERS

Sale of reserved seats for the 1975 football season began August 18, 1975. Season tickets are \$12.50 per seat for the five regular season home games.

You may have the same seats that you had last year by mailing your check to Abernathy School Athletic Fund, P.O. Drawer E, or by coming to the school business office (east entrance of the high school.)

Options will be held until August 29, 1975, after that date, all tickets will be sold on a first-come basis. The first home game will be September 19, 1975.

Thursday, September 4, 1975, is the deadline for purchasing season football tickets. The price of season tickets will be \$12.50 per seat.

JACK COUSINS TO SPEAK AT METHODIST CHURCH SUNDAY

Jack Cousins of Shawnee, Kansas is a member of the Billy Graham Team and has been active in preparation work of the Graham Crusades since 1967.

Prior to joining the Billy Graham Team, Mr. Cousins was active with Kansas City Youth for Christ for 16 years. He was coordinator of their many activities for Youth for Christ in the mid-western states of Arkansas, Oklahoma, Missouri and Kansas. In 1953, he served in Tokyo, Japan for Youth for Christ International, where he was in charge of the publicity and promotion for the World Congress on Evangelism.

He is a graduate of John Brown University in Siloam Springs, Arkansas and served with the 5th Air Force in the Pacific during World War II.

He resides in Shawnee, Kansas, with his wife Marilyn and their four children, John, Ruth, Steve and Paula.

Jack Cousins

Hale County Savings Stock Is Purchased

A group of investors from the Olton-Sprinklake-Earth area have purchased the majority of common stock of Hale County Savings Association of Plainview, according to a recent announcement made by chairman of the board, Raymond Akin.

Akin stated that the change in ownership further emphasized the association's dedication to the continued growth of this entire area.

Board of Directors and management of the association will remain virtually the same, he said.

Akin will continue to serve as chairman of the board,

with members Jack Morris, Graddy Tunneil, Dr. Jeff Davis, Dr. Carl Weidenbach, M. J. Malouf Jr., J. D. Corcoran, Frank Gabriel, G. T. Sides and Calvin Wood, B. T. Lusk will remain as president and Jerome M. Guthrie as vice-president and managing officer.

The savings association has Abernathy offices located in the Nystel Building at P.O. Box 340, Manager of the local facilities is Mrs. Jack Lane.

Mrs. Nannie Jennings was a patient in Hi Plains Hospital, Hale Center last week.

Mrs. W. V. Cunningham of Denton, formerly of Abernathy was here visiting friends last week.

Services Held In Muleshoe For Father Of Local Woman

Services for Ted R. Allen, 73, of Muleshoe were held August 15 in First United Methodist Church. The Rev. Floyd Dunn, pastor, officiated.

Burial was in Muleshoe Cemetery under direction of Singleton-Ellis Funeral Home of Muleshoe.

Allen was dead on arrival at 9:30 p. m. Wednesday, August 13 at West Plains Methodist Center here after suffering an apparent heart attack.

Allen was a native of Sweetwater, Okla. He moved to Muleshoe in 1942. He was a retired farmer and a member of the Muleshoe Senior Citizens. Allen was a member of the First United Methodist of Sweetwater, Okla.

CITY TAX ALLOCATION SHOWS INCREASE IN SALES FOR LOCAL BUSINESSES

A strong upsurge in sales in the city of Abernathy was reflected in the recent city sales tax allocation paid to the city through the state office of public accounts.

The recent payment for the period beginning July 4, 1975

'LOPES TO MEET MULESHOE; DIMMITT IN PRE-SEASON SCRIMMAGES HERE

By Sammy Hunley

The Antelope football campaign was kicked off Monday, August 11, with two-a-day workouts. The workouts are being held at 7:00 a. m. and 7:00 p. m. each day and are consisting mainly of getting organized. Conditioning and basic techniques were the main topic for the first few days. All major contact work was to begin August 15 with the issuing of pads, helmets and other equipment.

Two pre-season scrimmages will be held this year - Aug. 22, Dimmitt at Abernathy; and Aug. 29, Muleshoe at Abernathy.

The 1975-76 football campaign could develop into one of the best Abernathians have seen in a long time. Under the leadership of Coach Larry Aldridge and his staff, a sense of football enthusiasm has started to take place.

Coming off a winning season at Jim Ned last year, Coach Aldridge has shouldered the responsibility of bringing football back to Abernathy. The following comments are quotes from Head Coach Larry Aldridge concerning the upcoming season at Abernathy:

TEAM STRENGTH
"Our main strength will be in the fact that we have several returning letter-men -- we'll have real good leadership from our seniors.

ending August 1, 1975, at \$4,003.93, marks an increase of over \$3,000 over the preceding period, when the city received an allocation of only \$665.17.

The tax allocation figure represents the city's one-per-

centage of all sales tax received by local businesses during the designated period. The remaining four percent of the five cent sales tax received from local sales goes to the state.

The recent payment brings the total amount received by the city during this fiscal year to \$29,600.08, with one payment remaining during this year. Average payment to the city during the past five fiscal years has been approximately \$28,000.

Such allocation payments were previously made to local city governments on a quarterly basis, with a total of only \$1,276.66 paid to the city for the first three months of fiscal 1975. Sales in the city, and therefore the allocation figure, rose sharply in April of this year, when the tax allocation figure rose to \$4,576.12. The payment for the period beginning April 5 and ending May 2 was the first payment under a new policy which discarded the quarterly payments for monthly allocations.

The month of May, 1975 saw sales in the city declining again, with the tax allocation figure shrinking to \$2,978.73 for that period, and then to the \$665.17 figure for the month of June.

SEE TEXAS PAGEANT:
Rev. and Mrs. HB Coggins, Mrs. L. A. Suttle, Mrs. Lillie Mae Wilson, Mrs. N. Matthews, and Mrs. S. M. Harrison attended the Texas Pageant at Palo Duro State Park last Monday night.

Coach Aldridge also stated that the teams to beat in district play are Olton, Floydada and Tulia.

"We've got a lot of athletes out this year who didn't play last year, who've got a lot of talent -- which we think will really help us."

"Since every coach is different, they'll (the team) be learning a new system. Offensive plays, formations, etc. will be different with a new coach. It will take a little time.

"The lack of team speed will have some effect.

"Expect to have a real good year with Jr. Varsity and other teams. Ninety-two players out in Jr. High and 75 in High School.

"The Varsity will have 14 returning letter-men, eight on offense and six on defense."

Coach Aldridge also stated that the teams to beat in district play are Olton, Floydada and Tulia.

Meeting Set To Discuss Bicentennial Status For City

Citizens of Abernathy and the surrounding area are urged to attend a meeting this Thursday at James Graham's Restaurant at 8:00 p. m. to discuss the possibilities of having Abernathy named a Bicentennial City.

The meeting is not limited to townspeople only, but will include the whole community.

Anyone who is interested in helping to achieve Bicentennial status for the city is urged and invited to attend the meeting.

Youth Injured In Sunday Accident

Jesse Montez, 17, of 110 E. 4th street was listed in satisfactory condition Monday in Plainview at Central Plains Hospital, where he was transferred from Hale Center's Hi Plains Hospital with injuries received in an early-morning accident here Sunday.

Montez received leg injuries when the 1966 model Chevrolet he was driving went out of control and plowed through the front of the building which houses Lon Cleaners and Fashions, causing extensive damage to the building and its merchandise. The accident occurred at about 1:45 a. m. Montez was traveling south on Ave. D when he lost control of the vehicle.

Two other passengers in the Montez vehicle were not injured seriously, though one was treated and released with minor cuts and bruises.

Westmoreland Calls Mike Johnson

Rev. Mike Johnson has recently accepted the call to pastor Westmoreland Baptist Church, Lubbock.

Johnson is a native of Abernathy, Texas, where he was licensed and ordained by First Baptist. He has formerly served as youth director and interim pastor, and most recently as music and youth director for the First Baptist Church of Kopperl, Texas; and interim pastor for Steiner Baptist Church, Steiner, Texas.

Mike received a B. A. in religion and music from Wayland Baptist College in 1973; and a M. R. E. in 1975 from Southwestern Baptist Theological Seminary.

Lubbock Baptist Association welcomes Brother Johnson and his wife Sandie.

Mike is the son of Mr. and Mrs. L. L. Johnson of Abernathy.

Back-To-School Party Re-Scheduled

The back-to-school party for Abernathy High School students, formerly scheduled for Tuesday evening, has been re-scheduled for this evening, (Thursday, August 21), due to a delay in receiving the school yearbooks. The party will be held at 7:00 p. m. in the school gymnasium.

Local Woman Is Theft Victim

A car belonging to Mrs. Marguerite Keith was stolen Saturday morning between 8 and 9 o'clock. Mrs. Keith was at a local beauty salon when the car was taken. It was a real shock when she returned to the place where her car was parked and it was no longer there. It was a light green LTD, 1971 model - door. Police are searching for evidence of the missing car.

ACCIDENT SCENE -- Extensive damage to the front of this building, housing Lon Cleaners and Fashions, and to merchandise within the structure, was sustained in the early-morning accident in which a vehicle driven by Jesse Montez plowed through the plate-glass windows of the store. The accident occurred at about 1:45 a. m. Sunday when Montez apparently lost control of his car while traveling south on Ave. D. Montez was listed in satisfactory condition at Central Plains Hospital in Plainview Monday, and two other passengers in the Montez vehicle escaped with only minor injuries.

Area's Producers Lauded On 1975 Sunflower Crop

Sunflower crops across the High Plains are taking a final bow, marking the end of the bloom period. The worst seems to be over.

All that remains now is a period of grain filling and the harvesting operation, says Dr. James Supak, area agronomist for the Texas Agricultural Extension Service at Lubbock. But farmers will have to be careful not to stop plant growth too quickly with harvest-aid chemicals because it could have a

drastic effect on seed yields.

"These producers did an excellent — almost unbelievable — job of establishing and maintaining a crop that most had never even considered growing until about seven months ago," Supak says.

"Planting rates and plant populations worked out satisfactory for most producers. The crop made excellent growth and weed control in most instances was not a serious problem. Due to favorable rainfall, even the

dryland plantings never really stressed for moisture in most areas."

Supak says the dreaded carrot beetle infestations, which were expected, never materialized. And although pressure from the sunflower moth was terrific, most producers managed to control the pest with minimal crop damage.

"There is still some concern regarding a possible outbreak of diseases such as rust, but the pathologists feel that the early planted crop has a good chance of escaping any serious damage," he adds.

One of the most important considerations now are the length of the grain filling and curing periods. The agronomist says that after the cool, damp weather which prevailed on the High Plains during July, it would take four to six weeks after completion of bloom for seed to reach full maturity.

By that time, he points out, the back of the head and stalk should be lemon yellow in color and most of the leaves will be dead or appear to be dying. The triangular shaped bracts on the outer edge of the head will be brown or turning brown and the seed in the

center of the head will be black in color and quite firm.

When these characteristics are noted, the seed is mature but the fleshy head base (which when cut open with a knife looks somewhat like a sponge) will not be sufficiently dry for combining. To avoid adding high-moisture foreign matter to the seed during the combining operation, the head base must be dry, Supak cautions.

Several weeks may be required for the head base to dry naturally. During this period seed will begin to shatter and some yield will be lost. The best alternative is rush the final drying process through the use of a harvest-aid chemical, he says.

"Unfortunately, at this time none of the available harvest-aid chemicals are cleared for use on sunflowers, Supak reports. Efforts are underway by the agricultural chemical industry, producer groups and public institutions to obtain a label for at least one such chemical by the time it is needed in the field.

"The establishment of a federal residue tolerance level for this harvest-aid chemical has senatorial priority in Washington and in-

dustry spokesmen are hopeful this petition will be acted on shortly."

Once a harvest-aid chemical is applied, the crop will be ready to harvest in seven to 10 days. A combine equipped with a sunflower header attachment should be immediately available, because delays could be costly in terms of seed loss to shattering and bird feeding.

The harvest-aid chemical that will be used on sunflowers is a non-selective desiccant. That is, it will kill any plant tissue it contacts including cotton, sorghum and other crops in adjacent fields. Chemical drift is a potentially serious problem, Supak says.

Since desiccation will, in most cases, be done with aircraft, producers should insist that the aerial applicator pick a calm day for the spraying operation. Aerial applicators can help by equipping their aircraft with the new types of

drift reducing nozzles and by using drift reducing agents.

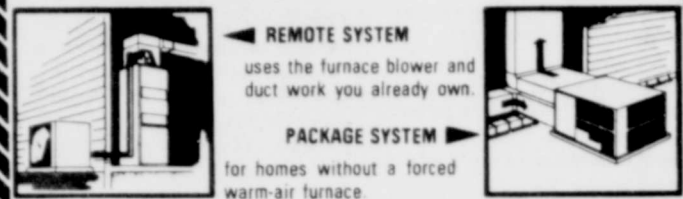

These equipment changes and additives will probably increase the costs of spraying operations, but in the long run, it could be money well spent if there is danger of damaging adjacent crops, the agronomist says.

As usual, Supak adds, the toughest part now will be the waiting during the next few weeks.

GREENBUG RESISTANCE CONTINUES TO SPREAD

Populations of chemically resistant greenbugs are building rapidly and spreading throughout the Texas and Eastern New Mexico plains regions, threatening serious economic injury, according to area entomologists.

The problem has rapidly intensified because the greenbugs are developing resistance to Thiamet, leaving only two chemicals which are generally effective.

Jack King, research director of Grain Sorghum Producers Association and the Texas Grain Sorghum Producers Board, said Thiamet is "getting only fair control in some places and virtually no control in others, and the resistance is continuing to spread."

"Parathion and Diazinon are still holding but there are reports that resistance is beginning to develop in both," King said. "And the kill time

is longer on all three chemicals, in some cases up to three days."

King advised against flying chemical controls for corn leaf aphids at this time. "They (aphids) will probably leave the fields as soon as the sorghum starts to head and what remains will be killed with greenbug controls."

A farmer with developing greenbug problems should contact his local applicator for information about what chemicals are proving beneficial in his area. King points out that timing is vital and that farmers should avoid spraying too early. He adds that in most cases, the label rates should be used.

"When using Parathion, a rate of 1/4 pound per acre active ingredient is advised in good weather or 1/3 pound per acre if the weather is less than ideal," King suggests.

King urged farmers who use Parathion and Diazinon but do not get satisfactory results to contact him immediately at the GSPA-TCSFB offices, 1708-A 15th St., Lubbock, Tex. 79401, (806) 763-4425.

LOCAL LADIES ATTEND WOMEN'S AGLOW FELLOWSHIP

Those attending the Lubbock Chapter of Women's Aglow Fellowship meeting Saturday in the Prime Room at the South Park Inn in Lubbock were Misses: Robert Gough, Darnell Selke, Nathan Hopson, L.B. Flud, L.S. Wilson, H.L. Howard, Jackie Barton and Richard Havens.

Guest speaker for the meeting was Miss Bonnie Barrows.

CARE ADVISED IN COTTON IRRIGATION ON HIGH PLAINS

By James Esty

The cotton plant is basically a dry-land crop. Very little water is used by the plant until first bloom; then water use increases quickly until peak bloom and then gradually decreases until growth is stopped, states County Extension Agent James Esty.

Irrigation applied late in the season delays maturity. In our area an irrigation after the middle of August may prove of little value, except some few years when it is extra dry in late August and early September. An extremely high level of soil moisture may encourage excessive vegetative growth at the expense of ball set.

If the soil moisture becomes too low and extensive wilting occurs the irrigation of cotton may cause the plant to shed many of its younger squares and bolls resulting in a loss in yield.

When fields have a flower garden effect as to blooms, this is an indication that growth is restricted and irrigation has been delayed too long.

When a late irrigation causes a vegetative crop and

this coupled with our low night temperatures (soon to reach 60°, which stops all boll development) yield loss can be significant, and stripping difficult.

At this stage grain sorghum and soybeans seem to be stressing more than cotton. Irrigation is critical at this time for these crops especially soybeans. After grain sorghum has turned red, irrigation has little value. If grain sorghum is going to lodge it will normally do so because of moisture stress earlier in the season.

Sherman-Scarborough Vows Exchanged

Miss Patti Sherman and Monte Scarborough exchanged wedding vows Saturday evening, August 16 in the First Baptist Church of New Deal. The groom's father, Rev. Ed Scarborough, read the double-ring ceremony.

Parents of the couple are Mr. and Mrs. Raymond Sherman and Rev. and Mrs. Ed Scarborough, all of New Deal.

Given in marriage by her father before an arch covered in emerald leaves and blue and white carnations, the bride wore a formal length gown of white organza fashioned with a pleated ruffle

at the Victorian neckline and around the edge of the chantilly lace insert yoke of the empire bodice.

The lace was accented with sequins and pearls, and long, sheer bishop sleeves with lace cuffs edged in the same pleated ruffles complimented the gown.

The A-line skirt featured a wide pleated ruffle at the hemline, which extended up the bouffant skirt back, forming two layers of ruffling. The skirt swept into a chapel-length train, and a satin ribbon encircled the empire waistline.

The bride's gown was complimented by a chantilly lace Juliet cap with shoulder-length layers of illusion lace.

Mrs. Joe Sherman of New Deal, sister-in-law of the bride, was matron of honor. Also attending the bride were Debbie Sherman, sister of the bride, was maid of honor. Cindy Scarborough and Denise Scarborough, sisters of the groom, and Tonya Davis of Lubbock were also attendants.

The bridesmaids wore formal length gowns of blue mist, featuring a square neckline and fitted bodice with elbow-length sheer sleeves. The princess skirts were accented with white ruffled lace. They wore ruffled picture hats with the same trim as the dress and carried nosegays of blue and white carnations.

Larry Gleason of Lovington, New Mexico was the groom's best man. Other groomsmen were Steve Grant, cousin of the groom; Joe Sherman of New Deal, Kelly Sherman of Lubbock, (both brothers of the bride); and Dale Townsend of Lubbock, cousin of the bride.

Ushers were Steve Townsend of Lubbock, Danny Williams of San Angelo and Tommy Ward of Abilene, all cousins of the bride.

Candlelighters were Tammy Townsend and Todd Hendrik, both of Lubbock and also cousins of the bride. Flower girls were Missy Sherman of New Deal, niece of the bride, and Cindy Hendrik of Lubbock, cousin of the bride.

Kerry Ward of Abilene, also a cousin of the bride, served as ring bearer.

Mrs. Kathryn Styles, organist, accompanied the vocal solo of Wilburn Roberts, the groom's uncle.

Miss Tana Rogers of San Angelo, cousin of the bride, registered guests.

The couple will reside in Texas after following a wedding trip to New Orleans, Louisiana. Both are graduates of New Deal High School, and the groom will be associated in business with a Texarkana firm.

Mrs. Monte Scarborough
...nee Patti Sherman

"RAYS OF HOPE"

by Pat Stanton

Jesus said, "You shall know the truth and the truth shall set you free." (John 8:32)

We as parents and churches have failed to reveal and teach the truth of the gospel to our children. We have been bringing our sons and daughters to Christ, telling them that if they come to Jesus, everything will be all right and everything will work out fine. What disillusionment has been the result! Nothing could be further from the truth.

We have trained them as sons of God! But we have forgotten that the call to Christ is a spiritual battle, consequently we have not trained them to be soldiers.

The evidence that this is true is the untold loss of multitudes of young people from the church and from any involvement whatsoever in the things of God.

Further evidence of this truth is the tremendous number of children of saved parents who have rebelled against the faith of their mothers and fathers, while the parents stood and watched helplessly crying, "Oh, God, what did we fail you? What did we do wrong that caused our child to wander out into the world?"

The truth is that the call of Jesus is a call to battle.

We have not prepared soldiers. We have not given them information on the enemy. We have not revealed who the devil really is, and the great evil that he is capable of.

We, as parents, have not prepared our sons and daughters for spiritual battle, neither has the church of God prepared "God's sons" for this battle.

Ephesians 6:12, "For we wrestle not against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places."

The Bible very plainly teaches that the devil is out to hurt, kill, and destroy mankind. The word also teaches that Christ's followers have the authority of His name to defeat the enemy.

Parents, teach your children how to put on the whole armor of God that they may be able to stand against the tricks of the enemy. (Eph. 6:11)

O my soul, don't be discouraged. Don't be upset. Expect God to act! For I know that I shall again have plenty of reason to praise him for all that he will do. He is my Help! He is my God!

LABOR DAY WEEKEND SET FOR ANNUAL RODEO AT CAL FARLEY'S BOYS' RANCH

It will soon be rodeo time at Cal Farley's Boys Ranch where 370 boys have been getting ready for the nationally-known contest between pint-sized cowboys and bucking stock.

It is a Labor Day weekend celebration and approximately 10,000 people are expected to drive to the Ranch over the two-day period, August 31 and September 1. More than 150 boys will be riding the calves, steers, Brahma bulls and broncs in the Boys Ranch Rodeo Arena, competing for trophies and belt buckles. Even the 3- to 6-year olds will be awarded prizes for riding their stick horses around the barrels. Older boys will be riding professional rodeo stock under R. C. A. Rules.

The rodeo is also a homecoming for the approximately 3,300 boys who have lived at the Ranch since it was started by Cal Farley in 1939. They are members of the Boys Ranch Alumni Association and some travel long distances to watch a kind of rodeo in which they, too, were contestants.

An added attraction will be Texas-size bar-be-que beef plates that will be prepared and sold by the boys for only \$1.50. Reserve box seat tickets at \$2.50 are on sale at the Boys Ranch Office, 600 West 11th Street in Amarillo. General admission will be \$1.50 for adults and 75¢ for children. Performances are scheduled for 2:30 each afternoon. Proceeds are used for the operation and expansion of the Ranch.

Triticale Is Tongue-Twister That's Highly Edible

Triticale sounds like a tongue-twister, but it's worth learning to pronounce because you'll probably be hearing a lot about it.

Phonetically, you say it something like: trit-ee-KAY-lee. And as for definition, it's a new high-quality protein food crop that represents a major accomplishment for plant breeders.

Hailed by some as the first man-made grain, it's actually a cereal crop created by crossing wheat and rye.

First observed by German scientists almost a century ago, it was regarded as a biological curiosity until 1967 when it aroused worldwide interest.

Some fancy chromosome juggling in university labs around the world resulted in this new crop that may prove to be superior to either of its parent species, food experts say.

Various baking products utilizing triticale flour were marketed for the first time last

summer in Texas, New Mexico, and Oklahoma — the three states where it is now grown. And if growers can boost production, the new product will eventually be nationally distributed.

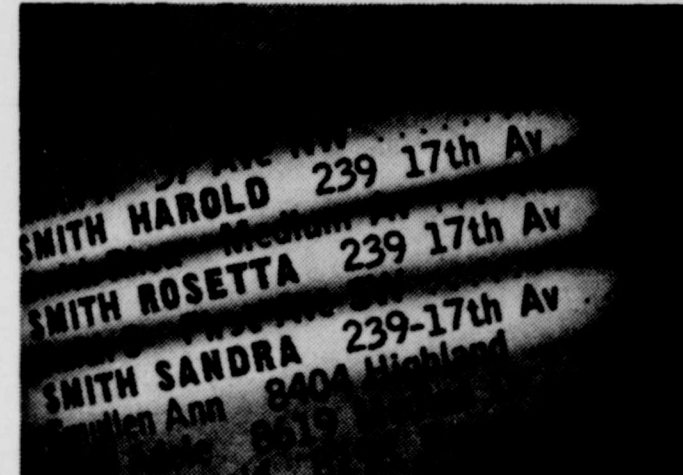

Less than 20,000 acres were planted to the new crop last year, and drought cut expected production in half. This year, growers may plant as high as 100,000 acres.

Because of its baking characteristics triticale flour must be blended with wheat flour in baked goods.

Food and nutrition specialists at Texas Tech University in Lubbock report that triticale's protein content averages 16.4% compared with wheat's 12%.

More significant, they add, is the quality of the protein provided by triticale.

The body utilizes it for growth much more efficiently than it does protein from wheat or soy concentrate.

It's time your family stopped being just "Smith Harold" in the telephone directory.

The new edition of your telephone directory is going to press soon.

If you have only a single listing, a lot of people are going to have trouble looking up other members of your family.

Certainly, your wife deserves her own listing. And giving a teen-ager a place in the directory is a nice way of saying "You're growing up."

To add or change a listing just call our business office. They can tell you how little extra an additional listing will cost.

It's as easy as picking up the phone.

Farm Sales Hit Record But Income Drops Off

Farm sales hit record highs in 1974, but incomes didn't. Gross farm returns were an estimated \$5 billion over 1973's record, but still not enough to offset spiraling farm production costs.

These boomed to an all-time high of \$75 billion, according to the USDA, and trimmed net returns by about \$5 billion from 1973's record \$32 billion.

HOW'S The Electric Company DOING?

Let's ask Jim Atchison, one of our town managers

"These compression connectors, such as I'm using in reconnecting this service loop, and of which we have to use many, jumped in cost 57% since 1965. Another size increased 61%. Everything costs us more these days so these higher costs are reflected in what you pay for electricity. Yet, if we are all to have dependable electric service, it's a price we have to pay."

THE FUTURE IS ELECTRIC!

LOCAL 4-H'ERS TAKE RIBBONS IN DISTRICT MEET

Hale County 4-H'ers have been involved in record book contests the past couple of weeks. County Record Book Judging was held on July 31 at the Agriculture Center in Mainview.

Abernathy 4-H'ers who competed in the district contest, Senior division included Melinda Huffaker, who received a red second-place ribbon for her book in the Achievement category; and Denese Rhodes, who also received a second-place ribbon, for her work in the Clothing category.

Gary Nabors took a third-place ribbon for his work in the Horse category.

In the Junior division, winners and their categories were: Charla Griffin, first place, Bicycle; Susan Stone, first

place, Electric; Carrie Lutrick, first place, Food preservation; Jo Ann Stone, first place, Home Management; Cindy Davis, first place, Home; Doyle Albrecht, first place, Petroleum Power; and Patsy Davis, first place, Swine.

Eastern Star Work Day Set

Worthy Matron, Pauline Stone, Abernathy No. 877, Order of the Eastern Star, announces that a work day has been set for Tuesday, Aug. 26, 1975, 6:00 to 8:00 P.M. at the Masonic Lodge Hall. The Masons have just about completed their work on paneling the walls and everyone is urged to come and help clean up the Hall.

By constructing their own clothing, home sewers can save about two-thirds the cost of ready-to-wear. 719,000 young persons 9-19 in the national 4-H clothing program learn by doing to plan wardrobes that are both economical and attractive. The program is sponsored by Coats & Clark Inc. and conducted by the Cooperative Extension Service.

4-H'ers Stretch Clothing Dollars

CHICAGO—In times of inflation-recession one item in the budget that can be reduced is clothing, says Mildred A. Crawford, assistant professor of textiles and clothing at Colorado State University.

Clothing costs can be cut by home sewing (which saves about two-thirds the price of ready-to-wear) and by recycling clothes already in the wardrobe. She suggests converting out-of-fashion slacks to long skirts, or adding braid and colorful belts to last season's dresses.

4-H'ers plan wardrobes. Assembling and maintaining an attractive wardrobe are goals of 719,000 young persons from 9 to 19 in the national 4-H clothing program, sponsored for the 35th year by Coats & Clark Inc. and conducted by the Cooperative Extension Service.

Whether they sew, buy or recycle, 4-H members learn by doing how to plan a wardrobe, make informed consumer choices and care for garments. Program members also keep up to date on the latest fabrics, products and equipment on the clothing scene.

4-H'ers express individual tastes and life-styles through their apparel. More and more girls—and boys—are mastering the basics of home sewing not simply to economize but to fulfill their creative urge for personalized clothing and accessories. Using step-by-

step instructions provided by Coats & Clark, they also learn to knit and crochet fashionable shrinks, pullovers and cardigan sweaters.

Awards provided. For outstanding achievement in 4-H clothing projects, Coats & Clark offers \$800 college scholarships to six national winners, an expense-paid trip to the 54th National 4-H Congress, Nov. 30-Dec. 4 in Chicago, to one winner from each state, and up to four medals of honor per county.

All winners are selected by the Extension Service on the basis of their records of accomplishment. Awards are arranged and announced by the National 4-H Service Committee.

Additional information on this and other 4-H programs is available from county extension agents.

Attend Parents' 59th Wedding Anniversary

Mr. and Mrs. Jackie Barton, Barbara and Steve were in Crosbyton Saturday evening to attend a party to celebrate the 59th wedding anniversary of Mrs. Barton's parents, Mr. and Mrs. J. A. Hodges. Other attending were children and grandchildren. The Hodges are former Abernathy residents.

ABERNATHY RESIDENTS TO RECEIVE LETTERS FOR HIGH PLAINS ARTHRITIS FOUNDATION IN LIEU OF HOUSE TO HOUSE DRIVE

Residents of Abernathy and surrounding area will receive letters this week asking for contributions to the Plains Division, West Texas Chapter of The Arthritis Foundation.

Dr. J. W. Hale, who is writing the letter, states that these letters will be in lieu of a house-to-house fund raising campaign.

Dr. Hale said that 65% of the funds raised in West Texas remain in West Texas, primarily to support the research laboratory in the Department of Rheumatology at Texas Tech University School of Medicine. The funds are also used to make available scholarships and fellowships to West Texas young men and women at TTUSM who wish to pursue the study of arthritis and the rheumatic diseases.

A part of the money is used to continue an educational program throughout the West Texas area and about 25% goes to the national office to support research and scholarship projects on a national level. Arthritis is the

number one crippler. Contrary to popular belief that arthritis is an old folks disease, rheumatoid, which is the most painful, crippling and prevalent, strikes from birth to age 30 or 40, Dr. Hale said. Last year 250,000 children were diagnosed as having rheumatoid arthritis. The annual economic toll in lost time and wages and medical bills exceeds \$9.3 billion, and the American people were bilked of \$408 million in quack "cures" and remedies.

Dr. Hale pointed out that there is no known cause or cure for arthritis; therefore it

is imperative that we continue to support the program in search of eradication of this terrible disease.

Although letters have been mailed to every resident in the area, some persons may fail to receive a letter. Contributions may be sent to the First State Bank in Abernathy. All donations are tax-deductible, Dr. Hale said.

Earl Gregg has recovered from eye surgery which he underwent last week in Oklahoma City. Mr. Gregg is now able to see again with his right eye.

THOUGHTS FROM WITHIN by Vicki

Sunday was a very special day for me! I really was blessed at the Sunday morning services at the Methodist Church where the chaplain of the Lubbock State School came and brought the State School Choir. If you have not had the privilege of hearing them, you have really missed a blessing. They sang several songs accompanied by Mrs. Herbert Hardin on the piano. Mrs. Hardin plays for this choir every Sunday morning. This is something she has been doing for several years now. These people really sang with an openness and it was beautiful. "I heard one lady say" quote "I'm sure the most beautiful choir of angels must not sound anymore beautiful to the Lord than these people that sing in the State School Choir" I must say I agree! Following the choir presentation, there was a man in group that plays 4-h piano by ear and he played three beautiful songs. It was such a wonderful experience to see the joy that these people had in sharing the talent they have. The sermon on love was wonderful. Chaplin Bridges pointed out that we should all love one another no matter what church we are in that we are all really more alike than we might think. "Those helping Chaplin Bridges with the group was Leslie Jackson and Andre Anderson.

Sunday evening at 8 p.m. the Abernathy Community Choir presented the musical "Celebrate Life". This choir was directed by David McMullen choir director for the First Baptist Church for the summer. His assistant is Michele Harris, summer director of the First United Methodist Church.

"Celebrate Life", was one of the most moving experiences I have seen. Approximately 36 young people from the community have been working many long hours this summer for the presentation. I think Abernathy should be very proud of the youth, they really sang for the glory of the Lord! I would dare to say that there were not many dry eyes, during the program.

"Celebrate Life" is a musical with drama, about the life of the Lord Jesus Christ. I really could never express what a blessing this was. The choir will be presenting the musical this Sunday morning at the First Baptist Church at their morning worship service at 10:40 a.m. I would urge you to see it. It really makes the "Life of Jesus Christ" so real.

I think one of the most exciting things that is happening in our community at present are the prayer group meetings that are meeting all during the month of August in preparation for the Billy Graham Crusade. It has been one of the most meaningful experiences for me to meet with a group of women of all ages and listen to the radio broadcast which come on FYO each morning at 9:45 a.m. and listen for 15 minutes and then enter into a prayer time. You really get to know and love people that you may see at church or when shopping, but you really never have time to really visit. Another thing I like is that it is people from all church denominations. You know when you get right down to it all that matters is Jesus Christ and His love. I have really felt this Agape kind of love at these meetings. I would urge you to attend your neighborhood prayer meeting and receive the blessing that I know it has been for the ones attending.

Another exciting part is the training for the follow-up work in the Nature group meetings that the churches are having to help new Christians following the crusade. If you have been ask to take this training I know you will be blessed from it.

Behold I stand at the door and knock; if any man hear my voice, and open the door, I will come into him, and will sup with him, and he with me. (Rev. 3:20 KJV)

BOLLWORMS MAY BE THREAT TO COTTON; SORGHUM CROPS

Cotton and sorghum producers should be aware of another potential insect pest, according to County Extension Entomologist, Gene Latham.

While the problem has not been severe over a wide area, cotton bollworms have been observed in both of these crops in some areas of the H. Plains. Wet weather in July coupled with damper weather now may allow the bollworm to become an economic pest.

Latham, reports that in

cotton the bollworm feeds on squares and young bolls, causing fruit loss while in maturing grain sorghum it will be a "headworm" feeding on the developing seed.

It is recommended that bollworms be treated when 8-10% of the squares are worm damaged or when an average of two worms per head of sorghum are present.

The entomologist notes that beneficial insects usually keep bollworms in check except under conditions ideal for the bollworm or where in-

secticides have been used for other pests and beneficials have been killed. This makes field inspections important to determine if beneficial insects are keeping the bollworm population in check. He also advises to make the decision to apply an insecticide with caution because the initial application will remove the beneficials and continued insecticide applications to prevent damage will usually be necessary throughout the season.

OUR CHILDREN DESERVE THE BEST Borden's Is GOING BACK TO SCHOOL

Yes, again this year, we'll be back at the public school in Abernathy, serving our children nourishing rich Borden's Milk. We're proud of the local schools, and we're proud of our dairy products.

It's only fitting that they should be side by side, building better, stronger citizens for tomorrow.

Remember, milk is the only source from which we can acquire calcium which our bodies need daily. Doctors say that school children should drink at least a quart of milk daily -- young GROWING bodies NEED milk!

Thanks, folks, for wanting Borden back in our schools!

Chevrolet VEGA, THE ECONOMY WINNER.

BEST OVERALL EPA GAS MILEAGE OF ANY 4-CYLINDER U.S. CAR.

VEGA HATCHBACK COUPE

VEGA NOTCHBACK COUPE

VEGA

Vega came through with flying colors according to the EPA Buyer's Guide. Equipped with the available two-barrel engine, it got 29 miles per gallon in the highway test, and 22 miles per gallon in the city test, amounting to the best overall gas mileage of any 4-cylinder American-made car.

The little Chevy Vega shows its frugal side in other ways. First there's Vega's pleasantly low price. Then because Vega this year has increased the time between recom-

ended maintenance, you can save on upkeep, as well.

And to prove Vega has economy years since its introduction, including Motor Trend's 1973 selection as "Economy Car of the Year" (GT model), plus Car and Driver's Readers' Choice Poll awards in 1971, 1972 and 1973 as "Best Economy Sedan."

Come in and see what it's like to drive a winner. Test drive a 1975 Vega soon. You'll find its low price, great gas mileage and sporty styling hard to resist.

What's New at NORTHSIDE?

By Frances Gardner

NORTHSIDE BAPTIST NEWS

Many of our people were away this last week-end before school but we still had a good crowd for services.

Mr. and Mrs. C. P. Beard are visiting in Houston with their daughter, Mrs. Zera Presley, and her family.

Mr. and Mrs. Billy Beard, Tommy, Terry, and Ted were visiting in Aspermont with Mr. and Mrs. Ernest Dennis.

Mr. and Mrs. Bob Rogers were visitors to New Mexico this week-end.

Mrs. Gertrude Evans has been re-admitted to High Plains Hospital in Hale Center.

Mrs. Robert (Debbie) Kemp has been a patient in University Hospital this past week.

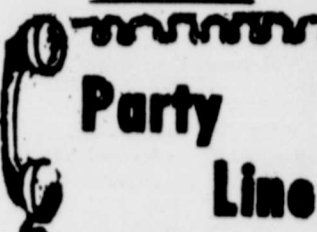

Mrs. Willie Henderson of Paducah is here visiting with her son and family, the Charlie Hendersons.

We will be starting our visitation program this week which had been discontinued.

The past two months due to vacations and other activities, let's all try to be at the church at 8:00 Thursday night to go out and visit.

Johnny Pace was a patient in Hale Center and Methodist Hospitals last week. He had a piece of steel in his leg.

We extend our deepest sympathy to Wayne Ray and family on the death of his grandfather.

Mr. and Mrs. H. L. Hunley and family visited Mr. and Mrs. Dwayne Maserange and children in Amarillo and Mr. and Mrs. Bill Maserange in Muleshoe last week.

Mrs. H. L. Hunley and children visited in the home her daughter and son-in-law last Sunday afternoon.

Mrs. E. R. Slater is a patient in HI Plains Hospital in Hale Center.

Mr. J. R. Miller is a patient at Hendrick Memorial Hospital in Abilene.

Mr. and Mrs. Milt Pope and children spent last Friday and Saturday night at Palo Duro State Park.

Mr. and Mrs. Bill Harrison and family attended the Texas Pageant in Palo Duro State Park Saturday night.

Mr. and Mrs. A. L. Stone Jr. and children vacationed at Possum Kingdom last week-end.

The Clois Johnsons were on vacation in Cloudfroft, N. M. last week.

Jessie Montez, was a patient in a Plainview hospital.

Denise Jagers To Join Dentist As Hygienist

Ms. Denise Jagers, a recent graduate of the Baylor School of Hygienists in Dallas, will soon begin work here as a hygienist in the offices of John Hale, DDS.

Ms. Jagers will live in Lubbock and commute to the Abernathy offices three to four days each week.

Review Is 'Letter From Home'

Abernathy Weekly Review Dear friends, I'm sure my subscription was out last month. So am sending check for \$5.00 for renewal. It's always like a letter from home each week.

Thanks

SPECIAL DAYS NAMED FOR SOUTH PLAINS FAIR

Five special days again have been set aside for the 58th annual edition of the Panhandle South Plains Fair this year.

Steve L. Lewis, general manager, said "area school day" would be on Sept. 22, third day of the eight-day run. Traditionally, thousands of South Plains and eastern New Mexico youngsters flock to Fair Park on the first Monday, which also includes the big Parade of Bands.

"Lubbock school days" will be Sept. 23-24, with about one-half of the city students population in all schools attending each day. Schools normally dismiss classes early on these dates.

Thousands of free gate admission passes will be distributed in early September by the fair to all area schools.

Admission also will be free on Sept. 25 to all "senior citizens" - 60 or older - and college and military personnel will be admitted free upon presentation of proper identification Sept. 26.

Fair patrons are reminded, Lewis said, that the public also is welcome on the special days.

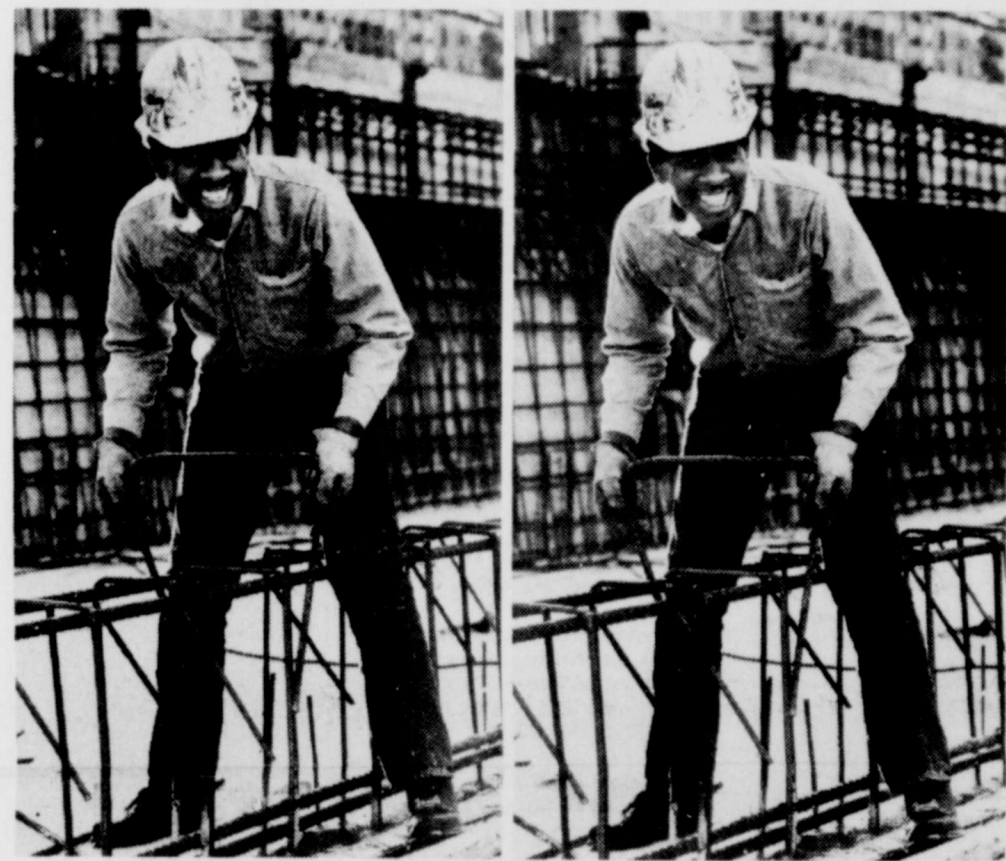

Charley Pride will launch the exposition by appearing in Fair Park Coliseum on Sept. 20-21. Mel Tillis and Gunilla Hutton will take over on Sept. 22-23, and Lester Flatt, Mac Wiseman, Grampa Jones and the Stoney Mountain Cloggers will present "Bluegrass Special" on Sept. 24-25. Ronnie Milsap will close out the stint on Sept. 26-27.

Tickets for the Pride Show \$4, \$5 and \$6. All other tickets are \$3, \$4 and \$5. Shows are set for 5:30 and 8:30 p. m. daily. Tickets are on sale at the

fair office at 105 East Broadway and mail order requests are being filled by the fair association at P. O. Box 208, Lubbock, Texas 79408.

Before Harry Crayton joined the Payroll Savings Plan.

After Harry Crayton joined the Payroll Savings Plan.

Mrs. Phillips Honored For Service

Mission Baptists, Abernathy presented a plaque to Mrs. Leland (Annie) Phillips of First Baptist Church, Abernathy, for her dedicated and faithful service teaching grades 3-5 in their Sunday School from 1971-1975. The mission is sponsored by First Baptist Abernathy, and is pastored by Rev. Joe Rodriguez.

Can you tell the difference?

There isn't any. And that's the point. Joining the Payroll Savings Plan is so easy and painless, you'll hardly notice you're saving. All you do is sign up at work. Then an amount you specify is automatically set aside from your paycheck and used to buy U.S. Savings Bonds.

And while you're spending your take-home pay, you're still building a solid nest egg. Maybe you won't look any different. Or feel any different. But you'll be a lot richer.

Take stock in America.
Join the Payroll Savings Plan.

He who has a thing to sell And goes and whispers in a well, Is not so apt to get the dollars As he who climbs a tree and hollers.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

There was a time when man was "run down" from hard labor. But today he is "wound up" by hypertension. He has shifted his emphasis from the spiritual to the material. He believes if he has enough money, education, power and recreation, then he will be satisfied.

The writer of the 131st Psalm felt that way. But some things were lacking. He turned his life over to the Lord and found what he wanted. Then he was changed.

Look at his attitude. He said, "My heart is not haughty, nor my eyes lofty." To enter the higher life, one must go to a step lower down. Humility puts a man where the

Lord can bless him and make him a blessing. Listen to his ambitions. He said, "Neither do I exercise myself in great matters, or in things too high for me." The desire for power in excess led the angels into sin. The desire for knowledge in excess led man into sin. Set the goal high, but be sure it has the approval of the Lord.

Look at his actions. The rebel became reconciled to the Lord and resigned himself to His will. Then he found rest, for he said, "I have quieted myself." It is the Lord's will that His children have the best. Why take second best?

SPC Registration Begins August 28

Registration for the fall 1975 semester at South Plains College will be Thursday, Aug. 28, and Friday, Aug. 29.

Day student registration will be from 9 to 11 a.m. and from 1:30 to 3 p.m. on both days, and evening enrollment will be from 7 to 8:30 p.m. on Aug. 28.

Residence halls will open at 1 p.m. on Wednesday, Aug. 27, and classes will begin on Sept. 2.

Local Man Injured

Juan Gatica, 25, of Abernathy was treated at Lubbock's Methodist hospital Thursday for injuries he received in a one-car crash in Lubbock, south of 82nd Street on Quirt Avenue, just outside the city limits at about 8:20 p.m.

Gatica was treated for arm, head and rib injuries. Also treated for injuries to the ribs and face was a Lubbock man.

Neither man was thought to be injured seriously, according to hospital spokesmen.

Mrs. Alice Reagan is a patient in West Texas Hospital in Lubbock.

Mrs. Liza Ramos and Mr. and Mrs. Rudy Lira of Lubbock went to El Paso last weekend to see a niece who is ill.

Mrs. Paul Burleson went to Rusk last week to visit her mother Mrs. Rebie Ford. She also visited other relatives.

Lakeview News

Mr. and Mrs. Clayton Enger and Mr. and Mrs. Herman Enger attended the wedding of their niece Miss Dixie Joyce Enger to Mr. Eric Gwin Williams in the Monterey Church of Christ Friday Aug. 15 at 8:00 p.m. Mrs. Williams is the daughter of David Enger of Lubbock.

Recent guests in the Reita Smith home included Mrs. Lela Williams and Mrs. Eula Carey of Pampa, Mrs. Jim Fitzgerald of Floydada.

Mr. and Mrs. Dwain Britton and Mr. and Mrs. Quinton Colwell of Lubbock were hosts for a birthday party for their mother, Mrs. A.B. Colwell in the Bristow home Aug. 15th. About 25 relatives and friends attended.

Mr. and Mrs. E.L. Mahagan returned home Sunday night from a 10 day vacation spent in Calif. and Arizona. They were accompanied by Mr. and Mrs. J.E. Fauver of Happy Union and Miss Peggy Cumley of Plainview.

Mr. and Mrs. Clayton Enger are visiting Mr. and Mrs. Aaron DuBoise in Cantou and Mr. and Mrs. Fred Crenshaw in Paris this week.

Mrs. Clifton Corley and daughter of Woodhaven Park Cole, are visiting her sister Mrs. Odell Adams and family.

Glen Amonett visited his father Leo Amonett in Methodist Hospital where he recently underwent emergency surgery. His condition is reported as satisfactory.

Hello World

Mr. and Mrs. Larry C. Deering of Knox City are the parents of a daughter, Amy Elaine, weighing 7 pounds, she was born Aug. 15. She is the granddaughter of Mr. and Mrs. Larry Deering.

Cox Receives Award For Air Force Work

GRAND FORKS, N. D. -- Second Lieutenant Billy C. Cox, son of Mr. and Mrs. Raymond L. Wright of Abernathy, has been awarded the senior missileman badge at Grand Forks AFB, N. D., in recognition of his support of the Minuteman missile program.

Lieutenant Cox is a deputy missile combat crew commander at Grand Forks with the 447th Strategic Missile Squadron, a unit of the Strategic Air Command.

A 1964 graduate of Kress (Tex.) High School, he received his Bachelor of Business Administration degree in 1974 from Pan American University, Edinburg, Tex., and was commissioned there through the Air Force Reserve Officers Training Corps program.

Cox and his wife Florence Beth live in Grand Forks, where they have purchased a home.

Mrs. Cox is the former Florence Beth Schultz of McAllen. They were married there in 1972.

TEXAS TALK

By Harold Thompson

Newcomer to the crowd is the Zapper. The "crowd" is the continuing deluge of technological innovations being utilized by the American farmer. Among the observable effects of this wave of modernity are the following: the new commercial cotton flour processing plant at Lubbock, soybean cheese experiments at Iowa State University, new hybrid wheat developments, new farm equipment... and the Zapper. Testing is continuing, but the initial results are interesting if not down right exciting for the most unique system of weed control since the hoe. Emitting a high energy microwave transmission directly into the soil... or Zapping it... has proven in a variety of tests to be an effective control device for weeds. All the side effects seem to be beneficial. First there are no harmful environmental factors and those involved in testing the zapper report a definite improvement in crop performance in the zapped soil. Welcome to the crowd, Zapper.
