**Frontier Savings & Loan Makes 1st Donation To Help Purchase A Recording Resusci Anne**

(By Myrna Davis, Worthy Matron of OES, and Head of Local Heart Fund Drive.)

(FRONTIER SAVINGS & LOAN of Abernathy Makes First Donation To Help Purchase A Recording Resusci Anne: Price \$945)

Every since I talked with Betty Albers some months ago, and learned of the great need the EMS has for Special Equipment which is used to practice and learn resuscitation, I have been dreaming of Annie. (Resusci Anne with recording that is) when I revealed this dream to members of Abernathy Chapter No. 877 Order of the Eastern Star. Everyone expressed the concern and excitement that I had felt and promptly voted to maintain a food and craft booth on July 5th and that all proceeds from sale go for this most worthy cause.

Then the planning: Sandwiches, chicken, ham & cheese to be sold at 50¢ each; Cakes & Pies at 25¢ a slice; Tea & Coffee at 15¢; Potatoes, 20¢ a package; Cookies & Brownies, 75¢ a dozen. Handmade crafts to be priced by donor. Friends who are not members of O. E. S. to be invited to make donations of food, crafts or money. Then one day as I was planning and dreaming I begin to figure how many sandwiches, cakes, pies, cookies, tea and coffee, handmade tea towels, hot mats, pillows, aprons, bonnets, shawls, etc. We would have to sell to raise the \$945.00, I got a cold fear that Annie might remain only a dream. Then the telephone rang and a lovely voice said, "This is Tommy Lane and I have been authorized by Frontier Savings & Loan to make a \$50 donation to help purchase Annie and her equipment. Wow! There went 100 sandwiches and about a days hard work. Dreams do come true in Abernathy. Don't they?"

We will be looking for your smiling faces and \$Green Backs at our O. E. S. Booth July 5th, 9-5. The EMS will take anyone's blood pressure free of charge. (The O. E. S. ladies will take any donation you wish to make. Resusci Anne will be present. Let's Keep Her Here. To make any donation or

to have donation picked up, contact Mrs. Ralph Davis at Struve's or call 757-2312; Mrs. Ernest Durrett, phone 298-2829; Mrs. HB Coggin, phone 298-2396.

**THESE TWO Plan to Attend the Abernathy Ex-Students' and Ex-Teachers' Reunion, July 3, 1976, WON'T YOU?**

**NEWS AND COMMENT**  
 By Buford Davenport

NGC--According to the committee, plans are coming along fine on the Exes' Reunion at the school Saturday, July 3. Following the morning registration in the Academic Center, lunch in the cafeteria and general business and program event in auditorium that afternoon, various classes will have their reunions that night. The committee urges local exes to be at the school for as many hours as possible Saturday, July 3, to greet the out-of-town Exes and make them feel welcome. At least two out-of-town Exes have already arrived and will stay for the reunion. Mrs. Theo (Merrill) Davis of Diamond Bar, Calif., is visiting in the home of her daughter, Mrs.

John Krause, and family. Her husband, Jimmie, will join her here for the long July 3-4-5 holiday weekend. Mr. and Mrs. Davis plan a vacation in Hawaii later in July. An Ex from the AHS Class of 1959, Mrs. Don (Susan) Gill, and sons, Chris and Brad, of Lafayette, Louisiana, are here visiting their parents and grandparents, Mr. and Mrs. Clyde Benn. A noted artist, Susan, will conduct art classes at Angela's Art Alley, 920 Ave. D in Abernathy, June 28-July 2. For further information, call Mrs. Angela Pope, 298-4127 or 298-2759, residence. Also, see Angela's ad in this paper. AHS also has another Ex who is making good in the art profession. He is Billy Barick, who is with an art studio in Austin. Billy is the son of Mr. and Mrs. Hilburn Barick and a son-in-law of Mr. and Mrs. Vic Struve. Another Louisiana resident, Otto Curry, of Monroe plans to attend the reunion. Also from that state, we hope Vance Thomas will be here from Baton Rouge.

NGC--If you think I am elaborating a single subject, I have no apology for the following comment. Abernathy's Emergency Medical Technicians need a Resusci-Anne and/or a Resusci-Andy. These are the technical names for the "equipment" we have been telling you that the EMTs need. "Anne" and "Andy" are a life-size "woman" and "man". They have sophisticated electronic components that make them emergency cases, and that make them respond as a human would to emergency treatment. Our Volunteer Emergency Medical Technicians need "Anne" and/or "Andy" in order to keep in practice the skills they learned in some 300 hours-plus of classroom, hospital and ambulance experience to earn their ratings as EMTs. Also, "Anne" and/or "Andy" cost from some \$360 to \$1,600 depending upon how they are equipped. Abernathy Chapter No. 877 Order of the Eastern Star, of which Mrs. R. E. (Myrna) Davis is Worthy Matron, will have a food and craft booth on the city square during the celebration events Monday, July 5. All proceeds from sales at the booth will be turned over the EMTs to buy an "Anne" or an "Andy". Also, those who wish to donate cash for this equipment purchase may leave their money at the Eastern Star booth July 5. See Myrna's story in this paper.

**Ranching Heritage Center Dedication, Formal Opening Set For July 2 - 5**

LUBBOCK--Lye soap, stick candy, a washboard, branding iron, dollhouse furniture or a work of art... they'll all be available with hundreds of other items at Cogell's General Store at the Ranching Heritage Center.

Some items have been made especially for the ranch store, including the Rocking RH branding iron, a Texas dinner bell, a poker and an unusual doll.

An inventory for the new store is being assembled now

for visitors at the July 2-5 formal opening of the Ranching Heritage Center at The Museum of Texas Tech University. Like the rest of the center, there will be authenticity to the store.

The Ranching Heritage Center has a score of original and authentically restored ranching structures depicting the history of America's ranching industry. The store is a replica of the country mercantile, one with a little bit of everything. The dedication of the center, including the store, will take place July 2.

The purpose of the store is to assist, supplement and complement the educational program of the center. Like the historic country store, it is to hold experiences as well as merchandise. Any profit will go to the Ranching Headquarters Association, a volunteer organization which has been largely responsible for acquisition and restoration of buildings at the Ranching Heritage Center. It was organized in 1969 and has assisted with development since that time.

Typically, the old country store was a gathering place, providing an opportunity to exchange news, relate troubles and pleasures. It was at the general store that travelers arrived and departed. Customers could buy a postage stamp, a coffin, a wagon, dress material, a can of sardines or a pistol. It smelled of apples, cheese, tobacco, oranges, salted fish, axle grease, soap, kerosene and polished stove.

Some of the merchandise will be different, and customers will be spared many of the old-time smells. But the atmosphere will be the same.

The ranch home of the late Mr. and Mrs. Jack Barton of Abernathy is one of the numerous structures in the Ranching Heritage Center area.

**Post Office To Close Sundays and Holidays**

L. H. Lambert Postmaster at Abernathy received word from the Lubbock Sectional Center Office that beginning July 4th, 1976, there would be no boxing of mail in the Abernathy Post Office on Sundays or Holidays.

**Suzan Gill To Conduct Basic Drawing And Watercolor Workshop At Angela's Art Alley**

Is art an innate talent that is "divinely" inspired, or is it a disciplined craft that must be meticulously executed? With Suzan Gill, it must be both, for the depth and vibrance of color that she achieves strike one as nature itself, yet disciplined craftsmanship is evident in the precision of detail in her work.

The key to Suzan's success seems to lie in her ability to combine exact and precise drawing with uncanny perception of color and structure.

Though preferring the medium of translucent watercolor because it allows her to achieve more contrast and depth of color than other media, she is equally at ease with India ink, pencil, charcoal, pastels, or acrylics. Her media, as well as her variety of subjects, mark her as a versatile artist who is vitally interested in all aspects of the world around her. Highly realistic, the work of Suzan Gill reflects, at the same time, the simplicity and the complexity of nature, which she studies carefully, usually drawing several preliminary sketches before taking brush in hand.

Raised on a farm near Abernathy, Suzan is the daughter of Mr. and Mrs. Clyde Benn. After receiving her degree in Art Education from West Texas State she has taught art for 10 years. She now makes her home in Lafayette, Louisiana with her professor-husband and two sons.

Much respected, Suzan's work has won several awards and has achieved acclaim in exhibits in Denver, Dallas, Lafayette, and other cities in Texas and Louisiana. Suzan now has a set of limited edition collector's prints in national distribution.

Abernathy is indeed fortunate to have Suzan Gill instruct a course in basic drawing and watercolor. The workshop will be offered June 28 through July 2 in Angela's Art Alley. For more information see the ad found elsewhere in The Review or call Angela at 298-4127.

**Description Offloats For July 5 Parade Needed**

Everyone entering floats in the July 5th parade needs to write a description of the float and what group, organization, or individual it represents. These descriptions will need to be turned into Leland Phillips on the day of the parade, as positions in the parade are being drawn.

**Museum group accepts keys to structure**

Keys to the Regional Heritage Center and Llano Estacado Museum were turned over to local leadership from the contractor this week following inspection and acceptance of the new structure.

The museum will be formally opened on July 4, from 4 o'clock until 6:30 p. m. While some minor work is still to be completed, director Rob Strong said the facility should be ready for public viewing prior to official opening.

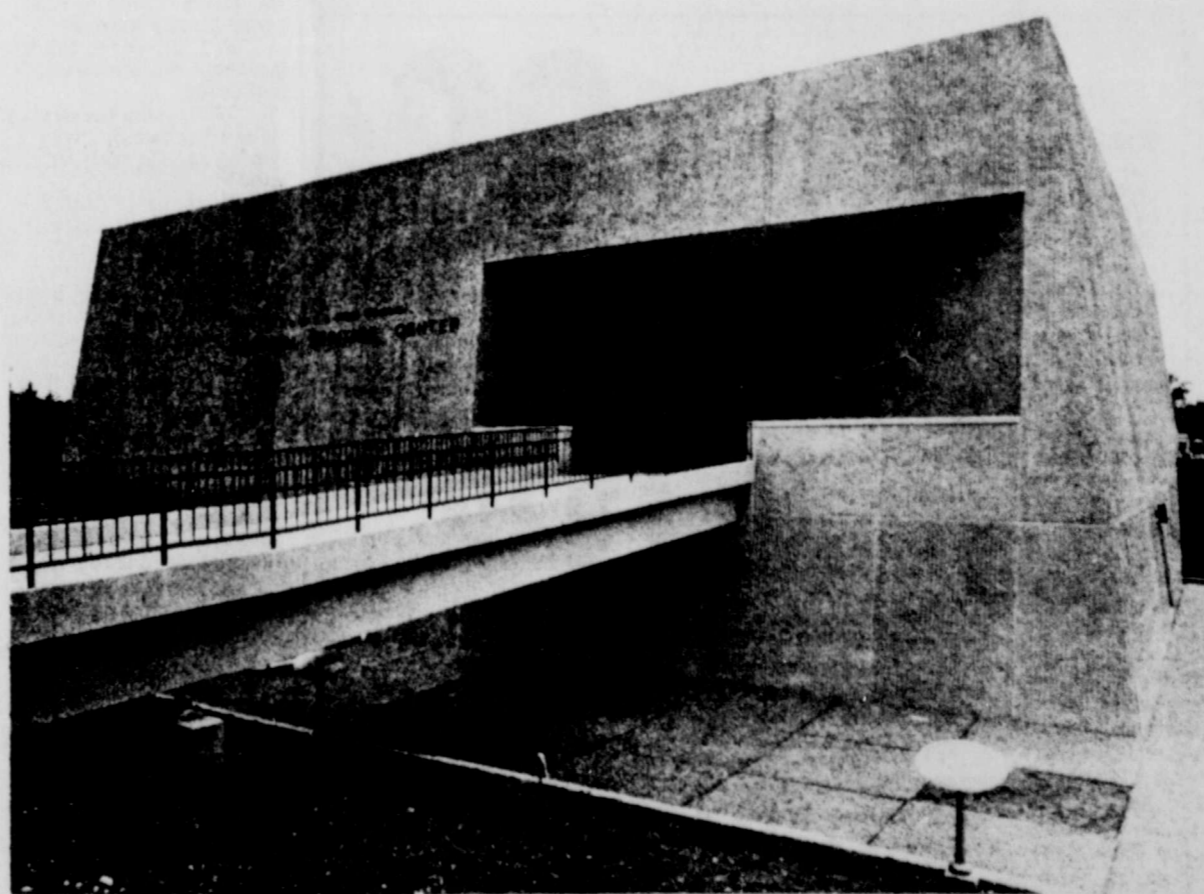

The facility is a joint project of Wayland Baptist College and the Hale County Historical Society. It will function as a multi-purpose facility.

Strong explained that exhibits opened to the public will be housed on the first floor for viewing. Administrative offices will be located on the second floor.

ONE OF THE initial displays will be a geological history of the Plains. Ten different time periods will be highlighted.

Other opening exhibits include anthropological and archaeological histories including the area's natural history and early culture. A portion of the front lobby will be reserved for an art display by the Plains Art Association.

Strong said he expects equipment and exhibits to start moving into the museum shortly. He added, however, that he expects it will take two, or more weeks to get it ready for guided tours.

**NEARS COMPLETION**— With some minor work still to be finished, the Llano Estacado Museum is nearing completion. Scheduled for a formal

opening July 4, the facility should be ready for public viewing prior to then. The equipment and exhibits will be moved in shortly.

Dear Dorothy,  
 Several days ago I received your most gracious communication relative to the Abernathy High School Reunion and I am most grateful to you for your thoughtfulness and kindness. The notes and the 1935 Graduation picture too, all of these were most intriguing and interesting. Surely there are many sacred and beautiful memories of the Yester-years! Yes, they were "Depression Days" - but they were most happy and glorious times for me. You, perhaps recall that I attended Abernathy High School only my Senior year... and faculty involved Mr. Frank Andrews, Mr. C. F. Faubion, Mr. R. A. Box, Miss Mavis

Carney, Miss Graves, etc. . . . AND THOSE 20 GRADUATES! I loved them all - and still do! I REMEMBER THOSE GREAT DAYS. . . . the Study Hall - the Senior Play: "THE MILL OF THE GODS!" . . . many delightful and cherished memories for me. NO SCHOOL BUS THAT YEAR. . . . and I had nine miles to travel. My oldest brother, Raymond, had a milk route to the cheese factory - and I helped him each morning. That got me to Abernathy - and then I would hurry on to School. In the afternoons - I rode many times part way with Mr. W. A. Waters and Essie B. - but there were many times when I walked the nine miles home. BUT I HAD MUCH TIME TO PRAY AND THINK! That was the year when I was wrestling with God's Call to the Christian Ministry! I TREASURE ALL OF THE EXPERIENCES OF THAT GREAT YEAR AT ABERNATHY - AND GREATLY APPRECIATE THE INFLUENCE OF ALL OF YOU UPON MY LIFE!

Regretfully - I will be unable to attend the Reunion! I, 500 miles from Canton, Ohio to Abernathy, Texas. "THAT IS A FER PEECE!" And in addition, this Bicentennial Year is very important and vital in the life of our Churches. We have some very special programs at that same time. PLEASE GIVE MY HEARTY GREETINGS - AND WARM CHRISTIAN LOVE TO ALL OF THE CLASSMATES! If addresses are made available to me - I shall be very happy to write to all of our 1935 Senior Class Mates! BLESS YOU. . . . and all of yours!  
 MOST SINCERELY. . . .

 Dear Dorothy,  
 Thanks for your letter and the information. I am really looking forward to this reunion. I wonder if Kathleen Reed will be there? Anyway, I have my reservations made at the Ramada Inn, and I am waiting eagerly for the time to pass. See you all in July.  
 As Ever,

**Correction**

There was a mistake in a article in last weeks paper, that needs correction. It was in the article about addresses being sought by Mrs. Joe Lovelace. At the end of the story it said, Mrs. Lovelace was going to have classes of 1972-73 at her home for the ex-student reunion which is a mistake. Mrs. Lovelace did report that she did receive one address that she needed. She received a call from Amarillo with the information.

**Hale Co. 4-H Horse and Pony Club News**

**Lot Of Truth In Childs Thinking**

THE FOLLOWING ARTICLE APPEARED IN THE JUNE 1976 ABILENE REPORTER NEWS. It is a story about the 7 year old grandson of Mrs. R. H. (Vivian) Ragland.

Mrs. R. H. Ragland, former Abilenean now of Abernathy, was telling Mrs. Paul Miller of Abilene about her grandson Jack Lee, 7 years old, who lives at Mesquite. He and his mother, Linda, were out driving. As they drove Linda had the radio tuned to a station broadcasting soft, soulful music. They were playing "How Great Thou Art". She glanced at her son and saw he was weeping.  
 "Jack, what is wrong?" she asked. "What in the world is the matter?"  
 "Oh I just got to thinking about the old Devil," Jack said.  
 "Well, why the devil?" his mother asked. "Why don't you just think of Jesus?"  
 "I tried to," Jack replied. "But the old devil just kept butting in."

And in school, Jack had a class assignment to write to an older person, telling them how much he loved them, how he hoped they were well and so on. Jack knew immediately he would write Mrs. Ragland. It is a custom in the family that on birthdays, and Jack had one coming this week, Mrs. Ragland sends him a card with \$5 to spend.  
 So Jack took pencil in hand.  
 "Dear Granny," he wrote "Please send the \$5."  
 He turned in his paper. "This will not do," his teacher said, looking at the letter.  
 Perhaps the teacher had been in a bad mood. She had hurt her toe. Knocked the nail off it. Had the toe bound. Limping about.  
 Jack took back his paper to do it over again. He surveyed his teacher, the one with the injured foot, and then he wrote:  
 "Dear Granny:  
 Please send the \$5. How is your toe nail? Love, Jack."

A set in band encircled the waist with Chantilly lace motif. The slightly gathered A-line skirt extended into a chapel length train with wide Chantilly lace at the hem line. Scattered lace motifs accented the train.

The headpiece was a Camelot covered with Venice lace and heavily encrusted with seed pearls holding a

two tiered fingertip veil of illusion edged with matching Chantilly lace. The headpiece and veil was made by the bride's mother.

She carried a bridal cascade bouquet of white carnations and white and blue daisies accented with greenery and baby's breath with satin streamer.

The attendants wore gowns of blue sparkle organza with a flocked white flower and dots fashioned with a V-neckline edged with a narrow ruffle of white Chantilly lace and butterfly sleeves edged with lace. A soft A-line skirt flowed from the empire bodice. They wore blue picture hats and carried nosegays of blue and white daisies with baby's breath and blue satin ribbon.

The church was decorated with an arch of emerald greenery and baby's breath. Candle trees flanked with greenery stood on either side and three point candelabra and unity candle burned at the altar.

A reception was held in the fellowship hall of the church following the wedding. Reception assistants were Mrs. Dorothy Hudson, Pat Phillips, aunts of the bride, and Anna Kauffman served at the bride's table. Also assisting were Coleen Shim, Dede Kennedy, and Bonnie Ashmore.

The table was decorated with a centerpiece of carnations, blue and white daisies accented with baby's breath and greenery. The bride's cake was seven tiers on a lace cake stand. All tiers were scalloped with powder blue lace work and the garlands were covered with white and blue wild roses. Four tiers surrounded the cake in a four-arm pattern. Each of these four tiers were adorned with cherub figurines which were draped with tiny drop flowers. The bride's keepsake top consisted of satin bells, lace and lily of the valley.

The bride graduated from New Deal High School. The

groom graduated from Petersburg High School. Both attended Texas Tech University and graduated from the Methodist Hospital School of Nursing. Both are employed in hospitals in the Dallas area.

The bride's traveling outfit was a baby blue polyester pant suit with white accessories.

The rehearsal dinner was held Friday, June 18, at the New Deal Clubhouse. The groom's parents were host and hostess.

### SUNSHINE CLUB HEARS PROGRAM GIVEN BY MRS. HARRISON

The Sunshine Group met June 17 for our monthly meeting. We were very happy to have Floy and Dorothy Shipman back with us today. We sure missed them last time. Floy called the meeting to order and ask Ruby Knox to give the opening prayer. Then we sang "When the Roll is Called Up Yonder" and "I Must Tell Jesus". We had two birthdays, Jack Camp and L. His daughter fixed a beautiful cake with the number of years old he is on top. My children are too far away for that but, I bet I am the only one in the group that was born in Hale Co. We farmed in Lubbock Co. after we married but, then back to Hale Co. Guess I don't get around very much. Vera Hawkins read the minutes of last month.

Mrs. Harrison gave the program. It was from an article by Mr. Slinger pertaining to the history of our country and how we reached the Bicentennial year, beginning with the revolution. No other country has lived as long as we have under the first constitution that was drafted for us. Our population increase is steadily through the years to make this wonderful country we have to lay with freedom of religion and the right to vote. This reminded me of the four freedoms that F. D. R.

and W. Churchill ironed down where they would be easy to remember, "Freedom from Want", "Freedom from Fear", "Freedom of Religion" and "Freedom of Speech".

We planned what we are going to do the 5th and one thing is watch the parade, we have been in it every year since we organized. This time we will watch. Watch for a notice of a certain place to meet. If you want to sit down bring your chair.

Mrs. Toler ask the blessing. We had a wonderful dinner. Then sang the "Battle Hymn of the Republic".

Mrs. Dennie is moving to Ojesta. We have enjoyed having her and wish her much happiness.

We had a hot game going when it began to thunder so we had to rush home just like last month.

Those present were: Mmes. C. Brewer, Dixie Pittman, Dot von Struve, Bernice Smith, Susie Anderson, Cora Shuman, Martha Phillips, Dewey Price, Oleta Gilmore, Lizzie Lebow, Bessie Waters, Minnie Northcutt, Cora Dennie, Pearl Bryant, Oma Toler, Ollie Selke, Callie Nunn, Elizabeth Harrison, Ruby Hill, Lillie Mae Wilson, Ruby Knox, Bernice Conn, Vera Hawkins, Maybell Glass and Mrs. Talbott and Mr. and Mrs. J. L. Ellison and Mr. and Mrs. Floyd Shipman.

### OUT OF THE MOUTHS OF BABES

by Lillie Belle Kramp

A Bible was offered to all the children who could learn and recite 100 Bible verses. Several children were interested and worked at it—and that was work for me. As they depended on me to drill them, the illustrated verse on the mirror was used. They came in day after day—often I spent three or four hours daily with them.

Kelly (4) loved a contest and worked hard to be the first to receive the Bible. As he lived next door and was not yet in school, he had the advantage of the others. He was at my home many times during the day—memorizing and drilling—so verse by verse was recorded on his memory card.

before he was five. The day that he was able to recite his 100 verses his father, who was a truck driver, was at home. His father was leaving for work just as Kelly received his Bible. He ran to his father and said, "O, daddy, I made it—I made it." His father reached down and picked him up in his arms and gave him and the Bible a bear hug. This was one of the sweetest scenes that I had been privileged to witness.

Such a tender scene reminded me that our heavenly Father gave us earthly parents so we could realize and understand His love for us. "Great is Thy Faithfulness, O God My Father."

### CHILDREN'S MOVIES TO BE SHOWN HERE

Each Friday afternoon through July 30, children's movies will be shown in the city hall clubroom at 2:30. The movie to be shown this week will be "Walt Disney's 'Napoleon and Samantha'." Mothers are urged to bring their children to this series of Friday afternoon movies. There is no charge to see the movies.

### Two Abernathians Attend Music Camp

Two youths from Abernathy participated in the annual Music Camp that was held June 13-19 on the campus of Lubbock (Texas) Christian College.

The week's activities included instruction in choral and instrumental music, marching, training in music fundamentals, song directing and sight-singing.

The young musicians also participated in a picnic, basketball, roller skating, miniature golf, softball, a variety show and a campfire devotional.

Music Camp is held each year for junior and senior high students under the direction of Dr. Wayne Hinds,

head of the LCC Music Department. A staff of 15 students were counselors for the teens who lived in the men's and women's dormitories.

The camp drew 210 participants from 10 states, including Alabama, Arizona, Colorado, Kansas, New Mexico, Nebraska, North Carolina, Oklahoma, Texas and Wyoming.

### FINANCIAL AID AVAILABLE AT TECH

It is not too late to apply for financial aid for the fall semester, 1976, at Texas Tech University, according to Dudley S. Akins, director of the office of financial aids. "However," he said, "time is pretty short. We're talking about only two months."

Programs administered by the office of financial aids at Texas Tech include scholarships, grants, loans, college work study and referral service for part-time jobs in Lubbock.

Anyone interested in financial aid for the fall semester should contact the financial aids office, room 131 West Hall, Texas Tech University, soon.

Akins said that the biggest problem at Texas Tech is not unclaimed scholarships or scholarships for which no one applies, but getting the word to all prospective or eligible students.

### "Rays of Hope" by Pat Stanton

"Be Happy! God Loves You!"

Today I mailed some thank you notes that had the words above printed on the front. I looked at the words and began to wonder if most people really knew that they were loved by God.

I began to think about the words of God from the Bible that certainly express God's love.

"Unto him that loved us, and washed us from our sins in his own blood. Greater love hath no man than this, that a man lay down his life for his friends."

Who his own self bare our sins in his own body on the tree, that we, being dead to sins, should live unto righteousness: by whose stripes we were healed. -In whom we have redemption through his blood, the forgiveness of sins, according to the riches of his grace."

We as believers can "be happy" each day as we become more aware of the eternal love that God is giving to us as his children. We should daily pray to "Our Father" and receive of his wonderful love.

Rev. 15, John 15:13, 1 Peter 2:24, Eph. 1:7.

21 Flag Days Being Observed

## Facts and Opinions—Political

### Setting the Record Straight

Demonstrating the almost irreparable harm and injury an unwarranted attack such as you published against my sister on June 13 can, incite, I have just received through the United States mails a copy of your paper, and attached thereto a demand upon me in writing, signed by a number of misinformed men and women of Hale county, denouncing my sister as a tool of W. F. Doughty, of anti-prohibitionists, and of a school machine, and requesting that I have her withdrawn from the race. Your article slandered not only her but myself. If you are an honest man loving the truth, and did not intentionally libel us, you will speedily rectify your mistake, insofar as possible, by publishing this communication in your next issue.

My sister is the tool of no living human or set of humans. She entered this race against my advice and wish, impelled solely by a desire to benefit her people and State. In doing so, she exercised a God-given right under the Constitution and laws of Texas. For over twenty years she has worked and fought for prohibition, for woman suffrage, honest government, honest politics, for honest officers, for moral issues and high ideals. She has sacrificed her whole life for the benefit of others. Losing both father and mother when a mere girl, she became a real mother to her little sister and brothers, helped to raise, educate and maintain them, refused to marry because of their need of her, and dedicated her life to their interests. In order to complete her own education, after her sister and brothers became self-supporting, she would alternate, teaching in the public schools one year and attending the State University the next, until she graduated with honors. When the State Normal School was organized at Denton, she was put in charge of its English Department, where she has been for more than sixteen years, and the many teachers in the public schools all over Texas who have had instructions under her will testify to the sacrifice of self she has universally made in their behalf. In recognition of her service, the teachers from all over Texas for the first time in history, broke up the machine which had always elected a man as president, and elected her as the first woman president of the Texas State Teachers Association. It was the splendid women of Texas, presided over by Mrs. Minnie Fisher Cunningham, who endorsed my sister for the position of State Superintendent and petitioned her to run, and it was their organization, which stands for National Prohibition, for National Woman Suffrage, for Clean Government, nation and state, and for the highest there is in life, public and private, that induced her through a sense of duty to run.

Concerning myself, will state that I have been a lifetime prohibitionist, for woman suffrage, for clean honest government and officials, against machines and for the people. I have the confidence of the prohibitionists in the 58 counties of my district. I introduced in the House a companion bill to the Sheppard Prohibition Measure recently passed, and I am a member of the suffrage Committee which framed and passed suffrage through the

House. When I am on duty here in Washington working 12 to 16 hours each day, helping our President to whip the hellish Huns and save civilization, and am not even making a campaign for myself, do you think it is fair and right to unjustly attack the innocent? May I ask, if you had a sister like mine, what would you do to a man who would malign her?

Yours very truly,  
Thomas L. Blanton.

While we take pleasure in reproducing Mr. Blanton's letter, it was not necessary to call our attention to the error of the matter in question, as the following, which was in type before his letter came, will attest.

### In Simple Justice.

This writer believes in right and justice, and has never hesitated to give voice to our convictions, and it is a great pleasure to oppose the machinations of petty politicians.

We had rather be termed a fool and a dupe than a crook or a knave. When we have been instrumental in spreading an erroneous impression, we hasten to repair the damage when brought to our attention.

Last week an article appeared in these columns relative to the candidacy of Miss Annie Webb Blanton for State Superintendent of Public Instruction. We will not give it the dignity of a second airing, but it is sufficient to say that succeeding information, without equivocation or reservation, completely refute the statements, which we deem unworthy the source of their origin, and the Breeze hastens to absolve itself of this species of political mud-slinging.

This week Miss Blanton declared herself, in a speech at Dallas, in favor of Hobby and good government.

She pays particular attention to her opponent, Mr. Doughty's, close affiliation with the whiskey interests, quoting, in her campaign literature, from letters written into the records of the notorious Sulphur Springs brewery case, showing conclusively that she is strenuously opposing Doughty for his position.

Miss Blanton was born in Houston, Texas. Her mother was Miss Eugenia Webb, a native Texan, and her father, Thomas Lindsey Blanton, a Virginian. Her mother's grandfather, A. B. Hill, fought for the republic of Texas. One greatuncle, James Monroe Hill, fought in the battle of San Jacinto, and another was John C. Hill, the boy hero of the Mier expedition. Her mother's father, Gen. W. G. Webb of LaGrange and Houston, took part in the conflict between the United States and Mexico. Her father's grandfather, Captain William Walker of Virginia was an officer of the Revolution and her father, a lad of seventeen, joined the Southern Confederacy. Thus it will be seen that the Blantons are all-Americans, Southerners, and Texans even back to the Republic.

Of Mr. Blanton, we know but little, but we can say that not least among his virtues are his pride in and defense of his sister. If he can merit the same ardent applause after sixteen years in the National Congress he will have wrought a good work and his work can be pronounced good and square.

## COSTUMES WORN BY SOMALIS

Garments Greatly Resemble Those Seen on Egyptian Monuments of Many Centuries Ago.

Information as to the costumes of Somaliland, where the clothing of the women is similar to that of the ancient Egyptians, is furnished by the Family Herald, which says:

"Somali men and youths wear the maro, a rude toga consisting of a wide piece of cotton cloth like a sheet. With genuine skill and elegance they array themselves in this garment, arranging it in graceful folds. When the Somali unburdens his camel or loads upon it the freight, he rolls up his maro around his waist. He seldom has any head covering, notwithstanding the heat of the sun. Around his neck he wears a string bearing two large amber beads. His brow and arms are often adorned with amulets, in the fashion of the ancient Jews.

"Somali women and young girls also wear the maro. They drape it over the right shoulder and belt it at the waist with a fringe girdle. The girls let their abundant black tresses hang upon their shoulders or plait them into fine tight braids. The older women bind their hair and cover it with a kind of net. Their type and attire closely resemble the female figure represented on the Egyptian monuments of antiquity. Almost all adorn themselves with armlets, strings of beads or metal rings worn above the elbow. Some have enormous silver earrings, others amber necklaces or strings of small silver beads."

## NOT MUCH DIFFERENCE

Helen—George saw you start on a fishing expedition this morning and said he wished he were a fish so you could catch him.

Grace—Oh! It amounts to the same. I'm always stringing him.

## COVERED DEAD BUNKIE.

Private Peat relates in the American Magazine how, one day when he was lying on the stretcher, after the first gas attack at Ypres, a poor, miserable soldier came in. He was covered with mud and blood. He was minus his overcoat and his tunic was torn by shrapnel. He was soaked to the bone, for it was raining, and he was shivering with cold and pain. The nurse hurried to him and asked him what had become of his overcoat.

"Oh," he said his teeth chattering, "my pal was killed back there, and he looked so cold, lying there in the rain, I took off my coat and put it over him."

"If the men in the trenches, with their dirt and their filth, their swearing and fighting, can show such tenderness and unselfishness and sacrifice, I don't believe you here at home are going to fall below them in nobility of spirit," says Private Peat.

## OBSOLETE.

"Do you always keep a promise?" "I used to be a little careless," confessed Senator Sorghum. "But Germany has made promise-breaking so unpopular that it's no good in politics any more."

## PHYSICAL IMPOSSIBILITY.

"Flag and standard makers ought never to have a failure in their business."

"Why not?" "Because they are dealing in goods which are always going up."

## AMOUNTED TO SAME THING

Motion to Adjourn Was Expressed in Three Different Ways, but It "Got Results."

A number of little girls at Seymour, who are members of the same Sunday school class, decided to form a missionary society, and were invited to the home of a young woman who consented to be their leader, to complete the organization. After the officers were elected in due form and the lesson study was finished, the meeting was turned into a social affair. When the hour for departure arrived, the leader instructed the newly elected president to call the members to order, and asked one of the members to move, "that we adjourn." The girl was not familiar with the expression, but with dignity and self-assurance she addressed the club and made the motion that "we have a germ." Unanimous consent was voted.

One of the members on her return home, told her mother about the meeting, and particularly about the way it closed, the procedure being entirely new to her.

"And mother," she said, "one little girl just moved that we have a journey, and all said 'yes' and then we went home."—Indianapolis News.

## HIS LUCK

"Well, thank heaven, that's over with."

"What is?"

"I've danced with the hostess. Have you gone through with it yet?"

"No. I don't need to. I'm the host."

## TELEPHONE FROM TRAINS.

According to information from a reliable source, experiments conducted on the Canadian government railways with a telephone apparatus that permits verbal messages to be transmitted to and from moving trains have met with highly gratifying results. This apparatus is described and illustrated in Popular Mechanics Magazine. Standard equipment is used, and no difficulty has been encountered in getting distinct tones. Connection between the instrument and rail is made through the car wheels. Control of the system differs in no respect from ordinary telephone operation, and artificial amplifiers requiring adjustment are not employed. The invention makes it possible for connections to be made between the train instrument and that of any regular telephone subscriber.

## AT THE MUSICAL.

Singer—Our family doctor gave me something to use for my throat just before I sing. It's powerful, I'm sure, because he told me to beware of an overdose.

He (aside to Miss Caustique)—What cautious old fools some of these family doctors are!

## FITTING THE CRIME.

"If all they are charging against the packing business is true, what do you think should be done?"

"I think the packers should be dealt out a punishment that is met."

## FAMILY OBJECTIONS.

Belle—What are the relations between you and Harry?

Dorothy—Oh! mamma and papa, brother Jack and all my cousins and aunt.

I do most earnestly appeal to every resident of the county of Hale to take cognizance of the bloodshed and loss of American life on the foreign battlefield and by their pledges to keep unsullied the fair name of the County of Hale, showing to the United States Government, the other counties of the State of Texas, and to those men of this county who are now in the armed service of the United States Government and fighting for the retention of our liberties that the Citizens of the County of Hale are loyal and steadfast here at home in the service of their country.

## Hobby-for-Governor Club

The sentiment for Hobby in this vicinity is so overwhelming that no concerted action had been taken until yesterday.

Knowing this sentiment to exist, and desirous that our community be given full credit for the lofty ideals prevailing, this editor started the circulation of a "Hobby-for-Governor club" list.

H. D. Rosser also has a list which he is circulating.

The list is at this office and all who want to sign it are urged to do so. Women especially are invited to subscribe to it.

The moral forces of Texas will win. But it is not a question of victory, but that it is so large that the forces now attempting to override the constitution and the lofty ideals that have been so recently written into our statutes, be given such a chastisement that they will retire to the obscurity from whence they came.

The question was asked us if Hobby was not an anti? He has always been so considered, but the various legislation of his first few weeks administration which has driven the whiskey traffic from the state is enough to win the applause of every sincere prohibitionist in the state. His granting the women an opportunity to vote will meet with an appreciative response.

One thing noticeable in this campaign is that the opposition have found no bugaboo in Hobby's life with which to make campaign thunder, which is evidence that his life has been free from taint.

## REPORT OF THE HALE COUNTY GRAND JURY AS MADE TO THE DISTRICT JUDGE, ON FEB. 24th

S. R. Merrell, who has been on the grand jury during its setting in Plainview for the last 21 days, returned home Friday after its adjournment. Mr. Merrell handed us a copy of the report submitted to the district judge, and we are glad to publish same, as it will be a very interesting document.

TO THE HONORABLE R. C. JOINER, JUDGE OF THE DISTRICT COURT, HALE COUNTY, TEXAS:

We, the grand jury empaneled for the January term A. D. 1922, in and for Hale County, Texas, respectfully submit the following report:

We have been in session 21 days. We have examined approximately 220 witnesses, and have made investigation of nearly every character of offense against the laws of the State of Texas, as heretofore reported 4 felony indictments and twelve misdemeanors. And in addition thereto we return to you and with this report five other felony and thirty-nine misdemeanor indictments, each and all of the said indictments found in accordance with law.

And in addition to reporting indictments as above, we feel it to be our duty to make further report on the condition we find, as existing in our county and as shown, by testimony of parties in the investigation made. We will respectfully call your attention that in our investigation touching upon violations of the liquor laws of this State, it is apparent from circumstances, and from the fact that it is commonly admitted that alcoholic beverages are being generally dispensed in our county, further fact "That the purchasers of intoxicating liquors have so little concern about the enforcement of the law in regard thereto, they have ALWAYS FORGOTTEN THE PARTY FROM WHOM IT WAS BOUGHT." Or if they have not, they state that such beverages were bought from "a stranger." But the fact remains they are not enough loyal for our State to, when under oath, and questioned, report violations of law, so that the offenders can be billed to the criminal court to justice.

We the grand jury further find that there is a strong tendency among many people in our county to gamble and violate the laws in many ways, a misdemeanor offense, and they too, are forgetful and have not enough interest in the public welfare to give any assistance to the officers or the grand jury in bringing the offenders to justice.

And by no means of the least importance is the fact that too many parents do not know the whereabouts of their young girls, nor do they know what they are doing. And as a result of that thoughtlessness we find much evidence of little girls in their teens being turned loose to go where they please, with whom they please, at almost any hour of the day or night, that they please. It has developed that many have often been out with criminals many years their senior, and in some cases men with families have deceived little girls away from their school, and away from their parents, and no doubt have taken them away on many trips for immoral purposes. It appears that a few of such girls have been picked up by such parties and while on their way to school, and a few instances where they have been taken from their school, but this has been very rare, we are glad to say, but this statement is made with the expressed purpose of calling to the attention of the public what is going on and that parents may do their duty and better protect their girls. It has become apparent further, that in many instances when girls were tardy at school, or had played hooky, or were tardy in reaching home, and parents of such parties would accept any and every flimsy explanation, and in many instances students were late or tardy. But this grand jury is of the opinion that the careless attitude of many parents as to the habits and company of their girls in their early teens is such as to pave the way for many girls to soon reach the house of ill fame.

By way of summary we wish to state we are forced to the conclusion, that we as a people are becoming too self-centered, and have lost interest in the welfare of our state to such an extent we have not time to see after others, or concern ourselves with violations of laws of this State, or of God that does not directly, and immediately affect, "our Personal Interest", and as result of such conditions the law breaking gains and carry on their activities minority can organize, and does or in violation of the law, and in the presence of those who do not violate the law but who yet remain silent and will not lend their support or influence to aid the officers in the enforcement of the laws. And as a result it is almost impossible to detect, and punish crime.

And we as the grand jury think it is due time that each and every citizen who believes in right prevailing and the laws of our state being enforced, make themselves a committee of one to help direct and punish offenses against our laws, and cease to leave such work entirely to the officers as it is well known fact the officers can do comparatively nothing without the assistance, and support of the people.

We wish to express our thanks to the Honorable R. C. Joiner for his advice and assistance to us in our work as a grand jury. We also express our thanks to the sheriff's department and the Bailiff's, County and District Attorneys, all of whom have been ever ready and willing to lend every assistance to the grand jury in this work.

Respectfully submitted this the 24th day of February A. D. 1922. Signed by Foreman.

"LET THE MAN DO THE WORK." HOUSEKEEPING

"Hands off, we propose to run the State government." This seems to be the trend of affairs now going on in some states, and especially in New Mexico, where women are announcing for county offices, and in some instances for state as well. In Chaves county, New Mexico, the women, if elected for the offices they are now hard at work for, the men will have a glorious time taking care of the babies, doing the cooking and entertaining wife's friends when they come in to talk over state affairs.

Every office in that county has one or more aspirants for the various places to be filled. There will be a royal battle for these places. Already three have announced for county treasurer, two for probate judge, and one or more for county clerk and many others are now ready to enter the races. This is not only the case in New Mexico, but over in Kansas, there is one little miss of 21 summers wants to direct state affairs from the executive mansion. She is making the race for governor with her sister as campaign manager.

Women are taking advantage of their constitutional rights, which is to fill office, take the lead in all public affairs and let "the men do work" at home.

COLD WEATHER IN ABERNATHY MONDAY AND TUESDAY

The storm that has been raging throughout the east, reached the Plains country Sunday night with a heavy east wind accompanied by a heavy mist of rain. This continued all day Monday and by night the mist began freezing and in a very short time the ground was covered with a sheet of ice. Tuesday morning the wind had changed to the north with the thermometer registered zero weather, the coldest of the season around Abernathy.

At this writing (Tuesday) the storm is still raging and no sign of a let up. We have not heard what damage, if any, has been done, but no doubt, and has suffered to a great extent in some parts of the country.

A. G. Gilbert, one of Abernathy's good citizens, was appointed trustee of the peace of the Abernathy precinct. This appointment was made last week at the last meeting of the county commissioners at Plainview.

Rev. J. T. Howell left Monday afternoon for Clarendon to be absent a couple of days attending the Epworth League Convention of the Northwest Texas Conference.

Money will buy every thing, but there are some things that nothing except money can buy.

It is better to go ahead than to hesitate, you are sure to hear the right or wrong in your decisions.

## "TRUTH SERUM" WILL WORK DOCTOR ASSERTS

"You can't tell the Detroit and Los Angeles authorities, that the three tests we have made on Texas criminals have been 100 per cent perfect."

"It will work on Fields. I am willing and anxious that the test be made."

## An Account of the Awful Tragedy In Floyd County Monday Morning—Two Girls Dead—Boy Fatally Wounded

Gladys Solomon, age 15, and Nell Umberson, age 13, were shot and killed as they and Vera Wilson, age 14, lay asleep in the same bed at the Umberson home in the Sunset community at 11 o'clock Sunday night. Houston, Upton, age 18, who did the shooting, went to the school house a mile away, and shot himself through the body just below the heart.

The tragedies were the result of a school boy and girl quarrel between Gladys and Houston, which occurred as he was taking her home from a B. Y. P. U. meeting at the school house Sunday night, Houston returning at a later hour and firing the fatal shots.

The Sunset community is about thirty miles east of Plainview, and sixteen miles northeast of Lockney, and is in Floyd county.

The Umberson home is a mile north of the school house, the Solomon home a half mile west of the Umberson home and the Wilson home three-quarters of a mile east of the Umberson home. The Upton ranch is two and a half miles south of the school house.

John Boswell, the editor of the News went to Sunset Monday morning to learn the details of the tragedy that has saddened the homes of three families and cast a deep gloom over the quiet and prosperous community.

Miss Vera Wilson, the daughter of Mr. and Mrs. C. A. Wilson, and at her home, as she was too unnerved to talk about the affair, the mother told us of the tragedy as told her by Vera.

John Boswell and the editor of the News went to Sunset Monday morning to learn the details of the tragedy that has saddened the homes of three families and cast a deep gloom over the quiet and prosperous community.

The girls were known as sweet, winsome youngsters.

Mr. Upton has a large ranch and farm, and is a member of one of the banks in Lockney; he has lived in the community more than twenty years; he has four married children and Houston by a first marriage, and three small children by a second.

Houston was a member of the Baptist church, and was a bright and popular youth. All the families are prominent in the community. The girls were known as sweet, winsome youngsters.

## NO PAY FOR SUMMER TEACHERS SAYS ATTY. GEN.

Austin, Feb. 25.—Professors, instructors and teachers of the University of Texas and of all other state educational institutions who serve at the regular term of school cannot draw pay for serving at the summer term, the Attorney General's Department ruled today in an opinion given F. M. Brant, president of the College of Industrial Arts at Denton.

## BLEDSOE WELL DOWN 3800 FEET TUESDAY AFTERNOON WITH GOOD INDICATIONS FOR OIL OR GAS

Tuesday afternoon the report came in from the well that the drillers had reached the depth of thirty-eight hundred feet, but had to close down on account of the cold weather. It was stated the water in the pipes were freezing and bursting, in spite of all the care and precaution the drillers could do. The drill has penetrated another stratum of a hard lime formation, which looks good to the drillers.

Sales of leases are still being made, and the company feels confident that with the money they now have in the treasury, and with the money coming in from the sale of leases, that they will be able to put the well down to 4,500 feet, if it takes that to penetrate the oil pool. But, judging from the formation the drill is now in, and the oil experts who have visited the well since reaching this time stratum, feels confident that oil or gas will be found before the 4,500 feet is reached.

The gas pocket that was encountered last week put confidence in the operators that they are near the pool and they are going after it with a determination to prove that either gas or oil will be found, and to prove to the "Doubting Thomases" that Abernathy is in the oil belt. As soon as the weather gets moderate, drilling will be resumed.

MEXICO IN A STATE OF ANOTHER REVOLUTION

It is reported that another uprising is about to take place in Mexico, headed by Col. Esteban Cantu, governor of lower California. It is said he is against the Obregon government and is heading a revolution to overthrow the present regime. These reports have been made public by Spanish newspapers and sent out of Mexico.

According to these statements if the revolution succeeds, Felix Diaz will be provisional president of Mexico and his first act will be to nullify the constitution and restore that of 1857, under which his uncle, President Diaz worked. The various laws which prevailed under the Diaz regime and which was satisfactory to foreigners will be revived.

A proclamation calling for the re-organization of the old liberal party in Mexico has been issued from San Antonio by a well known figure in politics, replacing the Carranza constitution of 1917 by that of 1857. This proclamation proposes to replace the present constitution for the purpose of eliminating the objectionable articles 3 and 27 which are held unfair to American interests in Mexico.

General Diaz was last reported living in New Orleans, La.

Mr. and Mrs. F. W. Struve were host and hostess at an informal dinner given to a few friends last Sunday. Those present to enjoy the good things they had to eat were Mr. H. Ulrich, Miss Meta Ulrich, W. A. Gouth and wife, W. A. Basher and wife, H. Richter and the Review editor.

## STRICT ENFORCEMENT OF CIGARETTE LAWS ARE URGED BY THE TEXAS MOTHERS CONGRESS AND P.-T. ASS'N.

Austin, Feb. 25.—Strict enforcement of the state law prohibiting the sale of tobacco to children and minors is urged and promises of cooperation are made to the Women's Temperance Union in its efforts along this line by resolutions adopted by the Board of Managers of the Texas Congress of Mothers and Parent-Teachers Association at its meeting held in Austin.

Declaration is made in the resolutions, which were presented by Mrs. Ella Caruthers Porter, of Dallas, that "this action is deemed necessary because of the widespread and deplorable habit of cigarette smoking which is fastening itself on the boys and girls of the country."

The Board plans submitted by the finance committee for raising an endowment fund of \$25,000. Mrs. Ella Caruthers Porter, of Dallas, founder and honorary president of the organization, has given \$5,000 toward the fund as a nucleus.

To Open Austin Headquarters Upon motion of Mrs. W. B. Toomey of San Antonio, the president was authorized to appoint a committee to select and rent a suitable office for headquarters in Austin and that a secretary be employed. The efficiency of the work of the congress is expected to be greatly increased by the establishment of such headquarters.

The president, Mrs. S. M. N. Marrs, announced that in the summer session of the University of Texas, Dr. Frederic Eby of the Department of Education would give lectures on the work of the Parent-Teachers Association.

The offer of T. H. Shelby, director of the extension department of the University of Texas, to give the services of Miss Amanda Stolfus of the University of Texas, as a field worker to co-operate with the Mothers' Congress in organizing

and promoting parent-teacher association work was accepted. It was stated to the board that the extension department could serve the communities of Texas much more efficiently through the Parent-Teacher Association than through other mediums.

The board authorized the president to appoint a legislative committee which would be given the power to co-operate with other organizations to promote desirable legislation.

The appointment by the president of Mrs. J. M. Loving of Austin, as publicity chairman, and of Mrs. Helen Higgins as demonstration agent, were approved by the board.

District Meetings were announced: First district, of which Mrs. J. T. Simms of Clarendon is president, at Ranger, March 9 and 10.

Fifth district, of which Mrs. Charles Woodson of San Antonio is president, at San Benito, April 4 and 5.

Second district, at Cleburne and the third at Longview, at some time in the near future.

Miss Annie Webb Blanton, State Superintendent of Public Instruction, made an address to the board on the present needs of the educational system in Texas, pointing out that unless some method of increasing school funds should be found at once that the per capita appropriation would fall very low, "to the shame of all Texas."

An interesting report made by Mrs. F. W. McAllister of Antonio the extension of forty-four new organizations reported and plans for cooperating with the proper State officials being formulated for county organization.

FRIEND OF ANTI-LYNCHING BILL SEES ITS FINISH

The anti-lynching bill, by Representative Dyer, sees the handwriting on the wall and his bill will be lost when it goes back to the senate. Dyer is representing a district composed of more negroes than whites and his bill has found, what the Democratic Senators believe will be its funeral in the senate. Five out of the six of the members of the committee who have the bill now in charge, are known to be opposed to the bill; and the sixth one does not mind voting outside party lines. This man is Senator Borah and the cloak room talk is that he has described the bill as clearly unconstitutional, and is also joined in this opinion by Senator Colt, once a Federal circuit judge for twenty-nine years. It is thought by its opponents that the bill will not be reported on at all but will be lost sight of before its time.

"TRUTH WILL OUT." NO LONGER DECEIVE WIFE

Over in Parsons, Kan., the doctors are "swooped" with calls day and night by wives asking for "Truth Serum" for their deceiving husbands. The doctors are at a loss as how they are going to meet this demand and furnish this dope. It seems there is a bunch of deceitful "hubbys" who are trying to put something over the wife, but if this serum don't play out the star of the untruthful husband has set.

One wife says the rolling pin treatment has failed, another the broom stick treatment was a failure and other old time remedies were no good any longer, and now they wanted to try the new medicine, or anything to make the old "lizard" tell the truth.

"INK WELL" DRILLED IN NEAR HOUSTON

Houston, Feb. 25.—An "ink well" has been drilled in at the Pierce Junction Oil Field, near here, it was reported today.

The Humble Company drilling in their Atlantic, Joint Mowrey well, reported "ink" of intense blackness found in great quantities at a depth of 3,400 feet.

"The ink is so black that it appears white in the darkest room we can find," was the report made by one of the drillers to the company officers here today. The fluid showed the same qualities as "bought ink," when used to write upon paper, the report said.

Upon further investigation, the "ink" was found to be a very fine solution of black sulphur water. The search for oil will be continued, the Humble Company announced. There is plenty of ink on the market, it was said.

The Needle Club met last Thursday afternoon with Mrs. J. C. Arnett, with about fifteen members present. The next meeting will be at Mrs. E. D. Carter's home on North Main st., and every member is requested to be present at this meeting.

## EDD JONES ENTERTAINED THE MISSIONARY SOCIETY

Mrs. Edd Jones entertained the Junior Missionary Society last Thursday from four till six o'clock at the home of Mrs. Claud Houston.

Twenty-five members were present. Many out door games were played, after which the children were marched in the house where music, reading and songs were enjoyed. The little fellows enjoyed refreshments of salted popcorn and delicious cookies.

Rev. C. B. Hardy, Presiding Elder of the Plainview district, held quarterly conference at Pearson's Chapel last Saturday.

VOLUME 11.

ABERNATHY, TEXAS, THURSDAY, DECEMBER 31, 1931

NUMBER 36

Archibald

Says—

Howdy, folks. You've got a new neighbor. However, I'm not a stranger to these parts, friends. I've been coming up here from the South Plains on visits for a couple of years. The more I came, the better I liked this country. I liked the way you folks made strangers feel like life-long friends from the first handshake. It's heartwarming to join a neighborhood that has a sincere welcome for new-comers. In the brief time that I've been here, I have sensed the friendliness that exists in Abernathy, and it sure makes me feel good.

I'm glad to see a community like this one that is one big family—each citizen interested in the other and all working together.

The territory around Abernathy appears to me to be a rich part of a rich empire—the Panhandle. Lands titled by America's first citizens, the farmers, give forth the best here.

That's not intended to be a flowery speech to win new friends. That's plain truth of which all Panhandle residents are acquainted. They are also familiar with the fact that no section in Texas can claim to surpass this area in dairying. Pork and poultry go hand in hand with the milk cow and products of the soil up here, all contributing to make a real country. The top crop, though, is the people—with hearts as big as bushel baskets.

Speaking of hogs in that paragraph ahead reminded me of the story of two East Texas farmers. They both owned hogs. Said one of them to the other: "Now, Abner, you ought not to let them pigs root around under your front porch. It ain't healthy."

"Aw, shux," Abner replied, "them's the healthiest hogs you ever saw."

Folks, I'm proud to be here to work with you all. The Review is your paper. Call on it any time. Write us letters, tell us news. We want the Review to reflect the good features of the country it serves. See you next week.

## C. V. PAYNE AND MISS VIRGINIA WHEATLY WED

Abernathy citizens were surprised last week to hear of the marriage of C. V. Payne, vocational agricultural teacher of Abernathy high school to Miss Virginia Wheatly of Haskell, in Friedericks, Okla. Dec. 21. A the honeymoon. The bride is the daughter of Mrs. C. Wheatly of Haskell and is a former student of T. C. U. Fort Worth, and John Tarleton, Stephenville. The groom is the son of R. L. Payne of Stephenville. The happy couple will make Abernathy their home, Mr. Payne said.

## COUNTY LINE BOY'S LEG BROKEN WHEN HORSE FALLS

The left leg of Jimmy Branch, aged 11, was broken twice and his left ankle badly sprained Monday evening about seven o'clock when a horse he was riding fell on him near his home close to the County Line Community. He was found by the Merfield boys after the horse had lain on him for about 15 minutes. He was rushed to the Lubbock Sanitarium where he is reported to be resting well. Jimmy is an orphan, both his parents having died recently. He came to Lubbock from McAllen and while there he met Lawrence Rice. He has been working for Rice for two months.

## State Inspector Pays Compliment to School

### A TRIBUTE

Charles Hurst, husband, father, friend, has gone. His talents move today in a sphere of wider bounds than any earthly circumstances afford.

He was a man. He had faults so has every one. He had virtues He cherished truth and her hand-maidens, honor, loyalty and faith.

He was a man who could look into a mud puddle and see more than mud, who could look into the sunset and see more than color, who could look into the morning and see more than just the dawn of another day.

Mr. Hurst has gone, but his influence remains. The knowledge that he left in printed words labors for him.

His memory is perpetuated through the achievements of a life of giant endeavor. His countless friends will never let his virtues die.

# All About Nothin'

A problem solved: Mrs. Demp Webster of Monroe solved a mother's problem in a most constructive manner. She attends Texas Tech, and while she is in classes there, daughter, Janet, 5 years old, is in good care and learning lots in a Lubbock kindergarten.

The OMP asked retailers and the general public to make a special effort to economize in the use of gift boxes, tissue and wrapping paper and similar materials during the Christmas season.

According to reports, R. E. Ramby, jr., former Abernathy lad, sailed Friday from New York City to Ciudad, Bolivar, Venezuela, South America as missionary.

Chris Benn exhibited a propupine on the streets here Saturday. It came to his farm home northwest of town Friday.

If any of you fellows want to settle your differences via the peace pipe method, see R. E. Harvey at Monroe. I noticed a pipe that might be used for that purpose hanging in his store there.

Quick action on the part of Abernathy's volunteer firemen Thursday probably prevented property damage here similar to that which occurred in several South Plains towns on that day when high wind scattered fire that burned many thousands of dollars worth of cotton. Our firemen doused a spreading weed and grass fire southwest of the Magnolia wholesale depot. Their efforts prevented its spread to two farms and residential property in that area.

For the safety of your property and that of your neighbors, rake up dead weeds and grass and burn them—but select a day when the wind is not blowing for the burning operation.

Attention, City Dads  
You might be interested in the following clipping from the Hale Center American:

T. A. Greenwood and his crew of county road workers were smack-ing their lips after a delicious turkey dinner yesterday at John's cafe. "We've just finished doing some work here for the city, and they bought us our dinner," said T. A. "I wish Abernathy folks would take a hint from the Hale Center folks. We've done lots of work for them, but, no turkey dinner" . . .

## Letter To The Editor

Dear B. F. D.:  
I am not one to always be writing an editor, neither am I an old grouch; I am just one of the average movie goers of Abernathy, but it exasperates me no little to go to the show on a Sunday afternoon and get in line for a ticket and then have some one who has arrived at the last minute step up to the one in the front of the line and hand their money to them for them to buy tickets. In this way they get their tickets and get the best seats in the show ahead of those who are still standing in line. They will not get in line and take their turn. I have seen some of our so called better citizens do this, and yet those same persons would never be so rude as to push some one out of line or step in line ahead of another person, but that is exactly what they are doing when they hand their money ahead and get tickets before those in line. Ex-service men do this which is in violation to their army training. Could they get by in the Army with stepping ahead in chow line? "First come, First Served" is very applicable here.

Women with small children stand and hold their babies while their husbands wait patiently in line until these rude late comers get their tickets and pass on into the show. Where are their good manners and sense of fair play?  
If I could see any valid reason for these people to be in the show first and have the best seats, I would gladly step aside and give them my place in the line.  
I realize the manager of the theater can not say any thing and neither can the well-bred people waiting in line, but it seems like these rude late comers should have their attention called to their lack of consideration.  
I would like to see some comments on this little annoyance which happens in Abernathy, only because every one knows every one else and we are inclined to be forgetful of good manners when with friends.

## COUNTY'S DRAFT QUOTA FOR NEXT TWO MONTHS IS 217

Hale county's selective service quota for the next two months is 217 men. The calls for November will amount to the largest in any month for this county since registration for selective service, there being calls for 78 Negroes and 74 white men, a total of 152. The call for Negro men amounts to more than have been sent from this county in all previous calls. The county may not meet its call for Negroes, since there are only 130 between the ages of 18 and 38 registered in Hale. Some of that number have already been inducted and rejections among them have been high. In addition to the 78 Negroes called for November, there is a call for 14 in October.

There is also a call for 51 white men in October. Dates of the calls are not to be announced publicly until the draftees are notified.

## SELLS QUILTS AND CHICKENS TO BUY BOND

Closing of the 3rd War Loan here brought this story from one of the committeemen:

An Abernathy lady, a widow who receives old age assistance money, was so intent upon helping in the drive she sold quilts and chickens to raise enough money to buy a \$25 bond.

Having more quilts than she needed, two were sold for \$10, and this money was added to her savings of slightly over \$6. Enough chickens were sold by the lady to complete the amount, \$18.75, to purchase the bond.

## Abernathy Girl Heads WTSC Student Body

(From Bureau of Public Service, W-TSC)

Ruth Lutrick of Abernathy, a senior student at West Texas State college, was chosen last spring to lead the student government activities for the 1943-44 session. She is called president of the Student association.

Being president is not a new experience for Miss Lutrick. During 1942-43, she finished out the year as president of the Student Christian association when its elected president was called into the armed service. She has been president of Alpha Chi, honorary scholarship fraternity of the college; she has been vice-president of Kappa Omicron Phi, honorary home economics society.

Her leadership in various activities earned for her a place in "Who's Who in American Colleges and Universities" for 1942-43.

Miss Lutrick expects to teach home economics. She will complete the requirements for her Bachelors Degree in January, 1944, and she expects to begin work immediately. Asked concerning remoter plans, Miss Lutrick said that she expected to continue her study of home economics and perhaps go into the home demonstration field but that would have to be some time in the future.

During her entire stay at West Texas State college, she has resided at Randall Hall, cooperative dormitory for young women.

A daughter of Mr. and Mrs. R. A. Lutrick, Ruth was graduated from Abernathy High school in 1940.

VOLUME 30. Hale County, ABERNATHY, TEXAS, Lubbock County

THURSDAY, JULY 19, 1951

NUMBER 52-E

City officials offer their apologies to the ladies who have been inconvenienced by no water or low water pressure while improvements are being made on the city water system. It is a necessary inconvenience that will result in additional water supply and higher pressure when the improvements are completed. Officials also apologize in this connection for damage done to walks, drives and shrubs. They will be replaced where possible to do so.

Plans for spraying the town with DDT are in the making.

Herbert Hardin, newly-elected commander of the local Legion Post, doesn't consider Friday 13th an unlucky day. "I sailed for Europe on a Friday 13th." He was on combat and occupation duty in the ETO during World War II.

Mrs. C. A. Kennedy, wife of Abernathy's Baptist pastor, has a twin sister who also married a Baptist minister. He is Chaplain (Capt.) Bob Jackson, who sails this week for duty in Japan.

While attending the Southern Baptist Convention on the West Coast recently Pastor C. A. Kennedy delivered to Radio Evangelist Charles E. Fuller, Long Beach, Calif., gifts from African children.

When Rev. and Mrs. Kennedy were on mission duty in Africa, they, with their charges, picked up Fuller's radio sermons. The children made gifts and sent them to Fuller by the Kennedys. They returned to the U. S. in 1949. Following an African custom, the gifts were handed the Kennedys and they were duty-bound to hand them to Fuller.

Abernathy Methodist church has on demonstration a Hammond organ with interior and exterior chimes. The exterior chimes bring religious music to the entire town.

Rev. C. A. Kennedy, pastor of the Baptist church, was in the Review office Monday with favorable comment on the chimes.

The Baptists who seem never to get enough water, are borrowing from the Methodists, whose requirements for H2O are small in comparison. After installing Frigidaire air-conditioning units at the Baptist church, it was discovered that water connection in the proper size was not available at the spot needed. The Baptists are borrowing water from the Methodist parsonage connection across the alley from the new church.

Vic Lamb says the art work on the cover of Abernathy Eastern Star yearbook was done by Mrs. Fritz Struve. The yearbooks were delivered to Mrs. Ralph Davis, Worthy Matron, this week.

We're back in the give-away business. Anton Wolf, who resides about two and one-half miles west of town, has a Collie pup to give away. The Ralph Davis family, 3 miles east and 2 miles north of Tupo, has four puppies and 4 kittens to give away.

J. D. Webb says the first planting at his farm west of town was to cotton. Next time he tried 90-day maize. When a third planting was required, he seeded the place to 60-day maize. "Now I am planting 3-minute oats," he said.

Capt. and Mrs. Kermit D. Woolridge  
23 June 1951—An air base in Japan.

Captain Kermit D. Woolridge, Abernathy, Texas, was recently presented the Bronze Star by Major Stanley P. Paciorek, The citation accompanying the award is as follows:

"Captain Kermit David Woolridge performed meritorious service as Air Shipment Officer, 507th Antiaircraft Artillery Automatic Weapons Battalion (Mobile), APO 75 from 25 June 1950 to 13 September 1950. Captain Woolridge distinguished himself through outstanding services by voluntarily supervising the loading of personnel, ammunition, supplies and equipment being airlifted to airfields in Korea for their protection. His amazing ability in figuring loads, his untiring efforts in supervising and coordinating with supply channels the flow of critically needed arms, ammunition and food supplies aided materially in

the efficient operation and anti-aircraft protection of these bases. Without this officer's demonstrated ability and efficient effort it is doubtful if timely accomplishment of the mission could have been consummated. He demonstrated exceptional technical ability, keen foresight, initiative and resourcefulness. Captain Woolridge's efforts reflect great credit on himself and the Military Service."

Captain Woolridge was assigned to the 507th AAA Automatic Weapons Battalion (Mobile) in June, 1949. He is a veteran of 17 years service both enlisted and commissioned. During World War II he served with the Army Air Force in the European Theater, where he was awarded the Distinguished Flying Cross with 2 (ak Leaf Clusters, the Air Medal with 3 Oak Leaf Clusters, and the Army Commendation Ribbon, Captain Woolridge's wife, Marjorie, his daughter, Stanley and his two sons, Stanley and Robert, are currently residing in Itazuke, Japan.

He is the son of Mrs. Dot Woolridge of Abernathy.

## OPEN HOUSE SATURDAY WILL HONOR MR. AND MRS. TOM LESLEY

An open house from 2 to 5 p. m. Saturday, July 21, will honor Mr. and Mrs. Tom Lesley on their Golden Wedding anniversary. The event, arranged by the couple's three grandchildren, will be at the Lesley home one-quarter mile east of County Line.

Friends and relatives of the couple are invited to attend the open house.

In charge of the open house activities will be Mrs. Zollie Clark, Mrs. Marvin Newton and Rupert Lee Allen.

Mr. and Mrs. Lesley were married July 21, 1901, in Comanche County, Texas, where they both were reared. Mrs. Lesley is the former Miss Zula McGuire, daughter of Mr. and Mrs. Bill McGuire, who were pioneer Comanche county residents. She was born there June 18, 1885. Mr. Lesley was born Dec. 30, 1880.

Mr. and Mrs. Lesley had one daughter, Ovie, who was born July 29, 1902, in Comanche. She was married to W. C. (Tot) Allen in Haskell county. Mrs. Allen died April 21, 1925, at the age of 23, leaving three children.

Upon consent of Mr. Allen, Mr. and Mrs. Lesley took the grandchildren to rear as their own. The Lesleys and Allens moved from Comanche to the County Line community in 1922.

"We moved to the South Plains because we wanted to get away from rocks, small acreage and deep sand," Mr. Lesley explained. "We were looking for flat land and larger acreage for cotton farming," he added.

"When we moved to County Line," the Lesleys recalled, "there was one house between there and Littlefield, and two houses between County Line and Shallowater. There were no fences and the town of Anton had not been started. There was a gin at County Line and later Mr. J. C. Turner opened a store here." Their household goods and farming tools were shipped in two box cars from Comanche to the Round Up switch on the Santa Fe between Lubbock and Clovis. They hauled their things from Round Up to County Line in a wagon.

The Lesleys have four great-grandchildren, Rosalea and Ronald Wayne, children of Mr. and Mrs. Zollie Clark of Anton; Gary Don, son of Mr. and Mrs. Marvin Newton of Anton, Dennis Lee, son of Mr. and Mrs. Rupert Lee Allen of Abernathy.

As a member of the "Hourglass" Division, Davis has joined the most traveled unit in the Far East. In nine months of Korean action, his unit has made two amphibious landings, gained the Manchurian border, and fought on both coasts of the Korean peninsula. Just recently the 48th F. A. Bn. celebrated the firing of its 100,000th round of the Korean campaign. The occasion was marked by a battlefield ceremony. The artillery has become one of the most feared of the weapons used against the enemy in Korea.

With five months service, Private Davis joined the Seventh Division in June 1951.

## Richerson Resigns Fire Marshal Post

Truman Richerson, who has been the City Fire Marshal since April, 1962, has resigned his position, effective May 1, 1963. Mr. Richerson has been replaced by William H. (Bill) Wilkinson. The appointment being subject to City Council approval. Through his investigations, Richerson has found several fires listed for Abernathy which actually happened in other cities. Since fire losses inside the city are a deciding factor on the insurance premiums paid by individuals, Mr. Richerson's alertness has paid dividends to the local citizens. Also, Richerson has set up complete records on past fires which will be beneficial to the city's fire record in the future. This will enable the new City Fire Marshal to continue investigating fires assigned to the city by the Insurance Check office in Austin. However, Truman stated that he would continue to be active in the Fire Department and will work in the capacity of Assistant City Fire Marshal.

## STARTING AFTER RETIREMENT

### Former Tuco Plant Manager To Receive Degree From Texas University; Has "B" Average

AUSTIN, Texas (Sp)—When he retired at the age of 65, Ralph T. Price decided to go to college instead of going fishing. Now, at age 68, he is about to receive a bachelor's degree from The University of Texas, where he has majored in mathematics, with a minor in physics. If all goes well, he will graduate June 1 with a "B" average. Price finished Amarillo High School in 1911 but didn't enter college then because "family conditions made it impractical." He worked at "first one job then another" until 1917, when he began a 42-year association with the Southwestern Public Service Company in Amarillo and elsewhere in the Panhandle. He is a former manager of Southwestern's Tuco plant at Abernathy. He started as a meter reader and finished his career as load dispatcher, meanwhile having done "almost everything but keep books." Price retired in August, 1959, and entered the University in September. He had spent a part of his vacation the previous May scouting various colleges and universities and had taken a six-hour Spanish course at Amarillo (Junior) College "as a test, to see if I could still study."

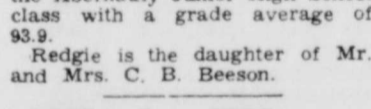

"I made an 'A' in Spanish, a completely unfamiliar subject, and decided I might as well come on to school," he said. Price chose The University of Texas for his long-delayed higher education, although his wife rather favored another college. They moved to Austin and bought a home. "She's in love with Austin now," Price said. "I don't think I could get her to move." Price said he didn't find it hard to study, although he had some trouble keeping pace with the younger students. He became discouraged only once, at the end of his sophomore year, when his health failed temporarily. He thought of dropping out of school, but his wife persuaded him to take fewer courses and continue his studies. During that period his marks weren't up to the grade average he had established at the beginning of his academic career, but they began to climb again when he recovered. Price has had cordial relations with his classmates, but has made no close, lasting friendships because of the age difference. "Quite a few of my classmates (the girls more than the boys) try to make a grandfather out of me," he smiled. As a matter of fact, Price is the grandfather of six. His three daughters are graduates of Texas Woman's University and live in Washington, D. C.; Moab, Utah, and Spokane, Wash. All plan to come to Austin to see their dad graduate. If he had gone to college as a young man, Price thinks he would have become a mathematics teacher. What will he do with a degree now? "Just sit on it, I guess. At my age, I don't imagine anybody is going to run me down and force a job on me." He is glad he decided to go to college instead of going fishing. "I've enjoyed it more." Will he go fishing now? "I may." He may also find time again for chess and bridge.

## Study of Wheat Referendum Is Urged By Pope

Small growers, with farm allotments of less than 15 acres, should get all the facts about the 1964 wheat program so they can decide whether they want to participate in the program as "allotment" growers, E. J. Pope, Jr., Chairman, High Agricultural Stabilization and Conservation County Committee, said today. The operator of such a farm has until May 13 to make his choice if he and other growers on his farm want to vote in the May 21 referendum on 1964 wheat marketing quotas. The Chairman explained that the small farm operator who elects to participate in the program as an allotment grower has the same alternatives open to him as the larger wheat grower in deciding whether he wants to vote yes or no in the upcoming referendum. "A 'no' vote by more than one-third of the growers voting would mean the same in the 1964 wheat referendum as it would have meant in the past," Mr. Pope declared, "that is, no quotas, no marketing penalties, and price support at 60 percent of parity to growers who do not exceed their acreage allotments. As a matter of fact, however, growers have never turned down wheat marketing quotas. "A 'yes' vote for 1964 — by at least two-thirds of the growers voting — would mean a broader program than has ever been available in the past, including not only a division program and price supports to participating producers, but also marketing certificates at a relatively high level on most of the normal production of a farm's acreage allotment. (In addition, a small grower with an allotment of 13.5 acres or less will have the option of diverting all his allotment to conserving uses at 50 percent of the county support rate on the normal yield of the farm's base acreage.) Marketing penalties will apply to any wheat produced in excess of acreage allotments. "We hope that all wheat growers, both large and small, will make their business to become well informed about the actual issues, so that the May 21 wheat vote may be intelligent and truly representative of wheat-grower opinion." For the past ten wheat crops, quotas have been approved by from 68.4 to 87.4 percent of the farmers voting in annual referendums on the question.

MATCHED GAME AT CROSBYTON, FEB. 15, 7:30 P.M.

ZOE THOMPSON HONORED BY DAR

(By Sammy Hunley)

Abernathy proved that they were too much for the Tullia Hornets Tuesday night as they soundly defeated them 65-61.

Almost overnight, the Tullia game became one of the most important contests of the season if for no other reason than prize. Lockney had already given the Antelopes the district championship by beating Tullia a few days earlier.

The Antelopes were not alone in their trip to Tullia. In fact the fans from Abernathy could easily have filled the entire Tullia gym.

The Antelopes were ready for the game and jumped on the Hornets from the opening whistle. They led 19-10 after the first quarter, 36-27 at half-time, and 56-39 at the end of the third quarter. It wasn't until the final minute of play that Tullia began to do any damage, but it was too late. Dick Rogers led the Antelopes with 18 points, Joe Evans had 16, while Kony had already given the Antelopes the district championship by beating Tullia a few days earlier.

They discovered her body in a sitting position in a chair in front of a television set that was still on. A doctor recently had prescribed medication for high blood pressure.

Mrs. Johnson had a dose of the medication in one of her hands when the neighbors found her body.

Announcement was made that the Hale County 4-H Council would sponsor a food booth for the National Durac Conference to be held in Plainview on February 22 through 24th. The Abernathy Club will furnish sandwiches and work one shift on this project. Members will be advised as to the number and kind of sandwiches needed and also appointments will be made for workers in the booth at the next meeting. Plan to attend this meeting as everyone's help will be needed.

**Poor Richard's COLUMNAC**  
By RICHARD HAVENS

Just a word of congratulations to the local FHA girls who served during the Chamber of Commerce Banquet last Thursday evening... and to their supervisor and Home Economics teacher, Mrs. Roy (Marilyn) Stone. The role that high school home economics teachers play in the "learning years" of these girls is an important one, and Mrs. Stone and Mrs. David (Susan) McAlexander are doing a superb job.

The poise and confidence of the girls as they served was complimented by the sparkling smiles on their faces.

Local farmers and ranchers are urged to take note of an article in this issue of The Review concerning a meeting of the Independent Cattlemen's Association April 29 in Lubbock.

Brian Shadden is the Lubbock County chairman and is putting forth great effort to get area farmers and cattlemen interested in having a voice in local, state and national government... especially in legislation that affects the agriculture-related group.

The Review published an article written for the above mentioned organization in the issues of April 3 and April 10, entitled "Will Your Child Be Hungry In 1985?" Extra copies of those papers are available at The Review office, 916 Ave. D, for those who want them.

I just hope B. P. doesn't get into too much trouble for the advertisement placed in this week's paper. It would be a shame to be in the dog house over that!

**Anderson's Pigeons Win In Race From Abilene Sunday**

Homing pigeons owned by C. O. Anderson came in 1st, 2nd & 3rd in races from Abilene to various lofts in this area, Sunday, April 20. Fastest time by the 1st place pigeon was an average of 51 miles per hour from Abilene to Abernathy... and that was on a windy day.

Since a recent story in the Review about Anderson's birds winning in a race from Snyder, we have been curious about what makes a pigeon able to find its way home. Finally, we steered our nerve to the point that we asked Anderson the question. Reason we hesitated to ask Anderson how a pigeon finds its way home, we were afraid it might be a silly question. A number of years ago we asked the late O. L. Gilliland a silly question: "How do you get the end of a trot line anchored to a cork on the bottom of the lake?"

Observing the slight trace of a grin on his face, we knew at once that the question we asked exposed our ignorance of trot line fishing. "You dive down and tie the line on a rock," was his reply. Ever since getting that answer, we've been reluctant to ask questions... like "what makes a homing pigeon come home?"

Anderson's reply was "I don't know." He related two incidents of pigeons going home. A boy in Odessa bought two baby pigeons out of the nest in a Central Oklahoma town. After the pigeons grew to size to fly, they escaped and flew back to the Oklahoma town where they had been hatched.

Anderson once bought a female pigeon from a man in Grand Island, Nebraska. Her performance was unsatisfactory, so Anderson set her free. Within five days from the time he let her go, he had a letter from the Nebraska man informing him that the pigeon he released had arrived in Grand Island. --bfd

## Area Pioneer Speaks Of Abernathy's Past

by Lori Hopson

On July 11, 1982, two pioneer families arrived in the Abernathy area with a small herd of east Texas cattle, an oxcart and a spring wagon. The two families had been on the road for over two months since leaving their original homes in Henderson County.

The Finis Hatton family settled in Floyd county, and the other family, headed by J. H. Lutrick, settled at a point about six miles north and five miles east of the present town of Abernathy. There were "very few" other settlers in the area, according to Robert Lutrick, who was six years old at the time.

He arrived here with his parents, two sisters, Carrie and Ruby, and one brother, John Adams Lutrick. Another brother, Ed, and sister, Elizabeth, were born after the family arrived in this area.

Mr. Lutrick remembers the Abernathy area as being quite different in those days, with the majority of the population consisting of antelope, coyotes, and few wild mustangs, and a few cattle ranchers.

Although buffalo were already becoming pretty scarce in the area, he remembers seeing their bones on the prairie.

Other settlers in the area at that time were the J. H. Reeds, the Dave Neils, W. H. Pierce and the W. H. Raglands.

Mr. Lutrick remembers the two small communities, Hale City and Epworth, which merged to become Hale Center, and the settlement of Plainview, which at that time boasted about "a half-dozen buildings."

The main source of income for settlers in the area was cattle ranching until the railroad came through. Until then, ranchers drove their cattle to Canyon, Texas for sale, and later to Hereford.

Farming was too costly an operation then, and it was almost impossible to haul produce to market.

Since the only vegetation in the area was grass and mesquite ("some large enough to shade a jackrabbit, but mostly small ones,"), the Lutricks traveled to the Quitaque breaks to cut wood for fences and for firewood.

With the arrival of the railroad, much of this changed, and farming took hold in the area. With time, even a couple of grain elevators were built, one established by the Tandy-Coleman Oil Company of Plainview, and another by a couple of fellows named Carter and Lindsey, (Mr. E. B. Lindsey being another pioneer of the area.) Two establishments were later to become known as the Plains Grain Co. and Co-op Grain Co.

Abernathy itself became established as a townsite with the extension of the railroad from Hale Center to Lubbock in 1908, and Mr. Lutrick describes the arrival of the locomotives as one of the "main events" in the lives of the settlers of the area.

A one-room schoolhouse near what is now Petersburg served the area as schoolhouse and meeting place for both the Baptist and Metho-

dist churches, and was the only community center in the southern half of Hale County. It also served as meeting place for settlers living in the northern half of Lubbock county.

With the development of the town, the Baptist church moved to Abernathy, and the Methodist church abandoned the little church-schoolhouse at the Strip community (five miles northeast of Abernathy where the Strip cemetery is now located), and moved to Lakeview.

Most farmers and ranchers in the area utilized wells for their water supplies, using windmills and earthen tanks to provide the water they needed. There was a running-water draw in the area, near Plainview, and a canyon near Lubbock, where the water was "knee deep to a horse", but both streams are long dry now.

Lutrick says many of the first "real" trees in the area were weeping willows planted by the settlers around the earthen water tanks for shade.

When the town was young, Mr. Lutrick remembers, the automobile was quite a novelty. Most folks used horses and buggies, or rode on horseback, and runways weren't uncommon---those horses didn't care much for automobiles for a while.

Robert Lutrick later married Clara B. Sanderson, another pioneer of the area, who moved to Breckenridge county with her family in 1894, two years after the Lutricks had arrived in the Abernathy area.

The Sandersons moved to the Abernathy area in 1900, and settled about five miles west of Petersburg. Mrs. Lutrick taught for one year at the first school in Halfway before coming to Hale Center to teach for two years, from 1911 to 1913. In September of 1913 she quit teaching and was married to Robert Lutrick on January 7, 1914.

They had four children, Sidney, Travis, Ruth and Pauline. Sidney Lutrick now resides in Phoenix, Arizona and is employed with the postal department, and Travis Lutrick is with the Santa Fe railroad in Cleburn, Texas. Mrs. Lutrick died on September 30, 1970.

One daughter, Ruth Aug, now resides in Belen, New Mexico, and the other, Pauline, may be better known in Abernathy as Mrs. A. L. Stone, Jr.

All four, however, can boast of being members of a family which was instrumental in the growth of a community in west Texas which grew largely due to the hard work of pioneers like their father, Robert Lutrick.
