VOL. 30. NO. 6

HASKELL, HASSELL COUNTY, TEXAS, SATURDAY, FEB. 6, 1915.

WHOLE NO. 15

A TEXAS INDUSTRY

Always alert to the opportunity, Texas has the honor of having the first complete Cotton Industry in the United States, i. e., a mill at which the raw cotton is taken from the farmers' wagons and turned out in finished sheets.

There are plenty of mills and bleacheries from Maine to Georgia that makes white goods after we ship them the cotton, but there is only one mill in the world where they grow the cotton at one end of the plat, take it in, gin it, put it through the different processes of making, bleach it at the other end and ship the finished product—sheets and pillow cases—direct from factory to dealer.

That mill, a Texas institution pure and simple, is in Post City, Garza county in our own South Plains and the goods bear the "Postex" and Garza brands.

So much for a proud Texas fact, but how about the idea back of it? That is an interesting story, particularly for Texans who believe in their own state and its wonderful future. It is a story to stimulate home pride and make a man think he ought always to sleep between Postex and Garza sheets and on Postex and Garza pillow cases.

C. W. Post, the late food manufacturer, spent years of his early life in West Texas and the Panhandle. He knew the country like a plainsman, loved it, and in his earlier and poorer days dreamt of the greater Texas of to-day.

The wealth that came in later years never made him forget the great rich land of his early love and he staked out a claim of a quarter of a million acres, paid for it with the gold the North had furnished him and there on the edge of the Llano Estacado, the lands of Spanish and Indian romance, built a city of brick and iron and timber and cement to surround a common industry that should be a pride to the state of Texas.

Ample capital was furnished and to day the Postex Mills grow cotton where it never grew before, wheels hum and busy hundreds of happy, well paid people card, spin and weave the finest long staple cotton into sheets and pillow cases that excel every similar product in the state, and are approached in quality and worth by only one or two plants in the world.

The finished product of Postex Mills is sold under two brands, Postex, the finest of its kind, and Garza, a medium priced number of real excellence, and an other thing that appeals to a Texas merchant, is the mill's "freight paid" policy. A retailer can order as few as six pieces of sheeting or six dozen sheets and have them shipped direct from the mill, and laid down at his door, freight prepaid. This means a lot, for ten per cent of their value is a estimate for railroad tolls tucked away in the price of any Eastern made line of similar goods.

The Fort Worth Record recently spoke editorially of the Postex Mill as follows: "Garza county does not offer the only opportunity in Texas. There are a hundred other counties where the same thing can be repeated—yes two, hundred. And if there were two hundred other cotton mills in Texas they would still take but a fraction of the staple the state produces annually, and they would not fifty thousand more people at work and keep some millions of

money in Texas that now go away."

It is well and good to indulge in such philosophy, but let us practice it. Let Texans show their interest by deed as well as word. Here on the South Plains of our empire is a tremendous opportunity to build enduringly, but to do it we must practice what we preach. Let us call for and insist on Postex or Garza sheets and pillow cases, for not only will we get superlative values, but by making one project successful, we open the door for many another and help to build at home.

The present war is teaching us a lot—teaching us the very idea of self support and containment. As the Nation at large becomes commercially independent by making its own velvets instead of depending upon Belgium, its own dye stuffs and chemicals instead of depending upon Germany, and so on ad infinitum, so Texas should build her own industries strong and true, and teach each capitalist that puts a factory within her borders, that he can count on Texan's preference for a Texas product.

It is only self interest after all for each dollar spent for a Postex product comes back in a Texas pay-roll for Texas labor, or to Texas farmers for Texas cotton at a time they sorely need it.

Let us take care of our own.

AMONG THE CHURCHES

The Baptist Church.

Dr. F. C. Dick of Abilene will preach at Baptist church at 11 o'clock at 11 o'clock and at 7:30 Dr. Dick comes to us highly commended and the pastor asks a good hearing for him.

L. L. Sams, Pastor.

Methodist Auxiliary Notes.

The Methodist Missionary Auxiliary met in regular business session on Monday, February 1st.

The attendance was good. Several important business matters were discussed.

The Society sold the old parsonage and gave two hundred dollars (\$200) to the church building committee to help pay the indebtedness on the church.

The Society gave twenty-six (\$26) to charity during last week.

The Methodist ladies will give a Valentine tea on Saturday, February 13th, from 3 to 6 o'clock, at the Methodist parsonage.

Monday, February 15th, the lesson is the Bible study, the last two chapters of John. Everybody is urged to come.

Pub. Supt.

B. W. M. Workers

Despite the disagreeable weather, quite a number of the ladies met at the church Monday afternoon. A short business session was held first and several items were discussed. The "Easter Apron Sale" was mentioned and we would be very glad if every lady who is a member of the Baptist church would contribute a garment for the sale. Mesdames Reynolds, Scott and N. T. Smith will receive and have charge of all garments sent in.

Our regular lesson was opened with a prayer by Bro. Sams, after which Mrs. Combs sang beautifully a favorite old hymn. Mrs. Hutto was teacher for the evening and the lesson was indeed interesting and instructive. The members who absent themselves from these meetings are missing a rare treat. Come and learn more of Him who said, "Take my yoke upon you and learn of me." Reporter.

ADVERTISING CLUBS TO MEET AT WACO

The fifth annual convention of the Associated Advertising Clubs of Texas will convene in the city of Waco on February 9th and 10th. Richard H. Waldo of the New York Tribune, Gov. James E. Ferguson, R. C. Achison of Atlanta, Wm. Woodhead, President of the Associated Advertising Clubs of the World and many others of prominence are on the program. You are invited whether you are connected with any advertising club or not.

THEY SAY LET TEXAS FEED ITSELF

Wm. Brez, cashier of the Dallas Trust and Savings Bank, and Robt. C. Martin, as istant cashier of the First National Bank of Fort Worth, met the business men of this city at the court house to discuss the attitude of the bankers and merchants toward making Texas more self-sustaining. The business men have seen the error of making the cotton crop the basis of farm credits, and are going to make an effort to encourage diversification by insisting on a borrower diversifying. It is intended also to enlist land owners and tenant farmers in the movement.

It seems to us that the business men are going at the question in the right way. Heretofore it has been left up to the farmers or-

ganizations to handle these questions, and now there is a movement by the business men of Texas to bring about conditions now. They propose that Texas shall begin now to feed itself or they are not going to furnish the capital to feed it. They do not put the matter in such strong language, but that is what movement means. The man who has no chickens, no pig, no cow, and who pretends to be a farmer, is going to find it hard to get supplies on a cotton mortgage. We have been writing on this line all fall and winter and have been urging the sowing of some grain for we saw from the logic of the low price of cotton and the high price food products that business men were going to act. The farmers have been talking and fighting over economic questions for years, but were helpless as long as cotton was the only crop that would command a credit at the store. If the American farmers do not become more self-sustaining the foreigners are going to come in and take all the lands away from them.

The Club decided to give a housewarming to all the ladies and their husbands of the town Feb. 9th, at the new library room. After a short business session the teacher, Mrs. Rike, took charge of the study on "The Blue Bird."

Mrs. J. U. Fields gave an instructive talk on Madame Maeterlink and Mrs. Combs gave several beautiful vocal selections. The Club had a number of visitors present for the afternoon, among them was Mrs. A. W. McGregor of Waco, an honorary member of whom all were glad indeed to welcome.

After the lesson the Club adjourned for a social hour in Mrs. McGregor's honor. Mrs. Courtney Hunt poured tea while delicious sandwiches were passed.

The afternoon was an enjoyable one and all present expressed their appreciation of the new Club room. Reporter.

A NEW INVENTION

Thurman McGregor, a farmer boy in this county, called at our office Wednesday, and stated to us that he had discovered a substance that will insulate Magnetism. It can be used in motors, so as to eliminate the brushes. It does away with the use of electricity and the expensive generating plant. A permanent magnet furnishes the power for his motor and will run it indefinitely. The little rude model can run at an enormous rate of speed. The possibilities of the young man's discovery are revolutionary and astounding. It costs nothing to operate except for lubricating oil. In other words a big magnet furnishes the power and a permanent magnet with the insulating plates does away with alternating current and what is termed the alternating magnetic current. In other words, he can dispense with generators and expensive power plants. He said a horse shoe magnet would constitute the power plant. The possibilities of his discovery seems to solve the problem of light heat and power. It will knock out the fuel oil and coal industry, the steam engine, the gas engines, horses, take coal out of the ships bunker and make room for freight. The discovery was made by accidental experiment and theory.

HASKELL, TEXAS, Feb. 6, 1915.

Last Sunday night Rev. Ed R. Wallace, pastor of the Methodist church at this place, delivered a most instructive and interesting lecture on his travels in Egypt. His sociological, economic and historic observations on the conditions of the teeming masses of humanity in the valley of the Nile were of the highest order, and most instructive and entertaining. He presented a vivid view of the life of the natives, living in poverty and misery. He

showed what this country may be in the very near future, if the stream of humanity from Europe, Asia and the islands of the sea, continue to pour into this country. He predicted that these people coming to this country, will own all the lands and we who are here, will not be able to compete with the economic conditions of the immigrant masses. Our statesmen begin to realize that the extravagance of the American men and women, will work their undoing but the politician is willing to trade our republican institutions for his personal gain. He spoke of New York, which is today practically an alien city. His lecture was most instructive. Next Sunday night, he will continue the lecture on Egypt, with its age long mysteries, and will also tell of the conditions of Palestine. We would suggest that his lectures are well worth the usual price of a dollar, and is much deeper and broader and more instructive, than we get from imported entertainers. Every one who can should hear him next Sunday night at the Methodist church.

Try It! Substitute For Nasty Calomel

Starts your liver without making you sick and can not salivate

Every druggist in town—your druggist and everybody's druggist has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs 50 cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition.

Blessed are the Pure in Heart.

(By Fanny Hermon.)
If you are pure in heart you shall be blessed above all men, for you shall see God. This is true, and it has been proved. The hand of the great Creator is visible in everything around us, but only the pure in heart can see it.

There is only one thing for you to do, if you would secure the blessing promised here, purify your own heart, and the vision of things divine will be given you. It is not a hard thing to do, it is not impossible for you, because others have accomplished it. You have only to put your face to the future, and forget the error, and the gross mistakes that darken the yesterdays. You can bury the and past, and live in the present, for today is the time for you to accept the wonderful opportunity that is yours. It isn't too late. You can do it if you try, and life will take on a new meaning when the heart is made pure.

But you can't do it alone, you must realize that; resolution and mere "grit" won't help you unless God is back of it. But why hesitate to ask Him when He is the Giver of all good?
You know what He can make your heart pure, no matter how sinful it is now. And you won't let Him do it.

Don't you know that you are denying yourself all the real pleasures of life when you turn your back on God? Why don't you give Him a chance? Some day it will be too late, but it isn't now. You are letting the Devil cheat you out of your rights. You can prove it to yourself if you try. You know you can do it. And you know, too, that you have only to ask for the blessing of a pure heart, for it is yours by divine right. And only securing it will you be able to see the real things of life that belong to you. Are you going to claim this right? Do you want your estate from the Father? It is filled with things of wonderful beauty that you

can't see now. Do you want them?

Then purify your heart! Let God have His way, and He will give you the blessing with His own hand. He will come to you in the sunshine, and on the storm clouds, and you will not fear Him, for the vision of a pure heart will make life complete. And your soul will rise from the level of fear to the plane of love and reverence for the God of your Father.

An Old Settler Gone
Last Tuesday morning at his home in this city, Mr. E. Bivins died after a long illness. The deceased was one of the pioneer farmers, having moved here from McLennan county about 25 years ago, and purchased a tract of land on Lake Creek, ten or twelve miles north of Haskell. He has been in bad health for a number of years. His wife and several sons and a daughter, Mrs. Lee Pierson of this city survive him. His remains were buried in Willow Cemetery, the funeral being conducted by the Masonic lodge of this city.

The deceased was a man of strong personality in the days of normal health and was a most devoted member of the Masonic Fraternity.

SERVICE

The service and reliability of a store should be your first thought.

With this in mind we have endeavored for the last nine years to give you service. Each year we make some improvements. We hope to make this a banner year.

Our Clerks, our Goods and arrangements of the store will be at its best.

Make it a point to trade with people who give you good values.

TWO TO ONE

Two to one you have been missing something, some have, others haven't.

The shell of the coconut gives no promise of the milk and the meat inside. To be appreciated it must be opened.

The same is true of this store. You never know just what you have missed, until you realize what you have lost until you try trading with us.

Many tell us, take the whole year round, we always have the best values at the price they want to pay.

When you buy from us, feel assured the article is worth every cent paid for it. That it is the best of values at the price.

If you should feel dissatisfied, bring it back, get something that does please you. If we haven't got it, ask for your money back, and the clerk will promptly and cheerfully refund the amount of the purchase.

We will appreciate any suggestions in regard to the betterment of the store.

Come to see us, and ask to see the new goods,

Must Have Help.

Uncle Sam must have help. He wants stenographers for his office in Washington, and throughout many of the Southern States, at entrance salaries of from \$840 to \$1200 per annum. He has some vacancies in his Philippine offices and in Panama, for which he pays an entrance salary of \$1200 to \$1500 per year. He advances on merit, if you are competent you will soon draw a most attractive salary and only work from 9 a. m. to 4:30 p. m., with thirty days' vacation during the year with pay. Five different examinations were held here in our city during the past year by the Civil Service Department, to secure help for the Government. Special letters were received by our school, urging that our graduates take these examinations. We prepare students to pass examinations for several departments for Government work.

Owing to America being the great department store of the world during the European war, Uncle Sam will need far more help

this year than ever before. Young men and women, ambitious to succeed should give this Civil Service work prompt and serious consideration. The position is certain, the salary good and the pay sure.

Business men desiring efficient office help, bookkeepers, stenographers, secretaries, or at salaries in keeping with quality of service rendered, should phone or write us just the kind of help they want and we will take particular pains in selecting it, either from students just graduating or from former graduates who are desiring advancement. We have an enrollment of more than two thousand per year, and ten thousand former students from which to select just the kind of help you want. We have an expert in charge of our Employment Department who will take special interest in serving you without charge.

Those interested in preparing for either Government or Commercial positions, phone us, at our expense, or write us for par-

A New Year's Prescription

By SARAH BAXTER

"Good morning, Jim."
"How are you, Tom?"
Tom Gooding looked uncomfortable. He had come into his friend Tom Olcott's law office for a purpose, but he seemed to have difficulty in announcing it.

"Jim, I want you to get me a divorce," he said at last.

"What?"
"A divorce. Edith and I can't get on together any longer."

"Whose fault is it?" asked Jim.
"Whose fault is it? Why, it certainly isn't mine. The truth is Edith is continually making mountains out of molehills."

The lawyer looked grave and said: "The smaller affairs of life are more in keeping with a woman's nature than a man's. How do you know that you're not making molehills out of mountains?"

"What do you mean?"
"Why, it's quite likely that you have very important faults that you do not consider at all. Perhaps you are unconscious of them, and yet they may be breaking up your home. Now, this is a good time to remedy them. The new year is at hand, when we all expect to take a fresh start. New Year's resolutions are in order. I will give you a rule of action for the next twelve months, and if you adhere to it you won't want me to secure a divorce for you."

"What is it?"
Instead of replying the lawyer wrote something on a bit of paper, put it in an envelope, sealed it and wrote on it "To be opened New Year's morning." Then he handed it to Gooding.

The next morning Mrs. Gooding appeared at the law office. She did not know of her husband's appearance there the day before, and Olcott did not mention it.

"Jim," she said, "it's all up between Tom and me. I want you to get me a divorce."

"Is there any special accusation you have to make against Tom?"

"Only that he rubs me the wrong way all the time."

Olcott looked up at the ceiling.

"How long will it take to separate us?" she asked.

"No time at all. All you have to do is not to go back to the house."

"I mean legally."

"Oh! You wish to marry again?"

"No such thing. Why do you say that?"

"Because I see no other advantage in your case in a legal separation. Do you still love your husband?"

"Of course I do! It's on his!—"

"Never mind his faults. Would you prefer to keep your home as it is if you could get on together?"

"Certainly."

"Edith," said the lawyer after a pause, "tomorrow will begin the new year. I will give you a rule for your guidance, and if you will follow it I guarantee that you won't need a divorce."

"What is it?"

Olcott wrote a few words on a bit of paper and, after sealing and addressing it as he had in the case of her husband, handed it to her, saying:

"Take that, and, as the doctors say when they give you a prescription, if it doesn't cure you let me know and I'll begin divorce proceedings."

New Year's morning was pleasant, and after breakfast Tom Gooding said to his wife:

"Sweetheart, don't you think, this being a holiday, we'd better make some sort of a trip?"

"The very thing. Holidays are best utilized. To sit around at home doing nothing is depressing."

So they arranged for an outing.

The next day when the husband was about to go to business his wife asked him if he would go to a dry goods store, six blocks out of his way, and buy her a spool of thread of a certain hue. He bristled up, but suddenly surprised her by very affably agreeing to oblige her. But he was too late. With a kiss she said that she had no business to trouble him with such small matters when he had so many big ones on his mind. She was going to the shopping district anyway and would attend to the matter herself.

These are samples of many such instances by which petty quarrels were avoided, and every day showed an improvement in the couple's domestic relations. Often when they bickered at some fancied cause for dispute one or the other would suddenly stop as if having remembered something and swing around like a weather cock from the bitter north to the balmy south. Scarcely a month passed before one day Mrs. Gooding put her arm about her husband's neck and said:

"Tom, I've a confession to make."

"What is it, sweetheart?"

"Last December I gave up trying to live with you and went to Jim Olcott for a divorce. He wrote me a prescription. I began to practice it on New Year's day. It has shown me that our troubles were all my fault."

"What was the prescription?" asked the husband, opening his eyes very wide.

"Look within yourself."

Tom Gooding's only reply was a hug and a kiss. Not a word about having received the same prescription himself.

And yet there are those who claim that man is the nobler animal.

PE-RU-NA
LAXATIVE-TONIC

"I was taken with a severe headache and cold, which finally brought on constipation and bowel trouble. Physics of all kinds were used, and we were obliged to resort to the fountain syringe for help. I could drink castor oil like water, but it did no good. Salts were of no use. The doctors were puzzled. After using three bottles of Peru-na I consider myself entirely well."—Mr. John B. Capers, No. 616 Pecan St., Fort Worth, Texas.

Those who object to Liquid Medicines will find Peru-na to be a desirable remedy for CATARRHAL CONDITIONS.

COULD SCARCELY WALK ABOUT

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst. I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework. I also had dreadful pains in my back and sides and when one of those weak, staking spells would come on me, I would have to give up and lie down, until it wore off. I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly
