has given a very strong committment to his job and his accomplishments are well deserving of a boast. As of June 1, Dallas Metro had "no pending" on 10'x40' or larger structures over 60 days. Through April

of 1980 there has been a 27.9% increase in income over 1979. The billing growth has been accomplished with only a increase (\$8,032) total in service expense.
Added to this, Johnnie

and his crews completed 3 full rotaries, built 8 doublefaced monopoles, nstalled \$95,236 in new contract billing through May -an average monthly ncrease of \$7,500. Quite a task when you look at it ... one which took a good deal of concentrated hard work on Johnnie's part. The effect of Johnnie's efforts go a long way in making good service and sales efforts a lot easier to accomplish.
