#### Damage Minor At "AA" Bldg.

Fire damage at the "AA" building located between 5th and 6th streets, south Ave. C. was minor due to the fast and efficient work of the Haskell Volunteer Fire Department.

Firemen answered the call around 11:00 p. m., last Thursday, and had the blaze under control in about 10 minutes.

Fire Marshal, Chester Hodgin, said "that the blaze originated from a waste basket."

Fort Stockton, took over the reigns as president for the coming year; Bob Miller of Hamilton is first vice president, and Frank Pruitt of Abilene Reporter News, is second vicepresident.

Highlight of the meeting again was the new postal rates and their effect on newspapers. Phil Stroupe of the US Postal Service was speaker for a Friday afternoon program and Congressman Graham Purcell was after-dinner speaker at the officer's club of Sheppard Air

Force Base Saturday night, Neither gave much encourage ment to publishers that postal rate increases would not be forthcoming, but were encouraging in that efforts were being made to speed-up delivery.

In a panel discussion led by Frank Pruitt, Bob Craig of Stamford, Bob Hamilton of Iowa Park, and Comedy, it became obvious that the 15-cent newspaper may soon be common. Many publishers already had been forced to this, and others expressed plans of doing so. Faced with rising costs, some dailies will be doing so in a few months.

where they skied and swam. The Paint Creek Rural Water System Steering Committee met last Tuesday at the home of chairman, Wallar Overton, and heard a report from the engineers. More meters are needed, and they will have a map in the paper showing the tentative route of the water lines as soon as they get the sketch made.

Mr. and Mrs. Bill Wright of Old Glory spent the evening with Mr. and Mrs. Bruce Mc-Cain last Wednesday. Mr. Wright is the principle of Old Glory School.

We had another rain Saturday night. In some parts of the community it rained an inch. We had half an inch here. It may have been heavier than an inch on the Paint Creek Farm to Market road by J. R. Perry's, Paul Fischer's, Roy Overton's and Billy Middlebrook's. Water was standing about 6 inches in the dip on that road Sunday morning.

Billy Middlebrook has his tractor back that was stolen. Did you see Sheriff Garrett on TV when he found it near the Hamby Cemetery?

## Biard's Cleaners Gives Special Care to Clothing

A store needs a heart an soul that the customer can reognize," is the thinking of Mr. and Mrs. Myron Biard of to conduct our business in this manner. Every item that comes in is treated with the same special care and attention that we give all our orders. We feel that every customer deserves this special service.

Throughout the past 20 years of their service to this area cause of this effort. Every new fabric put on the market is researched through their membership of the Texas Laundry & Dry Cleaning Association, so that they know exact ly how to properly clean that particular fabric. For instance a monthly bulletin from the Association might bring out that beading on some garments softens while cleaning. The service then gives the proper method for cleaning beaded clothing that will not soften this black core and will keep the garment looking like new
