School Board Discuss Taxes, Leases and Open House

The Abernathy School Board met Monday night to discuss several items concerning school business operations.

Leases

The first topic of business was for members of the board to pass a final draft to lease school land.

The Texas Oil and Gas Corporations' bid to lease the land belonging to the Abernathy Independent School System (33.6 acres) is as follows:

The ten acre tract of land which takes in blocks 112, 113, 130 and 131 in the O.T. of Abernathy - 10 acres at \$125.00 an acre. The total will be \$1,250.00.

The 18.07 acre tract of land which takes in blocks 103, 114, 115, 116, 127, 128 and 129 in the O.T. of Abernathy - 18.07 acres at \$125.00 an acre. The total will be \$2,260.00.

The 5.55 acre tract which takes in blocks 104, 105 and the east 100' of block 106. The school only owns one half of the minerals in this tract of land, the other one half was retained by J.P. Barton of Abernathy. 2.8 acres (the school's half interest) will lease at \$125.00 an acre. The total for this tract will be \$350.00.

Grand total for the three tracts of land is \$3,860.00.

The lease offered will be a five year, paid-up lease with a pooling clause. A 3/16ths royalty will also be offered. This will be a non-drilling lease to safeguard lessors property.

This draft was okayed and will be sent to the State Commissioner of Education, Alton Bowen. These leases have to be passed by Bowen before put into operation.

The next order of business dealt with whether the Abernathy School Board would remain a member of the South Plains Association of School Boards. 90% of the schools in our area are members. The membership was continued for another year and a membership fee of \$200 will be paid.

Overdue Taxes

The board then discussed a tax suit that will become effective January 1, 1982. The suit will entail a 4% delin-

quency tax increase on school property. School property having taxes against it more than 20 years old will be erased at this time unless a suit is pending. There has never been a suit filed against anyone by the Abernathy School District for not paying these taxes. If these taxes are not collected by January 1, 1982, then they will be considered payed. Presently, there are 35 pieces of property owned by the school that are delinquent in taxes.

Board Election

The board decided on Saturday, April 4, as the date to elect new board members and appoint judges. Places 4 and 6 on the board will be open at this time. These seats belong to Richard Howard and Bob Riley. The election will be at City Hall, the same day city elections are usually held.

Public School Week

Public School Week will be the 2-6 of March as decided by the board. School open house will be the first week of March for the lower level and upper level school students. Abernathy schools will make a strong effort this year to have a good turnout for open house.

School Insurance

There was a call for bids on school building insurance. Presently there is 80% coverage of the overall replacement value of school buildings and equipment.

The present coverage does not keep up with the increasing rate of inflation. Therefore it was decided there needed to be an increase in coverage.

The school is presently insured for almost 4 million dollars.

School Holiday

The school board declared February 27 as an official school holiday. This will give the local Church youth groups a long weekend for their annual winter ski trips.

Other Business

Other business discussed involved the salvage bid on a 1972 school bus. The bid was approved and the bus will be sold to A-1 Liquidators in Abernathy for

\$150.00.

There was a proposal made and a presentation given by Gid Adkisson for future playground developments and new playground equipment for the elementary students.

After Adkisson made recommendations to fence the area south of the tennis courts and acquire trees to plant along this fencing, it was decided bids would be taken to improve this area. The three bids will include 6 ft. fencing for this area, trees to border the fence, and playground equipment for the area west of the elementary school.

The proposal included a number of other improvements and details with an estimated cost of \$30,000 for the project.

The telephone company was then discussed by the board. It is hoped a more efficient telephone system could be adopted for the school. The school has five lines and they get an average of 90-125 phone calls a day.

The Junior High Athletics guidelines proposed by the State Board of Education were examined by board members.

Enrollment dropped in January to 995 students. This is the first time enrollment has dropped below 1,000 in approximately 20 years.

Lunchroom finances were discussed and the school remained stable in that area. It was estimated that 111 students eat breakfast every day at school and 650 eat lunch.

The board then observed Senate Bill II which involves clearing up unnecessary violations of the intent of the Unemployment Act for school employees.

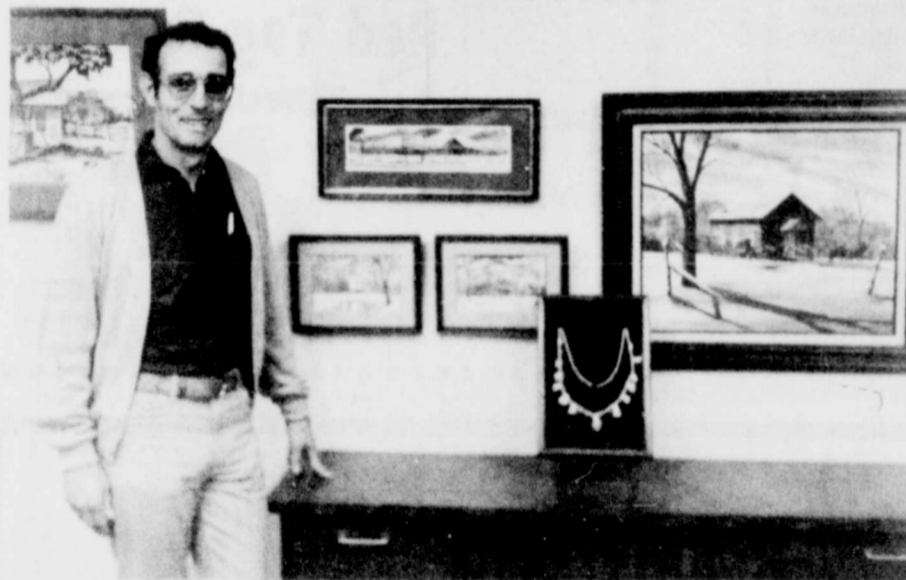

The final business of the night concerned recent correspondence to Abernathy schools. A letter was received from the Childress School system acknowledging our school rules in district 3-3A. Since Childress moved from another district, they have to adapt to new scholastic rules. Two such rules they did not have in their old district is that we have a victory line and a public address system for announcing players before basketball games.

Chamber of Commerce Needs Your Input

The Abernathy Chamber of Commerce would like to have the help of the Abernathy community with suggestions of names for the "Farm Family of the Year" and "The Citizen of the Year" Awards, that will be announced at the annual Chamber banquet to be held in April.

If you know of a family or person you feel is due such honors please send their names to Chris Waters, the Chamber secretary, with information about why you think these people should receive an award.

Mail it to Chris Waters, 907 6th St., Abernathy, Texas.

Antelopes and Lady Lopes Defeat Floydada

The Antelopes defeated the Floydada Whirlwinds Friday night by an impressive score of 87-55.

The Antelopes scored 22 points in the first period, 29 in the second, and 25 in the third to keep a commanding lead throughout the game.

Leading scorers for Abernathy were Roger Pinson with 18 points and Joey Garcia with 18. The Antelopes are now 4-1 in district play.

The JV Antelopes won their game

against Floydada also by the score of 45-31.

Lady Lopes

The Lady Lopes demolished Floydada Friday night at Floydada by a score of 79-33.

It was all Lady Lopes that night scoring almost 20 points in every quarter. Leading scorers were Ramona Irlbeck with 27 points and Lori Oswalt with 13.

The Lady Lopes are now 5-0 in dis-

trict play and are looking stronger as the year progresses.

Taxpayers Should Check On Late Forms

Taxpayers who want to file an earlier tax return for 1980 should take steps now to obtain statements of income, such as Forms W-2, for wages, or Forms 1099, for interest or dividends.

Oftentimes taxpayers find themselves filing closer to the April 15 deadline than they had originally intended when they could have avoided delay by contacting the issuer of the statements to make sure they were being sent. Receiving these statements earlier and filing before the deadline normally speeds up the issuance of refund checks.

A copy of Form W-2 from each of the taxpayer's employers must accompany his or her return. After February 2, taxpayers who have not received their Forms W-2 should contact their employers and request the form. If taxpayers have not received statements by February 17 they should call their local IRS for assistance.

While Forms 1099 need not accompany the return, the payment information on them is generally necessary for the taxpayer to complete the return. Taxpayers who are otherwise ready to file should call the issuers of the Forms 1099 to verify the amounts. Taxpayers can rely on their own records, if kept accurately.

Car Accident - This 1978 Chevrolet Malibu driven by Mrs. Myrtle Paxton struck the utility pole across from the Shamrock station on Ave. D. After knocking the utility pole over, the car then hit a stop sign and an automatic laundry sign. The car finally came to rest in some large bushes. Mrs. Paxton was not injured.

Patrick Lewis Movie Postponed

The movie "The Acorn People" featuring Abernathy local Patrick Lewis, will not be aired this Friday, February 6.

NBC executives decided to postpone the movie to a later date which will probably be sometime in April. "At present it is speculation as to why the movie was postponed," said school counselor David Sharp.

The future date for the showing of the movie will be posted in the Review when it is decided.

James Elston Abernathy Sergeant

James Elston, a native of Fort Worth is the newest police sergeant on the staff at the Abernathy Police Department.

Elston has eight years of police related experience including work as a dispatcher, detective and as a police chief. His training in law enforcement consists of approximately 800 hours in

law enforcement training. He has attended law enforcement schools sponsored by Texas A&M and also has fifteen hours from Howard College in Big Spring.

"I want to further my career by attending all of the law enforcement schools that I can," Elston said. "My goal in law enforcement is to one day be a police chief in a town about the size of Abernathy," Elston added. The new sergeant is state certified and lacks only four months "on the street" as a commissioned officer to receive his intermediate certificate in law enforcement.

Elston's wife, Loretta, attended Howard College where she took courses in Criminal Justice for two years. The couple is expecting a child in March.

On The County Line

BY KEITH TOOLEY

The groundhog saw his shadow on Groundhog Day which was Monday, February 2.

As you all know this means we will have at least six more weeks of winter before spring. Local snow skiers will have plenty of time to catch a final ski trip to the mountains now that ski resorts are finally reporting snow.

For those seeking warmer weather, the Texas coast may provide an alternative for a more pleasant climate. I prefer winter sports at this time of year. A foot of snow would be fine with me.

A correction and apology needs to be made to three freshmen students that were left off of the school honor roll list run in last week's paper. They are: Terri Gist, Lin Davis and Joan Davis.

Carroll Powell was incorrectly

named Vance Powell in two articles printed in last week's paper. The Review would like to apologize to Carroll for this mistake.

I visited with Carroll Powell last Saturday at the reception for him in the Abernathy Library. Carroll is an accomplished, gifted artist as well as a friendly person. His paintings and sculptures are very unique, interesting and beautiful.

They are on display this month in the library. Most of his works of art carry western themes such as rodeo scenes, cowboys and country settings. Head on over to the library and see them, many are priced to sell.

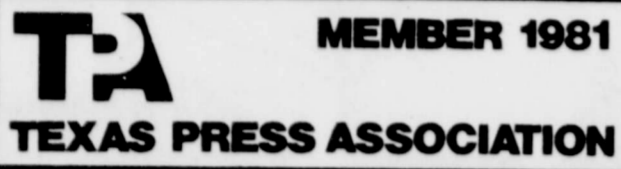

The library staff is really doing a remarkable job with the library. They are planning activities in the future as well as featuring art exhibits for citizens seeking added artistic culture.

Preacher's Weekly Devotional

Hungering and Thirsting

Several years ago, a Scandinavian, by the name of Hamsun, wrote a book entitled hunger.

The book was somewhat autobiographical. The writer told about a time when he stole something to eat, in an effort to satisfy his hunger for food.

He also told of an experience when a man gave him some money by mistake, thinking he was someone else.

Those two incidents in life troubled him a great deal

until he, under deep conviction made restitution and asked for forgiveness; then he was determined that he would die rather than do wrong again.

Jesus said, "Blessed are they which do hunger and thirst after righteousness: for they shall be filled."

"Do we really want to be better than we are? Are we honestly hungering and thirsting after righteousness? Had we rather die than do wrong?"

If so, we can claim the promise of our Lord, that we shall be filled.

IT'S TIME TO BUNDLE UP

Here are some tips that will help you wrap up your home to use energy more efficiently. *Add an extra blanket of insulation in the attic. *Secure ductwork joints with screws and wrap with tape to stop air loss. *Feel warmer by installing storm doors and windows.

*Change the heating unit air filter when dirty. *Caulk and weatherstrip air leaks and infiltration around all doors and windows. That about wraps it up for the basics. It's good to know there are some things you can do and depend on to be more comfortable this winter.

County Line Chit Chats

by Faye Ann Nelson

OUR FIRST BOAT RIDE - The next day we signed up for the windjammer cruise. We took the picnic sail and followed the breeze from Waikiki Beach towards renowned Diamond Head.

Once there the windjammer boat anchors out beyond the reef and they start serving you another big buffet lunch on the ship. There is Hawaiian music played all the time you are going out and coming back. Coming back they have all the guests stand up and do the hulu. There is a girl right by you to teach you to use your hands and body parts.

We met people out there from every state and Japan, Korea, Australia and China.

The way we got this tour was catchy. The tour book that they gave us had a lot of coupons in it. One had a free hour called the Windjammer Tour so we called the number and they asked us a few questions and said they would be right over to get us in a cab. So they came and got us at 9:00 Wednesday morning and took us to one of the tall buildings downtown and served us a continental breakfast coffee, all kinds of juices and sliced pineapple and hot rolls, cinnamon, pineapple and chips with bacon and cheese. Very delicious.

Then they took us into a big room with little individual tables, just big enough for three. Wayland and I and the salesman... then it dawned on us what was going on. The salesman gave an hour's talk and showed us films on condominiums. So we listened and learned and did not buy.

There were fifty couples in the room and when they would get one signed on the dotted line they would have them to stand up and everyone would clap. They got one couple from California who said they had been over to Hawaii 25 times and always stayed in a hotel so they said it would help them.

The rest of us were handed out the tickets for the free windjammer cruise that afternoon or which ever tour

you liked and wanted to take. It was worth it. It was a two and a half hour tour. First sail boat we had ever ridden on.

We did the same thing the next morning, Thursday, and called this number and they sent the cab after us. I told them I wanted the Hawaiian sky tour with three ground tours.

So on Thursday morning they came after us in a cab and took us to another high rise for breakfast and the lecture. Then they gave us our tickets for the sky tour Friday. I knew that I would never be back and I wanted to see all the islands before we left. The complete tour takes all day. We flew in a "Lani Bird" plane...10 passenger twin engine tri-gear Beechcraft with Pratt and

Whitney 450 horsepower engines.

The pilots are especially trained for the Hawaiian area. Personnel and equipment are licensed and regulated by the Federal Aviation Adm.

We felt very safe in the planes and the pilot really knew what he was doing.

We left Oahu, "The Gathering Place" Friday morning at 8:00a.m. and got another continental breakfast at the airport and then a preflight briefing with your pilot. The next thing we were in the air and he was showing us Lanai, "The Pineapple Isle", the smallest and least visited of the major isles. It is devoted primarily to growing pineapples, an agricultural island with some of the most beautiful beaches.

TRIP TO HAWAII - Faye Ann Nelson, a Shallowater resident and a Second Place winner of S&H Green Stamps' national sweepstakes contest, is shown with Pay & Save Store Mgr. Bill Elliott and S&H District Mgr. Dick Sanders receiving her award of a ticket to Hawaii. Mrs. Nelson, who said she was absolutely thrilled, was one of three second place winners from across the nation. She received her entry blank from Pay & Save in Abernathy. The five First Prize winners received their choice of 2 million S&H Green Stamps or \$5,000 in free groceries; three Second Prize winners were offered a trip to Hawaii or 1 million S&H Green Stamps; 40 Third Prize winners were awarded an RCA color television or 750,000 S&H Green Stamps and 100 Fourth Prize winners received 130,000 S&H Green Stamps.

Mrs. Dee Moralez has turned in her resignation and another board member will be elected.

Those serving now are Audry McGuire, president; Pam Connell, treasurer; Mary Lynn Rice, secretary; and Faye Ann Nelson, chairman of building.

They meet the first Tuesday of each month. Wonder what happened to the monthly coffees that met the last Monday of each month?

It was fun to see everybody before they went to work. Let's do it again.
