

## Band Students Receive State Honors

Two Abernathy High School students received state honors in music competition last Monday, June 1, in Austin.

Dee Ann Attebury, daughter of Mr. and Mrs. Wade Attebury, and Melissa Thompson, daughter of Mr. and Mrs. Dan Thompson, earned first divisions on their solos at the UIL sponsored Texas State Solo and Ensemble Contest held on the University of Texas campus.

The students were part of a group of 19 AHS students who had qualified for the contest earlier in the school year.

Dee Ann, a junior flutist and section leader in the Antelope Band, played an unaccompanied solo entitled "Caprice en Gigue," by Bodinus. She has played the flute since the 6th grade and has taken private lessons for the past year from Cynthia Bonny, a Texas Tech student. Dee Ann is also an accomplished pianist, member of the National

Honor Society, and recently won 5th place in typing at the State UIL Literary Meet in Austin.

Melissa, a freshman at AHS, has recently been named feature twirler with the Antelope Band for the 1981-82 school year. She has twirled since her 6th grade year, and is currently taking private lessons from Jeanie Baer of Plainview. Melissa is an honor roll student in school, a cornet player in the band, and has taken many top honors in NATA twirling competition. She plans to compete in the NATA State Competition in June in Lubbock.

Earning second division medals in the competition were Angie Attebury, daughter of Mr. and Mrs. Pat Attebury, for her xylophone solo, and Jon Mark Fulton, son of Mrs. Ruth Fulton, for his baritone solo.

A flute quartet which included Dee Ann Attebury, Janie Rowan, daughter

of Mr. and Mrs. Kenneth Rowan, Marcy Green, daughter of Mr. and Mrs. Frank Green, and Leah Skipper, daughter of Mr. and Mrs. Johnny Skipper, received a second division rating.

Other students who qualified and participated in the State Competition were: Jill Blalock, accompanist, seniors Delia Dominguez, Christine Garza and Brian Evans. Juniors Randy Brightbill, Margaret Cooper, Beth Eddins, Hector Ramos, Carrie Smyers and Mandy Thompson, and freshmen Melissa Hagstrom and Fran Salitros. These students received third or fourth divisions in the competition.

George Riddell, director of the Antelope Band, was very pleased with the efforts of his students in this event. "Our goal, five years ago, was to encourage students to participate in solo and ensemble competition on the region level."

"We had 21 students participating in our first contest, with all but one receiving 1st division. None of the students qualified for State, however. Since that year, the solo and ensemble participation in our band has really snowballed."

"Four years ago, we qualified 13 students to the State Competition. The most we have qualified was 29 students last year. Until this year, though, the first divisions have eluded us."

"Thanks to the efforts of the students, we have finally gotten our first superior ratings. A side benefit has been a great rise in individual playing ability, musicianship and motivation within our band since our first year of participation in solo and ensemble competition. I count it as one of the most important events we participate in each year," Riddell said.

## Abernathy Man Indicted On Drug Charges

An Abernathy man, along with 10 others, was indicted by a grand jury in Lubbock on charges of organized crime stemming from an April marijuana bust at the Abernathy Airport.

Authorities confiscated 620 pounds of marijuana valued at \$310 thousand in an April 4th raid at the airport.

Indicted was Maxin Wiley Crowell, 39, of Abernathy, who is the operator of Crowell Flying Service here. He was released on a \$37,000 bond. Bail had earlier been set at \$75 thousand.

Others inducted were Larry and Dorothy Jeter of Lubbock, Warren August Mack, 37, and driver of the van with the marijuana, two men from Savannah, Georgia, four unidentified persons and an alleged drug supplier in Guadalajara, Mexico.

According to a Hale County Sheriff's Deputy, the 11 indictments were "returned on 32 overt acts of conspiracy or organized crime between November 1980 and April 4, 1981."

## Williams Trial Today

Former Abernathy Police Chief Jimmy Williams, who was accused of sexual oppression acts upon two young Abernathy women March 2, will go on trial today at the Lubbock Municipal Court.

Williams was terminated from his job as police chief May 15. He has been residing in Alice, Texas, pending his trial date for sexual oppression June 11.

## Harkey Elected To Co-Op Grain Board Of Directors

The 41st annual stockholders' meeting of Co-op Grain Co. was held Tuesday night, June 2, 1981 in the community room of Abernathy City Hall.

110 members and special guests enjoyed fish and chicken set to organ music and singing by local talent Marvin Stephens.

The evening highlight was the presentation of two service award plaques, one to W.T. Settle who retired from the

board two years ago after 21 years service, 13 of which were as secretary, and one to Lewis Lutrick who retired from the board this year after 21 years service, 20 of which were as president.

John V. Harkey, Jr., was elected to a three-year term on the association board, joining other directors V.L. Neis, Ronnie Hamilton, Wendell Barwick, and Walter W. Cox.

CHARLES BOWEN, accompanied by several local men, make an attempt to put the Abernathy Antelope welcome sign up on the south side of town. The signs had been lying on the ground for over a year and showed signs of aging. They had to be cleaned and the rotting wood reinforced with 2x6" 16 ft. boards. (Review Photo)

Ralph was employed by Twin Oaks Mini Max and Diamond G Pest Control.

They moved back to Abernathy to manage Sav-A-Lot for Don Maddin. Ralph's mother is Mrs. Frank Hanes of Abernathy.

## Fund For Randy Hamner

A fund for Randy Hamner has been set up at the Abernathy First State Bank for those wishing to help the

Hammer family with hospital expenses. Randy was seriously injured at his farm home northwest of Abernathy Saturday, May 23.

Randy has been in Methodist Hospital in I.C.U. since the accident. He underwent surgery recently to have his leg removed just below the knee.

Those wishing to help can take their donation by the bank and tell them it is for Randy Hamner Special Fund. The fund was set up by concerned friends of Hamner living in Abernathy.

# Council Talks Over Several Business Items

The Abernathy City Council met in regular session Monday night at 7:30 p.m. to discuss several items of business.

The first item discussed was whether to hold a local man responsible for paving charges he allegedly agreed to for paving Avenue J. He had previously paid half of the amount needed for the paving, but did not feel he was responsible for the rest of the paving charges. The council decided to hold the man responsible for the other half of the paving charges.

**Sub-Standard Building**  
Monroe Waits confronted the council about leaving the old Waits Farm Store building intact until a court case concerning this building had been settled. The building had allegedly been set fire around June of last year.

The council decided that further action on this sub-standard building would be decided at the September 15 meeting, when a court decision concerning the building will have been made.

**Pool Hall**  
Felix Cervantez, of Idalou, presented his application of business to the council for a pool hall to be located in the building between Shipman's Insurance and the Southwestern Public Service building at 921 Ave. D.

The previously Jennings Restaurant would become the new pool hall. Cervantez' nephew, Sylvester Torrez, would manage the hall.

City Council members reviewed the application and postponed a decision on the application to lease this building until businesses and the churches in this area have been notified and their comments considered on this matter.

### U.S. Postal Amendment

The council then looked over a lease amendment from the U.S. Postal Service that provided the City of Abernathy with the option to sell the post office building or to make substantial improvements on the building. If sold, there would be no interest charged to the Postal Service, the policy stated.

The City has always owned the building and leased it to the Postal Service after it was built, for \$4,100 a year. This makes payments \$37.77 a week.

The lease is valid at this price for the next 13 years until 1994. The Council cannot raise the lease price until the lease has ended 13 years from now.

The amendment from the U.S. Postal Service also asked that the lease price be reduced.

The Council quickly rejected the amendment and decided to wait out the leasing term until a new decision for the building will be reached in 1994.

**Texas State Library System**  
The council considered a legal document from the Texas State Library System that would enable Abernathy to participate as a member of this state organization.

The document had previously been endorsed by the present library board, but had to be okayed by council members.

The document, if accepted, would create an official library department for Abernathy as well as promote other advantages such as state library grants. The council agreed to this document.

**Liability Insurance Coverage**  
The city council discussed city liability insurance coverage. The City is

insured for \$500 thousand at a cost of approximately \$14 thousand for liability.

The council decided to increase the liability coverage to one million which will cost an additional \$2,353 a year. This coverage was agreed upon until December of 1981 when new bids will be taken for insurance coverage for 1982.

### Other Business

The council then approved property liens for the demolition of three sub-

standard houses. Two houses were removed on East Street and one on Main Street. Each house was demolished and removed for approximately \$500.

The council approved the demolition of the three buildings.

The final business was to discuss whether to accept a request by Panhandle Cablevision to pay franchise tax annually instead of quarterly.

The council decided not to agree to this request and the meeting adjourned.

## Three More Teachers Resign

The Abernathy School Board met in regular session Monday, June 1 at 7:30 p.m. to discuss several important items on the agenda.

Personnel resignations were handed in by three more teachers. These were: Gary Stalcup, high school, Robert Canon, Jr. High, and Linda Henderson who taught elementary students.

The board discussed several bids submitted to them from different roofing companies. Bids to roof the high school ceiling had been taken earlier.

The high school roof has not been replaced in over 20 years. The ceiling to be replaced covers an area of 36 thousand square feet.

The bids submitted were not specific in their coverage and will have to be reviewed or resubmitted before a board decision could be reached on which bid to accept.

Tuesday, June 16 was the date set up for a public hearing. The Competency hearing will be held in the school auditorium on this date.

Fiscal auditors for the coming year were appointed. Again Bolinger-Seagers-Gilbert and Moss of Lubbock were selected.

The board then discussed a call for the purchase of depository bills. Every two years, schools must call

for depository bills. The present contract with the First State Bank of Abernathy will end August 31.

One month before this date, bids will be mailed to every bank in this school district as well as any other banks or savings and loans companies that the board chooses to consult.

This past year First State pledged \$2 million in security for Abernathy Schools.

The July school board meeting was set for June 29.

The year ended with school enrollment at 965 students, a decrease of 60 students over the past year. The board noted the steady yearly decline.

The lunchroom report revealed that this department was in the red by the amount of \$20 thousand. Part of the lunchroom funds were supplemented for other improvements.

Dr. Webb negotiated improvements for landscaping for the school grounds. A bid from Don's Nursery in Lubbock was negotiated by Webb for 130 Juniper trees. These trees are the 5 gallon size and will be planted around the new playground area and the Administration building. The cost, \$3,400. The playground equipment was constructed this past week.

## New Deal Seed Conditioning Plant Purchased

Northrup King President and Chief Executive Officer, Douglas W. Lohmar, recently announced the purchase of a seed conditioning plant and related facilities from Ben Peek, owner of Beneb, Inc., in New Deal, effective June 30, 1981.

Northrup King for many years has leased the Beneb facilities for conditioning of sorghum, sudangrass, and millet. More recently, Northrup King has also conditioned its new PRO Brand wheat 812 and 835 at this location.

The facilities purchased by NK consist of approximately 90,000 square feet of plant, warehouse, and office

space. Keneal Swenson, NK's New Deal Branch Manager, says he expects the acquisition to further stabilize NK's conditioning capabilities in this important production area.

"Customer and community support for Northrup King has been excellent. We want the community to know that this commitment should serve as an indication of our efforts to help keep farming profitable," says Swenson. "Providing top-quality seed to our customers is one way we can help insure their profitability."

## New Owner, Manager At Sav-A-Lot

Don Maddin, of Hale Center, purchased Sav-A-Lot Grocery Store, previously owned by Paul Herchman, of Abernathy. Maddin purchased the store the later part of April.

Paul Rob Herchman, Paul Herchman's son, managed the store when they owned it.

The new manager of Sav-A-Lot is Ralph Hanes, who graduated from Abernathy High in 1964 and has lived in Abernathy all his life, except for eight months.

This eight months he and his wife Cynthia lived in Austin. In Austin,

## On The County Line

By: Keith Tooley

Looking over a news release from the Texas Department of Public Safety, I found out that nearly 54% of Texas motorists are now in compliance with the 55 mph speed limit.

That's a little hard to believe. Statistics show that almost 100% of the people I know are driving over 55 mph.

This isn't a certain age group either. I know people that are as young as 88 and others as old as 15 that drive cars.

How many people do you know keep the mph needle on the double nickel? Why should they when they can get away with 57 or 58 mph?

I have found through personal experience that radars are set on 65 mph. Cars going this fast or faster are pulled over. Therefore 64 mph is the fastest safe speed to risk.

I'll probably be complying with the 55 mph limit for a while after this column is read though.

I witnessed it for six years while working on my father's newspaper at Floydada. And after all these years, I still can't believe it. There are still people who snatch newspapers from newsstands, read them, and then put them back.

Some people will pay 40 cents for a cup of coffee that lasts 5 minutes, but they won't pay 20 cents for a newspaper that is redeemable in news and advertising value.

After all, how many people go into a grocery store, take a 20 cent popsicle, eat it and return the center stick for another person to purchase?

A newspaper is like any other consumer product sold in any store. If someone is caught taking one, they can be prosecuted.

I don't think there is a businessman in town that would permit someone to come into his or her store and take an item without paying for it.

Twenty cents is the lowest price I have ever seen for any newspaper at today's prices. The Thrifty Nickel is not a newspaper, and is given away free because most shoppers are distributed that way.

A newspaper strives to represent town the best way possible. We sincerely hope we will be represented in the same fashion.

THE OLE GROUCH on Middle Tule sez: "Bragging may not bring happiness, but did you ever see a man, having caught a large fish, go home through the alley?"

Temperatures increased to a high of 108 degrees Monday and almost the same Tuesday. After receiving rain the past two weeks, farmers are glad to get some sunshine for their crops.

There is such a thing as getting too much sunshine. Last year's drought is proof of this. Temperatures over 100 degrees have a tendency to drain plants of moisture.

We hope that the summer days will be pretty and warm, but the hot weather witnessed this week is almost too hot to handle.

## David Ray To Preach At Crusade

Dr. David Ray, former pastor of First Baptist Church, Lubbock, will be the evangelist at the Abernathy For Christ Crusade June 21-26. He was also in Abernathy Wednesday, May 27, for a Crusade Rally.

Dr. Ray heads the David Ray Evangelistic Association of Abilene. He pastored Cresson Baptist Church, Cresson, Texas 1959-60; Trinity Baptist Church, Ft. Worth 1961-65; Haltom Road Baptist Church, Ft. Worth 1965-67; and Lubbock First Baptist 1967-72 which was the second largest church in the Southern Baptist Convention at that time. Under his leadership, the church added 5,000 people in five years.

Before entering the minis-

try, Ray was involved in ranching and farming, real estate and insurance sales. After his pastoring years, he served four years as Assistant Vice-President for Development at Hardin-Simmons University, Abilene.

Dr. Ray and his wife Joann have a son and two daughters, all in their twenties. He is a native of Abilene and his parents are Mr. and Mrs. W.L. Ray.

He attended Wylie High School, Abilene, and Hardin-Simmons University, graduating with a BA degree in Business Administration in 1954 and a Doctor of Divinity degree in 1969. He received a Master of Divinity degree from Southwestern Baptist Theological Seminary in Ft.

Worth in 1961 and became a Doctor of Theology there in 1976.

His avocations are ranching, jogging, and reading.

in Methodist Hospital, Lubbock.

Mrs. Toby Cox has returned home from St. Mary's Hospital, Lubbock following surgery.

## Former Evangelists To Perform At Crusade

Evangelists Gene and Bobbie Moore will sing and witness at the "Abernathy For Christ" Crusade June 21-26.

Gene and Bobbie, a husband and wife musical team from Waco, Texas, have been in full time musical and preaching evangelism for almost 20 years. Gene is an ordained United Methodist minister, under appointment to First United Methodist Church at Waco.

Before taking the position there, Gene and Bobbie were in evangelism for 17 years.

When asked why they have chosen evangelism as their Christian vocation, Gene says, "Where our talents and abilities meet the needs of the world, there we find God's will for our lives. We like to think of our ministry as one of sharing. The sharing of talents, the sharing of heartaches and triumphs of a child with leukemia, the sharing of joys to answered prayer, the sharing of God's love for all regardless of age, race or creed, and the sharing of God's Word."

The Moores have shared in Music and Word in hundreds of churches and camps throughout the United States. They have done special work for the National Board of Evangelism of the United Methodist Church, the United Christian Ashrams, Jurisdictional and Annual Conferences.

They have sung for meetings in Japan, Indonesia, and India. At the end of this month they will be going to Haiti on a short term mis-

sion. They have appeared as guests on several television and radio programs.

A part of their ministry has been the recording of six long play albums of music, which they make available to the persons who hear them. Their latest albums entitled, "O Glorious Love" and "He Touched Me", were released at the first of last year.

A ministry that is next to their heart is the building of churches in India in memory of their son, Timothy, who died of leukemia. "We have finished two churches and are now waiting for the third one to be built. We thank God that in this way a little boy continues to live not only in our hearts, but in the hearts of other children in India."

Gene and Bobbie are deeply grateful to Bobbie's mother, Gladys Seago, who through the years has stayed home with the children to keep them in school. Susan, 20, is married and lives in Mart, Laurie, who is 14 and a niece, a foster child whose mother and father died, is a freshman at Richfield High School. Jonathan, 7, is in second grade at Mountainview School.

In the summers and when possible, the children are a part of the team, singing and helping any way they can.

And I said unto them, If ye think good, give me my price; and if not, forbear. So they weighed for my price thirty pieces of silver.

## Churches Report Good Attendance For VBS

The First Baptist Church reported they had 116 students and teachers at their Vacation Bible School last week. This was from nursery through junior high.

The Church of Christ had 129 present on the first day of Vacation Bible School. Friday they had sandwiches and fellowship time to end their week long events.

The First United Methodist Church reported 53 students and teachers attending Vacation Bible School. They had a picnic Friday at noon in the home of Mr. and Mrs. J.C. Mills.

Friday evening ended with a closing program for parents of the students and friends. Rheta Riley was director.

## Heart to God, Hand to Man

In just one year, The Salvation Army helped in the following ways:

- 1,000 community centers offered recreation, social services, a place to worship.
- 7,000 service units made Army help available in remote areas.
- 2 1/2 million persons were assisted by Family Welfare Bureaus.
- 700,000 transients were lodged overnight; over 2 million meals were provided.
- 3 million persons were visited in institutions.
- 25,000 children went away to camp.
- 150,000 men and women battling alcohol or drug dependence were aided.
- 20,000 elderly people enrolled in activities for senior citizens.
- 20,000 persons in police custody were assigned to Salvation Army supervision.

For over 100 years, The Salvation Army has helped needy persons and families. Offering its "hand to man" is the Army way of giving its "heart to God."

## Deluxe John Deere 21-inch Mowers

John Deere 21-inch Deluxe Mowers are now available in three models — push type; self-propelled; and electric-start self-propelled. Side discharge is standard on all three. An optional 2 1/2 bushel rear bagger can be added to make clipping pickup neat and easy.

The push-type mower has a 3 1/2-hp engine. The self-propelleds have 4-hp engines and rear-wheel gear drive for excellent traction in all mowing conditions. All feature steel wheels with ball bearings. Aluminum die cast deck. And two cutting height adjustment levers that let you set the mower in any of six positions — 1/8 to 2 3/4 inches above ground. See us for a demonstration today.

## Abernathy Music Club Installs New Officers

The Abernathy Music Club had an officers installation banquet Monday night, May 25. It was held at the South Park Inn, Lubbock.

We ate on the patio with the main course being baked chicken. After the meal we went to the Navajo Room for the program and installation.

The theme of the program was "Snow White and the Seven Dwarfs". The story was acted out by music club members.

Everyone is familiar with the story of Snow White being raised by the wicked stepmother queen. As Snow White became older and more beautiful the queen became jealous until finally Snow White had to leave home.

She came upon the cottage of the seven dwarfs and lived with them. When the wicked queen finds out where Snow White is, she tries to kill her by getting her to eat a poisoned apple. Snow White falls into a deep sleep and doesn't awaken until a handsome prince comes and kisses her. She wakes up and they go off to his kingdom to live happily ever after.

In the program Snow White sang "I'm Wishing" and "Some Day My Prince Will Come". The dwarfs sang, "Hi Ho, Hi Ho" and "Bluddle-Uddle-Buddle-Um-Dum".

The characters were dressed for their parts and everyone had fun doing the skit. The narrator was Bettie Hardin, talking mirror - Erma Mae Spruiell, the wicked queen - Connye Gist, Snow White - Terry Kitchens, the handsome prince - Melinda Megna, and dwarfs - Otelia Clements, Jean Flud, Rita Kelly, Marie Riddell, Cindy Robinson, and Kay Williamson. Snow White's own mother and pianist was Elaine Fortune.

Others present were: Frances Barrick, Ruth Fulton, Mary Ann Norman, Alma Ruth Patterson and Patti Carver.

The new officers installed for the next two years are: President - Terry Kitchens; Vice-President - Marie Riddell; Secretary - Rita Kelly; Treasurer - Cindy Robinson; and Reporter - Kay Williamson.

## Givens Competes In National Auditions

Mike Givens recently performed in several piano events.

He played in a recital at St. John's Methodist Church, in Lubbock, with other students of Cherry Kilgore. He also competed in the National Piano Auditions sponsored by the National Guild of Piano Teachers.

He was required to play at least 7 different pieces, and was judged on playing technique as well as scales, chords, cadences, ear training and sight reading.

Mike was graded a Superior Plus which placed him in the Top Talent or Critic's Circle division.

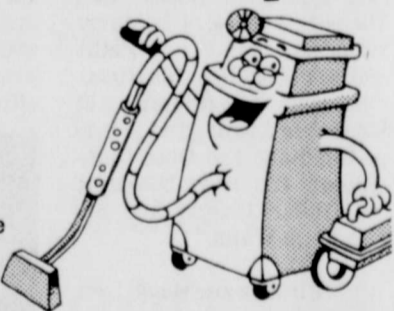

Last Saturday night he played the processional for the Junior High graduation.

Mike has taken piano lessons for nearly two years.

He is the 13 year old son of Jerry and Pam Givens.

## Farm Electric Wiring And Safety Short Course June 15-18

A Farm Electric Wiring and Safety Short Course for adult farmers will be held June 15-18, 1981 under the sponsorship of the New Deal High School Vocational Agriculture Department, according to Mr. Flood, Superintendent, and Mr. Robertson and Mr. Holmes, teachers of vocational agriculture.

The short course is being sponsored by the Vocational Agriculture Department of New Deal High School.

Mr. Cleve Walkup, Farm Electrification Specialist with the Vocational Agriculture Division of the Texas

Education Agency and the Department of Agricultural Engineering at Texas A&M University, will do the instructing in the course. He is headquartered at Texas A&M University.

Mr. Walkup holds a B.S. degree in Industrial Education and a M.Ed. degree in Agricultural Education.

The short course at New Deal is scheduled to begin June 15 at 7 p.m. in the Vocational Agriculture Building. Other meetings in the series of four will be held June 16, 17, and 18.

During the dates the short course is in progress, Mr.

Walkup will be available to assist farmers with individual problems and to provide on-the-farm instruction, according to Berhl Robertson and Tommy Holmes.

Farmers interested in attending the short course should call or write the superintendent of schools, Mr. Flood, or the teacher of vocational agriculture, Mr. Robertson or Mr. Holmes. An entry fee of \$8 will be charged.

Farm Electric Wiring and Safety Short Course certificates will be presented to each farmer who attends all the training sessions.

CLEVE WALKUP, a Farm Electrician Specialist, will instruct a Farm Electric Wiring Course and Safety Short Course for adult farmers beginning June 15.

## International Harvester Supports 4-H Program

Ben H. Warren, president of International Harvester's Agricultural Equipment Group, today was reelected vice chairman of the National 4-H Council.

The council is a non-profit organization that provides financial and program support to 4-H, an educational program of the Cooperative Extension Service and the U.S. Department of Agriculture. In 1980, the council raised approximately \$10 million in contributions from corporations, foundations, associations and individuals.

Last year also, nearly 5 million youths, from nine to 19, were involved in 4-H after-school learning activities that included home, family and community service, and animal and food production programs.

In addition to lending executive support, International Harvester sponsors the 4-H Agricultural Awards program which honors local, state, regional and national winners for excellence in farm work. Over one million youths participated in this program last year.

IH began its association with 4-H in 1919, when the company hosted youths visiting Chicago on a special tour. Three years later, the idea evolved into the National 4-H Congress, now an annual event in Chicago. The opening luncheon for the 1,700 delegates is sponsored by IH.

Through the years, the company also has sponsored 4-H youth exchange programs with the U.S.S.R. and

Hungary, and contributed to the construction of a residence hall at the 4-H Center, Washington, D.C. Because of IH's long involvement, one of the dormitories was dedicated by Cyrus H. McCormick, inventor of the mechanical reaper and company founder.

As president of the IH Agricultural Equipment Group, Warren is responsible for one of the world's leading farm equipment companies. The Group has 14 major plants and seven engineering centers, has over 30,000 employees, and sells its machinery in more than 150 nations through approximately 4,500 dealer and distributor outlets. Fiscal 1980 sales were \$2.4 billion.

## FFA Ski Trip To Greenbelt Lake

The Abernathy FFA took their annual water-skiing trip Thursday and Friday to Greenbelt Lake. Participants left Abernathy Thursday afternoon at 4 p.m. They arrived at Greenbelt Lake and set up camp for that

night. All day Friday was spent skiing. A tired bunch of FFA members arrived back in Abernathy about 11:30 Friday night.

Twenty-six members and eight sponsors went on the

trip. Those taking boats were J.A. Miller, Henry Harrell, Coach Larry Steele and Gerald Kelley. Money for the trip was made from a scrap iron drive, and part of the fruit sales money was also used.

Mr. and Mrs. Bruce Paxton and children spent last weekend in San Antonio. They saw the Alamo and other interesting places while there.

**COTTON TALKS**  
FROM PLAINS COTTON GROWERS, INC.

LUBBOCK, Friday, June 5, 1981

Research can prove that the severity of price reductions being suffered by producers of low micronaire cottons is far in excess of any corresponding reduction in textile utility.

That was the opinion of the late Jack Towery, textile engineer and fiber technologist whose superior ability to correlate raw fiber properties with spinning performance and end product quality was undisputed around the world.

At the time of his death in March of this year, Towery was head of open-end spinning research at Texas Tech's Textile Research Center (TRC) in Lubbock and was ardently developing statistics to show that the price penalties on many low micronaire cottons were greatly exaggerated, primarily because of the long-

standing but false assumption that micronaire is an infallible measurement of fiber maturity.

To correct that situation Towery was dedicated to the development of a more reliable method for determining fiber maturity - a method fast enough to fit into automated fiber property testing lines, which was only one of the many fiber technology developments to which he made great contributions.

"Continuation and expansion of work to prove the value of low micronaire cottons from the Plains is a matter of high priority for us," says Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock, "because we aren't going to get lasting relief from inflated micronaire discounts by any other route."

To that end Johnson and other PCG officials are encouraging contributions to the Jack Towery textile scholarship and research fund. Donors may stipulate that their tax-deductible contributions be used either for scholarships or for textile research, according to TRC Director James Parker. Checks should be made to

**COTTON TODAY**  
A NATIONAL COTTON COUNCIL SERVICE

**COTTON FEES OKAYED**  
—House and Senate Agriculture Committees have approved a proposal to shift the financial burden for cotton classing and warehouse inspection from government to industry.

Cotton industry representatives, through the National Cotton Council, worked with members of Congress to devise amendments to ease burdens posed by the proposal. One amendment would establish a ceiling on the total amount that could be collected in any year.

Other amendments would: (1) direct the Agriculture Secretary to seek economies in the programs so that fees can be set at levels low enough to save the programs; (2) direct the Secretary to consult with industry representatives on operation of the programs for ways to reduce costs; and (3) provide that standard form boxes be sold at full cost, thereby relieving any cost of this program from being borne by the user-fee charge.

**HEARING SET ON REPORTS:** The U.S. Department of Agriculture will hold a hearing June 23-24 in Washington, D.C., to discuss priorities of and possible cuts in its economics and statistics programs for 1982 and 1983.

USDA's statistical program will be discussed the first day while the next day's topic will be its economic analysis and research work. Services include crop production, supply-demand, and outlook reports for cotton and other crops.

## "A PLAN FOR ALL SEASONS"

"My fixed income got a big break now that I'm on the Averaged Billing Plan."

"Averaged Billing makes it easier to make ends meet because it smooths out the highs and lows of your monthly electric bill. Like your friends, you can have it too. Depend on it to help... just give me a call at SPS."

"I know just about how much my electric bill will be each month... there are no more surprises."

"We changed to Averaged Billing with one phone call to SPS. And now, our family budget is easier to plan."

# News and Comments

BY BUFORD DAVENPORT

Before there was an Abertny Weekly Review there was the Abertny Two-County News, which began publication in 1912. The Abertny Weekly Review was founded in 1921, the first issue being published on November 17, that year. The name of the Two-County News editor was not listed in the masthead.

The following is from the Abertny Two-County News dated July 5, 1912.

The official statement of financial condition of Abertny First State Bank was published in the July 5, 1912 Abertny Two-County News. Sam R. Merrill was president of the bank. W.A. Shelton was vice president and C.G. Goodman was cashier. Capital stock was \$10,000.00. The individual deposits total was \$21,464.99.

Monroe G. Abertny, one of the founders of the town, was advertising real estate for sale. Abertny was named for him as was Monroe [now New Deal].

H. Darden advertised his Livery and Transfer with a wagon yard in connection. The A.G. McAdams Lumber Yard advertisement said: "It's a dog gone shame that more people do not know about the quality of our building materials."

Local farmers were becoming interested in poultry raising following a market outlet in Abertny for eggs and chickens. The editor of the Two-County News [1912] Predicted: "Some sweet day all of this broad expanse of fertile soil will be put into cultivation and there will be a city built on the Plains that will cause the world to stand up and take notice, and that city will be called ABERNATHY."

A.B. Dewald, manager, advertised the Abertny Hotel with wagon yard, stables and feed in connection. Rate was \$1.50 per day.

Rev. J.P. Callaway announced that the Methodist meeting would begin the 3rd Sunday in July. (End of 1912 paper quotations.)

Skipping ahead to the Abertny Weekly Review dated Sept. 28, 1939:

Ralph Stevenson was coach of the AHS Antelope basketball squad composed of Roy and Troy Williams, Charles Lutrick, Pete Thompson, Wesley Hazle, Rex Parish, Gid Adkisson, Curtis and Cletus Lebow, Olen Anderson, Robert DeLaney, J.P. Settle, Jr., Noel Johnson, Jack Cox, R.E. Albers, Jr., Thomas Hood, Green Hazle, Marvin Floyd, Melvin Elkins and Muriel Lroy.

Anna Mae Puett was coach of the Lady Lopes, but had not turned in names of those on the basketball squad. (Mae Johnston now).

Abertny no longer is a Saturday business town, but back in 1939 it was a boom-

ing business day. And, here's why: "A total of 1,175 cotton and feed workers have been placed by Abertny's State Employment office during its week of operation here, announced E.L. McElhanon, who has been in charge of the office."

Ray Pinson was celebrating his pharmacy and general drug store's 15th year of business in Abertny. U.B. (Burr) Jones' home and laundry business building were destroyed by fire.

The Rev. Amos R. Meador, pastor of the Sweetwater Nazarene Church and a former pastor here, was the principal speaker on the Homecoming Program for Abertny First Church of the Nazarene. The Rev. D. Herbert Land was then pastor.

The Rev. Marshall Rhew was pastor of Abertny First Methodist.

Sunday School attendance at Abertny Churches on Sunday, Sept. 24, 1939: Baptists 162, Nazarene 101, Methodist 98, Church of Christ 87.

Births: twin sons, each weighing 6 pounds 8 ounces, were born to Mr. and Mrs. Doyle Turner.

C.D. Daniel was advertising fresh fruit and vegetables at his stand between Carroll Turpen's Barber Shop and Main Street Service Station.

Stambaugh Grocery advertised apple butter 12 oz. for 10 cents, and a bucket of peanut butter, 2 lbs. 8 oz., for 35 cents.

John Welch, former Abertny resident now of Benjamin, visited here Sunday.

Mr. and Mrs. L.D. Barrick of Cranford, N.J., were visiting his parents, Mr. and Mrs. C.M. Barrick, here. Avis Barrick, his sister, who had been visiting in N.J. returned to Abertny with them. [L.D. Barrick was a brother of Hilburn and Clayton Barrick.]

Struve Mercantile was advertising cotton sacks, cotton sack ducking, knee pads, gloves and cotton scales.

A few months ago a Lubbock man needed a cotton sack for a presentation at the annual dinner of The Baker Company at the civic center. He was at loss as to a place to buy one. Richard Havens, manager of The Baker Company printing department, told him that they would check at Struve's...they had cotton sacks to sell. The man presented the cotton sack to one of the Baker brothers to replace his cotton harvester that had been destroyed by fire along with a storage building on the Baker farm near Lubbock.

[NEXT WEEK we will include 1939 news from Monroe/New Deal.]

**BOTH SIGNS WENT UP Saturday to complete a project that began over 1 year and 2 months ago. The signs were finally raised with fork-lifts from Wolf Irrigation and Thompson Implement. Volunteers began work at 9 that morning and work continued until 7:15 p.m. Saturday night. The Antelope Welcome signs can be viewed on each side of town. This sign is located on the south end of town. (Review Photo)**

## Golf Tournament June 13 and 14

The Abertny Country Club will have its "Annual Spring Partnership Golf Tournament" June 13 and 14.

## New Deal News

### Rynn Parker Awarded Scholarship

A. Rynn Parker, a 1981 New Deal High School graduating senior, graduated 7th in his 1981 senior class of 43 with a grade point average of 3.49.

He was on the honor roll throughout his sophomore and senior years and was awarded top honors, along with two other classmates, in Government his senior year.

He participated in UIL Science competitions throughout high school and lettered in junior varsity football and varsity basketball.

Parker was awarded "Most Improved" band member his junior year, which was his first year to play in the band.

him in the 94 percentile rank in Texas and the 90 percentile rank in the nation.

His strongest subject area was Natural Science with a score of 33 out of a possible 35, placing him in the 99 percentile rank nationally.

On the strength of his ACT scores, Wayland Baptist College at Plainview awarded Parker four hours credit in biology or chemistry and a \$200 Academic Scholarship payable at \$100 each of the first two semesters.

Rynn has chosen to attend Texas Tech University and has been invited to participate in Tech's Honors Program. He plans to pursue a degree in the field of Meteorology.

## Transition

### James Williams

Services for James Edward Williams, 80, of Elk City, Okla., were at 3 p.m. Friday, June 5 at the Assembly of God here with the Rev. Renay Rice, pastor, officiating.

Burial was in Abertny Cemetery under direction of Savage and Chambers Funeral Home of Abertny.

Williams died June 2 in Community Hospital in Elk City after a lengthy illness. He was a son of Cameron Hauton Williams.

He married Stella Robinson Dec. 13, 1942 in Crosbyton. He was previously married to Ettie Lee May, who died in 1941. He was a self-employed shoe repairman and a saddle maker.

Williams had lived in Crosbyton, Amarillo, Chama N.M. and Elk City.

Survivors include his wife of Carmichael, Calif.; a daughter, Alice Gail DeWitt of Elk City; four sons, Albert Lee of San Angelo, James Edward of Denver Colo., and Jerry Dale and James Harold, both of Elk City; a stepdaughter, Melba Galloosis of Carmichael, Calif.; a stepson, Clyde McCombs of Carmichael, Calif.; four brothers, Joe of Seagraves, and Wayne, Lad and Ben, all of Hobbs, N.M.; three sisters, Pearl, Katie and Elsie, all of Amarillo; 15 grandchildren; and seven great-grandchildren.

Williams farmed in the Abertny area in the mid-1930's.

Pallbearers were: Wesley Williams, Larry Williams, Roy Williams, Joe Edd Williams, David DeWitt and Charles Ramsey.
