Abernathy And New Deal Receive Hail, Rain

The Abernathy and New Deal area received spotted showers of rain Friday and Saturday that brought minor relief to thirsty crops.

The hot, dry conditions that have prevailed the past two months reminded farmers of the long drought last summer.

Thunderstorms this past Friday and Saturday brought temporary relief to some farmers and disaster to others.

Several farms were hailed out south of New Deal Saturday as a large cloud swept through that area devastating crops with large amounts of hail.

Crops severely damaged by hail were farmed by Basil Agnew, Wayne Teal, Carrol Teeter, Dee Williamson and son

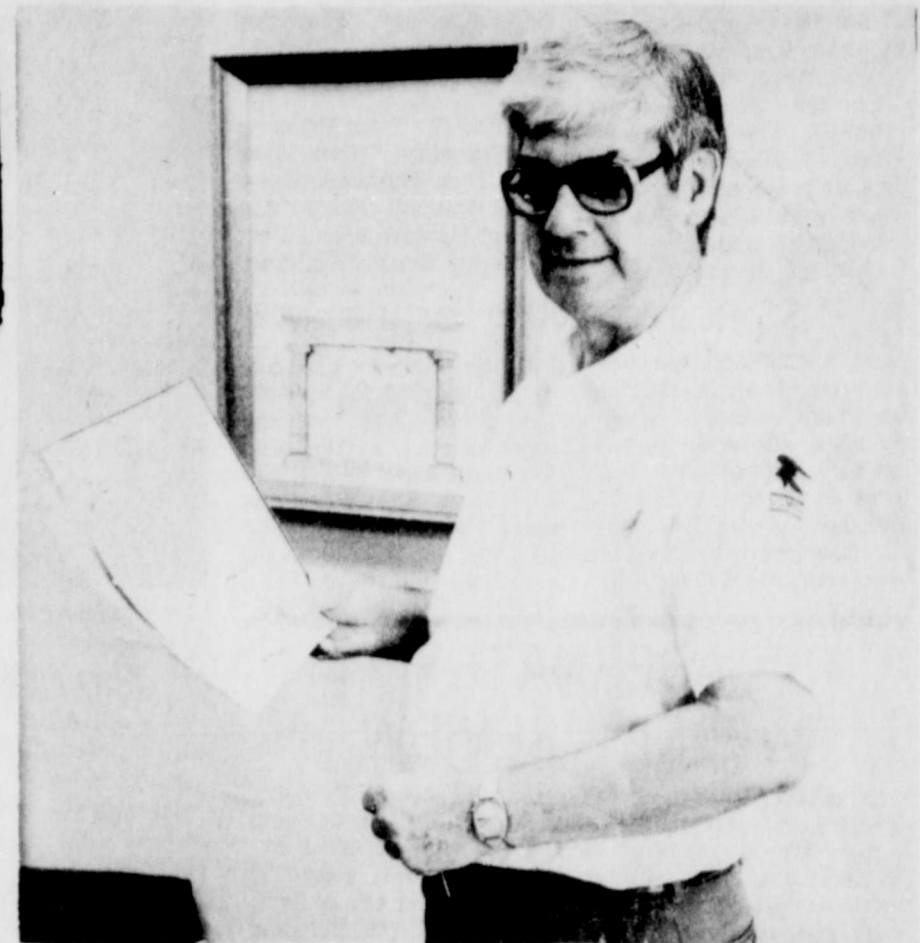

Ronnie, and others.

New Deal did receive 2.3 inches rain Saturday which was welcomed.

Lakeview reported .1 inch of rain over the weekend. The Abernathy Country Club reported a rain shower that lasted only long enough to stop the golfers on the course.

Countyline received 3 inches rain Friday. Glenn Reagan received 1 1/2 inches last weekend on his farm 7 miles northwest of Abernathy. R.D. Presley reported having received 1.1 inches rain on his farm 10 miles west of town.

Abernathy received very little rain totalling .2 inch.

KEN MORELAND, Abernathy Postmaster, was presented a document recognizing him for his past 25 years service to the United States Postal Service. (Review Photo)

Ken Moreland Given Service Award

Ken D. Moreland, Abernathy Postmaster, received a service award for 25 years postal service, Wednesday, June 24 in Abernathy.

The presentation was made by Lubbock's Sectional Center Director of Finance, Donald S. Bloyd. Bloyd made the presentations on behalf of Lubbock MSC Manager/Postmaster Elmer J. Reed, Jr.

Bloyd stated, "The Postal Service has come a long way in the last 25 years, and dedicated employees like Moreland have made it possible."

Moreland was born in Canyon, Texas, and graduated from Lamesa High School in 1940.

He was inducted into the Army after graduating. Moreland was stationed in the South Pacific and served several years during World War II.

In 1951, Moreland left the Army and returned to the United States where he married the former Alma (Pat) Pat-

erson that same year in Roswell, New Mexico. Alma was also a graduate of Lamesa High School, graduating in 1941.

The couple resided in Lubbock and Moreland had several jobs for the next 11 years until 1962, when he began working for the Lubbock Postal Service as a Sub-Clerk.

Moreland was promoted to a Postal System Examiner in 1974. He was again promoted in 1978 to the position of Superintendent of Postal Operations and transferred to McAlistier, Oklahoma.

Then in March of 1980, Moreland was selected as Postmaster for Abernathy after careful selection from a long list of applications.

Since moving to Abernathy, Moreland has become a member of the local Masonic Lodge and he and his wife attend the Southern Baptist Church.

When asked why he came back to this area of Texas, Moreland said, "I was born and raised in this area. I have travelled to a lot of places in the past and found that I prefer the high, dry climate of the Panhandle."

Moreland credited his 25 years service to the postal service to several factors, "It is an interesting job, there is a great need for the postal service, I enjoy working with people, and most of all, I have found this job to be challenging."

Moreland also stated that he and his wife like Abernathy and plan to stay for a long time.

Ken and Alma recently attended the annual convention of the Texas Chapter of NAPUS (National Association of Postmasters of the United States) held in San Antonio June 21-24. The Morelands joined more than 300 who attended the annual convention.

GSPA Proposes Legal Action Against USDA

GSPA Executive Director Elbert Harp said GSPA has been working with the High Plains Congressional Delegation for several months in an effort to prevent Commodity Credit Corporation (CCC) from selling these millions of

busheles of corn as proposed. "We have exhausted every political avenue," Harp said, "but despite our appeal, USDA officials announced last week that this grain will be sold on a bid basis for unrestricted use in the High Plains region."

GSPA believes this action discriminates against High Plains grain farmers by concentrating a disproportionate share of the burden imposed upon all American farmers by the Soviet grain embargo. Harp estimates that these sales will lower the income of an average High Plains sorghum or corn producer by some \$5,000.00 - 50 cents per hundred-weight.

In order to determine what legal remedies, if any, are available to the farmers of the region, GSPA has consulted with three of the nation's leading law firms, one in Lubbock and two in Washington, D.C. It is the opinion of these attorneys that farmers and elevators in the High Plains do have legal grounds to initiate a lawsuit to block these sales or recover damages sustained as a result of this policy. Such a lawsuit could result in a landmark decision which would settle the question relating to the legality of the policies of the U.S. Government in implementing and carrying out the Soviet grain embargo.

"GSPA believes the action of CCC is illegal," Harp states. "We are ready and willing to file a lawsuit against the U.S. Government in behalf of area grain producers if they and others in the grain related industries of the High Plains feel this course is desirable. Of course the cost of a lawsuit of this magnitude would be tremendous and no one farmer, grain elevator or producer would be able to finance it alone."

GSPA has established a "GSPA Legal Fund" and is asking farmers and others who will support this suit to make their checks to that fund. If enough interest is shown by July 10, 1981, they will proceed with the lawsuit. If not, the money will be returned, less any expenses incurred by GSPA pertaining to this proposed suit.

"No action will be started unless adequate funds are available to take any and all actions to prosecute this issue to the Supreme Court if necessary," Harp said.

Harp encouraged farmers to call the GSPA office at 806-298-2543 for more information.

Son: "Yes, father, and when he was your age he was President of the United States."

And then there was the airliner who flew into a violent thunderstorm and soon was swaying and bumping around the sky. One nervous lady happened to be sitting next to a clergyman and turned to him for comfort.

"Can't you do something?" she asked.

"I'm sorry, madam," said the reverend, gently. "I'm in sales, not management."

Congratulations to Chamber President Charles Bowen and all who made the 4th of July celebration the highly successful occasion it was.

Donations given by several fund-raising organizations and individuals made it possible to purchase a long-awaited Jaws of Life tool and some attachments.

It would be impossible to recognize everyone responsible for raising the money, because so many people played a direct or indirect part in achieving this great goal.

I'm not going to say I'm the worst horseshoe pitcher in Abernathy, because my partner Harold Stillwell and I beat another duo Saturday.

But we were defeated in the next two attempts by some guys that probably throw these things for a living. I'm not going to say that it was Harold's fault that we lost cause I wouldn't do that, but how many people do you know that throw a horseshoe like a frisbee?

Actually Harold probably did better than I did, and if Harold's around next year, I just might con him into being my partner again.

As for the egg toss, I didn't wind up with egg in my face, but it took a long time to remove it from my boots.

In last week's paper, it was stated in a headline that a bridal shower was given for Jana Presley. It was not a bridal shower but rather a bridal luncheon. We hope the Presleys will excuse our mistake.

"What is your opinion of my ideas?" the brash young man asked his boss.

"It isn't worth anything," said the boss.

"I know," conceded the young egotist, "but give it to me anyway."

WE HEARD A STORY about a traveler who was marooned in a town because of a landslide caused by a heavy rain, which was still falling in torrents after three days.

Looking out of the window of a restaurant, he remarked to the waitress: "This is like the flood."

"The what?"

"The flood, surely you have heard about the great flood and Noah and the Ark?"

"Mister," she replied, "I haven't seen a paper in four days!"

Budget Cut Affects Abernathy Schools

Reagan budget cuts of 25% have drastically affected government jobs held by Abernathy school employees.

Several teachers aides in the Title I Migrant and Title I Regular programs will not fill these positions next year due to these cuts.

The programs and teaching aid personnel that will not be continued are Ramona Garcia - Title I Migrant; Teresa Marez - Title I Migrant; Jeanie Floyd - Title I Regular; Jan Wesley - Title I Regular; and Liz Attebury - Title I Migrant.

The Title I Regular program has been cut 21.6% and the Title I Migrant program has been cut 25-30%.

Dr. Delwin Webb, Abernathy Schools Superintendent, stated that there will probably be another federal budget cut of 25% next year also.

The United States Naval Academy, Annapolis, Maryland, played host to an Abernathy girl last month. Dee Ann Attebury, daughter of Wade and Alice Attebury, 901 Velray, was one of a select group of high school students invited to attend the academy's annual Engineering Science Seminar, June 14-19.

Dee Ann flew to Baltimore and traveled by academy bus to Annapolis where she was housed in the largest dormitory in the world. Her roommates were two girls from San Antonio and Hawaii.

She attended lectures and seminars on Aerospace, Electrical, and Mechanical Engineering; Naval Systems; Weapons Systems Engineering; Oceanography; Computer Science; Physics; Chemistry; and Mathematics. She also participated in two all day workshops on Predicting and Measuring the Response of Physical Systems, and Logic Design and Digital Instrumentation and Display.

The conference accommodated 700 students in two sessions. There were 290 boys and 60 girls in Dee Ann's group. Midshipmen served as counselors.

On To Washington, D.C.
When the conference ended, Dee Ann traveled by bus to Washington, D.C. and stayed with Melba and Don

Richards while seeing the sights. Melba, her mother's cousin, is a staff member in Senator Lloyd Benson's office and Don is Representative Kent Hance's press secretary.

The tight schedule left little time for recreation but she did attend a soccer game between the Washington Diplomats and the New York Comets at RFK Stadium in Washington, D.C. The Comets won 2 to 1.

Meets Cavazos, Mahon, Hance
Dee Ann toured the White House, the Capitol, the Museum of Natural History and other parts of the Smithsonian Institute. She also observed a Senate session attended by Sen. Barry Goldwater. Her hosts took her to a Texas Tech Exe's Association meeting, Washington branch, where she met Tech President Dr. Lauro Cavazos, former Rep. and Mrs. George Mahon, and Mrs. Kent Hance. She flew home June 21.

Of all that she saw and did in her busy week, Dee Ann says she most enjoyed meeting people.

She is an AHS honor student and will be a senior this fall. She plays the flute in the Antelope band and won first place in state solo and ensemble competition in Austin early in June, and played with the Baptist All State Band the last week of June. She will be a drum major this year.

Abernathy Open Tennis Tournament July 31

First and second place trophies will be awarded to all winners in each division.

Masons To Meet

The Abernathy Masons will meet Thursday night at 8:30 p.m. for their regular monthly meeting.

All of the approximately 156 members are urged to attend and any visitors that wish to come.

Family Film Series To Be Shown At First Baptist

A new film series featuring family expert James C. Dobson, Ph.D. will be shown at the First Baptist Church on each Sunday, July 12, August 23 at 6 and 8 p.m. Entitled "Focus on the Family", the series presents seven of Dobson's most popular presentations, all of which were filmed live at family life seminars.

"The Strong-Will'd Child", "Shaping the Will Without Breaking the Spirit", "Christian Fathering", "Preparing For Adolescence" - Part 1: The Origins of Self-Doubt and Part 2: Peer Pressure and Sexuality, "What Wives Wish Their Husbands Knew About Women" - Part 1: The Lonely Housewife and Part 2: Money, Sex and Children.

SS Representative Coming

The Social Security representative, Janet Jelen from the Plainview Social Security office will be working in the City Hall in Abernathy from 9:30 to 11:30 a.m., Tuesday, July 21, 1981. Teleservice will save you time, energy and money! To

file a claim for Social Security or Supplemental Security Income payments see the representative at the time and place listed or call collect, 806-293-4371. For assistance with other social security matters or Medicare call toll free.

Porters Announce Engagement

Mr. and Mrs. W.L. Porter, of New Deal, announce the engagement and approaching marriage of their daughter, Pamela Ann Logan, to Tommy Wayne Beard, son of Mr. and Mrs. Billy N. Beard of Abernathy. Vows will be exchanged

August 15 at 6:00 p.m. in the New Deal Church of Christ. Miss Logan is a senior at New Deal. Mr. Beard is a 1978 Abernathy graduate and is employed at Patton's Parts Place in Abernathy. All friends are invited to attend.

"And There Was Light"

Jesus said, "I am the light of the world. Whoever follows me will never walk in darkness, but have the light of life."

The 75 voice youth choir, "Praise Singers" from First Baptist church in Lubbock will present the musical "And There Was Light" during the 7:00 p.m. worship hour at First Baptist Church, Abernathy, this Sunday, July 12th.

Using light as its theme, "And There Was Light" begins with the creation of light, and continues throughout the musical to talk about light.

Jesus is the light of the world. His light shines through us. Satan tried to kill the light, but the Light could not be put out.

"And There Was Light" contains a variety of musical styles and features soloists and speaking parts throughout the musical.

Everyone is invited. Admission is free.

Vicki Blevins, Bobby Garcia Wed In Garden Wedding

Miss Vicki Blevins and Bobby Garcia exchanged wedding vows in the backyard of the grooms parents, Mr. and Mrs. Clarence Webb in Plainview Monday, July 6, at 8 p.m.

The setting was of beautiful evergreen trees and flowers.

When the bride came down the grass carpeted aisle to the altar, she was wearing a long white wedding dress with an A-line skirt accented with a ruffle at the bottom of the skirt that extended to the waist. The bodice had a rounded neckline with a cape accented with a ruffle. The waistline veil was accented with pink and blue roses on the headpiece.

For something old the bride was wearing a single

strand of pearls, for something new her wedding dress, for something borrowed were pearl earrings and a blue garter for something blue.

Mrs. Velda Willard of Plainview was matron of honor. Flower girls were Amanda Sieloff of Anoka, Minnesota, niece of the groom, and Emily Monchivilas of Plainview.

Best man was Jim Willard of Plainview.

Juan V. Enriquez, pastor of Templo Bautista in Plainview officiated the single ring ceremony.

Mrs. Price Leach played

the organ and Mrs. Claud Robinson registered guests.

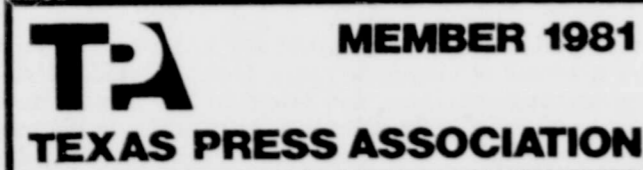

Following the ceremony the couple and their guests were served wedding cake and punch. The wedding cake was decorated with blue and yellow roses topped with a bride and groom.

The bride is a 1978 graduate of Abernathy High School. The groom attended Plainview High School. They will make their home in Plainview.

The bride is the granddaughter of Mrs. Marie Campbell of Abernathy. Her mother was the late Peggy Campbell Blevins.

Great Society Homemakers Meet

The Great Society Extension Homemaker's Association met Monday, June 22, at the Abernathy Neighborhood Center for their regular monthly meeting.

Maybell Glass opened the meeting and roll call was answered to "How Often Do I Vote?" Mrs. L.A. Suttle gave a program on "Daily Democ-

cracy". She reminded the club that we do not enjoy a true democracy in the United States because we do not have enough people participating in the plebiscite.

We are what is known as Republic, where only part of the population takes part in the process of the government.

Mrs. Suttle pointed out to the group that you cannot afford to neglect participating in any way. You can participate in the government because the influence of this body is so far reaching.

She traced the long and difficult path of a bill in Congress.

Maybell and Imogene Suttle attended the 15th of June Council meeting at the Plainview Aggie Building, where Mrs. Suttle was elected alternate delegate to the State meeting September, to be held in Austin.

Those present were: Candy Perez, Juanita Dominguez, Imogene Suttle, Maybell Glass, Alice Pace and Rosey Honeycutt.

Weekly Devotional

Jesus tells the workers for the kingdom of God that the Lord will reward them a hundredfold. It is hard for us to understand this. We are too lacking in faith to realize future rewards. Jesus tells us that many who have a lot now will find themselves having little and see others with much more. Faith is a gift of God and it cannot be bought and sold. The person with a lively faith will have a hundredfold reward forever.

It might be good for us to check ourselves today and see if we have the Christian priority of values in our life. Is the Kingdom of God number one in our life? Do we work for that Kingdom? Are we willing to trust in the promises of God?

Jesus promises the greatest compensation for working for the Kingdom. He says a hundredfold reward awaits the Kingdom of God workers. There is no bank that gives that kind of interest for investments. God is never outdone in generosity. If we really cooperate with God's help, He rewards us beyond anybody's expectations. Rev. Matthew F. D'Souza San Isidore Church

Cotton, Sorghum Management

Many fields are now squaring and a few are averaging four squares per plant. Fleahoppers continue to increase in squaring fields. A few fields have been observed with counts as high as 15 fleahoppers per 100 terminals. Square set is running between 80 to 100 percent.

Most fleahoppers observed have been in the adult stage. When adult fleahoppers enter the field they begin laying eggs in the tissue of the cotton plant. It usually takes 8 days for the eggs to hatch to the nymphal stage. Since some fleahopper nymphs are

now being found, counts will probably increase during the next week.

Beneficial insects and spider populations should be considered before making a decision to treat a field with pesticide. Beneficials are numerous in most fields checked. The most common ones observed have been the big eyed bugs, damsel bugs and crab spiders.

The crab spider counts have been very high in many fields with some fields almost averaging one per plant. The crab spiders are small, creamy white to pale green and hide in terminal

areas of the plant. These crab spiders are excellent fleahopper predators.

Timing of irrigation water on cotton is important now and will be important throughout the summer. If you need additional information on irrigation, please contact the County Agent's office (293-8481, extension 267).

SORGHUM

A few corn leaf aphids have been observed in the whorl. At this time no green-bug populations have been encountered.

plan ahead and be ready, if necessary, to apply the right control measures at the right rates at the right time," Leser continues.

Dr. Leser is currently holding meetings in many locations over the High Plains to better acquaint farmers with fundamentals of a systematic approach to avoiding bollworm and beet armyworm losses. Times and places for the meetings will generally be available from area news media and are always known to county extension agents.

Points for discussion at these meetings include pest identification, scouting procedures, the decision-making process once it appears infestations may require action, the selection of proper control "tools," and timing and rates of application, all aimed at maximum worm control along with minimum destruction of beneficial insects and spiders.

Also, beginning June 12, Leser began publishing a weekly insect newsletter which will include egg lay predictions based on computer analyses of worm moth trap catches, "moon phases," temperature records and the stage of crop development. These will be mailed to county agents, ginners, aerial applicators and all farmers who request them.

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

High Plains cotton producers in 1980 spent about \$25 million on efforts to control bollworms and beet armyworms and still saw themselves robbed of some 200,000 or more bales of production, says Dr. James Leser, Area Extension Entomologist at the Lubbock Research and Extension Center, "and I'm convinced that one-third of the control cost and at least half the production loss could have been avoided."

The key to maximum worm control at minimum cost, Leser says, begins with producers being constantly aware of egg lays, predictions of egg lays and other conditions that may lead to worm infestations.

ATTEND 4-H TEEN LEADER LAB - Young leaders from Hale County 4-H clubs participated in the District 2 4-H Teen Leader Lab. The three-day summer workshop was held last week at South Plains College in Levelland. Attending from Hale County were, from left, Dinah Neve, Abernathy; Buffie Black, Hale Center; Brent Crossland, County Extension Agent-Agri.; Amy Pettit, Abernathy; Linda Smith (Council Delegate) Hale Center; Mandy Igo, Halfway; Ricky Clark (Teen Leader Lab staff) Hale Center; Clifton Pinnell, Plainview; Melissa Nivens, Hale Center; Wynon Mayes, County Extension Agent-Home Ec.; Leader Lab Coordinator; and Jana Bontke, Plainview.

4-H'ers Attend Leadership Lab

Nine young leaders from Hale County were among the approximately 175 4-H club members who participated in a three-day district teen leadership lab in Levelland, Tuesday-Thursday (June 16-18).

Those attending were: Dinah Neve, Amy Pettit, both of Abernathy; Buffie Black, Melissa Nivens, Linda Smith (Council Delegate) and Ricky Clark (teen leader lab staff), all of Hale Center; Mandy Igo, Halfway; Clifton Pinnell and Jana Bontke, both of Plainview.

Also attending and serving as Leader Lab Coordinator was Wynon Mayes, Hale County Extension Agent - Home Economics. Brent Crossland, Hale County Extension Agent - Agri. also attended.

The annual workshop for selected 4-H members was held on the campus of South Plains College, according to Extension Agent Crossland.

Adult leaders, Extension specialists and a team of older youths conducted the learning experiences for the 4-H'ers attending the lab. Participants took part in a

variety of activities, from group learning and discussion sessions to game tournaments and special morning and evening ceremonies.

Training focused on teaching teen leaders to help others learn new projects and activities. Time for fun and relaxation provided the participants with the opportunity to make new friends.

The annual leader lab helps 4-H youths develop skills in working with younger club members, broaden their friendships and strengthen their leadership abilities.

Four-H is a year-round youth program of the Texas Agricultural Extension Service which is open to all youths.

average. "Almost incredibly," says PCG Executive Vice President Donald Johnson, "USDA decided to use the five-to-one weighting for micronaire, which is what we had argued for, but went to the simple one-to-one average for grade and staple."

Even with the five-to-one formula, discounts on low mike cotton in 1981 will be greater than in 1980, but the increase will be from 75 points (\$3.60 per bale) to 365 points (\$17.52 per bale) less than had the simple average been used.

Discount figures on all grades and staples below the Strict Low Middling 1-1/16 inch base quality have not been received. But PCG figures show that use of the one-to-one formula, as opposed to five-to-one, will cut the loan value of some qualities fairly common to the High Plains, such as Strict Low Middling Spot 15/16ths by over \$14 per bale.

Officials of Plains Cotton Growers, Inc., Lubbock, characterized the U.S. Department of Agriculture's June 16 announcement of the formula used to figure micronaire discounts for the 1981 government loan schedule as "by far the best of the three alternatives offered in USDA's Federal Register notice and therefore the best we could have hoped for."

The formula used for grade and staple discounts

however was called "the worst of the three alternatives and a bitter disappointment to us."

The three options considered by USDA included averaging last year's loan discount with the eight-month August-March average of spot market quotation, using (1) a five-to-one (loan discount to market quotations) weighting, (2) a three-to-one weighting or (3) a simple one-to-one

Adams Celebrate 42nd Wedding Anniversary

Mr. and Mrs. Robert Adams celebrated their 42nd wedding anniversary in Amarillo Sunday, July 5. They combined their anniversary with a Grant family reunion. The events were held at Mrs. Adam's brother - Jack Grant's - who owns the 26 Club. There were 44 people attending.

Their daughter had a two tiered wedding cake for the occasion.

The Adams were married in Portales, N.M. July 5, 1939.

The Adams children that attended were Ricky of Grand Prairie and their daughter Carol Richardson and grandchildren Chris and Leanne Bundy all of Lubbock and a grandson, Mark Bundy of Hale Center. Their son Buddy was unable to attend because he was moving from Plano to McKinney.

HOME BUYER

CLINIC
By Fred B. Fromhold
President-Elect
American Land Title Association

COSTLY ASSUMPTION
Sometimes a prospective home buyer will regard an extensive period of untroubled ownership of the seller as a sign that problems of land title do not exist in connection with property being considered for purchase.

This can be a costly assumption since previously undiscovered title difficulties can emerge from the near or distant past at any time without warning. In one example, a buyer was unaware of a title problem until much later—when he was preparing to sell the residence he had purchased.

It came as a shock to this buyer when he received

notice that a substantial money judgment had been placed against his property in court because of the indebtedness of a previous owner. Initially, it appeared that the judgement—incurred while the previous owner held title to the property—was not a valid claim. Later, it was determined that the judgement was indeed valid and the buyer, who by then was about to sell, found the marketability of his real estate threatened.

Fortunately, the buyer was protected by owner's title insurance obtained at the time he purchased the property. Under his insurance, the title company purchased the judgment and paid related attorney fees to spare the buyer financial loss and make it possible for him to sell his residence.

The time for precautions is before you buy a home. For free information on the subject, write American Land Title Association, Box 566, Washington, D.C. 20044.

Hale County Roads To Be Improved

Work in the District Five Area is included in a huge rehabilitation and improvement program for highways and FM roads in Texas recently approved by the State Highway and Public Transportation Commission. Acting District Engineer C. W. Nall, Jr., said the work in this area is part of a state-wide effort to modernize roads and highways which are worn out or inadequate for today's traffic. Area projects include the following work in Hale County: FM 1424 from SH 194 to US 70, 6.0 miles, Seal Coat, at an estimated cost of

\$47,000. FM 788 from FM 400 to Floyd County line, 6.3 miles, Seal Coat, at an estimated cost of \$47,000. FM 400, from FM 54 to Lubbock County line, 3.5 miles, Seal Coat, at an estimated cost of \$40,000. The 1982 Rehabilitation and State Highway Safety and Betterment and Farm to Market Road Improvement Program will cost an estimated \$218,932,900. The program includes improvement and rehabilitation of 5,335.35 miles of state-maintained highways. In all there are 892 projects

proposed in 214 counties of the state. The work includes projects which will upgrade existing highways to handle heavier volumes of traffic, enhance safety, reduce the amount and kind of maintenance necessary and to protect the large public investment in the highways of Texas. Approximately 70 percent of the work is on US- and State-numbered highways in Texas, which means that the remainder of approximately 30 percent is on FM and RM roads.

Fulton, Attebury Play In All-State Band

Jon Mark Fulton and Dee Ann Attebury, senior students at Abernathy High School, participated in the Texas Baptist All-State Band June 22-28 at Hardin Simmons University in Abilene.

Jon Mark was second chair baritone and also played the trombone during one of the songs the choir sang.

Dee Ann was second chair flute player for the band.

There were 310 youths in the choir and 65 youths in the band. This is sponsored by Church Music Department, Baptist General Convention of Texas.

The members of the choir and band are youth from all over Texas.

Mr. and Mrs. Wade Attebury, Ruth Fulton, and several young people attended the program Sunday.

Talk Of The Town

Mr. and Mrs. Mark Havens of Canyon spent the weekend with his parents and family Mr. and Mrs. Richard Havens. On Saturday evening they went to Tahoka for supper in the home of Mr. and Mrs. Orville Havens.

Don't Let 'Em Get Away!

We spend millions of dollars to educate and train our community's young people...the finest "crop" of all we produce.

Then we watch them steal away to other cities, other states, where they believe opportunities are greater.

Why can't WE, right here at home, offer them the career futures they seek in distant places? Why not try to keep our home-raised talent at home?

Our stores, factories and service firms could offer lots more job opportunities if they did more business. They'd HAVE more business quickly, if we would quit buying items and services out of town.

Shopping here at home is the best insurance we have to keep our local businesses strong and growing...to provide brighter futures for our precious young people.

Keep part of the dollars you spend... SHOP AT HOME!

The New Deal Young Farmers and Young Homemakers sponsored a parade, barbeque, several booths and a dance Saturday, July 4th.

The booths offered fresh watermelon, homemade ice cream, cakes and the band boosters sponsored a booth with snow cones and cotton candy.

Games and contests were played during the day's events. The cheerleaders sponsored a dunking board, volleyball was played and horseshoes were thrown. There was even a watermelon seed spitting contest. Barbeque was served at

lunch and 200 people were served. There was also a parade with bicycles, the New Deal riding club, all types of vehicles and other interesting entries.

The Young Homemakers raffled two quilts. The first quilt went to J.C. Danford and the children's quilt went to Aricka Theil.

The celebration ended with a dance sponsored by the Young Farmers of New Deal. Country and Western band "Armadillo Flat Band" of Lubbock, played from 9 p.m. until 1 a.m. Sunday morning. Two hundred fifty people attended the dance.

Films Available To Area Schools

Films and other instructional materials available to the public schools through the Lubbock-based Region XVII Education Service Center will be shown to interested citizens during a quarterly one-day review session set for Friday, July 24.

The open house is scheduled for 8 a.m. to 5 p.m. at the Media Division of the Service Center, 4000 22nd

Place, Lubbock. "Persons wishing to view certain materials should notify the Media Division at least 10 days in advance," said Gerald Rogers, Director of Media and Technology, "so that they can be made available."

Requests may be made by calling 792-4000, the Media Division of the Education Service Center.

Texas Youth Camp July 20-24 At Roaring Springs

The Amarillo area Full Gospel Churches are, for the 12th year, sponsoring the Top of Texas Youth Camp in July of this year at Roaring Springs, Texas. It's not too early to plan for the summer of 1981 and several congregations have realized this.

The speakers for this year's Top of Texas Youth Camp will be Homero Rios, an exciting, spirit filled, Spanish evangelist from the New Hope Bible School near Monterrey, Old Mexico. Also we have Mary Ann Brown, one of the nation's most

popular speakers. People from all over the United States have attended this camp, which proves every year to be a tremendous success in meeting the personal needs of people from the ages of 8 to 25.

July 20-24 will be the week of this special camp meeting. The cost will be \$40.00 per person.

Any more information about this activity filled camp can be obtained by writing: B.G. and Sue Sinclair, c/o Evangelistic Center Church, Box 1466, Amarillo, TX 79105.

Cut quick and easy with a nylon-line trimmer

Cutting grass and weeds is quick and easy with a John Deere Trimmer/Edger. The rapidly spinning nylon line cuts fast with no worry about operator injury from sharp blades. Cut under fences, around trees or shrubs — in many places conventional trimmers can't reach. These trimmers can also be used to mow, edge sidewalks, or sweep grass and leaves from walks and drives.
