When making her predictions, Mrs. Perry told of a plane trip she made over the weekend. Flying at about 9,000 feet, the engine stalled and the pilot had to make a forced landing. No one was injured, but Mrs. Perry stated that her crystal ball was broken during the rough landing.

Dr. Cadenhead, who is now alone in last place, is threatening to leave town again so that Dr. Joe Thigpen can substitute again. (In a previous substitution Dr. Thigpen predicted a perfect 100%).

200 Attend HNB Barbeque

The Haskell National Bank hosted a barbeque dinner in appreciation of is business patrons last Thursday night in the Elementary School Cafeteria with approximately 200 persons attending.

HNB President Abe Turner introduced several out-of-town guests including State Representative W. S. Bill Heatly of Paducah.

After the dinner, Turner introduced Lee Herring, vicepresident of the Grand Prairie State Bank, who entertained the crowd with about 30 minutes of jokes broken up with several serious thoughts.

The entire crowd neared hysterics on several occasions as iferring told many prepared and several true stories.

After Herring's talk, Turner again thanked those present for their cooperation and support of Haskell National Bank.

National Business Women's Week October 15 to 21

National Business Women's week, initiated by business and professional women in 1928, is a period to spotlight the role of the working women in the economic, civic, cultural and business life of the community and

This tribute to the working woman, which is traditionally the third full week in October, is being observed this year during the week of October 15 to 21. Theme of this year's study

is 'Be Involved'. The Haskell Business and Professional Women's Club has planned activities for the week, carrying out the theme of Being Involved. The first of events opening observance of Business and Professional Women's Week will be a membership breakfast. October 15. Tuesday a 'Dutch Treat' luncheon will be held for members and their guests at the City Cafe. Friday's activities will include a coffee from 9:30-11:30 in the Community Room of the Haskell National Bank. Invitations are currently being mailed. Working women in Haskell who, for any reason, do not receive an invitation, are urged to attend the coffee and visit with members and view scrapbooks and

other displays. During the entire week members of the club will be looking for ways and means of furthering their service to the com-

their first defeat of the 1972 season last Friday night in Olney. The Cubs managed only a field goal to defeat the Indians for the second straight year.

After kicking to the Cubs and holding them to only five yards in three plays the Tribe took over on their own 39 yard line and moved the ball 40 yards in 13 plays. Giving the ball up on an incomplete pass on a fourth and seven situation, the Indians gave the Cubs only short gains in their next seven plays.

Randy Ivy made the only interception of the game giving the Indian offense its second chance in the first period. Moving the ball about 40 yards to mid-field, the Tribe again relinquished ownership of the pigskin, punting on a fourth and one situation.

The Cubs began their first offensive drive in the second period on their own 28 yard line and after a 47 yard pass play were held four plays inside the ten. A blocked field goal was recovered on the 12 and the Tribe moved the ball to the 44. Attempting a pass on first and ten, quarterback Bobby Cobb was hit hard from the blind side and fumbled the ball.

The remainder of the first half was back and forth with Olney gaining only two first downs and Haskell gaining one.

The Indians received the second half kickoff and moved the ball 52 yards in nine plays. No gain on a fourth and two turned the ball over to the Cubs who began the only scoring

Moving the ball 57 yards in ten plays, the Cubs fought to the Indian six and on third and six were dropped for a five yard loss to the 11. Donnie Blair kicked a 28 yard field goal to give the Cubs the only points needed to take the vic-

During the remainder of the game, the Indians controlled the ball for only 14 plays.

As the final period began, the Cubs moved the ball to a first and goal from the five and were held four plays by the tough goal line defense of the Indians

Taking over on their own one the coaching staff considered giving the Cubs a safety, but instead decided to try a quick kick. A bad bounce gave the Cubs possession on the Indian 36. Six plays later the Indians regained possession of the football but were forced to punt after making only one first down in a six play drive that covered only 14 yards.

Olney controlled the ball until just over one minute remained in the game and in a desperate attempt to score the Tribe failed to connect on three passes and gave the ball up

with 32 seconds left to play. Olney, not trying to move the ball, took only two plays to run the clock out.

DON'T TAKE RURAL TEXANS FOR A RIDE...

...AND DON'T TAKE US FOR GRANTED.

HERE'S WHAT NIXON IS DOING TO RURAL AMERICA

WHEAT SCANDAL - Giant wheat exporters made huge profits at the expense

of individual wheat farmers, many in

Texas, on Soviet trade.

TAXES - Wall Street Journal says federal laws favor the corporation or investor who farms on the side for a tax write-

FARM ISSUES - Under Nixon, parity dropped the lowest since 1933. Nixon held up payments of nearly \$400 million for feed grains in 1970, forcing farmers to borrow at highest interest rates in history.

CONGLOMERATE SCANDALS - Big Business first, the public second - that's the Republican philosophy. Anti-trust suit against ITT dropped at the same time ITT pledged \$400,000 to finance Republican Convention.

Harry S. Truman said, 'The Republicans admire our government so much they want to buy it.'

Let's face it. The Republicans just haven't changed much since the days of our grandfathers. They still favor Big Business over the average working man and woman. And while they're taking us for a ride, they keep telling us what a 'dangerous radical' Senator McGovern is.

That's what they said about Harry S. Truman.

HERE'S WHAT McGOVERN IS DOING FOR **RURAL AMERICA**

HIS STANDING - George McGovern has been elected time and again as a Democrat from a Republican farm state . . . because they know where he stands.

TAXES - His tax proposal would end the loopholes for tax-loss farming by giant corporations and the wealthy individuals who compete unfairly with family farmers. McGovern's proposal calls for the same tax on capital gains as on earnings.

FARM ISSUES - He sponsored and cosponsored: Meat Import Limitation Law; Dairy Import Act; Wheat, Feed Grain, and Soybean Emergency Reserve Bill; Rural Development, Rural Job Development, and Rural Telephone Acts: Farm Credit Act; and other pieces of important legislation.

HIS BELIEFS - George McGovern knows that the answers to many of our most pressing problems in America today can be found by developing genuine opportunities for everyone in our small towns and rural areas throughout the country.

Let's not be taken for granted by the Nixon Republicans. Rural America has always fared best under a Democratic administration. If you want to stand up and do something good for rural America, the answer is to help put a Democrat in the White House. We need George McGovern . . . and George McGovern needs us.

Visiting in the home of Dr. and Mrs. J. F. Cadenhead this week was Frances Townsend of Cambridge, New Zealand. She met the Cadenheads while in New York and was invited for a visit.

After visiting in Texas for about five days, she returned to San Francisco and flew to England where she will live and work for about one year.

Steers Defeat Goree, 36-30

By Sherry Sloan Rochester pulled out a narrow 36-30 win in a scoring slugfest with the Goree Wildcats Friday night at Rochester.

Goree, regularly an eightman team, stepped up to 11-11 man competition against the Steers and appeared to be on their way to an upset victory. Rochester pulled the game out of the fire as Tommy English corraled his third TD pass from Donald Scott with 1:10 remaining in the game to give the Steers the victory.

English intercepted the Goree pass to set up the play that brought about the Rochester

quarterback Steve Goree Skeleton did his best for the Wildcats, scoring on runs of 1 and 6 yards and throwing a Johnny Martin scored two

Shopping At Sales Stretch your dollar power by making sales work for you, says Mrs. Barbara Elliott, County Extension Agent. Authorities estimate that families can save between 15 and 25

of special prices. Effective sales shopping begins with a purpose and plan in mind. Stock up on items you regularly use. Identify future needs and be on the lookout for these. However, resist the temptation to over buy because of low prices. Nothing is a

bargain unless you need it. Know the regular selling price so you can recognize a reduced price, says Mrs. Elliott. Keep in mind that prices vary from store to store. A sales price at one store may be the regular price at another.

Can colds be avoided? Colds increase when the winter heating season begins, because the dry air in heated rooms parches the nose and throat membranes, which are then more susceptible to virus infection. Dry mucous membranes cannot clean themselves by action of their cilia (hairlike structures) that move mucous upward out of the respiratory system, clearing away germs and viruses. If homes, schools, and places of work can be humidified to about 40% it should help to reduce the common cold in-
