Tony Ortiz Wins Trip To Washington, D.C.

Tony Ortiz, a Junior at Abernathy High School, is one of two students from this area named as winners in the 1983 South Plains Electric Cooperative Oratorical Contest.

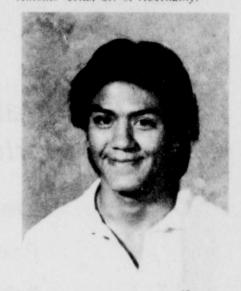

Students from throughout the South Plains competed for the awards February 24, 1983, in Lubbock. Each contestant gave a five to seven minute speech on the topic of their choice. Tony's speech was entitled, "Alcoholism And Its Effects On Our Society.'

Tony, representing AHS and the South Plains Electric Cooperative, will be one of forty winners from Texas to travel in the Government-in-Action Youth Tour to Washington, D.C. in early June. The students will take a twelve-day tour of the nation's capitol.

Very active in his school, Tony is a member of the following organizations: the Antelope Band, FTA, Science Club, FCA, Drama Club, and Annual Staff. He is currently holding three offices: FTA-Corresponding Secretary, AHS Band-Historian, and Science Club-Historian. Tony is also an active member of the Abernathy Math/Science team and Abernathy UIL Prose-Interpretation and Journalism teams. He is a member of the Junior Play cast and the UIL One-Act Play cast.

Tony's comment upon receiving this award was. "I have truly found this contest to be a great experience. It is the answer to one of my biggest

Thomas Pettit gave the invocation and visitors were recognized. Ann Hannel, 8th grade history teacher, brought one of her 8th grade classes to the meeting to observe how the school board operates. Approximately 25 students attended the meeting.

The school calendar for the 1983-84 school year was discussed. Four compensatory days have been set aside for next year. Four days were also named snow make-up days. Spring break was set, what was thought to be, the week of the Plainview Stock Show, as spring break is always held this week so students won't miss additional days of school.

Speck Cox stated that spring break Plainview Stock Show because some families want to take off the entire week on vacation.

This was discussed and the date of spring break next year is still questionable.

The board app.oved the list of books, selected by the textbook committee, for the 1983-84 school

Coda Stephenson, representative for BGR Architects of Lubbock, was not able to attend the meeting Stephenson was going to give the board some more information concerning the construction costs of the proposed Vocational Building. He will have this information at a later date for the school board.

There is an opening on the Education Service Center Board of Directors. Dan Howard is going off and he decided not to run again. The Abernathy School Board is allowed to nominate someone to run for this position, but no nominations were made by board members.

Nominations for the "Outstanding

Citizen of 1982" and the "Farm

Family of the Year" are presently

being taken by the Abernathy Cham-

ber of Commerce, prior to the winners

being announced at the Chamber of

Commerce Banquet April 14.

Bills payable were approved. No questions were asked about the bills paid last month.

Superintendent Gid Adkisson stated that the school is concerned that the school computers might be taken in a burglary or be vandalized. He stated that a local insurance man had estimated that the computers were worth \$75 thousand and that it would take approximately \$500 to insure them. This subject will be put on the agenda for discusssion at the April

The tax report was given by Earl Carter and tax collections are coming should not be the week of the along. He also gave the budget progress report. The budget is right on schedule

School Board President Richard Howard then conducted a questionanswer session for the 8th grade students present.

One student asked the board how much it costs to educate one student each year at Abernathy School. It took several minutes for the answer to this question to be found, but Earl Carter looked in the record books and reported that it takes an average of \$3.884 per student per year at

Another student asked the board if a minority had ever been elected to the School Board. Members said that they did not think that a minority had ever been elected to the board.

Another visitor asked the board if there would have to be a bond issue in order to finance the new Vocational Building. Howard stated that in the past two years, \$250 thousand has been worked into the school budget to hopefully finance this project. He also

added that a bond issue might be needed if the cost of the building exceeds the \$250 thousand budgetted. It was estimated that the Vocational Building could cost as much as \$400 to \$600 thousand.

The board went into executive session to discuss personnel recommendations and teacher contracts.

The board accepted the resignation of Patty McMenamy, Special Education teacher. Contracts were renewed will all other school employees.

The meeting adjourned. The next School Board meeting will be held

Young Homemakers To Meet Monday

The Abernathy Young Homemakers chapter will meet Monday, March 14 7 p.m. in the AHS Homemaking Department.

Christye Waters, a former Abernathian and presently a Home Service Advisor for Southwestern Public Service, will be giving the program.

All members are encouraged to attend this meeting and visitors are welcome.

Mrs. Reid To Speak **To Sunshine Group**

Mrs. Andy Reid, of Lubbock, will be the guest speaker at the Sunshine Group meeting and luncheon Thursday, March 17. Everyone is welcome to hear the

program, which will begin at 11:00 a.m., and join the group for a covered dish lunch to follow at 12 noon.

Spring Break Next Week

Tomorrow at 2:30 p.m., Abernathy public school students will enjoy a one week vacation from school during spring break. They will return to school Monday, March 21.

Social Security Rep. Coming

A representative from the social security office in Plainview will be coming to Abernathy Tuesday, March 15 from 9:30 to 11:30 a.m. The representative will be working at City hall at this time. Those needing extra social security assistance can call 293-4371

Raphel Gets 18 Years

Fredrick Wayne Lewis, 26, of 400 Idalou Road was sentenced to 18 years in prison Thursday by a 99th District Court jury that had found him guilty of aggravated robbery.

Lewis had been offered a sentence of 10 years in the Texas Department of Corrections by lawyers with the criminal district attorney's office who suggested a plea bargain, but Lewis had turned down that offer.

According to testimony, Lewis was the hitchhiker who robbed Scott Raphel, 21, of Abernathy of his wallet at knifepoint.

Raphel told police that, although he "knew better," he picked up a hitchhiker at a gasoline station on the Brownfield Highway about 1:20 a.m. July 15. The pair drove to Lubbock. and the hitchhiker told Raphel he was unable to find a job.

When Raphel reached the 1300 block of Sixth Street, he said, he felt something at his throat, and his passenger said, "Sorry I have to do this to you." The man reportedly took

his wallet and got out of his car. Although the robber took \$44 in cash, he tossed back the the wallet when Raphel asked him to "at least leave my driver's license.

Because prosecutor Will Dodson produced evidence that Lewis previously has been convicted of robbery, and the jury found that to be true, he was eligible for a minimum sentence of 15 years in prison instead of five. By Evie Davis.

The Benefits Of Prayer

There is a song in which the question is asked, "Ere you left your room this morning, did you think to

That is a good question. one which is deserving of our careful consideration. but some may ask, "What good does it do, to pray?" others may say, "I have prayed for many things which have never come to pass." Some may think that prayer accomplishes nothing, but they refrain from

It may be that the greater benefits of prayer are subjective, rather than objective. Like the prayer Jesus prayed in the Garden of Gethsemane, which was a prayer of subjectivity. Jesus was subjecting himself. completley, to the will of God. He prayed, "Not my

will but thine be done." In our Devotions, we reap the greatest benefits, when we commit ourselves to the will of God: without reservations, subjecting ourselves really commit ourselves God and to his will, the benefits are tremendous.

We read in the scriptures that, when a poor publican threw himself upon the mercies of God and cried out, "God be merciful unto me a sinner." God heard and answered that prayer. and the publican went down to his house justified.

When someone says. "Let us pray." do we allow our thoughts to wonder and drift to many things which are far-fetched from prayer? We must direct our thoughts and subject ourselves to the will of God, to reap

Director To PCG To Be Elected Tonight

Hale County cotton producers and agribusinessmen will elect a Businessman Director to Plains Cotton Growers, Inc. at a 7 p.m. meeting Thursday, March 10 in the Hale County State Bank, Plainview.

Announcement of the election comes from Henry Kveton of Petersburg, Hale County Producer Director to the 25-county cotton organization, and Gary Fletcher of Plainview, current Businessman Director.

Each of the countries in PCG territory has two directors, one a businessman and the other a cotton producer. They are elected on alternate years for twoyear terms. Each is eligible for re-election every second percent (from 12.00 percent) on rural residence and farmrelated business loans. Bank closed loan fees had been 4 percent on farm loans and 7 percent on rural residence and farm-related loans.

Participation in PIK Program

Means Higher FCIC Coverage

Farmers who participate in the new 1983 Payment In Kind (PIK) program automatically qualify for higher yield quarantees on their Federal Crop Insurance coverage for wheat, corn, grain sorghum, cotton and rice . . . at NO ADDI-TIONAL COST!

Yield guarantees will automatically increase anywhere from 6% to 10% for those who have FCIC crop insurance protection when they sign up for PIK. And, the premium rate stays the same.

If you have not already insured your 1983 crop against natural disasters that can occur during the growing season, you owe it to yourself to get more information on this FCIC production protection plan. Check out the added benefits available when you sign up to participate in PIK by the March 11, 1983 closing date.

Dear Editor:

As we all know from recent attention given to the driving while intoxicated issue--irresponsible sumption of alcohol is a serious public health problem. Its effects also create an enormous expense to the public

Statistically drinking and driving don't mix. Of all the traffic deaths in Texas each year, more than half are related to alcohol and five percent are associated with other drug use. As physicians we see the aftermath of these tragic "accidents." We see victims of the drunk driver in the emergency room and in our offices for treatment or rehabilitation. All too often we see then fighting for their lives in the operating room--and sometimes they don't make

The Texas Medical Association (TMA) has been actively involved in the effort to stiffen penalties for intoxicated drivers. The 21,500-member organization has made several recommendations to the legislature. They include making prior DWI convictions legally available for enhancing future convictions, prohibiting deferred adjudication in cases relating to driving under the influence of alcohol or drugs, and requiring automatic suspension of driver's license for refusal to take standard detection tests (including blood, urine, and breath tests).

The TMA applauds the efforts of other organizations, private persons, the media, and public officals who are attempting to remove the intoxicated driver from our roads.

DWI is everyone's problem. It will take the continued efforts of a variety of persons and groups to get those driving under the influence of alcohol and drugs off the roads of

PROWL PROWL CUTS YOUR COSTS. NOW \$3.40 REBATE!

Performance makes PROWL the

number one choice.

It's no accident that so many cotton producers choose PROWL when it comes to selecting their grass and broadleaf weed herbicide. Some sound reasons should make PROWL your choice.

PROWL CONTROLS YOUR TOUGHEST GRASSES AND WEEDS.

Herbicide performance starts with good weed control and PROWL controls some of the toughest weed problems in cotton: pigweed (carelessweed), barnyardgrass, seedling Johnsongrass, Texas and fall panicum and lambsquarters. Additionally, PROWL alone controls eleven other grass and weed problems. You can also use PROWL in combination with Caparol, Cotoran or sequentially with Karmex to broaden your weed control spectrum. (Note pages 10-12)

PROWL OFFERS OUTSTANDING CROP TOLERANCE.

You have heard a lot about crop tolerance and witnessed for yourself the effect on cotton some herbicides can have like root pruning or stunting. PROWL is different. Its chemical structure provides for strong, effective weed control without harming young cotton plant root development.

PROWL offers convenient application options.

The leader in performance is also the leader in application convenience.

FALL APPLICATION... In Arizona, California, Louisiana, New Mexico, Mississippi, Oklahoma and Texas, PROWL is registered for application and incorporation anytime after October 15 (up to 140 days before planting). That's a big advantage since you can put your PROWL down during fall field work on ground designated for cotton in the spring. In other cotton producing states, PROWL gives you a 60 day application option prior to planting.

GROUND OR AIR . . . PROWL provides added convenience because it can be applied by air equipment as well as conventional ground methods.

WEED AND FEED ... PROWL can be applied in conjunction with your fertility program. It can be used in combination with liquid fertilizers or impregnated on and applied with dry fertilizers

PROWL benefits will cost you less.

That's right, all the benefits PROWL offers won't cost you more. In fact they may cost you less. Check it out. Based on average dealer prices, PROWL costs less than Treflan. You get more from PROWL but you'll pay less.

PROWL PROVIDES UP TO SEVEN DAYS TO INCORPORATE.

PROWL gives you incorporation flexibility in your schedule by allowing up to seven days between the time you, or your custom applicator, applies PROWL and when you have to incorporate it. This delay is possible because PROWL is more photostable and less volatile than many herbicides, which means you don't sacrifice weed control effectiveness by letting time pass between the two operations.

PROWL WILL NOT CAUSE CARRYOVER PROBLEMS.

PROWL features a unique selectivity that eliminates carryover problems. That's a big plus if your rotational crops are fall planted wheat or barley. (Note certain

PROWL OFFERS **MULTI-CROP VERSATILITY.**

restrictions stated on page 14)

PROWL is registered for use on a number of southern and western grown crops in addition to cotton. Consider the fact that you can use PROWL on soybeans, rice. tobacco, peanuts, sunflowers and corn (on corn, preemergence on the surface after planting, early post-emergence, or CULTI-SPRAY™). If you grow these crops, PROWL can help simplify your herbicide purchasing

Bye MASH...We'll Miss You!

By: Kristy Tipton

Monday, February 28th, over 76% of everyone watching T.V. turned to CBS to watch the last episode of MASH. CBS is now the number one network in prime time because at least 125 million people viewed MASH, that's more than the number that watched the episode, "Who Shot J.R.?" and more than any other television program that has been shown. This will be the fourth year in a row that CBS came out the

Among that 125 million. was the little town of Shallowater. Many tears were shed that night in quiet houses where the only thing that moves was the T.V. People talked about how the last showing of MASH made them feel:

"It was sad! I cried!" said one avid viewer, "I'm sorry that it's over, but I guess they thought 251 episodes were enough. There's always the re-

leave each other!" "It's sad knowing that all the actors aren't going to be working together anymore! Don't you know how much they'll miss each other!!"

It makes you really wonder what war is like. Most of us are young enough to have never been in a real war-like situation, but I "emember when my dad was gone. I really love my dad and even though MASH was just a T.V. show even seeing the portrayal of a war just kills me. I wonder what my dad felt like when he was in the real thing??'

Obviously MASH made everyone think a little bit deeper than maybe some poeple had intended to do. It's too bad that a show that did so many so much good is over. MASH was a 'If my Mom hadn't been tribute to "good family

She had been a Lubbock resident since 1946, moving here from Avinger. She married William W. Perser Dec. 24, 1924, in Linden.

She was a member of Central Baptist Church in Lubbock.

Survivors include her husband; a son, Elmer G. of Lubbock: a sister. Mrs. Willie Mae Perser of Shallowater; and a number of nieces and nephews.

Senior Spotlight...Allen **Bownds and Debi Dirickson**

This weeks senior spotlight falls on Allen Bownds and Debi Dirickson.

Allen was born in Lubbock back in January of 1965. Because he grew up in Texas, his hobbies and pastimes conform to his southern lifestyle. Allen enjoys roping steers and listening to Bluegrass music. When dinner time rolls around at home, Allen is the first to be seen if the menu consists of "beans, cornbread, and fired tators.'

In school, as well as out of school, Allen is an active person. FFA and NHS are two of the clubs that he is proud to be in. FFA and Ag go together, so that's probably why Ag is Allen's favorite subject. NHS is also tops on Allen's list because this is his first year in it, and he'll be graduating as an honor student-7th in his

When Allen has got time to watch T.V., M.A.S.H.

takes the cake. Allen is an honest person who tries to be nice to everyone. "I have a quick temper," he says, "and that knocks my personality down". "I try to look on the bright side of things, but sometimes I just can't." All in all, though, Allen's Senior year has gone well. "It's all right, I reckon I'm having a pretty good time, but I sure will be glad when it's all over!" And, after it is all over, Allen plans to continue working as a brick-layer with his father and hopes to find "a place of his own."

Allen had an important wish for his Senior class, "I

think I'm with the best bunch of people there are to graduate with and I hope the Lord is always with

them all!" Debi Dirickson, daughter of James and Glenda Van Ness, is our next Senior. She was born in Amherst, Texas on a windy October day in 1964.

She grew up to be this year's Shallowater High School Valedictorian. Debi feels that, along with this accomplishment, being officers of both FHA and NHS and editor of the Newspaper staff are important.

Debi works at Famous Corn Dogs in the South Plains Mall. She had no other comments about work-

ing there. In her extra time, she dates, reads, listens to C&W music, and messes

around with her firends. Steak and potatoes, as well as barbeque, top Debi's list of favorite foods. Like Allen, Debi loves M.A.S.H. and she states "I'm gonna die when it goes off the air!!"

After graduating as 1st in her Senior Class, Debi plans to go to McMurry College in Abilene or Stephen F. Austin University to study Special Education and Phycology. by Kristy Tipton

YOUNG FARMERS

VOLLEYBALL

TOURNAMENT The Volleyball Tournament held by the Young Farmers last weekend was a big success. First Place in the Women's Division was T & T Drilling. The team members were Imogene Hays, Jo Ann Phillips, Mary Ann Vines, Wanda Looney, Ann Henry, Donette Mar-ble, Joyce Ritchie, Hazel Rudder, and Cindy Eichenderger. There was a lot of kidding going on because some to these women are older than most of the teams entered, and Imogene Hays and Wanda Looney both ended up on crutches, but they are still the

toughest women's team in

New Deal. Second Place in the Womens' Division was won by

Farmers Depot. The team members were: Rhea Boepple, Vickie Sherman, Pam Martin, Pam Westbrook, Lillian Ballenger and Belinda Attebury.

The Idalou Team won the Men's Division of the tournament. Team members were Kenny Thiel, Richard Pruitt, Bobby Hitt, David Majors, Rosendo Mojica. and Joe Gary.

Second Place went to the Armadillo's composed of Steve Emery, Manual Adams, Kelly Storrs, Rudy Aleman, Robbi Rameriz, and Martin Adams.

Antelopes Second In The Region

The Abernathy Antelopes placed second in this region after losing to an almost perfect Dimmitt team in the finals of the Regional Tourney last weekend at the Lubbock Coliseum.

It was the third time Dimmitt had defeated the Lopes this year and this time Dimmitt won by 23 points. In the previous two encounters. Dimmitt had won by 11 and 9 points.

Dimmitt was coming off of two big wins, one over Boys Ranch 89-49 for Bi-District, and the other over Slaton 82-46 to win Area. The Antelopes were also coming off of two big wins before the Regional Tourney. They had defeated Perryton by 20 points to win Bi-District and Idalou by 30 points to win Area.

Regional Tourney

In the first round of Regional, the Lopes took on a tough Ballinger squad who had every intention of playing Dimmitt in the finals. Ballinger was no push-over and refused to be beaten, even up until the final minutes, as it was a close game all the way.

First Half

The Antelopes, as well as Ballinger, came out hitting the basket immediatley as it was starting out to be a contest on who could score the most points in the first

Cletus Irlbeck, Allen Lester. Ed Teal and Sammy Galloway were all making the points in the first quarter. Irlbeck had 6 points, Lester 6, Galloway 1,0 a 28-20 first quarter lead. to 21-12. Ballinger's Michael Manley was giving the Lopes little

room to extend their lead as he scored 8 points for Ballinger in the first quart-

The fast scoring pace continued in the second quarter with Ed Teal leading the pack. Teal scored 11 points in the second quarter and the Lopes were ahead 50-39 at halftime. Ballinger's Arthur Organ and Aaron Keesee had kept Ballinger in the game by scoring 6 points each before

Second Half

Ahead by 11 points, the Lopes found out soon in the third quarter that they would have to work hard to keep their lead. Ballinger out-scored the Lopes 18-15 this quarter to draw closer. 57-65. Ballinger's Keesee added 6 points this quarter.

The Lopes held an 8 point lead going into the final period, 57-65. Ballinger fought to try to gain the lead and came within 4 points of Abernathy at one time in the fourth quarter. Keesee added 8 points in this quarter and Organ several points to keep Ballinger close.

In the final minute, Ballinger's Matt Allen brought Ballinger within 4 points, 75-79, but Sammy Galloway and Ed Teal each added two points to put Ballinger away

Leading scorers for the Lopes were Ed Teal with an incredible 31 points, Sammy Galloway 22 points, Cletus Irlbeck 12, Larry Perkins 6 and Allen Lester 10.

Ballinger had 21 team fouls and Abernathy 14. The Lopes improved their record and Teal 6 to give the Lopes to 27-8 while Ballinger fell

Dimmitt won their first round of Regional easily 93-47 over Canutillo continuing their trend of crushing every team in their path. They kept their record un-blemished at 35-0.

It was the match-up that everyone had expected since the beginning of the season, Abernathy verses Dimmitt in the Regional finals. There were other match-ups such as Cleveland verses Irlbeckcoaches and their sons. The Lopes had not forgotten that only a year ago at the Regional Tourney, Dimmitt won by 4 points to advance to the second round of Regional.

The stage was set for the big playoff game. It began at 5:30 p.m. in front of probably the largest crowd that has ever gathered for a Regional game at the Lubbock Coliseum, which was at least two-thirds full.

First Half

The biggest lead the Lopes ever held in the game was early in the first quarter 8-4. The last time

they would have the lead was mid-way through the first quarter, 10-9. By the end of the first quarter, Dimmitt was on top 17-14.

The Lopes held close to Dimmitt in the second quarter. The highlight of the quarter was a slam dunk by Sammy Galloway early in the quarter, which made the score 18-21. Dimmitt's John Smith took over at this time and added several points to give Dimmitt a 36-29 halftime lead.

Second Half

In the third quarter, Dimmitt exploded and took a comfortable lead. Kevin Cleveland had been held to 2 points for the entire first half, but as the Lopes tried to cover just as deadly John Smith, Cleveland got loose scoring 8 points in the third quarter alone. Dimmitt outscored the Lopes 22-9 in the third quarter to take a 58-38 lead.

Teal, Galloway and Irlbeck were all on the brink of fouling out when the fourth quarter began and were forced to ease up on Dimmitt, who also had several players in foul trouble. Irlbeck and Cleveland would each get technicals before it was all over. Everything Dimmitt was

doing seemed to go right for them in both the third and fourth quarters. Dimmitt's Fermin Gonzales could not miss as he racked up 8 points in the final period. The Lopes could not get anything going and were losing control of the ball.

The closest Abernathy got in the fourth quarter was 44-58, before Dimmitt put 23 points between them by the end of the game. With 57 seconds left in

the game Fermin Gonzales got loose down court. Cletus Irlbeck hurried down to try to stop Gonzales from scoring and he did.

The game continued and the final minute ticked away with Dimmitt on top 78-55. Dimmitt had defeated Abernathy the second year in a row at Regional. They will again advance to State and try to keep their State

Leading scorers for the Lopes were Ed Teal with 22 points. Larry Perkins 10, Cletus Irlbeck 12, and Sammy Galloway 8. Dimmitt's leading scorers were Smith with 19. King 11. Cleveland 13, and Watts 19.

Dimmitt hit 60 percent of their shots compared to Abernathy hitting only 37 percent. Dimmitt had 16 fouls and Abernathy 18. Dimmitt had 27 rebounds and Abernathy 23.

THERE'S ONE NEAR YOU

"SPEC members have saved over \$6,000,000 since 1975."

Over the past few years, the cost of almost everyting has doubled, even tripled in some cases. And that includes the wholesale cost of electricity.

But at South Plains Electric Cooperative, we're happy to report our member owners have saved over \$6,000,000.00 with the wholesale power contract negotiated by management in 1972.

What this means is that while SPEC members were saving money, their counterparts in the cities and towns with municipal electric companies were spending more money to run their homes and do their work.

Electricity makes life easier, safer and more comfortable. And it's still a bargain...at South Plains Electric Cooperative, bringing you the "Economic Facts of Light."
