Emergency Sirens To Be Tested

The Abernathy Fire Department will be testing the civil defense sirens the morning of March 25 (Friday).

If the weather is poor that Friday, the sirens will be tested the next day, Saturday, March 26. The weather will need to be pleasant so locals will not really think there is a tornado or threatening weather conditions when the sirens are tested.

City To Charter Senior Citizens Center

The Abernathy City Council met Monday night at 7:30 p.m. for their March meeting. All members were present, excluding Charles Nelson and Harold Stillwell, who were not able to attend.

The meeting was called to order by Mayor Pete Thompson. The minutes of the February 14 meeting and the emergency meeting March 9 were reviewed and approved.

Aerial Spraying Service

The first item on the agenda was to look at two bids sent to the Council concerning aerial spraying service for Abernathy during the summer months.

Two spraying bids were given, one by Southwest Aerial Services, Inc. of Plainview and one by the local spraying company, Rawlings and Associates, Inc.

Bob Rawlings, of Rawlings and Associates, and James Horton, a representative from Southwest Aerial, were present to explain their bids. The bids were as follows:

Rawlings - application price per acre .46 1/2 cents; insecticide price per acre (no price given). Southwest - application price .48 cents per acre; insecticide price .38 cents; total price per acre .86 cents.

After a discussion period, the bid given by Southwest was accepted for .86 cents per acre per spraying.

The Council went with Southwest because they bid what the specifications required. Rawlings did not submit a bid for insecticides or a total bid. The Council explained that they prefer to contract with local people, but that it would not be fair to Southwest, or any other company, not to take their bid when it was given to meet City specs outlined when bids were being taken.

Southwest has done the spraying for the City the past several summers.

Monthly Aerial Spraying Charge

The monthly aerial spraying charge was increased to \$1.25 last year. During the six months in which mosquito spraying takes place, \$1.25 extra is charged to each City meter monthly to pay for the spraying.

Last year the City was sprayed seven times for mosquitoes. Each application was on a basis of 1,100 City acres at a cost of .84 cents per acre. Last year the City spent \$6,468 on spraying but brought in \$7,128 from the \$1.25 fee charged to each household. Therefore, the City netted \$660 last year after mosquito season.

Out-Of-City Water Extension

The Council considered at a request made by Jesse Knight to tap onto the City water supply. Knight wants the City water transported to 3 1/2 acres of land he purchased 1 1/2 miles north of town.

Knight would be responsible for all expenses in having a water line installed to this new location.

Presently, the farthest taps connected to the City water system extend one mile out of town. The tap requested would be a distance of 1 1/2 miles from town.

The Council decided they would need more time to think about this water request due to other complications they can foresee taking place if a City water tap is allowed at this distance from the City.

City To Charter Center

The City Council decided to be the chartering organization of the Abernathy Senior Citizens Center. The Council authorized City Manager Rod Ellis to apply for grant funds from the SPAG aging program, of which \$225 thousand have been made available by the government for senior citizens projects. If acquired, the funds will be

used for establishing a senior citizens center in Abernathy.

City Takes Ownership Of Property

The Abernathy Chamber of Commerce started the Abernathy Industrial Foundation in 1968. The Industrial Foundation was granted the property that is now known as Chamber of Commerce Park, located on Avenue D on the north side of town.

The Chamber recently made a request that the City accept ownership of this property so that it could be properly maintained and the Chamber would no longer have to pay taxes on it. The Council agreed to take the property and it will be decided to the City by a Chamber representative.

Ballot Serial Numbers Assigned

Ballot serial numbers were assigned for the up-coming City election April 2. Ballots 1-50 will be used for absentee voting and ballots 51-750 will be used for the election April 2.

Extended Area Service

Extended area service to Lubbock was discussed. The Council passed a resolution asking the phone company to make a feasibility study as to providing extended service between

Abernathy and Lubbock. Extended service would allow locals to call Lubbock without it being long distance.

The meeting adjourned.

March 9 Meeting

The City Council held an emergency meeting Wednesday, March 9, at 7 p.m. to discuss all of the details concerning the City chartering the proposed senior citizens center. The center was discussed for one hour, but no action was taken until the meeting held Monday night.

Elementary "Western Day" To Feature National Rodeo Champion

The Abernathy Elementary School will have "Western Day" Thursday, March 24. The event will feature seven-time best all-around cowboy in the nation, Jim Shoulders. Shoulders will be riding his bull, Buford.

Another feature presentation of the day will be the appearance of four Belgian Draft Horses from the Owens Spring Creek Farm in Richardson,

Texas. The magnificent Belgian Draft horses are truly one of a kind. The weight of these blonde beauties averages about 2,300 pounds and they

stand between 17 and 18 1/2 hands high.

The horses, Shoulders and a rodeo clown or two will arrive at the elementary school parking lot at 10

a.m. Thursday. They will also be performing at the ABC Rodeo in Lubbock March 24-27, but they are donating their time in coming to Abernathy to see the elementary

students on "Western Day". The ABC Rodeo Queen may even come with them, so everyone is encouraged to be at the school Thursday.

SPECIAL AWARD WINNERS at the Abernathy Project Show last Tuesday-Wednesday were Melanie Parks-winner of the Plains Grain FFA Award; Lonnie Howard-winner of the Chris Benn Award, and D'Ana Howard-winner of the Plains Grain 4-H Award. (Review Photo by Ryn Dunn)

Fire Dept. Distributes Over 7,000 Lbs.

Last Saturday, the Abernathy Volunteer Fire Department distributed over 7,000 pounds of butter and cheese.

This distribution was made possible in part by Plains Grain who volunteered the use of their truck and a driver. The Fire Department would also like to thank Jack C. Waters III, Shelton Hardin, Gwin Myatt, Dale Thickston and all the fire department members who gave of their valuable time to help in the distribution.

It was brought to the attention of a fireman that some people believed they were selling the surplus. This is not true! At the end of the line, the Fire Department placed a donation box to give people the opportunity to help

pay for the storage.

The money which the Fire Department received for storage is placed in the department fund to buy fire department equipment, such as hoses, nozzles, protective ware, etc. These volunteer firemen are not paid and

they risk their lives for a simple two words, "THANK YOU".

The Fire Department would like to thank all those who did donate, for they are the ones who remember a fire department needs equipment to save lives.

Motorists Should Stop For Buses

Abernathy School Superintendent Gid Adkisson stated that he has heard several reports of motorists not stopping for school buses.

Adkisson stated that it is illegal to pass a bus which has its blinking lights on and is letting students off at

their homes, even if the bus is on the side of the road.

Local motorists need to remember to watch out for school buses which they meet or catch from behind. They should stop before passing the bus, if it has its blinking lights on or has

ON THE COUNTY LINE

BY KEITH TOOLEY

IT'S NEVER TOO LATE to bring back the tradition of the wife sitting on the husband's side of the front seat next to him.

There's an old story. The wife, riding along with her husband, spots a younger couple huddled together in another car.

"We used to do that 25 years ago, honey," she said to her husband. "Why did we stop?" "Don't ask me," he replies. "I haven't moved." Borrowed from Lewis Grizzard's Column.

AFTER EXAMINING A REPORT by the High Plains Underground Water Conservation District, we have found out that the soil is in pretty good shape as far as moisture goes.

A map shows that most of Hale County needs less than 6 inches of moisture to wet the top five feet of soil to field capacity.

There were only two areas on the map that will require at least 6 inches of moisture to wet the top five feet of soil to field capacity. One of these two drier areas is located immediately northwest of Abernathy and the other area is a large span of land northwest to northeast of Petersburg.

This moisture should get the 1983 growing season off to a good start and

hopefully a bumper year for those farms which are planted.

"**GOOD GRIEF.**" said the 98-pound worker, "that big foreman makes me so mad that I feel like punching him again!"

"Again?" asked the unbelieving co-worker.

"Yeah," said the little guy, "I felt like it yesterday, too."

THOSE PLEDGES NEED to be sent in for the senior citizens center. Plans are being made to have the foundation poured and the Depot moved. The City has applied for funding and it is necessary to go ahead and get a foundation laid and the Depot moved, then the SPAG funds will be used to renovate the building.

If you haven't pledged any money toward this worthy cause, do so. And those who have made their pledges should see them through as soon as possible.

Volunteers will also be needed to help construct the foundation and move the Depot. Those who wish to help should give me a call and let me know what your specialty is. Many have volunteered free labor, but we will need many more. Call now!

A BARN ALMOST CATCHES FIRE on the Marvin Looney place, 7 miles southwest of Abernathy. A cotton seed pile caught on fire at 10:45 a.m. Saturday morning and the wind carried the fire across to a nearby barn. The barn had just begun to start burning when Abernathy Firemen arrived to save it. (Review Photo)

Three Selected To All-District

Three Antelope basketball players were selected to the All-District Team recently. The names were released after Dimmitt, also in this District, finished their season by winning the State crown last weekend.

Those from Abernathy to receive this high honor were Ed Teal, Cletus Irlbeck and Sammy Galloway.

Others selected to the 10 member All-District squad were King, Cleveland, Watts and Smith, all of Dimmitt; John Isaacs of Muleshoe; Pat Demel of Littlefield; and Mike Chaney of Friona.

Those from Abernathy who received honorable mention were Larry Perkins, Allen Lester, Brian Smith and Chester Cooper.

Bank Requests Account Number

First State Bank of Abernathy is now on computer and many customers are still not putting their account numbers on their checks.

Several customers have not contacted their insurance companies and had their account numbers put on their checks, so a draft can be properly drawn on them by their insurance companies.

If you have not contacted your insurance company, please do and give them your account number.

American Agriculture Movement Meeting

There will be an American Agriculture Movement Meeting Friday, March 18, at 6:30 p.m. at the Cotton Center School Cafeteria for Districts I and II of the AAM.

This is a barbeque supper and program and will feature some speakers.

Weekly Devotional

"He that is faithful in that which is least is faithful also in much." Luke 16:10

Life is made up of little things. Have you ever noticed that the vast majority of life is dealing with the little, everyday things? Everybody has opportunity and capacity for dealing with these things. We should be grateful because this provides a training ground for building character. Attitudes and values built up in dealing with little things will transfer over into the realm of big things.

Fretting impatiently and hoping for a chance to "do something big" is not only wasteful, it is defeating.

Only the person who has already won muscles through mastery of little things will be strong enough to handle big things when they are encountered. None of us is excluded from the fellowship of mastering little things, if we will but accept the challenge. May we remember that, if we will be faithful in the least, God will send the much.

FTA State Convention

Fun, exciting, and memorable are the words to describe the FTA State Convention at Dallas," said Rachel Lopez, junior. There were more than three thousand FTA members present at the convention. They all stayed at the Hyatt Regency Hotel in Dallas. "Due to the crowded elevators, I met people from all over-most of which accompanied me in the elevator," commented Yolanda Ortiz, Abernathy FTA President. The convention elected officers for 1983-84 and members attended workshops. The District FTA President, Kim Allison, was one who received a certificate for Outstanding District President. Attending from Abernathy were Yolanda Ortiz, senior; Sandy Ortiz, senior; Tony Ortiz, junior; Rachel Lopez, junior; and sponsors, Mrs. Wanda LaMoine, English teacher, and Mrs. Malena Gough, English teacher. Howards Show Winning Steers At Houston Livestock Show

Hale County 4-H members did well when they exhibited their 4-H livestock projects at the Houston Livestock Show in Houston, Texas, March 2, 3, and 4, according to Tom Conerly, County Extension Agent-Agri.

In the steer show, Lonnie Howard, Abernathy, exhibited the second place middle weight Chianina. D'Ana Howard, Abernathy, had the third place heavy weight Maine Anjou. Mandy Igo, Halfway, exhibited the fourth place light weight Shorthorn. William Hancock, Plainview, had the

sixth place heavy weight Simmental. Clifton Pinnell, Plainview, exhibited the eighth place light weight Maine Anjou. Rob Hamilton, Plainview, had the ninth place middle weight Hereford. John Hamilton, Plainview, exhibited the tenth place heavy weight Charolais. Robert Igo, Halfway, exhibited the 12th place middle weight Limousin and Colbie Pinnell, Plainview, had the 15th place light weight Limousin. Kristen Karrh, Plainview, had the 16th place heavy weight Hereford. Other Hale County 4-H'ers exhib-

iting steers were: Christi Barton, Halfway; Marc Dodson, Plainview; and Kevin Karrh, Plainview.

Brent Hamilton, Plain-

view, had a fifth place Limousin heifer in the Junior Heifer Show.

Lonnie Howard, Abernathy, was honored at the Texas Club Calf Association Banquet, Friday, March 4, in Houston. Lonnie was fourth in the Texas Club Calf Association Chianina standings and was awarded

a pin.

In the lamb show, Steven Reese, Plainview, exhibited the 15th place middle weight Southdown and Carla Bontke, Plainview, had the 22nd place middle weight Southdown. Jana Bontke, Leslie Miller and Stacy Miller, all of Plainview, and Beth Windham of Abernathy also exhibited lambs at Houston.

RUSSELL Horan, Plainview, exhibited the 10th place middle weight cross-bred pig in the Junior Pig Show at Houston. Others exhibiting pigs were: Carla Bontke, Plainview; Dan Gregory, Petersburg; Doug White, Plainview; and Beth Windham, Abernathy.

Beth Windham, Abernathy, also placed a turkey in the Houston show this year. Beth's turkey brought \$700.00 in the auction sale on Saturday, March 5.

At the auction sale, March 5, Lonnie Howard's Chianina calf sold for \$3.00 per pound, and D'Ana Howard's Maine Anjou sold for \$3.25 per pound. Mandy Igo's Shorthorn sold for \$2.25 per pound. All other calves sold for \$1.50 per pound.

Russell Horan's barrow sold for \$1.60 per pound. Also attending the show

were parents, leaders. Conerly and Ollie Linder, County Extension Agents.

The Grand Champion steer this year sold for \$140,000.00 and the Grand Champion lamb sold for \$71,500.00. The Grand

Champion barrow sold for \$56,000.00.

LUBBOCK, Friday, March 11, 1983

"Probably not much" sums up the answers from High Plains Boll Weevil Control Program officials when asked what effect 1983 government acreage reduction programs will have on the size or cost of the 1983 weevil control effort.

"In fact," says Ed Dean, Field Service Director for program sponsor Plains Cotton Growers, Inc., "instead of a reduction we are expecting and gearing up for a 1983 program roughly twice the size of the one carried out in 1983."

In 1982, even with cotton acreage reduced by weather factors, an aggregate of about 450,000 weevil-infested acres required spraying at a cost of about \$1 million.

Planted acreage will be cut to about the same or even a greater percentage below normal by government programs in 1983 if farmers go along with the acreage reduction and payment-in-kind programs to the extent now anticipated, Dean admits. "But every other factor influencing weevil numbers points to 1983 infestations heavier and more widespread than those experienced last year."

Indications that weevil infestation in 1983 may rival the all-time highs seen in 1977 include sub-normal control efforts during the 1982 growing season in counties adjoining the PCG program control zone, plus winter snows that provided overwintering weevils with the moisture and insulation necessary to an extremely high winter survival rate both in and out of the control zone.

"Our inspections of ground trash from traditional hibernation sites are turning up abnormally high numbers of weevils, which substantiates our projections that weevil emergence this Spring will be above anything seen in recent years," Dean continues. "And if early season growing conditions are right, that sets the stage for explosive population growth and massive migration."

The PCG program control zone last year covered all or parts of 16 counties, including Andrews, Borden, Briscoe, Crosby, Dawson, Dickens, Floyd, Garza, Hall, Howard, Kent, Lubbock, Lynn, Martin, Motley and Scurry.

The PCG program, initiated in 1964, is jointly financed by High Plains producers, the U. S. and Texas Departments of Agriculture. Its 19 years of success in preventing the establishment of weevils in the vast cotton fields between the Caprock and Eastern New Mexico is widely hailed as an unparalleled example of long-term agricultural insect control.

COTTON TODAY

WEATHER FUNDS REQUESTED: National Cotton Council President Gerald B. Brewer asked the House Science and Technology subcommittee to continue funding the Agricultural Weather Program after the Administration's budget deleted it. The action was requested by Brewer in a letter to Subcommittee Chairman James H. Scheuer (D-N.Y.).

The Cotton Belt's four ag weather service centers would be closed if Congress does not replace the funds.

Brewer quoted studies showing \$57 million savings to cotton growers alone in just one state in one year as a result of timely government weather reporting.

The Council president also said user fees are impractical since the service benefits so many, including consumers. The program presently runs on a \$1 million budget and employs 35.

RUSSIA BUYS U.S. COTTON: Export sales for the week ended March 3 show that the Soviet Union purchased 99,000 bales of U.S. cotton. An additional 217,200 bales listed for unknown destinations in the previous week's report also are likely to be for the Russian market.

The Russian cotton crop was damaged by rain storms.

PROWL

PROWL CUTS YOUR COSTS.

NOW \$3.40 REBATE!

PROWL PROVIDES UP TO SEVEN DAYS TO INCORPORATE.

PROWL gives you incorporation flexibility in your schedule by allowing up to seven days between the time you, or your custom applicator, applies PROWL and when you have to incorporate it. This delay is possible because PROWL is more photostable and less volatile than many herbicides, which means you don't sacrifice weed control effectiveness by letting time pass between the two operations.

PROWL CONTROLS YOUR TOUGHEST GRASSES AND WEEDS.

Herbicide performance starts with good weed control and PROWL controls some of the toughest weed problems in cotton: pigweed (carelessweed), barnyardgrass, seedling Johnsongrass, Texas and fall panicum and lambsquarters. Additionally, PROWL alone controls eleven other grass and weed problems. You can also use PROWL in combination with Caparol, Cotoran or sequentially with Karmex to broaden your weed control spectrum. (Note pages 10-12)

PROWL OFFERS OUTSTANDING CROP TOLERANCE.

You have heard a lot about crop tolerance and witnessed for yourself the effect on cotton some herbicides can have like root pruning or stunting. PROWL is different. Its chemical structure provides for strong, effective weed control without harming young cotton plant root development.

PROWL offers convenient application options.

The leader in performance is also the leader in application convenience.

FALL APPLICATION... In Arizona, California, Louisiana, New Mexico, Mississippi, Oklahoma and Texas, PROWL is registered for application and incorporation anytime after October 15 (up to 140 days before planting). That's a big advantage since you can put your PROWL down during fall field work on ground designated for cotton in the spring. In other cotton producing states, PROWL gives you a 60 day application option prior to planting.

GROUND OR AIR... PROWL provides added convenience because it can be applied by air equipment as well as conventional ground methods.

WEED AND FEED... PROWL can be applied in conjunction with your fertility program. It can be used in combination with liquid fertilizers or impregnated on and applied with dry fertilizers.

PROWL benefits will cost you less.

That's right, all the benefits PROWL offers won't cost you more. In fact they may cost you less. Check it out. Based on average dealer prices, PROWL costs less than Treflan. You get more from PROWL but you'll pay less.

Senior Spotlight...Angie Bishop and Kit Bigham

This week's senior spotlight features Angie Bishop and Kit Bigham.

Angie is 17 and was born in Lubbock May 24, 1965. Her parents are Dwain and June Bishop.

Angie sometimes works at Shallowater Flowers and Gifts with her mother. She enjoys cheerleading and drawing. She loves country music and Chinese food. Her favorite television show is "Square Pegs" and she really liked the movie "E.T."

He best-liked subject in school is athletics. She also belongs to FHA. Angie is active in basketball and she likes tennis. "even though I can't play very well," Angie says.

When asked if she had any comments on her personality, Angie replied,

"na." Among her list of accomplishments, she says "passing English is foremost."

She replied, "it's about time," when asked how she felt about being a senior.

She plans to go to Texas Tech and get a degree in Architecture. She also has this to say, "I hope my senior year turns out to be fun."

ANGIE BISHOP AND KIT BIGHAM

Kit Bigham, age 19, is this week's second Senior Spotlight. He was born in Lubbock and has lived in this area for the most part of his life.

The son of Ann and Boker Bigham, he works part time with his Dad. He enjoys the money a little bit more than the work.

Kit is a very athletic person. He plays football, and to keep in shape between seasons, he goes through off-season. For hobbies, he enjoys motorcycling and water skiing. Fishing and playing basketball with his friends are things he enjoys a lot also. But when he isn't doing any of those things, he spends a lot of time on his car.

He likes all kinds of music, but he mainly listens to country and rock. Steak, shrimp, and potatoes are his favorite foods. Kit relaxes while watching the "Benny Hill Show" and his favorite movie, "The Time Rider."

In school, Government and athletics are his best classes. When asked about the future and his plans, he replied that he would like to go to college and become a computer technician. He also comments that "though it is great being a Senior and the idea of being on my own is a good one, I will miss all my friends and good times we had." By Eric Thompson.

Officers Enrolled In Law Enforcement Academy

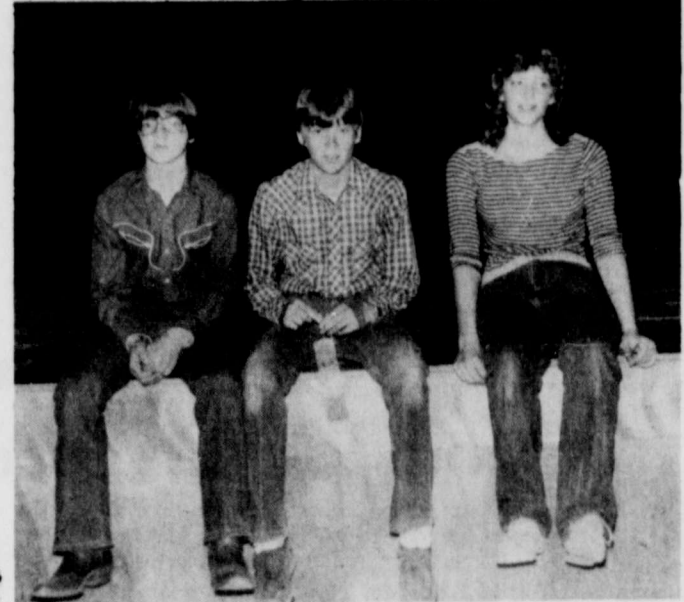

The 26th SPAG Basic Academy started January 31, 1983 with 23 students representing 16 regional and state agencies. The course will run 40 hours for 8 weeks ending on March 25, 1983.

The required 320 hour course will train the students in all required areas of law enforcement. Upon completion, the students will be eligible for certification by the Texas Commission on Law Enforcement Officer Standards and Education as Peace Officers.

Attending the class are Dale Nixon Merriott and Benny Ray Short, Jr. of the Shallowater Police Department.

ATTITUDE SEEMS TO BE one of the key factors related to a good, long life, according to Judith L. Warren, family life education specialist-aging with the Texas Agricultural Extension Service, Texas A&M University System. More important than diet and

heredity, it is one factor over which the individual has some control. People who are active and "well adjusted" are more likely to live longer.

TOPS Club Elects Officers

The Shallowater TOPS Club elected new officers for 1983, February 22nd, and had installation March 7th.

Sue Stephenson, the outgoing leader, gave a little speech, and Donna White gave the installation. Each of the new officers received a red carnation.

The new leader is LaRue Owens; co-leader is Betty Decker; secretary is Shirley Goen; treasurer is Louise Schwab; weight recorder is Donna White; and assistant weight recorder is Carolyn Mann. The TOPS Club hopes to have as good a year in 1983 as they did in 1982.

TRANSITION

Maurice Fite

Services for Maurice Fite, 79, of 1617 57th Street, Lubbock, were at 4 p.m. Saturday in the Vandelia Church of Christ with Dale Andrews, minister of the Broadway Church of Christ, officiating.

Burial followed in the Resthaven Memorial Park under the direction of Rix Funeral Directors.

He died at 6 a.m. Thursday at his home. Justice of the Peace Bill Ross ruled that the death was by natural causes.

A native of Santo, Fite married Effie Dell Martin on December 20, 1925, in Vernon. He graduated at

West Texas State Teachers College and also attended North Texas State, East Texas State and Texas Tech. He came to Sundown in the 1930's and coached basketball, tennis and track. He moved to Lubbock in 1951 and taught mathematics at Lubbock High and later at Monterey High. He was Numbers Sense coach in Lubbock and regularly sent a team to the state finals. He retired from teaching in 1968 and farmed and ranched near Sundown.

He was a member of the

Murder Victim Buried In Plainview Saturday

More than two years after his murder in Amarillo, Stephen Dale Winton, 22, was finally laid to rest in Plainview Saturday.

His skeletal remains were found northwest of Amarillo October 10, 1980, by ranch workers. But, he remained unidentified until May 1, 1981, when a forensic anthropologist completed a skull restoration and X-ray test.

Lt. Arthur Tupin, of the Potter County Sheriff's Department, said local publicity about the identification process brought a tip from an anonymous informant. "It confirmed some evidence we already had and we were able to determine that he was the victim of a June 12, 1980, murder," he explained.

Tests during the identification process revealed that Winton had been beaten extensively and shot once, according to Tupin.

"This wasn't something that happened just overnight either," Tupin said. "They kept him locked up for several days and beat him several times."

Winton was eventually shot and his body dumped, Tupin said.

One of the suspects had remained in Amarillo and Tupin said he was arrested and pleaded guilty to the murder charge after agreeing to help police locate his partner.

Wesley Clarence Morrison, arrested May 26, 1981, was sentenced to 16 years in the state correctional facility in Huntsville.

Christopher Walton Beam was traced to New York, Fort Worth and several other towns before he finally was arrested in Castle Rock, Colo., on July 4, 1981.

After a lengthy extradition fight, he was returned to Amarillo November 6, 1982, where he also pleaded guilty. He was sentenced to 20 years in the Huntsville prison in a plea bargaining agreement completed early this year.

Graveside services for Winton were at 10 a.m. Saturday with the Rev. Dean Brookshire, associate

WE CAN ALL THINK of many reasons to purchase items in a retail store at list price-convenience, return privilege, "free" delivery, charge privileges, and attentive sales person, and "easy payment" plans, emphasizes Nancy Brown, clothing specialist with the Texas Agricultural Extension Service, Texas A&M University System. Many times we either want or need these services, she adds. However, if "dollar saving" is the name of your "shopping game," take the no-frills discount route and keep a tab on your pocket-book. Brown suggests.

RECENT RESEARCH SHOWS

that the more contact with clients is required by a job, the more emphasis is placed on appearance in the hiring decision, says Nancy Brown, a clothing specialist with the Texas Agricultural Extension Service. "A study of hiring agents shows they judge appearance primarily by neatness, ornamentation

or jewelry, and the design, cut and color of clothing, says Brown. Both employers and employees emphasize that appearance is only one factor in the hiring decision.

But clothing appearance is one thing that the job applicant has control over in the hiring situation, notes Brown.

UNDER NEW MANAGEMENT is the Burger Hut (Jenning's Restaurant). The name has been changed to Vecchio's Burger Hut and the new manager, Elias Vecchio, has been leasing it since March 1st from previous owner, Johnny Jennings. Pictured from left to right, are Ofira P. Vecchio, the cook, Dolores Vecchio and her husband Elias Vecchio, the new manager. Elias lived in Abernathy from 1951-1966. In 1966, he moved to Kress and lived there the next 16 years until 1982, when he moved back to Abernathy. The Vecchios are fixing-up the restaurant and are presently having new menus made. Elias invites everyone to come in and meet the gang and try the food. (Review Photo)

Laney Sponsors Auditor Bills

Rep. Pete Laney of Hale Center has introduced two bills dealing with the compensation of county auditors in counties with populations of 10,000 or over.

HB 828 provides for the county auditor to be paid an annual salary and travel and office expenses, with the salary not to exceed that of the county tax assessor-collector.

HB 829 also provides for payment of office and travel expenses to the county auditor, but strikes provisions regarding the salary not being greater than that of the county tax assessor-collector.

Lakeview Locals

By Mrs. Norman Matthews

Mrs. Oleta Gilmore was the featured speaker Wednesday night, March 9, at Lakeview Methodist Church.
