

Georgia Bartlett's Third Book Published

"Fantasy Flowers" Being Distributed Internationally

Georgia Bartlett is becoming nationally known for her floral painting method as she has recently had her third book published on this subject.

"Petals and Places" is Georgia's latest book and it is already becoming as popular as her previous two since being published earlier this year. The book was published by Susan Scheewe Publications, Inc. of Portland, Oregon and is 44 pages long.

Georgia wrote a third book on her oil painting method, due to the tremendous response she got from "Fantasy Flowers", which was published in 1982 and 20 thousand copies had been sold up to March 1983.

Not only has "Fantasy Flowers" been a success in the United States, but it is now being distributed internationally to such countries as New Zealand and Germany. This book, since its introduction in 1982, has been one of Susan Scheewe Publications best sellers of the 33 other books about painting and painting methods they have published.

Since "Petals and Places" was published, Georgia has had requests from people from all over the nation inquiring about her latest book. She received one letter from as far off as Anchorage, Alaska wanting a copy.

Georgia's first book was called

"Painting Poppies". She produced this book by herself in 1980 and sold 250 copies at \$20 each.

Georgia has only been painting the past 10 years, since 1973, and specializes in oil painting on canvases. She paints floral and landscape combination scenes. She has been busy teaching Art at Abernathy High School to Juniors and Seniors the past 8 years. She taught at the Elementary School the previous 16 years.

She has also been conducting seminars out of state. Last year she conducted a two-day seminar at Memphis, Tennessee. The people sponsoring the workshop paid for her transportation to Memphis for her to give two classes.

Georgia will be going back again this year June 9-11 to conduct another workshop at Memphis.

She was also asked to come to Portland, Oregon last year, where she spent five days teaching her publishers team of art teachers the Bartlett method of painting florals.

"Petals and Places" and "Fantasy Flowers" can be purchased for only \$6.50 per copy. Susan Scheewe Publications produces the books at their own cost and Georgia receives a percentage of the royalties from book sales.

Georgia picked Susan's company because Susan is one of the top oil painters in this field of painting. Toile painting is painting on wood and metal objects. Georgia also admires Susan's expertise in art publications. Susan publishes 33 other books on method painting.

Immediately after completing "Petals and Places", Susan told Georgia to start on another book. Georgia stated that she has already started a folder of new material for her next book.

When asked why her books are so popular, Georgia stated that painting florals is extremely popular. All three of her books teach her painting concepts and techniques.

Mary Mendoza has been a great help to Georgia as she typed Georgia's notes for the final draft for publication. Georgia also stated that Mary is an excellent typist and helped her make her publication deadlines.

Georgia ended by saying that she enjoys writing the books and will continue to do so as long as folks keep buying them. She also stated that it gives her a feeling of great accomplishment to think that her books are being purchased in book stores all over the nation.

ABERNATHY'S OWN GEORGIA BARTLETT is pictured with the three books she has written on painting florals. She is holding "Painting Poppies", her first book, and on the easel is "Fantasy Flowers" and her latest publication, "Petals and Places". Georgia's books are being distributed nationally and internationally. (Review Photo)

Goal Met, Donations Continue

The Abernathy Chamber of Commerce, has more than met its goal of raising \$10 thousand dollars for the Senior Citizens Center and contributions just keep coming in every day. The total in the Senior Citizens Bank Fund is now at \$10,441.74 and rising daily.

The foundation is coming right along as it has been staked off by R. C. Patterson, Jr., Hoppy Toler, Rod Ellis and Arno Struve. Ray Higginbotham has already dug the footing. Presently, the steel is being ordered for the footing and plans are being made to have a water line installed to the foundation.

Many have already volunteered their time and many more will be needed as the project progresses. Those who wish to help in the future should contact Arno Struve, Hoppy Toler or Keith Tooley.

Those who have not donated, but wish to do so, should make their contributions to the Senior Citizens Fund at the bank. It is account number 2151.

Harrison And Morgan Place High At State UIL Contest

Jay Harrison and Bobby Morgan performed well at the State UIL Literary Contest held at Austin April 28-30 as both contestants placed high in the events in which they competed.

Harrison, who competed in four events at State, placed second in Number Sense. The person who won first place in Number Sense has a history of expertise as he has won State the past four years now and broke records on the point scale in Number Sense all four years. Therefore, Harrison faced a tough competitor in this event. He also placed fifth in Science, but it was not announced how he placed in Ready Writing and Calculator Applications because just the top three were announced.

Bobby Morgan represented Abernathy well too, as he placed fourth in Headline Writing. Morgan is only a sophomore and will have two more years to take a shot at winning State in Headline Writing.

Harrison and Morgan competed against many students on their way to the State UIL contest. The State is divided into 32 UIL Districts. At the District level, approximately 600 students were competing in each event state-wide. Winners at District advanced to Regional. The State is broken into four huge regions, Abernathy's extending as far as El Paso. The three top winners from each Region compete at State. Therefore, Harrison and Morgan beat out almost 600 students each who competed in the same events.

Pre-Registration For Kindergarten And Migrant

Pre-registration for the 4 year olds' migrant program and kindergarten classes for the 1983-84 school year will be held Tuesday, May 10, at 12:30 in the Abernathy Elementary Learning Center.

Children who will be 4 years old before September, 1983, and whose parents work in agriculture related jobs, may pre-enroll in the 4 year olds' migrant program. Children enrolling in kindergarten for the 1983-84 school

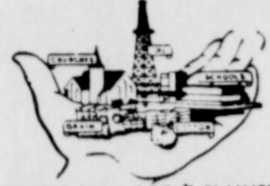

year must be 5 years old before September 1, 1983.

Students who plan to attend either program next year are urged to attend this pre-registration May 10th. Those pre-registering will need to bring their birth certificate and their immunization records.

The school will also provide speech and hearing screening and developmental screening during the pre-registration.

Burglaries-Thefts-Vandalism Head Report

The April police report revealed that several burglaries, thefts and acts of vandalism took place during April in Abernathy, according to the Abernathy Police Department.

It was an active month for local police officers as they issued 38 citations, made 18 arrests, investigated 5 criminal mischief cases and went to the scene of 3 minor auto accidents, according to the Abernathy P.D.

Arrests

Of the 18 arrests made, 12 were for public intoxication, 2 for possession of

inhalants, 1 DWI, 2 disorderly conducts and 1 criminal trespass of habitation. All of these offenses are misdemeanors.

April 26, two white males from Plainview, one 22 years of age and the other 23, were arrested in the Allsup's parking lot. A bread sack with 2 inches of glue in the bottom was found in their vehicle, according to the Abernathy P.D. The two men were charged with possession of an inhalant.

April 19, an Abernathy citizen made a complaint to the Abernathy P.D. that

he had been cussed out at Allsup's parking lot. Abernathy Police Officers later arrested the suspect, a 19 year old Mexican-American male, for disorderly conduct, according to the Abernathy P.D.

A man was arrested for criminal trespass of habitation at 1507 Ave. J, an Abernathy Police Officer reported.

Vandalism

Five offenses of criminal mischief were reported during April.

April 12, a swimming pool cover was damaged at 511-3rd Street when rocks were thrown over the fence onto

it. Wayne Lamb was the owner and the damages were estimated at \$250, an Abernathy Police Officer reported.

April 9, at 708-5th Street, the glass was shot out of an El Camino, owned by W. R. Brown, with a BB gun. The damage was estimated at \$250, according to the P.D.

Portions of two back yard fences were knocked over when a pick-up was driven down an alley at a high rate of speed and lost control. The fences damaged were at 507 Phillip's Blvd., (Hoppy Lewis) and 1609 Ave. G, (Pauline Durrett).

Charles Fisher reported that the windows had been broken out of his garbage truck April 1. The truck was parked behind his house at 407-13th Street. The damage was estimated at \$300, according to the P.D.

Don Mauldin found his 1972 Oldsmobile had been vandalized April 28. The front and back windshields had been broken out while the vehicle was parked at his Exxon Station, 207 Main St., according to the P.D. Damages were estimated at \$400.

Burglaries

Two vehicles were burglarized April 4 in the fenced-in area at Abernathy Body Works. The radios were taken out of the vehicles of Vicki Havens and Ed Johnson. The radios were valued at \$150 together. It was thought that the burglars climbed over the fence, according to the P.D.

Another burglary occurred at Junior High School the weekend of April 8-10. The burglars entered the school by breaking out a window on the west side of the building. They burglarized four coin machines in the concession area between Junior High and High School. The amount taken was not reported according to the Abernathy P.D.

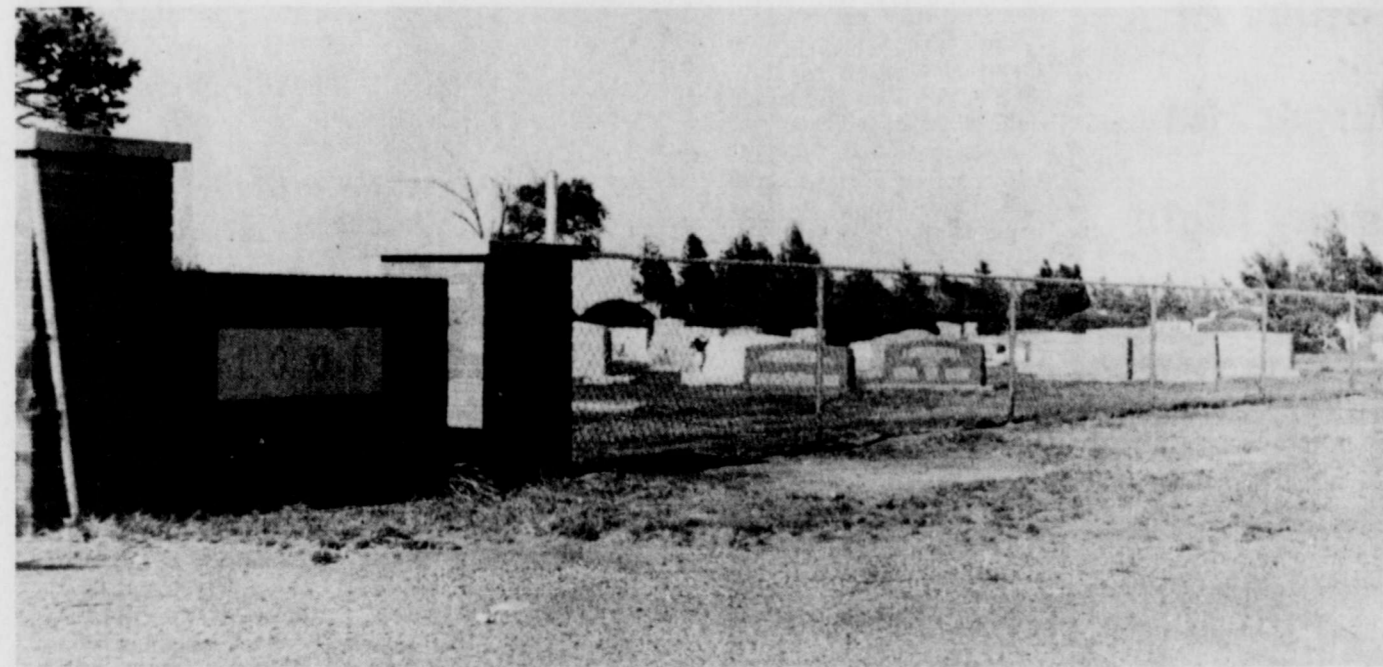

A burglary of habitation occurred April 16 at 107 S. Ave. E. Yolanda Garcia reported that an RG-.22 caliber pistol, valued at \$45, had been taken from her home. The house was reportedly unlocked when the burglary occurred, according to the P.D.

Two thefts also took place during April. April 15, Kindergarten teacher, Lupe Hernandez reported that \$262 had been taken from her purse from 11-11:30 a.m. that morning. She had taken her class outside to play for 30 minutes and had hidden her purse in the classroom. When she returned, the money was gone, according to the P.D.

Larice Clayborne reported that the Sano stereo radio cassette tape player was taken from her unlocked home on East 2nd St. April 18. The stereo was valued at \$300, according to the P.D.

Accidents

There were three fender benders during April. The most major accident involved Ricardo Garcia hitting a telephone pole at 10th and Ave. H, April 17. Garcia received a minor head injury from the wreck and it did \$386 damage to the pole. He was taken to a Plainview Hospital by officer Johnny Clayton, according to the P.D.

NEW FENCE CONSTRUCTED at IOOF Cemetery recently. The independent Order of Odd Fellows replaced the old fence at a cost of \$9,600. Sears was contracted to do the fencing and the Becks will construct the new brick gates soon. (Review Photo)

ON THE COUNTY LINE

BY KEITH TOOLEY

THIS COMING WEEK, May 8-14, has been declared Small Business Week by President Reagan. Small Business Week is held annually to honor and recognize the contributions of America's small business men and women.

There are 13.3 million small businesses in this country and Abernathy has approximately 65 of these within her own city limits. Abernathy is a small business town and most of the businesses here depend on the area agriculture industry.

Small businesses in this community have a lot to be proud of. They create jobs for hundreds of local citizens, support the school and city with tax dollars and contributions, and provide goods and services to the entire community and surrounding area.

The small businesses in Abernathy have withstood the best, as well as the worst of times. It is good that the President has set aside a week to honor these businesses which make Abernathy such a great place to live.

EXPERIENCE IS THE name everyone gives to his mistakes.

YOU KNOW, VACATIONS are always fun, but why is it you need to come back home to rest up following a little time away from work?

REAGAN WAS BUSY this week as he also declared today, May 5, as National Prayer Day. This is an annual prayer day that has been held for one day each year since 1952.

We understand that the National Day of Prayer was founded by George Washington over 200 years ago. It was proclaimed by several presidents on special occasions up until 1952, when it became an annual event.

We hope that everyone will take time today to say a prayer for our nation. America is "One Nation Under God-Indivisible" and we should be thankful that we live here, the final international frontier of freedom and Democracy.

Last Week To Sign Up For Baseball

All baseball sign-up forms must be turned in by 1 p.m. Saturday, May 7, at the Big Ball Park.

Try-outs for 10-11-12 year olds will be at 1 p.m. Saturday, May 7 at the Big Ball Park. All players in this age bracket, plus all coaches, must be there for the draft. The 7-8-9 and 5 and 6 year olds will also be placed at this time.

For more information, call Laurin Prather at 298-2790.

of Matador, Texas. In 1965, he graduated from Matador High School where he started in three sports, receiving football scholarship offers from major universities all over America. He selected Texas Tech University in Lubbock, where he went on to numerous achievements, including being selected to the All-Southwest Conference during a revival crusade, when he was born again.

Since 1973, Mr. Campbell has been traveling across America, singing and sharing his love for Jesus Christ through evangelistic crusades. He has recorded four gospel record albums. He has been an effective speaker on high school and college campuses in many areas of the nation, as he deals with the subjects of Rock music, drugs, alcohol, and sexual promiscuity.

His family includes his wife, Ann, and three daughters, Sherry, Jana and Rebekah.

A Tribute To Mothers

Tribute to Mothers, not just on Mother's Day, but each day of the year.

What is a mother? A mother is a wonderful creature constructed almost entirely of love.

Mothers are very, very special. Except for Christmas, Mother's Day is the most popular special day of the whole year. Each day, remember mother with the heart. Remember her patience, and understanding, her selflessness, her love, her guidance, her encouragements, her laughter in shared joys, her tears when there were hurts, her burdens she bore with faith in God, her prayers in times of discouragement and trials. Mothers love through all human love. Her grace and patience outweighs all human love. Her grace and patience through a life time prove that she is a friend, the noblest and best. It has been said that the three most loved words in the English language are Mother, Home and Heaven.

There is a religion in all deep love, but the love of a mother is the veil of a softer light between the heart and the heavenly Father.

A mother that teaches her children courage, patience, strength, and helps them to find and know God, is more than memory. She is a living presence.

To my mother and to yours, whose lives were a tribute to womanhood in their devotion to the Lord Jesus, whom they loved and served, and in whose presence they are now rejoicing.

I thank God that my mother is a living presence with me.

Along Life's Highway

In Ephesians 4:14-15, we find these words: "That we henceforth be no more children, tossed to and fro, and carried about with every wind of doctrine, by the sleight of men, and cunning craftiness, whereby they lie in wait to deceive; But speaking the truth in love, may grow up into him in all things, which is the head, even Christ."

The other afternoon, while standing in the middle

of my yard, a car came flying by the house and suddenly hit a chughole. The result was a hubcap flying off and rolling aimlessly hitting a mail box, then bouncing into the air hitting a tree and finally landing in my yard.

This simply illustrates that we, like the hubcap, go aimlessly down life's highway. We pick up on every word of teaching, whether it is true or false. If it is

absolutely true, according to God's standards, we head in the right direction. However, if it is false, we hit obstacles and end up damaged needing help. The only person that can put us back on the right path is Jesus Christ. This can be done by confessing our falseness of wrong doing.

We must always be sensitive to the direction God wants us to go. This is not easy and takes discipline in

the Christian life. But the thing to remember is that "We can do all things through Christ, who strengthens us." (Phil. 4:13) Hence, this will enable us, as Christians, to stay on the wheel of life no matter how chugholes get. We must speak the truth with fervent love which helps us to be more like Jesus Christ.

Hance Applauds USDA Decision To Allow FmHA Emergency Loans In 4 More Counties

U.S. Rep. Kent Hance, D-Texas, today commended the U.S. Department of Agriculture for designating four more West Texas counties as eligible for emergency loans.

"I asked Secretary John Block to review eight counties in West Texas for Farmers' Home Administration (FmHA) emergency loans back in January," said the Texas Democrat. "Today, I am pleased for Secretary Block and the

farmers in West Texas that the USDA has reviewed and designated six of the eight counties as eligible for assistance.

"I said at the time, and I still believe, that the government should review such situations on a farm-by-farm basis, rather than county-by-county," added Hance. "It's just not right to deny assistance to a farmer who has been wiped out by hail or high wind or drought just because his farm was on the

wrong side of the county line."

Eligible farmers in Hale, Swisher, Terry and Yoakum counties can qualify for FmHA Emergency Loans due to the inclement weather that hit West Texas in May and June of 1982. Earlier, the USDA had reviewed and designated Castro, Dawson and Gaines counties as eligible for disaster loans.

Most Farmers Plow Too Much

Plowing the back 40 "for the heck of it" or "to get out of the house" is a poor excuse for any field operation today.

In other words, "recreational plowing" is a costly operation that farmers just can't afford any longer. Furthermore, it's bad for the soil.

"More and more farmers are paying closer attention to the number of trips they make over a field each year," points out Dr. Ed Colburn, an agronomist in soil management with the Texas Agricultural Extension Service, Texas A&M University System. "Farmers who used to cultivate their land 12 to 15 times a year are now down to five or six times. And that's still too many, in some cases."

With today's large tractors—some weigh more than 10 tons without attached implements—compaction can be a real problem, particularly on wet, coarse-textured

soils, notes Colburn. Not only do tractor wheels compact the soil, they also produce large clods that break out upon tillage. This leads to additional tillage to break up the clods, leading to further compaction.

Be sure any tillage operation affords some crop benefits that will contribute to higher yields rather than just appearance," says Colburn. "Combine operations where possible so that more is accomplished with each field pass."

Excessive plowing also can lead to soil compaction, which in turn can reduce crop yields due to poor water infiltration, poor root penetration and other problems that rob crops of their productivity.

With the current high cost of fuel, plowing for whatever reason is expensive, emphasizes the agronomist. And with farmers currently fighting for financial survival, it just makes

good sense to cut back on field operations.

Although some compacted soils can be broken up by deep tillage and chiseling, the best way to deal with soil compaction problems is to prevent them in the first place by reducing tillage operations, notes the agronomist.

"Not only will your land be better off with less tillage, but your bank account will improve," says Colburn.

American agriculture is so efficient that food costs only 16% of our disposable income. High yielding crop varieties deserve much of the credit.

But that could rise to more than 20% by the 1990's, warns a group of prominent scientists, unless the U.S. invests more in plant breeding research now.

The scientists from the U.S., Mexico and Europe are members of the Plant Breeding Research Forum sponsored by Pioneer Hi-Bred International, Inc., a major developer of crop seed.

COTTON TODAY

COTTON USE SHOWS HEALTHY ADVANCE: Use of cotton by U.S. mills improved significantly in March as the seasonally adjusted annual rate climbed to 5.8 million 480-pound bale-equivalents, according to the National Cotton Council.

This was 5.3 percent higher than the February total and 10.8 percent above the year-ago level. Use of cotton was at the highest annual rate since October, 1981.

Cotton's share of total fiber consumption stood at 24.7 percent, compared with 25.5 percent in February and 24.8 percent in March, 1982. On the cotton system spindles, cotton's share rose from 59.2 percent in February to 61.4 percent for March.

Mill use of all fibers also increased substantially, reaching an annual rate of 23.3 million bale-equivalents, 8.9 percent above the month-earlier rate and 11.1 percent higher than the year-ago figure, the Council reports.

NCC URGES END TO BOTTLENECKS: National Cotton Council President Gerald B. Brewer in a letter to a Senate subcommittee called for resolution of stalled decisions on clean air, clean water, and other environmental laws.

"There is an urgent need for the Environmental Protection Agency to finalize the proposed settlement agreement that was published November 18, 1982, so that industry can benefit from the necessary revisions when renewing permits," Brewer pointed out.

The Council president said a proposed bill, S-431, would "inappropriately freeze" all water quality designations as of January 1, 1983.

"This would prevent states from revising stream designations, either up or

down, to reflect new data and information that become available," Brewer added.

He also said farmers under the present law are faced with excessive paperwork, time delays, and land-use restrictions in connection with dredge and fill requirements.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

LUBBOCK, Friday, April 29, 1983

Cotton producer and businessman Tommy Fondren of Lorenzo was elected to a second one-year term as president of Lubbock-based Plains Cotton Growers, Inc. at the organization's board meeting in Lubbock April 22.

Incumbents Gerald Caswell of Brownfield, vice president, and Bennie Claunch of Bula, secretary-treasurer, were also re-elected. Fondren's predecessor in the office of president, Gary Ivey of Ralls, under PCG By-Laws automatically continues as chairman of the board. All elective PCG officers are limited to two consecutive one-year terms in a given office.

PCG has a total of 50 directors, two elected from each of 25 member counties surrounding Lubbock. Fondren has been a director from Crosby County since 1978, Caswell a Terry County director since 1977, and Claunch was first elected to the board from Bailey County in 1980.

The board meeting and election came immediately after all elected directors had been certified by the membership at PCG's 26th annual meeting in Lubbock Memorial Civic Center. An estimated 200 farmers, cotton-related businessmen and other interested parties attended.

In addition to reports from President Fondren and PCG Executive Vice President Donald Johnson, speakers at the annual affair included Nineteenth District U. S. Congressman Kent Hance, Texas Senator John Montford, National Cotton Council past president Ed Breihan, and J. Nicholas Hahn, President and Chief Executive Officer of Cotton Incorporated.

ATTENDING THE STATE FHA/HERO MEETING in Dallas last week was, from left to right, Diann Grisham, Barbara Alvarado, Ruth Rosales, Rachel Lopez and Julie Torrez.

The first hand-held camera was invented by George Eastman in 1888.

Local Students Attend State FHA/HERO Meeting

Representatives of the Abernathy Future Homemakers of America attended the 1983 state meeting of the Texas Association of FHA/HERO along with the 6,000 members and advisors from Texas. "FHA/HERO: Move to Improve" was the theme of the 1983 meeting, which was held in the Dallas Convention Center in Dallas, April 21-23.

Attending from Abernathy were FHA members Rachel Lopez, Barbara Alvarado, Julie Torrez and their advisor, Mrs. Marilyn Stone. HERO members attending were Diann Grisham and Ruth Rosales with their advisor, Mrs. Jan Montgomery. Keynote speakers and presentations by Future Homemakers highlighted the two-day conference. Dr. Earl Reum, motivational speaker from Colorado, Mr. Bill Sanders, an inspiring and challenging person, and Ms. Dian Thomas, nationally known person who uses a little creativity and ingenuity to overcome challenges, spoke to the entire delegation. Interest sessions on family crisis, leadership skills, nutrition, and employability were held Friday afternoon. The business of the Texas

Association was conducted at the House of Delegates session Thursday evening. Voting delegates from Abernathy were Rachel Lopez and Diann Grisham. A vote was taken on whether Texas should vote for a \$2 dues increase on the national level. The delegation voted against the increase. The voting delegates to the National FHA meeting in Washington D.C. were voted on. They will be all the area Vice-Presidents of Recreation and Area Parliamentarians. Rachel Lopez, Area 1 Vice-President of Recreation, will be a delegate in July. Installation of the

1983-84 state officers was the climax of the Friday evening session.

In addition to the meeting, FHA members from Abernathy toured the Dallas Apparel Mart and learned about the various markets held each year. The group also visited Six Flags Over Texas in Arlington.

The Future Homemakers of America is an organization sponsored by Vocational Home Economics Education, Texas Education Agency, with Mrs. Jean D. Barton, Director, and Miss Sharon Reddell, State Advisor.

Student Council Attends Convention In Austin

The newly elected officers of the AHS Student Council attended the Texas Association of Student Council's 47th Annual Convention in Austin, April 28, 29 and 30th. Those going were President, Sarah Miller; Vice-President, Regina Powell; Secretary-Treasurer, Kristy Thompson; Reporter, Trey Stone; Historian, Laura Phillips; and Parliamentarian, Bill Dubose.

Sponsors for the trip were Coach Larry Aldridge and Mitch LeMoine.

The scrapbook for the 1982-83 year was compiled and entered into state competition by the 1982-83 historian, Kristy Thompson. There were 150 scrapbooks entered in the competition, and out of these 15 were rated "superior", while 31, including Abernathy, received an "excellent" rating. The scrapbook will be on display in the Academic Center until Friday.

While in Austin, the new officers attended various meetings and sessions dealing with the Student Council's responsibilities in different areas. They were also treated to a whirlwind tour of the city's finest restaurants by Coach Aldridge and Mitch LeMoine. Reporter, Trey Stone

This and That

By Helen Wade

Mr. and Mrs. W.R. Duggan from Stephenville, spent the weekend in the home of Virgil and Frances Overstreet.

This Sunday is Mother's Day and my Mother has been gone for eleven years, but her memory lives on. She was a very kind and compassionate person who thought about others instead of herself. She set a very good example for her children to follow and we were expected to follow it and we got in trouble if we didn't. She had a long and happy life and lived to be in her middle eighties, which many of us may not be able to reach.

Remember your Mother on her day and if you can't be there, give her a call and let her know you appreciate all the many nice things she has done for you over the years.

We are beginning to need rain, but we don't want the storms like Missouri and other places have been having. Mother Nature can be very harsh this time of year.

I was reading in the Plainview Daily Herald that onions have been eaten for at least 4,000 years and used in other ways almost as long. They have been used to drive away evil spirits, to stop tooth decay and cure colds. Some researchers think that large consumption of onions or garlic may help lower the cholesterol level of blood. However, this hasn't been proven.

Onions are one of the things that can help change the taste of food and I like to flavor some of my dishes with a touch of onion.

Barton House To Be Dedicated May 14

The Barton House, once one of the best known landmarks of Hale County's Abernathy area, will take center stage May 14 when it will be formally dedicated as a significant historic structure at the Ranching Heritage Center of the Museum of Texas Tech

University. The three-story house, now furnished to depict its early origins, has become one of the most popular buildings at the 14-acre site where the history of ranching in America is authentically depicted. Betty Barton Albers of

Abernathy, who has worked closely with the project since 1975, said she thinks its popularity is partly due to familiarity.

"People who go through the house remember their grandparents' homes. They comment on similarities and seem to have a special nostalgia for the 'look' of the Barton House," she said.

Dedication of the home will take place at 10:30 a.m. A barbecue lunch will follow, and in the afternoon there will be a meeting of the Ranching Heritage Association Board of Overseers. A banquet that evening in the Lubbock Memorial Civic Center will honor founders -- members of the original planning committee -- of the Ranching Heritage Center.

The Barton House restoration project has involved architectural historians, interior designers and family members who have searched records, turn-of-the-century Sears' and Wards' catalogues and magazines, and memories to insure authenticity.

The house was built in 1909 by Joseph Barton who hoped it would become a social center in his proposed town of Bartonsite -- a dream that died when the railroad line was laid east of his site at a place now called Abernathy.

Josephine Waddell Barton, who married Joseph's son, Jack, moved to the home as a bride in 1917. It was she who willed the house for the center. There, among almost 30 other authentically restored historic structures, it depicts the affluent era of ranching.

The exterior, from the restored veranda to the white and green paint, has been restored to look as it did when the Barton family began to create its history.

Interior walls were stripped of all wallpaper. Scalapandre of New York, world famous for its reproductions

of historic wall coverings, draperies and upholstery materials, has reproduced original wallpaper for several rooms and the spacious hall. Other walls are covered either in antique paper or modern papers which reflect the period of the home.

Furnishings throughout date back to 1875 and are representative of prominent West Texas ranch families

who have donated to them The Museum. Some are Barton family heirlooms.

Expected for dedication are: the three remaining children of Joseph J. and Mary Barton -- Cassie Barton Rosser, Arlington, and Mary Barton Burum and Dr. Sam B. Barton, of Denton; four of Jack and Josephine Barton's children

-- Betty Barton, Albers, Abernathy, Jack P. Barton, Lubbock, Joe J. Barton III, Hale Center, and Robert "Bob" Barton, Costa Mesa, California; Josephine's sisters, Audrey Waddell and Polly Tucker, both of Abernathy; Polly's husband, Calvin H. Tucker; and other Barton descendants.

"A GLANCE AT THE PAST"

By Helen Wade

FROM THE ABERNATHY WEEKLY REVIEW DATED MARCH 10, 1960:

The Abernathy PTA met March 3 in the High School auditorium. A very large crowd attended the back-to-school program. The Senior High School Band, under

the direction of Mr. Dub Crain, presented a concert. Officers for the coming year were nominated and elected. They are: President, Mrs. Ralph Davis, First Vice-President, Mrs. Elton Settle, Second Vice-President, Mrs. Elbert Harp,

Secretary, Mrs. Joe B. Reeves, Treasurer; Mrs. David Ray Pinson, Superintendent Noel Johnson welcomed everyone and invited them to Open House and refreshments were served in the school cafeteria.

The Lions had their program at Graham's Restaurant and the program was presented by several Abernathy Girl Scouts. Mrs. Joe Lovelace, chairman of Y-athe Neighborhood, which includes Abernathy and New Deal, introduced the representatives of the three age groups in scouting. They were Marilyn McAlister, Brownie; Jo Ann Lovelace, Intermediate and Peggy Evans, Senior Scout. The movie, "A Wider World" was shown by Phil Sterrett, program chairman.

Specials from Smith's Food Store March 10, 11 and 12 are: ruby red grapefruit, 1 lb. 5 cents; Shurfresh Biscuits, 3 cans 25 cents; Zest Bath Soap, 3 bars 59 cents; Miracle Whip Salad Dressing, Kraft, pint 29 cents; Betty Crocker Cake Mix, 3 for \$1.00; Salt Pork, lb. 29 cents and Jello, regular size 2 for 15 cents. Edd C. Nelson, son of Mr. and Mrs. Clarence Nelson, arrived home last month after completing a two-year tour of Army duty. He was stationed at Gelnhausen, Germany, for most of the two years he was in the army.

FROM THE ABERNATHY WEEKLY REVIEW DATED JUNE 8, 1972:

Local FFA Members Attend District FFA Convention

Abernathy FFA members attended the District FFA Convention held in Dimmitt April 27.

FFA members from 16 town in the Plainview District were present at the convention. The District officers for the 1983-84 school year were elected. The Area officer nominee and State officer nominee were also elected. Degree applications, effi-

ciency awards and chapter ratings were also turned in for Area approval.

Individual participation at the District meet was as follows: Jim Bob Carver won first place in the Public Speaking Contest; David McKinney was elected District Reporter; Mary O'Neill ran for Area officer; Brian Smith and Mark Bell were Voting Delegates for Abernathy; Melanie Parks ap-

plied for Lone Star Farmer degree; Kellye DuBose turned in her scrapbook for Area; Holly Shafer turned in her Outdoor Recreation Proficiency project for Area; and Eugene Crumpler participated with his Pro-Employment Lab project for Area.

The Area Convention will be held this Saturday in Amarillo at Palo Duro High school. It will begin at 9 a.m. Saturday.

ATTENDING THE DISTRICT FFA CONVENTION last weekend were the FFA members pictured. On the front row, from left to right, is Kellye DuBose, Melissa Hagstrom, Mary O'Neill and Melanie Parks. On the back row is Jim Bob Carver, Brian Smith, Mark Bell and Eugene Crumpler. (ReviewPhoto)

Abernathy Volunteer Fire Department needs your help. The department needs another fire truck that costs \$10,000.00. The department has about \$6,000.00 to pay on the truck. Help the firemen raise the other \$4,000.00. Any donation, from \$1.00 up will be appreciated. See a fireman for further information.

Community Hospital of Lubbock has been sponsoring weekly Blood Pressure Clinics for over a year now. CHL will continue to help in awareness of high blood pressure and its effects during the month of May.

Weekly Blood Pressure Clinics will continue in May every Wednesday afternoon from 1 to 3 p.m. in the lobby of the hospital, 5301 University Avenue. Special literature on high blood pressure and what to do about it will be distributed at the clinics during the month of May. Special recipes low in salt will also be available. We encourage all adults to have their blood pressure checked regularly. High blood pressure can occur in adults of all ages. For more information, contact Volunteer Services at 795-9301, extension 113. There is no charge for any of the clinics.

PIONEER ROUND-UP MAY 14

The Plainview Business and Professional Women's Club has announced Saturday, May 14 as the date for the 1983 Pioneer Round-Up. This will be the 55th year the club has sponsored this annual event, according to Jacki Masso, President of the sponsoring club.

The Pioneer Round-Up was started as a method of honoring pioneers of this area. This continues to be one of the purposes of the event, but in addition, it has become an entertainment feature for people of all ages in Plainview, Hale County and surrounding areas.

"A Touch of the Past" has been chosen for this year's Round-Up theme and activities will be held in the Hale County Agriculture Center on the south edge of Plainview. The reception will be held in the meeting room at the Center and pioneers will gather for this at 10 a.m. on Saturday morning.

The traditional Pioneer Round-Up parade will roll at 2:30 p.m.

The Saturday evening's program will begin at 6:00 when the chuck wagon supper will be served in the large assembly room at the Agriculture Center with the program to follow.

A square dance will conclude the day's activities. All local and area people are invited to this Pioneer Round-Up to honor these pioneers who came to this country many, many years ago.

For all the years of love.

BEST GRAIN HANDLERS

John Deere Titan design handles your grain with kid gloves

From the header to the grain tank, John Deere Titans are designed to get the most out of your grain fields

Adjustable cutting platforms provide efficient cutting. The reversible feeder house moves crop to the cylinder. The new dual-range cylinder drive provides precise cylinder speed control. The 14-bar concave and beater grate provide efficient threshing and separation. The 150-inch-long walkers take care of separating the rest of the grain. And the new HarvesTrak™ combine monitor keeps track of the job you're doing.

The end result is a top-grading, quality sample in the grain tank.

See us today to pick out which Titan model and platform you need to meet your needs.
