Abernathy Set For Womanless Wedding Saturday Night

Come Saturday, August 27, at 7:30 p.m. in the Abernathy School Auditorium, purdy Hillary Larius is gonna get herself hitched to old Foolish Felix Snorthouser in the dangdest wedding folks in these parts have ever seen.

The two young'uns will stand together in front of about 950 of their kin and friends. Reliable sources are spreading the rumor that the ridiculous affair is, without a doubt, gonna launch the fall social season. The gettin' together of the socially prominent Larius and Snorthouser families will gar-on-tee that the elite of Hale County will show up in either the wedding party, or as spectators.

Names of the gang that will be on stage were given to the local reporter and the list includes: Tommie Beck as the preacher; Dayton Marr, the bride; Bud Rhodes, the groom; Shelton Hardin, maid of honor; and Laurin

Bridesmaids will be Ralph Wolf, Jimmy Gragg, Monroe Waits, Mac Houston, Billy Smyer, Robert Pope, and Bill Scott. Groomsmen will be Gid Adkisson, Dub Hannel, Lee Blanco, Gary Phillips, Cal Tucker, David Waits, and Thomas Pettit. Dan Thompson and Larry Aldridge will light candles. Flower girls will be Clark Riley and Keith Ellis, and ring bearer will be Speck Cox. The organist is Marvin Stephens and soloists are Richard DuBose and Y. F. Snodgrass. In the bride's family: father, Dale Powell; mother, Harold Stillwell; sisters, Roddy Shipman, Toby Cox, Ricky Dunn and Richard Howard; grandparents, Clayton Enger, Condy Billingsley, Darrell Stephens, and Lowery Deering.

In the groom's bunch: father, Pee Wee Myatt; mother, Bill Waits;

brothers and sisters, Rod Ellis, Jim Mills and Gerald Kelley; grandparents, George Burnett, J. F. Buske, Carl Irlbeck, and Larry Steele.

Among the guests will be the jilted lovers, two of which will be recognized

as Morris Kerr and Harold McCune. Other family members of distant kin will include: Randy Peeples, Jim Thomas, and Jesse Morrison; David Pinson and John Kveton; Hoppy Toler, Scooter Cassler, Hugh Smith, Craig Schaap, Lindsey Webb, and Roland Murray; Oris Cecil, L. G. Montgomery, Neal Stark, Billy Grimsley, Joe Jack Connell, and Clyde Vandygriff; Don Presley, Lloyd Riddles, Scott Wells, Bobby Cunningham, James Pope, Don Heath and James Shannon.

Ushers will be Ken Moreland, Herb Hardin, Lewis Ortiz, John Hale, David Sharp, and A. C. Harris.

Everyone is invited to the wedding

and the reception following.

Because this is a fund raising project sponsored by the Abernathy Chamber of Commerce, tickets will be required of all guests. Cost of each ticket is \$3.50 and may be purchased at First Federal Savings and Loan, Plains Grain, The First State Bank, City Hall, and Struve's Department Store.

Proceeds from this sidesplitting performance will be used to help finance the Abernathy 75th birthday

celebration to be held August 4, 1984 Remember to get there early. Ya'll

School Board Adopts Budget, Sets Tax Rate

The Abernathy School Board had a special meeting (budget hearing) last Thursday at 8 p.m. and adopted the 1983-84 school budget, as well as set

Charles Bowen and Keith Tooley

were the only visitors present at the budget hearing, which was conducted by Vice-President Laurin Prather. since President Richard Howard was not able to attend.

Budget Adopted

After lengthy discussion by the board, they decided to adopt the 1983-84 budget, which amounts to \$3,105,076, a 4/10th of 1 percent increase over the 1982-83 school operating budget of \$3,091,794, which was amended later on that evening.

"The increase of \$13,282 in the budget was attributed to a 5 percent payroll increase, a natural increase for school employees across the board," School Superintendent Gid Adkisson

Tax Rate Increased

The tax rate was set at 62 cents per \$100 valuation, a 10.7 percent increase over the 1982-83 tax rate of 56 cents per \$100 valuation.

Adkisson stated that even though the tax rate was raised 6 cents, the increase won't be enough to generate as much revenue as the budget required last year. "We will have to dig into school reserve funds to meet this year's budget," Adkisson said. "The school presently has approximately \$700,000 in reserve funds. We will use \$350,000 of these reserve

funds in order to have the same amount of revenue we had built into the 1982-83 budget," Adkisson said.

The tax rate being increased was attributed to a dramatic loss in oil production revenue of school owned oil properties west of town.

Other Business

The board accepted the transfer of several students into the Abernathy I.S.D. New students accepted were as follows: Kim Poe-New Deal-11th grade; Larry Slawson-New Deal-10th grade; Susan Slawson-New Deal; 5th grade; and Jose Ramirez-New Deal-1st grade.

Under correspondence, it was announced that the board had received a thank you card from Kellye DuBose thanking the board for sponsoring her at the State FFA Queen competition.

In executive session, the board hired Beth Steele as school nurse. Two employees were also hired under the HONDA program. Connie Paul was hired under this program at Olton and Tina Bulla at New Deal. The meeting

13 Seniors Give **Abernathy The Depth Needed**

1982 was not a good year for the Abernathy football team as they suffered all of the hard knocks a team can handle in one season.

Last year the Lopes were plagued with fumbles, interceptions, slipped tackles--all the ingredients that make up a young and inexperienced football team. Little depth, along with being in one of the toughest districts in the state, caused Abernathy to suffer a 1-9 record season.

This year the Lopes will be back with the depth necessary to turn this year into a winning season.

Even though Abernathy has been picked to place fifth in this district by the Top O Texas football magazine, Coach Larry Aldridge has a much higher opinion of his team. Even though Littlefield is predicted to have a lock on first place at this point, with Muleshoe running a close second, Aldridge does not doubt that his club will be in contention for at least second place.

1983 TEAM HAS MORE DEPTH

The Abernathy Antelopes are coming off of a hard season with a team that did not have much experience or depth.

This year the Lopes have the experience and depth with a total of 19 lettermen returning. Approximately 11 offensive starters are returning, as well as 7 defensive. In all, approximately 28 boys play on the varsity squad, 23 on junior varsity and 16 on the freshmen squad.

The varsity squad will have the leadership of 13 seniors, all of which are

The Antelopes utilized the Houston Veer formation last year. This year they will be using the Multiple I. "Our backs are better suited to the Multiple I offensive formation, which is more of a straight ahead offensive formation,' Head Football Coach Larry Aldridge stated.

ANTELOPES LOOK GOOD IN FIRST OUTING

The Antelopes looked good in their first scrimmage, which was against the

Slaton Tigers last Friday night at Antelope Field.

Slaton, who is ranked first in their district (Floydada-Childress-Post-Idalou-Lockney), did not expect to scrimmage such a well-improved Abernathy squad. The Lopes racked up 293 yards total offense to Slaton's 284 yards. Abernathy rushed 42 times for 184 yards, compared to Slaton rushing 43 times for 224 yards. The Lopes passed for 109 yards to Slaton passing for 60 yards. And best of all, Abernathy scored two touchdowns to Slaton's one.

In rushing, Chester Cooper rushed 13 times for 30 yards (1-7 yd. TD run); Billy Cooper, 7 times for 85 yards; Harold Miller, 6 times for 62 yards; and Darrell Young, 3 times for 13 yards.

Receptions were made by Randy Houston, 1 for 16 yards, and Sammy Galloway, 1 for 67 yards and a TD. Brian Smith completed 3 of 7 passes for 90 yards and Jamie Mansanales 1 of 6 for 19 yards and 2 intercepted.

Coach Aldridge stated that defensively, the team looked very sharp and tough. "Offensively, our inside running game looked good," Aldridge said. Aldridge was especially impressed with a 70-yard offensive drive near the end of the

'The defense looked the most improved, but we have a lot of rough edges in all areas to smooth out after scrimmaging Slaton," he added.

OFFENSIVE LINE ROCK SOLID

The offensive line is rock solid with such talent as Randy Houston, (Sr. 6'1"-200 lbs.) a tight end who made second team all-district last year; Ross Bennett (Jr.-6'2"-185 lb.), tight end; Tracy Nichols (Sr.-6'-228 lbs.), tackle; Wade Wesley (Jr.-5'10"-215 lbs.), tackle; Rene Vecchio (Jr.-5'10"-237 lbs.), guard; Scott Furgeson (Sr.-6'3"-170 lbs.), guard; and Trey Stone (Sr.-6'-183 lbs.), center. Sammy Galloway (Jr.-6'-163 lbs.) will be playing on varsity his first year as a split end. Darrell Young (Jr.-6'-150 lbs.), flanker, should make another good target. The offensive backfield is set with the Cooper brothers, Chester and Billy, at

tailback, and Harold Miller at fullback.

These are just prospects for the offensive line and backfield this year. The coaches are still shifting players from position to position.

DEFENSIVE LINE BEING COMPILED

Thus far, not all of the defensive players on the front line have been set by the coaches. Aldridge stated that Wesley, Kemp and Vecchio are on the defensive front line at this point.

Ross Bradley will be at one of the cornerback positions and Billy Cooper possibly a defensive back. Danny McDaniel, a transfer student from Olton, will be linebacker. He made

the first team all district last year at Olton. The other linebacker will be Ricky Rodriquez, according to Coach Aldridge.

Houston will play two positions this year. He has been switched back and forth from defensive end to linebacker...

The definite starters on offense and defense will not be named until the first game of the season.

QUARTERBACK JOB UP FOR GRABS

Senior Brian Smith (6'2"-165 lbs.) was the starting quarterback for most of the games in the 1982-83 season. But Sophomore Jamie Mansanales (5'6"-150 lbs.), a freshman last year, stepped in many times as quarterback, and by the end of the season, the quarterback battle had not been settled.

Coach Aldridge has not chosen a starting quarterback yet, mainly because Smith and Mansanales have both looked sharp. "Both boys are at least 60 percent improved over last year," Aldridge said.

LOPES TO SCRIMMAGE FRENSHIP FRIDAY

The Abernathy Antelopes will scrimmage Frenship there this Friday

The scrimmage will begin at 5:30 p.m. with the freshman game, followed by the JV game at 6:30 p.m. and varsity at 8 p.m.

Frenship has been picked to win their district.

Vows Exchanged July 30th

Karen Lynn Stafford became the bride of Gary Don McKenzie in a 7:30 p.m. ceremony Saturday, July 30 in the garden of the groom's parents home in Abernathy. The service was officiated by Claude Northcutt of Levelland.

The bride is the daughter of Mr. and Mrs. Dave Stafford of Levelland. The groom is the son of Mr. and Mrs. Don McKenzie of Abernathy

She graduated from Levelland High School, attended South Plains College, and graduated from Vogue College of Hair Design. The groom is a graduate of Abernathy High School and South Plains College. He is employed at

B and L Tractor in Vernon. Given in marriage by her father, the bride wore a satin dress with a French lace overlay. The fitted bodice had a drop waist and had tiers of lace with three satin ribbons on each tier. The sweetheart neckline featured a stand-up collar. The long sleeves were of

sheer lace. Her Juliet cap featured a veil which fell to fingertip-length. She wore a pearl necklace and earrings.

She carried a bouquet of white irises with spring flowers of pink and blue and baby's breath.

The bride's dress was something new, and she wore the traditional blue garter. Something borrowed was a diamond bracelet belonging to her mother. She wore pennies minted in the birth years of the bride and groom.

Matron of honor was Debbie Graf of Levelland, sister of the bride. Brenda Baker of Levelland, sister of the bride, was bridesmaid. They wore blue chiffon skirts with camisoles, in a darker shade of blue, and a light blue overlay. Bouquets were of blue, pink and white silk flowers. They wore blue silk flowers in

their hair.

Barrera-Trieschman Vows Exchanged Aug. 20

Herlinda Barrera and Tom Trieschman exchanged wedding vows in a double ring ceremony at 2 p.m. Saturday, August 20, 1983 at St. Isidore Catholic Church. Rev. F. D'Souza officiated the ceremony.

The bride is the daughter of Mr. and Mrs. Edward Barrera of Abernathy and Rev. and Mrs. R. W. Trieschman of Arkadelphia, Arkansas are the parents of the groom.

The bride was escorted to the altar by her parents. Her bridal gown was styled in white silk organza and re-embroidered chantilly lace. The bodice was styled with a scalloped neckline accented with seed pearls and ruffled sleeves. Her veil was of tulle and chantilly lace and featured "hazares" fastened to the bride's hair. The bride carried a bouquet of white silk roses and accented with white baby lilies and white ribbon streamers and attached to the white bible, that belonged to the groom's mother and the bride used for something old. For something borrowed, the bride wore a tiny pearl pendant. Something new was her outfit and the traditional garter for something blue. The bride's father placed a 1962 and a 1983 penny in her shoe for good luck and happiness. The pennies were presented to the bride by Carmen

Maid of honor was Christina Garza of Abernathy. Matron of honor was Margarita Castilleja of Lubbock. Serving as the bride's matrons were Janie Garza, Magalena Ramos, and Gregoria Garza, all of Abernathy; Ofelia Salinas and Beatrice Villegas, sisters of the bride, from Dallas.

Robin Walker, and her group of tumbling girls, performed. They ranged from 3 to 15 years of age and were quite good. She has worked hard training them. Robin had the 3 to 5 year olds perform first. They were really cute. Finally, they were all performing, and there were a lot of girls. It was enjoyed by all.

Then, Tony Ortiz played a piano recital that he had played earlier in the year to the group. It was all classical, sacred music and very beautiful and well prepared. It was very enjoyable. There had been a lot of work put into this

program. We are very proud of our youngsters and their teachers.

The reading of the minutes was next, followed by the blessing. Everyone enjoyed the good dinner. There were twenty-two people present.

Sometimes God's children pass through difficult times. times of trials and hardships. Darkness hedges them about. The future is dimmed with difficulties. It seems their faith and loyalty is tested to the limit. Yet God has never forsaken His children.

As with Job of old, he may wait until the right moment to come to the rescue. Night will not last forever. The morning will always come.

Peter declared these trials are really blessings from God, "wherein you greatly rejoice, though now for a season, if need be, ye are in heaviness through manifold temptations. That the trial of your faith, being much more precious than gold that perisheth, though it be tried with fire, might be found unto praise, honour and glory at the appearing

Pest Management Report

COTTON

Cotton bollworm egg laying has started, but is very spotty over the area. Egg counts have ranged as high as 12,000 per acre. Beneficials should be able to contain these populations and hold them below economic threshold.

Beet armyworms are being found in many fields. They have been found feeding on leaves, bracts of fruit, blooms, squares and bolls. It is often difficult to make decisions on treatment of beet armyworms, since their distribution is usually clumped. This is because eggs are laid in masses. There has been definite economic threshold established for beet armyworms, although we expect it is probably around 20,000 per acre. When making decisions consider what is being fed upon (bracts, leaves, flowers, squares, bolls) and how many of the fruit are being consumed.

Insecticides which are suggested for control are chlorpyrifos (Losban), sulprofos (Bolstar), methomyl (Lannate, Nudrin) and monocrotophos (Azodrin). Another consideration for beet armyworm treatments is that one will destroy beneficials and leave the door open for earlier or heavier bollworm populations.

CORN

Southwestern corn borer (SWCB) egg laying has declined this week, but many fields have had egg lays exceeding 20 percent. Fewer white or freshly laid eggs have been observed. Light trap collections of SWCB peaked last Friday and has been gradually declining this week. If egg laying exceeds 20 percent in your field and you plan to harvest in late September or early October, an insecticide application could be justified. SWCB hatching out this week could girdle

plants by the middle of September. Also, consider that insecticide residuals from previous applications are only expected to last around 7 to 10 days. If a rainy spell occurs in September, harvest could be delayed until October, which means the full extent of girdling and lodging by SWCB could be realized.

Spider mite damage remains light in most fields. They have been held in check by pesticide applications and the non-stressed condition of many corn fields due to irrigations.

SORGHUM

Spider mites are on the increase in sorghum and should be watched very closely in fields that have been stressed for moisture. Sorghum midge have been observed in the area and counts of up to 5 per head have been found. I expect the midge counts to increase during the next week. To minimize damage, fields should be scouted daily between 10 a.m. and 2 p.m. during the bloom period (14 days). The economic threshold for sorghum midge is when 25 to 30 percent of the heads have begun to flower and the number of midge averages 1 per head or 5 per head in resistant hybrids. For seed production fields, the threshold will be approximately 1 per 2 heads.

Meeting For Applicators

Mr. Ollie Liner, Hale County Agent, reported that a meeting will be held in Petersburg to get farmers and homeowners certified for a Private Applicators License for buying restricted chemicals.

The meeting will be Tuesday, August 30, at 7:30 a.m. at the First State Bank meeting room in Petersburg

SUNFLOWERS

Sunflower moths are prevalent in blooming fields. The larvae of this moth can be seen feeding on pollen and floral parts on the face of the sunflower for about 6 days. This results in a trashy appearing head. When the third instar is reached, the larvae bore into the seed and head. The larvae not only damage seed, but also predispose the head to Rhizopus head rot which may further reduce yields.

Painted Lady butterfly larvae are also on the increase in many fields. The larvae have spines and reach a length of 11/4 inches. They feed under curled leaves which are held in the curled position by silk threads. Infestations of 15 to 20 per plant can cause excessive foliage losses.

SOYBEANS

A few beet armyworms and corn earworms are being found in soybeans at this time. The threshold for corn earworms is when 30 larvae are found per 30 feet

and the program will be presented by the Hale County Agent's Office.

NOTE: Mr. Liner said he will be glad to arrange a separate meeting in the Abernathy area if there is enough interest.

FROM PLAINS COTION GROWERS INC.

LUBBOCK, Friday, August 19, 1983

About 100 cotton producers, producer representatives and crop insurance agents at a meeting in Lubbock August 18 bluntly told Federal Crop Insurance Corporation (FCIC) officials that the Corporation's insurance sales on the High Plains will see a sharp drop in 1984 if proposed changes

FCIC Manager Merritt Sprague made no promises, but conceded that modification of some of the rules as now written may be necessary. Although program concepts are "fairly well set," he said, "we are still writing rules and regulations to implement those concepts and we are open to suggestions and recommendations."

Tommy Fondren of Lorenzo, President of meet ing sponsor Plains Cotton Growers, Inc., chaired the meeting and pointed out that the attendance represented about 30 percent of the national base cotton acreage and an average of about one-eighth of U. S. production. Noting the high risks in High Plains production, he told FCIC officials "If you can develop a program acceptable to these people, you can sell it anywhere in the Cotton Belt."

Most fiercely attacked were FCIC's proposed revisions in the 1984 program concerning division of farm units, yield coverage and the rate-setting procedure.

As the rules now stand, all farms included under one Agricultural Stabilization and Conservation Service (ASCS) serial number in 1984 will comprise a single unit for federal crop insurance purposes. Separate policies at different yields and/or premium rates would not be permitted within the unit although farms might be miles apart, some irrigated and some dryland.

Since coverage is limited by statute to 75 percent of yield, it was pointed out, one farm within a four or five farm unit could suffer a total crop failure, and if production were normal on the other farms. the producer could collect nothing on the loss. It therefore was recommended that producers have the option to divide non-contiguous farms into different

Yield coverage on a farm unit under the 1984 proposal would be determined from 10-year actual yields, based when possible on ASCS yield records. If 10-year records were unavailable, an estimated or "constructed" yield would be assigned to the years for which yields were missing.

Several of those present recommended that producers be given an option to insure actual or county average yields. Otherwise, they said, yield coverage for farms in areas that have suffered repeated disasters will be too low to provide economically meaningful protection.

Sprague told the group that a change in the method of determining premium rates was made necessary by a Beltwide 1.5 to 1 loss ratio on cotton in 1982 and "an even worse" loss experience on the Plains. He added that he, as manager, was mandated by statute to operate FCIC as a business, offering income protection to producers on an actuarially sound basis.

One insurance agent in the discussion presented figures, based on preliminary information, which he said indicated probable average yield coverage and premium costs in Dawson, Gaines, Martin and Howard Counties. Maximum yield coverage for the four counties, the figures showed, would range from 149 to 242 pounds per acre at premium costs from \$31 to over \$46 per acre. "Producers can't afford it," he stated.

On Tuesday and Thursday of last week stolen items belonging to Charles Evans, Freddy Shaw and A. W. Hammett were recovered and identified by the Hale County Sheriff's Department after a burglary ring in Deaf Smith County was recently broken up.

One of the victims. Freddy Shaw, lives 51/2 miles west of Abernathy.

The thefts, committed June 15, 1983, November 11, 1982 and February 22, 1983, respectively, and were part of a large scale network of thefts that covered a span of two years and involved thefts in 13 counties.

Totaling \$5,965, the stolen items were only a small fraction of the \$100,000 worth of merchandise found

Monday by Texas Rangers in the barn of a Deaf Smith County farmer, Robert Roe Strain. Information received by the Texas Rangers finally enabled them to close in and put an end to the theft

Scrimmage Changed

The scrimmage scheduled against Lockney, there, has been changed. It will be played at the New Deal football field at 6 p.m., Thursday, August 25.

To the People of New Deal

Do you like having a page of our very own in this paper? Well, I need your help to keep this page. I need some more advertisers. The ads will be run twice a month and the cost will be \$10 per month. I have tried to contact everyone, but if you want to put an ad on this page, please

call me at 746-6198, and I'll be glad to help you. We need this full page so we can get some pictures of our kids in action in the paper. I will be running the football players' pictures starting next week. I intend to have the cheerleaders, flag corp and band in future papers. Please help me make this something our community will be proud of.

Individuals may put ads in also. Say 5 families go together, something like this: BOB JONES FAMILY--BILL GREEN FAMILY --TOM THUMB FAMILY --DICK & JANE--THE WALTONS -- all say -- "GO MEAN GREEN." This would cost each family \$2 each month. That's not bad if you want to really support your team!!

Scrimmage Can Be Rough Huh, Coach?

It's bad when the players get roughed up during a scrimmage, but when the coaches get injured--that is something else. Ask Coach Stewart and Coach Bigham how hard those Hart players can tackle?
