OCCASIONALLY THOSE DEFENSIVE STALWARTS, the Whitaker twins, get a little action with the football in their possession. Here, Eric Whitaker rips off yardage against Rotan in last week's demolition of the Yellowhammers. Eric puts one of his patented moves on this Rotan defensibleman. It all comes down to what happens in those 48 minutes of football Friday night in Stamford's stadium. Between seven thirty o'clock and approximately nine forty-five o'clock, District 7AA for 1971 will be decided.

The Bulldogs saw to their end of the arrangement with a sound beating of the Hamlin Pipers, 35-6, last week, while the Haskell Indians sputtered through a first half at home with Rotan before waking up through a punt return and steady defense to blow the Yellowhammers out of the stadium, 39-0.

Haskell and Stamford will enter the game tomorrow night with equal 4-0 district records, but the Indians have a half game edge on the Bulldogs in the season standings.

Rotan did not play bad football Friday night. Seldom does a team gain more first downs (15-9) than their opponents, and lose 0-39. Very seldom.

Weather Insight

The weather has cooled off these first few days of November, and it has been dry. Sam Herren reported just .02 of an inch of rain, on November 8, as the only moisture recorded thus far into the month.

Who's A Good Indian? ED WHITAKER

Before Jackie Young brought the crowd to its feet with an exciting 79 yard punt return in the third quarter, it seemed that all the ingredients were in for another close, tough game.

In the first half Haskell had more troubles than they expected. The main troubles being the quick charges of Rotan defensibleman, Gary Powell and Santos Flores. Both continually escaped into the Indian backfield to drop Young and Frank Jircik for losses.

However, with about two minutes gone in the second quarter, the Rotan defense broke into the Haskell backfield in a tough manner... which is good defense except that Mr. Jircik had already left with the ball through the middle of the line. 52 yards later and Haskell led, 7-0.

Bobby Cobb connected with Young on a 14 yard pass-run for the next Haskell score with about six minutes left in the third period. The Indians score was set up when David Dodson recovered an errant Norville Kennedy pitchout on the Rotan 17.

The Yellowhammer back-breaker came with 3:30 left in that same period. Bruce Jones, replacing Kennedy, threw a third down pass to Neal Summers that hit right in his hands. But, Jircik proceeded to separate Summers from said ball, leaving Rotan in a punting situation. Young took the Rotan punt, cut to the right and went 79 yards on the right sideline for a touchdown.

The Yellows gave up the ghost on that play. They were over, finished, caput, warm up the buses.

Jones scurried around looking for a receiver and threw into the hands of Haskell's Phil Josselot, who returned to the Rotan four, where it took Bill Cox two tries to get in the end-zone.

The Haskell defense was an aroused bunch in that second half. Bob Shea, with that 74 on his back I keep wanting to write "Bob Lilly", rode Rotan's Summers and William Duke through the second half. Jim Bob Mickler and Frosty Mayfield, with the help of Danny Smith, Dodson, and Ricky Plemister, cut out the end sweeps that were effective for Rotan in the first half.

By the fourth quarter, Rotan's defense had settled down to lost little lambs. Haskell took over on downs at their own 43 and with Young waiting 31 yards and Jircik going the final 26, it didn't take long to put six more on the board.

The last Haskell score was a case of Jircik being put in to get a little experience at quarterback. He warmed up to the position by throwing 39 yards for a touchdown to Randy Ivy behind the Rotan secondary.

Ivy, a sophomore, has come on strong the last two games for the Indians and has developed into a dependable pass catcher and blocker.

In the individual statistics, Young's average was way off his pace because of several big losses including twice being thrown behind the line on the halfback rollout pass.

Rushing for Haskell was like this: Young, 16 carries for 57 yards; Jircik, 8 for 78 yards; Cox, 12 for 61 yards, and Eric Whitaker, 6 for 14 yards.

Haskell To Purchase Radio For City-To-Airport Contact

In an unanimous vote Tuesday night, the Haskell City Council decided to purchase a radio that would be installed at the city hall so that any airplane landing at Haskell Airport could call in prior to its landing.

Councilman Belton Duncan has been authorized by the City Council to buy this radio. He estimated the cost would

run about \$400. This is another expanding step, the council feels, in making Haskell Airport a convenient and safe place to land for all air-travellers.

Also, on the Airport, several other matters were discussed in Council chambers Tuesday.

Speer Aims For Second Term

D. L. "Jack" Speer has authorized the Free Press to announce his plans for seeking re-election for a second term as Constable Precinct 1.

He married the former Eva Kendrick, in the Haskell First Baptist Church. They have two children, Mrs. Merle Ivy of Leonard, Texas, and Chester Pat Speer of Minden, La.

The Speers farmed in the county until 1938 when they moved to the city of Haskell. Speer worked on the maintenance crew for the State Highway Dept. from 1938 until his retirement in 1965.

He has served as Constable since his election in 1968.

Eagle Badges Earned

Two young men of Haskell High School recently saw the culmination of many years of hard work and study as they earned their Eagle Scout badges here in the Court of Honor, October 4.

Earning the badge, which in scouting is very near the highest degree bestowed, was Keith Hannsz, son of Mr. and Mrs. James Hannsz, and Ricky Plemister, son of Mr. and Mrs. Wayne Plemister.

Scoutmaster E. W. "Pluto" Pruett of Troop 31, gave the pair their badges at the Court of Honor. Since then, Pruett has retired from his position after many years in scouting, relinquishing the Scoutmaster duties to Abe Turner and assistant, Darrell Roberson.

Keith Hannsz is 15 years old and has been in scouting about six years. He is the Future Farmers club treasurer, a member of the First Baptist

Church of Haskell, in the Order of the Arrow, and is a member of the High School "B" Honor Roll.

Along with his scouting activities, he stays busy with his calves and is well into a future career of farming and ranching.

Ricky Plemister, 16, plays on the Haskell High varsity football team and is a junior in school. He is president of FFA and, like Keith, is in the Order of the Arrow. A member of the Church of Christ, Ricky is on the "B" Honor Roll also.

Another young Plemister is on his way to attaining the sought after badge, as Ricky's younger brother, Randy, an eighth grader, is in Boy Scouts.

To reach the Eagle Scout badge, the scout must earn 21 badges and 11 required badges. He must serve six months as a patrol leader, and achieve in a community project.

THESE TWO DECORATED YOUNG MEN are Haskell's latest Eagle Scouts. On the left is Ricky Plemister and next to him is Keith Hannsz, both receiving their badges October 4.

EDITORIAL

If our children aren't worth protecting, really now, what is? A lady called the office earlier this week to report that she noticed several cars in the county not obeying the State law concerning the stops of a school bus.

Though one can't remember the time a child stepping off a Haskell school bus was hit by a car, it has happened before. Maybe not here, but time and time again children are ran over by negligent drivers who do not obey school bus stop laws.

The law states that cars must stop when a school bus is stopped and flashing its lights. Not that a car SHOULD stop, but that all cars MUST stop.

On a two lane highway, that is one lane north and one lane south, when a school bus is flashing lights, all cars must stop and remain stopped until the bus proceeds to move. That includes cars headed north or south. Either direction you're travelling, your vehicle is required by law to stop.

Now on a four lane highway, such as the stretch of 277 between here and Stamford, if a south bound school bus stops, only the cars headed south must stop. The cars in the two lanes going north may proceed.

Must we have one of our children hurt before we realize the gravity of this law?

Garrett Again Seeks Position

Sheriff G. T. "Garth" Garrett has announced that he will again seek re-election to the position of Sheriff of Haskell County.

Sheriff Garrett and his wife, residents of Haskell for many years, have one son, Don Ray Garrett of Lubbock.

He will make his formal statement to the county voters at a later date.

Garrett has served as Sheriff of Haskell County since January, 1961. Prior to his election to Sheriff, he served four years as Chief Deputy in Haskell.

Hospital's Heart Monitor

CHECKING THE HEART BEAT and pulse of a cardiac patient is Haskell Memorial Hospital LVN Jessie Couch. She has been trained, as have all Memorial's nurses, to read and operate the Heart Monitor machine. The machine will cost approximately \$13,000 when all attachments are finally purchased.

Around The Clock Heart Watch

By Steve Foster

It hardly seems possible that a nurse outside the patient's hospital room or even a doctor on a golf course can know when a cardiac patient is in danger even before the patient himself knows.

Yet, not only is it possible, it is a reality at the Haskell Memorial Hospital. About a year ago the Hospital purchased for \$6,500 a Heart Monitor machine from Sparclabs, Inc. This machine, which very much resembles a portable television set, is in operation at the central nurses station. It can pick up the slightest detection of trouble a heart patient might have.

Hospital lab technician Jerry Wheatley explained the intricate machine in this way. A machine that is attached in the manner of an electrocardiogram apparatus, to the arms, chest and legs. Two rooms at

Memorial Hospital have these necessary hook-ups.

From the two rooms run wires connected to the Heart Monitor machine. The patient's doctor can set the pulse monitor dial on a maximum and minimum pulse for his patient.

If at any time the patient's pulse rises or drops past the "Danger" limit, in fifteen seconds an alarm sounds, a light shows the nurse which room the patient is in, and the EKG machine kicks off automatically, recording the heart beat pattern of the particular patient.

On the screen is the cardiograph or visual monitor that shows the patient's heart beat in a steady flow across the screen.

All of this can transpire and the doctor be notified, even before the patient knows that he is in danger. The patient can even be sound asleep.

The doctors of these patients can also have transmitters to carry with them, even if they decide to play a round of golf on their day off, to alarm them if their patient is suddenly doing worse. Or they may have telephone link-ups to the heart monitor and can find out how their patient is doing by just dialing a number.

Alfred Turnbow, hospital administrator, said that contributions to the Heart Monitor Fund help to pay for the machine. "We have received \$2,532.37 thus far and we've been accepting contributions since March of 1970." He added, "By the time we get all the extra attachments for the machine, it will have cost nearly \$13,000."

Anyone who has been a cardiac patient or has had a loved one with a heart problem knows the value of this machine.

'72 Fort Worth Fat Stock Show Increases Prizes For Juniors

A massive mailing of over 8,000 copies of the 1972 Southwestern Exposition and Fat Stock Show premium list offering over \$20,000 in awards has been completed to previous exhibitors, according to W. R. Watt, Show president-manager. The book contains 230 pages of facts and rules for exhibitors who show at the 76th annual edition of the Stock Show, Jan. 23 through Feb. 6.

Entry deadline for cattle, horses, sheep and swine is Dec. 15. Exhibitors of poultry, rabbits and pigeons have until Jan. 17. Watt said previous Stock Show exhibitors should have received the 1972 premium list. Additional requests for the book should be made by writing Southwestern Exposition and Fat Stock Show, P. O. Box 150, Fort Worth, Texas 76101.

The new information booklet features several changes, including a marked increase of over \$7,000 in premiums for junior livestock classes. New breeds showing in the 1972 Stock Show include Simmental cattle in carcass and breeding classes and Holstein-Friesian cattle in the dairy division.

Watt noted the deletion of open steer classes from the upcoming program, turning emphasis on steer competition entirely toward the youth entries. He also called attention to the annual steer sale which will be held at 9 a. m. Tuesday, Feb. 1. The sale in previous years has been conducted the second Friday of the Stock Show.

"The Fort Worth Stock Show has always been recognized for its encouragement to young exhibitors," Watt said. "Addition-

al emphasis through increased premiums is sure to provide incentive which will motivate the young people of our state into agriculture oriented vocations. We need these youngsters' interests and ideas in order to continue the industry's economic and productive growth."

Junior steer premiums are up \$5,327 to total \$14,330, including the addition of Santa Fe reds steers with \$600 in awards. Junior breeding beef heifers are boosted \$1,735 to \$9,135.

Gains in carcass steer contests of \$2,000 bring the total to \$12,312. Added in dairy cattle classes is \$3,315 for Holstein-Friesian exhibitors to total \$9,945 in the division.

"All prospective exhibitors should study the new premium list carefully," Watt said, "because of the several changes from previous shows."

Back again this year will be judging classes for commercial Hereford heifers with premiums of \$6,000, and Charolais bulls with \$3,000 in awards.

Watt said the commercial Hereford heifer events will be "all show—all sell" with entries coming from the Southwest's most prominent herds. The sale, managed by the Texas Hereford Association, will be held at 1 p. m. Jan. 30.

The National Simmental Show will include a sale at 6 p. m. Feb. 5, supervised by the National Simmental Association. This will be the first major sale in the Southwest for the breed.

A National Limousin Sale will be held Friday, Feb. 4, 6:30 p. m., though classes are not offered for the breed.

Use Winter Land To Graze Wisely

"High-quality winter pastures should be judiciously grazed," says Dr. Neal Pratt, Extension agronomist at Texas A&M University.

"Winter pastures usually produce higher quality forage than is produced during the summer months. These pastures also are more expensive and require slightly more delicate management practices."

Winter pastures should be grazed with livestock that have high market value, adds the agronomist. This is one reason why stocker calves on winter pastures are becoming so popular in Texas. Stockers that have grazed winter pasture are a readily marketable product.

"For cows grazing winter pastures, a system of limited grazing can be most profitable," suggests Pratt. "This means that pastures can be used to supplement the protein and energy requirements of the cow and its young calf. Dry cows have little need for high quality forage during the grazing season."

To reap the most benefits from winter pastures, withhold grazing until winter is approaching. Grazing winter pastures before plants are thoroughly established and growing rapidly reduces the total forage growth by 50 percent or more, contends the agronomist.

Rain Brings On Pink Bollworm To Threaten Some Cotton

AUSTIN — Damp weather in Texas has been working in favor of pink bollworms and a gainst cotton farmers whose fortunes appeared on the up grade after being on the decline a number of years because of competition from the synthetics, Texas Agriculture Commissioner John C. White reports.

"The serious pink bollworm infestations, especially in the upper Blacklands and North-east Texas areas seriously threaten prospects for 1972," the commissioner warns. Aggravating the situation are rains which have caused delays in cotton stalk destruction — one of the best ways to combat the bollworms.

The agriculture chief said that infestations in cotton south of Waco to Greenville are at

an all-time high, as high as 50 per acre. Ed farmers to plant stalks and plow them as possible.

Farmers in the Rio Grande Valley are reported about finished with stalk destruction and Roseburg, slowed harvesting construction.

The South Texas Rio Grande Valley practical purposes except for isolated Northern zone, but County in the west County in the west but by rain that harvesting.

"The pink bollworm infestation in this area is the north and east of the control zone, pink bollworm in the fields and making higher than the stroy stalks and plow-bris just as soon as it can mean the making a crop and letting the pink bollworm it all."

Paint Creek To Carry Thru Plans For Water

The Steering Committee of the Paint Creek Water Supply Corporation met Tuesday afternoon, November 9th, with their consulting engineer, Leon Decker of Abilene, and Dale Burris of the Haskell County F.H.A. They learned that they have enough meters spoken for to go on with the plans of constructing their water system. The engineer feels they can service almost all the lines they have planned.

Mr. Burris announced that F.H.A. now demands a \$100 deposit from each prospective meter instead of the \$50 as originally expected. Ray Perry, a member of the board, met last weekend in Temple with Bill Lawson, and Bill said his office had examined the petition and it seemed plausible that a loan would be granted.

The members of the board are now going to contact each customer and collect the deposit. The sooner these are collected the sooner Paint Creek community has good treated water.

Quarterback in my younger days, 12 years and 50 just feel the tension a quarterback feels before you can say all you want to about your linebackers and swift halfbacks, but in my opinion, the

It. I were discussing the quarterbacking for Haskell, who I felt like showed lots of poise and play. I've seen him play against Merkel, didn't win the coaches for his play.

Good, very good. . . Just ask the Haskell camera-thornhill who films the games, his passing was been (and it seems to improve every week), he excellent quarterback-draw plays for first down played solid defense to boot.

Bobby Cobb, I thought you played a good game you a star for your play against Merkel.

will be heading team manager had a good beat going to the Haskell's band rendition of "Jeremiah Was A Bullfrog" or whatever the title of that song is. . . For whatever it's worth, Stamford gained 332 yards and 17 first downs in their 35-6 beating of Hamlin, while Haskell had 414 yards and 18 first downs against the same team. The Indians held Hamlin to 50 yards on the ground while Big Barry MacDonald went for nearly 90 yards against Stamford. If he can get 90 against the Bulldogs, then Jirek and Cox together should get 150. You can bet they will be keying on Jackie Young outside. . . The Indians won't be able to afford the luxury of missing extra points against Stamford. They have had trouble kicking the last few games. Jim Bob Mickler appears the best at this time.

BOBBY REEVES

Rice Frosh Team Includes Reeves

Bobby Reeves, son of Mr. and Mrs. J. B. Reeves of Haskell, is a member of the Rice University freshman football team.

Reeves, graduate of Abilene Cooper High School, is playing as a linebacker and end for the Owlets.

The Rice Freshmen, coached by Steve Goldman, conclude their five-game 1971 schedule on Friday, Nov. 12, meeting the Baylor University Cubs at Waco.

O'Brien Blasts Benjamin, 50-0

O'Brien powdered the Benjamin Mustangs Thursday night, scoring 32 points in the first quarter and then just relaxing for a night of fun and games, as they ran away with a 50-0 rout. They remain undefeated through eight games.

Danny Del Hierro was at it again as he accounted for four touchdowns, three in the first period, to remain the most dangerous weapon in six man football.

Del Hierro's scoring gallops were for 17, 24 and 47 yards in the opening quarter with his last score coming in the third period.

Rayland Hayes, who kicked extra points after each of Del Hierro's runs, also got on the boards with a 10 yard scoring run in the initial quarter.

Benjamin was completely devastated by the O'Brien running game. The Mustangs had played pretty good football before coming to O'Brien, winning four and losing three for the year. But the Bulldogs made the scoring Pierce brothers decide to play outside O'Brien in the future.

Louis Conn tacked on two scoring runs before the night was over. Conn, Del Hierro, and Hayes have scored in nearly every game this season for the Bulldogs.

O'Brien Juniors Win Six of Six

The O'Brien Junior High football team completed season play undefeated, with a 6-0 record. The Bullpups scored 184 points to their opponents' 38. The season record was as follows:

O'Brien 39, Benjamin 20
O'Brien 41, Weinert 0
O'Brien 20, Lueders-Avoca 0
O'Brien 26, Paint Creek 0
O'Brien 36, Benjamin 18
O'Brien 22, Lueders-Avoca 0

The Bullpups can be credited with outstanding defensive play throughout the season, holding four of six opponents scoreless.

Basketball Game To Benefit Chapel

The Baptist Young Women of Weinert are sponsoring a Basketball Benefit with proceeds going to the Chapel Fund of the Haskell Memorial Hospital. The Women's Outsiders team will play the Weinert High School girls. There will be two Men's Outsiders teams. Game time will be 7:00 p. m. Nov. 11, 1971. Admission is \$1.00 for adults and 50c for students. A Bake Sale will be held in connection with the games. Every one is invited to attend.

Haskell Juniors Drop A Pair

The Haskell 7th and 8th grade teams got in some action last week, though things didn't turn out exactly as planned.

The 7th graders played the Rochester Steers 7th grade and played good defense but could only come up with one touchdown, a 60 yard run by Frank Jordan on the first play from scrimmage, and fell to the Steers, 8-6.

Rocky Holmes scored the winning score for Rochester in the second quarter.

The 8th grade team took it on the chin, 39-0, to a strong Albany team.

Pringle, Chavez, Alexander Paces "B" Team In Wild Win Over Rotan

A wild offensive show took place in Rotan last Thursday night, as the Haskell "B" team thrashed the Rotan "B" squad, 54-26.

Rotan set the tone for the game when their kickoff return man took the opening kick all the way for a score.

But Haskell settled down and methodically put score after score on the board. Charles Alexander opened the Haskell scoring with a 34 yard run. Francisco Chavez ran the extra point.

In the second quarter, the same combination got eight more points, as Alexander went 13 yards and Chavez ran in the extra point.

Sophomore quarterback Ken Ivey hit Martin Randle, who has seen some varsity action earlier this season, for a 33-

yard touchdown pass in the second quarter.

Chavez, the talented freshman that has stood out in several "B" team games this season accounted for the next pair of touchdowns as he went 7 yards for one and 37 yards for another.

In the final quarter, Haskell's Ivey connected with Tim Pringle for a 26 yard touchdown throw, and Pringle ran in the extra point.

It was only fitting that Chavez get the final score as he raced 29 yards for the last TD, and then carried in the extra point.

The offense for Haskell built up 54 yards total offense on this night as the powerful running game crushed Rotan's line. Chavez finished the game with 159 yards, three touch-

downs, and four extra points to his credit. Pringle had 155 yards, one touchdown and one extra point, while Alexander had 76 yards, two touchdowns and one extra point. The Haskell passing game accounted for 156 yards, mostly on the strength of Ivey.

Defensive standouts for the Indians were Ollie Johnson, Adam Sanchez, Raymond Rodella, and Ricky Decker.

Lions Shown Hunting Films

The Haskell Lions whetted their hunting appetite as they watched a film on the training and duties of hunting dogs.

The film came after the Lions had their Tuesday noon meal and dispensed with their regular business.

Lion Oscar Tooley reported that the Lions' Board had voted to donate to the Haskell Memorial Hospital Chapel Fund.

Cats Down Notre Dame Hisey, Lehrmann Star

The Rule Bobcats squeezed Briles and setting the Bobcats offense in action on the Knight 45 yard line.

With Hisey eating up short yards by rolling and twisting through the Knight's defensive line the Bobcats moved down to the Knight 12 yard line facing a third and eight. At this point Hisey followed Anders into the right side of the line with Lehrmann faking a hand-off to Hisey and giving to Rob Kittley on an end around play. Kittley raced to the flag and into the end zone in front of an onrushing Knight for the first score of the game with about half of the first quarter remaining. Bobby Anders' kick was true for the extra point, giving the Bobcats a 7-0 lead.

The Knights took the kick off and promptly began a

march of their own, moving down to the 22 yard line where quarterback Stabb kept on a keeper play and raced into the end zone for the score. Garvins kick was good, making a tied ball game, 7-7.

On the Knights kick-off Don Hisey fielded the ball and ran through the Knights before being hauled down at the Bobcat 49 yard line. On the first play quarterback Ricky Lehrmann dropped back behind good pass blocking and arched an aerial downfield to split end Briles who took the ball in stride on the 15 yard line and ran on in for the Cats' second score. Anders again split the uprights, making the score 14-7 in favor of the Cats.

The Bobcat defense led by Cole Turner, Bobby Anders and Ricky Norwood stiffened and held the Knights, but two costly fumbles by the Cats gave the ball back to the Knights near mid-field. After the second fumble lost, the Knights moved 30 yards in 8 plays for the score, which was made on a pass from QB Stabb to his left end from 18 yards out. On the extra point attempt Lehrmann broke through and blocked the kick, leaving the Bobcats ahead by a 14-13 score, ending the first half.

Cats Rule Second Half

Jesse Macias fielded a Knight punt early in the last quarter on his own 15 yard line and returned it to the Bobcat 35 yard line before being knocked out of bounds. The Cats began a successful drive from this point with Hisey carrying the ball behind good blocking by Anders, Macias and Roy Don Wilson. Hisey carried six consecutive times at one point during the drive and also took a 10 yard swing pass to keep the drive alive. Hisey finally scored from 8 yards out behind a good block by Anders. The Cats elected to go for two at this point and QB Ricky Lehrmann found Briles open in the left corner of the end zone for the two points, making the score 22-13 in favor of the Cats with 3:37 left in the ballgame.

The Knights took the kick-off and promptly marched
