St. Mary's Hospital Sends Representatives To Muleshoe

Five representatives of St. Mary of the Plains Hospital at Lubbock were visitors at the Wednesday night meeting of the

Temporary Board of the Muleshoe Area Hospital District.

They included Charles Trimble who is president of the hospital; Tony Heat, executive vice president and chief operating officer; Tom Neff, senior vice president; Dr. Tom Madison, pathologist; and Richard Pope, head of Flight for Life.

Neff gave a slide presentation of St. Mary's, showing different services available at their hospital, and talked about their nationwide affiliation, including hospitals in Texas and California.

He then showed a slide with a double column of services which could be made available to West Plains Medical Center and the Muleshoe Area Hospital District.

This would not include any type of lease arrangement for St. Mary's to operate the hospital. It would continue to be operated by the elected board of directors.

Charles Trimble, president of St. Mary's told the board, "If you want a hospital, you've got to use it and use the doctors. A hospital in a small community is an asset you can't overlook."

He was told by Buck Campbell, president of the MAHD Temporary Board, "We need to find out what level of service is to be provided, how many doctors we need to try to find. We need to know what you could provide us with in management and how will we pay for it. We are looking at St. Mary's as a management tool."

Trimble's response, "There's no magic -- no miracles in running a hospital. You need to get management you are comfortable with and get doctors you can afford."

Board Member Bob Finney said, "People are going to expect miracles on June 21 -- and it just can't happen. We need advice we can believe in. We don't have Medicare and need to get Medicare. We have to spend money we don't have."

"We have a good, dependable staff. No one in rural America has a facility such as we have."

"Almost everyone on the board is new to hospitals, and are trying to learn as much as they can about hospitals so we can be ready to face what needs to be done."

St. Mary's President, Trimble, commented, "We are in a lot of communities. This is one of the best facilities we have been in."

The MAHD made no commitment, nor did they begin formal negotiations with St. Mary's Hospital on Wednesday night. They will be meeting with representatives from Methodist Hospital in Lubbock, who will also make a management proposal.

Election Signs Available Now

John Smith, manager of the Muleshoe Chamber of Commerce and Agriculture, said his office now has ready-made wood yard signs promoting the hospital district election.

He said persons wishing to display one of the signs stop by the CoC at the Muleshoe Hall and pick one up.

"If the hospital district fails," added Smith, "You can use the sign to put your property's 'FOR SALE' designation, and keep displaying it."

WATER, WATER EVERYWHERE--Recent rains have left the intersection at Muleshoe Motor Company like a young river. However, since there has been so little moisture received in the area for the last eight months, there has been very little complaining about driving through the intersection. (Journal Photo)

No Hail Accompanied Thursday Night Rain

Following last week's violent weather in Bailey County, Bailey County Extension Agent Spencer Tanksley has been surveying the crop and moisture situation across the county this week.

He said the agricultural moisture situation in Bailey County is very wide-range.

Some areas have received nice rainfall, according to the county agent, while other areas have not received very much, and remain very, very dry.

"The storms of last week did provide some beneficial and needed moisture," said the county agent. "But, at the same time, we did receive some crop damage from hail, high wind and blowing sand across the county."

"Areas where the most severe hail damage occurred would be found in the very northwest portion of the county, from approximately Beck Gin to the state line," he added.

He said the hail in that area destroyed wheat and cotton and did a lot of damage to corn.

Tanksley said the storm cut across through 746 East, through the Maple and Circleback area, and damage was also received in the Maple and Y-L areas.

"Unfortunately," added the county agent, "the cotton that is being hailed out is cotton that was planted at the correct time, and had emerged from the ground. We still have a lot of land in the county without established crops. This is due to not having enough moisture to plant in different areas."

"In a nutshell, we still need moisture in most parts of the county. As very little has been planted along 746, it is very hard to determine the amount of damage, but it's easy to see when you see corn ripped up by the hailstones."

Tanksley also said the 'ideal' planting dates for cotton has expired, and if cotton is not

planted this week, there will be very little potential for that crop this year. He said he expected people to plant with grain sorghum now.

This week, with nice weather and warm temperatures, farmers have been in their fields trying to keep their land from blowing away, using sandfighters, rototillers and other soil saving methods. He said some irrigated farmers are also trying to prepare for laying by their corn.

The very dry conditions in Bailey County received a little more relief Thursday night and early Friday morning, with additional rainfall.

Officially, in Muleshoe, .88 was recorded, with some home recorders showing up to an inch of rain.

From the Maple-Goodland area, a little over an inch of rain fell, with little to no hail accompanying the rain.

The Muleshoe National Wildlife Refuge said they received .92 of good rain, with wind, but no hail.

Just over an inch fell around the Needmore-Baileyboro and Circleback areas.

Very small, light hail fell briefly approximately two miles south of Muleshoe.

The most moisture in this immediate area fell around Lazbuddie. The amounts reported were from .5 to 1.4 inches.

The heavier amounts fell north of Lazbuddie, along the draw, and at Clay's Corner.

Heavy clouds and fog were in the area Saturday morning, with the possibility of more rainfall predicted by the National Weather Service of Lubbock.

Tanksley added that a lot of irrigation is continuing, as very little moisture has been recorded throughout the county. Some areas have not received two and a

Ruby Lambert of Muleshoe recently entered different categories of the Abilene Writers Guild Contest.

She won first place with 'Inspirational Character Sketch' and received a \$50 check for first place.

She also won an honorable mention with a poem entitled 'Wishful Calamity.'

On Monday, June 12, Bailey County Commissioners court will meet with the following items on the agenda for the 10 a.m. meeting:

Payment of routine county bills; review County Treasurer report; review departmental reports; meet with hospital administrator concerning a mandatory provider for indigents and setting a payment schedule; discuss donating Civil Defense truck to city fire department; consider reappointment of Reserve Deputy Randy Watkins to Regular Deputy; miscellaneous items.

On Tuesday, June 13, at 7:30 p.m.

Following formal opening of the meeting, the following business items will be discussed: discuss architect for the junior high addition and take appropriate action and discuss air conditioning for elementary campuses and take appropriate action.

First Baptist To Show Film Sunday Evening

First Baptist Church, Muleshoe, will present 'Cry From The Mountain,' from the producers of 'The Hiding Place,' 'Joni' and 'The Prodigal,' today, Sunday, at 7 p.m.

'Cry From The Mountain,' a World Wide Pictures production, is an adventure film set in the majestic wilderness of Alaska by screenwriter Daniel L. Quick. Scene after scene portrays the beauty and wildlife of this "last frontier" state.

The story centers around the Sanders family. Larry Sanders takes his 10-year-old son, Cal, on a camping trip where he is to break the news that he and his wife, Carolyn, are getting a divorce.

Meanwhile, Carolyn, filled with bitterness and unable to forgive her husband for an affair he has had with a woman in his office, considers the option of having an abortion. Through a life-threatening accident and an old hermit living in a deserted mining camp, the course of events is changed for the Sanders family.

Members of First Baptist Church invite everyone to come and enjoy this Billy Graham Film presentation.

Breakfast Group Hears About Election

Just over 30 people decided to brave the early morning (6:45 a.m.) breakfast Friday morning, hosted by the Muleshoe Chamber of Commerce and Agriculture.

But, those who got up early, and went to the Bailey County Civic Center, enjoyed a breakfast then heard several local residents voice their thoughts on the upcoming Muleshoe Area Hospital District election.

Tim 'Buck' Campbell, president of the MAHD Temporary Board of Directors spoke first.

Campbell said, "Our job as a temporary board is to try to provide medical care for the Muleshoe area."

"Our most asked question is 'How much taxes is it going to take to run a hospital in Muleshoe?' and we have to tell them we are trying to work that out."

He added, "We have an excellent facility. A tour last Wednesday night showed us a heck of a facility. We have a lot of money invested down there."

And as far as the amount of taxes, Campbell said this would depend on what level of services the people want, and how many people will use the facility.

Other things to be considered in the future will be who will be paying the existing debts; tax liabilities; the note on the building and old operating expenses.

"We will just have to check to see what to do with it," he added. "Sometime after the election, provided the district passes, there will be a transfer from the old hospital board to the new board. These items will have to be worked out between the two boards."

At this time, the temporary board is negotiating with both St. Mary's Hospital and Methodist Hospital of Lubbock for management assistance and purchasing power. The temporary board expressed confidence in the current administration of the hospital, but said management skills and expertise could be provided by one of the larger Lubbock hospitals.

It was stressed that no leases would be signed, and the hospital would still be controlled totally by the Muleshoe Area Hospital District Board of Directors, with the Lubbock hospital providing credibility, stability, and perhaps a large savings in purchasing necessary supplies.

"Our problem right now will be how to obtain operating money from now until we can get tax dollars," said Campbell. "Hopefully, we can come up with money to provide services until tax money starts coming in."

He added that the tax rate will be the same for everyone, "Including myself. I don't like to have to pay more taxes, just as you don't. But, I'm probably going to live here the rest of my life. The reason I want a hospital is that I may need that hospital. I may need it quick, and I want it to be there."

Another board member, Bob Finney, commented, "The whole ramification concerns the entire medical facilities, including the nursing home, hospital and doctors. We need the facilities to attract and hold qualified medical people, so it doesn't affect just doctors, nurses and technicians."

"We have something very, very special in this town, and it is the feeling of 'community.' People who come into Muleshoe are amazed at what we have here, and out nursing home is 'home' for many people."

"The Temporary Board is a public entity. YOU decide what level of service you want, you attend a meeting and you let us know what you want."

Finney, along with several others, said they believe 90 percent of the registered voters will turn out on June 20 for the hospital election.

He reminded that the Hospital District is a public entity just like the county commissioners, school board and city council, and accountable to the citizens of the district. This includes Lazbuddie, who has been a part of the proposed district since the beginning. "You can help by explaining the need for the

TAES Plans For August Workshop

Farmers and ranchers interested in learning a checkbook register-based system of cash record keeping already are signing up for an August program here by the Texas Agricultural Extension Service.

Participants in this two-day short course, Aug. 8-9 at South Plains College, will learn to use Quicken, a commercially available software program that is gaining popularity in the South Plains, said Dr. Jackie Smith, agricultural economist and management specialist with the Extension Service.

To assure hands-on training, the course is being limited to 20

participants. Before the program has been widely publicized, half a dozen persons who have heard about it have registered, Smith said.

Participants will write and print checks and enter transactions in the check register. Information entered on the checks and in the register will be used to produce income and expense reports by enterprise, a cash flow, and budget reports. Tips to speed entry of repetitive transactions will also be included.

In addition to learning Quicken, participants will be introduced to other packages in this

capability and price range, and discuss the benefits of a full-fledged accounting package.

The fee for the workshop will be \$125, which will include a copy of the Quicken disks and manual, a course notebook and two meals. The course will run from 9 a.m. until 4 p.m. each

day, and will be limited to 20 participants.

For more information contact your local county Extension agent, or telephone Dr. Jackie Smith at the Texas A&M University Agricultural Research and Extension Center in Lubbock (806) 746-6101.

Named All-

American Scholar

Dayna Hamilton, daughter of Charles and Margaret Hamilton, has been named an All-American Scholar by the United States Achievement Academy.

The USAA has established the All-American Scholar Award program in order to offer deserved recognition to superior students who excel in the Academic disciplines. The All-American Scholars must earn a 3.3 or better grade point average. Only Scholars selected by a secondary school instructor, counselor, or other qualified sponsor are accepted. These scholars are also eligible for other awards given by the USAA.

A student at Muleshoe High School, Dayna was nominated for this National Award by Mrs. Linda Marr and her name will appear in the All-American Scholar Directory, which is published nationally.

"Recognizing and supporting our youth is more important than ever before in American history. Certainly, winners of the All-American Scholar Awards should be congratulated and appreciated for their dedication to excellence and achievement" said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects All-American Scholars upon the exclusive recommendations of teachers, coaches, counselors and other qualified sponsors. Once awarded, the students may be recognized by the USAA for other honors.

Dayna is the granddaughter of Mae Morgan of Lubbock and Louisa Hamilton of Voarhees, New Jersey.

Bula Church Holds Appreciation Dinner

On May 7, a special service was held in the Bula Community Baptist Church and an appreciation dinner was served to Mr. and Mrs. Bennie Claunch of Bula and J.C. Snitker of Enochs. One of the church members stated:

"They were a link or channel that God used to obtain the present church property."

A plaque was given to Claunch and Snitker in recognition of their support and encouragement given to establish a Spanish speaking church in this area. The small Spanish speaking mission was started in the home of Mr. and Mrs. Frank Medina of Bula.

Another thanksgiving and dedication service was held on March 19, to formally recognize the mission as the Bula Community Baptist Church.

The Bula Baptist Church and the Enochs Baptist Church were co-sponsors. The Bula Community Baptist Church spokesperson stated that they wish to thank everyone in the Llanos Altos Association for their help and support.

The Bula Community Baptist Church welcomes everyone to Spanish services on Friday evenings at 8 p.m. and Sunday School on Sunday at 10:30. On Sunday afternoon the service is held at 3 p.m.

Greg Combs National Award Winner

Gregory Scott Combs, son of Larry and Berta Combs, has been named a United States National Award winner in Leadership service, according to an announcement of the United States Achievement Academy.

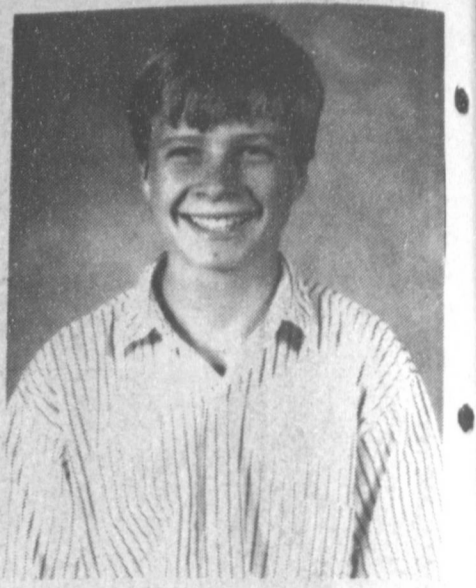

Dr. George Stevens, Executive Director of the United States Achievement Academy stated "This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than ten percent of all American high school students.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly United States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement.

"The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, mo-

tivation to learn and improve, citizenship, attitude and cooperative spirit, dependability and recommendation from a teacher or director."

Greg is the grandson of Mrs. Woodie Combs of Morton and Mrs. Bert Darland of Lubbock.

To Meals On Wheels

The Xi Omicron Xi chapter of Beta Sigma Phi presented Margie Merritt a check for \$110 for Meals on Wheels. The money was raised from a yard clean-up raffle.

Members of the sorority sold raffle tickets and Barbara Mutschler treasurer of Xi Omicron Xi drew the winning ticket. Vergie Griffiths, 318 W. 6th St. won the raffle.

The sorority members stated that they are happy to be able to help the Meals on Wheels program. "We think it is a program critical to the needs of our community."

AUGUST DATE SET--Mr. and Mrs. Tommy W. Snell of Clovis, N. M., announce the engagement and approaching marriage of their daughter, Traci Lynn Hughes to Larry O. Martin, Jr., son of Audrey Martin and Mr. and Mrs. Larry O. Martin, Sr. of Muleshoe. The couple will exchange vows on Saturday, August 5, at 2 p.m. in the West 21st St. Church of Christ in Clovis. The bride-elect is a 1990 candidate for graduation from Clovis High School. Martin attended Muleshoe High School and is employed at Network Security. (Guest Photo)

Creative Living

by Sheryl Borden

Information on recipes for entertaining, dieting to lose weight, and making attractive holiday decorations from a brown paper bag will be featured topics on "Creative Living" on Tuesday, June 13 at 12 noon. (Due to the KENW-TV Tele-Auction, "Creative Living" will not be seen on Saturday, June 17, but will return to its regularly scheduled time the following Saturday.)

Dot Smith is the founder and president of Pepper Patch in Franklin, TN, and will share some of her favorite recipes for entertaining. Pepper Patch uses only the freshest homegrown ingredients and all the products are baked with homemade goodness.

As Americans become increasingly weight conscious, more and more fad diets appear on the market. The trick to dieting is to lose weight--and keep it off--without giving up all those tempting foods. Dr. Martin Katahn of Vanderbilt University will explain how this can be accomplished.

The flashback segment will feature New York artist, Eileen "Butch" Krutchik. Butch is the self-proclaimed "bag lady" and has coined the term "bagriculture." She will make some attractive holiday decorations from brown paper bags. Butch represents the American Paper Institute.

Due to the Auction, "Creative Living" will not be seen on Tuesday, June 13 at 9:30 p.m., but the show will be seen on Thursday, June 15 at 12 noon. "Creative Living" will present information on clay cookery, smoked sausage entrees, and making concealed closures on blouses and dresses.

Mary Ellen Payne, Extension Home Economist for Union County in Clayton, NM will discuss how to cook in clay. Today's stoneware and clay cookers cook in a way that makes less tender cuts of meat juicy and tender, and this offers a lot of variety and economy to menu planning. Mary Ellen will talk about the oven temperature that's recommended for clay cooking and explain how they can be used even in the microwave.

Sherleen Clausen, representing Swift-Eckrich, Inc. in Oakbrook, IL, will discuss ways to use fully cooked smoked sausage for quick, easy entrees for lunch or dinner.

The flashback segment will feature Jo Beth Massey from Portales, NM. Jo Beth will explain how concealed closures have several benefits on gar-

ments. She will also show how to make adjustments on patterns so you can convert any of your favorite bodice patterns and add a concealed closure to them.

"Creative Living" is produced and hosted by Sheryl Borden. The show is carried on more than 100 PBS stations in the United States, Canada, Guam and Puerto Rico

Tops Club

Muleshoe TOPS Club chapter No. 34 met at 6:30 p.m. Thursday, June 8 at the Heritage Thrift Shop. Laverne James, leader, called the meeting to order with the TOPS pledge and fellowship song. She also led the group in prayer.

Orvdie Burris, weight recorder, called the roll with 18 members responding with the amount they had lost or gained. Minutes of the previous meeting were read and corrected.

It was reported that the club changed the method of earning "Points" in the point contest.

Best loser for the week was Rose Sain. First-runner up was,

Cleta Robertson and second runner up was Rama Smgling.

Following the weekly report, the club had a different kind of program. Each member told a little about themselves and their family, so the group could get to know everyone better.

The meeting was adjourned with the goodnight song.

half inches of moisture, and a few farms have received 4-5 inches since October, 1988. Most have received 2-5 inches at the most since last October, he reminded.

Few farmers, especially dry-land operations, can plant and try to get a crop established.

He added, "Hopefully, we can receive more moisture in the very near future to benefit what crop acres we have."

In conjunction with Tanksley's surveys across the county, he also released the following information from Dr. James Supak regarding the possibility of re-planting hail-damaged cotton acres:

Large storms accompanied by heavy washing rains and hail hit large portions of the Southern High Plains causing moderate to heavy damage to the young cotton crops.

Where, how much and how badly the crop was damaged are the questions many producers are asking, and finally comes the big one, "Will I have to replant?"

In many fields, it is obvious that the crop will have to be replanted. In others the best alternative may be to stay with the existing stand even though the plant population has been reduced and the surviving seedlings incurred some injury.

"Don't make snap decisions when it comes to hail damage," cautions Dr. James Supak, cotton specialist for the Texas Agricultural Extension Service. "Often, the plant damage and stand loss appears to be much worse than it actually is immediately after the storm."

He suggests to give the crop two or three days to recover before carefully evaluating the condition of the remaining plants. In the meantime, a sand-fighter or some other tool should be run as soon as possible to prevent sand injury to vital leaves and buds on the injured plants. Quite often, Supak cautioned, sand and wind damage after a hail can do as much or more harm to young seedlings than the hail.

In making the field inspection,

consider how much of the crop was destroyed. A hail storm can reduce the plant population to only two seedlings per row in 40-inch rows, or about 25,000 plants per acre, and the crop can still produce a normal yield, unless, of course, the crop is poorly distributed or has long skips.

If skips are involved, the potential for significant yield losses is increased. In studies where skips varying in length from one to nine feet were used to reduce stands from 4.5 to 3.5 or to 2.5 plants per foot of drill, yield losses of approximately 15 to 25 percent, respectively were observed.

Another point in determining whether to replant is how much damage there was to plants. The agronomist explained that plants having only traces of leaves will recover better than those with no leaves. "If the plants can be easily 'rowed' down the field, that's a good sign. But even seedlings that were completely defoliated, the plants can still recover and make a crop if the stems are intact, free of breaks in the bark and the seedlings have sound buds. Recovery of defoliated plants will be slower than that of plants that have at least some portion of the leaves remaining."

"However, if the stem is shattered and the bark loosened or broken at points below the leaf buds, then recovery is impossible," Supak warned.

Regrowth hinges either on the sound terminal bud (the growing point) or auxiliary bud located at the point of leaf attachment.

The agronomist says that

because of the young seedling's ability to recover, hail injury in June will cause less yield loss than in July or August when the plants are more mature and replanting becomes impossible.

A crop can recover from damage in early to mid-June to the point that the injured plants are difficult to distinguish from undamaged plants," he added. "Also, young cotton that survives early hail damage is often more mature at frost than a crop that has been replanted."

"When a cotton field is destroyed," he said, "the producer has no choice but to replant. But when the crop is damaged and only partially destroyed, producers are faced

Crime Line ALERT!

From the Bailey County Sheriff's Department, Chief Deputy Steve Bearden has two recent crimes that cash rewards are being offered through the Bailey County Crime Line.

Bailey County Crime Line is now offering a \$300 cash reward for information leading to the arrest and indictment of suspects involved in the burglary of a residence where a saddle and other items were taken. The location of the residence is in Progress.

The crime took place sometime between 6 p.m. on June 4, 1989 and 9 p.m. on June 6, 1989.

Bailey County Crime Line is also now offering a \$300 cash reward for information leading to the arrest and indictment of suspects involved in the burglary of a truck where several tools were taken from the truck, which was located about 3/4 mile west of Muleshoe on Highway 84.

The burglary took place sometime between 9 p.m. on June 6, 1989 to 7 a.m. on June 7, 1989.

with a much more difficult decision." hospital to your friends in the Lazbuddie community."

He also said that unlike the present hospital, under a hospital district, it will cost more tax dollars in the beginning, but the hospital will be trying to earn as much as it can. However, Finney said "We cannot double prices and stay competitive, so prices (charged by the hospital) will stay competitive."

"We have a great facility and a lot of good volunteer help. At this time, no one can tell how much it will require in tax dollars. Right now, we need to continue to show solidarity and support the hospital program."

He concluded, "The Muleshoe Area Industrial Foundation and Chamber of Commerce could not do more for our town than help keep the hospital here."

MAIF member Bob Stovall said there appeared to be no organized opposition to the hospital, "but, it's still there. We all need to talk to our friends and try to answer them on a 1-to-1 basis, questions they may have

about the hospital district. Opposition appears to be on an individual basis. During the last two weeks, I have visited with 16 people who oppose the district. After talking with them, 14 changed their minds."

Robert Montgomery, president of the CofC added, "The steering committee needs all the help we can get. Our community is very unified over this proposal. We also need to express our appreciation and thanks to the MAHD temporary board. They are giving this project a lot of time. They are a very dedicated group of men."

"All businesses should be reminding their customers to vote 'YES' for the hospital district," added R. A. Bradley. "Employers have an obligation to their employees to provide some type of medical care here."

City Manager Dave Marr reminded that absentee voting will end on Friday, June 16 at 5 p.m. Absentee voting may be at the Bailey County clerk's office in the courthouse; or at Lazbuddie, in the superintendent's office at the school.

"Those opposed to the hospital district WILL show up to vote," stated Montgomery. "Those who are 'FOR' the district can't afford to stay away from the polls."

On election day, Harvey Bass, of the steering committee said rides will be provided. Persons may call the Muleshoe CofC at 272-4248 or Bass Appliance at 272-3030.

It was noted that 18 residents of the Muleshoe Nursing Home have already voted, and Bass urged people to continue to be enthusiastic. "We cannot take a complacent attitude," added Bass. "Let's shoot for 90 percent voter turnout."

"It would be an utter disgrace to this community if we could not accomplish keeping the nursing home open," said John Smith. "It is something we could never live down. Let's pay tax for the nursing home, if for no other reason."

Muleshoe Nursing Home Administrator Rachel Snider said although they cannot communicate very much, "The residents of the nursing home appreciate those who are out working for them. From them, a very sincere 'Thank You.'"

Florida Visitors Call Attention

To Drug Abuse

Saturday afternoon, a trio from Tampa, FLA stopped briefly in Muleshoe on a cross-country trip to California.

What made this motorcycle trio different was the reason for their cross country tour.

Leaving Tampa on April 8, they said so far, on reaching Muleshoe, they had traveled 1,650 miles, calling attention to the problems of drug and alcohol abuse.

Thomas Yacoberis, Woodie Sayles and Elisa Brooks said they travel 40-50 miles per day and carry some 60 pounds of equipment on each of their motorcycles.

Mostly, they sleep out at night, and were headed toward Albu-

querque when they stopped in Muleshoe to eat.

Yacoberis said he would be writing articles about their tour when they arrive back in Florida.

They said they had been on the road seven weeks, and liked riding through the Muleshoe area, because they had a 'tail wind' that helped save on gasoline.

The trio said they were spending about \$15 a day on the tour.

According to the riders, they each owned their own companies, but shut them down to make the U. S. cross country tour because they felt so strongly about drug and alcohol abuse.

Reminder: Our Father's Day Party will be Friday, June 16 at 3 p.m. Raydon from K.M.U.L. Radio will be entertaining. We encourage you to come help us honor our Fathers and enjoy the afternoon with us. Lona Embry will be hosting the party. Our thanks to our special friend for her donation for our party.

Thursday afternoon we enjoyed getting in cars and riding around town sight seeing. We saw many pretty yards, nice homes and the homes of people we know. The stop at the Sonic on the way back to the nursing home for an ice cream cone was just what we needed to top off our sight seeing trip. Residents going for the ride were Patsy Franklin, Emma Schuster, Effie Smith, Mamie Askew, Oneita Wagnon, Pearl Cox and Thelma Stearns. Our thanks to Willie M. Graves and Clara L. Jones for taking us and helping us.

Friday afternoon Mr. and Mrs. Harold Carpenter and their friends, Mrs. Sides and Mrs. Blankenship, from the Oklahoma Lane community came to play the piano and have a Sing-a-Long with the residents. We also enjoyed "I Remember When Stories."

Sunday afternoon the Calvary Baptist Church came to visit and sing and play gospel music.

We are always needing new and stimulating ideas and volunteers. If you would like to do volunteer work here is a list of activities that you might be interested in doing.

Several of our residents have exercised their right to vote in the up-coming election to keep our hospital, nursing home and have already voted by ballot by mail. We hope you too will go out and vote.

Louise Legg came Tuesday to help the residents paint ceramics. Residents participating were: Lois Ethridge, Ora Roberts, Effie Smith, Patsy Franklin, Guy Kendall, Pearl Cox, Thelma Stearns, Clara Weaver, Meda Hughes and Ruby McCamish.

Ruth McCarty and Zora Bellar came Wednesday afternoon to play the piano and lead songs for out Sing-a-Long.

Tuesday afternoon Harvey Bass, Robert Montgomery and John Chisholm visited the nursing home and explained the proposed Muleshoe Area Hospital District and answered questions that the residents were needing answered. Lona Embry served refreshments. We Appreciate all of them coming.

Freida Locker and Claudine Embry came Tuesday to shampoo and set the ladies hair. We were a little short handed but we managed to get the job done.

Patsy Franklin visited in the home of her son and daughter-in-law, Mr. and Mrs. Graydean Franklin Monday.

Ora Roberts was visited by her children, grandchildren and great grandchildren this past week. We are pleased to see Ora able to get out of her room.

QUESTIONS & ANSWERS CONCERNING THE PROPOSED MULESHOE AREA HOSPITAL DISTRICT

Q — Why do we need a hospital?
A — A more appropriate question is: Do we need medical care in our community? A hospital is the institution around which all medical care revolves. Medical CARE is ELECTIVE, you may go anywhere you choose, however MEDICAL EMERGENCY is the NEAREST and BEST facility you can reach.

Q — Why do we need a hospital district?
A — Primarily for stability. The district by allowing for a constant and predictable external funding source for the medical center, will allow it to plan and organize properly. Currently the cash flow situation is so acute that the facility cannot staff and equip itself so that it can handle medicare patients. Medicare patients should be in excess of 60% of the hospital's patients.

Q — What advantage does a hospital district give?
A — It is difficult to attract and retain quality health care professionals without some stability. A medical center which is funded in part by a district is much more stable than one that is not.

Q — Will a hospital district raise taxes? How much?
A — Yes! The temporary board of directors will adopt a budget and the tax rate will be set as a result of preparing that budget. So as not to mislead, the MAXIMUM TAX the MAHD can levy is 25¢ per \$100 of assessed valuation. THIS MEANS THAT YOU WILL ONLY BE TAXED \$25.00 PER YEAR FOR EACH \$10,000. OF ASSESSED VALUE. This is only 1/4 of 1% of the assessed value of your property. At this time no one knows what the actual tax rate will be, BUT THIS WILL BE THE MAXIMUM.

The following table illustrates the effect of a maximum rate of 25¢ per \$100. assessed valuation will have on your yearly taxes:

| ASSESSED VALUATION | MAXIMUM ANNUAL TAX |
|--------------------|--------------------|
| \$10,000 | \$ 25. |
| \$20,000 | \$ 50. |
| \$30,000 | \$ 75. |
| \$40,000 | \$100. |
| \$50,000 | \$125. |
| and so on. | |

Q — Who is eligible to vote in this hospital district election?
A — Registered voters residing in the boundaries of the proposed district. Those who are eligible to vote are voters residing in the Lazbuddie School District south of a line located one mile north of Highway 145 east of highway 214 and one and one-half mile north of 145 west of highway 214 and those voters residing in Bailey County north of a line established by the southern boundary of the Muleshoe Independent School District.

Q — How were the members of the temporary board selected? For how long? Is it a roving board?
A — A group of persons widely representative of the different geographic areas of the district were asked if they would serve the community. The directors will serve until May, 1991 if the district is created. At that time a permanent board will be elected and new directors will be elected each year.

Q — Can the district board raise the tax to a higher rate? Can they raise the assessed valuation?
A — No! The MAXIMUM RATE at which the district may tax without going back to the people for a vote is 25¢ per \$100. of assessed value. No! The assessed valuation is set by law by the Appraisal Boards in each appraisal district.

Q — Why did the District go outside of Bailey County for its boundaries?
A — The district boundaries were designed to take in the Muleshoe TRADE AREA. Mail routes out of Muleshoe were used in designing the district as well as the boundaries of other political subdivisions. Historically representatives of the Lazbuddie area have been represented on the Hospital Board of Directors. These representatives indicated that the Lazbuddie area was interested in being a part of the district. A representative of the Lazbuddie community, Derrell Jennings, is on the Temporary Board of Directors of the Muleshoe Area Hospital District.

Q — How is a District determined?
A — The district was AUTHORIZED by the STATE LEGISLATURE. It is CREATED by a VOTE of the qualified voters.

Q — Will a hospital district voted in boost our Community?
A — A more appropriate question might be would you move to a community which does not have doctors? Would you move to a community which does not have an emergency room? How long will you stay in a community which does not have the above?

Q — What are three of the most important things industry looks for when determining to locate in a community?
A — Hospital facilities, public school system and community park system.

Q — How can the hospital operate under these new conditions when it failed when the new hospital was built and also with Westworld?
A — The medical center has never had a continuing and established amount of third party financial support, (a hospital district tax base). As a result the operation has always been strapped for cash. For this reason it has never been able to take full advantage of its facilities and its potential market.

Q — How would the hospital help the older people if it qualifies for Medicare, etc.
A — A minimum of 60% of the West Plains Medical Center's possible patients are the recipients of medicare benefits. Currently Medicare will not pay for patients at WPMC hospital so persons eligible for Medicare have to go elsewhere.

Q — If the hospital district fails, what effect will this have on the Nursing Home?
A — West Plains Medical Center, Inc. owns the nursing home, clinic and hospital. If the corporation ceases to exist the Nursing Home will be closed.

Q — Is it true that if we do not vote in a hospital district here, that Lubbock, or another hospital district could include us in their district and tax us on it?

A — Probably! The legislature will authorize the creation of six hospital districts in our Senatorial District alone during the current session. It is highly unlikely that anyone will be outside of a hospital district in the future.

The MAIN ISSUE to be decided in the June 20th election is to have MEDICAL CARE AVAILABLE IN OUR AREA or not. Assuming a positive outcome, public meetings will be held with the Muleshoe Area Hospital District Board to determine the level of care and a tax rate will be set accordingly, not to exceed the maximum allowable.

Lazbuddie Graduates Receive Numerous Honors, Scholarships

Seniors at Lazbuddie High School received their diplomas in graduation exercises Tuesday, May 30, at 8 p.m. in the Lazbuddie School auditorium. In addition to diplomas, several scholarships and awards were given, including the following:

Adrienne Willingham, valedictorian, received Texas A&M's Former Students Opportunity Award for \$3,000. In addition, she was selected from over 5,000 applicants to receive the AAL All-College Scholarship for \$500. Independent Colleges and Universities of Texas awarded Adrienne up to \$10,000 which can be used at one of 32 private universities in Texas. The State of Texas awarded her the Valedictory Honor Graduate Certificate, which is a declaration that provides a scholarship for full tuition at any state supported college in Texas.

Jonessa Jennings, salutatorian

was named the first recipient of the Howard Carlyle Memorial Scholarship for \$300. This memorial scholarship was established to honor the memory of Howard Carlyle who served as counselor for the Lazbuddie, Bovina, and Farwell Schools for thirteen years; he died in July 1988. Family and friends provided donations to establish the fund to honor graduating seniors and help them continue the educational tradition he felt strongly about. Jonessa also received Texas Tech's Marvin Jones Dean Business Scholarship for \$200.

Preston Scott Miller, the highest ranking boy, received up to \$10,000 from the Independent Colleges and Universities of Texas. The award may be used at one of 32 Texas independent colleges and universities.

Connie Gonzales received two academic scholarships from ENMU, Portales -- Friends of

Eastern Alumni Scholarship for \$300 and a \$200 Talent Day Scholarship she earned by taking a test in Business Administration. Connie ranked third in her class.

Ginger Jesko was awarded the \$700 A. A. and Hattie Mae Bush Scholarship. This fund donated by the Bushes through the Amarillo Area Foundation provides awards to qualified students who reside in the 26 northern Panhandle counties and plan to further their education in accounting.

Susan Redwine was named recipient of a second \$100 award given by the Muleshoe Masonic Lodge #1237; Hugh Young, WM, made the presentation. Susan also received the Phillip Brian Jesko Memorial Scholarship award in the amount of \$700 provided by contributions from family, friends and community

members in memory of Phillip Jesko.

Molly Nelson was chosen by Mr. Tom's Institute of Hair Design in Lubbock to receive \$500 to further her education in cosmetology.

Amy McGehee, who has signed a Letter of Intent to play basketball and run track at McMurry College in Abilene, was named recipient of the \$300 David Dale Seaton Memorial Scholarship established to honor the memory of David Seaton. The funds are provided by contributions from family, friends, and community members. Amy received the "I Dare You" award provided by the Danforth Foundation with a \$435 scholarship for the National Leadership Conference in Shelly, Michigan.

Wes Jarman received two awards: The "I Dare You" Leadership Award made avail-

able by the Danforth American Youth Foundation. A \$435 scholarship is provided for tuition to the National Leadership Conference. Wes was also named recipient of a \$100 award given by Muleshoe Masonic Lodge #1237. Hugh Young, WM, made the presentation.

Donnie Holt received the Bailey County Electric Cooperative \$400 scholarship, made available by Muleshoe State Bank through the electric cooperative.

Chad Waddell received Five-Area Telephone's scholarship. Bob Jones, president of the Five-Area Telephone Cooperative Board, presented a \$400 award. Chad also received \$1,600 from Lubbock Christian University.

Brian Glover, president of National Honor Society, received the second year's scholarship in memory of Russell Scott Red-

wine; the fund established to perpetuate the memory of Russell Redwine, is provided by donations from family, friends and community members. The amount is \$300.

Robert Marruffo is eligible to further his education through the Panhandle Job Training Association program entitled Youth Opportunities Unlimited (YOU). This award supplies tuition, fees, books, and a 20 hour a week job to learn a skill at TSTI, Amarillo College or South Plains College.

National Honor Society members received scholarship offers from West Texas State. The following NHS members received the Don and Sybil Harrington Awards in these amounts: Adrienne Willingham, \$500; Jonessa Jennings, \$400; Connie Gonzales, Susan Redwine, Amy McGehee, Scott Miller, Ginger Jesko and Brian Glover, \$200 each.

TNM&O Buses 50-Year Service Showing Growth

TNM&O Coaches, Inc., is celebrating 50 years of serving the transportation needs of travelers and shippers in Texas, New Mexico and Oklahoma. According to Bob Greenhill, president, the company was founded in 1939, when three bus lines merged into what is now TNM&O. TNM&O has grown 130 percent in the past five years alone.

for bus service to over 3,722 miles of routes in Texas, New Mexico, Oklahoma and Colorado. It moved 6,185 tons of freight, providing package and passenger service to more than 14,000 towns nationwide. TNM&O supplies freight service to many towns that would otherwise have none. The company operates 67 buses, employs 116 drivers and 1262 sales and support personnel.

"We are very proud of our outstanding safety record, which is unmatched by any other form of transportation," Greenhill said.

"Each driver has an average of ten years experience and the coaches are kept under a mandatory nine-year replacement program."

Generations

Isn't it grand when the whole family reunites on holidays or on anniversaries! How good to see grandparents and great grandparents and the new crop of babies. Seeing them all together gives you a feeling of continuity, and a sense of oneness with all creation.

It gives you, also, a glimpse of God's plan in the life cycle. When you see the off-spring of the patriarch grandfather, you marvel at the great legacy he is bequeathing the world. All the children that have issued from him are in themselves a great contribution to the world of mankind.

There is marvelous potential in all these spirits. The great things they will do thrill your heart when you contemplate them.

This legacy of lives and spirit can be strengthened, sweetened and nourished by the church. We invite you to take your family to church this week.

EVERYONE IN THE CHURCH THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

NOTES COMMENT
Only fools listen repeatedly to fools
No argument is answered by an epithet.
People who read carelessly talk carelessly.
Never be sure you are right, except when you're right.

If you think well of those who think well of you the score is even.
Almost anyone is enthusiastic over a new job, with more pay.

*** HOROSCOPE**
Week of June 9, 1989
PISCES—Feb. 19 to March 20—Brush false flattery aside. Your wit is sharp. During this period you have the right answers. Get your paperwork out of the way.
ARIES—March 21 to April 20—Stop wasting time. People are watching you. You can make yourself valuable. Daydreaming won't get you there.
TAURUS—April 21 to May 20—The positive attitude you have developed will carry you far. You can expect recognition for the good job you have been doing.
GEMINI—May 21 to June 20—Give more time and attention to your family. Don't accuse anyone of being impractical, until you look at your own flaws and correct them.
CANCER—June 21 to July 22—A better week than usual. Take a rest from personal problems by putting them out of your mind. Buy something for your home or wardrobe.
LEO—July 23 to Aug. 22—An exciting week with rapid changes indicated. Get in the swing of things and contribute your part to the action.
VIRGO—Aug. 23 to Sept. 22—Use your talents if you are asked to write or speak. You project a good public image. Have sympathy for those who need it.
LIBRA—Sept. 23 to Oct. 22—Be wise and wary. Make no promises you can't keep. Honesty is the best policy.
SCORPIO—Oct. 23 to Nov. 22—Keep your social life within bounds. Pleasure seeking companions could get you into trouble. It isn't worth it.
SAGITTARIUS—Nov. 23 to Dec. 22—A week when happiness should be great for you. Keep a steady pace, avoiding any drastic changes. Your ability to think more clearly improves.
CAPRICORN—Dec. 23 to Jan. 19—Honest treatment can be expected this week. Career changes, if desired, should be looked into now. Hit the middle of the road where aggression or diplomacy are needed.
AQUARIUS—Jan. 20 to Feb. 18—A new venture brings you much satisfaction as your lifestyle changes for the better. Plan a savings program for a greater feeling of security. Spend more time with family.

Definition of Legal Publication
Art. 28A. Legal Publication, Definitions.

"The following terms shall, unless the context indicates otherwise, have the following respective meanings:

"(1) The term 'publication' shall mean any proclamation, notice, citation, advertisement, or other matter required or authorized by law to be printed in a newspaper or newspapers by any institution, board, commission, department, officer, agent, representative, or employee of the state or of any subdivision or department of the state, or of any county, political subdivision, or district of whatever nature within the state, whether to be paid for out of public funds or charged as costs or fees.

"(2) The term 'newspaper' shall mean any newspaper devoting not less than twenty-five per cent (25%) of its total column inches to the carrying of items of general interest, published not less frequently than once each week, entered as second-class postal matter in the county where published, and having been published regularly and continuously for not less than twelve (12) months prior to the making of any publication mentioned in this Act, except that any weekly newspaper shall be allowed to omit two (2) publication issues in twelve (12) months and still retain its status as a newspaper eligible to make any publication mentioned in this Act.

"(3) The term 'political subdivision' shall include cities, towns, and villages, but this definition shall not be exclusive.

"(4) The term 'district' shall include school districts of every kind, road districts, drainage districts, irrigation districts, levee improvement districts, conservation and reclamation districts, and improvement districts of every kind, but this definition shall not be exclusive.

"(5) The term 'shall' whenever used in this Act shall be construed as indicating mandatory provisions in this Act.

"(6) The officer, employee, agency, or persons charged with the duty of inserting any publication in a newspaper or newspapers shall select the newspaper or newspapers in which such publication is to be inserted."

Effective August 23, 1963
(VATS Art. 28A.)

(The Muleshoe Journal and Bailey County Journal are the only newspapers in Bailey County that meet the above requirements.)
