

'71 Rainfall Goes Above Normal

For seven straight months in a row this year, Haskell County had gauged below normal rainfall, but with the arrival of August that picture changed completely.

Sam Herren, "The Weatherman," gauged a total of 11.47 inches during August, while normal precipitation for the month is 1.92. Herren's records reveal it was the wettest month of August on record.

Normal rainfall to date is 16.23 inches, and the total for 1971 now stands at a whopping 20.10 inches.

Here is how the rains came during August: August 1, .07; August 2, .46; August 5, .01; August 7, .37; August 8, .46; August 9, .05; August 10, .02; August 11, .03; August 12, .07; August 13, .03; August 14, .03; August 15, 3.92; August 16, .78; August 24, 3.53; August 25, 1.05; August 26, .23; August 27, .36. Total 11.47 inches.

A low of 62 degrees was recorded on two consecutive days, August 1 and 2. Highest reading for the month was 95 degrees on August 22.

August, usually a "very hot" month, turned out to be not only very wet, but unusually cool.

Others reporting rains: Paint Creek Power Plant 6.30; Harlan Weinert 3.70; J. R. Perry 1.50; Mrs. D. LeFevre, Sagerton 3.40; O. R. Cox, Rochester 6.30; Dwight Gothard, O'Brien .59; Bailey Guess 3.89; Buddy Lewis, Rule 3.50.

Haskell Loses Two Pioneers
Mrs. Walling, Sr.
Mrs. J. E. Walling, Sr., 88, longtime Haskell resident, passed away at 8:27 a. m., Wednesday in Haskell Memorial Hospital, where she had been a patient for one month.

Funeral services were pending at press time at Holden-McCauley Funeral Home.

Born, October 13, 1882, in Georgia, she was married to J. E. Walling, Sr., March 10, 1910, at Rule. Mr. Walling passed away January 15, 1955.

Survivors include one son, J. E. Walling, Jr., and four daughters, Mrs. Hortense Lees, Mrs. Sarah Hodge, Mrs. R. A. Lane, Mrs. W. V. Felker, all of Haskell; ten grandchildren; eight great-grandchildren; one sister Mrs. Will Watson of McGregor; one brother, Elmer C. Watson, of Lubbock.

John E. Fouts
John E. Fouts, 87, Haskell business man for some 53 years, passed away at 1:30 a. m., Wednesday, in Haskell Memorial Hospital, where he had been a patient about two weeks.

Funeral services were pending at press time at Holden-McCauley Funeral Home.

WATER, WATER EVERYWHERE, and Haskell youngsters found this flooded street an excellent place to swim and wade—depending on the depth of the water—last Wednesday. The picture was made on one of the intersections of South Avenue F after one of our 3-inch rains.

Rest Stop Slated

For the eleventh year in succession the Haskell Jaycees will take part in the Texas Jaycees-sponsored Labor Day week-end safety project, "Operation Rest Stop", and will again keep vigil over the Labor Day week-end to provide hospitality and refreshments for tired motorists passing through Haskell, according to Doyle High, president.

Larry Browning and Lee Roy Macon are co-chairmen of the project.

The Jaycee operation in Haskell will be set-up on the north-west corner of the courthouse square at the intersection of the highways.

"Operation Rest Stop" will be manned Friday and Saturday nights, September 3rd and 4th from 8:00 p. m. until 6:00 a. m. and on Labor Day, Sept. 6 from 8:00 p. m. until midnight, at which time the holiday traffic will be the heaviest. Five shifts of two hours each will be manned during the "Rest Stop" period.

Signs will be placed on the four approaches . . . north, south, east and west, pointing

to the rest stop area, and Jaycees, as in the past years, anticipate a steady job of dispensing refreshments and hospitality to weary travelers.

Haskell Will Observe Labor Day Holiday

Since Labor Day was designated as one of the holidays for 1971, Haskell merchants will "close shop", Monday, September 6th.

Labor Day was one of the six holidays selected for observance during 1971, in a poll conducted earlier this year by the Chamber of Commerce.

Monday is also a legal holiday for the post office and postmaster Harvey Simmons pointed out there will be no mail delivery . . . city or rural, Labor Day.

The Haskell National Bank, government offices, courthouse and schools will also observe the holiday.

The Free Press will remain open Monday, (Labor Day) since it is so near publication day. Advertisers, correspondents, club reporters, are asked to keep this in mind and call, or bring in their reports this weekend, or no later than Monday noon.

Indians To Scrimmage C-City

The Haskell Indians will get the "acid test", tomorrow, Friday, at 7:30 p. m., when they

scrimmage the strong Colorado City team at Indian Field. A large number of fans is expected to be on hand to get a "look-see" at the Indians in their second rough-tough scrimmage.

The Indians scrimmaged outsiders, Roscoe, at Mann Junior High, Abilene, last Friday. In speaking of the contest against Roscoe, head coach, Tommy McAdams said: "We were

pleased with our team's overall showing and attitude. We moved the ball pretty well, and scored several times. The defense was rather sluggish in the beginning, but looked much better as the game progressed."

"The boys are still not in too good physical condition, and we still have a lot of "kinks" to iron out," McAdams pointed out.

The Indians have shown improvement in work-outs this week, and are pointing to their big crucial test against the

strong Eastland Mavericks in a non-conference tilt at Indian Field, Friday night, September 10th, at 8:00.

Indian Booster Club To Buy Weight Machine

In a meeting of the Indian Booster Club Monday night, it was voted to purchase a weight machine for the Field House to be used by all P. E. classes, both boys and girls. Boosters are now soliciting funds to buy the machine.

Also at the Monday night meeting a film was shown of the Haskell Indians and the Roscoe scrimmage.

The Booster Club meets each Monday night, but the time has been changed to 7:00 o'clock instead of 8:00.

All members and prospective members are urged to attend the meetings.

Club Hosts Trap Shoot

The Haskell Gun Club hosted a shoot Sunday. Two events for bird shooters were held—a 25 Clay Bird Event for bird hunters and a 50 Clay Bird Event for trap shooters.

Charles P. Hendrix of Stamford, took top honors in the Sportsman Clay Bird Event, with a 24 out of 25, and was the winner of a new model 1200-20 gauge Winchester shot gun.

Runners-up were Larry Colbaugh, of Haskell, with a 22 out of 25 and Tommy Baker of Albany, also with a 22 out of 25.

W. V. Blankinship, of Guthrie, won the Handicap Championship with 47 out of 50 from the 20-yard line.

Wallace Wooten stated that eleven persons, including ten men and one lady, entered the "Trap Shoot".

Haskell Gains Deep Wildcat

Petroleum Program Inc. of Abilene staked No. 1 J. F. Barnard as a proposed 5,000-foot wildcat 1/4-mile south of O'Brien in Haskell County.

Drill site is 2,749 ft. from the east line of section 245, Block 45, HATC Survey. The lease is composed of 320 acres.

Location Made

Petroleum Exploration and Operating Corp., of Abilene, will drill No. 1 R. A. Hall in the Rule North Field in Haskell County.

Site is two miles south of Rochester.

Trade In Haskell Week

This week concludes the special campaign of this newspaper and the various businessmen to acquaint you with the advantages of doing business in Haskell, and has been appropriately titled, "TRADE-IN-HASKELL WEEK".

Cummins Family Gather At Salado For Reunion

The children of the late Dr. and Mrs. D. L. Cummins gathered with their families at Stage Coach Inn, Salado, on August 20, 21 and 22 for a family reunion.

All special arrangements had been made in advance by Mr. and Mrs. D. R. Cummins. They included a buffet luncheon in the Executive Suite for the travelers, who arrived from all directions. Other planned features were two dinner parties in Temple; an evening in the Cummins home; a Sunday morning devotional participated in by all present; a drive by the family cemetery nearby and a trip to Lake Belton to the place where a log house was built in 1848 by great-grandfather, Nelson Walton, when he arrived with his family, a Texas pioneer, via covered wagon from Virginia.

This scenic area is now owned by Fort Hood and a pavilion stands at the exact spot the house once stood. The children in the party waded in the same water and climbed the same old oak trees familiar to their great-great-grandparents and all intervening generations.

Also, one evening was set aside by the relatives as a time for presentation of wedding gifts to David Cummins, son of Mr. and Mrs. D. R. Cummins and his fiancée, Miss Colleen La Saja, who were married August 26 in the Lutheran Church in Temple.

Those present for the occasion were: Mrs. J. P. Berry of Fort Worth, her daughter and son-in-law, Mr. and Mrs. E. H. Patton and sons, Grier and Ed, of Houston.

"Passing of Time", Theme of Young Homemakers Installation Banquet

The ninth annual installation banquet of the Haskell Young Homemakers of Texas was held Thursday evening, August 28, at the First Baptist Church. Theme of the banquet was "The Passing of Time" with decorations depicting the changing seasons: winter snowflakes, umbrellas for spring rain, summer flowers and autumn leaves. Centerpiece was a clockface with numbers of the clock around the tables.

The invocation was given by W. P. McCollum. Over forty people enjoyed the sumptuous buffet which was prepared by the Young Homemakers. Mrs. Pat Gary opened the program by introducing the guests, Mr. and Mrs. Dale Burris, Mr. and Mrs. Burl Medford, and Misses Karen Pippin and Ellen Walling who brought the entertainment for the evening.

Mrs. Linda Burson, Area IV secretary, installed the following new slate of officers by candlelight ceremony: President, Mrs. Billie McKeever; vice-president, Mrs. Judy Brister; secretary, Mrs. Sandra Wallace; treasurer, Mrs. Pat Gary; reporter, Mrs. Jean Hale; parliamentarian, Mrs. Edie Connel.

Awards of appreciation were presented to Mrs. McCollum for her tireless and cheerful efforts as club advisor; to Mrs. Linda Burson for her work as Area IV secretary, and to Mrs. Edie Connel for her excellent job as club president for the past year.

Don Lamb Talks To Members Of The Lions Club

"Something in which we are all concerned is our children," Don Lamb, of Rochester, told members of the Lions Club at the Tuesday noon-day luncheon meeting at Felker's Restaurant dining room. Aubrey Headstream was program chairman for the day and introduced the guest speaker.

Mr. Lamb, Director of the Haskell-Knox Special Education Program, explained the purpose of the Special Education Program.

"We try to find the needs of the children, then work with them in solving those needs," the speaker said.

Lamb spoke highly of the training of the special education program and especially of the "Homebound" and Vocational phase.

Wayne Cadenhead was noted as a guest.

"Proxy" Bud Pogue presided over the meeting. Gene Long led the singing, with Ellen Walling at the piano, and the invocation was voiced by Frank Martin.

It's the extra service that counts—at L-F. To complete a sale, the customer must be happy in every way. Only when this is true do we feel our obligation to our valued customers is complete. We are truly at your service—whether to outfit a complete bridal party, or to help select one tiny item from our boutique bar. Whatever your budget, whatever your desire, we are pledged to serve you. Join our growing list of valued customers.

It has been our pleasure to join with other progressive merchants of our town in this promotion to make Haskell the best shopping center in the Big Country. Our desire to help our town in every way to make it grow and prosper is just as sincere as our desire to make L-F the most pleasurable place to shop in the Big Country. We shall continue and try to do both.

Lane-Felker

Employees Are Their Biggest Asset At L-F

Success in any business is largely due to the employee relations with the customers of that business. **Mattie Muriel Felker** and **Frances Lane** credit their employees with an even larger part of the success of Lane-Felker.

"Our wonderful salesladies have been with L-F for a record number of years, which proves to us that they enjoy their work and their close relationships with our customers," said **Mattie Muriel**.

"They all have their own special customers that have been trading with us for years, but calling for the same saleslady each trip to our store," agreed **Frances**. "Of course, we are all here to serve everyone, but it speaks of happy customer relations when they come back to the same one for special advice or help with color, style and blending of different items into a wardrobe."

Dovie Pate holds the record of being with L-F the longest—26 years of the 30 they have been in business. She is loved by everyone that passes through their doors, and has altered clothing for more customers than she can count.

Patsy Cobb, **Dovie's** daughter, is next in line with a record of 25 years with the store. **Patsy** has a fantastic memory of practically the entire wardrobe of all her customers, and is able to help them add to

ALL THE HELP YOU NEED: Service is gracious and friendly from all the personnel at Lane-Felker. Here, left to right, **Jo Simpson** helps **Mrs. Grady Ellis** of O'Brien with a selection, while **Dessa Jeter** assists **Mrs. Alton Leach** from Plainview. that wardrobe the things that will blend and mix and match, to help stretch the budget.

Hortense Lees, **Mattie** and **Frances'** sister, and **Lucille Duncan** tie for length of employment. Both have worked there 23 years; **Hortense** in selling and **Lucille** as bookkeeper. **Hortense** enjoys the story of her employment. When **Mattie** and **Frances'** husbands had an adjoining men's wear store, she began helping them when they needed a saleslady temporarily.

She planned to quit, and they ask that she stay while they went to market. They returned, then asked that she stay longer while they inventoried. "After that," she said, "I just sort of walked into the L-F side of the store and never managed to quit."

Juanita Hester and **Dessa Jeter** are next in line. Both have been with the store ten years each; **Dessa** in selling, and **Juanita** in receiving and marking merchandise. **Verda**

Lee Hinds has been with them 6 years, and **Jo Simpson** says she is the junior employee with only a four-year record at L-F. "Which doesn't mean she is any less important to us than any of the others," say the sisters. "We owe all these women a great deal for their loyalty to us and to the store all these years, and we invite everyone, everywhere, to stop in and get acquainted with them, with us, and with Lane-Felker."

Lane Apparel & Cleaners Sports A 'New Look'

When Bill Lane bought Hunter's Men's Wear & Cleaners from Gene Hunter on June 15th of this year, he changed the name and undertook a remodeling job to make Lane Apparel & Cleaners portray his own touch of individuality, yet hold to the line of the best quality merchandise available that the store has offered customers of the Big Country all through its history.

Now, two short months since he began, his plans are taking shape and the store is showing a new face. Storewide remodeling is putting a new sparkle in the business, and the work is not yet complete. Work is still underway to modernize the cleaning plant and put the final touches on the entire store.

He is assisted in the operation of the business by his wife and their son, Bill Jr., and by Alta Jarred, Faye Self and Lonnie Hill. Wide, convenient aisles and roomy display centers make shopping at Lane Apparel easy and enjoyable.

Their lines of famous name brand merchandise also makes it practical. Lines such as Merit, Botany, Mesquite, McGregor, Pool, Jockey, Jason, Restol, Wimberly, Stetson, Hubbard, Jarman and Nunn-Bush are just a few carried, and every name speaks of its own quality. It's easy to outfit the men and boys in the family at Lane Apparel. Merchandise is stocked that is geared to the latest in fashion, and combinations of colors and styles fill out the wardrobe in one easy stop.

VISIT IN HASKELL

Mr. and Mrs. Arvil Jarmon and daughters, of Dallas, visited in Haskell last weekend in the home of Mrs. Maggie Larned and attended the wedding of Jimmy Larned.

ATTEND MEMORIAL SERVICES

Mr. and Mrs. Wallace Cox, Jr., attended Memorial Services for Walter R. Humphrey, retired editor of the Fort Worth Press Wednesday, August 25, at the First Presbyterian Church, Fort Worth.

LANE APPAREL & CLEANERS is showing a 'new look' these days and the Lane family invites everyone in this trade area to come in and see the changes.

From head to toe, the men of the family can find what they want, at a price they can afford, at Lane Apparel. And the convenience of being able to drop the cleaning off, while you shop, is another service at Lane's. The big cleaning department with its modern equipment, will put every item you bring in, in top shape for extra long wear. Cleaning methods for man-made fabrics are constantly studied and applied. Speed in processing is always a factor, and the folks at Lane Apparel & Cleaners promise fast, efficient service.

"We are happy to be in Haskell, and we invite every shopper in this trade area to come in and see our new look, and shop with us," said Lane.

FARM & RANCH SUPPLY: Tommy Ballard, owner, and Cub Russell inside the business.

Feeds, Seeds, Fertilizer For The Farmer

"When an area farmer needs fertilizer, we are fully equipped to mix and sack that fertilizer, or deliver it in bulk to his farm," explained Tommy Ballard while discussing his Farm and Ranch Supply business. He opened that business in 1967 and

has already added on additional bins for mixing. Farm and Ranch Supply is geared strictly to the farmer, and merchandise they offer is the best lines of Kimbell feeds and seeds and the Prolix liquid feed. They stock a complete line of veterinary supplies, and farm chemicals. When the farmer gets ready to stock up for the busy planting season, we are ready. Our stock of seed is complete so that no time is wasted, and so that we can supply exactly

what he wants—when he wants it. The same applies to those good Kimbell feeds. Whatever type feed you want for your animals, Farm and Ranch Supply has it, and a quick call will get your feed delivered where you want it. Cub Russell is employed to help with the business. He mixes the bulk fertilizer and helps with the delivery, or runs the business while Tommy delivers. The Pro-Lix liquid feed supplement is America's first fermented liquid feed supplement. It provides 23 essential nutrients for faster fattening of beef cattle and for greater milk production from cows at lower feeding costs. It is easy to feed, and a quick call to Farm and Ranch Supply will get it delivered to your farm. "Every farmer in this area is invited to call on us for fast delivery of feeds, seeds and fertilizer. We are here to serve you," said Tommy Ballard.

AT YOUR SERVICE: Wallace Wooten, owner, Eugene Hickman and Joe Brisco.

Wooten Oil Co. Offers Fast Car Services

Perseverance and a good product combined to make Wooten become a jobber for most successful in this area. In November of 1951 Wallace Wooten became a jobber for Onyx, at the present location of Wooten Oil Company at 207 S. Avenue E. He added on and expanded the business in 1955; became the Unroyal tire dealer in 1955; and began butane sales in 1959. The North Sta-

tion, located at 1301 North Avenue E, belonged to his parents. He leased it from his mother four years ago. For about 15 years, Wooten Oil Company and station was open 24 hours a day. For the past several years, they open at 7 a. m. and close at midnight—a total of 18 hours a day. This consistency for the motoring public has been one of the drawing cards at the company. This, plus the services they offer—gas, oil, parts, wheel alignment, brake service, electronic wheel balancing, and all type tire repair including trucks and tractors, and on-the-farm service. The company is radio equipped to

offer speedy service. Wallace Wooten is owner and manager, and employs Eugene Hickman who does the accounting, and Joe Brisco, an expert at brake and wheel alignment. Bill Pace is manager and operator of the North Station. Wooten Oil Company is now an independent dealer. "With the south station staying open from 7 a. m. to midnight and the north station open from 7 a. m. to 7 p. m., our customers have the opportunity of our services—fast, and consistently. We invite everyone to trade with us," invited Wooten.

IH Dealer Has 1972 Models

"It make you pretty humble and very proud, to know that a town, its merchants and businessmen, and the farmers of this area have helped a business that began on a shoestring, with a dormant dealership, to grow as we have," said A. C. Richardson about Richardson Truck & Tractor, International Harvester dealer. "We are still not a big business, but with the continued support and what we feel sure is the best line of farm equipment in the business, we feel we will grow even more."

Began in 1964 at the Haskell Feeder Supply location with one new IH tractor, the dealership now carries a full IH line of farm equipment: trucks from Scouts to the big, heavy-duty diesels; and IH Cadet power lawn and garden equipment from 6 hp up to 15 hp. The Co. bought its present location in January, '70, which gave the opportunity of expansion and a better location. Mrs. Leon (Maxine) Ivey, bookkeeper and parts salesman,

has been with the company for over 4½ years. Jack Plunk is mechanic and serves in many other capacities. The 1972 IH tractors have just come in. 9 new models offer new design, more efficient, more usable horsepower, and a vast improvement on anti-pollution. The folks at Richardson's are well pleased, too, with the 1972 prices. But their big pride is in International Harvester farm

equipment itself. "When a farmer needs a new tractor, this means several thousand dollars, and we ask that he try IH before making his decision. Every improvement demanded by the farmer has been incorporated into this line. You are only being fair to yourself when you try different models before you make an investment of this sort. 1972 IH brush cotton strippers are on

their way too. These new models are extremely easy to mount and are great serviceable machines," said Richardson. "We are grateful for the rains, sales have been good and we are delivering two new tractors today," he summed up. "We are proud to be a part of Haskell and the dealer for IH farm equipment, and invite everyone to try before they buy."

Newly Developed Handling Storage Means Savings For Cotton Producers

Cotton producers can now save from \$10 to \$15 per bale on their harvest, handling and ginning costs by using a newly developed handling-storage method. Cotton Incorporated announced today.

"Special equipment needed for this seed cotton handling system is commercially available in the High Plains area of Texas," J. Dukes Wooters, Jr., executive vice president and general manager of Cotton Incorporated, said.

Savings result from an increased harvesting capacity, reduced dump time, greater utilization of trailers, continuous operation of the gin and an over-all reduction in labor.

Cotton Incorporated, in cooperation with the Texas Tech University, Industrial Engineering Department, has perfected this system for the High Plains area and is continuing research to develop low cost handling-storage methods for other areas.

In order to compare the new operation with the present method, research was conducted in two Lubbock ginning com-

munities. This research, under the direction of Dr. Milton L. Smith of Texas Tech, involved 50 growers with over 18 thousand acres of cotton. Results from the investigation showed a potential 56% increase in harvesting field efficiency. Cost reductions averaged \$4.87 in handling, transport and temporary storage and \$7.19 in ginning costs for an 8-bale-per-hour gin operating only 33 days. Greater savings can be made on higher volume gins operated over a longer period of time.

CARD OF THANKS

For the many kindnesses, prayers, cards, visits and lively flowers that were shown and received at the time of my surgery, my family and I wish to express a sincere thank you. A special thank you to the blood donors and the many others who were waiting as blood donors. Also to the wonderful staff of Stamford Memorial Hospital. Mrs. (Corene) T. C. Patterson and family. 35p

Haskell County History

40 YEARS AGO

(August 13, 1931)
Visitors attending the West Texas Sheriff's Convention here today and tomorrow, found Haskell's business section presenting a holiday appearance, following work of members of the local fire department, who decorated the store fronts and business intersections with flags and hunting for the occasion of the sheriff's meet here.

According to the preliminary report issued by the Bureau of Census, Haskell County has 2380 farms, compared with 1875 in 1929. 718 of these farms are operated by owners, 9 by managers and 653 by tenants. The 2380 farms have a total acreage of 524,900 acres, on an average of 220.5 acres per farm, with a total value, including land and buildings of \$23,837,401, or an average of \$10,014 per farm, an average value of \$45.41 per acre.

The following marriage license have been issued by County Clerk Jason Smith during the past few weeks: G. W. Lefevre and Miss Francis Hudson; O. Dell Hicks and Miss Pearl Mack; Russell Rainey and Miss Hazel Hamilton; Herman Cox and Miss Virgie Mae Taylor; Cap Owens and Miss Etta Mae Baker; L. B. Smith and Miss Navis Cunningham; Tom Edd Kregler and Miss Lula Francis White; Lester Ivy and Miss Retha Mae McKeever; Arlin Howe and Miss Audie Coker; Pruitt Large and Miss Edna Dunnam; Louis Spitzer and

Miss Adeline Suter; Jas. L. McGregor and Miss Mildred Bruton; Cecil Bool and Miss Faye Fought; R. S. Lockeridge and Mrs. Luella Sweet.

Mrs. Lola Welsh Bledsoe and little daughters, Frankie Doris and Marticia, left Sunday morning for a week's visit with relatives in Dallas and McKinney.

Miss Ruth Robertson is spending a month's vacation with her parents, Mr. and Mrs. R. V. Robertson of this city. Miss Ruth is secretary to Dean White of the College of Industrial Arts at Denton.

Mr. and Mrs. Carl Mapes and son, Carl Jr., spent Saturday and Sunday with relatives and friends in Wichita Falls.

Farm Bureau Agriculture Tour Slated

A delegation of 72 Texas farmers, ranchers and Texas Farm Bureau officials who comprise the membership of the TFB's 1971 Foreign Agricultural Tour, will depart Wednesday, Sept. 8, for a 19-day tour that will cover four countries in the South Pacific.

J. T. (Red) Woodson of Gopher, president of the Texas Farm Bureau, and two members of the farm organization's board of directors will lead the tour to Tahiti, New Zealand, Australia and the Fiji Islands. The board members are H. L. (Hub) King of Brownfield, District 2; and Edwin Sanderson of Paris, District 5.

The tour is designed to give the Texans a first hand look at the marketing potential for Texas agricultural commodities in the South Pacific and an opportunity to study agriculture in New Zealand and Australia which is competitive with the United States. U. S. Embassy and Consular officers will brief the tour members on these topics.

In all four countries on the tour, the Texas group will visit farms, ranches and agricultural experiment stations. In these activities, they will be meeting with agricultural producers and research specialists.

RECEIVES PROMOTION

Alton K. Chamberlain, son of Mrs. Horace Oneal of Goree, has been promoted to technical sergeant in the U. S. Air Force. Sergeant Chamberlain, a radar technician at Sheppard AFB, served with a unit of the Air Force Communications Service which provides global communications and air traffic control for the USAF. The sergeant is a 1955 graduate of Goree High School. His wife, Patricia, is the daughter of Newton Westmoreland of Rule. Mrs. Chamberlain's mother, Mrs. Lester Rains, is a resident of Longview.

BACK HOME

Mrs. Betty Cooper returned home, Sunday, from a two weeks' visit in Houston with her son, Mr. and Mrs. Bob Bettis and family. Guests in the home of Mrs. Bettis, Sunday, were Mrs. Marguerite Head of Tyler and her son, Garland Head and family of Dallas; Mr. and Mrs. Richard Thornton and family of Fort Worth, and Mr. and Mrs. Melvin Vojkufka of Weinert.

lough, who have been visiting in Indiana and Michigan this summer, returned Thursday.

The Farmers Union warehouse will open Monday, Sept. 2, with T. E. Russell as weigher. All union members will take note of this institution and give it their support. Owing to the movement of the Wall Street gamblers to bear the market, the farmers should use the warehouse system to fight the gamblers.

Mr. Al Cousins of Weinert, was in the city, Tuesday.

The first meeting in September will be the regular business meeting of the Women's Missionary Society. All members are asked to be present in the society room at the church at 5:00 o'clock.

S. E. Robertson of Weinert, was in the city, Monday.

Mr. and Mrs. I. P. Carr spent several days in Fort Worth this week.

Misses Julia Winn, Louis McConnell and Jessie Wright spent Sunday with Miss Zelma Astin in Stamford.

Mr. and Mrs. Tom Owens were visiting in Fort Worth this week.

Mrs. R. C. Montgomery and Master John Rike are visiting in Graham this week.

New State Law Concerns Passing Of School Bus

A new State law effective August 30 no longer permits Texas motorists to stop and then pass a school bus which is loading or unloading children.

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said the new law, passed by the 62nd Legis-

lature, applies in both cities and rural areas and requires motorists moving both directions on the same roadway with a school bus to stop and remain stopped as long as the flashing lights on the bus are in operation.

Under current law, which applies only in rural areas, drivers must stop for a stopped school bus, but may then proceed around it at a speed of not more than 10 miles per hour if safe to do so.

The new law will not require those vehicles on another roadway of a divided highway to stop, and stops are not required if the bus has stopped in a loading zone of a controlled access highway where pedestrians

will in action; Peace is a world-wide neighborliness. It is co-operation and team work; it is pulling with people instead of pushing them around; Peace is sanity and common sense in human relations; Peace is open mindedness. It is willing to listen as well as to talk. It is looking at both sides of a situation objectively; Peace is patience. It means keeping our tempers, rising above petty irritations, taking the long look. It means keeping our shirts on and giving time a chance to work in magic; Peace is having the courage and humility to admit mistakes and take the blame when we are wrong.

Peace is international courtesy. It is good sportsmanship in world affairs; Peace is tact, and tact has been defined as the ability to pull the stinger of a Bee without getting stung; Peace is vision. It is being big enough to give-up small individual advantages for the universal advantages of a warless world; Peace is using the Golden Rule as a measuring stick in solving world problems; Peace is the open hand instead of the clenched fist. It is tolerance and understanding toward men of every class, creed and color; Peace is a mighty faith. It is a radiant belief in the potential goodness and greatness of men. It is a thing of the heart as well as of the head. It is a warmth, a magnetism that reaches out and draws people together in a common purpose; Peace is to level thinking, feeling, acting. It is rising above tanks, planes and atom bombs as a way of settling disputes.

CONSERVATION VIEW POINTS

J. C. YEARY, JR.
District Conservationist

During 1939 in regular session, the 46th Texas Legislature enacted the Texas State Soil Conservation Law, bringing into being local soil and water conservation districts. In 1941, the California Creek and the Wichita-Brazos Soil and Water Conservation Districts were formed by a two-thirds votes of the land owners in the land area involved.

The California Creek District was made up of Fisher, Haskell, Jones, Shackelford and Throckmorton Counties. This was roughly the drainage area of the California Creek. The area was divided into five zones, each zone selected one land owner to be its elected director to the Board of Directors for the District. Some of the men filling these early places of leadership were J. F. McCollough serving as chairman and E. W. Carlson, acting secretary. C. G. Burson, Sr., Albert Thane, Bruno Kupatt, Brooke Early, and "Gene" Overton were other Haskell County landowners that served as directors.

The current Haskell County directors are Elmer Boedeker of Sagerton, and R. V. Earles of Paint Creek.

The California Creek District entered into a Memorandum of Understanding with the U. S. Department of Agriculture

on July 24, 1941 for technical assistance to be furnished by the Soil Conservation Service. The first SCS work unit was established at Stamford in the fall of 1941.

The first SCS office at Has-

kell was opened in April of 1953 with Otis Curry as District Conservationist, Hervey Perkins followed Curry in 1957, and I assumed the reigns of leadership for the Haskell unit in January, 1959.

At present, the California Creek SWCD only covers the southern 52% of Haskell County while the Wichita-Brazos SWCD encompasses the northern part.

Two of the original directors for the Haskell portion of the Wichita-Brazos SWCD were H. D. Gammill, formally of Rochester, and the late H. W. Smith of Weinert. These posts of leadership are now filled by W. L. "Knott" Ballard and Tiffen R. Mryfield, respectively.

Up to 1969, the Haskell Work Unit of the SCS only served about 50% of Haskell County right out of the middle. On July 1, 1969, the Stamford Work Unit was closed down and the portion of Haskell County served by the Stamford unit was transferred to the Haskell Unit. At the same time the portion of Haskell County served by the Knox City unit of SCS was also

HASKELL CAP NEWS

By Ethel Phee

Tentative plans are in the making for Adult Basic Education classes. This is the General Educational Development Program (GED, or the program to gain the equivalency of a high school diploma). Any one 17 or over and has been out of school a year or more can enroll. Interested persons please call 864-3053 or come to the Center at 706 Avenue D, East. An organizational meeting will be held as soon as the required number has registered. This is very essential for the Haskell community. It has been second in priority since the beginning of the CAP program and will be a great

benefit to you as an adult in these changing times.

Five have been referred by CAP in the past two weeks. Two have been placed.

Sewing classes are each Friday night at 7:30. This time will remain as is until the football season gets on the way.

CAP Neighborhood clinic will be held September 11, the second Saturday because of the Labor Day weekend.

The Community meeting is scheduled for September 7 at 7:30. It is very important that all attend this meeting. The chairman has plans that need to be discussed.

The CAP Board of Directors will meet September 13. Mr. L. C. Johnson, chairman.

Chevrolet adds distinctive appointments to

Luxurious 1972 Caprice Coupe

The 1972 regular Chevrolets have added distinction plus strong emphasis upon quality. There is a new squared-off look to the front with a lower grille and individualized headlights. This luxury Caprice has a special large grid grille, full length side moldings with a color insert plus exclusive interior appointments. All regular Chevrolets have stronger front and rear bumpers. Variable ratio power steering and power brakes with front discs are standard. Turbo Hydra-matic transmission is standard on regular V8 models. Introduction date for all 1972 Chevrolets will be Thursday, September 23.

BULK SPREADERS
For your use.

A bulk fertilizer spreader is a pretty expensive investment. We know many farmers in this area who would like to use bulk fertilizers but don't want to tie up their money in equipment. That's why we have a line of modern spreaders available for your use. And we have plenty of 40-100-1500 Pounds spreaders, made only by Olin, and Olin spreaders available in all sizes and capacities. Call today to see how you can get a bulk spreader home with you.

Air Force Cadet Perry, Soloes

James Richard Perry, of Haskell, has soloed in the Air Force Flight Instruction (FIP) Program at Texas A&M University.
Perry, son of Mr. and Mrs. J. R. Perry, Route 2, Haskell, soloed after 6.6 hours dual instruction. A Paint Creek High School graduate, he is an animal science major and in the Corps of Cadets.
An Air Force ROTC cadet, he is under pilot contract and will enter Air Force flight training upon completion of the FIP, graduation and commissioning as an officer.
Texas A&M AFROTC cadets receive 36½ hours flight instruction in the program during their senior year, at Air Force expense. FIP familiarizes cadets with flying skills, civil air regulations and indicates to the Air Force those who do not have flying aptitude.
Following ground school conducted by regular Air Force officers on instructional assignment at the University, the cadet receives 20 hours dual instruction and 15 hours solo flight. An hour and a half is for course completion or private pilot's license check ride.
The cadet may elect to get a private license through the FIP. Instruction is by veteran pilots with Texas Airmotive, Inc., which sub-contracts flight instruction for the Air Force and Texas A&M. Students fly Cessna 150 single-engine airplanes.

RECIPIENT OF AWARD: Paul O. Bell, of Rule, won an award for outstanding sales achievement during 1971. The award was presented to Mr. Bell during the business-recreation meeting at Ruidoso Downs, New Mexico, on August 15, 16 and 17, along with thirty-two other Olin dealers and their wives from West Texas and New Mexico. Pictured above from left-to-right: Deryl White, District Sales Manager, Lubbock; Mr. and Mrs. Paul Bell, of Rule; Travis Gary, Field Representative, of Haskell.

Labor Day Weekend Traffic Mishaps To Claim Estimated 52 Lives in State

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, today estimated that traffic accidents over the long Labor Day weekend will claim 52 lives in the state.
Speir called for motorists to avoid drinking while driving, avoid fatigue, and modify their driving speed in accordance with expected heavy traffic conditions.
In an effort to hold the toll down, the DPS and local law enforcement agencies, in cooperation with the news media of Texas, will conduct "Operation Motorcade"—a public awareness program designed to focus attention on the traffic problem. Special reports on fatal traffic accidents will be prepared at DPS Headquarters and released three times daily during the holiday period which runs from 6 p.m. Friday, Sept. 3 to midnight Monday, Sept. 6.
All available uniformed officers of the Department of Public Safety will be on the highways during the holiday to enforce state traffic laws, and maximum use will be made of radar and breath testing instruments. Speir said DPS personnel would do all possible to keep traffic flowing smoothly and safely on this final holiday weekend of this summer.

Reading Club Certificates Are Presented

Seventy-one young people received Texas Reading Club Certificates.
One hundred and fifty-three joined the program which is jointly sponsored by the Haskell County Library and the Texas State Library. Each participant is required to read 12 books on his or her reading level.
Certificates were presented at a program held at the Library, Saturday, August 28. Mrs. Eddie McKeever, President of the Haskell Chapter of Young Homemakers and Mr. Slover Bledsoe, County Commissioner presented talks. Punch and cookies were served to those present.
Those missing the program may get their certificates from Mrs. Elsie McGee, Librarian.

Sheriff's Posse Participates At Roby Celebration

The Haskell County Sheriff's Posse, headed by the president, Gene Hunter, participated in the parade last Thursday afternoon at Roby, which kicked-off the 26th annual Fisher County Fair and Rodeo, and rode in the grand entry that night.
The Howard County Sheriff's Posse captured first place; No. 1 County second, and Scurry County, third. The Scurry County Junior Sheriff's Posse won first place in the junior division.
"Only a handful of riders from Haskell journeyed to Roby which hurt us in competition for parade honors," Hunter said.
The Haskell County Sheriff's Posse is making plans to make their long "trek" to Albuquerque on September 17th.

Miss Garrett Says Freshmen Should 'Get Involved'

Dale Ann Garrett, daughter of Mr. and Mrs. Dale Garrett of LeFors, and the grand daughter of Mr. and Mrs. Ree Gardner, of Haskell, and Mr. and Mrs. Ben Garrett of Olney, recently received recognition in an article which appeared in the Denton County Chronicle for her advice to college freshmen.
Miss Garrett, a senior at TWU Denton; pledge captain of the Aglaian literary social club, and a member of the Dramatis Personae, describes dorm life as a constant activity and recommends that home-sick students get involved in things as it takes their mind off their problems.

VINTAGE YEAR FOR CHRYSLER-PLYMOUTH

ONE OF OUR BEST YEARS.
It takes something special to come up with a Vintage Year. But that's what '71 has been for Chrysler-Plymouth. Our slogan "Coming Through" had a lot to do with it, because it's our pledge: To come through with the style, size, price and quality you can live with for years to come. Two good examples are Plymouth Fury and Chrysler Royal.

OUR FINEST OF THE BIG.
Plymouth Fury and Chrysler Royal are big ways to go for people who want the comfort and space befitting their style of living. Both have Torsion-Quiet Ride (which not only quiets road noise but gives you firm, sure handling). Both have a large interior and trunk space. And both turned out to be the finest cars of their kind in this vintage year.

NOW, A GREAT SELECTION COMING THROUGH FINAL CLEARANCE PRICED.
'71 has been a vintage year for Chrysler-Plymouth. Quality shines and shows in every line. A drive in one of our '71 Chryslers or Plymouths will prove how well we've come through. Check our great selection. We think you'll agree, quality cars at final clearance prices is what "Coming Through" is all about. For us. For you.

1971. It was a very good year.
