Texas Wins Oil Bowl, 15-0

And 'There Goes Charley'

By Bill Comedy

With two exceptions, Haskell's Super Chief, Charles Franklin, stole the show Friday night in the 34th Annual Oil Bowl Football Classic in Wichita Falls. The exceptions-a shooting in the north end zone that left one man dead only minutes after the game started. and a knifing shortly before

Before a crowd of some 20,-000 spectators, Franklin led the Texas All-Stars to a 15-0 win over the Oklahoma All-Stars. Fanklin is the only AA player in the history of the Oil Bowl to receive the sportswriters vote as outstanding defensive player of the game. Franklin, who started and played the entire game at the defensive right cornerback position (a position never before filled by him) also sternated with Joe Abousie of lichita Falls in the wing back osition.

The ga. began as most people ha redicted-in a tight defensive ttle. The Texas All Stars moved to within the Oklahoma 30 yard line four times during the first half, but

NUMBER 22-The Haskell Indians' famous 'Charley' number was changed in the Oil Bowl game to number 21-but that's all that changed. Charley showed some 20,000 spectators the fleet-footed action that made him famous in his hometown through his high school career, and gave Haskell fans a football season they'll remember for generations. His uncanny ability for pass interceptions is pictured here as he avoids tacklers for a touchdown for Texas. (Photo courtesy Iowa Park Leader)

'Good Buys' **Dollar Days**

The near end of summer, and back-to-school time, finds Haskell merchants offering many Days, today, Thursday, Friday and Saturday.

Good 'ole summer time is fading fast. Although the weather is still on the warm sideit is not nearly as sizzling as the bonanza of bargains offered during "D-Days."

Shoppers will find just about everything they desire and at prices to fit the pocketbook, including drugs, clothing, carpets, drapery material, farm machinery, cars, trucks, auto supplies, home appliances, bicycles, picture frames, photography supplies, paneling, storm doors, shoes, fabrics, real estate, expert mechanics, banking service, furniture, office supplies, insurance, fuel, dry cleaning.... Nearing the end of the half, Greenville's Mike Thomas romp ed 33 yards to brighten the bearts of all Texas fans. The kick was good and Bill Miller of Southwest Texas State and Grant Teaff of San Angelo State, coaches of the Texas team, were enjoying a 7-0 lead. As the half ended, Oklahoma

The second half quickly exploded when Franklin intercepted a Clyde Crutchmer pass and ran it back 45 yards for Texas' second score and Haskell's first. The kick failed. The scoring was finalized when Mickey Macaluso of Austin

The Indians, though, aren't the only ones getting ready for the season ... both cheerlead ers and twirlers are working just as hard - and the band isn't letting anyone get ahead of them, either. Cheerleaders are working to get the new yells down pat that they learnthis summer; twirlers are polishing up those new routines they learned at twirling camp; and the band is properly dedicated to having the best music

Laney Covey, who worked here this spring, walked into our office Monday, home from Guard camp. Was GOOD to see him, and I'm sure his mother and dad felt the same, only moreso. He was a pleasure to work with, and we look forward to hearing good reports on him.

One Accident On Rural Highways Investigated In County In July

The Texas Highway Patrol Frank Jircik, Highway Patrol investigated one accident on Supervisor of this area rural highways in Haskell County during the month of persons killed and no persons July, according to Sergeant injured.

Charles Chapman Lions Speaker Tuesday Noon

Charles Chapman, who associated with the law firm of Adkins and Chapman, spoke to members and guests at the This was 40 more accidents, 28 Tuesday noon day luncheon more fatalities, and 38 more meeting of Lions at Felker's injured than during June. Restaurant dining room. Dr. Frank Cadenhead was program chairman for the day and introduced the speaker.

Chapman explained the 'Jury Wheel' system to select venires for both district and county court juries.

The new law sets out that the sheriff, district clerk, county clerk and tax collector shall get together sometime each year between August 1 and 15 and prepare the wheel. In this wheel, which will be somewhat like those used for community drawings, will be placed the names of the qualified voters in the county," Chapman said.

The wheel is to be turned so that the cards are thoroughly mixed before the venire is selected. After the cards are selected, the jury list is prepared and the prospective jurors are notified as in the past," the speaker said.

Chapman pointed out that those who are exempt from serving on juries have been greatly reduced by the law. Only those persons over 65 years of age and women who have legal custody of a child or children under the age of 10 are now exempt.

Guests noted were Elliott Cox, E. L. Wyche, Mrs. Clinton (Bud) Herren, Randall and Roger Bryan, Johnny and Robin Land, Mike Money, Bobby Isbell, Johnny Hawkins, Vonnie Hise, Frank Jordan and also Ken Kincannon of Austin.

"Prexy" Bud Pogue presided over the meeting and Wallace Cox Jr. led the singing. Gail Barnett was guest pianist, and the invocation was voiced by Hess Hartsfield.

VA Questions And Answers

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through Veterans Administration Below are some representative queries. Additional information

Q I am a patient in a private nursing home who was receiving special monthly pension until the end of the year. My income will go a few dol lars over the limit this year Will I lose all of the benefits. including drugs and medicines that were being furnished by

A No, if your annual income does not exceed the limit by more than \$500, VA will continue to provide drugs and medicines prescribed by your physician, even though your monthly pension benefits will be discontinued.

Q I plan to purchase a mobile home and place it in a small rural town. I contacted the local lender about a GI loan and was advised that they would not make a loan under a VA guarantee. Is it possible to obtain a direct loan?

A - No. The law governing direct loans provides that such loans may be made only in nonurban areas where private capital is not generally available. Since the VA mobile home loan program has been in effect only a short time, there is insufficient basis for determining the availability of private capiral for such loans.

Q-I'm attending school under the GI Bill, and would like to change my program of studies, Is this allowed?

A-Yes. Each veteran may make one change of program. One additional change may be approved if it is found through VA counseling that the program proposed by the veteran is more suitable to his aptitudes, interests, and abilities.
