

"Thou wilt shew me the path of life:
in thy presence is fulness of Joy..."

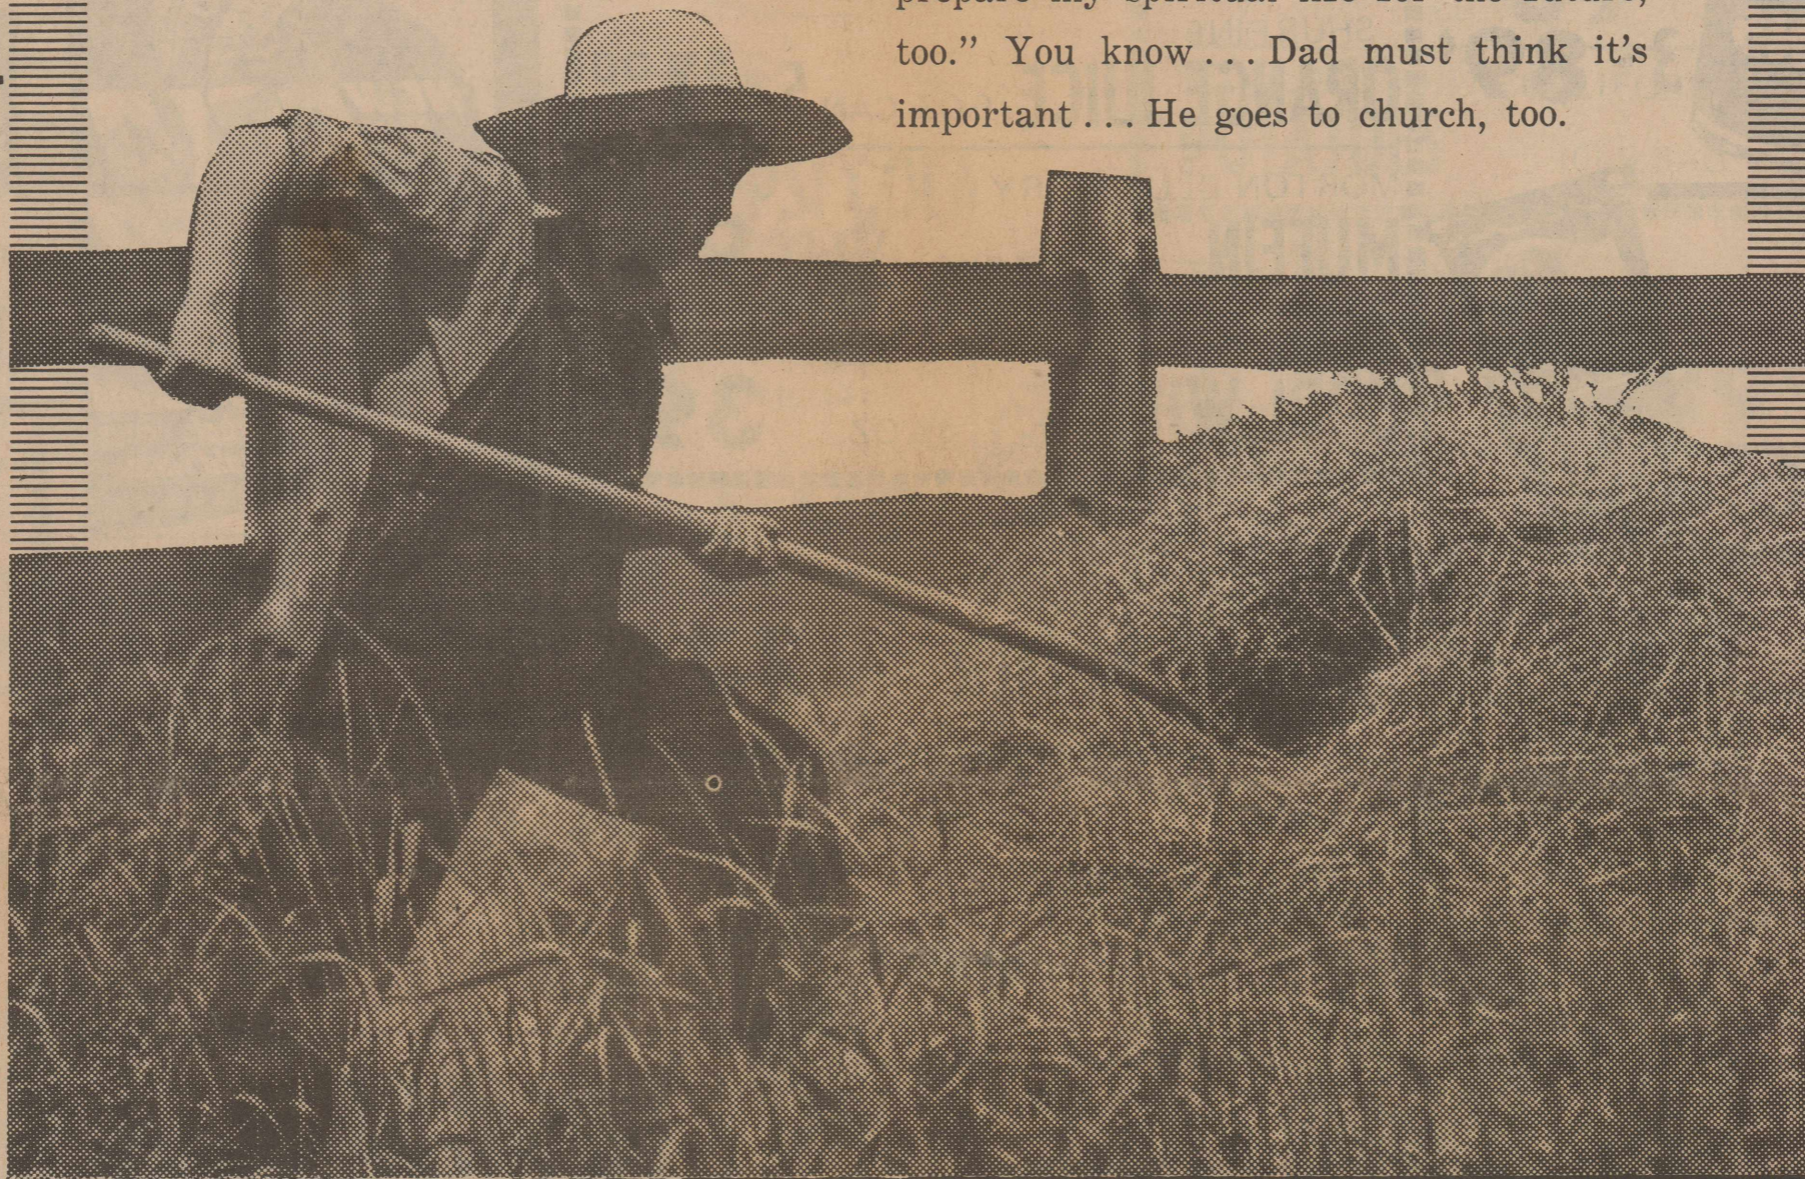

PSALM 16-11

HERE IS THE PATH

DOING A . . . MAN SIZED JOB

Heat . . . sweat . . . fatigue . . . blisters . . . aches . . . Dad says its all a part of "carrying my share of the load." He also says that, "it's important that I help make provisions for the present and near future." But he says "that it is even more important because I am preparing for the days ahead when I am a full grown man." Sometimes I think that my Dad has the wisdom of Solomon, that's this king that I learned about at church . . . and that's another thing that Dad says is important . . . "that I go to church regularly, so that I can learn about God, and prepare my spiritual life for the future, too." You know . . . Dad must think it's important . . . He goes to church, too.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MRS. MILES SMITH

Melton, Smith Exchange Vows

Miss Laura Jo Melton and Miles Lee Smith exchanged wedding vows in a double-ring ceremony performed by the Rev. W.L. Tanner of Amarillo in the First Baptist Church of Stratford on June 1, 1974. The vows were read before an arched candelabra of Swedish Steel decorated with greenery and yellow daisies which held white tapers. On either side of the candelabra were urns of gladiola, daisies, statice, iris and pittosporum.

Given in marriage by her father, the bride wore a formal, floor-length wedding gown of Chantilly lace over bridal taffeta designed with a V neckline, bouffant skirt, long tapered

sleeves and natural waist which formed a V. A ruffle of the same lace enhanced the neckline and cuffs. Rows of ruffles on the skirt fell in waterfall fashion. The full back of the gown ended in a sweeping Chapel length train. Her Mantilla veil of imported illusion with a border of matching lace fell from a coif.

The bride carried a cascade bouquet of yellow roses, baby's breath and pittosporum on a small white Bible down an aisle with pews decorated with yellow satin bows having the mother's pew marked by bows of yellow and lavender satin. She presented each mother with a long-stemmed, yellow rose while the Wedding March was played.

Stratford. Mrs. Mike Noland of Texhoma served as the Matron of Honor in a floor-length dress of orchid dotted swiss with white daisy trim and wore a matching bow in her hair while carrying a cascade bouquet of lavender asters, yellow daisies and baby's breath.

B.L. Smith served his son as Best Man. Kennetha Melton, sister of the bride, served as Bridesmaid. Her floor-length dress was of yellow dotted swiss with white daisy trim. She wore a matching bow in her hair.

She carried a bouquet identical to that of the Matron of Honor.

Ushers were David Vincent and Blair Brown, both of Stratford with Wayne Smith of Wichita, Kansas serving his brother as Groomsman.

The groom wore a yellow rose boutonniere from the bridal bouquet with the other men in the wedding party wearing white carnation boutonnieres.

BRIDE'S MOTHER
The bride's mother wore a floor-length dress of green crepe with a white overlay bodice. The groom's mother chose a floor-length A-line dress of yellow crepe for the wedding. Their corsages were of white cymbidium orchids tied with lavender satin.

The grandmothers of the couple wore corsages of yellow daisies tied with yellow satin.

Wedding music was provided by Mrs. Steve Dettle, organist, which included "The Wedding March," "Theme from Romeo and Juliet," and "We've Only Just Begun," was played as the couple left the church.

RECEPTION HELD
A reception was held following the ceremony in the Fellowship Hall of the church. The table hosted a yellow satin underlay with a white organdy cloth which was centered with a

silver candelabra filled with yellow and white daisies and baby's breath. The wedding cake, all white, was decorated with fresh daisies on the top layer and was encircled with greenery and daisies.

For a wedding trip to Colorado Springs, the bride wore a yellow pants suit with a corsage of yellow roses lifted from her bridal bouquet.

The bride is a graduate of Stratford High School and will be employed by the First State Bank of Stratford in the future.

The groom is employed by the State Highway Department.

A rehearsal dinner was hosted by the groom's parents at the Headquarter's Restaurant on May 31.

Girl Scouts Return From Austin Trip

After many hours of work and planning, Girl Scout Troop 11, left for Austin and San Antonio on May 28. Our first night was spent at a Girl Scout camp near Sweetwater. Here

some girls had their first experience with chiggers and lightning bugs.

Upon arriving in San Antonio we toured the Hall of Hoons, the Hemisphere Plaza, which included: The Tower of Americas, The Institute of Texas Culture, Early Texas History Wax Museum and the Alamo. Our plans included the zoo, at Breckenridge Park, but a sudden cloud burst cancelled this. Two nights were spent at the girl scout house in San Marcos. Our stay in San Marcos consisted of the Aquarena, Wondercave and a swim in the (ice cold) San Marcos River.

One day was spent in Austin touring our state capital, governor's mansion and the L.B.J. Library. We attended church in Hamlin on Sunday morning.

On our return trip home lunch was eaten in the park near the LBJ Ranch and we visited the museum there.

Attending were Belinda Sladek, Laura Riffe, Pat Vigil, Florene Schafer, Brenda Baker, Patti Stokes, Cindy Blake, Stephanie Riffe, Maria Garza, and leaders, Mrs. Bill Sladek, Mrs. Don Riffe, Mrs. O.L. Blake, and Nancy Crabtree.

Cook of Week

COOK OF THE WEEK—Mrs. Chiz (Pat) Stevens is our cook for this week and has been a resident of Stratford for three years. Besides being a terrific cook, Pat is interested in water and snow skiing and holds down a full-time job in the scale room at Stratford Feed Yards.

A Working Mother

Our cook for this week is Mrs. Chiz (Pat) Stevens. Pat and her family have been living in Stratford for 3 years, moving here from Hereford.

Pat works in the scale office at the Stratford Feed Yard and Chiz is the manager of the yard.

The Stevens have three children, Mike, who is 18 years old and a Senior this year; Patty, 15 and a Sophomore this year; and Pixie, 10, a fifth grader.

The Stevens are originally from Pennsylvania, where both sets of their parents still reside.

They lived in Tucson for five years before moving to Hereford. Chiz was the Mill Manager for Deaf-Smith Feedyards before accepting his position with Stratford Feed Yards.

Pat comes from a large family, having four sisters and one brother and was raised in the coal-mining region of Pennsylvania. The Stevens

moved to a drier climate because of health problems of their youngest daughter, Pixie.

Pat is a terrific cook and spends much of her spare time cooking for her family. All of the Stevens are enjoying a new boat and are avid water skiers.

This is their first year for snow skiing and are really looking forward to another season of snow.

Pat has given us four recipes that are great for this time of year—the one for "Gobs" is especially good for picnics and taking to the lake.

Vet Checks Upcoming In June

Educational assistance checks for some 150,000 veterans whose GI bill eligibility was extended by one month will reach them by late June or earlier, the Veterans Administration announced today.

On May 31, the day the GI education entitlement expired for veterans discharged between Jan 31, 1955, and July 1, 1966, the President signed PL 93-293 granting a 30-day extension to the eight years entitlement veterans normally have.

Long before the legislation was passed, VA accomplished all possible preliminary work for the speedy service in anticipation that some form of extension would be passed by Congress and approved by the President.

In addition to the May 31 law, a supplemental appropriation is needed to fund the increases, but speedy Congressional action is expected on the President's request for the necessary funds.

The extension allows 85,000 veterans pursuing correspondence courses during May to continue through June. The extra month of eligibility extends also to nearly 4 million other eligible veterans not currently training.

Commenting on the pay problem posed by the former May 31 deadline, VA officials explained: "Most veterans receive educational assistance checks at the beginning of each month of training, but veterans who continued training after the deadline could not legally be paid for the June training."

The new deadline, July 1, 1974, for veterans separated from service between Jan 31, 1955 and July 1, 1966, applies only to school training, it was pointed out. Veterans taking farm cooperative, flight, apprenticeship and on-job training have until Aug 30, 1975, to complete training.

Single veterans going to school full-time under the GI Bill draw \$220 monthly in educational assistance, while those with dependents receive higher benefits.

VA officials noted bills are pending in Congress to increase allowances, and to extend GI Bill eligibility from 8 to 10 years.

EARNEST GOULE

There's a lot of brains and sweat behind superior hybrid sorghum and corn.

And PIONEER® People furnish all of these.

The average sorghum farmer now produces four times as much grain from a given amount of land as he did 20 years ago. How? One important reason is in the seed he plants. The development, production and distribution of that hybrid seed is one of the most revolutionary things that has happened in agriculture since the invention of the tractor.

Most of the hybrid sorghum development has taken place right here in the grain producing areas of Texas. And the revolution is still going on.

Many of the talented, conscientious people of Pioneer Hi-Bred Company have been involved in the revolution from the start. And they are all involved in it now. Every year they discover or develop new things... new varieties of sorghum, new techniques of production, new methods of handling and marketing their products.

They do it with a rich mixture of talent and hard work. Some of your neighbors and friends are Pioneer People. Ask them to tell you about their work.

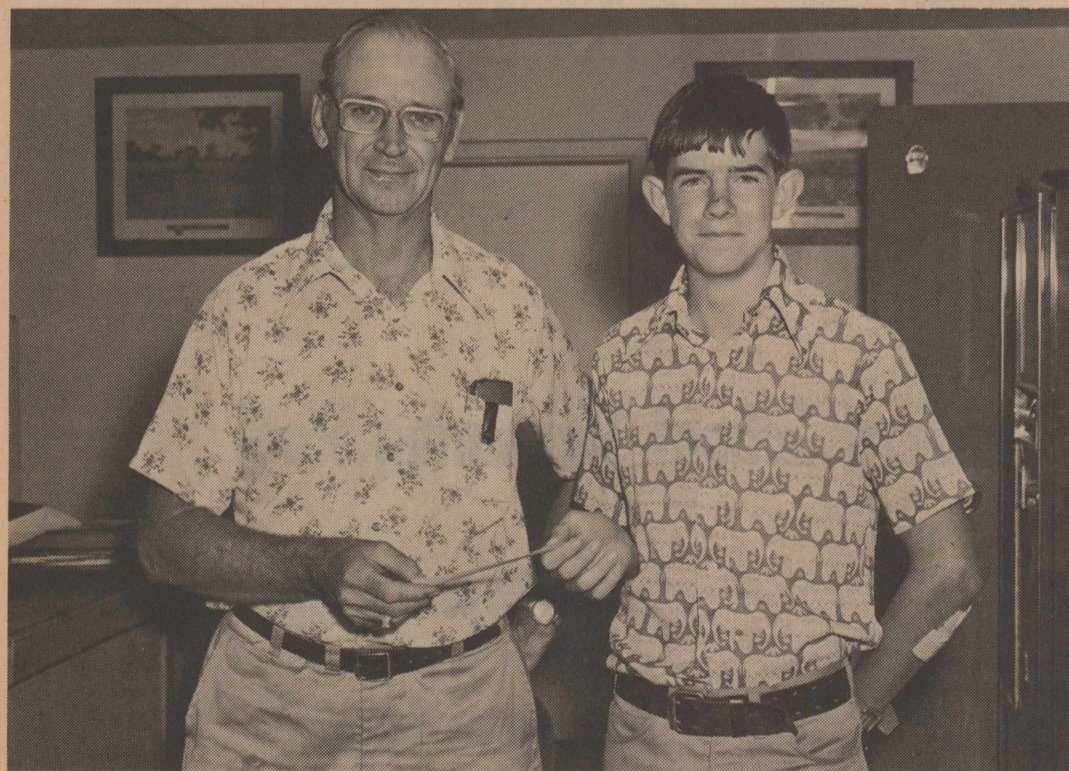

Stratford's PIONEER® man:

EARNEST GOULE Pioneer activities in the seventeen northernmost counties of the Texas Panhandle and northern New Mexico are managed by Earnest Goule. Earnest's 31 year association with agriculture is a valuable asset to farmers in his district. He's watched Pioneer brand hybrids perform on the High Plains and knows which hybrids do best in this area.

Pioneer Hi-Bred is helping put Texas on the map of world agriculture.
