

Hammers Take Moguls 7-6 Friday Here

The Yellowhammer defeated Munday Moguls with a late rally in the third quarter to take a 7-6 win, here Friday night in the opening game of the season. This was a non conference tilt.

Amerson, the Moguls all district quarter scored late in the second quarter with a 30-yard touchdown pass. His attempt to boot the extra point failed. The Moguls led until Jim Watson fell on a Munday fumble late in the third quarter.

The Hammer touchdown drive was sparked by Jackie Waggoner who ripped off 37 yards around right end with short drives from George Bridges. Bridges went off tackle for the score and Bubba Edwards kicked for the extra point.

The Yellowhammers showed good early season form and the fans and coaching staff seemed satisfied.

Head coach Sanders says no injuries resulted from the game and his squad is ready for the first game away from home, Onley, Friday night.

Few Refugees Come To Texas Under Program

According to W. D. Neves of Roby who is county representative of the Governors Refugee Relief Committee for this area, it is interesting to note during these closing weeks of the Refugee Relief Act of 1953 that a few refugees continue to come to Texas-sponsored by Texans. According to releases from the Department of State in Washington, refugees arriving in Texas since April of 1956 include the following:

Arriving April 30, 1956 in New York, nine refugees with Texas destination: a bookkeeper from Germany to Dallas, Texas; wine cellar worker and family to Houston, Texas; and a clerk and family from Roumania also to Houston.

Arriving in New York May 24, 1956, ten refugees with Texas destinations: a housekeeper and family from Lithuania to Brownwood, Texas; a mechanic from Yugoslavia to Houston, Texas; a cook from Czechoslovakia to Taylor, Texas; chauffeur and family from Czechoslovakia also to Taylor; and a laborer from Czechoslovakia to West, Texas.

Arriving in New York June 16, 1956, one refugee with Texas destination: a watchmaker from Czechoslovakia to West, Texas.

Arriving in New York July 23, 1956, nine refugees with Texas destinations: a seamstress and boy from Germany to Copperas Cove, Texas; and a grinder with family from Russia to Dilley, Texas.

Arriving in New York August 16 1956, one refugee with Texas destination: a salesgirl from Poland to Austin, Texas.

Arriving in New York September 8, 1956, four refugees with Texas destinations: a lathe operator and family from Russia to Dallas, Texas; and a mechanic from Czechoslovakia to Temple, Texas.

It is noted that since April 30, 1956 through the September 8th arrivals Texans sponsored 34 refugees. While this record is short of the 535 refugees sponsored by residents of California and the 1,111 refugees sponsored by residents of Illinois, and a much larger number sponsored in New York during the same six month period, it is nonetheless significant that 34 more "homeless" refugees will be given a new start in life. Under the Refugee Relief Act of 1953 the verified assurances (refugees sponsored) from the beginning of the Act through June 30, 1956 in Texas totaled 889. The State Department figures show 11,665 for California, 16,519 for Illinois, and 29,280 in New York for the same period.

The Refugee Relief Act of 1953 provided for 209,000 to enter the United States with expiration of the Act scheduled for December 31, 1956. Through June 30, 1956 only 113,954 were duly sponsored.

It appears certain that we will be several thousand short of the 209,000 goal. This simply means that several thousand refugees will not have the "new chance in life" that they could have had, had a greater number of American citizens been sufficiently concerned.

All would-be sponsors at this late stage are asked by the Department to try the Dutch. For United States citizens desiring to sponsor refugees at this late stage of the program there is still encouraging opportunity in the Netherlands. Continuing its highly cooperative activities with United States officials, the Netherlands Emigration Service is bending every effort to make possible the filling of the 17,000 allocation of visas under the Refugee Program.

Surplus Commodities To Be Distributed By Welfare Department

Last week Fisher County Commissioners Court voted unanimously to accept and distribute United States Surplus Commodities thru the Welfare Department to needy persons in Fisher County. They feel that this program will greatly benefit those persons who receive State Department of Public Welfare grants, such as Old Age Assistance, Aid to the Blind, and Aid to Dependent Children recipients. It will also aid farmers and farm workers who have been hurt financially by the drought.

Surplus Commodities which include dry beans, print butter, process cheese, dry milk, rice, flour, and corn meal are available through the United States Department of Agriculture and are to be distributed by any city and or county in the U. S. without cost to the city and or county except for storage until the commodities are delivered, storage locally on perishables, transportation, and a fee of 20c per person per year for handling costs.

To have such a program of giving away food, the county must have strict regulations. Income levels and resources establish the standard of eligibility. All sources of income must be considered, including public assistance, old age and survivors insurance, pensions, compensations, unemployment compensation, rents and earnings of every sort. A person, to be eligible, must be disabled, unemployed, or unemployable and have an income no greater than the scale below:

Number of persons, 1; income per month \$60.00.

Number of persons, 2-3; income per month \$115.00.

Number of persons, 4-5; income per month \$140.00.

Number of persons, 6-7; income per month \$165.00.

Number of persons, 8-9; income per month \$180.00.

Number of persons 10 or more, add \$15.00 for each additional person

In the instance of farmers or others who have no fixed salary the above monthly income figures multiplied by 12 will reflect the annual income levels to be used as a guide with earnings for the current year.

This program will be handled through the County Welfare office in Roby. Interviews for those wishing to apply for the surplus commodities will be taken at the office from 8:15 a. m. to 4:00 p. m. September 17th through September 21st. Or applications can be made at the regular office hours thereafter.

The welfare program in Fisher County is administered by Mrs. Al Finch. As County Welfare Director, Mrs. Finch handles all cases of county relief in cooperation with the Fisher County Commissioners Court, County Judge and Welfare Board. Relief cases include aid to the sick and aged, aid to dependent school children, county funerals and rehabilitation projects for persons or families in Fisher County.

Sheriff Posse Closes Active Season With Another First Place

Fisher County Sheriff Posse brought home the 1st place trophy from the Crosby County Rodeo at Ralls last week. This is their 7th first place win of the season.

This was the twelfth time for the group to ride in competition this season. Three second place trophies were also taken, thus far this season.

The Posse has been organized for five years and carries a membership of 60 men. The group have been active each of the seasons, riding in parades, rodeos and enjoying a fine spirit of fellowship.

The trophy case in the courthouse is evidence of the ability and conduct of the organization.

The Ralls rodeo is expected to be the last competition to be entered this season, but the Posse continues a full program during the fall and winter months.

First Baptists To Install Brotherhood Officers

The Brotherhood of the First Baptist Church is to meet Tuesday evening of next week in a program of electing and installing its officers for the new year.

Sunday School meets at 9:45 Sunday with a class for every age group. The worship hour is 10:50 with M. D. Ivey in charge of the music. The pastor will preach on, "How Much Longer?"

The Training Union hour is 7:00 o'clock with the evening service at 8:00. The pastor's message is "The Closed Door."

The church and pastor extend a cordial welcome to visiting friends to all its services. The nursery is open for the Sunday's program, on Mondays for WMU and Wednesday nights.

Reception For Teachers Monday Evening

The City Council of Parent Teachers Association has planned a reception honoring the teachers of Rotan School for 8:00 p. m., Monday, Sept. 17. The affair will be held in school cafeteria.

The reception will be informal, with games and a sing song. All parents are urged to attend and give our teachers a warm welcome. Cake and coffee will be served.

Bureau Warns On Gas Tax Refund Deadline

Fisher County Farm Bureau is warning all farmers who have not applied for the 2c gas tax refund from the Federal government, that they must do so during this month.

The Farm Bureau office is now located in Rotan at 112 E Snyder and has a sufficient supply of blanks for requesting the refund and will assist members in completing the applications.

Merrilee Club Met With Mrs. Nowlin

The Merrilee Club met Tuesday in their first meeting since they disbanded for the summer. The meeting was an all day affair, with Mrs. O. R. Nowlin.

A buffet luncheon was served to 14 members and one guest, Mrs. Frances George of Crane. The afternoon was spent in visiting and doing needlework.

Secret pals were revealed and new names drawn. The next meeting will be Oct. 9 with Mrs. John McCombs.

Gins Near 500 Mark

The gins of Rotan reached a total of 470 bales Wednesday.

Most cotton in the section north-east and east of town is beginning to open and harvest of the short crop will be well underway within the next week.

Mr. and Mrs. Gary Gilliland of Lovington, N. M. visited his parents, Mr. and Mrs. Truman Gilliland recently.

Mr. and Mrs. Chas. Kelley spent several days this week in New Mexico.

Public Urged To Visit Aaron Park

A number of citizens worked Monday in putting the finishing touches on the grounds at Aaron Park.

Several barbecue grills have been constructed, some play ground equipment placed and several tables dot the area. A number of other tables and benches will be finished this week.

Park Board chairman Alton Parker urges everyone to drive out and see the park at this stage. It is easy to see great possibilities.

Electric lights will be installed in the next few days, but due to shortage of city water, lines are not planned to the Park until next spring.

The grounds are now ready for outdoor meals and gatherings, although not completed.

Services Held Friday For E. E. Patterson

Funeral for E. E. Patterson, 78, was held from First Baptist Church Friday at 2:00 p. m. Mr. Patterson died in Stamford Sanitarium Wednesday, following an extended illness. He had remained active through most of his illness and did active farm work until a week before his death.

Elder B. R. Howze, Primitive Baptist minister of Big Spring officiated, assisted by Rev. J. Alvis Cooley. Burial was in Belview cemetery under direction of Weathersbee Funeral Home.

Mr. Patterson was born in Mississippi May 10, 1878 and came to Comanche county with his parents. He married the former Miss Annie Holland Oct. 6, 1901 at DeLeon and moved to Fisher County in 1908 and had lived on the same farm since that time.

He was an active member of the Baptist Church and a deacon, taking an active interest in church affairs and was vitally interested in the welfare of his country.

Down-Town Pep Rally This Afternoon

A lively pep rally is planned for down-town this afternoon at 5:45.

This is not a school rally, but for everyone interested in the Yellowhammers.

The band and pep squad will lead off and with the support of the town, a real pep rally will be staged.

The Hammers have started a good season. They and the coaching staff have worked hard and with proper support will give us a good football season. Let's get behind them.

Local Banks Carry Most Credit For Farmers and Ranchers

Texas farmers and ranchers met their credit needs during 1955 chiefly through loans from their local banks, according to R. L. Springer, president of First National Bank of Rotan, who represents the Texas Bankers Association as Fisher County Key Banker. During the year, the state's banks provided more financial aid to farmers and stockmen than any other lending agency, he pointed out.

Using figures from the fifteenth annual farm lending survey of the Agricultural Commission of the American Bankers Association, Mr. Springer noted that on January, 1 1956, Texas banks had loans outstanding to farmers and ranchers totaling \$288,590,000 including both production and mortgage credit. This compares with \$285,374,000 held by insurance companies, second largest lender to Texas agriculture; \$164,840,000 held by Federal Land banks; \$62,263,000 by Production Associations; and \$90,408,000 by the Farmers Home Administration.

The total of farm credit outstanding in banks was made up of \$249,211,000 in production loans and \$39,379,000 in farm and ranch mortgages. In addition, banks in Texas held \$244,530,000 in CCC paper not included in the above total.

"The efforts of the state's banks to meet the increased needs for intermediate-term (one to five or more years) loans are reflected in production loans outstanding," the figures for both real estate and Mr. Springer said. "It is estimated that about three-fourths of the farm real estate loans are for purposes normally associated with intermediate-length loans. This would include such projects as the purchase of new machinery, improvement of livestock herds, etc. Beyond that, a substantial portion of the production loans in banks at the beginning of 1956 carried a repayment period of longer than one year."

Mr. Springer gave several reasons for the increasing importance of intermediate-term credit in financing Texas agriculture. "First," he said, "farmers haven't had as much income to repay their obligations during recent years as they had during the war and early postwar years. Second, farm and ranch capital requirements have increased to a very high level. Finally, changing habits of farmers' customers have caused a notable shift to different cropping programs. Each farmer who has made such adjustments employed new capital to do it.

"These investments made through the use of intermediate-term credit have greatly contributed to more efficient farm businesses in Texas and to a higher standard of living for all Americans," Mr. Springer stated.

Mr. Springer reported that 858 of the 899 insured commercial banks in Texas served agriculture by making farm loans during 1955.

B-Team Game Tonight Is Postponed

The B-team game with Roscoe, which was scheduled for tonight on the local field has been postponed.

Mr. and Mrs. Cecil Weems are parents of a new daughter born at Callan Hospital last Thursday. The young lady weighed 8 pounds and was named Patty Louise.

Grover Terrell and Mr. and Mrs. R. O. Allen spent Sunday night with Ms. Grover Terrell in San Angelo.

Farm Loan Association Meeting At Roby

With invitations going out to its 470 members, the Nolan-Fisher National Farm Loan Association, serving both Nolan and Fisher counties, is making extensive plans for the 39th annual meeting of shareholders, to be in Roby, Thursday, Sept. 20, announced secretary-treasurer, B. L. Conley today.

In addition to reviewing the operations of the association, the members will elect officers and directors to serve for the ensuing year. An excellent program is being arranged to supplement the business session, said Conley.

"The stockholders are showing considerable interest in this meeting," Conley stated, "because the present Nolan-Fisher association was created by the consolidation of the Sweetwater and the Roby National Farm Loan Associations effective this past June 30, then too, as land owners, they are interested in maintaining a strong home owned association for long term credit service, with the lowest interest rates and the most reasonable repayment plan."

"Both, the Roby and the Sweetwater associations were organized in 1917 under the Woodrow Wilson administration and they have seen much growth and development, and, during 39 years of service, over 600 farmers and stockmen of Nolan and Fisher Counties have paid out their homes through the benefit of low cost money and unrestricted repayment plan," Conley said, and many others are now buying and paying for homes and building long needed houses and other improvements under its plan and terms."

Conley also stated that the capital stock owned by the members of the Nolan-Fisher Association had reached \$114,600.00 and during the past year paid out to the member shareholders over \$27,300.00 in dividends. The new association has total assets in excess of \$360,000.00 and ranks among the top associations in Texas.

Directors of the association are Elmer Jordan of Blackwell, president; C. C. Roach, Rotan, vice-president; Ray Boothe, Sweetwater; J. Q. Head, Roby and W. S. Etheredge of Rotan.

Details of the program under way are to be announced at a later date.

CARD OF THANKS

To all our friends and relatives, we wish to say thank you for the many, many expressions of love and friendship during our husband and father's long illness and home going. For the bountiful spread of food for our physical strength, for the expressions both word and deed that comforted our hearts, and for the beautiful flowers given in memory, we ask God's richest blessings on each of you.
Mrs. E. E. Patterson and family.

NEWS

County Agricultural Agent Texas A. & M. College Extension Service

This is a reminder to those that have not filed for the 2 cents per gallon refund for gasoline used on the farm from January 1 through June 30, 1956. Claims must be filed on Internal Revenue Service Form 2240. This form is available at the local County Agents' office. Deadline for filing for this year's refund is October 11, 1956. The law does not permit payment of claims filed later.

We are proud to announce that we have available a set of all four volumes of the Jersey Performance Register. These books will be in the County Agent's office for the use of dairymen interested in checking on the past performance of any registered Jerseys.

The complimentary set was sent to Mr. Buddy Pyburn, supervisor with the Farmers Home Administration. In a conversation with J. W. Davis, field representative, American Jersey Cattle Club at the recent Twilight Jersey Meeting,

Buddy mentioned that he believed a set of the books would be very helpful to our dairymen. Within a short time, Floyd Johnston, executive secretary, the American Jersey Cattle Club, sent the book to be placed in the County Agent's office.

F. Z. Banblossom, poultry marketing specialist, Texas Extension Service, has informed us that the Texas Turkey Federation, in cooperation, in cooperation with the Texas Extension Service, the Texas Poultry Improvement Association, Texas Feed Manufacturers, feed dealers and others, have cooperated to hold Turkey Field Days this year. The closest Field Day will be at Meridian, September 18. Registration at Skating Rink, 8:20-9:30 a. m. Program gets under way at 9:30 and ends at 3:45. These programs are of an educational nature. Covering such things as handling and grading, utilizing more turkeys, discussing the grades of processed turkeys, and the responsibilities of producers, feeders, hatcherymen, feed manufacturers, and processors in improving the grade of tukeys marketed.

E. M. Regenbrecht, extension swine husbandman tells us that no other practice has a more consistent record for weakening the hog

market than does the marketing of overweight hogs. Such a practice not only results in lower market prices but feeding hogs to weighing over 200 pounds is not efficient feeding.

Hogs best utilize their feed in reaching the 200 pound level. It is expensive to put on the extra pounds because heavy hogs eat more feed per pound of gain. Too, the oversize cuts produced are usually too fat and consumers refuse them, thus forcing such pork to a bargain center.

The average consumer will eat 80 pounds of pork per year but doesn't want much of it in the form of salt pork from heavy hogs. There is a world of difference between the cuts from three 200 lb. hogs as contrasted with those from two 300 pound animals. The tonnage is the same but the consumers see distinct differences in the cuts and since they prefer the leaner pork, the wise feeder goes to town with a product which will move from the meat market.

Despite these known facts, Regenbrecht says there is always present a temptation to feed hogs to heavier weight. At times a short supply of heavy hogs may pull their market price close to the top market top but such conditions are usually of short duration and before hogs can be fed to the heavy weights the market has become re-established and prices go back down.

Since feeding to heavy weights is the easiest and surest way to lower the hog market, it stands to reason that selling at correct weights is a sure way to raise the market. Selling at correct weights was good advice when hog numbers were burdensome, and its good advice today, believes Regenbrecht.

Captain A. H. Nelson, Mrs. Nelson and children, Sandy, Terry, Gary and Bill, are visiting her mother, Mrs. W. F. Edwards before leaving for Hickman Field, Honolulu, where they expect to stay three years. He is being transferred from San Angelo and they expect to leave about the middle of the month.

Mr. and Mrs. Jack Yarborough and children of Oton, visited his mother, Mrs. Ruth Yarborough several days this week.

Mr. and Mrs. Morris Watson and Jim visited Mr. and Mrs. Elwood Freeman in Lubbock last week end. rs. E. A. Watson, who had visited in Lubbock three weeks, returned to her home here with them.

Kitchen Decorators Use These Rules

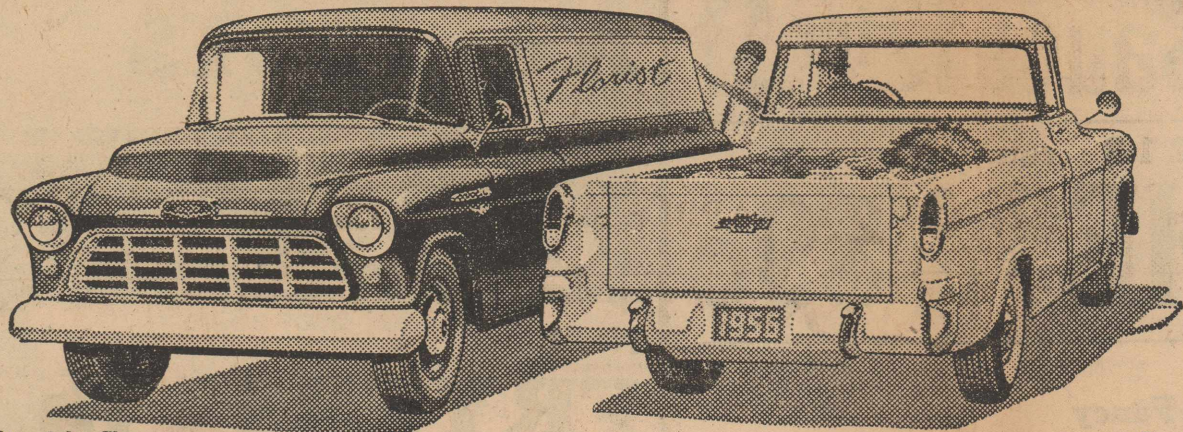

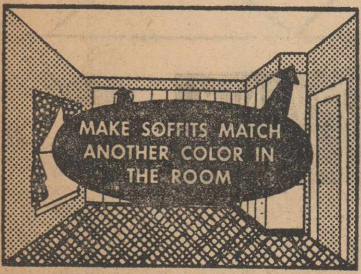

It's easy to color-decorate your kitchen like a professional. Just follow these simple rules used by leading decorators and compiled by the Youngstown Kitchens Planning Institute:

For your steel kitchen cabinets, choose what decorators call "earth" colors—a soft white, a clean, dawn yellow, a meridian blue, or a sunset copper shade. These are colors found in nature, colors that harmonize with almost all others. Do not use "faddish" colors. They become tiresome and rapidly go out of style.

Choose the basic room color to suit your taste, avoiding dark shades. This color goes on your walls and sets the room tone. Here, a faddish color may be used, because wall repainting is simple. White is almost always best for ceilings.

To achieve over-all harmony, follow the rules illustrated at right. Door and window trim can match wall color, cabinet color, or can be painted an accent tone. Soffits should usually match ceiling or wall color. With very low ceilings, soffits can match wall cabinets. Draperies should repeat another color in the room. Floor coverings should be neutral and repeat a major room color in the pattern.

Professionals sometimes break these rules, but faithfully following them will always give you an attractive kitchen.

Rotan Is Proud . . . Of Its Churches

OUR FATHER

Like the great God of all the earth, "FATHERS" are responsible toilers, giving their strength to daily tasks that provide food and shelter and the comforts of life. History alerts us to the significance of GOOD FATHERHOOD. In the memory of every child is enshrined the thoughtful and devoted, self-sacrificing, happy comradeship of a GOOD FATHER. It makes little difference whether you are a minister, laborer, or salesman, you are all the FATHER your child knows. Whether you live by way of the lunch pail, portfolio, or the Bible—FATHER'S DAY will be more commemorative, more complete, if you'll take your family to church.

RESOLUTIONS OF RESPECT FOR BROTHER JOHN D. CORNH WHO PASSED AWAY AUGUST 8, 1956

WHEREAS it has pleased our Heavenly Father to call from our midst Bro. John D. Cornh; and

WHEREAS Bro. Cornh has been a useful citizen, a church leader, and a deacon for many years; therefore,

BE IT RESOLVED that the Board of Deacons of the First Baptist Church of Rotan, Texas, in testimony of our great loss, herewith express our love and sympathy to the bereaved family in this time of sorrow; and

BE IT FURTHER RESOLVED that three copies of these resolutions be made—one for Mrs. John D. Cornh and family; one for the Rotan Advance; and one for the official minutes of the Board of Deacons.

THIS ACTION APPROVED unanimously in regular meeting August 27, 1956.

H. T. Pillingim Jr., chairman.
D. L. Smith, secretary

Mr. and Mrs. Jim Ashley spent last week here with his parents, Mr. and Mrs. John Ashley. They have been living at Grand Prairie but recently moved to Lubbock, where he is attending Texas Tech.

Mr. and Mrs. Melvin Clements and children Karen, Bret and Trudy returned recently from a vacation in California. They visited the family of Mrs. Clements' sister, Mr. and Mrs. Harold Horton in Blythe, Calif., Major and Mrs. L. B. Bowyer, Mr. Clements' sister in Sacramento, and Mrs. Truman Vittow in Los Angeles.

Mrs. Hugh Huckaby and her grandson Butch Huber of Irving, spent last week end here attending to business. Mrs. Huckaby is staying in Dallas with Mr. Huckaby, who recently had major surgery. He is doing as well as could be expected and is able to be in a wheel chair some. He is in the veterans hospital there.

Mr. and Mrs. Arch Pool of Abilene, visited Mr. and Mrs. Jack Wilkes Sunday.

Mr. and Mrs. Rudolph Morton, Terry, Ronny and Melody of Lubbock visited her parents, Mr. and Mrs. Jack Wilkes last week end.

Mr. and Mrs. C. C. Roach went to Bardwell Thursday to visit his sister, Mrs. Eunice Anthony McIntosh and other relatives.

The Rotan Advance Thursday, Sept. 13, 1956 No. 33

Mr. and Mrs. C. W. McCombs with Mr. and Mrs. W. A. Beene and Mr. and Mrs. Herbert Robertson of Pecos, made a trip last week to points in south Texas and on into Old Mexico. They said they saw only one spot where there had been rain enough to make grass and crops a healthy green.

Kenny Institute in Minneapolis Soon Will Be One of Country's Largest Rehabilitation Centers

Minneapolis, Minn.—A construction and modernization program now under way will make Elizabeth Kenny institute here one of the country's most-complete in-patient rehabilitation centers for the care and treatment of nerve, muscle or joint disabilities, according to R. Bruce Reinecker, president of the Elizabeth Kenny Foundation, with national offices in this city.

Established in 1942, Kenny institute is the foundation's original treatment center in the United States. Besides being the Kenny treatment center for a large area, it also is the International Kenny Therapist Training center. Well over 8,000 patients from throughout the United States and a number of foreign countries have been admitted here for polio treatment and rehabilitation.

Here, also, have come doctors from many parts of the world to study and evaluate the Kenny method. Upwards of 150 registered nurses and physical therapists have come here to take the Kenny Therapist training course.

The construction of a second new wing and modernization of the existing structure will provide Kenny institute with additional rehabilitation, research and laboratory space, Reinecker said. Bed space, too, will be increased. Cost of the current building program, estimated at \$1,500,000, will be met through a grant from national headquarters of the Kenny foundation and funds collected by the federal government (Hill-Burton act) and the Ford foundation.

"Kenny institute will remain one of the most-completely staffed and equipped polio hospitals in the country," Reinecker declared. "The Kenny foundation will continue to provide treatment for those who contract polio and will offer rehabilitation to the fullest extent possible to those who have been crippled by the disease in the past. "At the same time, we will continue to train registered nurses and physical therapists to become Kenny Therapists under scholarships provided free to qualified men and women. In addition, we are proceeding with our program of providing highly-specialized training for doctors and nurses, both from the United States and abroad." Reinecker pointed out that Kenny institute, Minneapolis, is being expanded into a complete rehabilitation center to treat and care for persons of all ages, races and creeds whose disabilities the medical staff feels may be lessened by such treatment.
