

## Yankees Hold Lead In Little League Play

The Yankees continued to lead the league as a full week's schedule was completed without rain.

Wednesday afternoon the Vets edged the Rebels 4-3 for their first victory of the year. Ratliff was the loser, with Heathington gaining his first win.

Thursday afternoon the Rebels again took a one run loss as the Prune Peddlers rallied to win 4-3 in an extra inning affair. Lopez and Garcia hurled for the Rebels with Garcia the loser. Herron and Max Blanton tossed for the Peddlers with Blanton the winner.

Friday night the Yankees lambasted the Vets to the tune of 30-5. Bennett was the winning pitcher, while the Vets paraded Jones, Wasson, Rodriguez and Browning to the mound, with Wasson the loser. Ashton slammed his third homer of the year.

Saturday afternoon the Yanks took the Prune Peddlers to the tune of 19-8. Leamon Blanton was charged with the loss as E. Hammit was the winner.

Monday night the Prune Peddlers laced the Vets 12-0 in a five inning affair. Carter and M. Blanton toiled for the Peddlers with Carter the winner. Heathington was charged with the loss.

Tuesday afternoon Paske of the Rebels and Ashton of the Yanks hooked up in a pitching duel, with both pitchers allowing two hits. The Yanks won 4-2 for their sixth win. League Standing

	Won	Lost
Yankees	6	1
Prune Peddlers	4	3
Reels	2	5
Vets	1	6

## Water Level Rising In Wells Over Area

Dono Darden has some irrigation wells just south of town and reports the water level in the wells has risen 2 feet 3 inches since the siege of rain here.

Also he says the Richard Fleming well that was dry, now has water in it.

In other sections of this area springs have revived and are now flowing, and some creeks are now running clear water for the first time in some years. Heretofore the creeks ran only after rains.

The water level over Texas had been dropping for several years and later the water level may continue to rise. Rotan's city wells had been declining and may be returned to their normal level in a few months.

## John Carter Is Pastor Of California Church

The 1st Southern Baptist Church of Yucalpa, Cal., was organized in special services held Sunday afternoon. The new church was constituted from what was formerly known as the Gateway Baptist Mission. There were two additions during the day to bring the total membership to 38, after a baptismal service can be arranged for three new members.

The new church has property in escrow at the present time on the corner of 15th Ave. E. As soon as possible the deal will be closed and a new building will go up as another token of the blessings of God upon the fastest growing major denomination among the evangelical churches.

The church called the mission pastor, Bro. John Carter as its pastor. He is the son of Mr. and Mrs. C. C. Carter of Rotan. The membership includes the 75 enrolled in Sunday school.

Mr. and Mrs. Emmett Cave returned home Monday from Dallas, where Mr. Cave had major surgery several weeks ago. Their daughter, Mrs. Nelson Smith, had been in Dallas two weeks with her parents and returned home here with them.

## Hospital News

Local medical patients in Callan Hospital from June 5 through 10 were Tony Lopez, Mrs. Obed Hughes, Mrs. C. W. Blair, Clint Overby, Turner Forrest, Antonio Belgran Chavez, Hitson Green, Mrs. Walter Byrd, Mrs. James Goodwin, Bud Price, Gary Baker.

Out of town medical patients were Lewis Waddell Jr. of Plainview, Mrs. Marshall Trimof Houston, J. T. Leach of Jayton, Mrs. Alfred Turner of Jayton, Mrs. W. H. Hall of Hamlin, Mrs. Bob Goodall of Jayton.

Surgery patients were Mrs. Ira Morrow, Rotan; Gary Hicks of Jayton, Mrs. Clyde Blount of Rotan, Mrs. Harold Morris of Guthrie, Mrs. C. H. Starnes of Rotan, Mrs. H. O. Waldon of Roy, Mrs. H. A. Devers of Snyder.

No. 21

## Swimming Pool To Open Season Friday

### Junior Rodeo Plans Are Progressing

Indications point to a very successful Junior Rodeo July 4, 5 and 6 when the Rotan High school Rodeo Club stages their 8th annual show. Entries are coming in as expected and preparations are moving nicely.

The event was postponed because of heavy rains last month.

The Club is offering \$800 cash prizes and Bull Riding, Bareback Riding, Sponsor's Contest, Poll Wending Race, Wild Mare Race, Calf Roping, Ribbon Roping, Open Barrel Race-Jack Pot, Kid's Goat Sacking and Soda Pop Race.

Entries will close at noon, July 4 and may be made with Sandy Morrow or O. R. Clark.

### Calvary Baptist Church News

The church is having a successful Vacation Bible School this week. Enrollment at this time is 74. The school will close Friday night, with commencement to be held Sunday evening at 6:00 o'clock.

Sunday School meets at 9:45 in all departments. The morning worship service begins at 11:00.

Training Union, with J. A. Barnes, newly elected director in charge meets at 7:00 o'clock. Evening worship services begin at 8:00 o'clock.

Mid-week prayer service is at 8:00 o'clock.

The nursery is open for all services.

Visitors are always welcome to each service.

Mrs. Irene Newcomb Maddox, granddaughter of Mrs. J. A. Brown, is one of fifty students selected from the entire United States to play in the American Wind Ensemble. The group will meet and give concerts in Pittsburg, Pa., for six weeks and then tour South America during the month of August.

Mrs. Maddox, a part time music instructor at NTSC, received her Master degree this June. She and her husband, Robert Maddox of Odessa, visited with Mrs. Brown and Annabelle this past week.

Mr. and Mrs. C. R. Shelton of Tempe, Arizona, who visited his parents Mr. and Mrs. Hooper Shelton last week, left Sunday night for a tour of Mexico, Panama and South America. They plan to return to the States in early September.

Mrs. F. I. Bailey of Post, and Cliff Beavers of Los Angeles Cal., visited in the home of Mr. and Mrs. J. R. Strayhorn Thursday of last week.

Work on the swimming pool was nearing completion late Wednesday, after much delay caused by rains delaying concrete work during the past six weeks.

The pool has had many improvements and will now be safe from health standpoint.

E. E. Armstrong, a member of the school faculty has leased the pool from the City for the season. He expects to open late Friday.

Complete information will be carried in next weeks Advance.

### City Spraying For Flies And Mosquitos

City officials are having the town sprayed with chemical solution in an attempt to eliminate mosquitos and flies, which have become a health threat since the extended rainy season.

Considerable water is standing on the "flat" which, with the heavy weed crop, is an ideal breeding place.

According to reports, little relief has been shown thus far with this treatment, the stagnant water and weeds will probably have to be cleared before the problem is cleared.

### Wanda Anderson Enrolled At HS-U

Abilene—Wanda Dell Anderson, daughter of Mr. and Mrs. Leon Anderson of Rotan, is among more than 425 students enrolled in the first session of summer school at Hardin-Simmons University.

Her home address is Dorras Rt. She is a junior student. She is a member of the following H-S-U organizations: F. T. A., and Y. W. A.

The first six week term of summer school got under way June 5 with registration. Classes, which are one and a half hours in length, began June 6 at 7 a.m. Courses of instruction are being offered in 23 major university departments.

Registration for the second summer term will be held July 15. Summer baccalaureate is set for 8 a.m. Aug. 21, and commencement at 8 p.m. Aug. 23.

President Evan Allard Reiff announces that the entire recreational facilities of the university will be open to summer students. They include athletic fields, gymnasium, riding stables, swimming pool and tennis courts. Forty-four H-S-U professors will remain on the campus during the summer to teach the two six-week terms.

Mrs. John Gustafson of Murfreesboro, Tenn., arrived Friday to visit her grandmother, Mrs. J. V. Helms, and uncle Mr. and Mrs. Dono Day and other relatives. Mrs. Gustafson is the former June Ann Day.

### Light Rain Tuesday Slows Farm Work

Thundershowers about midnight Tuesday and several hours later left about a half inch of moisture in the Rotan area. Parts of the section west of town had heavier fall and some hail was reported to the north.

Much cotton planting was being done and some farmers will be delayed by the rain, while others only lost a few hours, Wednesday.

High wind and dust accompanied the cloud about midnight.

All farmers are very busy killing weeds and planting. All that were called for jury service in District Court Monday were excused by Judge Owen Thomas.

Considerable acreage was planted to the north and east of Rotan before the heavy rains last month and most of this cotton is doing well.

### Verne Ellis' Are Moving To Lufkin

Mr. and Mrs. Verne Ellis, who have been with the First Baptist Church for more than a year, as church secretary and director of activities, resigned Sunday, in view of his accepting the position of director of music and education of a Lufkin church.

The local church will hold a Fellowship for them Friday evening as an expression of gratitude for their work in the church and community. D. L. Smith will have charge of the fellowship, and others are working on the eats and program. The time is 8:00 o'clock.

The Commencement for the Vacation Bible School was held last evening (Wednesday) with a splendid program presented by the five departments.

Sunday Services  
Sunday school meets a 9:45, with a class for every age. The morning worship is at 10:50, with the pastor preaching on "The Power of the Positive." M. D. Ivey will have charge of the music.

Training Union meets at 7:00 in 10 unions offering training for every member. The pastor will preach at 8:00 p.m. on "The Far Country." The nursery is open for all services and the church extends a welcome to visiting friends.

### Lueders Encampment Camp Session Opens 17

Rally Day at Lueders Baptist Encampment grounds on Monday, June 17, will open the camp session for the Baptists of District 17, covering 12 counties, including Eastland Stephens, Callahan, Haskell, Knox, Shackelford, Taylor, Nolan, Fisher, Stonewall, Kent and Jones.

Dedication of the new swimming pool, considered one of the most outstanding improvements in the camp's history, will be held in the afternoon.

Rev. Byron Bryant, pastor of the First Baptist Church of Breckenridge and president of the Encampment, will be in charge.

Opportunity will be given for relaxation and rest and inspection of the grounds during the day.

Dr. E. S. James, editor of the Baptist Standard, will be inspirational speaker, addressing the group at 11:30 a.m. and at 5:00 p.m. Supper will follow his address.

Dr. Lindell C. Harris of the Bible department of Hardin-Simmons University, Abilene, will give Bible expositions at 10 a.m. and 4 p.m.

Carroll Moring of Olden will lead recreation after lunch in the cafeteria and official opening of the swimming pool will follow.

Sidelights of the camp program of the season will be introduced by speakers at 11 a.m.

The Intermediate Royal Ambassadors camp opens June 17 and will continue through noon June 20.

Other camps will be Intermediate Girls Auxiliary camp June 24-27; Sunbeam camp June 27-28; Y. W. A. retreat June 28-29. Junior GA camp July 8-11; Royal Ambassadors Camp July 15-18; Youth Camp July 22-25; State music camp (one of seven) July 29-Aug. 1. Brotherhood camp Aug. 5-6, and WFB camp Aug. 8-9.

Mr. and Mrs. L. C. Vittitow spent Sunday and Monday in San Angelo with his mother, Mrs. H. V. Vittitow.

## Senator Ratliff To Address Lions Tuesday

### Teenage Team Takes Merkel Monday 8-1

Rotan Teenage Baseball team won over Merkel team here Monday night, 8-1.

A good team is being rounded up by manager Rudy Lotief, which should play a successful season.

This team will play a game on the High School field each Monday night at 8:00, for the remainder of the season. All out of town games will be on Friday nights.

Team members are Jackie Waggoner, Denny Ivey, Leroy Hill, Teddy Underhill, Bubba Edwards, Bernard Etheredge, Doyle Hayes, Raymond Ratliff, George Bridges, Joe Morrow, Charles Thornton, Todd Baugh, Kelly Fancher, Manuel Yanez and Mike Porter.

Hamlin team will come here Monday night and the locals will go to Sweetwater tomorrow.

### New Officials Named For TB Association

New directors and officials have been named for the Fisher County Tuberculosis Association at a meeting in which much time and discussion of the year's work was held. The meeting developed the fact that of the cases that were handled by the Fisher County Tuberculosis Association nine out of ten were charity cases. It was decided that these people who had sufficient funds to obtain the necessary treatment did not wait for the aid of the Association but went ahead with their treatment.

The following people were elected to serve a three year term on the Board of Directors: Mrs. Jim O'Brian of Rotan, Mrs. Jim Day, Rotan, Mrs. Royce Ferrell of Sylvester, Johnnie Ammons of Roby, Mrs. Sterling Willingham of Hobbs, C. J. Dalton of Rotan, Mrs. F. E. Tutt of Hobbs, Mrs. Walter Byrd of Rotan, W. P. Schubert of Longworth, Mrs. Bill Hardy of Rotan, and Dr. LeBleu of Rotan. The following officials for the 1957-58 year were selected: Lance Davis, president, Mrs. Jim Day, vice-president, Mrs. Faye McClure, 2nd vice-president, and Lillian Terry, secretary.

There are 18 people in Fisher County in the TB Sanatorium at the present time. It was learned that special x-rays had been given to a total of 126 people where cases of TB had been found in the family. The officials were given commendation by the Board members for the work that had been done in Fisher County. It was pointed out that much of the stepped up work was possible because of the aid and support that has been obtained from the Welfare Department that has been established by the Fisher County Commissioners Court.

Mrs. E. A. Watson returned home Tuesday from Lubbock, where she had visited her daughter.

## Work Underway On 50th Anniversary Edition for Rotan

Progress of work on the 50th Anniversary Edition of the Advance is moving along nicely.

Citizens have supplied us with a nice array of early day street and town scenes, but we will be glad to have more. Mrs. C. C. Terrell loaned us a copy of the first paper, "The Terminal Advance", printed in Rotan. The town had not been named in 1906, so the temporary title is taken as the location was the terminal of the Texas Central Railroad.

Work is being completed on history of all churches of Rotan along with pictures.

West Texas Utilities Company is furnishing complete information on the electric service development in Rotan since the time they purchased the property.

A complete 10-page section for

State Senator David Ratliff of Stamford, will be guest speaker at next Tuesday's Lion meeting at Texas Cafe. All members are urged to attend, as Senator Ratliff is a very interesting speaker and a special "tail twister" will be operating that day.

Lion Garland was in charge of this week's program and had his son David to give several piano numbers. Later Lions present related some embarrassing incident they had experienced.

The club is very active and has accomplished good projects in the past, but have a chair awaiting you, as a new member.

### Farmers Face Big Issue In Wheat Balloting

Farmers have two issues to decide in the June 20 wheat referendum, according to Floyd Smith, Chairman, Fisher County Agricultural Stabilization and Conservation Committee.

The first issue is whether marketing quotas will be in effect, carrying with them penalties on "excess" wheat from farms (with more than 15 acres of wheat harvested as grain) on which the allotment is exceeded. The second issue is the level of the available price support.

A two-thirds favorable vote is required to approve wheat marketing quotas. Once quotas are approved, penalties for production in excess of the farm's quota are in effect for all farms in commercial wheat states which harvested over 15 acres of wheat for grain. The farm quota is generally all the wheat produced on the acreage allotment. Under quotas, also, price support on the 1958 wheat crop will be available at a minimum national average of \$1.78 per bushel to those farmers who are in compliance with their farm allotments.

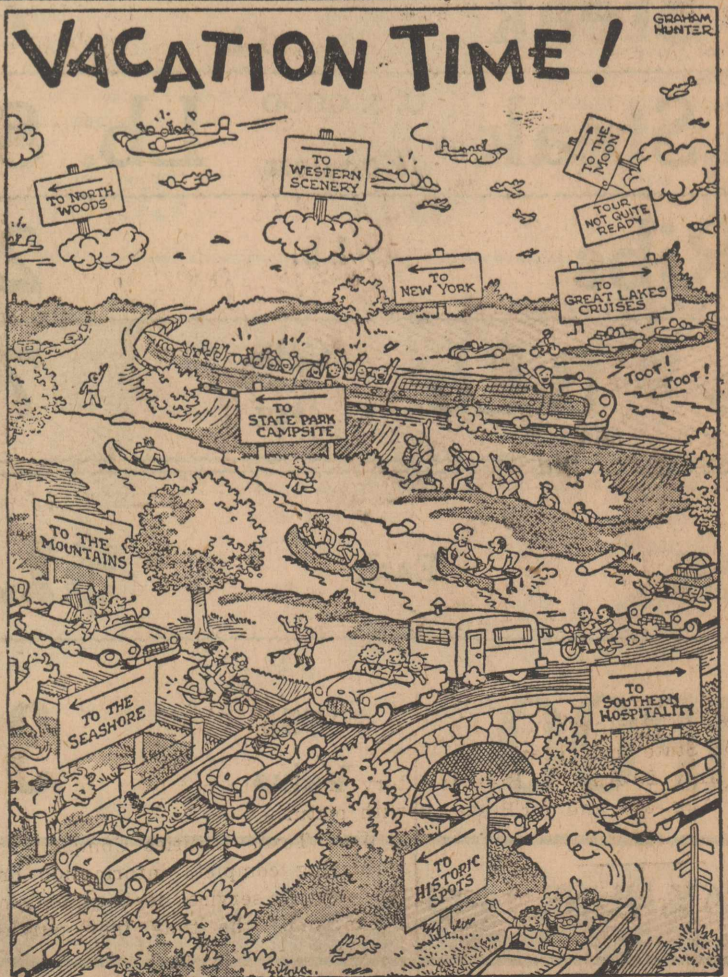

Mr. Smith explains that if more than one-third of the voters disapprove quotas, there will be no marketing quotas and no penalties for excess production. However, acreage allotments will remain in effect in the commercial area, and the price support will be available at 50% of parity to those farmers who comply with their allotments.

The following polling places will be open from 8:00 a. m. to 7:00 p. m. on Thursday, June 20, 1957 and farmers can vote at the most convenient place: Roby ASC Office, Sylvester Schoolhouse, Longworth Gin, McCaulley Gin, Royston Gin, Hobbs Store, Claytonville.

### Bowling League

R. D. Startor bowling team took the lead in the tournament this week with a score of 25064.

Other standing are: H. L. Davis team, 24750; Lotief, 24733; Bank, 24456, Gyp Mill and Texas Cafe, 23906.

## Home Economics Briefs

**ORANGE EGG**—A "Quickie" Breakfast

Getting family members to eat an egg for breakfast may be pretty hard to do on these hot summer days. Orange egg, served in a frosty cold glass is a fine way to get not only egg, but also orange juice.

It's easy! Simply beat one egg thoroughly. Mix well with eight ounces of fresh or frozen orange juice and serve immediately in frosted glasses.

**Raw Vegetables for "Dunking"**

Work more vegetables into the diet during the summer months—Extension foods and nutrition specialists suggest crisp, colorful raw vegetables for appetizers, between-meal snacks, and tasty salads.

For entertaining, add some carrot curls, celery sticks, radish roses, raw cauliflower or broccoli flowerets to the refreshment tray. Serve a zippy sour cream cheese, or avocado dip for "dunking" the vegetables. Guests will enjoy the informal atmosphere of the party and appreciate the extra "vitamins."

**Beat The Heat**

"Beat the heat" by planning menus ahead of time, suggest extension foods and nutrition specialists. This makes it possible to plan work so that most of the preparation can be done during the coolest part of the day.

When freezing or canning foods remember the TEXAS FOOD STANDARD. It is a list of the foods needed each day for a good diet. Preserve the foods while they are in season.

Research shows that two out of three Americans eat too little breakfast habit that a protein rich breakfast will stave off fatigue hours longer than a breakfast with less protein. Eat an adequate breakfast every day, even during hot weather.

Do you reach for something to drink on these hot summer afternoons? Frosty, cold milk is your best choice, both flavor-wise and nutrition-wise, according to Maeona Cox, extension foods and nutrition specialist. Be sure it's cold, but don't dilute with ice cubes. Use cold glasses.

A glass of milk is refreshing anytime during the day. It serves as a quick pick-up for young and old.

**Take It Easy**

Convenient step stools make for greater working comfort; new designing places seats somewhat lower than in older models. Vinyl plastic upholstery provides both color and ease in cleaning. The entire stool can be swabbed with a sudsy cloth or sponge as needed.

**Cleaning The Washer**

It's easy to wash out your washer after tinting or dyeing a load of clothes; just fill the tub with hot soap or syndet (synthetic detergent) suds, add bleach, and let the machine run until clean. Follow with a hot water rinse and then leave the washer open until dry inside.

**More No-Iron Fabrics**

Looks like a cooler summer for homemakers, with even more no-iron fabrics coming up. This time it's the table cloth manufacturers who are campaigning for easier laundering fabrics. They are aiming at a finish that will eliminate ironing cottons, rayons, or linen tableware. Of course, we already have table cloths that require little or no ironing. Look for the new finishes when you shop for yourself or for the June bride.

**Clean Up Fire Hazards**

Closets, attics and cellars are where the majority of home fires start. Thus, good housekeeping is not only one of the best ways to prevent fires but also to curb its spread.

**Rug Wear vs. Television**

Since television has popularized the family living room, rugs need to be turned about to distribute wear evenly instead of concentrating it in front of the TV set.

Mrs. Dave Blanks and children, Mary and Bob, of Ada, Okla., came Wednesday of last week and visited her parents, Mr. and Mrs. Bob Goodrum, until Thursday of this week.

Mrs. Mildred Pearce and son Steve of Abilene, visited Mr. and Mrs. O. R. Clark Sunday, and Steve will spend the summer here with his uncle and aunt.

Frances and Susan Newton of Snyder, visited their grandparents, Mr. and Mrs. Ollie McCombs and Mr. and Mrs. L. E. Newton several days last week.

PERSONALS

I AM NO LONGER RESPONSIBLE FOR MY WIFE'S ACTIONS

(Since she got her new kind of Ford)

"If she is unbelievably happy, I hold her 1957 Ford responsible. If she is off for the day at 7:02 A.M., I suggest that it is the power of Ford's Thunderbird V-8 engine. If she appears vastly more style-conscious, it is the longer, lower lines of her new kind of Ford that have made her so.

"And if she raves about the savings her car brings her, she's merely confirming what I've been telling her. Try a '57 Ford at your house. It's Terrific!"

WSCS Hear Of Work In The Philippines

Mrs. Homer Aaron, president, gave the opening prayer when the W. S. C. S. met in the Methodist Church Monday afternoon. This was followed by a song, with Mrs. H. F. Grindstaff at the piano.

A short business session was conducted and Mrs. Rives gave a report on the paper drive that is being held one month, which closes June 20. Call some member of the W. S. C. S. and the papers will be picked up.

Subject of the program was "The Work of the W. S. C. S. Women in the Philippines," was led by Mrs. Cooley in the form of a radio program. Assisting her were Mrs. J. W. Porter, Mrs. O. R. Nowlin, Mrs. Lawlis, Mrs. Nancy White, Mrs. Rives and Mrs. Henry Cox.

Others attending were Mrs. Jack Wilkes, Mrs. C. R. Polk and Mrs. Edna Colwell.

Dr. C. G. Race and Mrs. Race arrived here Monday night from St. Louis, where they had gone a few days ago to secure a place to live. Their young son Mark stayed here with his grandparents, Mr. and Mrs. Mark Strickland. The Dr. Race family, who have been living in Big Spring, went to Fort Worth Wednesday to visit his parents before going to St. Louis to make their home.

Lance Davis went to Dallas Monday night to be with Mrs. Davis, who had major surgery last Thursday. Mrs. Davis was visiting her son, James Zachry, when she became ill. She was quite ill several days but now is improving.

Mr. and Mrs. W. B. James and children of Bryan, and Priscilla of Baytown, spent several days here this week with her mother, Mrs. Fern Benson, and Mr. and Mrs. Alvin Clark.

WALTER 'Nig' HARTSFIELD

1002-6th st.

**Mrs. Harris Presents Pupils In Recital**

Mrs. Ed Harris presented her music pupils in recital Thursday, June 6, in the Methodist church.

The younger group presented at 3:00 p. m. with a reception following in Fellowship Hall. Punch and cake were served from a lace covered table, with chrysal and silver appointments and a center piece of red roses. Mothers of these music pupils were hostesses for this occasion. More than a hundred guests were present. Marguerite and Virginia Snapp were ushers.

The older group were presented at 7:45 p. m. in recital, also in the Methodist auditorium. The girls were dressed in pastel formals. Stage setting was lovely, with decorations of roses and ferns and indirect lighting from the front of the stage. Piano, organ and vocal numbers were given. The young artists played with precision and musical interpretation.

Appearing on the afternoon program were Vera Decker, Randy Williams, Juanelle Brown, Sandra Herrom, Ann Kemp and Phyllis Rackley of McCauley. Johnny and Roert Witherspoon, Sharron Puryear, Barbara Hendon, Mary Flippo, Judy K. Byrd and Carolyn Hale.

Appearing on the evening program were Shirley Eaton, Roby; Carolyn McDaniels, Alice Maldonado, Charlene Strickland, Sue Black, Linda Singley, Bobby Polk, Bettye Reeves, Roby; Celia Reece, Sharon Hale, Carolyn Ratliff, Alonkia Nayta, Constance and Sara Beck, Sylvester; Sndra Rodgers and Marguerite Snapp.

Ushers were Beatrice Decker and Hallie Hartsfield.

Guests attended from Big Spring, Roby, McCauley, Hamlin and Sylvester.

Mrs. C. M. Huckaby left Wednesday for Winston-Salem, N. C., where she will visit her son, Mr. and Mrs. Keith Huckaby. Keith is teaching French history in Wake Forest College there. He has recently completed work on his Ph. D. degree.

Guests of Mr. and Mrs. J. E. Funk last week end were his mother, Mrs. Grace Funk, a sister, Mrs. Loretta Gedro and three sons, Mr. and Mrs. R. F. Simpson and children of Levelland Earl Westfall and son of Hobbs, N. M. Mr. Westfall is Police Chief at Hobbs.

Miss Lois Shipp, daughter of Mr. and Mrs. Ollie Shipp entered Draughtons Business College in Abilene, Monday.

Don't worry about trifles — the hole that let water in your shoe will let it out again.

Markie Browning is attending a 4 1-2 months Television School in Ft. Worth. He Graduated from Rotan High School last month.

Mr. and Mrs. J. A. Wilkes visited with an invalid aunt, Mrs. J. D. Rogers at Roscoe Sunday afternoon. They also visited with a nephew, Leon Davis and family near Roscoe.

## Jan Carriker And Wendell Mayo To Marry Here Sept. 6

Mr. and Mrs. C. W. Carriker of Lubbock, formerly of Rotan, are announcing the engagement and approaching marriage of their daughter Jan, to Wendell Mayo of Petrolia.

Marriage date has been set for Sept. 6 in the First Methodist Church in Rotan.

The couple are both students in Texas Tech, where they will continue their studies following the wedding. Miss Carriker will be senior in September. Mayo will be a junior. She is affiliated with Sigma Kappa sorority. His affiliation is with Sigma Alpha Epsilon.

The bride-elect is a native of Fisher County and a member of a pioneer ranching family. Her grandfather was the late Ben Carriker, Kent County rancher, whose widow Mrs. Alice Carriker, lives in Rotan. Miss Carriker is a graduate of Rotan schools, where she was cheerleader two years, high school beauty sweetheart her senior year and FFA sweetheart her junior year.

Mayo's father is a rancher and rodeo producer. Known to rodeo fans as Goat Mayo, he furnishes stock for most rodeos in this area.

## New Highway Dept. Free Map Available

Abilene, June 11.—The official travel map of Texas, completely redrawn to include 450 towns not shown in previous years, has just been released by the Texas Highway Department, D. C. Greer, State Highway Engineer, announces. These maps are being dispatched as rapidly as possible to fill a backlog of thousands of requests, and new requests are pouring in daily, Greer said.

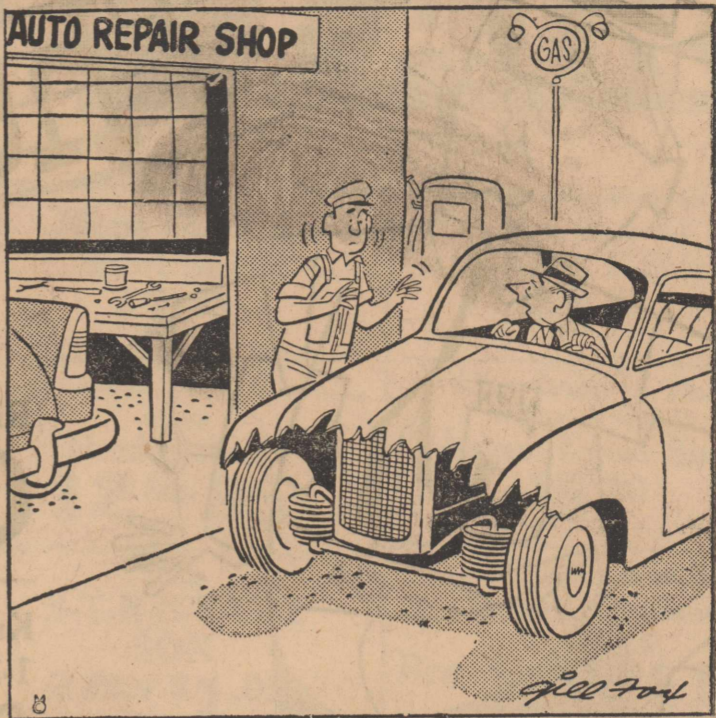

Inch for inch, the map, which is possibly one of the most widely known travelogues of the state, gives more travel guidance about the largest state in the Union than any comparable printed matter of such handy size. A new cartographic system employed to produce the 1957 map made possible the addition of 30 percent more information. Multi-lane highways, farm-to-market highways and state and federal highways are indicated. Key altitudes are also noted, and roadside parks as well as state parks are indicated. The new map contains more detailed information than its predecessors.

All streams and public lakes of major size are shown, and cities with a population of 50000 or more are mapped as a city inset. Color photographs on the back side of the map picture Texas' recreational, industrial and landscape attractions. A running account of Texas history and the state's natural resources, climate, size, recreational facilities and industries are included in the backside information.

Greer estimated that approximately one-half of the map requests each year come from prospective out of state tourists. "Maps are available free," the State Highway Engineer commented, "and they may be secured either by writing direct to the Texas Highway Department, Austin, or to any of the Department's district offices or to the Travel Information Bureaus maintained by the state."

Mrs. Florine Miller of Abilene, visited Mr. and Mrs. Dono Darden last week end.

## IS MAN CONSCIOUS IN DEATH?

The meaning of the word death is separation. In the 16 Chapter of Luke, Jesus relates a story to teach us that man is immortal; that there is a part of man which shall never die; nor will he be unconscious in death, or will he ever cease to exist.

In this story a contrast is made between the lives of two men in this earthly life, and in death. One was a poor beggar, his body was full of sores and the dogs came and licked his vile body. He was poor, helpless, suffering and hungry. The other man was clothed in purple and fine linen, faring sumptuously every day. (He had a feast every day.)

The rich man died, and was buried. He possibly had a big funeral, and perhaps the most eloquent Jewish rabbi was called, but regardless of this he went to hell (Luke 16:23). The poor man also died. His body may have been taken off somewhere where it could decay without being offensive to the nostrils of the passerby. But his spirit was carried by the angels into Abraham's bosom. (Luke 16:22).

Both men were conscious after death; both men were as much alive in death as in the flesh. They had simply transferred the place of their existence, one to a place of rest and peace in Abraham's bosom there to await the coming of the Lord, the resurrection and redemption of his body and the final judgment.

The rich man went to a place of ceaseless and unending torment in a temporary state of punishment that finally will be ended in the eternal fires of hell. The rich man cried out, "Father Abraham, have mercy on me, and send Lazarus, that he may dip the tip of his finger in water, and cool my tongue; for I am in anguish in this flame." (Luke 16:24). Abraham said this could not be for there is a "great gulf fixed" that none may cross over from thence to us. (Luke 16:26.)

The lesson is plain. The wicked did not become unconscious in death; their spirits are subjected to consciousness from the moment of death until the final judgment day; there is no relief or mercy granted.

Dear Reader: are you a member of the church you can read about in the New Testament? Do you not desire to avoid that awful punishment when this life is over? Then why do you tarry? "Arise, and be baptized and wash away thy sins." (Acts 22:16).

### Mrs. C. R. Shelton Honored With Morning Coffee

To introduce her daughter-in-law, Mrs. C. R. Shelton, of Phoenix, Ariz., Mrs. E. H. Shelton entertained with a morning coffee in her home Wednesday morning of last week from 9:30 to 11:30.

The honoree is the former Melba Colgrove of Tempe, Ariz., daughter of Mrs. H. L. Swick of Prospect, Ohio. She is a graduate of Muskingum College, New Concord, Ohio; American Institute for Foreign Trade at Phoenix; received her Master's Degree from Arizona State in the Psychology Department as graduate assistant.

The couple were married in Tempe March 23. After a short visit in Rotan, the couple are taking a belated honeymoon trip to Mexico and South America, where they will spend the summer.

The bridegroom's grandmother, Mrs. H. C. Shelton, greeted guests, and Mrs. Hooper Shelton introduced her daughter-in-law. Also in the receiving line was the bridegroom's great aunt, Mrs. Willie McWhirter of Roby. Included in the houseparty was his aunt, Mrs. Charles Signor of Lubbock, and her daughter, Cindy.

Presiding at the refreshment table were Mrs. Doyle McSpadden, Mrs. John Denton and Mrs. Homer T. Fillingim Jr.

The table, with silver and china appointments, was laid with a hand-made, embroidered cut work linen cloth and centered with a cascade arrangement of daisies and jade, in footed silver bowl.

Mrs. Fred Parker of Roby, presided at the registry.

Goodbyes were said by Mrs. Henry Withers.

### Queen Contest By Texas Farm Bureau

The pleasant process of scouring the Texas countryside to find the fairest and most charming young farm or ranch girl to receive the title of "1957 Texas Farm Bureau Queen" has begun.

The search, already under way in some counties, will culminate with the crowning of the queen Nov. 18 at the state convention in Dallas. The winner will attend the American Farm Bureau Federation convention in Chicago the following month with all expenses paid.

Purpose of the contest, according to the queen contest committee of the TFB Board of Directors, is "to give recognition to the farm and ranch girls of Texas." The rules provide that this is to be "an honest to goodness queen contest," with the contestants to be judged on "grace, poise, charm, vivaciousness, and all the other qualities that go to make up winsome Texas future homemakers."

Any daughter or sister of a Farm Bureau member actively engaged in agricultural production is eligible for participation. She must be single, age 16 to 22, and to enter district eliminations, must have been in a county queen contest with at least two participants.

Not eligible to enter are former state winners and daughters of employees, state directors, county presidents and secretaries.

Communities in participating counties (counties must have at least 25 members to participate) will select community queens who will vie in county eliminations. Winners of the county contests will compete in district eliminations prior to Sept. 1. The 13 district winners and an attendant for each will receive an expense-paid trip to the state convention, courtesy of the Texas Farm Bureau, to compete in the finals.

The State Farm Bureau queen and her escort will be allowed \$500 for expenses to the AFBF convention. Runners up will receive beautiful wrist watches.

Last year's TFB queen was Joann Vaughn, daughter of Mr. and Mrs. Marshall Vaughn of Tulia, Swisher County.

Mrs. W. F. Edwards and her granddaughter, Annette Ashley, went to Odessa Monday and were joined there by Mrs. Tom Hill and children, Tom and Jan, and they left by plane Tuesday morning for Hawaii, where they will visit Capt. and Mrs. Al Nelson and children until July 1.

Mr. and Mrs. L. Dennis left Thursday for Clarksville, Ark., where they will visit relatives. They plan to return to Dallas and visit her sister, Mrs. J. H. Davis, and Mr. Davis before returning home.

Dr. Weldon Callan, Mrs. Callan and Lois Ann of Spur, visited their mothers here Sunday.

### GIFTS FOR

### Christian Science Sunday Services

1001 Crane St. Sweetwater

The healing and protecting power of effective prayer will be brought out at Christian Science services Sunday in the lesson-sermon entitled "God the Preserver of Man."

Scriptural passages will include the following from Psalms (145:18, 19): "The Lord is nigh unto all them that call upon him, to all that call upon him in truth. He will fulfill the desire of them that fear him: he also will hear their cry, and will save them."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy the following selection will be among those read (231:8): "If God heals not the sick, they are not healed, for no lesser power equals the infinite All-power; but God, Truth, Love, does heal the sick through the prayer of the righteous."

The Golden Text is from Hosea

### The Rotan Advance

Thursday, June 13, 1957 No. 21

(12:13): "By a prophet the Lord brought Israel out of Egypt, and by a prophet was he preserved."

### Approaching Wedding Is Announced

Mr. and Mrs. J. A. Barnes cordially invite the public to attend the wedding of their daughter, Mary Jennetta, to Morris Hardin, son of Mr. and Mrs. L. F. Hardin, on Friday evening, June 21, at 8:00 o'clock in Weathersee Chapel.

Reception immediately following the ceremony will be in the Barnes home at 204 East McArthur.

Guests of Mrs. A. R. Tyson Sr. and Mr. and Mrs. J. R. Strayhorn during last week end were Mr. and Mrs. A. R. Tyson Jr. of Atlanta, Ga., Mrs. Alice Reed of Fort Worth, Mr. and Mrs. Ed Warren of Post, Mrs. Edrie Reed and Mr. Reichert of Sweetwater, and Mrs. T. P. Vaughn of Phillips.

\*\*\* County \*\*\*  
**Agricultural Agent**  
Texas A. & M. College  
Extension Service

James Norman, Fisher Co. Agent  
Johnsongrass is a forage crop or a weed depending on where it occurs. It can be undesirable anywhere under certain field conditions, but farmers in adapted areas may well sing its praise if they are willing to tolerate certain peculiarities.

Johnsongrass can be a good quality hay or grazing crop, according to recent data from the Denton Agricultural Experiment Station. When used as hay it should be harvested, in the boot stage, says Extension Agronomist E. M. Trew. Properly harvested, Johnsongrass is as nutritious as Sudan and has comparable quality.

One or two hay crops per season can normally be harvested from Johnsongrass, he says, with yields ranging from one to three tons.

Although condemned by some, Trew says Johnsongrass is definitely valuable as a pasture if properly managed. It can be profitably grown with such winter legumes as sweet clover or burr clover. There is some danger, as in all sorghums and sorghum grasses, of prussic acid poisoning if the crop is grazed while resuming normal growth after drouth or frost retardation. Usually the plant contains only small quantities of the acid, however, a few livestock are poisoned by it.

Improved Johnsongrass, Sorghum-Johnsongrass and perennial sweet Sudangrass in 40-inch rows at Denton averaged 5,640 pounds of hay per acre—over 900 pounds above similar crops in 12-inch rows. Overcrowding the plants reduces production materially, Trew warns.

Johnsongrass does have a profitable place in certain agricultural situations. Given a proper chance this "weed" can pay handsome dividends.

Wheat farmers will decide by referendum on June 20 whether or not marketing quotas will apply to the 1958 wheat crop. All wheat growers are eligible to vote who will share in the 1958 wheat crop from a farm in the commercial wheat area on which the acreage to be harvested, plus any acreage to be placed in the Soil Bank's Wheat Acreage Reserve will be more than 15 acres.

Texas poultrymen can spend a profitable three days, June 19-21 at Texas A&M College, attending the annual breeder, hatchery and poultry health clinic. The latest information available on a wide range of subjects will be given by a star-studded list of speakers, says Ben Wormell, extension poultry husbandman.

Twin lambs are usually profitable for Texas Sheepmen, but not worth the trouble of planned selection. Although they increase the flock numbers, twins generally lack the vitality and productivity of singles, according to a 22-year study made of the sheep flock at the Sonora Experiment Station.

A new bulletin L-336 "Johnsongrass—as a Forage Crop" has been published by the Texas Extension Service. The leaflet sets out recommendations for the establishment and management of Johnsongrass. Considerable acreage will be planted to this grass under the Conservation Reserve phase of the Soil Bank Program.

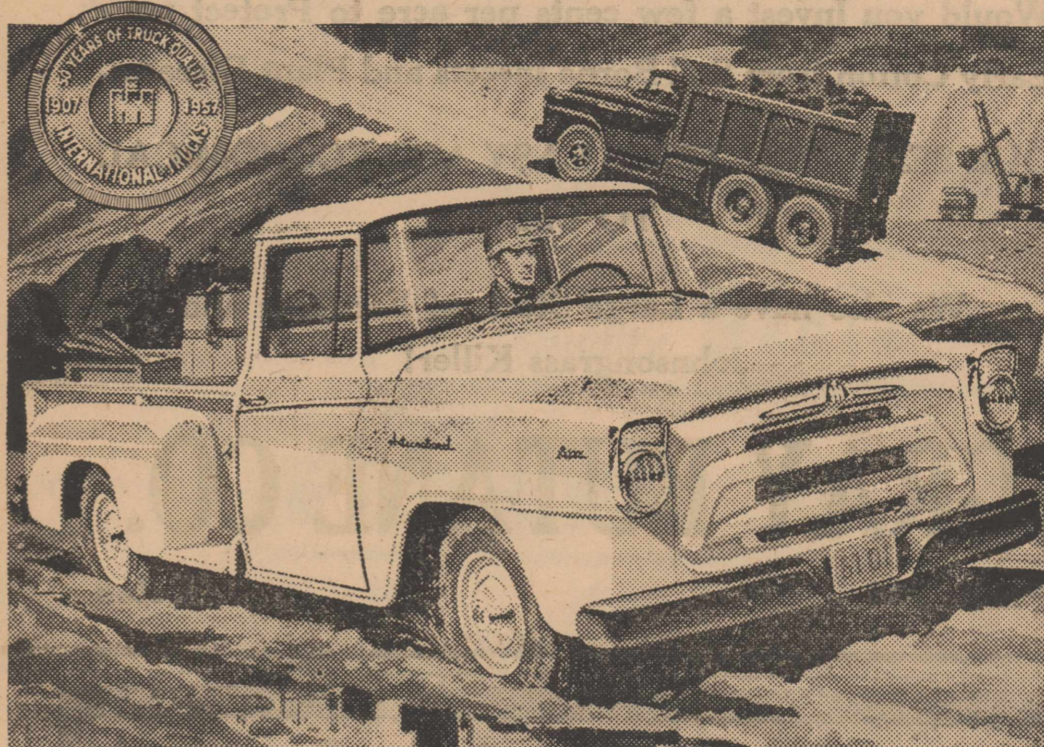

Its time to mow pastures. Mow—

ing should begin when the worst pasture weeds start to bloom. Rosin or yankeeweed will require 2 mowings—one in the summer and another in the fall when the plant blooms. Chemical control is cheaper and faster, but the season for spraying will soon be past. Chemicals for weed control is cheaper and faster, but the season for spraying will soon be past. Chemicals for weed control should be applied in the spring when weeds are in the seeding age.

About 16,000 bass were delivered to landowners whose applications had been processed by the Fish and Wildlife Service last Thursday both in Roby and Rotan. Most of these applications had been on file for several months, Mr. James Miller, with the Fish and Wildlife Service, who made the delivery, stated that another delivery will likely be made this fall, and the all applications are processed in the order that they are received. Those making application for fish now may receive them this fall, or it may be next spring, before this application is filled. Application blanks are available at the County Agent's office.

## Value Of Large Dams Is Discussed

Houston—Sharp criticism of the current method of figuring the economic value of large dam projects is contained in a report just issued by the Bureau of Business and Economic Research of the University of Houston. The report is of national significance in view of the vast number of dam projects now being considered. It is the result of an extensive study of multi-purpose dams made by Dr. John P. Owen and Dr. Ervin K. Zingler, professors of economics at the University.

The report accepts the United States dam-evaluation policy followed by the Corps of Engineers. This policy charges off against publicly built dam projects the taxes that would have been paid by private interests building the same dams. But the economists declared that the Corps of Engineers, under this Federal directive, over-

## ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health.  
HENRY A. HOLLE, M.D., Commissioner

Austin—Last month an Austin State Hospital physician called the State Health Department to report that a radium needle, being used to treat a patient with skin cancer, had been dislodged or lost.

Did the Department have radiation detection equipment with which looked eight types of benefits—primary, secondary and intangible—that might compensate for the lost taxes.

As a part of their survey, Owen and Zingler studied in detail the Six-Dam Program of the Brazos River Authority. This extensive project has been approved from an engineering viewpoint by the Corps of Engineers, but questioned on its economic feasibility, on the basis of lost taxes. The Brazos River Authority has disputed this method of figuring economic feasibility.

"A most pertinent question arises at this point," Owen and Zingler reported. "If an imputed value for one economic cost is to be included at this stage of the analysis, why are not all imputed costs and benefits included?" If all benefits were included, they said, the Brazos River development would be more sound economically than even the Brazos River Authority's consulting engineers have found it to be.

The bureau studied the trend toward multiple-purpose dams—which conserve water, prevent floods, promote economic development, create electric power and provide recreation—since their part in the 1920's. It concluded that there were really two ways to measure the value of a large dam. One, could it repay its financial cost? Two, would it provide enough benefits, besides project revenues, to be an economic advantage regardless of its financial return?

Engineers of the Brazos River Authority say that the Six-Dam Program would be acceptable on both counts.

The report, which runs 116 pages, will be published by the Bureau of Business and Economic Research of the University of Houston next fall.

the needle might be located? The Department did, and the needle was subsequently found in a gauze bandage.

This incident, one of many that take place every month, illustrates the manner in which the Department's Division of Occupational Health, working in cooperation with private physicians and other agencies, is quietly going about the task of protecting citizens from the dangers of excessive radiation exposures.

A great deal has been said in recent months about the imminent peril the entire nation is facing from excessive radiation. Much of that information has been true in general, but some of it has been misconstrued to the point where people have cancelled much-needed x-ray treatments or examinations because of unjustified fear of radiation exposure.

One of the state's leading radiologists, writing in the Texas Medical Association Journal, has summed up the situation by saying that curtailment of radiologic examinations would cause a failure in diagnosis that would result in many times the number of deaths than would theoretically occur from radiation accumulation in the population 20 generations from now.

There is no question but what the various sources of radiant energy now in use—isotope usage in industry and medical research and the so-called "fall-out" from nuclear weapons testing—are potentially dangerous.

But the very fact that danger exists serves as a sort of safety valve. Persons engaged in peacetime use of radiation equipment and materials, acutely aware of the hazards, act with extreme caution.

Competent physicians and dentists keep accurate records of their patients' radiation exposure level. Wealthy foundations have been set up to train technicians in the safe use of radiation devices. And federal and state governments—along with medical, dental, and engineering schools—have made considerable investments of money to insure the proper control of radiant energy equipment.

And as a sort of clincher, the Texas State Department of Health is one of five states which has com-

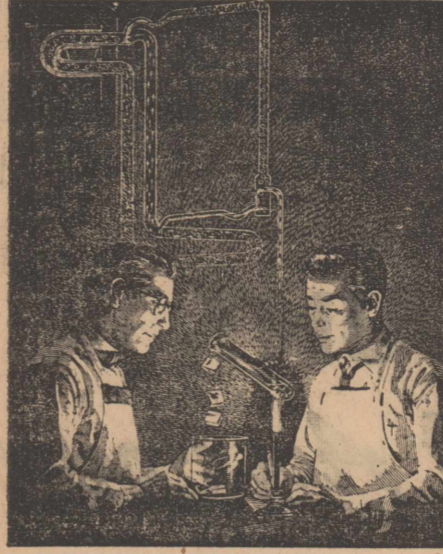

plete regulations regarding the registration and proper use of all radiation-producing equipment and materials.

So while it is true that ever-increasing uses of radiant energy in national defense medicine, and industry does demand that we exercise every precaution, that caution must be tempered with common sense. Radiation in controlled amounts can be more beneficial than hazardous.

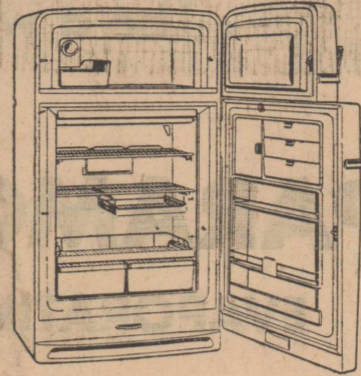

## the little flame that freezes...

secret of today's most amazing refrigerator

Thirty years ago came the first "electric ice boxes" . . . costly, complicated, noisy, and gluttons for current. Two Swedish chemists decided there must be a better way and discovered The Little Flame that Freezes. A tiny gas flame made all other refrigerators old-fashioned! No noise! Nothing to wear out! They had discovered the refrigerator that was 30 years ahead! It still is!

**Bride-Elect Feted  
With Gift Affair**

Honoring Jenetta Barnes, bride-elect of Morris Hardin, a gift tea was hosted recently in the home of Mr. and Mrs. D. L. Smith.

Miss Barnes, daughter of Mr. and Mrs. J. A. Barnes, is a senior in Rotan high school. Hardin, son of Mr. and Mrs. Lester Hardin, is a graduate of Hobbs schools and is employed in a local garage.

The couple will marry June 21 in Weathersbee Chapel.

Hosting the party with Mrs. Smith were Meses L. B. Miers, J. E. Gantt, J. P. Phillips, J. B. Miers, J. D. Kincaid Less McCombs, Ruby Davis, Jewel McSpadden, Allen Ratliff, Frank Smith, Coe Hawkins, Charlie Hicks, A. W. Bowen, T. L. Bakey, Bobby Smith, Eugene Baker George McBeth, Robert Harrison, E. M. Nolen, Franklin Scoggins, L. L. Ward, Tye Harrison, Phillip Goodrum, Clark Taggart and Jane Hargrove and Patsy Ashton.

Mrs. Smith greeted guests and presented them to the honoree, mothers of the couple, the honoree's two sisters, Mrs. Bill Cook and Peggy Barnes. Also present was her grandmother, Mrs. J. A. Burk of Roby.

Tea table was laid with lace over gold, and highlighted by varied arrangement of red roses. Appointments were in crystal and silver.

**Sally Montgomery  
Marries Abilene Man**

From the Abilene Reporter-News we learn that Mrs. Sally Montgomery, daughter of Mrs. J. W. Kennedy of Rotan, was married at 11 a.m. Thursday in Abilene in the home of Mr. and Mrs. Oscar Irvin, 2005 Shoreline Dr.

The Rev. Clifford Trotter, pastor of Fair Park Methodist Church, officiated for the single ring ceremony. Mr. and Mrs. Irvin and Pat Dunigan, son of the bridegroom, attended the couple. Vows were exchanged before an improvised altar of white gladioli and daisies in Grecian urns.

The bride chose a street length dress of periwinkle chiffon, fashioned with scoop neckline bound in matching satin and a small hat of periwinkle chiffon. She wore satin pumps dyed to match and a white orchid on her wrist.

Following the ceremony the wedding party had lunch at the Country Club and the newlyweds left by private plane for Dallas. They were to fly to New York for a few days and will visit Bermuda before returning to Abilene, where they will live.

Mrs. Dunigan formerly lived in Rotan. Mr. Dunigan is president of Dunigan Tool and Supply Co. of Abilene.

**Mrs. Hughes Attending  
Summer Session HS-U**

Abilene.—Mrs. Anna Mae Hughes daughter of Mr. and Mrs. W. R. Calhoun of Rotan, is among more than 425 students enrolled in the first session of summer school at Hardin-Simmons University. She is a junior student.

The first six week term of summer school got underway June 5, with registration. Classes, which are one and a half hours in length, began June 6 at 7 a.m. Courses of instruction are being offered in 23 major university departments.

Registration for the second summer session will be held July 15. Summer baccalaureate is set for 8 p.m., Aug. 21 and commencement at 8 p.m. Aug. 23.

President Evan Allard Reiff announced that the entire recreational facilities of the university will be open to summer students. They include athletic fields, gymnasium, riding stables, swimming pool and tennis courts. Forty-four H-SU professors will remain on the campus during the summer to teach during the two six week terms.

Mr. and Mrs. Jerrold Ray Cranford are living in Carlsbad, N. M., following their marriage May 23 in the home of the bridegroom's mother, Mrs. E. D. Hale. Mrs. Cranford is the former Reba Allee Fancher, daughter of Mrs. Lee Raspberry of Rotan. The bride is a graduate of Rotan schools and is employed by Western Union in Carlsbad.

O. R. Clark went by plane to Memphis, Tenn., and then to Jonesboro, Tenn. to see his brother, Robert V. Clark, who had a heart attack and is very ill.

Guests of Mr. and Mrs. S. B. Marr several days last week were his sister, Mrs. Bruce Youngblood and daughter, Mrs. Stephens of Cedar Hill.

**WHY  
re-enlist in  
the small-  
car army?**

READ THIS  
STARTLING FACT

**5 out of 10 Smaller Cars  
wear a Pontiac Price Tag  
—yet none gives you Any  
of Pontiac's Advantages**

**PONTIAC GIVES YOU UP TO 8.9%  
MORE SOLID CAR PER DOLLAR!**

Not one of the smaller cars can give you the heavy-duty construction, the road-hugging heft and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest heavy-weight you ever managed—and your Pontiac dealer can show you more than six dozen advanced-engineering reasons why! Pontiac has gone all out to make this genuine big car the best behaved beauty that you ever had the pleasure of bossing. You'll find Pontiac's exclusive Precision-Touch Controls make steering and braking the surest, easiest you've ever experienced! Park it, cruise it, try it in stop-and-go traffic... this is driving the smaller jobs can't duplicate!

**PONTIAC GIVES YOU  
4 TO 7 INCHES MORE WHEELBASE!**

The small cars extend bumpers and fenders to look big—but Pontiac puts the extra length where it counts—between the wheels! Pontiac's longer stride brackets the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six footers. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive Level-Line Ride no car at any price can surpass... and a built-in sense of direction and security that will spoil you for the smaller cars forever!

**PONTIAC'S PERFORMANCE TOPS  
THE BEST THE SMALL CARS CAN  
OFFER—BY A WIDE MARGIN!**

Not one of the smaller cars can measure up to Pontiac Performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Streak V-8 stands head and shoulders above anything in the low-price field. Your Pontiac dealer will be happy to show you a complete facts-and-figures comparison—then an eye-opening test drive in traffic or out on the highway will supply all the heart-lifting proof you need that Pontiac has separated the men from the boys when it comes to performance!

**—AND PONTIAC HAS ALWAYS  
BEEN FAMOUS AS ONE OF  
AMERICA'S TOP TRADE-INS!**

Maybe it comes as a surprise to you that so much more car can be yours at the same price you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too! As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac... there's nothing in your way. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now! So why not look and feel like a million—instead of a million others?

NOW! If you want the ultimate in both economy and extraordinary performance, new Tri-Power Carburetion is available at extra cost on even the lowest priced Pontiac model! It's America's newest power advance and exclusively Pontiac's at so low a cost!
