The PUC order issued in August stated the company must improve its service levels or face possible further action by the PUC. We are optimistic the PUC review of our service will be favorable.'

Bailey added, "In hindsight, I guess we felt a little too strongly the customer was maybe more interested in us holding rates down. Maybe we were concentrating a little too heavy on controlling expenses and not enough emphasis on meeting service objectives.

"However, now the comment to dedicate the necessary resources to improve service." Bailey explained, "and we are very pleased with the short-term results of the plan inaugurated." He also reported the status of the service improvement plan reviewed monthly with the commission staff.

### **Answers Calls**

The Bogata Volunteer Fire Department answered a call on Friday, January 24 to the home of Mr. and Mrs. Lynn

A chimney fire could have resulted in a serious blaze if it had not been brought under control by the quick action of the firemen.

The Bogata Fire Department was also called to Deport on Thursday to help battle a large blaze when Deport Farm Supply was destroyed. Again their quick response helped to save the back buildings, which would have been lost without them.

The department does an excellent job, and are sometimes not noticed as much as they should be. They are to be commended on their excellent work.
