Rebels Take Scrimmage Victory Over Honey Grove

By Britt Morgan
The Rebels 1-0 victory over Honey Grove in a scrimmage last Friday night looked just like that...a scrimmage. Both teams played a very liberal game plan trying plays that "look good on paper, but do they

really work?" For Rivercrest, the defense was the strong point. Most of the first squad are returning starters and are beginning to pick up where they left off last year. The offensive line is rebuilding and overall, played a good game with

flashes of brilliance. Although the offensive backfield has three veteran backs, only one of them played a full season last year and the four are still struggling to gain the confidence and cooperation of the others.

The first half of the scrimmage, run under normal game conditions, was uneventful other than a Rebel threat to the 10 yard line on their second possession. The second half proved more exciting as Honey Grove drove to

Rivercrest's 6 yard line on a 35 yard pass completion to Tyrone Jones. On the very next play, the Warriors fumbled and the Rebel defense recovered on the 13 yard line. A fired up offense took the field and drove 83 yards with Jerry Merchant

taking the ball across the goal line from 17 yards out for the game's only score. The rest of the game held no other threat by either team. Coach Milford Groves was excited with the way his squad showed more and more signs of teamwork.

Improvements still need to be made, and he believes they will come as the players become more familiar with their positions. Next week's game against Spring Hill will

match two almost evenly rated teams against each other and could possibly show what the season might look like for the mighty blue and gray Rivercrest Rebels.

Just tell me that small town newspaperin' is dull. Tell me that, but smile when you say it, pardner, cause it shore ain't true!
Between fires, wrecks, happy and unhappy customers, a managing editor deals with a wide variety of subjects during the course of the job.
One of the more amusing, (to spectators at least) incidents lately has been the Great Beer Bust, held on Hwy. 37 south of Bogata last Thursday.
It was a perfect setting for a certain beer company's ad. There the semi lay, stretched out flat on it's side, right across the highway, and hundreds of five gallon

barrels of beer were scattered everywhere.
But-not one was touched, ripped open or emptied!!
My theory was that the unmarked truck, not hauling an armadillo's favorite, was ambushed by a twelve ton armadillo which couldn't ascertain whether the truck had it's brand on board until it tipped the vehicle over and checked the contents out for sure. Then, disgusted, it wandered off across the countryside, in search of it's own particular brand.
The truck driver says he clipped the soft, muddy shoulder of the road, but then, he probably doesn't want to be driven off, shouting "You've Got To Believe Me!!!"

PJC Defensive Driving Set

Defensive Driving, a four-week driver improvement course, will begin at Paris Junior College on Tuesday, Sept. 8, according to June Jones, director of continuing education at the college. Paul Daniels will teach the course on Sept. 8 and three Mondays, Sept. 14, 21 and 28, from 7 to 9 p.m. in Room 102 of the Grimes Natural Sciences Center.
Tuition for the course is \$15, which includes the workbook used in classes. Reservations for the course should be made by paying the fee in advance.
Alford Center, or mailing a check payable to the college.
Drivers who have not completed the course within three years should re-take Defensive Driving to save 10 percent on portions of their automobile insurance, Mrs. Jones said. Sponsored through the National Safety Council, the course was established to save lives and prevent human suffering and economic waste by

preventing traffic accidents. Research on graduates of the course indicates that the graduates had fewer accidents during the following year.
More information may be obtained by calling the PJC continuing education office, 785-7661, extension 145.

AFTER THE ARMADILLO discovered it wasn't Lone Star, he left the entire load of beer intact—This might seem to be the situation when this trailer truckload of Miller Lite Beer overturned about five miles south of Bogata on Hwy 37 last Thursday. The driver was not seriously injured when his trailer hit the soft shoulder of the road and flipped across the highway, but a lot of armadillo jokes were told at the scene. (Staff Photo)

Working Mother's Day Designated

Governor William P. Clements has signed a State of Texas Official Memorandum designating September 6, 1981, as Working Mothers' Day, in recognition of the immense contribution made to our society by working mothers.

Spearheading the large group of advocates who worked to bring official recognition to working mothers were Allen M. Seigal, Vice-President of Public Affairs of National Child Care Centers, Kathleen McNemar, President of the Texas Association for the Education of Young Children, Jean English of the Texas Department of Human Resources and

Jeanette Watson of Austin, newly elected national board member of the National Association for the Education of Young Children, plus many volunteers from these agencies and other child advocate groups.

"In four out of five households today, two wage-earners are needed to support a family," said Seigal. "Fifty-four percent of women with children under that age of 18 are employed outside the home. That's sixteen million American women. These women perform the almost superhuman task of serving as productive members of the work force as well as nurturing mothers and homemakers. Accepting this challenge and functioning

with strength, humor and grace under pressure reflects the very best quality of the American spirit. It's our privilege to be able to honor them by helping to declare September 6 as Working Mothers' Day."

The State of Texas Official Memorandum, signed on August 14, 1981, by the governor and affixed with the state seal of Texas, will be reproduced by National Child Care Centers in a form suitable for framing. As a memento of this special occasion, these documents will be available free to anyone who requests one by writing or dropping into any National Child Care Center and leaving their name and address. The day care firm operates centers in the major metropolitan areas of the state.

First Quarter Sales Are High

State Comptroller Bob Bullock Friday reported that gross sales in Texas for the first quarter of 1981 totaled \$70.8 billion.

He said first quarter sales this year passed 1980 first quarter sales by \$9.9 billion.

Bullock said the sales tax analysis for January, February and March of this year shows 255,407 reporting outlets compared to 250,681 reporting outlets in the first

quarter of last year.

The Comptroller's office also released a computer analysis showing reported sales for each of the state's 25 Standard Metropolitan Statistical Areas and reported sales for the state's 254 counties.

First quarter sales in 1981 for our area were: Lamar County-\$93,149,541; Red River County-\$19,600,101; and Titus County-\$81,140,789.

Shuman Sworn In As Administrator

Charles W. Shuman was sworn in as Administrator of the Farmers Home Administration (FmHA), the rural credit agency of the U.S. Department of Agriculture.

Shuman will direct the loan activities of 8,300 full-time employees from 348 State and District offices and 1,963 County offices in administering \$12.2 billion this year in loans and grants to rural families and communities for farming, housing, and community facilities.

Shuman, 46, has operated a cattle and grain farm with

two brothers in Sullivan, Illinois, and was a member of the investment brokerage firm of Blunt, Ellis & Loewi of Decatur, Illinois.

He served as Illinois State Director of Farmers Home from 1971 to 1977. During that period, he also served temporarily as director of the agency's national finance office in St. Louis.

Shuman is a graduate of the University of Illinois with a degree in agriculture, and was a delegate to the Illinois constitutional convention of 1970.

Shuman said as administrator he would emphasize supervision and servicing of the agency's loans to existing borrowers.

"We must follow through on our initial commitment to the borrower if we are to faithfully serve the needs of rural Americans," he said.

Heart Receptors

Tiny nerve receptors that normally act like control towers to keep the body's blood volume at a constant level could shed light on the mysteries of congestive heart failure. The receptors are believed to be responsible for detecting blood volume changes in the heart and large blood vessels of the chest. The American Heart Association is sponsoring research to learn how they work.

No more high electric bills?

With the Average Billing Plan, you pay about the same amount each month.

Say goodbye to unexpectedly high electric bills. The Average Billing Plan eliminates the highs and lows in the billing cycle, by giving you an "average" amount to pay each month. The Plan makes bill paying and budgeting easier, since you'll know about how much of a bill to expect. And by the end of the year, you'll find you've paid the same amount for electricity as if you were on the regular billing plan.

Here's how it works:

FIRST MONTH		
MOST RECENT ACTUAL USE	AVERAGE BILLING AMOUNT	*15% of accumulated difference is added when prior to the current bill, the calculated amount for electricity used is more than the accumulated amount billed under the Average Billing Plan.
$12 \text{ MONTHS} \div 12 = \text{BILLING AMOUNT}$		
EACH MONTH THEREAFTER		
MOST RECENT ACTUAL USE	15% OF ACCUMULATED DIFFERENCE*	AVERAGE BILLING AMOUNT
$12 \text{ MONTHS} \div 12 + \text{ACCUMULATED DIFFERENCE} = \text{BILLING AMOUNT}$		

NOTE: If you have less than 12 months history at your present address, the "average" will be based on the number of months available.

Vocational Nursing Graduation Includes Area Residents

Advice on how to avoid "burn-out" in a career was given to the 23 graduates of Paris Junior College's vocational nursing program in ceremonies Thursday night, Aug. 27, in the Student Center Ballroom. Theresa Emerson, R.N., nurse for the North Lamar Independent School district, discussed the symptoms of "burn-out" and ways to prevent them.

Sharon Dennis of Paris received the Hopkins-Nicholas Award given annually to an outstanding member of the vocational nursing class. Sandra Chadwick, director of the program, presented the award, which is given in honor of two former Paris hospital nursing directors, Mrs. Elba Hopkins and Sister Mary Nicholas. The recipient is selected by the vocational nursing faculty.

Students Graduate From A&M

Four of the summa cum laude and magna cum laude graduates of Texas A&M University this summer are former students of Paris Junior College, according to Bobby R. Walters, vice-president for instructional affairs at PJC. Of the some 1500 who received bachelor degrees from A&M on Aug. 15, three of the top 27 graduates and one in the second highest group of 42 began their college education at Paris Junior College.

Gifts of notebook paper, combs, toothbrushes and toothpaste, glue, scissors, crayons, and soap were collected by the girls and the WMU members. These gifts will be sent to Mr. and Mrs. Don Anders, Missionaries in Springfield, Missouri. The GA's invited the WMU members as their special guests. Those who attended

were Nicki Foxworthy, Jerilyn Russell, Mary McKelvey, Krista Weatherall, Laura Stevens, Sue Coon, Gean Gage, Ruby Cogburn, Judy Stevens and Mrs. McKelvey.

Hay Show Entries Accepted

The Agricultural Improvement Association has decided to hold a Hay show in conjunction with the 1981 Red River County Fair. Any hay producer who wishes to enter a bale of hay must bring their hay to the County Extension office in the courthouse by September 1.

These hay entries will be analyzed for protein and total digestible nutrients.

4-H Training Sessions Announced

Training at the Texas 4-H Center Two training sessions have been announced to be conducted at the Texas 4-H Center near Brownwood, Texas. The first session has been scheduled for August 28-30. The workshop will include training on the 4-H Officer and Organizational Leader. This workshop will be a great opportunity to help 4-H clubs improve their meetings and make the club

more interesting and attractive to its members. It will be both fun and educational. It is also time once again for the Foods and Nutrition volunteer leader training. This session is scheduled to be held September 12-13. This fun-filled weekend will begin after lunch on the 12th. This workshop will include sessions on Food Preservation, Fad Diets, Weight Control, Etiquette, Make Your Own Mix, and Food Waste-It Costs Money. Cass Ryan Crowe and Marilyn Haggard, Foods & Nutrition Specialists, will coordinate the activity. If you would like more information or registration forms, please contact the County Extension Office. C.P.R. Training Thirteen 4-H members and adult leaders received training in CPR. The training was taught by Mrs. Eunice Godsey and Dorothy Neal, volunteers for the American Red Cross. Two sessions were held for the training-July 7th and 9th, and July 28 and 30. The course consisted of two, two hour sessions each lasting six hours. The group learned the Quick Check Method, CPR, for one or two persons, what to do in case of choking, and CPR for babies and small children.

D. L. Parker Honored

D.L. Parker was honored last week on his 64th birthday with a poolside hamburger and swim party at the home of his daughter and husband Jean and Bill Frazier in Mt. Pleasant. Attending were his children and grandchildren, Daphney and Johnny Hook, John Wesley and Felicia of Talco; Marilyn and Roger White, Dana, Jeff and Alan of Lake Jackson, Ricki Frazier, Dr. Wayne Parker and Dorman Lee Parker II of Sulphur Springs; Judy Taylor of Dallas; Bob and Udell Schane and Thurman and Opal Green of Pittsburg; the honoree and his wife Frances Parker of Talco.

Acteens And GA's Present Program

The Acteens and GA's of the Calvary Baptist Church presented a missions program Sunday night August 30. The theme was "Shall 'They' Be His People?" A film was also shown, called the Tapestry of Texas, about the many language groups now living in Texas. Participating in the program were the GA's Jerilyn Russell, Mary McKelvey and their leader Sue Coon. The Acteens were Misti Foxworthy, Mandy Dixon, Kristi Foxworthy and their leader Judy Stevens. As of March 1980, 30.7 million children under 18, or 53 percent of the total, had mothers in the labor force.

County Attorney's Investigator To Assume Duties In November

In September I will hire Judy McLendon Guilliams, age 36, as my investigator. She will attend a 2 month Law Enforcement School and will assume her duties in mid-November. Ms. Guilliams has been a teacher and has previously worked for County Judge Connie Sullivan and the Commissioners Court. She has completed substantial work towards a masters degree in psychology. My investigator will do only follow-up work and only on specific assignment from me after I have received a written offense report from the police. This will avoid (a) interfering with the policeman's work, (b) encouraging a policeman to let up in his work, and (c) duplicating the efforts of the 10-15 front line police officers in this county. Ms. Guilliams will do such things as conduct detailed interviews with persons who were at or near a crime scene, gather documentary and other physical evidence, and present that material to me in an organized a clear manner. She will not make arrests or perform the traditional duties of a deputy sheriff. The job would rarely be dangerous, but if it is, she would do what the welfare workers and other peace officers do, which is to take a police officer with her. I believe Ms. Guilliams' education, trustworthiness, and good judgment will be an asset to the County. Thomas H. Fowler County Attorney Announcement Paid by Thomas H. Fowler
