Weekly Ag Update

By Herb Brevard

the average, agricultural production costs should remain about the same in 1983 as they were in 1982, says Wayne Taylor, economist-management for the Texas Agricultural Extension Service.

Some fertilizer materials are less expensive now than six months ago. Therefore, the purchase of fertilizer could help reduce the tax burden if the purchases are made before January 1.

Also, now may be a good time to buy machinery if the producer has the money and needs depreciation and investment credit. Some tractor companies, for example, would like to reduce their inventory and offer a finance-lease that will allow the producer to buy the equipment for 10 percent or more of the original pur-chase price after the last period. Producers should keep in mind that payments have to be made on purchases and if the cash flow will not stand the payments, Taylor says do not make the purchase.

Producers should plan the 1983 operation carefully. Taylor suggests using the calculator and a lot of paper in figuring operating budgets. East Texas producers should try to maintain as much equity in their operation as possible now in order to have the financial strength to take advantage of better times

Love, Your Family

By Neil Rozell

A considerable amount of attention has been given over the past several years to the "Prime Rate" of interest banks charge.

There is no law or regulation providing for the "prime rate." When the term is used it refers to the interest rate large banks charge their largest and most reliable customers to borrow funds.

Thus, the "prime rate" actually becomes a yardstick by which other bank lending rates are determined, specifically in the case of commercial loans to businesses.

Each bank, in effect, sets its own "prime rate" for funds it loans to its largest and most reliable customers.

We want you to know more about our business!!!

Kelly Fenton Takes VOD Award

Kelly Fenton, a sophomore student at Mt. Vernon High School, took second place in the District Voice of Democracy Speaking Contest Sunday, Dec. 12, in Sulphur Springs

Miss Fenton, daughter of Marilyn Snodgrass, earned the right to participate in the district competition by winning competition on the local level, which was held earlier this month.

This year's theme for the contest, sponsored by the Veterans of Foreign Wars and their Ladies' Auxiliary, is "Youth-America's Strength."

Each student writes a three to five minute original speech, which is recorded for judging. The same tape is passed from local judging to district competition, and then to state and national contests as qualifications are

Local VFW posts and auxiliaries provide awards and prizes for winners in the contest. State winners receive a free trip to Washington, D.C. for the final competition on the national level. The top national winner recieves \$14,000 in scholarship funds.

As first place winner of the local contest, Miss Fenton will receive a \$100 scholarship to be awarded upon entrance into college, and a first place trophy. The trophy will be presented during a student assembly in the Mt. Vernon school auditorium Thursday, Jan.

Trophies will be presented to the top three local winners, who will address the student body and present their contest speeches.

Second place winner of the local competition was Kim Foster. She will receive a \$75 scholarship and trophy. Holly Swinford will receive

a trophy as third place winner, along with a \$50 scholarship. The taped speech for Miss Fenton's entry was recorded at KIMP radio station in Mt. Pleasant, who provided use

of their facilities free of

Mrs. Wright was buried in Restland Memorial Park.

NOTICE

NOTICE OF APPLICATION FOR WASTE DISCHARGE PERMIT AMENDMENT

CITY OF BOGATA, P.O.

Box 426, Bogata, Texas 75417 has applied to the Texas Department of Water Resources for an amendment to Permit No. 10065-01 to increase the discharge of treated sewage effluent from a volume not to exceed an stored locally. Reported average flow of 170,000 like new. Responsible party gallons per day to 332,000 gallons per day. The applicant proposes to abandon an existing Imhoff tank, add Missouri 64801. Include a new facultative lagoon and a stabilization pond and clean and expand existing stabilization ponds.

The plant site is located southeast of the City of Bogata, approximately 3100 anything on Texas, the West feet southwest of U.S. Highway 271 and 5000 feet east of State Highway 37 in Red River County, Texas. The effluent is discharged into an unnamed creek; thence to Little Mustang Creek; thence to the Sulphur River in Segment No. 0303 of the Sulphur River Basin.

Barney Davis of Bogata LEGAL AUTHORITY: died Friday, Dec. 31 in Titus Section 26.028 of the Texas County Memorial Hospital in Water Code, as amended, and Chapter 25 of the Rules Funeral services were of the Texas Department of

No public hearing will be

unless an affected person who has received notice of application has He married Carrie Harris in requested a public hearing. 1910 and she preceded him in Any such request for a public hearing shall be in writing Survivors include four and contain (1) the name, daughters, Mrs. Opal mailing address, and phone English; Mrs. Kate Hare and number of the person Mrs. Margaret Sasser, all of making the request; and (2) Bogata and Mrs. Mary Smith a brief description of how the requester, or persons represented by the requester, would be adversely affected by the granting of the application. If the Commission determines that the request sets out an issue which is relevant to the waste discharge permit decision, or that a public hearing would serve the public interest, the Commission shall conduct a public hearing, after the issuance of proper and timely notice of the hearing. If no sufficient request for hearing is received within 30 days of the date of publication of the notice concerning the application, the permit will be submitted to the Commission for final decision on the

application. Requests for a public hearing and or requests for further information concerning any aspect of the application should be submitted in writing to the Chief Hearings Examiner, Texas Water Commission, P.O. Education Service Receives Grant

The Region VIII Education Service Center has received a grant of \$20,104 from the Ark-Tex Council of Governments for a one-year alcohol education project. The grant will sponsor alcohol education to teachers, students, civic groups, or other interested parties.

Irresponsible use of alcohol is a growing problem among young people and is known to be the leading cause of automobile deaths among youth. Young people as well as adults need more education about alcohol and alcohol abuse if alcohol problems are to be prevented.

The Alcohol Education Project will provide accurate information about drinking to the students, teachers and parents in the eleven county area of Region VIII. The programs can be geared to the particular needs of the audience and can cover any facet of the growing alcohol abuse problem in the country.

Although there are no quick and easy answers to the complex issue, education and information are the initial steps toward reaching the youth and adults in the

Homer: How did the play they put on in the jail turn out? Gomer: Great - it was a cell out.
