

HASKELL COUNTY FAIR A GREAT SUCCESS

A WONDERFUL EXHIBIT OF PRODUCTS OF THE FIELD, ORCHARD, GARDEN AND OF LIVE STOCK

THE WOMEN'S DEPARTMENT WOULD COMPARE FAVORABLY WITH ANY

Great Throngs of People Viewed the Products With Admiration and Wonder and With one Accord Proclaimed Haskell County the Egypt of Texas and the Inhabitants Thereof a Wide-Awake, Energetic, Thrifty and Progressive People

Last week in this city was held one of the most instructive exhibitions of farm products the writer ever witnessed. The big heads of maize, feterita, and kaffir corn; the immense bundles of sorghum measuring nearly twelve feet high with immense seed heads on them, corn of many varieties, superbly shaped, all of which was calculated to inspire a feeling of prosperity to the most discouraged cotton farmer in the south. The melon and vegetable department, showed specimens of immense size of the finest quality. There were no freaks. All the exhibits could have been duplicated on hundreds of farms in this county. Such an exhibit would be an attraction at the Dallas Fair, the World's Fair or anywhere. Haskell county is the Egypt of the American continent. In a fat year like this, the farmers can raise enough to feed them and their stock for years. There were some of the most uniformed and best fruited cotton stalks on exhibition that could be shown anywhere. The baled cotton exhibited showed clean white staple of the best length and texture. The varieties of products shown by some single farmers were immense. The most noticeable was the ex-

hibit of Mr. Zahn and Mr. Clifton, each of whom had a diversified exhibit. To walk through the exhibit and see the immense size and the superb quality of the products of the farm, was one of the most reassuring sights we have ever witnessed. This is indeed a wonderful farming country. Diversified farming, stock raising and poultry, offers opportunities that defies the high cost of living so far as intelligent farmers of Haskell county are concerned. The kaffir corn editor of the Free Press exhibited two bundles of sorghum, one of which was 11 feet 5 inches long, but he was unable to land a premium. This sorghum was sown and grown broad cast on vacant lots in the corporate limits of Haskell. One of the most interesting exhibits, was an immense Tarpon caught by Judge McConnell last summer at Corpus Christi, and a collection of marine specimens collected by Mrs. McConnell while on the coast last summer. Another was a collection of the money and paper currency of world by W. E. Sherrill. Another very interesting and instructive exhibit was that of J. W. Neill of the State Department of Agriculture, consisting of several hundred different

species of farm insects, some beneficial and some injurious to farm products. Quite an interest was shown in this exhibit by the farmers. In an interview with Mr. Neill regarding our Fair he said that this was one among the best he had attended, and that the exhibits here showed what the country could do, and that if the farmers would diversify their crops, raise more hogs, poultry, etc., and plant less cotton, times like we have now wouldn't hit them so hard.

In the ladies department were to be seen the most wonderful display, and the premiums and premium winners in that department are as follows:

HASKELL, TEXAS, Oct. 24, 1914.

Sow your wheat now.

With plenty of feed stuff, hogs and poultry, Haskell county farmers will live on the fat of the land next year.

This is a good wheat country. We hope to see lots of wheat planted. It will mean much to this section.

Haskell County had as creditable a fair as any county in the state. Let's send it down to the Waco Cotton Palace.

Valorize the cotton crop. If the Federal government won't do it, let the states do so. It might be a good idea to incorporate a big corporation to take over the cotton and market it under state supervision, if you had rather big business have a rake off like it has on the railroad system of the country.

Arrogance of the rich has more than once brought about the degeneracy of a people. We ought to have a law to punish and humble those who become arrogant and oppressive. Such a law would promote cultural progress. Merely leaving it to some school of philosophy or the theologians to lead the people, has not filled the needs.

We heard a man say the other day that when the cotton exchange closed we had no cotton market. He is in favor of the old system of the cotton exchange. We called his attention to the fact that when the spot market was closed by the war the cotton exchanges closed. Now which is the tail and which is the dog? Does the tail wag the dog? Valorize the cotton crop and there will be no place for the cotton exchange. Brazil valorized her coffee and

that settled the coffee exchange, and settled the coffee market. All this loan and emergency business leaves the banks and farmers at the mercy of the gamblers. What do the cotton gamblers care about the price of the cotton? They can make just as much gambling on it at three cents as they can at 15 cents. Any cotton buyer on the Haskell market will tell you he can make just as much on three cent cotton as he can on 15 cents cotton. If he has cotton on hand and it goes up he makes money; if it goes down he loses, whether he paid 15 cents or three cents.

If it had not been for the Wilson administration cotton would be selling at possibly four cents. It is the financial aid the Democrats have given the farmer that has averted a terrible financial panic. Quit fighting the democrats and encourage them to help the people. We tried the republicans about fifty years and they made us a nation of paupers and a few multi-millionaires.

Haskell county is blessed with an abundant yield this year. The only drawback is the price of cotton. Notwithstanding the low price on this product, the farmers will be in much better circumstances this year than they have been for several years past, because of the splendid feed crops. No farmer will have to buy his feed, but rather most of them will have feed to sell.

Paul Zahn got 13 first prizes at the County Fair. He deserved the prizes too. Mr. Zahn is a German-American farmer, and might be taken as an example to be emulated in successful farming by improvident Americans. Improvidence and love of sensational politics has made a failure out of many farmers. Diversification and the use of energy and brain, will bring success, while you wait for the socialists to get in power to take care of you and relieve you of effort and the consequences of indolence and bad management.

The Free Press acknowledges receipt of a season pass for the editor and lady through the Waco Cotton Palace, which opens October 31st and closes November 15th. We return thanks for the courtesy and wish we could get to attend, for this exposition is going to be something worth one's while. It will be bigger and greater in every department. It offers a great opportunity for instruction in helpful lectures, from observing the fine exhibits of products from the farm, orchard and garden, from the beautiful display of the fine arts, the exhibition of blooded stock, poultry, etc. And another attractive feature will be the exceptionally good music by the best bands to be secured. There will be excursion rates on all railroads.

The government can do anything it can charter a corporation to do. The managers of the corporations are usually financial pirates responsible to no one. The investigation of the wrecking of the big railroad systems by the greedy millionaire banker and directors has demonstrated that government ownership of railroads is the only solution. Corporations have proved to be fortune builders for swindlers. It is the basis of high finance and wholesale swindling schemes. The millionaires have gotten their millions by swindling one another and the public. There is no question too big for the Democrats to solve. We want to see them invent economic schemes that will cure the evils and retain the efficiency of our economic system, and bring about a more equal distribution of wealth.

Well, Jean, are you content about your examination? "Yes, grandpa; I answered all the questions." "And how did you answer them?" "I answered that I didn't know."—Kansas City Star.

Mischa Elman tells a story of his early youth. He was playing at a reception given by a Russian prince, and played Beethoven "Kreutzer Sonata," which has several long and impressive rests in it. During one of these rests a motherly old lady leaned forward, patted him on the shoulder, and said: "Play something you know, dear."—Argonaut.

We want to tell those in Haskell suffering from stomach or bowel trouble that we are agents for the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, the remedy which became famous by curing appendicitis. This is the most thorough bowel cleanser known and just one dose relieves sour stomach, gas on the stomach and constipation almost immediately. You will be surprised at the quick action of Adler-i-ka. Corner Drug Store.

Jokes about cheap motor-cars are as the sands of the sea, but a Kansas City traffic manager believes he has a new one. He met an old friend whom he had not seen for many months, and asked him:

"What are you doing now?"

"Selling motor-cars," was the unenthusiastic reply.

"What kind of cars?"

"Well, er—the truth is," he stammered, "I am selling—(deleted) cars, but I'd rather you would not say anything about it. I don't want my mother to know; she thinks I'm a bartender."—Kansas City Star.

Why Not Publish It?

When you had a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallans, Peru, Ind., was troubled with belching, sour stomach and frequent headaches. She writes, "I feel it my duty to tell others what Chamberlain's tablet have done for me. They have helped my digestion and regulate my bowels. Since using them I have been entirely well." For sale by all Druggists.

I was outspoken in my sentiments at the club today, said Mrs. Garrulous to her husband the other evening. With a look of astonishment he replied:

I can't believe it, my dear. Who outspoke you?—National Monthly.

Ever Salivated by Calomel? Horrible!

Calomel is quicksilver and acts like dynamite on your liver

Calomel loses you a day! You know what calomel is. It's mercury: quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you, Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and cannot salivate.

Don't take calomel! It makes you sick the next day; It loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

After Using Peruna Many Years

I can say that Peruna is a fine remedy for catarrh and diseases of the tonsils and many other ailments. It is manufactured by a well-known company, who are perfectly reliable.

A Tonic with slight laxative qualities.

"I have noticed a great many others taking this remedy, and I have yet failed to see a case where the continued use of Peruna did not complete a satisfactory cure in reasonable time."

Miss Lois McConnell and Mrs. C. B. Long went up to Wichita Falls the first of the week to meet Mrs. Conley of N. M., who is visiting with them in this city.

WANTED—A good man and lady deputy for the Yeomen. The best kind of a contract. Must be workers. Apply to C. W. Ramey, District Manager, Haskell, Texas. 2t pd

Get wise. Most everybody else has learned that Hunt Bros. is the best place in Haskell county to buy Dry Goods. One look through our store will convince you.

L. N. Lusk, of Bridgeport, who has been prospecting in this county, left Tuesday to go to Anson. Mr. Lusk was very much pleased with the appearance of things in this section.

We are requested to announce, that the Northeast Haskell County Singing Convention will meet at Foster School House the second Sunday in November. Every one has a cordial invitation to attend and bring well filled baskets. A good time awaits everybody.

Mrs. Jessie Cope and Miss Eunice Elliott, of Abilene, spent Friday in our city in the interest of the Ambassador brand of coffee. They gave a public demonstration of the merits of this coffee at the Farmers Supply House and those who partook of the coffee pronounced it splendid.

Earle Kelley, of Weatherford, representing Colliers Weekly, was in our city Tuesday looking after collections for his company. He was disappointed in not receiving the usual quota of payments, but says he expects to get them next time, as the people of this section are pure gold and good for their debts.

Don't say you can't buy what you want in the Dry Goods line. We have the Dry Goods and you have the cotton, and we will trade you Dry Goods for your cotton, and will pay you 7cts per pound for your cotton. Load up you family and one bale of cotton and come to our store now while our stock is complete. Hunt Bro.

Editor J. D. and Mrs. Hall of Rule were over in their Auto Monday. Mr. Hall said he was much more popular with the er, people (that's it) since he has a car, and advised the Free Press to get one. We noticed he is much more classy than before getting a car, and his frequent visits to this progressive city has brightened him up.

What did Harold McGrath do just before he wrote "The Million Dollar Mystery?"

We will buy one or two bales of cotton from every farmer in Haskell county, at 7 cents per pound according to our plan given in another part of this paper. Read this over and bring us your cotton. Hunt Bros.

Mrs. Lizzie Stephens of Dallas, White Slaye Crusader. Solicitor and Rescue Missionary, was in the city Wednesday, and before leaving requested us to say, that she was most grateful for the courtesies and liberal contributions of the citizens of Haskell, which she said were most liberal when the present financial conditions are considered.

J. W. Finney, of Dallas, who has been on the Sweenson ranch a few days, made us a pleasant call Wednesday. Mr. Finney is a journalist and is a descendant of a journalist, his grandfather having established the famous Arkansas Traveler, which was sold after his death to Opie Reed. Mr. Finney has the old files of this famous journal for which he has refused an offer of \$3,000.00.

Contestants, NOW is the time to work. NOW is this the time people are buying goods and paying up. Be on the job, stay on the job. Don't say "I can't." You can win this contest if you will work at it hard. Get your friends to working hard for you. This will be a great prize for some young lady, and some lady in Haskell county is going to get it. Ash your friends to buy their Dry Goods from Hunt Bros.

R. M. Dickenson of Stamford spent Thursday of last week in our city on business. Mr. Dickenson informed a Free Press reporter that they had struck a pretty strong flow of gas in the well 3 miles north of Stamford, in Haskell county, and had hopes of bringing in either an oil gusher or a strong gasser soon. Every indication pointed to one of the two. They had reached only a depth of 600 feet then.

There are at least five hundred coming three and four year old mules in this county, that will be for sale and owners will sell on time to responsible farmers. Farmers who have good developed mules, could sell them for cash which would relieve their financial necessities and buy a team of young mules on a credit and develop them. There is profit and good financing in this scheme. We know a man who has a bunch of young mules he will sell on time to good reliable farms.

J. T. Bowman, accompanied by his daughters, Miss Jimmie and Mrs. Warnock, of the Rule country, were in this city Friday attending the Fair. While here, Mr. Bowman called and renewed his subscription. He never allows his subscription to get behind, but always calls before it expires and renews? He has been a subscriber to the Free press ever since it was established in 1886. He moved to this county in 1884 and helped to organize the county in Jan 1885. Such subscribers as Mr. Bowman are greatly appreciated by newspaper men, and they are always good citizens otherwise, too.

Stock News

Mr. R. C. Montgomery was at the Fat Stock show last week, and saw the red ribbon placed on the 18 months old steer of Labry Ballard of this city. The steer weighed 1200 lbs., and was sold at auction at \$11.75 per hundred, bringing the sum of \$141.00. Labry Ballard is one of Haskell county's enterprising boys who will make good as a stock raiser and farmer. His success at the stock show will inspire him to keep at the business.

"It was mighty nice of you to give up your seat to that stout old lady, Mr. Blinks. It is pleasant to see that there are still some polite men left in the world."

"Sorry, Mrs. Jabbers, but it wasn't politeness at all. The man who sat next to me was quarrelsome because he said I crowded him too much, and all I did was to use that stout old lady as a sort of retort courteous."—Judge.

Mother! If Child's Tongue is Coated

If Cross, Feverish, Constipated, Bilious, Stomach Sour, Give "California Syrup of Figs"

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."

The Woman's Co-Operative Meeting

Will render their first program next Monday afternoon at 3 o'clock at the Baptist church.

It is hoped every woman and girl in our town will be present.

The object of this organization is to bring together every effort for good that is being made in our town by women, hoping that the many channels through which deeds of charity, acts of neighborly kindness and works of christianity may become one mighty stream freighted with blessing for our community.

As a basis for programs and a study in missions, the book "The Child in the Midst" has been selected.

We especially invite the women and girls of the rural district to attend our meeting and join with us in the work.

Committees for the various departments are being appointed from time to time. Anyone needing help from the Relief Committee may apply to either of the following: Mrs. F. M. Morton, Mrs. R. H. Davis, Mrs. R. B. Fields or Mrs. E. D. English.

The Free Press wants to commend every person who in any way contributed by personal work, monetary donation or by showing their products, towards the success of the County Fair. The Fair was a great success and reflects great credit upon Haskell County's productive soil and her progressive citizenship. Not meaning to slight anyone in making personal mention, we feel constrained to especially commend Mayor T. C. Cahill, who worked like a Trojan from start to finish, in making the Fair a success. Also Judge J. E. Poole, under whose efficient management the Fair was placed. Such men are worth much to a town, and backed up by such co-operation as they received it is no wonder the Fair was a success. We predict great strides for Haskell and this county in the near future.

Bring Back its Gloss, Lustre, Charm and Get Rid of Dandruff—Try the Moist Cloth

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre, and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

A large and happy band of Christian Ladies met Monday evening in a Missionary meeting. Mrs. D. Scott was leader and a very capable one she proved. The most delightful papers were read by the following members: Mesdames Whitman, Owens, Ellis, Ramey, Gresham, Murphy, Russell, Pierson and Davis. Our President asked some important questions on Missions, which were readily answered by the ladies. Giving in her charming way many instructive facts about the different missions.

Last on the program was the Round Table on State Missions led by Mrs. Scott. A better leader could not be found.

At the luncheon given by the Society during the Fair, quite a nice little sum was realized and the patronage of each one was appreciated very much. Also many thanks extended to the ones who so graciously donated to this occasion. May the Lord bless every helping hand.

We received as new members Mrs. G. C. Whiteker and Mrs. J. R. Hutto.

Next Monday the "Woman's Co-Operative Meeting" will be held in the Baptist Church, so our society will meet Monday week. Come all who can. The Master says come. Reporter.

7^c For Your Cotton 7^c

We Will Pay You 7c For Your Cotton in Merchandise

WE advertised the past two weeks that we would pay 8c for cotton in merchandise, and we took every bale brought us grading middling or above at 8 cents, but since we began taking cotton on this plan, cotton has declined more than \$5.00 a bale, and as the grades are lower, we are forced to reduce our price according to the market price of cotton. We have not reduced our price as much as cotton has actually declined for the reason that there is very little cotton coming in since the rain grading above middling, while before the rain most cotton brought in graded above middling.

We will continue to pay you 7 cents for your cotton just as long as we can. We guarantee if there is any advance we will give our customers the advantage of it and advance our price in proportion, while of course if there should be a further decline, we will be forced to reduce our price.

We guarantee to sell you your goods at **ROCK BOTTOM CASH PRICES**. If you were to sell your cotton for cash, you could not buy your goods any cheaper than we sell you on our cotton plan. So we know no better way to cash your cotton for 7 cents than on our plan.

Those who got in on our 8 cent offer were very fortunate, and we firmly believe those who take advantage of our seven cent offer will get more for their cotton than they will be able to realize in many a day. You can come and look through our goods, and get our prices, then, if you are not perfectly satisfied, we will not ask you to turn us your cotton.

Get down and figure on this and see how much more you get for your cotton on our plan, besides the saving on our prices on Dry Goods over long credit prices.

STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theodor's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it. I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it. I am so thankful for what Black-Draught has done for me." Theodor's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest. Some nations were fighting fiercely.

"Why are you fighting so?" inquired the bystanders, moved at length to curiosity.

"To save civilization!" replied the nations severally.

Here a draggled figure rose from the mire under the feet of the combatants and limped lamely away.

"And who are you?" asked the by-standers, with a disposition to get to the bottom of the matter.

"Don't speak to me—I'm civilization!" the figure made answer, somewhat pettishly.—New York Evening Post.

I have been suffering with bilious headaches and stomach trouble so bad I could hardly keep on my feet, but I was compelled to work to support my wife and family. One of my customers advised me to take GRIGGS-BY'S LIVER-LAX and it would cure me, and to my wonderful surprise it has entirely cured me. My physician would give me calomel, but heaven knows, I would be sicker than ever and would have to lay off. I have no more headaches and feel almost a new person and I know now my trouble was my liver. I am giving it now to my children and I see a wonderful improvement. LIVER-LAX helped me the first day I took it, and is certainly a working man's friend. I bought it at, Corner Drug Store.

The Magic Washing Stick.

"The Magic Washing Stick is the finest thing in the world. Cleans the clothes without rubbing—makes the whitest clothes I ever saw. I can not do without it any more. All you say is true, it does all you say it will. I would give it for nothing I have ever used. Hope every lady will try it" writes Mrs. W. F. Gammill, Ashdown, Ark. This peculiar article is sold by grocers and druggists, three 10c sticks for 25c or by mail from A. B. Richards Medicine Co., Sherman, Texas.

Mrs. X. relates while in London she inquired in a shop if they had any fresh eggs.

"Yes, mum, plenty," said the clerk; "them with a hen on 'em are fresh."

"I don't see any with a hen on them," said Mrs. X., looking around for a nest.

"The letter 'hen,' mum, not the bird. 'Hen' stands for 'noo-laid,' mum."—Boston Transcript.

The Magic Washing Stick.

"The Magic Washing Stick" is just fine. It did just what you said it would do and the clothes were so nice and white with all that hard rubbing left off," writes Mrs. Sarah Goodale, Preston, Texas. The Magic Stick is not a soap nor a wash powder. Sold by grocers and druggists, three 10c. sticks for 25c, or by mail from A. B. Richards Medicine Co., Sherman, Texas.

live stock, but some sheep, a buck and yew lambs entered by Mason and English, and a yew and some lambs entered by J. S. Hays that deserve special mention. The entry by Mason and English were from the Hays yew. This is an imported Hampshiredown yew. Last season she dropped three lambs, one of these owned by Mason and English, weighed 125 lbs at three months old. Mr. Hays has a buck that weighed 267 lbs at 16 months old. The yew weighs 280 lbs. Mr. Hays has let his sheep run in his crop and has never fed them. He bought a buck and two yews three years ago, for which he paid \$50.00 each. He has sold \$225.00 worth of lambs and has 14 head of sheep on his farm from the first three head. They have averaged 16 lbs of wool per annum, for which he got 17c per lb. This is probably the best bunch of sheep ever owned in this county. The man from whom Mr. Hays got his sheep, raised one lamb that weighed 407 lbs at a yearling. Many farmers are beginning to look upon sheep with favor. They eat the weeds, and even destroying the young cockel-burrs when they come up in the spring.

The Better Baby Contest

The Better Baby Contest was under the supervision of Mrs. J. U. Fields who was assisted by the ladies of the Magazine Club and Misses May Fields and Minnie Ellis. And the ladies had their hands full, too. There were 74 children under five years of age examined, and very few fell below an average of 90, which was a remarkable record for so great a number. Drs. Baker, Taylor, Cummins and Neathery aided in the physical examination and Dr. Guest and Smith examined the teeth and mouth.

It was a show within itself to see so many fine looking babies, and we do not blame the dotting parents for feeling proud of

MAY PROVE FATAL

When Will Haskell People Learn the Importance of It?

Backache is only a simple thing at first;

But if you find 'tis from the kidneys;

That serious kidney troubles may follow;

That dropsy or Bright's disease may be the fatal end.

You will be glad to know the following experience.

'Tis the statement of a Haskell citizen.

J. L. Beasley, Haskell, Texas, says: "My experience with Doan's Kidney Pills, which I got at Collier's Drug Store, (now the Corner Drug Store), was very satisfactory. I took them for backache and kidney trouble that had caused me a great deal of suffering, and they brought me relief after other remedies had failed to help me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Beasley had. Foster-Milburn Co., Props., Buffalo, N. Y.
