## Rivercrest Rebels Defeat Maud

By Diana Eudy

Rebel Jerry Belcher was credited with three touchdowns at the final buzzer in Maud Friday night as he helped his team claim a sound victory 34-8. The Rivercrest tailback racked up 123 yards rushing to lead the Rebels offense in the important district win.

Belcher, playing in the place of Bubba Simpson, who was injured, carried 24 times for 123 yards and an average carry of five yards.

The Cardinals were unable to put together a drive on their first possession and the Rebels took over on their own 34. On their first possession of the night, Rivercrest's Jerry Belcher went in to score territory with 7:48 left in the first period. He ran 34 yards off tackle for the six points. The point after kick was good for a Reb lead 7-0.

Maud seemed to have something going in their next series until they came up against the tough Rebel defense. The defensive squad stopped the Cardinals on the Rivercrest 45-yard line but the offense couldn't generate an attack this time.

The second period was a defensive battle all the way as each team stopped the other time after time. Then with 1:10 remaining in the half, Maud halfback, Stick Vaughn, fumbled on the Maud 43 and the Rebels recovered.

The Rivercrest offense took the ball down to the two yard line as a result of a pass play to split end Chris Anderson. With only 20 seconds left on the clock, Bradley Woods carried the ball over the line for six points. Charley Martin made the extra point. The Rebs led 14-0.

The Cardinals went for broke on the next play as quarterback Vaughn passed to fullback Conkelton for a 61-yard score as the clock ticked down to 0. Maud ran the ball for two points and narrowed the Reb lead to 14-8 at the

halfway mark.

Penalties and turnovers hampered the Maud Cardinals in the second half and the Rebel defense held them to only 48 yards in the second half. Maud fumbled twice in the second half to give the Rivercrest squad good field position each time.

On this particular night, a team couldn't give Jerry Belcher a break and not expect him to take advantage of it. Following one of the recovered Cardinal fumbles, Belcher ran seven yards for his second touchdown of the evening. Martin made good on the extra point and the Rebs led 21-8.

Maud began their next drive by handing the ball over to the Rebels on the 49 yard line. Rivercrest marched 51 yards in five plays for yet another score. With :53 seconds remaining in the third quarter, Clint Stephenson outran several Cardinal defenders for the 31-yard score. Rivercrest led 27-8.

However, the Rivercrest Rebels were not finished as they handed off to Belcher yet again in the fourth period and got another six points for his efforts. The Rebels finished the evening with a 34-8 victory in the district clash.

Jerry Belcher carried 24 times for 123 yards, Clint Stephenson carried 12 times for 72 yards, Bradley Woods carried 8 times for 14 yards, Jimmy Lewis carried two times for nine yards and Wesley Hood carried three times for six yards.

Jimmy Lewis completed one of three passes for 23 yards. Chris Anderson was the receiver.

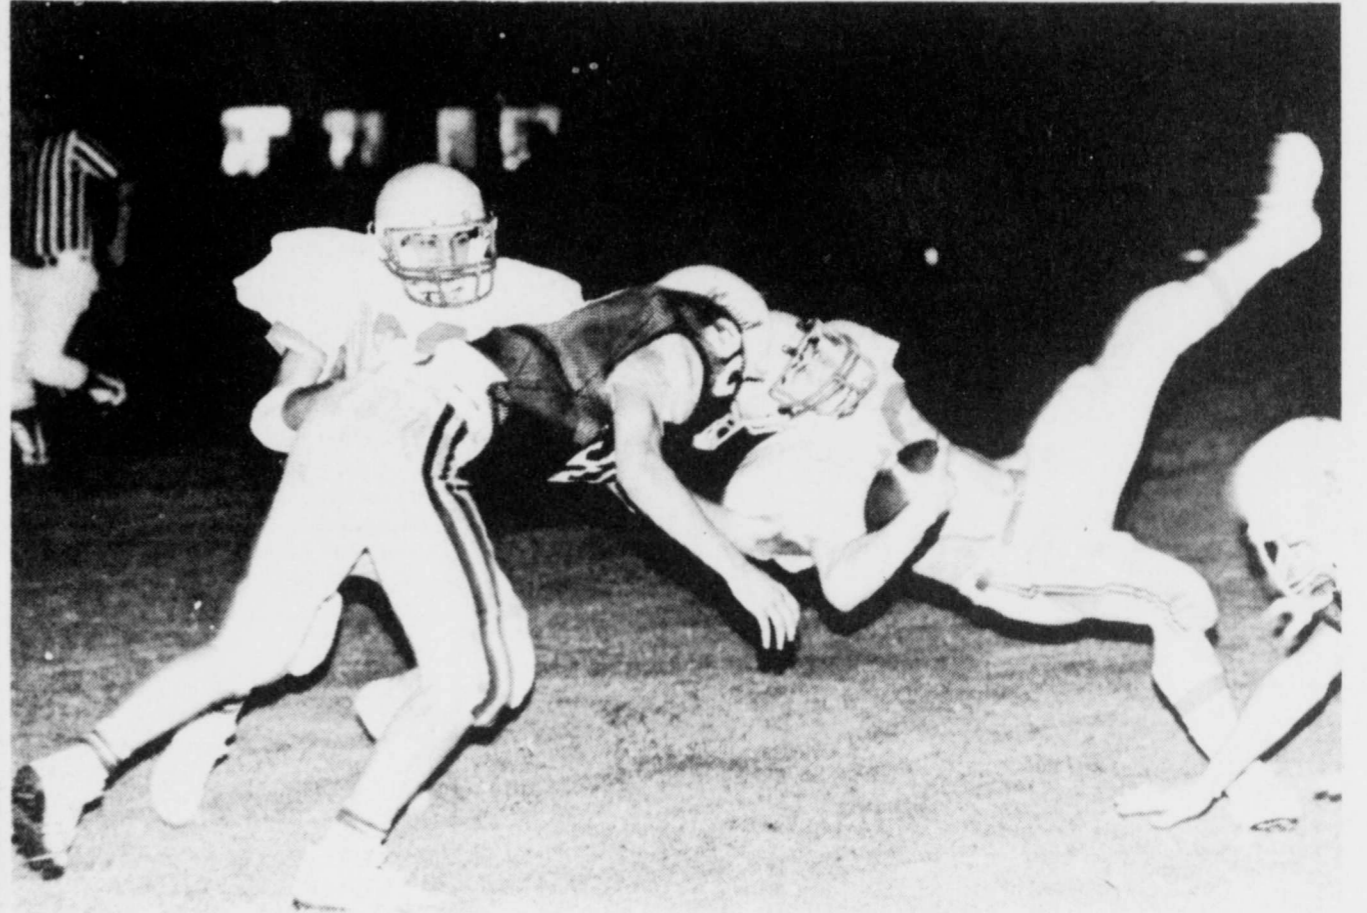

Jerry Belcher returned one kick for 35 yards and Bradley Woods returned three for 40 yards.

Rivercrest head coach Terry Giddens said, "Our defense is continually holding strong. Maud broke one play at the end of the first half or they would have probably had negative yardage rushing. They had 70 yards rushing and 50 of it was on the

touchdown play. On offense, we had to use some backup players. Jerry Belcher came in for Bubba Simpson and did an outstanding job. Simpson was out with ankle injuries. Clint Stephenson usually plays one half on offense and one half on defense, but

Friday night he played full time on both and did a good job. Everybody played a good game, they are all working as one. On the bus going home the boys were already talking about what they had to do next week."

"We must win both of our remaining games to win district," Giddens continued. "To make the playoffs we must win one of them. Ore City is currently 3-2 for the district and New Diana is 5-0."

JERRY BELCHER was stopped by two Maud Cardinals after gaining some good yardage Friday

night. The Rebels blew the game wide open with a 34-8 district vic-

tory. (Staff Photo by Diana Eudy)

Monday night was the absolutely perfect night to have nothing to do. What in the world could ever feel more comfortable than curling up with a good book, or a good TV program, depending upon your preference, and listening to the rain and wind slam fruitlessly against the north wall of the house?

It was probably the first of any such nights coming up during our wet and generally snowless winters.

But that first one brings a sense of peace and security that is rather unique.

The temperature wasn't cold enough to be really miserable, but a little blaze or help from a space heater was welcome.

Coffee in the kitchen smelled better than it has since last winter and perhaps the urge to add the smell of fresh baked cookies or cake to the household arose too?

Coming in from a wet, miserable outside, things look a little different. They look familiar, comforting and pleasant. An awareness of the security and privacy to be found within one's own home is undeniable.

Boots outside, socks on in, the elements can do nothing to harm you. They lash, growl and moan around windows and doors, but to no avail. Memories of hot chocolate and childhood flood back, as the wind unlocks the doors to other winter recollections.

Christmas doesn't seem too far away now, and while watching TV or between pages in that book, didn't a few folks begin their gift list?

Headlights picked out rain soaked roads outside the windows, lending a sense of delight that "they" had to be out, and the one already settled in the living room didn't.

Yes, Monday night was a perfect night to do nothing...nothing that is but perfect "nesting" instincts and get the system prepared for the long winter to come.

BIG MESS-This accident involving two large trucks occurred at the intersection of Highway 271 and Highway 37 in Bogata Friday

evening. A 56 year old Talco man was in good condition in the Veterans Administration Hospital in Dallas Monday morning after the accident. The driver and a

passenger in the other vehicle received minor injuries but were not admitted to the hospital. (Staff Photo by Diana Eudy)

## Fall Testing Program Set

The fall testing program, under the direction of Bonnie Huddleston, counselor, has been underway the past few weeks in the Talco-Bogata Schools.

Talco and Bogata elementary and junior high students were given SRA Achievement tests on October 15, 16 and 17 with Rivercrest ninth through

eleventh grades being tested on October 16. The seniors were given the ASVAB, an aptitude test sponsored by the Armed Services. The seniors also participated in a career planning session during the afternoon, presented by Mrs. Huddleston, Jackie Gildon from ETSU at Texarkana, Sherrie Singleton and James Cowley, ETSU, Commerce, and a representative from the new Northeast Texas Community College.

The testing program consists of Science Research Associates tests for Grades 1-8. Grades nine, ten and eleven take the Iowa Test of Educational Development. On each campus, the classroom teachers administered the achievement tests and will be able to use the information gained from test results in many ways. Test scores will be returned to the schools from the computer center, where they are scored, in approximately six weeks. Parents and students alike may see the test results by appointment, as the information is processed and placed in each student's permanent record.

Along with the regular testing program, the state mandated Texas Educational Assessment of Minimum Skills tests will be administered this

year to Grades 1,3,5,7,9 and 11. The eleventh graders were given the first TEAMS test October 1 and 2. This exit level test, which is required for graduation, will be administered again in May for any eleventh grader not showing mastery and again during his senior year if necessary. Grades 3,5,7 and 9 will be given the TEAMS test in February and first graders will be tested in April.

Talco-Bogata schools have also participated in some field tests given to certain grades to compare results of the two types of testing.

Dear Editor:  
A young mother told me she took her little girls trick or treating on Halloween and the smallest one stepped in a mound of ashes where a lady had burned leaves in a ditch in the afternoon. The child's feet were blistered by the fire in the hot ashes and she was not able to walk for several days. So, be careful and don't burn leaves in paths of little children. Mary Lassiter

## If you smell gas, here's what to do.

You can't smell gas in its natural state, so Arkla adds a distinctive odor to make leaks easier to detect. Natural gas is clean, safe and efficient, but if you smell gas in your home, there are certain things you should do.

If the odor of gas is **light**, the source of the leak is probably one of your gas appliances. Occasionally pilot lights will blow out, so first check each of these. While you're doing that, make sure each of the burners of your range and oven are turned completely off. In most cases, these two checks will solve the problem.

If the odor **grows stronger** and you can't locate the source, here's what to do:

- **ventilate** your home by opening all windows and doors. Doing this will prevent a concentrated build-up of gas in your home.
- **extinguish** all open flames. Don't use matches. Don't turn on light switches or use electrical or battery-powered equipment that might create a spark.
- **get out** of your house and call Arkla from an outside phone. Wait there until our service representative arrives.
- If you know where your meter is located, **turn off** the gas to your home by using the shut-off valve at the meter.

Tear this out and keep it in a safe place for future reference. Natural gas has an excellent safety record, and by following these suggestions, you can help keep it that way.

# GET THE GAS ADVANTAGE.

You've got a right to better economy, greater efficiency and more convenience—found only with quality natural gas appliances. And that's what the Gas Advantage is all about. There's nothing like natural gas to save you time, money and energy. For the best in economy and convenience, a fast-recovery gas water heater provides hot water enough for a whole family's needs at half the cost of an electric water heater. And, a gas dryer dries three fast and fluffy loads for every one load in an electric dryer. You'll get perfect results every time with a gourmet quality gas range. With instant on and off and infinite temperature control, a gas range makes cooking easier and it costs less to use than electric. And, of course, there's a natural gas furnace that warms your whole house gently and draft free—more economically than a heat pump. Demand your rights when it comes to better economy, greater efficiency and more convenience. Demand the Gas Advantage today!
