

Texas Litter Costs Texans Big Money

Recent research conducted on behalf of the State Department of Highways and Public Transportation indicated an estimated half billion pieces of trash along Texas roadways in late August.

Four different studies were commissioned by DHT in advance of a major effort to reduce roadside litter which cost taxpayers a whopping \$20 million last year.

The Institute for Applied Research, headquartered in Sacramento, California, performed a visible litter count in key locations throughout the

state. The Institute, who has performed more than 40 studies on litter throughout the United States, is considered the premiere firm in the nation on litter research. This study indicated that roadside trash is approaching an estimated half billion pieces.

Their other findings included: Fifty-three percent of highway litter is caused by deliberate acts, while 47 percent involves loss of truck loads that were unsecured or uncovered, as well as miscellaneous items blowing out of trucks.

Sixty-one percent of roadside litter can be found in urban areas. The remaining 39 percent lies on rural freeways and roads.

Litter from automobiles accounts for 30 percent of all roadside litter.

Pickup trucks are the source of a disproportionate amount of roadside litter, amounting to 27 percent. However, pickups represented only 11 percent of all vehicles observed.

Stake, flatbed, dump trucks and trailers account for 21 percent of roadside litter in Texas.

Other vehicles contributed the

remainder.

As to who litters, "habitual" litterers in Texas were defined in a separate study by the Institute as primarily males, between the ages of 10 and 44. The largest category was young men, between the ages of 18 and 34. The study indicated that 71.4 percent of all deliberate littering is done by males, with females representing only 28.7 percent.

Decision Analysts, Inc., of Arlington performed two studies to probe why Texans litter and their awareness of litter as a statewide

problem.

As to why Texans litter; convenience is the primary reason.

Most Texans interviewed do not approve of littering, but 43 percent admitted to littering from time to time. Less than 21 percent were able to correctly estimate the tax dollars required to clean up Texas roadways.

"The State Department of Highways and Public Transportation will use the research statistics to implement a three-pronged program aimed at significantly reducing lit-

ter," said J. Don Clark, director of the Highway Department's Information Services Section.

This war against trash will include an aggressive, targeted media campaign directed at habitual litterers, a state-wide community-by-community clean-up and beautification program and incentives for increased law enforcement.

The \$20 million spent by the State last year on litter collection does not include tax dollars spent by city and county governments on local clean up efforts.

NICHOLS' WORTH

By: Nanalee Nichols

With farming in the desperate state it is currently in, and with making a living at it very difficult, this column, printed in the Crosbyton, Texas, News, was brought in by a friend who thought it might bring a smile or two to farmers everywhere.

Last Will and Testament of a Farmer:

I leave: To my wife...My overdraft at the bank. Maybe she can explain it.

To my son...Equity on my car. Now he'll have to go to work to meet the payments.

To my banker...My soul. He's got a mortgage on it anyway.

To F.H.A....My unpaid bills. They took some real chances on me and I want to do the same for them.

To A.S.C.S....my grain bin. I was planning to let them have it next year anyhow.

To S.C.S....My farm plan. Maybe they can understand it, I never did.

To the junkman....my equipment. he's had his eyes on it for years.

To my undertaker...a special request: six implement and fertilizer dealers for pallbearers. They're used to carrying me.

To the weatherman...rain, sleet and snow for the funeral. There's no use having nice weather now!

To the gravedigger...Don't bother. The hole I'm in already should be big enough.

And last: put on my monument..."Here lies a farmer who has now assumed all his obligations."

Rebs Take AAAA Sulphur Springs

The Rivercrest Rebels got their first win of the young season last Tuesday night against the Sulphur Springs Wildcats.

The game was close throughout with the Rebels pulling away during the third and fourth periods.

Tony Jasso was back for the Rebels after missing the first two games with an injury he received in football. "We are proud to have Tony back and it looks like he will be full speed soon," said Coach Wake Wood.

All Rebels contributed to the win

with Charlie Martin scoring 18 points with 10 rebounds. Chris Anderson had 15 points, Brad Anderson had 13 points and Russell Rozell scored six points and had 12 rebounds. Tony Jasso and Bradley Woods each had good floor and defensive games. The Rebels were able to play all of the players during the game.

"We are real proud of the Rebels' play at this point in the season. We have just got to work hard to continue to improve," stated Coach Wood.

Rivercrest Tourney Has Strong Field

The annual Rivercrest Invitational Tourney will start today, Thursday, at the Rivercrest and Talco gyms.

In the girls' division, West Lamar-Delmar will be the favorite to take the tourney crown. All other teams will be strong. Detroit, Rivercrest, Prairiland, North Lamar, Cooper and Roxton will all field strong teams. Sabine girls have dropped out of the tournament because of travel problems and the Rivercrest JV will take their place.

In the boys' division there is no clear cut favorite. Rivercrest has drawn a bye in the first game. Roxton will play Cooper, Prairiland plays Detroit and West Lamar-Delmar plays North Lamar.

Rivercrest will play the winner of the Cooper-Roxton game Friday night in the nightcap. Cooper defeated Rivercrest in area play last year 49-45

and advanced to the regional finals before they were defeated by the eventual state champion, Grapeland.

Cooper has a very strong team and is definitely a strong contender for the tourney championship.

In the opposite bracket, Prairiland and West Lamar-Delmar will probably meet in the semi-finals Friday night with the winner advancing to the finals Saturday night.

"We had a very successful tournament last year. Our crowds were excellent and our games were very close and competitive. We feel we have the best tournament around and invite everyone out for the games," said Rebel Coach Wake Wood.

Admission will be \$1.00 for students and \$2.00 for adults Thursday and Friday. Saturday's games will be \$2.50 for all tickets.

Talco VFD To Hold Second Shoot

The Talco Volunteer Fire Department will hold a second Turkey Shoot on Sunday, December 15 from 1 to 5 p.m. The cost for shooting will be \$2.50 per round. The shoot will be at the Talco football field at the Talco School. There will be several categories to choose from: Shotgun Skeet, Shotgun Still Targets, Pistol Targets, .22 Rifle Targets, Women's Pistol Targets and a Women's .22 Rifle Target. There will be no ammunition furnished at the shoot site.

All proceeds from the Turkey Shoot and the raffle go to the purchase of equipment for the fire department.

Everyone in the area is invited to attend and to try their luck at winning a turkey. Also come out and support the Talco Volunteer Fire Department.

The winners of the November Turkey Shoot were on Shotgun Skeet: Steve Hall, David Rozell, Dan Madden, James Crawford, J.R. Cox, Harlis Gibson, Randy Nolen, Randy Carroll and Johnny Taylor. Those winning in the shotgun target were Harold Wilbanks, and Mike Sloan. Those winning in the rifle and pistol categories were Frank Durhamn, Mona Pitts, Tom Jackson and Craig Ingram.

Immunization Clinic Set For Bogata

The Texas Department of Health, Public Health Region 7/10 office announced plans today for the continuation of a series of monthly immunization clinics for all children needing immunizations.

The clinic will be conducted at the Bogata City Hall in Bogata on December 12 from 2 to 4 p.m. Future clinic dates will be announced.

The Health Department emphasized that this clinic is available to all children, preschool and school age, beginning at two months of age. Im-

munizations to be offered include Mumps, Measles, Rubella, Oral Polio, Diphtheria-Tetanus-Pertussis and Tetanus-diphtheria. All children must

be accompanied by a parent or legal guardian. Parents are reminded to bring the child's immunization record if it is available.

The Tetanus-diphtheria vaccine is available to adults.

Paris Junior College's production of Amahl and the Night Visitors will feature college music and drama students along with some area talent, said Ray Karrer, director for the Christmas presentation. The colorful production of Gian-carlo Menotti's one-act opera will be presented Dec. 6, 7 and 8 in the Theater at PJC.

Reuel Swint, a sixth grade student at Cecil Everett Elementary School, will play Amahl, the crippled

shepherd boy whose life is changed forever the night he sees the three Kings.

Portraying his poor widowed mother will be Amy Hiner, PJC music student from Rockwall. David Smith, who plays Kasper, is a former Paris High School music and drama student.

Also a PHS graduate, Aubrey Robertson is a music major at PJC and played the lead in the musical, Robber Bridegroom, last year. He will portray Melchior in Amahl and the Night Visitors. Tim McNeil, who will be Balthazar, is a graduate of Pine Tree High School in Longview.

Dancers for Amahl and the Night Visitors will be Chance Dawson and Andy Pryor of Clarksville, Melissa Thompson of Hugo.

Members of the shepherd's chorus will be Jeff Stone of Pattonville and Tim Wood of Bogata.

Tickets for the play, to go on sale November 25 in the College Store, are \$4 for general admission, \$2 for students and free to PJC students.

The featured highlight on Sunday's program will be a performance of George Frederick Handel's best known and loved work "The Messiah".

The Northeast Texas Community Chorus, conducted by Dr. Ron Clinton, is a group of 45 of the finest singers from the Northeast Texas area.

Gordon-Farr Exchange Wedding Vows

Miss Kristy LuAna Gordon became the bride of Patrick B. Farr in a formal double ring ceremony at 7:30 o'clock Saturday evening, November 30, in the Church of Christ, Highway 82 West, Clarksville. Gene Wolfe of Hurst, former minister of Northside Church of Christ in Bonham, officiated.

The bride is the daughter of Mr. and Mrs. George G. Gordon, Route 1, Deport, and the granddaughter of Mr. and Mrs. Leonard Massey. The bridegroom is the son of Mr. and Mrs. George Xenos of Bonham. His grandparents are Mr. and Mrs. Al Kreutzer of Bonham.

Mrs. Howard Dunham presided at the register in the church foyer. Miss Jennifer Dunham handed each guest a keepsake book marker.

A capella music was presented by Miss Angela Latimer who sang "Surround Me With Love" and "God, A Woman, and a Man". Alvis Dunlap sang "Always and Forever" and "Today My Love". Mr. and Mrs. Bob Buckel sang "Perhaps Love" as the processional for the bridal attendants, "With This Ring" during the ceremony and "Father, Hear This Prayer We Offer" at the close of the ceremony. Miss Latimer sang "Up Where We Belong" as the recessional. The bride entered to "Take My Hand" sung by the bride and groom. Gerry Allen read "Desiderate".

The aisle to the altar was lighted with hurricane lamps tied with burgundy ribbons. The altar was banked with fresh ferns, psalms, two oval 15 branched candelabras and two three-tiered candelabras holding burgundy candles. The focal point was three matching pedestals holding white Grecian urns filled with Boston fern. Lighting the altar area where the couple pledged their vows, was a grouping of hurricane lamps. Two matching seven-branched candelabras lighted the steps to the altar.

The bride, escorted to the altar and given in marriage by her father, wore a gown of white satin overlaid with sherr lace. The empire waistline formed a soft point at the back and the Queen Anne neckline was outlined with lace. The fitted bodice was trimmed with sequins and pearled lace medallions, and lace medallions accented the dip to the back waistline. The sheer, full sleeves were caught to a cuff and were decorated with lace and lace medallions. The slightly flared skirt was edged with lace and formed a train. The bride's fingertip veiling of illusion was caught to a garland of white chiffon flowers with a pouf of illusion and was edged with lace and lace medallions. She carried a cascade bouquet of roses, enchantment lilies and French carnations tied in ribbons and white lace. Tucked into the bouquet was a wedding handkerchief given to the bride by D.R. Nethery of Port Angeles, Washington.

Mrs. Johnny Robertson of Bogata, sister of the bride, was matron of honor and Beth Gordon of Clarksville, also a sister of the bride, was maid of honor. Bridesmaids were Marian Xenos of Texarkana, step-sister of the groom, Mrs. Jerry Kountz, sister of the groom, Mrs. Ronnie Latimer and Pam White, all of Bonham, Ms. Jane Kizer of Greenville, Annete Swaim of Houston and Staci Brooks of Paris.

The attendants wore formal length two-piece mauve satin gowns designed with a batequ neckline in front falling to a low drape in the back. The batwing sleeves tapered to the elbow and the loosely fitted bodice pulled in at the waistline with a wide self belt forming a softly gathered peplum. The slencer skirt featured a side pleat. Each wore a single strand of pearls, and each carried a burgundy candle surrounded with mauve roses, French carnations and azaleas tied with grey, navy and mauve ribbons. Each wore matching silk flowers in her hair.

Chay Robertson of Bogata, the bride's niece, was flower girl. She wore a long dress of mauve satin with a high band neckline, leg-o-mutton sleeves, gored skirt with a ruffle and a cummerbund.

She carried a pale mauve basket decorated with darker mauve and gray flowers tied with mauve ribbons.

Michael Noirris of Bonham was ringbearer.

Wayne Watson of Bonham served the bridegroom as best man. Groomsmen were George Xenos, step-father of the groom, Ronnie Latimer, Mark Daniel and Jerry Kountz, all of Bonham, Ken McIntosh of Mesquite, Johnny Robertson of Bogata, Howard Dunham and Kenny Backus both of Clarksville.

Ushers were Bart Dunham and Darrell Dunham of Clarksville.

Candlelighters were Stacy Latimer of Bonham and Wyatt Bowden of Clarksville.

The bride's parents were hosts for a reception in the fellowship hall of the church following the ceremony.

The bride's table was laid with a white knit cloth covered with lace draped at intervals with white chiffon flowers and white lace ribbons. The appointments were of silver and crystal with a centerpiece of burgundy and mauve carnations in a stemmed crystal bowl. The bride's three-tiered colonade cake was decorated with white icing, fresh mauve roses with streamers of mauve ribbons and topped with a porcelain bride and groom. Punch was served from a silver punch bowl. Serving were Mrs. Bob Buckel of Gainesville, Mrs. Mike Wrinkle of Lubbock, Mrs. David Goodwin of Bonham and Mrs. Joe Kelsey of Bogata.

The groom's table was covered with a burgundy cloth. It held the silver coffee service, the groom's chocolate cake, nuts, mints, a centerpiece of a crystal lead fish supporting a burgundy candle tied with a navy bow and cascading English ivy. Serving were Mrs. Wayne Watson, Sherman, Mrs. Mark Daniel and Mrs. Jay Grizzle of Bonham and Tonya Cooper

of Clarksville.

Other members of the houseparty were Mrs. Ruby Bagwell, Mrs. Graham Ballard, Mrs. Kenneth Shelton, Mrs. Tom Collins, Mrs. Lewis Bartlett, Mrs. Lawrence Bell, Mrs. Marshall Warren and Mrs. Billy Ervin, all of Clarksville and Mrs. K.C. Winn, Jr. of Athens. Miss Paige Bowden and Miss Lauren Bowden of Clarksville distributed rice bags.

The bride is a graduate of Rivercrest High School, Paris Junior College and Abilene Christian University. She received her master's degree from East Texas State University and is a speech and hearing therapist in the Bonham Independent School District.

The bridegroom is a graduate of Collinsville High School, served in the United States Air Force and is

employed at the Veteran's Administration Center in Bonham.

Following a wedding trip to Oklahoma and Arkansas, the couple will make their home in Bonham.

Mr. and Mrs. George Xenos and Mr. and Mrs. Billy Ervin were hosts for a dinner Friday evening in the fellowship hall of the church following the wedding rehearsal. The groom presented gifts to his attendants.

A bridesmaid's luncheon honored Miss Gordon Saturday morning in the home of Mrs. Bill Jennings in Clarksville. Rice bags were made, and the honoree distributed gifts to her attendants.

Assisting with the luncheon and rice bag party were Mrs. Bob Buckel of Gainesville, Mrs. Rick Morgan of Abilene, Mrs. Johnny Robertson of Bogata and Beth Gordon of Clarksville.

Red River Water Supply Closes Loan

Officials of Red River County Water Supply Corporation and Farmers Home Administration had their formal closing of the FmHA financed \$1,042,600 loan. Representing Red River County WSC were Gene Wartham, president; Paul Hammer, vice-president; Dalton Moore, secretary-treasurer and directors Herman Lawler, Teddy Jones and Earl Humphrey; manager George Harvey and Supt. Henry Hoosier. Representing FmHA were Robert C. Toon, district director and Charles R. Cooke, Assistant director. According to Toon, FmHA director, Mt. Pleasant, FmHA and the Red River County WSC have been working as a team since 1966, in a joint effort to serve the rural communities of Red River County in providing water service. Toon stated that back in 1966, the residents of the rural communities were not served from a central water system, and that at that time, water for household and

livestock use was secured from shallow wells, cisterns and ground surface tanks. Since local rainfall is seasonal, there were times of the year when those sources were inadequate in quantity and quality to afford an adequate or safe source of water. Toon went on to say that through the dedication and efforts of concerned members of the corporation, they have grown from their first FmHA loan of \$625,000 in 1968 to serve approximately 480 families to the present FmHA loan, which will enable the corporation to serve approximately 1,475 families.

Work Planned To Protect Roads

While Texas' roadways are suffering under the winter's storms, highway department engineers are already planning work that will help protect road surfaces next winter.

The State Highway and Public Transportation Commission approved a \$2.3 million seal coat contract for nearly 60 miles of roadway in five northeast Texas counties. The contract was awarded to Duinick Brothers and Gilchrist Company and is funded through the highway department's safety and betterment program, which received a boost recently when highway funding was increased.

Seal coat preventative maintenance programs provide a protective layer of asphalt over the highway's surface, according to Billy Rogers, a highway department design engineer. The procedure helps

prevent the formation of potholes, which occur when the ground under a highway surface freezes and expands.

More than 15 miles of highway in Lamar County, eight miles in Hopkins County, 11 miles in Franklin County, approximately three miles in Fannin County and nearly 20 miles in Red River County will be included in the project. Several miles of US 271, US 82 and Texas 37 are the primary roadways to be coated.

Roy Tomblin, an engineering technician with the Paris highway district, said the roadways were among the more heavily traveled arteries in the area. A number of people commute to major firms in Paris along those highways, he said. Tomblin said the project will be completed between April and July of 1986.

Drivers Ed Course Set

Paris Junior College's next driver education course will begin Monday, Jan. 6, but reservations for the course are due Dec. 20 when PJC closes for the Christmas holidays.

The course was held in October and November, but no December classes were scheduled because of the holidays, said June Jones, director of community services. Driver education includes required classroom hours, observation and driving hours needed to obtain a driver's license. It is open to anyone 15 years of age or older, Mrs. Jones said.

Classes will be held from 4 to 6 p.m. Monday through Friday, beginning Jan. 6 in the Alford Center at PJC. The course includes 32 hours of classroom instruction, and observation and driving is scheduled with the individual student. Fee is \$145.

Instructor is James E. Jones, retired Paris Independent School District driver education instructor.

Reservations must be made by paying the fee in the Alford Center at PJC by Friday, Dec. 20. Checks payable to PJC may be mailed to the Community Services office, PJC by that date. Classes are limited so reservations should be made early.

Other classes are scheduled to begin the first of each month. More information may be obtained by calling 784-9445 or 784-9447.

Christmas Opera To Be Presented At PJC

Amahl and the Night Visitors, a colorful production of Gian-carlo Menotti's one-act opera will be presented by the Paris Junior College Fine Arts Division on December 6, 7 and 8, according to Ray Karrer.

The production is scheduled for 7:30 on Friday and Saturday and at 3 p.m. on Sunday in the Theater for the Performing Arts at PJC. Tickets are priced at \$4 general admission and \$2 for students except PJC students who are admitted free. They go on same Nov. 25 in the College Store.

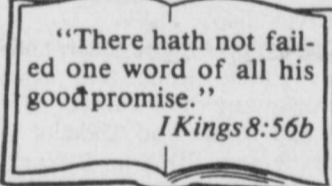

The well known opera concerns the Three Wise Men's unscheduled visit in the home of a crippled shepherd boy and his poor windowed mother. A heart-warming production, it has been viewed by millions since the first NBC performance on Christmas Eve of 1951.

"I decided to present the Christmas story this year because the college has

quality drama students who are capable of filling the roles," Karrer explained. "It is a challenging score and a wonderful Christmas story for children and adults alike."

Karrer will be the director, and Lon Chaffin will direct the orchestra and chorus for the production. John Wright is scene and technical director, and Jennie Vaughan is rehearsal accompanist. A 10 or 12 member orchestra will be composed of community residents and professionals.

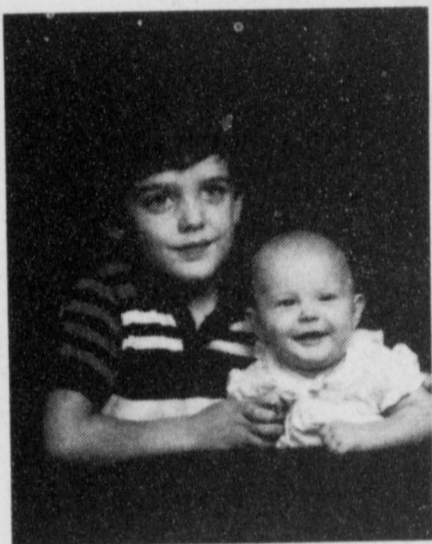

PJC and North Lamar High School students will be chorus members and dancers.

S&WCD Accepts Teacher Nominations

Nominations are being accepted for the national "Conservation Teacher of the Year" awards program according to James E. Pearce, Chairman of the Red River County Soil and Water Conservation District. The competition is open to all full time teachers working at the kindergarten through high school level who have developed an outstanding program of conservation education.

The National Conservation Teacher of the Year will receive \$1,000 in cash and an expense paid trip to Reno, Nevada for the 1987 annual convention of the National Association of Conservation Districts. The national second place winner will receive a \$500 cash award and the first place regional winner will receive \$200.

Co-sponsored by NACD and the Deutz-Allis Corporation, the purpose of the awards program is to encourage the development of creative learning experiences in conservation for young people. "Any teacher in a public or private school in our conser-

vation distrit who puts emphasis on conservation as a regular part of the instructional program is eligible for nomination," said Pearce.

Interested teachers can obtain additional information and nomination forms from the Red River County S&WCD, phone 427-2975. The awards program also honors the conservation districts judged to have provided the most effective stimulus and help for conservation education programs within the district.

Farm Homesteads Protected From Foreclosure By Certain Creditors

By Paul D. Payne
Texas is the only state with homestead laws that protect rural homesteads from foreclosure by general creditors. But the protection is limited by the type of debt owed and to a specific quantity of land.

A rural homestead of no more than 200 acres is protected from foreclosure from debts other than those for the actual purchase of the property, taxes and permanent improvements.

The homestead provisions of Texas law will not protect the home from attachment, execution and forced sale for the payment of debts arising from all or part of the purchase money for the homestead, property taxes, or mechanic's liens for work and material used in constructing improvements on the homestead.

The occupant-owner of the homestead cannot increase the "burden" or amount of the outstanding loan on the homestead. The owner may refinance the homestead property when interest rates become more favorable, but the outstanding balance of the note can be increased only if the extra money covers the cost of improvements, property taxes or refinancing costs.

The protection extends throughout the lives of both spouses and to the minor children and unmarried children remaining with the family of the deceased while they continue to use and occupy the property. Single adults living together, however, cannot claim homestead rights.

These rights also insure that one

spouse cannot sell the homestead without the other's consent. Therefore, both spouses must sign a deed to convey the homestead regardless of whether it is separate or community property.

As a general rule, once a homestead is established it continues until another is acquired. To switch a homestead requires a physical change of residence accompanied by

an intent for the new residence to become the new homestead.

During the farm crisis, homesteads will be protected from general creditors under Texas laws. However, the protection is not available from the creditor loaning the money to purchase the homestead property. For answers to questions about homestead laws, contact a financial institution or an attorney.

Rabies Precautions Should Be Taken

There has been an increase in the number of rabies cases reported in East Texas counties, including Red River and Lamar, during the fall of 1985 in both wild and domestic animals. Skunks and bats are the primary reservoir in the wildlife population. In order to decrease the possibility of exposure to the human population it is essential that all dogs and cats be vaccinated against rabies as these vaccinated animals will serve as a buffer zone between humans and the threat of rabies in the wildlife reservoir.

The State of Texas requires that all dogs and cats 4 months of age and older be vaccinated and they must also receive a revaccination annually thereafter. This is the best protection that a pet owner can give to his pet and to his family. A recent state law also prohibits the sale and administering of rabies vaccine by anyone except a licensed veterinarian. In the event of human exposure to a rabid animal we fortunately have a highly effective and safe human rabies vaccine that is maintained by the Texas Department of Health. This new vaccine replaced the previously used "Pasteur treatment" which required a series of shots in the stomach. When an individual is exposed today and treatment is recommended by the physician, a person should not become alarmed with many of the older stories about rabies treatment and its associated pain. This new product is greatly improved.

There are many things that the individual citizen can do to prevent exposure to rabies and the necessity for having to undergo post-exposure treatment. Some of these are: report all animal bite cases to the Local Health Authority immediately; confine all dogs or cats involved in bite cases so they may be observed for 10 day quarantine period; wild animals should be immediately submitted for testing to determine if in fact the animal actually had rabies; they should never be quarantined; if the animal is to be destroyed do not damage the brain to interfere with laboratory diagnosis and a fresh refrigerated specimen is necessary. In the event of potential exposure to rabies, thorough washing of the bite area with soap and water is a highly effective measure of minimizing exposure. All of these precautions may be helpful in preventing unnecessary anti-rabies treatment.

Your local physician, veterinarian, health department or animal control officer should be contacted for any additional guidance concerning both human and animal exposure to rabies.

Cross-Country

The first persons to drive from San Francisco to New York City in an automobile were H. Nelson Jackson and Sewall K. Crocker, says National Geographic World. The trip, which they made in 1903, took 63 days.

The American Red Cross was originated in 1881 by Clara Barton, who became the first president.
