AMONG THE CHURCHES

B. W. M. Workers

The Society met Monday eve at 8 o'clock and after a short business session Bro. Sams gave an interesting and instructive lecture on the "Song of Solomon." It was voted to ask Miss Blanch Walker of Abilene, our missionary from China, to meet with us next Monday evening in a "prayer program." Let us all be there every time possible. When we contemplate God's love, what is all we can render to Him, but like the dust of the balance weighed against the world? When you stretch your views to eternal life, what is mortal life but the twinkling of an eye? And what the sorrows of time, but like a drop of grief compared with an ocean of delight? Then let us put forth our every effort to promote God's cause and prove to the world what this great and Holy Jesus is to us. "Come now, be His in every part, Nor give Him less than all your heart; And when the closing scenes prevail, When wealth, state, pleasure, all must fail; All that a foolish world admires, Or passion craves, or pride inspires, At that important love of need, Jesus shall prove a friend indeed." PUBLIC SCHOOL ITEMS

Unders:

The crowded condition in the primary grades of the public school makes it impossible for the teachers to accommodate the "unders" (pupils who were under seven years of age the first of September) whose parents desire to send them.

Enrollment:

The present enrollment in the Haskell schools is larger than it has been for several years. The average town enrolls only about eighty per cent of the scholastic enumeration. The enrollment in the schools is twenty more than the scholastic enumeration and prospects indicate that the enrollment this year will be one hundred greater than the scholastic enumeration.

A Plea for Regular Attendance:

The teachers wish to urge parents to send children to school regularly. The pressure of work (cotton picking) and the prevalence of sickness the first part of this school year has made the attendance very irregular. More than one-third of the total enrollment has been absent one-fourth of the time. This makes it impossible for teachers to render effective service.

Mid-Year Entrance:

A number—a large number—of pupils are entering school the middle of the scholastic year. Parents of such pupils should not expect the pupils to try to do a full year of work in one-half year. School work is not conducted like it used to be conducted. A few years ago a pupil was supposed to make a grade each year regardless of the number of days he attended each year. Good schools now consider it impossible for a normal child to do a year of work in one-half a year of time.

Probable Graduates of This Year:

The following will probably graduate from the Haskell High School this year: Messrs. Alfred Pierson, Clinton Johnson, Frank Curry and James Williams; Misses Effie Nela Long, Laura Lee Langford, Alice Killingsworth, Earna Lamm, Linnie Lamm, Olive Meadows, Frances Sherrill, Carrie Sherrill, Mamie Hamilton, Anna Mae Hancock, Effie Roberts, Artie Belle Cummins, Elsie Tyson, Eunice Huckabee and Willie Veasey.
This will be the largest class in the history of the Haskell High School.

To The Citizens of Haskell County:

I opened up Haskell's first jewelry store November 5, 1885, and I wish to thank you for your liberal patronage, for I appreciate it, and will endeavor to make it to your interest to continue same. I have never regretted locating in Haskell, one of the finest counties in the state, with plenty of wood and water and good rich land and I know the citizens can not be beat for honesty, morality and thrift.
Wishing for you all health, wealth and a "Happy New Year" for 1915, I am
Most respectfully,
W. H. Parsons.

OUT-OF-TOWN GUESTS ENTERTAINED

One of the most delightful gatherings of the Holiday Season was held last Wednesday afternoon, December 29th, at the home of Mrs. J. U. Fields. The occasion was a reception tendered by Mrs. Fields and Mrs. Murchison to their out-of-town guests. And these charming hostesses demonstrated to their many friends that a reception can be made a most delightful affair.

More than a hundred ladies passed the receiving line after being ushered in by Mesdames Cahill, Hollis Fields, Garrett and McFatter. The guests were then assisted into the dining room by Mrs. Rike and Mrs. Posey, where delicious cream and cake were served by the following ladies: Mesdames P. D. Sanders, Roy Shook, Clarence Lewis, Will Killingsworth and Miss Duline Fields.

The already attractive home of Mrs. Fields had been further beautified for this occasion by charmingly arranged decorations of Christmas bells, garlands and poinsettias, and the subdued light of many candleabra gave additional charm to its interior.

The hostesses had provided for each guest pretty favors of red velvet poinsettias, which were pinned on them as they departed by Mrs. Courtney Hunt and Miss Mae Fields.
Following is a list of the guests of honor: Miss Byrd Roebuck, of Frost, Texas, Miss Murchison, of Bastrop, Texas, Mrs. T. J. Trigg, of Bastrop, Texas, Mrs. Geo. Dean, of Gause, Texas, Mrs. B. A. Turk, of Hillsboro, Texas.
A Guest.

MAGAZINE GAVE RECEPTION

The Magazine Club, to show its much appreciated courtesy to its many friends, kept open house on New Year's afternoon. The charming president, Mrs. J. U. Fields, and the two popular presidents, Mesdames Long and Murchison, extended a cordial welcome to the many visitors as they passed into the Club room, tastefully and artistically decorated in Christmas colors, poinsettias, New Year bells and pot plants, and lighted by the soft mellow light of candles. All the Club ladies acted as assistant hostesses and happily entertained the guests.

The melodious strains of a Victrola formed an attractive musical setting for the entire afternoon. A piano was delightfully rendered by Mrs. Murchison. Mrs. Buford Long, in her inimitable sweet voice, sang several selections. Mesdame Courtney Hunt, Barron and Hollis Fields gracefully poured chocolates as delicious sandwiches were passed in handsome sandwich baskets by Mesdames Lewis and Couch. Mesdames English and Williams planned merry little New Year's bells on all the visitors. The event of the afternoon was the splendid address of the president, in which she gave not only a word of formal greeting but spoke enthusiastically of the work of the Club. She told the visitors how anxious the Club was to be of real service to the public, explaining that all these undertakings were dependant upon the responses of the public, and that the library is a public library if only the public would make it so. She mentioned some of the works of the Club in the past, briefly alluding to the "Better Baby Contest" and the weekly story-telling period for children. She urged the visitors to examine the books, especially the collection for children. The occasion was an enjoyable one, and the friends, on departing, expressed deep appreciation for the hospitalities of the Club ladies, pledging them a more active and a heartier cooperation during the year of 1915.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. Mother! the Child Is Costive, Bilious

Don't hesitate! A laxative is necessary if tongue is coated, breath bad or stomach sour

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little ones liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

HASKELL, TEXAS, Jan. 9, 1915.

The raising of cotton and big families has ruined the tenant farmers of the south. More grain and hogs, cattle, horses, mules and poultry is the only solution to a broken-down condition in the south.

Credit to the cotton farmer is getting to be a thing of the past. There is a good season in the ground and all kinds of grain is going to command a big price next year. It is too late to sow

wheat, but oats sown as late as the 1st of March will pay. Mr. Tenant Farmer and Mr. Landlord, you had better use some of your brain next year and give cotton a rest. Wheat is selling at \$1.30 per bushel on the seaboard. Those who have wheat to sell, are going to have some money in the bank. Cotton may be as low next year as it is now.

The newspapers report that the big plants in the north that were shut down when the big war came on, are now opening up and many thousands of laborers are being put to work. It is to be hoped that the long wished for wave of industry and prosperity, is here. The railroads are becoming more prosperous, and will begin to make improvements.

We saw a man with a sample of cotton Tuesday, and the best offer he had was three and a half cents. He said that at that price he only had a profit of four dollars after paying the rent, ginning, wrapping and picking. He had nothing for cultivation, hauling and marketing. We figured that two turkeys would produce more profit than the bale of cotton, and we might have figured that one turkey would have been more profitable than the bale of cotton.

The European war has greatly protected the infant industry of this country. It has proven better protection than the highest republican protective measures. The imports are the lowest in proportion to exports they have had in years. We always have wars and their advantages under a democratic administration. We notice too that the Wilson administration is maintaining a high price for all farm products except cotton, and Gov. Colquitt has intimated that if he was president he could fix the cotton. He may tell the admin-

stration how it can be done, before all the cotton has passed into the hands of the speculators. He intimated not long ago that it was a great misfortune that he was not president. If Mr. Radford and Mr. Lewis would try to do so, we believe they can induce Gov. Colquitt to tell them in confidence how England can be made to pay 20 cents per pound for the farmers cotton and take it in the patch.

Notice to State and County Tax Payers.

The time limit for paying 1914 taxes, without any penalty, expires at the close of the 31st day of January, 1915. After the 1st day of February, 1915, an additional penalty of 10 per cent. is automatically added, and the tax collector has no authority to cancel this penalty. So please call early, avoid the rush and save this extra cost.

Respectfully,
H. H. Langford,
Your tax collector.

Make Thousands of Dollars by Picking Scraps of Time From the Waste Basket.

Abraham Lincoln would split rails all day in the forest and then after his day's work was finished, would walk five miles to borrow a book to study and improve himself. It is said of George Washington that in answer to a question of his mother as to why he studied so late at night, replied that it was working out the destiny of his country.

There are hundreds of young people today who are leisurely gaining a practical education, but for one reason or another they can not leave to secure it, so they drag along from one year to the next in the same old rut. There are hundreds of others that are availing themselves of the opportunity offered by the correspondence department of our College, saving their leisure moments and investing them in an education that will mean thousands of dollars to them in the coming years.

You say that you are not able to take a course, but the person who can least afford it is the one who needs it most and should have it by all means at any sacrifice; it don't cost much.

Young friend, why not take advantage of this opportunity and gain a business education by using your moments that would otherwise be wasted? Why not spend an hour of the long winter evenings after nightfall qualifying yourself with a knowledge of the famous Byrnes simplified shorthand, practical bookkeeping, typewriting, arithmetic, grammar, writing and telegraphy, for which the business world will pay you cash?

YOUR KIDNEYS

Haskell Residents Must Learn the Importance of Keeping Them Well.

Perfect health means that every organ of the body is performing its functions properly.

Perfect health cannot be enjoyed if the kidneys are weak and disordered.

Thousands testify that Doan's Kidney Pills have a reviving action on weak kidneys.

What this remedy has done in so many cases of this kind is the best proof of its merit.

Read the following. It's testimony gratefully given by a resident of this locality:

Mrs. E. D. Jones, of Stamford, Texas, says: "I had severe pains across the small of my back and in my sides and I knew that they were caused by weak kidneys. I highly recommend Doan's Kidney Pills to do just as advertised."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jones had. Foster Milburn Co., Props., Buffalo, N. Y.

Ever Salivated by Calomel? Horrible!

Calomel is quicksilver and acts like dynamite on your liver.
Calomel loses you a day! It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.
When you feel sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

A Bad Case of Nasal Catarrh Cured By Pe-ru-na.

That any case of nasal catarrh can be cured by an internal medicine is denied by some. Only a glance at our files would be necessary to convince any sane person that catarrh can be cured by the internal use of Peruna.

Mrs. Victoria Pickel, of Columbus, is a case of this sort. She had nasal catarrh very badly, and was cured by Peruna. We will let her tell her own story. Mrs. Victoria M. Pickel, 130 E. Mound Street, Columbus, Ohio, writes:

"I have been using Peruna for catarrh, having had a very aggravated case, so bad that it clogged the nasal organs. When I did get the nasal organs opened, the mucus would drop into my throat and make me very sick.

"A friend advised me to take Peruna, and after using four bottles I was cured. I have no trouble now, and am happy to say that I am enjoying the best of health and attending to my lodge duties, being a member of the Rebecca Lodge of Odd Fellows.

"I would recommend Peruna to those suffering with the same obnoxious trouble."
