

# Local Sales Taxes Vary Up And Down

State Comptroller Bob Bullock Friday sent checks totaling \$107.7 million in local sales tax payments to the 1,026 cities that levy the one-percent city tax.

Bullock said the monthly allocations were down 14 percent in August compared to a similar period last year.

Smaller checks to some cities reflect a downturn in the Texas economy, he said.

Houston received the largest check,

\$17.3 million, bringing Houston's total 1986 payments to \$99.6 million down four percent over last year. Dallas' check for \$13.6 million pushed its total to \$73.5 million this year, a four percent decrease over 1985.

San Antonio's payment of \$7.1 million increased its 1986 total to \$39.3 million, up three percent. Austin received \$5 million for a total of \$29.1 million a three percent decrease over 1985 payments.

For Worth's check for \$4.2 million brought total payments to \$24.2 million five percent over last year's payments.

Bullock also sent check totaling \$50.1 million to the state's six Metropolitan Transit Authorities.

August checks represent taxes collected on sales in June and during the second quarter and reported to the Comptroller by July 20.

On a local level, Titus County, Mt.

Pleasant received \$120,837.18, compared to \$127,728.01, bringing 1986 payments to \$722,540.96, a 3.33 increase over last year.

Talco received \$2,224.28, down from the \$3,382.84 of last year. Payments so far this year total \$13,823.02, a 13.95 percent drop from last year.

In Red River County the city of Clarksville received \$22,117.80, down from \$23,468 at this time last year.

This year's total is at \$137,518.61, up 5.42 percent over last year.

Bogata received \$4,203.06, up considerably from the \$2,291.22. Total to date this year is \$22,069.86, up 42.28 percent over this period last year.

Detroit received \$871.51, down from \$1,639.17 last year. The total to date is \$6,273.26, up 2.42 percent from last year.

Lamar County reports Blossom receiving \$1,540.90, close to the

\$1,598.58 last year. Total to date is \$9,373.11, a slight decrease of .19 percent from last year.

Deort received \$2,083.94, up from \$1,704.95 last year. To date they have received in 1986 7,338.58, a decrease of 4.42 percent on the overall total this year.

Paris has received \$247,187.12, a decrease of \$258,186.00 from the same period last year. They have experienced an overall gain of .69 percent.

We've done it again. It happens. I suppose to everyone, but I'll swear that this year has been the "worst". Summer is essentially over. If you don't believe it, just because the thermometer is still sky high, take a look into the sky. There are hawks there...the first since they left in the spring.

Take a look under the trees...there are leaves falling.

Take a look at the pecans...they are getting almost ready. Of course, fall means school starting...like in two weeks.

And I, as usual, am left wondering where in the name of heaven summer time went.

Normally we have a lull in mid-July or so where we really have to scrounge for news items and photos. Where we get through early on Tuesday and Wednesdays, go home and say...boy, that was smooth.

Not so this summer. It seemed there was always more to do than usual.

Little kids protest that summer can't be over...they aren't through playing yet.

Adults wonder when they are going to work in vacation time...they haven't gotten around to it yet.

Football workouts...band practice...cheerleader practice...all those many activities that make life busy for young adults and their parents both have started.

Soon the air conditioner will be off, and it will be time to think about wood piles or big gas bills!

It just doesn't seem possible.

As usual, there is a muffled feeling of panic at all this. Where has life gone...where am I going...can the year's just keep on sliding by this way?

Of course they can...they always have. Every year most of us go through these same things.

Some things got done, others didn't. Now we can begin our yearly list of "Things we need to get done during fall."

That will be replaced shortly by "Things that HAVE to be done before Christmas". Followed by that famous "Things we do during winter".

Oh well, what the heck, everything didn't get done in summer, it won't in winter. It's simply part of the flow of time...the natural part of life that is usually unexpressed, but occasionally rears up it's head and says "Hey, where did SUMMER GO...!"

No use worrying about it...now lets see, where did I put that list of stuff I had planned to do this fall?

## Talco-Bogata School Year Brings Changes, Activities

With school starting September 2, 1986 at Talco-Bogata, it is time to begin thinking about football and all the other activities that involve our young people. This year promises to be a very good year for the Talco-Bogata school system.

The coming of a new year brings about a few changes in assignments of personnel. James W. Smith has moved to Rivercrest High School as principal and Frank Stubblefield has taken Mr. Smith's place as the Bogata (K-8) principal.

Some teachers have also been re-assigned or transferred to a different campus. Among these changes are: Mrs. Bonye Gage (Home Economics), Mrs. Larann Denison (Math), and Mr. Randy Copeland (Health and Coach) will be moving to the Rivercrest High School campus as a part of that faculty. Another change in assignment was Mrs. Gail Hervey's assignment at Bogata where she will be teaching 4th grade for the coming year.

New to our system are: Mrs. Janice Grisson (2nd grade), Mr. Walter Mayfield (Math), Kenny Slawson (Coach and Social Studies) at the Talco campus.

At Bogata the new people are: Mrs. Elizabeth Copeland (1st grade), Mrs. Leslie Martin (Jr. High Math), Mrs. Ginger Foster (6th grade), Mr. Ronny Ross (Coach and Social Studies),

and Mrs. Lola House (3rd grade). There is one new teacher at Rivercrest, Jimmy Rogers who will be teaching wood shop.

Talco-Bogata's Superintendent Harold Cowley also announced the calendar for the 1986-87 school year as follows:

- August 25, 26, 27, 28, 29, Teacher Inservice Training.
- September 2 First Day of School.
- October 10, End 1st Six Weeks.
- November 21, End 2nd Six Weeks.
- November 27-28 Thanksgiving Holidays
- December 27-28, through January 2, Christmas Holidays.
- January 16, end third six weeks.
- January 19, Teacher Workday.
- February 27, End 4th Six Weeks.
- March 16-20, Spring Break.
- April 17, End 5th Six Weeks.
- May 28, End 6th Six Weeks.
- May 29 Teacher Workday.
- June 1 Teacher Inservice Training.
- June 2 and 3, Bad Weather Days (If Needed)

The Talco-Bogata Schools will hold the first day of classes for the 1986-87 school year on Tuesday, September 2, 1986. Breakfast and lunches will be served in the cafeteria.

Rivercrest High School Principal James Smith stated that the buses will make their regular runs on Tues-

day morning with students remaining in school the entire day. Students should be ready and waiting for the bus a little earlier than usual. It will probably take one or two days to establish regular times for each bus route. Should the bus fail to pick up a student for any reason, please contact the appropriate building principal.

Students living more than two miles from their assigned campus and who are new to the district may contact the office at Rivercrest High School 632-5204 for information regarding bus routes during the week of August 2-29.

Principals Billy Joe Vickers at Talco and Frank Stubblefield at Bogata want to remind parents that all students entering Kindergarten must be five years of age on or before September 1 of the current year. Students entering the 1st grade must be six years of age on or before September 1st of the current year.

Kindergarten students must furnish a birth certificate before being enrolled. First grade students who did not attend Kindergarten the previous year or who are enrolling in the first grade for the first time in the district must furnish a birth certificate.

## Sheriff Uproots Marijuana

About three hundred and sixty-five LETTERS

Dear Editor,

While catching up on some back issues of Texas Highways magazine I came across this article about state food, gem, etc. in the April, 1986 issue.

As I had read your article only the day before, I thought it a timely accident. It seems chili was officially named our state food. So now we both know. We enjoy the paper.

Mrs. James Grayson  
Houston, Texas

Mrs. Grayson's kindness in sending the article from Texas Highways revealed that the state stone is petrified palmwood, the state flower, as most of us know, is the Lupinus Subcornosa, the bluebonnet; the state gem is the Topaz; the state grass is Sideoats Grama; the state tree is the pecar; the state song is "Texas our Texas", and, yes, chili is the state dish. The article under the photo of a steaming bowl of chili reads: Despite protests from the barbecue lobby, the State Legislature proclaimed chili the state dish in 1977. Texans have thousands of secret chili recipes, each believed to be better than the last. Chili cooking competitions are held from El Paso and Terlingua to Port Aransas and Silsbee.

Thanks, Mrs. Grayson!

marijuana plants were confiscated by the Red River County Sheriff's Department Tuesday afternoon.

The plot was discovered with the

LOW TIDE in the bay of Fundy, New Brunswick, is the lowest, and the highest in the world. Boats are tethered by long ropes and rest on

help of the Department of Public Safety helicopter, in areas south of Deport on Highway 410 to Cunningham and east of Bogata.

No arrests have been made.

## Bogata City Council Hears Reports

The Bogata City Council met in regular session Tuesday night, August 12, 1986.

The HUD report was given by Worth Hood. The council voted to pay 90 percent of payments of \$11,960.00 to Dewey Wilbrun, Contractor, and \$11,968.00 to Ed Dickson Contractor.

Hayter Engineering Co. reported that the Johannson Construction Company is 57 per cent completed. The council approved payments of \$50,140.86 and \$5,661.51 for water improvements and \$4,149.80 EPA sewer service.

The council approved payments of \$8,000, and \$41,213.25 to Barney Bray Inc. Also approved by the council was payment for the foundation of the elevated tank of \$10,125 to Caldwell, Inc.

City Marshall Ted Byndas reported the power drain on the city marshall's vehicle has not been fixed and that the

cost for a prisoner in jail at Clarksville will be \$10 to \$15 per day.

The council moved to institute proceedings to file lien against the owner of the Jesse Day lots for refusal to hook up to city sewer.

City interim, Tony Mauldin reported that the city needs a welding and cutting torch rig, that street work is in progress and that plans are to keep on as long as weather permits and money is available, that tests at the sewer plant are improving, that 10 water leaks were repaired, that maps are being prepared and brought up to date on water and sewer lines, and that B and D Trash Service is not cleaning out dumpsters.

The council agreed to put water on the land of Carlton Stanley property that is in the city.

The alley behind the stores and Post Office was discussed. Cost and methods are to be investigated for later discussion.

## Fishing, Coal Mines In Nova Scotia

By Nanalee Nichols

As the heat beats down, meories of vacation become even more appealing. On the third day out from Bangor, Maine, Thomas and I discovered that folks up there just don't understand about heat.

Speaking to some folks on the parking lot outside our motel, they said "Boy, it's really hot today, it's a shame it isn't pleasant for you while you are up here."

Hot? It was 82 degrees! Of course, in the depths of winter it gets down to about 30 or 40 below zero, so it all balances out.

Continuing to follow the ever-present shoreline we were fascinated by what is essentially another world. Boats of every size and description crowd the shore, lobster traps are piled up high by the hundreds, brightly colored buoys, as individual (and respected) as cattle brands, are tied to the sides of the traps.

Lobster can be bought from tin sheds on the sides of the road, and fresh seafood and fish is more common than barbecue around here.

A tour of an experimental blueberry station yielded harvesting and cultivation information, plus a driving tour of acres and acres of the beautiful blue berries. A quick stop on the side of the road can pick a few handfuls for snacking, while the hills often look frosted blue with the plentiful berries.

The bay of Fundy flanked the eastern side of the road at all times. Fundy has the highest tides in the entire world, so powerful that twice daily the St. John River actually flows backward for miles and miles!

At low tide boats rest on the bottom of the bay floor, tethered by thirty or forty foot ropes. The docks rear up into the sky and it presents a strange landscape.

At high tide everything changes. A peculiar roaring fills the air as the tide rushes in, and soon the boats float on the incoming tide, and docks are even with water level.

At Hopewell cape we wandered

## Pvt. Howerton Completes Basic

Pvt. 1st Class Richard A. Howerton, son of Troy H. and Sharon R. Howerton of 108 Fourth St., S.W. Bogata, Texas has completed basic training at Fort Jackson, S.C.

During the training, students received instruction in drill and ceremonies, weapons, map reading, tactics, military courtesy, military justice, first aid and Army history and traditions.

amidst huge rocks carved by tides and pressures over millions of years, many resembling strange creatures.

After skidding about on the seaweed encrusted stones and taking pictures of the other-worldly landscape, we climbed hundreds of steps to the shore again. There, on a neat, mowed level stretch of ground, I managed to turn my ankle, which immediately swelled and turned a delicate shade of purple.

That night we tried lobster sandwiches, an inexpensive way to enjoy lobster.

The next morning we crossed into Nova Scotia, another Canadian province. We were actually getting the hang of what coin was worth what by that time.

At Springhill we toured a coal mine.

I found out rather quickly that coal mining would never, never be a way of life for ME.

The man who conducted the tour had been a miner for 33 years. He had the almost-traditional wheeze in his lungs from the coal dust, and was full of funny stories. He explained, with a perfectly straight face, how safety test lanterns had been devised to test for gases in the mines after the canaries that were used learned to hold their breath!

Donning bright yellow coats, heavy rubber boots (ohhh that ankle) and hard hats, we traipsed down into a damp, very dark, and none to big mine.

The mines run three miles underground, and the coal vein is three miles wide.

I did okay until we turned a corner and our guide slammed a big ventilation door shut on an sight of the outside world.

Then, I almost left. One lady almost burst into tears...and did when he turned off the lights! Its dark down there. Then he began to tell us all about the rats.

Steeling my nerves I made it through the tour, Thomas and the rest of the men took a pick and hacked at the walls, and we all left.

All but three left, that is...and one of those three was Thomas, who remained with the guide an another man to keep talking about mining methods.

Thomas, for some reason, didn't think the mine was so bad.

The Springhill mine is the only area in the world except for an area in Kentucky which has "bumps". These bumps are mini earthquakes which have killed hundreds of men over the years, most crushed when the tunnel floor literally slams against the roof.

Happily we washed our hands, took off our mining gear and began a trip to Sherbrooke village, the second place on the day's itinerary.

Along the way church steeples in pristine white, rolling valleys and crystal blue streams, houses painted in pastel shades delighted the eye.

## Hudson-Weber Exchange Wedding Vows

April Lynn Hudson and Timothy Scott Weber were united in marriage Saturday evening, August 2, 1986 at 8 p.m. in a garden ceremony at the home of the bride's parents in Nocona. Guy Orbison, Church of Christ Minister, of Nocona, performed the double ring ceremony.

The bride's parents are Mr. and Mrs. David Hudson of Nocona and the groom's parents are Mr. and Mrs. Ronnie Weber of Bowie.

Prior to the ceremony musical selections were played on the piano by Mrs. Gordon Williams. Throughout the ceremony, Sincerely Yours, a group from Wichita Falls sang the couple's chosen songs. As the parents and groom were seated, 'Wind Beneath My Wings' was sung. After they were seated, the group sang 'Sunrise, Sunset'.

The bride was presented to the groom by her father in front of a bed of white periwinkles. As the bride and groom stood there, the musical group sang 'Whither Thou Goest'. The couple then proceeded down the stone walkway to a lattice white archway decorated with English ivy and white doves. 'My Only Love' was sung after the groom repeated his vows. 'Long and Lasting Love' was sung after the bride repeated her vows. 'To Me' was sung just prior to the couple being pronounced husband and wife. The bride was wearing a long gown of white bridal satin. The off-shoulder puffed sleeves were decorated with lace appliques and seed pearls with a lace ruffle at the top. The fitted bodice featured a sweetheart neckline and was overlaid with lace, sequins, and seed pearls. Satin roses joined the sleeves to the bodice at the front and back. The bodice was attached to the softly gathered skirt with a row of seed pearls encircling the waist. A row of re-embroidered lace surrounded the bottom of the full A-line dress which also had a chapel length train. The dress was designed and made by the bride's mother. The bride's chapel length veil was outlined with satin cord and overlaid with lace appliques and seed pearls. The veil was attached to a halo type headpiece covered with seed pearls and sequins. She carried a cascade of silk pastel carnations, baby's breath, and ivy centered with white orchids. Satin ribbons of pastel colors fell from the bouquet.

For something old the bride wore the engagement ring her grandfather gave her grandmother 59 years ago; something new was a pair of pearl earrings given the bride by the groom; something borrowed was a pearl necklace belonging to her mother; something blue was a garter made by Mrs. Bud Nix.

The bride's attendants wore long pastel gowns of taffeta with fitted bodices, softly gathered A-line skirts, and a deep ruffle which surrounded the off shoulder neckline. A taffeta rose centered the ruffle. Jean Fitts, wearing pink, was maid of honor, Annette Hudson, sister-in-law of the bride, wearing orchid, was matron of

honor; Kristi Weber, sister of the groom, wore blue; Stephanie Hudson, cousin of the bride, wore peach; and Kelly Fenton wore yellow. They carried bouquets of pastel carnations and baby's breath.

Lezlie Hudson, niece of the bride, was flower girl. She wore a short white dress of lace satin similar to the bridesmaids.

The groom wore a white tuxedo with tails from the Robert Wagner collection.

Best man was Kerry Clement. Groomsmen were Vince Carr, Keith Weber, brother of the groom, Lance Hudson, brother of the bride, and Jim Gary. The groomsmen wore black tuxedos with cummerbunds and bowties that matched the bridesmaids dresses. Ringbearer was Andy Taylor, cousin of the groom. He wore a white tuxedo. Ushers were Mark Hudson, brother of the bride, and Ted Winn.

The bridesmaids were in charge of the register's table which was in front of a bed of pink and white periwinkles.

They also distributed white fans on which was printed a poem, 'My Wedding Day', written by the bride. Setting beside the table were a pair of wedding bears belonging to Mrs. belonging to Mrs. Lynn Adams. The bears were wearing traditional wedding attire.

The bride's parents hosted a reception immediately following the ceremony on the south lawn of their home. The two buffet tables were decorated with the bridesmaids bouquets and a huge white swan which held pastel silk flowers.

The three tiered wedding cake was decorated with sugared bells and pastel flowers with wedding bells and doves topping each layer. Silk flowers surrounded the cake. Banana punch was served from a silver punch bowl.

Assisting in serving the refreshments were Misses Jackie Beckham, Connie Ledbetter, Amanda Cain, Mrs. Paul LaMar, Mrs. Sidney Hudson, Mrs. Travis Fore, Jr., and Mrs. Tom King.

The bride is a 1985 graduate of Nocona High School and presently attends Midwestern State University where she is majoring in dental hygiene. She is employed at the business office at the college.

The groom is a 1981 graduate of Bowie High School. He attended Mary Hardin-Baylor University at Belton and Midwestern State University. He is presently employed by the Texas State Highway Department in Bowie. After a short wedding trip to Dallas, the couple will live in Bowie.

Parents of the groom hosted the rehearsal dinner Friday evening at the Golden Corral in Bowie.

Approximately 200 people attended the wedding. From the Talco-Bogata area were Mrs. Gus Swaim, Mrs. Sidney Hudson, Mrs. Jim Pirtle, Mr. and Mrs. Kenneth Pirtle, Mr. and Mrs. Brad Hudson and Brandon, Mr. and Mrs. Ken Miller, Mr. and Mrs. Jerry Jones, and Mr. and Mrs. Bill Vickers.

## Nursing Home Week Activities Set

August 24th through 30th has been declared National Nursing Home Employee's Week. At Red River Haven activities are planned all week to honor those 'special people' who contribute so much to the quality of life for the residents.

'Providing health care to the elderly is something that not everyone can do', says administrator Bobbie Cawley of Red River Haven. 'It takes someone with plenty of patience and sympathy. All of our employees provide excellent care to our residents. We want to honor each and everyone of them. They all have mastered the art of caring'.

INEZ GADDIS was elected by the staff and residents of Red River Haven Nursing Home in Bogata as employee of the month for August. Inez has worked in the housekeeping department for the home for 15 years. She has a son, John Gaddis and a daughter, Gay Horten. She lives in Talco and enjoys reading. (Staff Photo)

## Locals Travel Texas On Vacation

Nadine Caldwell, daughter Gayla and grandchildren Chad and Shana Dodd of Garland chose to suffer the heat and go to South Texas. The family enjoyed the beach at S. Padre Island with the usual activities—riding the waves, gathering shells, hunting sand crabs, building sand castles, and getting sun burned. While at Padre a tropical depression dropped 5 inches of rain which flooded the motel parking lot with knee deep water.

At Port Isabel the only working lighthouse in the state was a spot of interest, as was Miss Bea, a fishing boat. At San Marcus Aquarena Springs with its beautiful river walk, underwater show, Texan Village, glass-bottom boat ride, sky-lift and a ride to the top of the sky spiral were enjoyed by the family.

San Antonio was the next stop on the homeward journey. Chad especially enjoyed the Alamo and its history. The river walk, the Buckhorn

Saloon, and Breckenridge Park were highlights of the trip. Shana enjoyed the elephant ride at the zoo and is undecided whether she wants to be a circus girl and ride the elephants or be in the water show at Aquarena Springs.

The Japanese Tea Garden, a place of beauty that will make any Texan proud, got its share of oohs and aahs.

The last stop on the homeward journey was the LBJ Library and our beautiful state capitol. It was rewarding to see the special session people at work and on Sunday, too.

The climb to the capitol dome was exciting. Mrs. Caldwell declares that the steps are steeper and there's more of them since her last climb in 1959.

## Residents Tour Palo Duro Canyon

Thirty-nine 'Happy Travelers' spent the weekend in Palo Duro Canyon and Amarillo, Texas. The bus was chartered and directed by Molee Huddleston. While there, they visited the Panhandle Plains Historical Museum on the campus of West Texas University in Canyon. They made a very interesting guided tour of the Canyon Park by bus and also rode the 'Sad Monkey' train and explored the walls of the Palo Duro in the canyon and many other interesting sights. Late Saturday afternoon they enjoyed a delicious meal of barbecue and all the trimmings. After the meal they were guided into the Pioneer Amphitheater in Palo Duro Canyon State Park where they saw a wonderful musical drama, 'Texas'. Eighty actors in the drama showed the hardships and struggles of the early settlers, both the cowboys and the Indians. There was a very large crowd of Texans and other states in the U.S. and 16 foreign countries represented. The person that traveled the most miles to attend the play was from Africa.

Making the trip from the Bogata area were Molee Huddleston, Helen Williams, Dude Lassiter, Frances Rozell, Jettie Bond, Odella Cheatwood, Jettie Minshew, Zelma

Mauldin, Willie Mae Gray, Roberta Anderson, Faye Bell, Bertha McCall, Linda Allums, Mr. and Mrs. Seb Mankins, and Mr. and Mrs. Wayne Alsobrook. From the Clarksville area were Elaine Burgess, Virginia Norwood, Ebitha George, and Velma McDonough. From the Paris area were Daisy White, Mrs. Rayford Stone, Oleta Dickson, Maxine Rhodes, Mary Finley, Genevieve King, Imogene Wilson, and Mike Hines. From Mt. Vernon were Blanche Harpold, and Electa King. From Point were Loma Tyner and Trudie Tidwell. From Deport were Lelia Westbrook and Katherine Campbell. From Detroit was Ruby Ross. From Cooper was May Baker, and from Hugo, Oklahoma were Mr. and Mrs. Leon Bryant.

The group returned home Sunday evening and everyone said they had a wonderful time and wanted to know when the next one would be and where.

Mr. and Mrs. Sam Latimer, former residents of Bogata came to the motel and it was good for the ones who knew them to visit with them a few minutes. Sam is a brother to Jettie Minshew and his wife Helen is the daughter of Jeff Hancock.

Pursuant to the notice requirements of Section 5.08 of the Gas Utility Regulatory Act, TEX.REV.CIV.STAT.ANN. art 1446(e), Arkansas Louisiana Gas Company, a division of Arkla, Inc. (Arkla), hereby gives this notice to the public of its proposal and intent to change the residential and commercial rates presently being charged for natural gas and natural gas service in the unincorporated areas of the above-listed cities served by Arkla in its East Texas Service Area, effective August 1, 1986, subject to the approval of the Railroad Commission of Texas. The proposed rates will result in an increase of 5.7¢ per hundred cubic feet of natural gas furnished to all residential and commercial consumers in the unincorporated areas of the above-listed cities, and include a revised cost of gas adjustment provision and the implementation of revised quality of service rules and service charges applicable to natural gas service. Details concerning the proposed rates may be obtained by contacting the Director of the Gas Utilities Division of the Railroad Commission of Texas, P.O. Drawer 12967, Austin, Texas 78711 (512-463-7043), or by contacting Arkansas Louisiana Gas Company, P.O. Box 21734, Shreveport, Louisiana 71151, Attention: B. G. Nichols, Vice President.

**Commissioner Dickey's Idea In Publication**

Commissioner Bobby Dickey of Bogata has had his idea appear in "City and County Financial Management Systems", a publication put out by the Comptroller of Public Accounts in Texas.

In a special section on the Budget Crunch, Mr. Dickey's idea, highlighted with a blue ribbon, appeared as the first idea in the series. It reads: Next time you're in Red River County, take the old state highway southeast of Bogata, or the county road east of Jowntown.

You'll be in Commissioner Bobby Dickey's precinct, and you will drive across one of the wooden deck bridges that he gave new life to.

Instead of replacing the deck with lumber, and facing additional maintenance costs later, Dickey spent a little more now and used concrete over the wood to get a stronger, safer, maintenance free deck.

"First determine the condition and life of the bridge foundation," said Commissioner Dickey.

"If it is concrete and sound, with metal stringers, pour a six inch reinforced slab of concrete over the old bridge lumber."

He noted that with this method the bridge can also be made wider without a foundation change.

**Parent-Training Workshop Set At Rivercrest**

Rivercrest Principal James Smith has announced that on Monday, August 25, there will be a meeting at the Rivercrest auditorium to discuss and explain the discipline management plan that was adopted by the Talco-Bogata School Board last January. This plan has been sent to the Texas Education Agency in Austin and was approved this past spring.

The school is very excited about this plan, and has set aside Monday evening at 7:00 p.m. for a meeting with the public to explain the plan to parents and other interested citizens. The plan was developed by a committee composed of students, teachers, parents and administrators during the fall of last year.

At the meeting parents may visit with school officials about the course offerings and needs of the school. This

will provide an excellent opportunity to become familiar with some of the new regulations that affect our schools.

**Maple School Reunion Held**

The Maple school held its first school reunion on Saturday, August 2 from 10:00 A.M. to 3:00 P.M. at the Bogata Community Center. The event was held in tribute to Mr. E. G. Lum, a former teacher of the once flourishing rural community school. A covered dish luncheon was enjoyed by approximately seventy five students, spouses, teachers and guests. The invocation was given by Edmond McConnell.

Teachers present were: E.G. and Wanza Sue Brooks Lum who reside in the Boxelder Community. Mr. Lum taught from 1935 to 1942. Mrs. Lum taught from 1942 to 1946. While Mr. Lum was teaching he coached the Maple Wildcats basketball team. They won the rural championship in 1937 and 1938. The basketball team consisted of John Moore, Russell Moore, Nolan Lovell, Wesley O'Donald, Bud Eudy, Steve Knowles, and Ellis Moore.

The Maple school was begun in the late 1800 in a log cabin and in 1952 was consolidated with the Bogata School District.

The oldest student present was Mrs. Nellie Provence Crawford. She attended school in 1909. Mr. Andrew Mauldin was her teacher. Other students present that attended Maple school from 1913 to 1918 were: Oleta Provence McAllister, Edmond McConnell, Lillie McConnell Harville, Eula Wagner Byrd and Nellie Whorthen Lovell.

Some of the teachers that taught at the Maple school from the late 1800 to

1952 were: Ama Altmore, Mary Bell, Frank Smyers, Andrew Mauldin, Lena Smyers, Cecil Owens, L. O. Chasteen, Eula Ragsdill Bond, Vera Knowles, Josie Swaim, Ella Baird, Alice Baird, Dave Mauldin, Mrs. Davis, Ed Leach, Mary McDonald, E. G. Lum, Wanza Sue Brooks Lum, Mavis Lum Peek, Imogene Fogleman Moore, Eva Privitt, Juanita Alsup Pierce, Wanza Bishop Edwards, C. O. Glenn, Virgie Blissard and Leonard Bond. Mr. Leonard Bond was teaching in 1952 when the school consolidated with Bogata school district.

The Registrar table had many pictures and memoirs which was enjoyed by all as they reminisced school days past, which included a copy of the Maple Community newsletter. It was printed monthly and called the Maple Leaf. The information was gathered by the students and compiled by Mr. E. G. Lum.

The group present decided to have a second reunion on Saturday, August 1, 1987. It will be a covered dish luncheon held at the Bogata Community Center.

A special thanks to Steve Knowles, E. G. Lum, Nettie Moore, and Nady Branscum for their work and planning a most enjoyable day.

Mr. and Mrs. Waseem Salous

**Stanley-Salous Exchange Wedding Vows**

A reception honoring Mr. and Mrs. Waseem Salous, the former Susan Stanley, was given at the home of her parents, Mr. and Mrs. Carlton Stanley Saturday afternoon, following their marriage in Greenville Saturday morning August 16.

Traditional wedding cake and punch was served by Anita Stanley and Shelia Denny. The Bridegrooms

table was served by Mrs. Sherri Cheatwood. Mandy Stanley distributed rice bags to relatives and friends. Susan is the granddaughter of Mr. and Mrs. A.H. Denny.

After a short wedding trip to Galveston, the couple will return to commerce where both are enrolled at ETSU.
