

# Christmas Cards Keep Friendship New

By Mollie Williams

Two special Christmas cards were exchanged in person this year by Mary Jane Lowry of Blossom and Ann Cody of Bogata. The two families have been exchanging Christmas cards for several years, now, not just any cards, but the same two shown in the picture with the ladies. The tradition started in 1963 when Ann Cody, her husband, Bill, and daughter, Janette, mailed a card to Wilford and Mary Jane Lowry and their daughter, Janie, and Mrs. Lowry had been former students of Mr. and Mrs. Cody. The next year, the Cody's received the card back with this verse

typed on it: "We hope that you'll be happy and not raise a fuss, About us sendin' this card that last year you sent us. It meant so very much to us, you must have liked it, too. And so, we just enclose our love and sent it back to you!"

The Cody's stored the card and the next year returned it with a duplicate of the little verse typed and enclosed. In 1966, the Lowry's again sent it to the Cody's.

In 1967, Mary Jane thought it was their year and couldn't find the card, so she mailed a new one saying, "Starting over in 1967; we still love

you, the Lowrys." The old card and the new card crossed in the mails that year, and have been doing so every year since.

Each year a new note is added to the cards. Reading these cards is like reading through the personal diaries of the Lowrys and the Codys. The notes relay messages of happiness and cheer, but also of sadness.

In 1968, the Lowrys had two little Indian girls from Goodland Orphanage in their home for the holidays, and the old card was signed, "We include our two Christmas girls, Ada and Daisy in our 1968 greeting."

By 1969, Janette Cody was away

from home and the card from the Codys read, "From the two of us, Merry Christmas, Ann and Bill". The Lowrys sent greetings from Ada again and another little Indian girl named Barbara.

Just before Christmas in 1970, Mary Jane sent a little note to the Paris News about the card exchange, and it was printed on the editorial page. The greetings from the Codys that year read, "Bless you for getting us all on the editorial page in 1970. At last we made the headlines!"

In 1971, the Lowrys had only Ada. Greetings from the Codys included only Ann and Bill and there wasn't

much space left on the two cards to write their messages.

In 1972, the Codys were suffering some rough times with Mr. Cody's heart ailment. They wrote that year, "What an inspiration you have been to us this year. Your courage and your faith have helped us through our darkest hours. May the Lord bless you and keep you, The Codys."

In 1973, Ann Cody had sadly written, "I love you both, Merry Christmas, Ann."

In 1974, the Lowrys signed the card, "Wilford, Mary Jane, Janie, Mike and Ginni". Ginni was the new granddaughter.

Mrs. Cody was happy to add her granddaughter's name, Suzette, to the card in 1975, as she was staying with Mrs. Cody that year.

A grandson, Ryan Michael was added to the signatures of the Lowrys in 1976.

Through the remaining years, the notes express wishes for happiness, plans for the Christmas holidays, and plans for the coming year. This year, 1986, will mark the 23rd year that the cards have carried the Christmas greetings and personal messages of the two families. Both ladies say that their children still enjoy reading the cards when they come home for the Christmas holidays.

**NICHOLS' WORTH**

by: Nanalee Nichols

Here at Christmas, when organizations are helping the less fortunate, and people try to share in their abundance, people really don't want to hear unpleasant facts.

There are those who will disregard this column for another reason...they don't think animals are important.

Animal dumping seems to be getting worse and worse. Living on rural farm to market roads, many people are aware of just how many pathetic bits of animal hoisam are abandoned.

Why would anyone dump a kitten barely old enough to be weaned on the theory that "cats can take care of themselves". Cats can, to some extent, but tiny kittens cannot fend for themselves anymore than a small child can.

Dogs have even fewer options. By nature a pack animal, they cannot hunt to survive alone.

As an example, last summer on the road to Detroit four white, curly puppies were sitting on a lonely stretch of road, watching the world go by with slightly bewildered expressions.

Since I had a carload of elderly women, I couldn't stop. On the return trip, one was already crushed in the road and the others were becoming hotter and more confused by the minute.

Friends with a pickup returned to the scene, but were unable to locate the abandoned pups, who had apparently wandered off into the woods looking for food.

These animals were not picked up by someone. No magic house appeared to offer them food and shelter. That only happens rarely. Most probably, they starved. The one that was run over was probably the luckiest of the four.

We have kittens and cats dumped on us with startling regularity. We feed them, doctor them and hopefully find homes for them. Sometimes they never make it to our door, though, being run over or caught by coyotes before they can locate a haven.

It seems cruel to kill a puppy or kitten, or take it to a shelter or pound. But a quick, painless death is so preferable to a lingering death due to exposure and starvation.

People sometimes just don't realize that a puppy or kitten can be so much trouble, or that they will grow up so large.

Others don't like the idea of having them "put to sleep".

But these people, it's so much better than dumping.

The best solution is neutering of animals so that they don't continue to add to an already overfull population. Next to that, take them to a shelter or pound, or to the vet for a quick needle or painless death.

People who really think about it will do it...they won't dump anymore.

Of course, there are always those who simply don't care. And a few nights being freezing cold and death-brink hungry probably wouldn't change THEIR minds.

And to those of you who take proper care of their pets, and never dump them on the sides of the road...a special blessing to each and every one of you.

To the Editor:

I would like to congratulate the Lions and all those who are making "the Park" a place Bogatans can be proud of.

I would also like to suggest that we consider officially naming the park "Humphries Park". William and Mary Humphries (also spelled Humphreys), the town's founding father and founding mother, and their granddaughter, known to the whole town as "Aunt Sally", donated the park properties for community use. Sixty years ago Aunt Sally suggested in this newspaper that the park, which then consisted of the area north and west of the creek, be named "The Humphries Triangle".

So far as I know this suggestion pleased everybody, but there was then no City government to make the name official. Now that Aunt Sally's gift to the Boy Scouts is being united with the original tract, it ceases to be a triangle.

None of the dozens of descendants of William and Mary Humphries bears their name, so no one now living would be honored or favored by the name "Humphries Park". Even the newest citizen, however, owes a debt of gratitude to the pioneer fami-

ly who founded our town and gave us the Park.

Giving the Park such a name would remind us, now and in the future, that the citizens of Bogata share not just a zip code, but a common heritage. Sincerely, John Howison P.S. We could also call the park "Humphries-Lions Park". But let's get "Humphries" (or Humphreys) in the name.

Also, membership dues should be paid up before the first of 1987. Remember, they are only \$5.00 per person, or \$10.00 per family. # Rebels, Rebelettes Host Tournament

By Stan Anderson

The Rivercrest Rebels and Rebelettes had a busy week as they hosted the Rivercrest Invitational Tournament last weekend and played additional games on the road the previous Tuesday.

The Rebelettes journeyed to new Diana last Tuesday while the Rebels traveled to Mt. Pleasant. The Rebelettes disposed of the Diana Eagles 36-29 to up their season record to four wins versus one loss. The Rebels were not so fortunate, though, as a tall Mt. Pleasant Tiger team broke open a tight contest early in the third quarter and went on to post a 66-49 win.

Thursday evening, both Rivercrest teams capped off the first day of tournament play. Eight teams entered and Rivercrest's first opponent was North Hopkins. The Rebelettes faced a tough team that had been a regional qualifier the previous year. But a swarming defense propelled the Rebelettes to a 36-32 victory. The boys contest was relatively easy as nine Rebel players got on the scoreboard. The North Hopkins team never threatened the Rebels, as they cruised to a 61-37 win.

The next round of play began Friday night as the Rivercrest teams squared off against Detroit in the semi-finals. The Rebelettes faced a scrappy Eagle team and had to overcome a poor offensive and defensive effort to best the Eagles 56-46. The Rebels also met Detroit in the semi-final and Rivercrest jumped on Detroit early in the contest and never looked back as they took a 61-40 win.

The stage was set for a showdown between the areas premiere basketball teams Saturday night in the finals.

The Rebelettes had the misfortune of facing Class A powerhouse Roxton. Rivercrest managed to stay close in the first quarter with Roxton leading only 16-12. But the Roxton teams speed helped the opponents go farther ahead at the half 33-20. A 14 point third quarter effort by the Rebelettes didn't

help their cause as Roxton answered with 19. Late in the fourth quarter, Roxton coach Tim Skidmore voiced some dissatisfaction with the contest and was tagged with two technical fouls before returning to his seat. The Roxton girls went on to take a 71-44 win and the first place trophy. Rebelette Cynthia Thompson was selected to the all tournament team and also led the Rivercrest scorers with 18 points. Rachel Smith had eight, Rhonda Collins followed with six, Kim Clark and Lori Alford each had four points and Barbi Rackliff and Lucinda Craig finished with two points each as the Rebelettes took second place in the tournament.

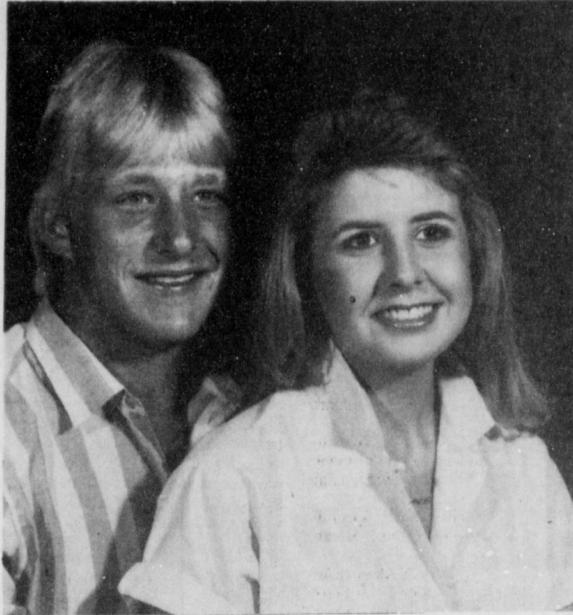

The final game of the night pitted the Rebels against the number one ranked 2A team in the state, Chisum. Rivercrest jumped out to an early lead in the first quarter only to have Chisum race back and take a one point lead at the half, 24-23. The third quarter Rivercrest stymied the Mustang attack by using a slow-ball control offense and managed to pull ahead.

The middle of the fourth quarter, Rivercrest had a five point lead and Rebel forward Brad Anderson and center Russell Rozell fouled out, but the strength of the Rebel bench proved too much for the top ranked Mustangs as Rivercrest hung on to win 54-51 and took the first place trophy.

Two Rebel players made the all tournament team, forward Chris Anderson and center Russell Rozell.

Chris Anderson led the Rebel attack with 15 points, Craig Savage followed with 13, Brad Anderson and Russell Rozell followed with eight points each. Marvin Anderson and Kenneth Kelley had two points and Bradley Wood finished with two points.

This week Rivercrest hosts the Clarksville Tigers on Tuesday and travels to the Celeste Tournament this weekend.

## Community Service

We're neighbors' and hometowners and that means a lot. It means we know the community from way back — and the businesses and the people in it. Our future, like your own, is right here. No big city bank pulls the strings, or can siphon off deposits and earnings to some central headquarters — we're home-owned.

When you make deposits here, we have that much more to lend out in our area for business expansion, consumer pur-

chases, etc. And that means more jobs, more sales and a brighter economy. When you borrow, the products and services bought with your loan help to build a healthy volume of local trade, and that's a help to local employment, too. Think about it. Doesn't it make good sense to use your community independent bank for all your financial needs? Check our list of services below. We are here to serve you every way we can.

Our bank offers financial services (and many others):

- Savings Accounts
- Checking Accounts
- Personal Loans
- Auto Loans
- Boat Loans
- Appliance Loans
- Home Modernization Loans
- Real Estate Loans
- Commercial Loans
- Collateral Loans
- Banking By Mail

REEP'S

*Christmas*

PJ's Carousel Collection is made up of replica pieces from the early 1900's. Each carousel horse or menagerie animal is a replica in the style of the early master carousel carvers. Each initial piece is a PJ's original designed and created by one of PJ's artists. This piece then forms the master from which all pieces are molded with Gemwoods. Each piece is meticulously cleaned, hand painted in true carousel colors and antiqued by our Virginia artists. Each piece is mounted on a brass pole, topped with a brass ring, and assembled on a walnut base. All pieces with the exception of Fancy, Major and Silver use a 10" pole. The large horses stand 16" tall and use a 15" pole. All pieces that are direct replicas have distinct rectangular labels to identify the master carver style. PJ's own creations have an oval PJ's sticker. Gemwoods by the way, is basically a wood and polyester resin mixture that molds easily and still retains wood like properties of feel and weight. PJ's are members of the National Carousel Association & American Carousel Society. See this collection exclusively at Reep's Furniture.

**LETTERS TO THE EDITOR**

Dear Mollie,  
 I have chosen to write to you for several reasons which I hope will be explained in various parts of this letter.  
 First, I chose you because of your articles in the Bogata News which I receive each Saturday. I enjoy your stories and articles which bring back memories of my time in Bogata.  
 I especially enjoyed your story on the Knowles store in Maple or Cuthand. Gerald and Patsy Knowles were friends of mine and I would like to know where they are, what they are doing.  
 Today I read your article on Jack Trout. I remember him as my dentist but more so as the scoutmaster of our Boy Scout Troup in Bogata. He is a great citizen and an asset to Bogata.  
 Please keep up the good work for the paper as you are my only contact with Bogata except for occasional visits with Bill and Joyce Buckman.  
 The second reason for my article is the enclosed check. I am not a Baptist and never have been, but I read about their fire and thought I wanted to help them as much as possible.  
 When I was a freshman in high school, I had a pretty cute girl friend who went to the Baptist Church and we had some good time hayrides etc. sponsored by the youth group at that

church and I thought I might in some way repay them for a few of those good times.  
 Please see that the appropriate person in the church gets this check.  
 Era Lee and I have remained friends over the years and she sometimes tells me of people in Bogata and what they are doing with their lives, children, etc.  
 I would like to know more of the people in my age group, where they are and what they are doing. If you have time sometime, please send me a catch up letter on where people are and what they are doing.  
 On August 9 of this year, I got married after eleven years of being single. I married a girl named Susan Steger with whom I went to college in 1966. She went her way after college and I went mine and after 18 years we met again and it has turned out well for both of us. She is a high school teacher here in the Dallas area.  
 I live in Highland Park which is a small area of Dallas and I am involved in developing land and the construction of new homes. It is a fun job and is interesting.  
 Thanks for helping me with the check and if you and Mike are in Dallas, please call me.  
 Keep writing articles for the paper.  
 Thanks,  
 Robert Rhoads
