

Americans Don't Realize Farming Contributions

What do average citizens think about farming? What do they actually know about a farmer's life?

What contribution does agriculture make to the Gross National Product?

The survey by Agfocus, conducted through the Gallup Poll, Americans were unable to accurately estimate a farmer's income and debt level, and most proved to be astonished at the amount of debt farmers have to carry to put in a crop.

Similarly, few questioned correctly estimate agriculture's contribution to the Gross National Product, which is 20%

This seems to indicate that Americans don't have a clear picture of what agriculture means and does.

The overall gross farm income in 1984 was \$175 billion and there were 2.3 million farms. Although figures are not fully available for 1986, it is expected that both income and farm number figures will be down due to the economic problems farmers are currently experiencing.

The AVERAGE net farm income in 1985 was \$15,000, actually in the poverty level according to national standards. The farm household income is about that, however, due to work done off the farm such as employed

Second In A Series On What Americans Think Of Agriculture

spouses, etc. The farm workforce is another area where people did not estimate figures correctly.

Twenty-nine percent questioned estimated the current farm population as being less than five percent, 26% estimated 10%, 18% estimated the farm population at 20% and 12% estimated it at 30%.

In actuality, only 2.4% of the population, or 5.8 million individuals live on farms. However, they are not all actually working as farmers and

the number of farm dwellers who hold rural nonmetropolitan jobs is 2.8 million.

Farmers themselves; food processors; food distributors; those who sell food products; and all others involved in agriculture makes up 22% of the nation's population. Americans surveyed failed to get this straight, estimating the numbers at below 10 percent.

This points out that the products that farmers produce enable a large portion of the American workforce to

be employed...even though the numbers of people who actually farm are small.

Agriculture contributed 20% of the Gross National Product, again a figure which surveyed people estimated too low. This seems to confirm the fact that Americans just aren't really aware of how crucial to the nation's economy farming truly is.

Only 2% of those surveyed believed the problems of farmers were very

important to the nation.

This is a frightening fact. The nation must realize that what happens to the American farmer DIRECTLY affects them. Efforts to educate them must be taken.

Next week we will look at what modern technology means to farmers, and the economics of food prices.

NICHOLS' WORTH

By: Nanalee Nichols

The majority of our readers are rural dwellers, living in small towns or the country. Mostly, rural happenings occupy this column, things that this majority can relate to. Anyone who knows me personally, or even reads this column regularly, knows that I am totally "sold" on the rural lifestyle.

That doesn't however, mean we don't have urban readers, and it doesn't mean that I'm not appreciative of the benefits of city life.

We spent the weekend in Dallas and Ft. Worth. We went for a country reason, the stock show...but enjoyed some nicely urbanized benefits.

Finding a place to eat out in the city is an adventure and a pleasure.

Lists upon lists of great places to eat...and the decision as to whether to go back to a known place or something new adds spice to the choice.

Then, of course, comes the fun of finding a route to and from where you are staying to where you are eating.

Opening a thick newspaper yields an unbelievable array of entertainments.

The number of movies within viewing distance is incredible. Every show that anyone could want to see is available.

Live theatre! What a treat. Plays are there for the seeing, dinner theatre, stock, musicals, drama or Shakespeare, it's there for the taking...and a few dollars of course.

Museums are there in all their glory. Exhibits on a wide variety of subjects are always on display, from oriental to American West.

Parks offer a variety of pleasures, and there is always, for me at least, the zoo.

Shopping is a paradise, of course. Any size, any color and style, it's always there.

Shopping for larger items in the city must be great too. Consider the choices of car models that are available. Homes, boats, campers, name it, the item is there to be looked at or tested.

The skyline is lovely, the buildings awesome, the night lights twinkling and peaceful.

Yes, there are indeed many advantages to living in an urban environment.

I know deep within that it isn't for me. I'm still and always will be country at heart. But it is a pleasure to be able to sample a few of the benefits of city life, if only for a weekend.

The help will be appreciated.

Elderly Couple Apparent Fraud Victims

Mr. and Mrs. Elmer Hall of Talco have apparently been the victims of a cruel and vicious theft.

Mr. Hall is handicapped and the elderly couple are on a fixed income.

On Saturday afternoon, two men came to their house and told the couple they were selling linoleum. Mrs. Hall informed them that she didn't want any, but the pair apparently asked her for her social security number. While she was obtaining the number, the two apparently took her

purse. The purse contained all the money the couple had to last the month, and a fund has been set up at the Talco State Bank to help the couple through their financial problems.

People throughout the area are warned to be very careful of people selling things, so that they can guard against something similar happening to them.

Rural-Urban Dinner Success

The first Rural-Urban Dinner and program in Red River County held Monday night, February 9 at Rivercrest High School turned out to be a big success. The dinner was sponsored by the Red River County Industrial Foundation as a means of bringing the people of this area closer together. One hundred seventy-five people from all areas of the county registered. New acquaintances were made and old ones revived as fellow countians enjoyed the comradery and fellowship.

A meal of barbeque beef and trimmings were served to those attending, under the direction of Food and Service Coordinator, Bob Moody. The invocation was given by Dr. Jack Trout.

Following the meal, the program was begun in the auditorium by Gavin Watson, Rural-Urban Program Coordinator. He introduced Travis Hale, retired school administrator, who welcomed those attending. Mr. Watson then introduced a musical group which included Lynn Golden, County Agent, on the banjo, his brother, Ronnie Golden from Hugo on the guitar and their uncle, Bob Thornburg, also

from Hugo, on the fiddle. The men played several bluegrass instrumentals. Among those being "Rag", "The Milk Cow Blues", and "Festival Waltz".

Mr. Watson then introduced the sponsors for the dinner.

Charles Fry, Texas Power and Light Co. manager, introduced the guest speaker, George McKinney, Community Development Specialist with Texas Power and Light.

McKinney spoke for several minutes on succeeding as individuals, as a county and as a country.

Positive thinking was one point that McKinney stressed as a needed ingredient for success. He stated that it sometimes is hard to think positively when we are surrounded by the negative. He said people should always point out the merits in every situation. He advised the group to keep pushing whatever is good and urging others to take advantage of it.

With jokes and stories from the past, McKinney illustrated several facts important in society today. A

thought he instructed the people to think upon was, "How can I make this something that others will want?" In reference to this thought, he mentioned several things which were at one time though useless, which are now being sold for much profit.

McKinney reminded the group that ways were much simpler when he and those of his age were younger, and he said, "All of America must go back to the old ways in realizing that between sun-up and sun-down, a lot of good stuff has to take place. We must get people's attention, take pride in what we do, use our heads and work

together." In conclusion, McKinney stated that if we strive to understand each other's problems, things will always be better.

Gavin Watson returned to the platform to give a few closing remarks. He said, "Through fellowship and friendship Red River County can become a very unique place." He reported that another Rural-Urban dinner will be held in the late spring. Watson then introduced Rev. Larry Allgood, pastor of the Bogata Assembly of God Church, who gave the benediction.

JUDY JACKSON began her new job as the secretary for the First Baptist Church in Bogata on February 2. (Staff Photo by Mollie Williams)

Jackson New FBC Secretary

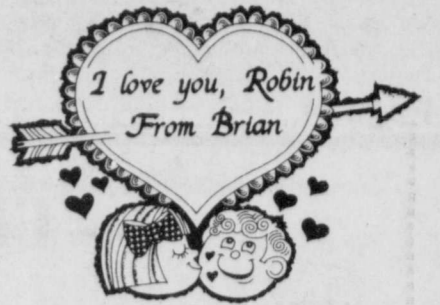

The First Baptist Church in Bogata has hired a new secretary, Judy Jackson. Mrs. Jackson and husband, Buddy, have one son, Jeff. They live in Pine Branch.

The Jacksons moved to Bogata three years ago from Longview where Mrs. Jackson worked for a lawyer's firm. Prior to her position as church secretary, she worked for Gooding Title Company in Clarksville.

Mrs. Jackson will serve as a financial secretary and the church secretary. Her hours will be from 8 a.m. until 12 noon Monday through Friday.

"I'm excited about the job," said Mrs. Jackson. "And," she added, "I'm also excited about the building program."

Due to the fire which completely destroyed the church in November, 1986, a temporary office was set up in the house provided for the minister of music and youth. The new facility which is to be built, will include an office complex. According to Rev. Bob Posey, pastor of the church, the building program should begin to move rapidly since the church has received the insurance payment of \$583,000.00.

3. Make sure reflector bowls are in place before turning on a surface unit.

Rebels Split Two, Girls Lose Two

By Stan Anderson
The Reb roundball teams finished another week of basketball last week. The Rebelettes lost a pair, while the Reels split a pair of games.

Tuesday night, Rivercrest journeyed to Leonard. The Rebelettes faced the Lady Tigers in the first round of varsity action. Rivercrest and Leonard battled to a 5-4 difference for the first quarter with the Rebelettes holding the lead. But the second quarter saw the Tigers charge into the lead, despite a good effort by the Reb ladies. The Tigers' 11 point second quarter rally sent both teams into the locker rooms with Leonard up 15-14 over Rivercrest.

Leonard opened the second half with the hot hand as they pulled farther ahead of Rivercrest. The Tigers went ahead by nine points during the third quarter, but the Rebelettes pulled within five in the closing minutes of the quarter. The fourth quarter proved the most exciting of the four as Rivercrest rallied to tie the game at 34 each with 4:08 left in the contest. But the rally was shortlived as Leonard edged ahead again to take a

44-38 win over the Rebelettes. Rhonda Collins led the Reb attack with 13 points, Rachael Smith and Cindy Thompson each finished with 10 and Lori Alford closed out the scoring with five points.

The second varsity contest pitted the Rebel men against the host Tigers. The first quarter started off a little sluggishly as the Rebels managed only 7 points to the Tigers 6. The second quarter, the Rebs shook off a poor first quarter performance and exploded for 17 points and a 24-18 lead at the half.

Rivercrest opened the second half applying a lot of defensive pressure on the Tiger offense. The result, three total points by Leonard while Rivercrest continued to roll, adding 14 of their own, giving the Rebs a 38-21 lead heading into the final period. Rivercrest kept the heat on the Tigers in the fourth quarter as nine of twelve Rebels contributed to an 18 point effort and put away the Leonard Tigers, 56-32.

Rebel Forward Craig Savage led all scorers with 14 points, Russell Rozell added eight, Chris Anderson chipped in 11, Brad Branch scored six, Brad Anderson, David Bush and Brad Woods each finished with four. Marvin Anderson had three points and Wade White had two.

Friday night had the Honey Grove Warriors visiting Rebel territory for a pair of key contests. The Honey Grove Lady Warriors were trying to stay in striking distance of Wolfe City and Chisum with a win over Rivercrest, and the Rebels needed a win to snare a piece of second place.

The first varsity contest had the Rebelettes facing a tough Warrior team. The first quarter proved to be a defensive struggle. The Rebelettes managed only one bucket and allowed the Warriors only one basket and a free throw, giving Honey Grove a 3-2 lead going into the second quarter. Honey Grove pulled ahead 11-3 in the second period and maintained their lead until the 1:30 mark. Four consecutive Reb baskets brought Rivercrest within one point, 12-11 at the half.

The third quarter proved to be Rivercrest's undoing as the Warriors went on a scoring tear, racking up 18 unanswered points before a basket by Rachael Smith broke the Rebs' dry spell. The Warriors led 30-13 heading into the final quarter. The Rebelettes did manage to get their offense rolling during the fourth quarter. Rivercrest outscored the Warrior team 15-10 in the fourth, but it was not enough as Honey Grove went on to win 40-26.

Rhonda Collins led the Rebelette effort with six points, Barbi Rackliff followed with five, Cindy Thompson had four, Amy Gladden and Lori Alford finished with two each and Rachael Smith and Tonya Hawkins had two points each.

The nightcap pitted the Rebel men against the seventh ranked Warriors. Rivercrest got off to a slow start, allowing Honey Grove to grab the first four points before Russell Rozell answered with the first Reb basket. But the Warriors continued to roll as they jumped out in front leading 16-8 at the end of the first quarter. A tenacious Warrior defense held the Rebel offense at bay while Honey Grove edged farther ahead with a 35-23 lead going into the half.

The second half had both teams playing a defensive game as the Rebs and Warriors managed only 7 and 8 points respectively. The Warriors maintained a 43-30 lead. During the fourth quarter the Warriors exploded for 23 points while Rivercrest only managed 11 points as Honey Grove went on to win 66-43, dimming the Rebs' playoff hopes.

Chris Anderson led the Rebel scoring attack with 12 points, Brad Anderson and Brad Woods each had six, Russell Rozell had five and David Bush and Craig Savage finished with three each.

This week Rivercrest plays Chisum on Tuesday and Cooper on Friday night.

Eight Grade Pre-Registration Set

Talco and Bogata eighth graders are scheduled to start pre-registering for their high school subjects beginning Friday, February 13, 2:30 p.m., when both eighth grade groups and their sponsors will meet with Mrs. Huddleston, counselor, and Mr. Smith, high school principal, at Rivercrest Auditorium to discuss their high school careers. An information package will be given to each student to take home for parent discussion and advice.

A Study Skills and Planning Night for parents and high school students is set for Monday, February 16 at 7:30 p.m., in the Rivercrest Auditorium. All eighth graders and their parents, as well as ninth, tenth and eleventh graders and their parents, are urged to attend. Recent legislation has changed many of the previous methods of pre-registering, in that what is chosen at the beginning of a

student's high school career, or ninth grade level, will affect the type of academic seal that will be placed on his or her transcript at high school graduation. Two types of seals will be available. One is a regular seal showing the completion of required subjects; the other seal will be an advanced academic seal showing the more advanced subjects being completed. A student with parent approval must choose either the general academic or the advanced academic route at the freshman level in order to get in all the required subjects. These requirements and study skills for students will be discussed at the meeting on Monday, February 16 in the Rivercrest Auditorium.

Bogata Exes Getting Ready For Homecoming

A lot of hard work and planning has already begun in preparation for the annual Bogata High School Homecoming, which is to be held April 11 in the Bogata School Gymnasium. As in the years past, a meal is being planned prior to the homecoming business meeting and program.

Plans are being made to have camping space with hook-ups available at the Bogata Community Center for

those attending the homecoming. Anyone interested in renting a space should contact Jack Crane at 632-4447 or 632-4121.

The 1987 Homecoming officers ask that everyone help in spreading the word to those who live out of town and also to those here at home. A big celebration is planned in making the 1987 Homecoming the biggest year yet in keeping the BHS spirit alive.

Arts And Crafts At Frontier Days

Plans are underway for an Arts and Crafts Fair to coincide with the Bogata Frontier Day and will also be held at the Community Center in Bogata.

The date of the activities is set for

Saturday, June 27. The deadline to enter is February 26. Space is limited and entries are on a first come, first served basis. For more information, please contact Freida Jean at 632-5981 or Mary Lynn Horn at 632-4217.

Talco-Bogata Participating In Public School Week

March 2-6 has been designated as Texas Public Schools Week. Because education plays a vital role in today's society, it is important for every citizen of the Talco-Bogata Independent School District to take the opportunity during Public School Week to visit the local schools.

Education is big business in Texas, as well as in Talco and Bogata. In Texas, public schools funding takes

the largest single bite from the tax dollar. How is this money being spent? What are the children learning in the schools? Will each child be able to live and work effectively in our society?

The Talco-Bogata educators believe they have positive answers to those questions, and they extend an invitation to the community to visit the schools during this special week.

Immunization Clinic Set

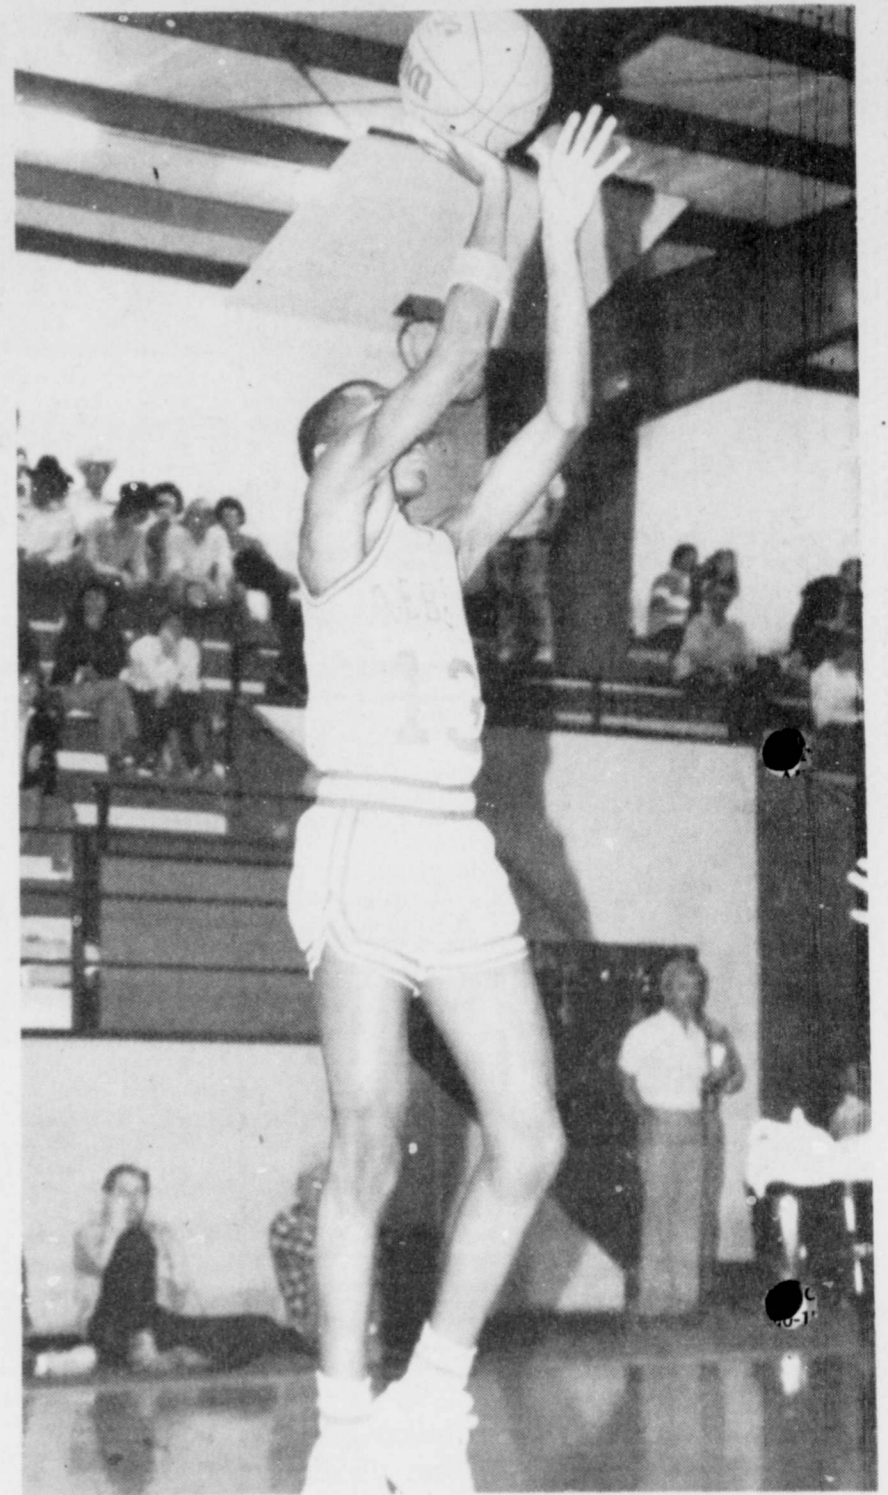

The Texas Department of Health, Public Region 7/10 office announced plans for the continuation of a series of monthly immunization clinics for all children needing immunizations.

The clinic will be conducted at 210 S. Johnson St. in Mt. Pleasant February 18 from 9 a.m. to 1 p.m. Future clinic dates will be announced.

The Health Department emphasized that this clinic is available to all

children, preschool and school age, beginning at two months of age. Immunizations offered include Mumps, Measles, Rubella, Oral Polio, Diphtheria-Tetanus-Pertussis and Tetanus-diphtheria. All children must be accompanied by a parent or legal guardian. Parents are reminded to bring the child's immunization record if it is available.

The Tetanus-diphtheria vaccine is available to adults.

Several Receive Prison Sentences

On Monday, January 26, District Judge Leon Pesek sentenced Sammy Earl Woods, age 23, of Deport and Richard Earl Davidson, 28, of Deport to five years in prison for robbery, which occurred on October 3, 1986.

Pesek sentenced Thomas Ballard Smith, 59, of Clarksville to five years probated and a fine for aggravated assault in threatening Billy Mitchell on October 10, 1986.

Judge Pesek sentenced Gary Lee Fortner, age 22, of Blossom to ten

years probated, a fine, and restitution for burglaries on August 2 and 7, 1986.

A Red River County jury found Joe Ray Dotson not guilty of the September 18 burglary of Al's TV on East Street in Clarksville.

Judge Pesek sentenced Curtis Blaine Sessums, age 28, of Bogata to five years in prison for a robbery which occurred on October 3, 1986.
