NICHOLS'
WORTH

By: Nanalee Nichols

Like some section of a science fiction novel, the week between Christmas and New Year's doesn't seem to fit into its time slot...indeed, it seems to be suspended in time, not really a part of the natural flow of our lives.

It is as if this interim week were the last piece in the puzzle of the year, but didn't quite fit down into the spot designated for it.

The landscape is gray and cold, heavy and wet. Christmas is over, which leaves the hearts of folks somewhat depressed.

All the frantic shopping finished, presents opened, the settling down but not yet back in school.

There's plenty to do all right...mostly involving getting ready for income taxes...but no one wants to do it.

The upcoming New Year's Eve brings with it the traditional reflections on the past and ponderings on the future. It brings along a desire to make resolutions which we know we probably won't keep, and it brings fears for the rushing-up-to-the-horizon 1988.

Leftovers of holiday foods remind us of the over eating we've been indulging in...left over errands remind us just how fast we've been running lately.

Most people confess to a difficult time in prying themselves from their warm beds on time in the mornings...yet those same people may have difficulty in getting to sleep at night.

My theory is that our minds and bodies have been hurrying around in a mad dash for so long that they don't quite know how to rest and relax.

It isn't a time for starting new projects or setting new goals...one simply hasn't the energy. We mostly feel worn out...frazzled out.

So perhaps the week between Christmas and New Year's truly doesn't fit into time...perhaps it is a time floating by so that we can float a little...and find our own level once more.

The best thing to do with this seemingly meaningless week may very well be to do nothing at all...rest, recuperate, regenerate...surely we're entitled to just one week out of the year in which we don't have to have a good, strong grip on the world around us.

Happy New Year...

"The Best Of Times, The Worst Of Times"

By Nanalee Nichols

"It was the best of times, it was the worst of times". The words are classics from Victor Hugo's "Tale of Two Cities". Written long ago, they were meant to describe a time when the world was torn by civil strife, unrest, poverty, hunger and dissatisfaction. And a world in which great changes, great hopes were developing.

The thing that has made those words so famous is the very fact that they fit ANY age, past, present and

future.

They fit the times of today perfectly, and they fit most of our lives, too.

For most of us, 1987, which is a thing of the past instead of "now", was the best of times and the worst of times.

Dire predictions of coming depression, stock market crashes, stories of religious "scams", government intrigue, and the federal deficit riddled our days with worries and woes.

On a personal level, the everyday world that we actually function in, we

faced our own challenges, griefs and disappointments.

We lost people we loved, we saw children grow up, we felt economic pinches and personal disappointments.

We struggled, like all human-kind, against the currents of life. We suffered anguish, we gave in to anger, we had our faith shaken and questioned our own selves...like all normal humans do.

We look at the upcoming year with fear, with trepidation. As always, the

upcoming quantities of life and the unknown seem more frightening at the beginning of a new year than at other times.

Perhaps, then, it is a sensible thing to take a look backwards as well as forward?

Because looking back into 1987 reveals the thing that makes all humans so special...courage. The courage to make it through yet another year, to face up to the changes, the difficulties and

struggles.

Remembering the good times is sometimes harder than remembering the difficult times. But don't forget them, they are to be cherished and recalled. We all had our share of good times, too.

We made it through 1987 by taking it day by day. We will make it through 1988 the same way. The upcoming year is no different than all the years in the past.

Rivercrest Splits Pair With N. Lamar

By Stan Anderson

Last Monday, the Rebel varsity traveled to North Lamar High School for a pre-holiday clash with the Class 4A Panthers. The previous meeting of these two teams resulted in a close Rebel victory in the friendly confines of the Rivercrest Gymnasium, but this contest would be fought on the Panthers turf against a revenge-minded foe.

North Lamar first quarter to an early lead in the first quarter as both teams struggled from the field. A hustling Rebel defense kept Rivercrest in the game as the Rebs only trailed 14-11 going into the second quarter. Rivercrest found it tough to make a basket in this period also as the normally hot-handed Rebs only connected for 15 points as North Lamar eased a little further ahead, leading 32-26 at the half.

Rivercrest opened the third quarter looking like a different team as the Panthers began to wear down behind a 20-4 run by the Rebs. North Lamar never seemed to get their offense untracked while Reb coach Wake Wood rotated seven players into the contest with six of them contributing to the Rebel effort.

The fourth quarter saw a tired Panther team commit 11 fouls and River-

crest attempt 17 free throws. The Rebs only connected on 9 of the attempts, but managed a good enough effort from the field to hold their lead and coast by the Panthers 63-51.

Bradley Woods led the Panther effort with 19 points, followed by Craig Savage with 13. Lafayette Brown chipped in 12 and Marvin Anderson had seven. David Bush and six and John Purviance and Donald Combs finished with three each.

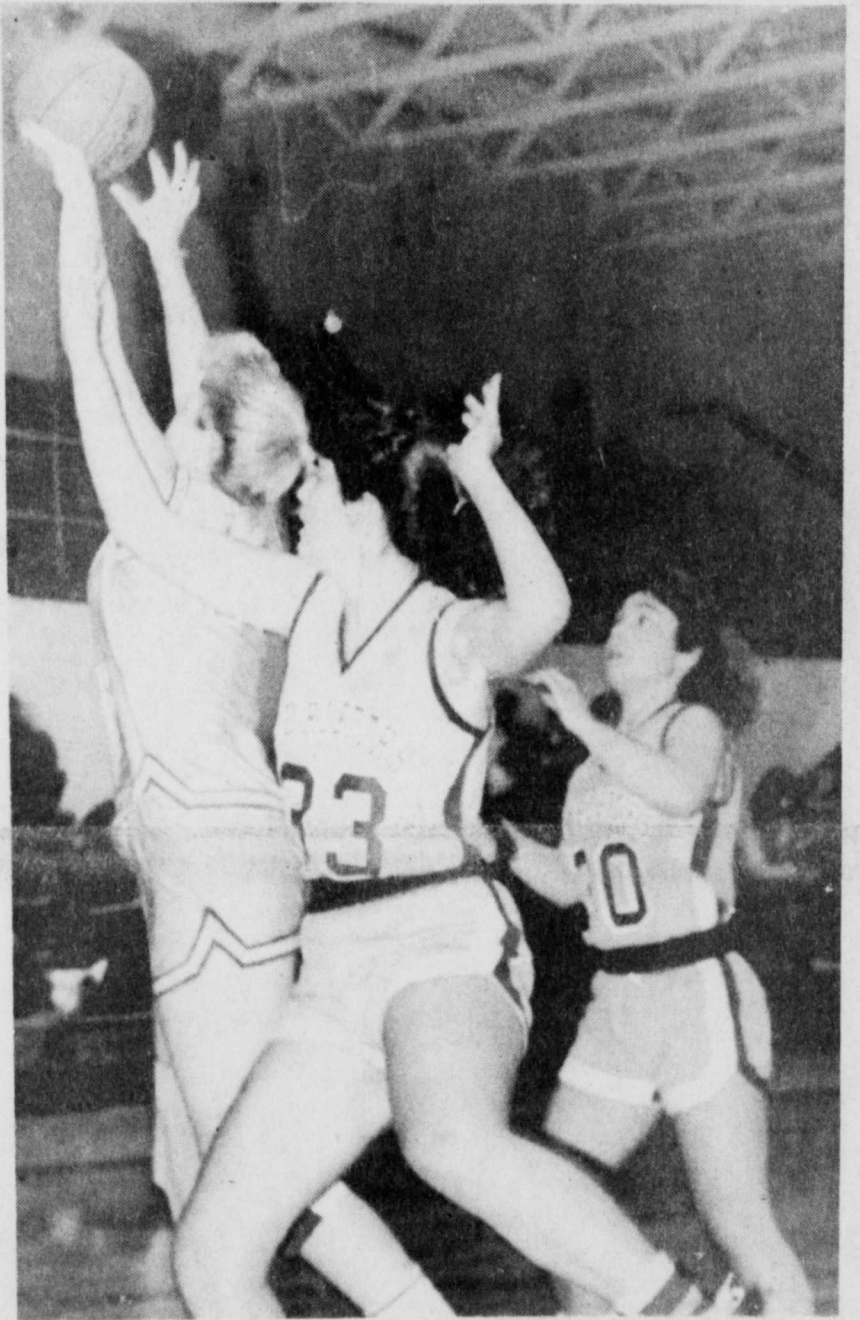

Tuesday night the Rebelettes made their journey to North Lamar to meet one of the top flight lady teams of the area. Several weeks ago the Rebelettes pulled off a stunning upset of the Pantherettes in what was probably the finest game from this year's Rebelette team. Any dreams the Rebelettes had about repeating met stiff resistance from the tall Pantherette team. The Rivercrest team got off to a sluggish start, scoring only six points in the first quarter, with half of those coming from a long-range bomb by Rebelette Rachel Smith from the 3-point range. The rest of the team suffered from a cold shooting effort from the field as North Lamar led 7-6 going into the second quarter. This period was almost identical to the previous one with only 6 points being scored. At the same time North

Lamar was revving up their offense enroute to a 14 point effort and a 21-12 halftime lead.

The third quarter held no redemption for Rivercrest as the Pantherettes widened their lead while the Rebelettes still struggled from the floor. North Lamar held a 35-20 lead going into the final period of play. During the fourth quarter the Rebelettes attempted 16 free throws, converting only seven, as they managed to pick up the pace and score 13 points before falling to the Panther team, 50-33.

Rachel Smith led the Reb effort with 10 points, Kristie Stans and Amy Gladden finished with eight each and Rosie Norman chipped in three. Cindy Thompson and Kim Clark rounded out the scoring with two and one point respectively.

This week the Reb teams stay at home for the Rivercrest Holiday Tournament. The girls bracket consists of teams from Sulphur Bluff, Saltillo, Detroit and Rivercrest. The boys bracket features Redwater, Detroit, Sulphur Bluff and Rivercrest. A full slate of games is scheduled each day, Monday-Thursday. Everyone is asked to support the Rebels and Rebelettes with your attendance at the Tournament.

Pantherettes last Tuesday. Rivercrest lost to North Lamar 50-33. (Staff Photo by Stan Anderson)

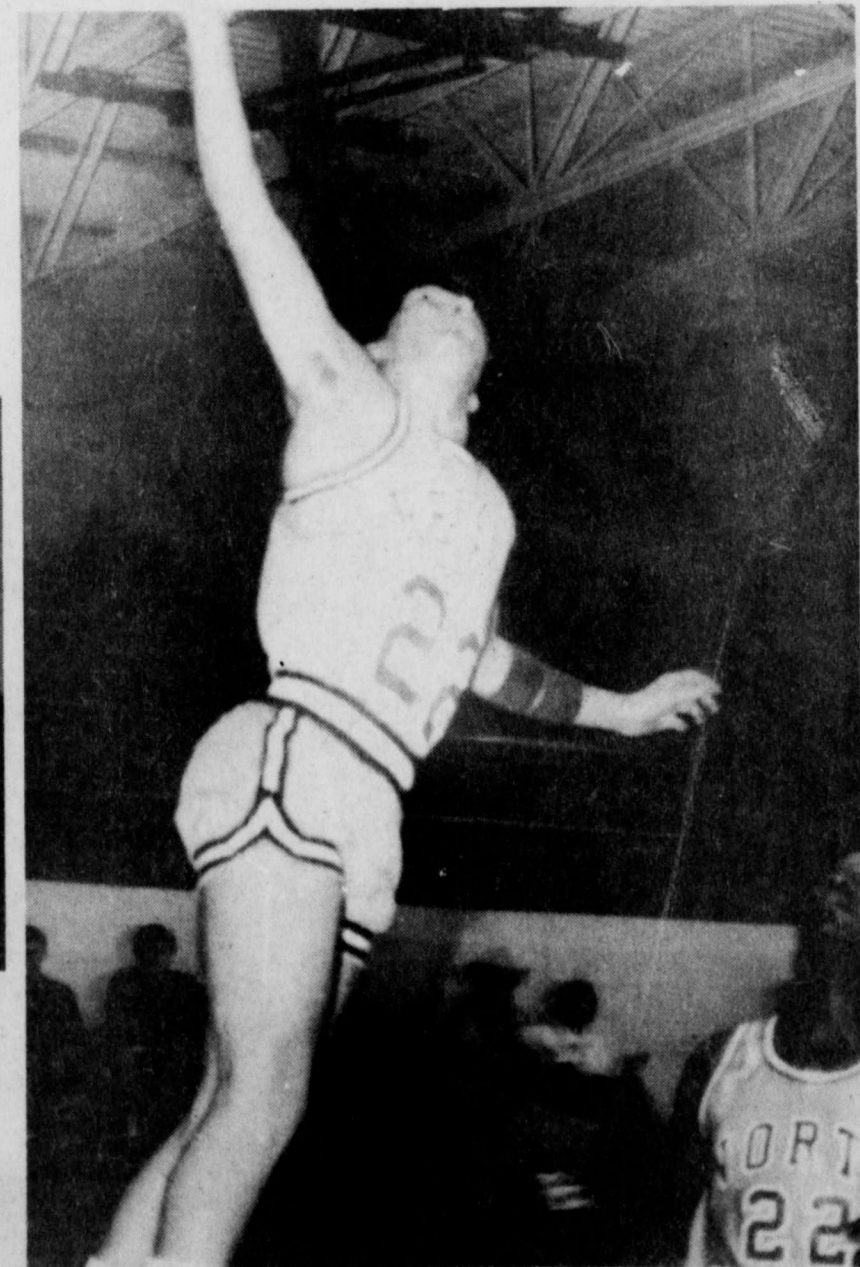

Don't Move "Hitchhikers" On House Plants

By Herb Brevard

When moving plants in and out of the house to regulate temperatures, avoid hitchhikers such as aphids, thrips and spider mites which may harm the plants. According to Dr. James Robinson, entomologist, other hitchhikers such as millipedes, sowbugs, slugs and snails may also live in the soil media.

Control of these pests can include a thorough washing of the plant prior to moving it inside. If more drastic measures are required, an insecticide can be applied, either to the foliage or the soil.

Foliage feeding pests such as aphids and thrips can usually be controlled with malathion. Spider mites need to be controlled with a miticide such as Kelthane. Heavy mite infestations may require two or three insecticide applications before all life stages are controlled.

DONALD COMBS made two points against North Lamar when the Rivercrest Rebels defeated the

North Lamar Panthers 63-51 at North Lamar last week. (Staff Photo by Stan Anderson)

JANIE DAVIS, Miss Red River Haven, and her escort, Casey York, recently traveled to Atlanta to compete in the regional Nursing Home Beauty Pageant. Ms. Davis won first runner-up. There

were 14 contestants. The tuxedo worn by Mr. York was donated by Wilmer's. Ms. Davis received a crown and a trophy.

Coker Announces For Sheriff

Coy Coker has announced that he is running for Sheriff of Red River County.

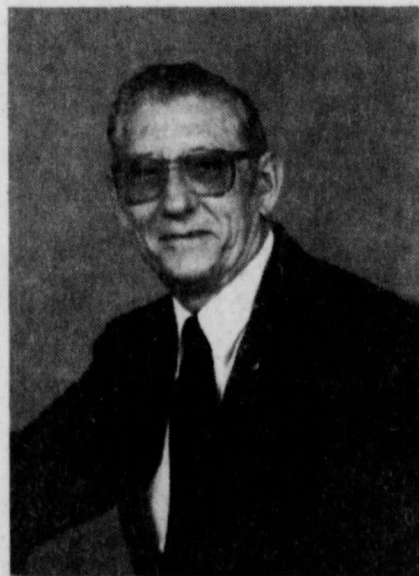

Coker was born at Cuthand, 10 miles south of Clarksville, the son of Mr. and Mrs. W.L. (Billy) Coker. He married Dorothy Cruise of Pine Branch and they have two children.

They moved to Dallas where he worked for a company that manufactured oil refinery equipment. After working for the company for 11 years, he joined the Irving Police Department and completed the Richardson Police Academy. He started with the

Irving Police on October 14, 1963, working "deep nights" and says "I never had a weekend off or time to spend with my family." He resigned on July 10, 1964.

He became a registered Master Barber through the Dallas Barber College. However, the refinery manufacturer asked him to come back to work for them, and he says he returned in November, 1964, and worked another 22 years for that company.

He owns a house at Cuthand, which is now his home. From April of 1963

Coy Coker

until June of 1984 he worked as a Deputy Sheriff for the Franklin County Sheriff's Department. He worked weekends as a deputy and went to school to learn about the changes and updates on law enforcement. He received his diploma from Kilgore Law Enforcement Academy in April, 1984.

He says "I promise to serve with honesty and integrity if elected Sheriff of Red River County."

TNP TIPS for Year-Round ENERGY EFFICIENCY

You can keep your home energy efficient throughout the year by taking a few simple maintenance measures. TNP has compiled this list to help you get the most from your energy dollar.

1. Check the cooling and heating system filter once a month. Blocked filters can cause your system to work harder than necessary.
2. Inspect your attic and crawl spaces to be sure they're ventilated properly.
3. At least once a year, drain your water heater. This helps your water heater be more efficient and may even prolong its life.
4. Check and clean filters on your washer and dryer. Also, keep your refrigerator coils clean.
5. If you have a fireplace, be sure the damper is closed when not in use to prevent the loss of cool air in summer and warm air in winter.

Proclaiming
A New Year!

Stone-White Exchange Wedding Vows

Kimberly White and Mark Stone were married in a semi-formal, double-ring ceremony at 7 p.m. Wednesday, December 23, in the home of the bride at 315 E. Third Street in Mt. Pleasant. The home was decorated with red roses, poinsettias, white doves and wedding holly. The couple repeated their vows before a heart-shaped candelabra with the Rev. John Pangle officiating.

The bride is the daughter of Mr. and Mrs. Morris White of Mt. Pleasant. The bridegroom is the son of Mrs. Gloria Stone of Mt. Pleasant and the late Dr. James Stone.

Wedding music was provided by Kristi Cawley and the songs, "Crazy," "To Me" and "Truly" were sung by Mikel Haynes, Tina Williams and Kristi Cawley.

The bride, given in marriage by her parents, wore a gown of white chiffon with white chantilly lace over taffeta. The fitted bodice had a natural waistline and the Victorian neck was embedded with seed pearls and a row of chantilly lace and ruffles. The long, lace-fitted sleeves came to a point at the wrist. The skirt fell full at the waist with chantilly lace ruffles edging the four-tiered skirt, continuing to full length and extending into

a cathedral train. She wore a hat of chantilly lace and embedded pearls. The veil in back was gathered in a bow and hung to the waist. She carried a cascade of red silk roses accented with red and white silk streamers.

Debbie Olds of Mt. Pleasant served the bride as matron of honor and Mikel Haynes of Bogata, cousin of the bride, was bridesmaid.

Flower girls were Chelsey Porter and Lolley Olds, both of Mt. Pleasant. John Stone, brother of the bridegroom, was best man and groomsmen was David Olds.

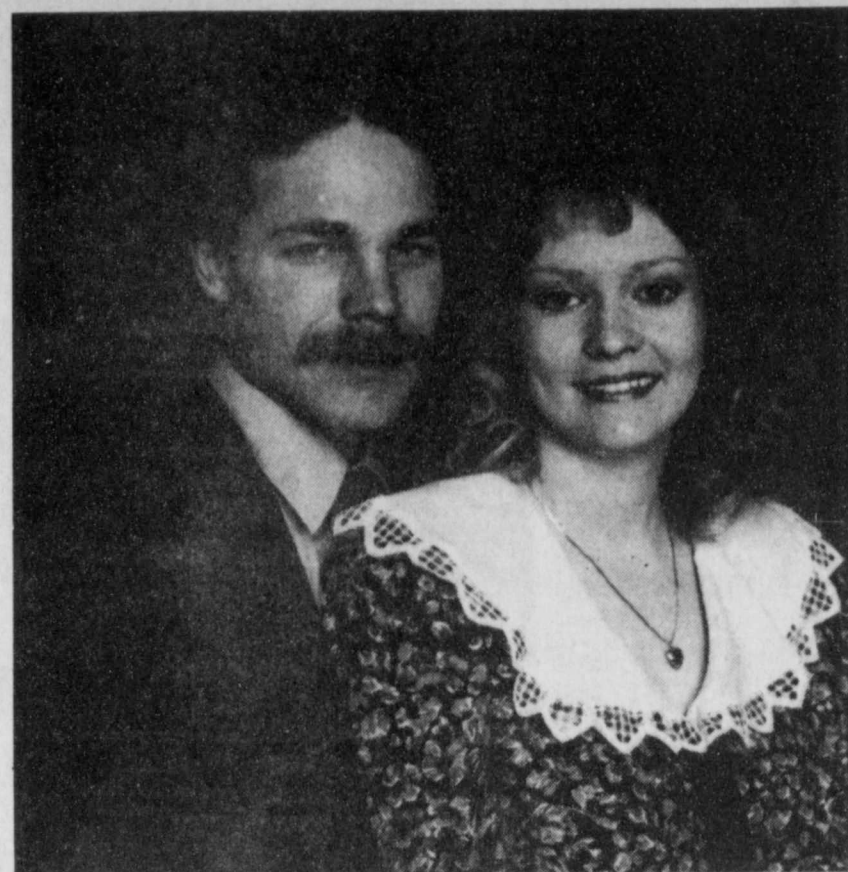

The bride's parents were hosts for a reception following the ceremony. Members of the houseparty were Shea Tigert, DeDe Newingham and Shonda Pace.

The bride is a 1985 graduate of South Jefferson Christian Academy and attended Northeast Texas Community College. She is presently employed at Anthony's Department Store in Mt. Pleasant.

The bridegroom attended Mt. Pleasant High School and is employed by E.D.H. Electric Inc. in Mt. Pleasant. The couple will make their home at Rt. 2, Mt. Pleasant.

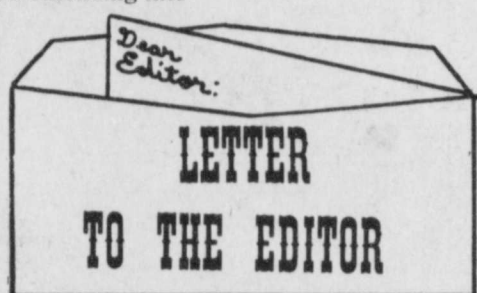

Mrs. Mark Stone

Ward-Hollinsworth Announce Engagement

MR. AND MRS. DEAN WARD of Bogata are pleased to announce the engagement and approaching marriage of their daughter, Pamela Denise, to Bryan Hollingsworth of Allen. The bride-elect is the granddaughter of Mrs. Ben Webb of Deprt. She is a 1984 graduate of Rivercrest High School and is currently employed at Texas Instruments. The pro-

spective bridegroom is the son of Mr. and Mrs. Paul Hollingsworth of Clifton. He is a 1979 graduate of Clifton High School and a 1983 graduate of Texas A&M University and is currently employed at Texas Instruments. The couple plans a February 20 wedding at 4:00 p.m. at the First Baptist Church in Bogata. All friends and relatives of the couple are invited to attend.

Editor's Note: These letters were from Talco Elementary students, thanking the Bogata Lions Club for sponsoring the McGruff Puppets at their schools on Child and Drug Abuse.

Dear Sirs:

Disabled English Man Dreams Of Disneyland

Those readers who "went with us" to Great Britain this past summer may recall that we were visiting friends, Mic Fuller and Lee Symonds. Those who live near us may have actually met Mic and Lee when the ladies visited us summer before last, spending time drinking coffee in City Drug Store, visiting with us in Bogata, Blossom and Talco, meeting friends in Paris.

Both retired, the two sisters are active correspondents, and for many years have been raising money to aid the poor elderly of London.

Now they have a new cause, and we thought readers here might like to share in the insights they have gained from helping Patrick, a 21-year-old man, trapped within a three foot high body.

Patrick is the victim of a rare disease, Morquise Syndrome, which causes the skeleton and external body to remain that of a child while the internal organs grow to normal size, causing pain, and even death.

Patrick has been at death's door four times, at age four, seven, 11 and 15...but now that he has reached 21, there is hope that his internal organs have stopped growing. He gets around on small crutches as best he can...or he did until Mic, Lee and others decided that they would find a way to raise the money for an electric wheel chair, which will give him much greater mobility.

It has taken some time, but they have succeeded, the wheel chair cost 2,800 pounds...and with the dollar about 1.65 to make a pound, that tells just how much money they have raised.

"Jumble Sales" (rummage sales to us), car boot (trunk) sales, "pub crawls" have all been used to raise these funds.

Patrick's sense of humor is what makes him so special. He laughs that he won't smoke because it might stunt his growth. He has to buy his clothes at a children's store, but undaunted,

smiles that he wants a job as a lumberjack in a mushroom farm or a brick carrier for Leggo Bricks!

Now that he has his wheel chair, the folks helping him are starting to work on making another dream of his come true. Patrick wants to come to America...to Disneyland. Meeting Mickey Mouse has, he quips, "been a dream of mine since I was small."

The trip has been booked for March, and Patrick says that if he can only get to Disneyland, he can die a happy man.

Mic and Lee, are "extracting" more money from customers in pubs, on street corners, or wherever they can find a "quid" to help this cause.

They have no doubts that in March, Patrick will be made a happy man by having his dream come true.

Those of us who know Mic and Lee have no doubt either, for their determination and zeal knows no bounds.

Chapman Provision Becomes Law

The president has signed the 1988 budget bill and the deficit reduction bill into law, giving final approval to the Chapman provision striking federal pay raises to members of Congress and top government executives.

"I am extremely pleased that the proposed 3 percent pay increase to members of Congress and high-paid government executives has finally been repealed.

"I believe that a pay raise for top federal employees, however modest, is outrageous. It sends the wrong signal to the American people about how this Congress intends to reduce the deficit," Jim Chapman said.

Under Chapman's provision, cost of living adjustments to all employees

level V and above are stricken from next year's budget. This would affect

nearly 10,000 top federal employees, and will save \$27 million.

Those affected would include, among others, the president, cabinet secretaries and under secretaries, all federal judges and members of Congress.

The congressman explained that the 1988 budget bill contained important projects for economic development in East Texas. "We had so much from my district in the appropriations bill that it would have been an absolute disaster if it had not passed."

Rats Are A Big Problem

By Paul D. Payne

Dr. Bob Metzger, Cotton Specialist at Texas A&M University, has been rescheduled for a special cotton educational meeting on February 1. Dr. Metzger was unable to attend the meeting held last week due to an accident.

Dr. Metzger will be discussing cotton management practices that can improve the grade of cotton at harvest time. The program will be held at Tide Products in Deport at 6 p.m. A complimentary chili feed will be served. More information later, but cotton producers are encouraged to place the date on their 1988 calendar.

Rats continue to be a big problem in homes in every section of town and the county. Rats are not concerned with the wealth of a home owner or renter. They are interested in finding some shelter from the weather and some food. Rats and mice numbers are way up this winter and control measures must be taken.

The main key to a successful rat control program is having a supply of rat bait out at all times. There are some newer baits available that seem to be more effective than the anticoagulate baits available a few years ago. Rats do not have to eat some of the bait daily in order for it to work. In fact, the companies advertise only one bite.

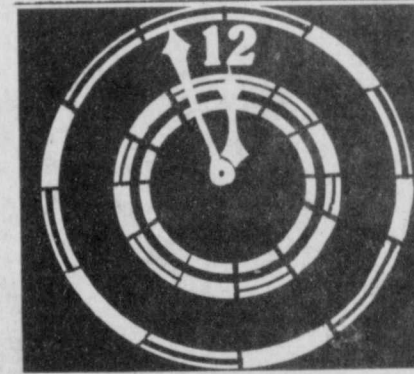

These newer materials are available in some of the farm stores in Paris, Deport and Detroit. I am sure other stores have the newer bait,

so check with the store where you trade.

Many individuals report rats in their attics, so be sure to place some of the bait there. However, this will not solve your problem as other rats will replace those as they are killed. One must close all entrances to the walls and ceilings. Remember that a large rat can get through a very small opening.

Leaf rust was found in wheat this past week in a field located in Brookston. In fact, it was the most rust that I had ever seen on wheat at this time of the year. Rust infected wheat should not be treated with a fungicide at this time of the year. A spell of cold weather such as we are presently receiving should slow down the development of rust. Grazing the wheat would be another way to reduce the problem.

So, if your wheat does not look just right, check it out. You may have rust.

Happy New Year
