LOOK OUT FOR THE FISH LAW VIOLATORS

Austin, Tex.,—State Game Warden Jeff Cox has sent notice to the 500 deputy game wardens throughout the state a notice to be on the alert for the apprehension of violators of the law protecting fish in fresh water lakes and streams of the state. Because of the dry summer the fresh water streams are getting low and the fish with the unlawful seine and dynamite is abroad in the land. Mr. Cox wants him apprehended and punished, and writes to his deputies as follows:

"This is the time of year when most violations of the fresh water fish laws occur. The streams have run low and it has in the past been a common practice to trap, net, seine, maddy, ditch and dynamite the fresh water streams for the purpose of taking fish from them. This department is very anxious to enforce the law this year against such depredations. We will certainly appreciate all efforts made by you to prevent such depredations and to prosecute those who have and will hereafter break the law. We are writing this to you for the purpose of especially calling your attention to these facts and of urging you to get busy. This is also the time of year when violations of the game law are frequent, especially in the killing of doves and quail.

"As you doubtless already understand, it is unlawful to take fish from the public fresh waters of this state except by the following means: Hook and line, (which includes Dowagias and all other line baits used at the end of a line); trout line, drag seine, the meshes of which are not less than three inches square set net (which means what is commonly called a fyke or hoop-net or barrel net, the meshes of which are not less than three inches square), and trammel net, the meshes of no part of which are less than four inches square.

"The law of this state declares that all streams, so far as they have an average width of thirty feet or more are public streams. A part of a stream being in a land survey does not change any part of the stream, so far as its public character is concerned, relative to fishing and hunting.

It is all public. Lakes lying in the valleys of public streams and inclosed in land surveys are not ordinarily public fresh waters.

"This department will expect you to rigidly enforce the fresh water fish laws and the game laws. If at any time you wish any special help in your jurisdiction, please let the officer here know."

An Age of Cleanliness.

This is an age of cleanliness. Physical filth is being vanquished. While, of course, it can never be entirely eradicated from the world, nevertheless, it can be reduced to a minimum. It is pleasant to think that what we eat is a hundred times cleaner than the food of our forefathers. Producers and middlemen are being forced to observe sanitary laws. Public opinion demands it. People are endeavoring to upset that old tradition that everybody must eat a peck of dirt during the course of their lifetimes. Yet, with all the progress that has been made, even though the old-time drinking cup has passed and lots of food is being delivered to the consumer without ever having touched the human hands, even though countless things that probably killed off our granddads and grandmothers in the heyday of their existence, have been relegated to the past, people continue to die in the same old-fashioned way and three scores and ten is still the standard life of man. What's the answer?—North Ft. Worth News.

Bring Your Backing Horse.

If there is a backing horse in your neighborhood that no one can ride, bring him in on Yankee Robinson circus day, and Texas Bill and his band of rough riders—some of the best in the world—will see what can be done about handling him. Sometimes they back over ten miles of territory, yet in the end the cowboy seems to handle them. The backing contest in the Wild West department is without a doubt the most sport known. Texas Bill and his cowboy cowboys, Mexicans, and rough riders of the world, are with Yankee Robinson circus and they will do any backing horse you bring them.

BIG CARNIVAL AND COUNTY FAIR COMBINED

The Free Press is pleased to announce this week that the fire boys have signed a contract with a big carnival company to be here October 12th to the 17th inclusive. The fire company will get a part of the proceeds of the carnival. The occasion promises to be one of great enjoyment and amusement.

In connection with this announcement, the Free Press desires to suggest that this would be a fine time to have a county fair. There will be many here during the carnival, and it would be a most opportune time to have a county fair. Haskell county can display her products with just pride this year. We have the finest products we have enjoyed in a number of years. Exhibits of agriculture, horticulture, truck growing, live stock, poultry, and many other

products can be shown with pride and profit. The Terrell building on the westside corner would be an ideal place to show the plant products. After having the fair here, the products might then be shipped to Dallas and put on display at the Dallas Fair, which opens October 17th and closes October 31st.

In our opinion, we have never had a more opportune time to have a county fair and also make a creditable display at the Dallas Fair. We hope that our citizens will take the matter up at once and get busy with it. What is to be done must be done quickly, and Haskell should show her usual progressive spirit in matters of this kind. It would be of untold value to our county, far exceeding the cost and effort that it will require to make it a great success.

DEATH KNELL TO FOREIGN MILITARISM

Baltimore, Md., Sept. 12.—"The convulsions through which Europe is now passing are but the death throes of militarism."

With this statement Secretary of State Bryan again today expressed his confidence in the establishment of universal peace. He made the principal speech at the closing ceremonies of the Star Spangled Banner centennial celebration here, representing President Wilson.

"Accompanying the development of freedom has come a change in the type of courage which man has manifested," said Bryan. "There has been a constant growth in the spirit of brotherhood. During these years our flag has been gallantly streaming' sometimes in 'rockets' red glare,' and son has imitated his sire in willingness to maintain with his life if necessary the authority for which it stands.

"But the war era has ended in the United States and is drawing toward its close in foreign lands. The convulsions through which Europe is now passing are but the death throes of militarism. We are entering upon a new stage in which freedom will be given new interpretations and bravery find new forms of expression. The doctrine of the divine right of Kings has been discarded to no purpose if the right of man does not lead to man's elevation. He has become his own master, not that he may be brutish or brutal, but that he may be free to develop the best that is in him.

"Let no man think that the texture of our manhood will be of a lower quality when its strength is no longer tested by the stress of war. There is as much inspiration in a noble life as in a heroic death.

"As the world is drawn closer together in the bonds of the universal brotherhood may the colors of our flag stimulate the struggling, living hosts of man to the impulses that are noblest, to the service that is highest and to the ultimate

ments that are most enduring, as, in friendly rivalry, they advance through each generation to higher grounds."

Idea of a Plain Man.

[By Dr. Frank Case]

Every man has a creed, but few men know what their creed is. The formulas they repeat in church, the platitudes they utter in conversation, the mottoes they tack on the wall, usually have very little relation to the real principles that govern them.

For a man's principles are those convictions that lie concealed in his subconsciousness and work out to control his acts, as a bulb under the earth puts forth a flower in the air.

I have known men who profess the most blood-thirsty theological beliefs and yet are kind and gentle. Who can imagine two people more antipodal in their acknowledged creed than General Gordon and Chas. Darwin? Yet Huxley tells us that these two men made precisely the same impression on him, that of sublime unselfishness.

The last and poorest witness for or against a man is himself. Our notions about our own character are as absurd as our notions about the character of other people. Our actual springs of conduct are, to use Tennyson's words, "deep-seated in our mystic frame." They are what Milton calls the "uttermost facts."

Science in destroying the childish cosmogonies of former days, and tearing away the cheap and ready-made formulas that once explained the soul's existence and destiny, has but plunged us into still deeper mysteries, and prepared for us a more genuine wonder, and more awe-worship. The man with a psychology ought to be more self-reverent than the man with a cathedral; and how much vaster the God of the telescope's heaven than the God of our tribe of one little world.

BUY-A-BALE MOVEMENT GROWING POPULAR

Clay Kimbrough of the north side has agreed to buy two bales of cotton and pay ten cents a lb. for it.

Jacob Fink a Mississippi cotton farmer is holding his crop and will buy a hundred bales from other farmers at thirteen cents per lb.

Sec. McAdoo has announced that the government will advance 75 percent of the value of cotton warehouse receipts.

Congressman Henry is advocating that the government make advances direct to the cotton farmer and not merely let the banks have currency at a low rate of interest to loan to the farmer at higher rate. Henry ought to be sent by the people to the U. S. senate.

The Farmer and business men met here last week and endorsed the buy a bale movement.

The merchants of Comanche have agreed to take cotton at ten cents a pound on debts or in exchange for goods. This helps the spot market.

The Dallas Cotton exchange has reopened.

The business men say the sale of feed stuff is bringing in some money, but it is not being used for payment of debts. This has a tendency to cripple the credit of both the merchant and the farmer.

Montgomery, Ward & Co., have announced that they will take ten thousand bales of cotton from their customers in the South, at ten cents a pound.

Mr. Courtney Hunt of Hunt Bros., this city is going to make an effort to force cotton to ten cents on the local market and his scheme looks plausible to us.

The Acme Packing Co. of Chicago has ordered one hundred bales of cotton at ten cents. They say if they lose \$1,000.00 they will have no regrets.

10,000 bales of cotton has been subscribed for by the Tarrant county Buy-A-Bale-Club.

The Plan of a Widow.

To the Fort Worth Record:

Footville, Sept. 10.—I am a widow living on a little farm with my two little girls. We have a small cotton crop that we made the best we could. The girls and I did the hoeing and got the plowing done the best we could. Will you be so kind as to sell a few bales of this cotton at 10 cents per pound, so I can pay

my debts?

If I can sell enough to pay for the money I borrowed to make the crop, I will hold the rest.

Very respectfully,
Mrs. C. S. Hill,
Poolville, Texas.

R. F. D. No. 1
The letter of Mrs. Hill has been referred to the treasurer of the Texas Cotton Club, and a way will probably be found to take some of her cotton to her entire satisfaction.

Buy a Thousand Bales

St. Louis, Mo., Sept. 12.—Tom D. Collins, 2200 Fairmount Ave., Fort Worth, Texas.

We heartily endorse the action of the Texas Cotton Club. The St. Louis buy-a-bale movement is active. Twelve hundred bales have been subscribed for of the amount we have agreed to buy one thousand.

Job and Work.

Dallas men over 40 have organized to keep the younger men from getting their jobs. One of the best means of holding a job down is to be on it for sixty minutes out of every hour in a working day.—Terrell Transcript.

Quite so. But what about it when on account of age and consequent feeble condition you are not able to do this? Of course, the logical thing to do is not to get feeble. We should all always keep young, but the solution of this problem is ages old and no one yet has found the spring of eternal youth. Men in every walk of life can do much toward keeping themselves young, when as it is a sad fact, but the majority break down early in life. We know some men at sixty who do not look a day over fifty-five, and they are able "to be a job sixty minutes out of every hour of the working day," so you say shouldn't be done, but they are exceptions.

We are prone to believe that the men of this day and time do not look to their health as they should. Once one gets the up-to-date methods of professional life, he forgets that he must exercise and live actively in order that his life may be long. At all events, those men in Dallas have got their heads together and are going to see that they are not replaced by younger men.

RHEUMATISM ARRESTED

Many people suffer the tortures of lame muscles and stiffened joints because of impurities in the blood, and each succeeding attack seems more acute until rheumatism has invaded the whole system. To arrest rheumatism it is quite as important to improve your general health as to purify your blood, and the cod liver oil in Scott's Emulsion is nature's great blood-maker, while its medicinal nourishment strengthens the organs to expel the impurities and upbuild your strength. Scott's Emulsion is helping thousands every day who could not find other relief. Refuse the alcoholic substitutes.

HASKELL, TEXAS, Sept. 19, 1914.

Let's talk county fair.

Let's work for the county fair.

Let's have that county fair, by all means.

Saturday is clean-up day. Let's not forget it.

An unsightly place is an eye-sore to any community.

Join the clean-up crusade Saturday as a permanent member.

Cleanliness is next to godliness. We can all be clean if not godly.

The mayor has issued a proclamation, calling on the people to clean up their premises, naming Saturday, September 19th, as a special day for that purpose. Let everybody respond to the call.

Mayor Cahill informs us that he has seen and talked with many of the business men about a county fair during carnival week and

every one was heartily in favor of it. The thing to do is to call a meeting of all and arrange a program, announce a premium list, etc. We suggest that Mayor Cahill call this meeting at once, and let's get busy. Haskell has a very fine opportunity to do some good advertising.

Stolstoy, the great Russian sage and writer, predicted that commercialism would bring on a world war. It seems his prediction is being fulfilled, but we read in the signs of the times, that commercialism will dictate to the war lords, that as wars disturb the commerce of the world there must be no wars.

Don't let your neighbor bear the entire burden of pushing Haskell to the front while opportunity is again knocking at the door. Let's all get hold of the wheel of progress and help move it to the pinnacle of success and renown. Our county of great possibilities needs your influence and individual effort.

Advertise in the Free Press. It reaches the people you want to reach. Tell the people about what you have to sell. Give them a cordial invitation to visit your place of business through the Free Press if you want good results.

We are glad to see the merchants joining in a movement to handle the cotton situation. The farmers should have at least ten cents for their cotton, and the matter can be handled if the proper effort is put forth.

The travelling traffic is increasing, and there is talk of the Wichita Valley putting on another train. We hope it will. Haskell and all the towns along the way need it and should have it.

That county fair will be one that will bring great results to Haskell county. Let's push it to the greatest possible success.

The question of the hour in Haskell, "Have you cleaned up your premises?" If not it is time you were getting busy.

Cotton pickers are becoming in demand in Haskell county to pick the enormous crop made.

American Diplomacy.

If the world regards the Germans as the aggressors in the great war, the Germans can blame themselves. For generations they have talked war, and wrote of strategy, and have made other nations dread them. The sins of nations will find them out. No nation dreads the United States, we have the confidence of the world to-day as no nation has. European writers and statesmen have had a contempt for our army and the diplomacy of our administration has been ridiculed by both the English and Germans and dubbed "amateur diplomacy." In our editorials we have chided the European nations on their "rotten diplomacy," and asked them if they were in an attitude to criticize anybody's statesmanship, or diplomacy. We mailed copies of our papers to the European ministers, in the hope they would through curiosity read what we said. If they did, and they have any brain, they ought to feel ashamed and chagrined. England seems to be more susceptible than any of the powers to progressive influence, and the utterances and writings of her statesmen show they are coming around to the Bryan diplomacy. England, France and Russia have signed up a treaty with the United States the past few days, agreeing to wait a year for the action of a commission before committing an act of war against the United States. Thus Mr. Bryan has obtained world-wide recognition of his policy of "watchful waiting." The people of this country can not realize what great men we have at the head of our government. The great conquest in a war for world peace, has given to Americans the heroes Wilson and Bryan, whose accomplishments already will command the respect of unborn billions of the earth's people. The Bismarcs, the Wellingtons and Napoleons will be forgotten, but the Wilsons and Bryans will live in the memories of people of every country for all time. Their work as world statesmen will be the heritage of all people.

Free Scholarship in the School of Your Choice

The Tyler Commercial College of Tyler, Texas, is positively the only business college in the state which teaches a thorough course of practical, modern bookkeeping and business training. Other schools teach theoretical bookkeeping; some of them call it actual business, but it is not. The commercial room of the Tyler Commercial College is a community of business houses of various kinds, Banks, Wholesale, Commission, Real Estate, Retail, Insurance, etc. Each student is engaged in real, active business, learning to do by doing. Every entry made by the student during his entire course is originated by an actual sale or purchase; it may be grain, it may be groceries, dry goods, real estate or stock in a corporation, but the transaction is really performed and every paper required in the transaction, whether check, note, draft, receipt, mortgage, deed or what not, is filled out by the student; contracts of partnership are drawn up and agreed upon between the parties forming the partnership; articles of incorporation are drawn up. Thru these practical methods the student learns business as well as bookkeeping; they learn how to meet one another face to face and transact business in a business way, instead of copying theoretical transactions from a text book, as is done in every other commercial school in the state. It takes more teaching force and better teachers to teach our systems and methods; our teachers are not only teachers of Bookkeeping, but they must be well informed on business customs. When a student learns to do a thing by actually

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Household.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Walter Vincent, of this town, "and the third and last time, was my worst."

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my household work.

I also had dreadful pains in my back and sides and when one of those weak, sinking spells would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I truly

believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentling. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 25 years. It will surely do for you, what it has done for them. Try Cardui today.

HASKELL, TEXAS, Sept. 19, 1914.

John Couch has purchased a bale of cotton from a farmer, for which he paid ten cents in cash. The buy a bale movement is helping to establish a spot market. The northern business men have awakened to their own interest in the cotton market and are buying cotton at ten cents. If Southern bankers would make the proper effort they could finance the cotton crop, if they would establish a market which they can do, if they will organize a system of marketing like Brazil handles her coffee crop. They could also limit production by control of the market. If the system was confined to the purpose of getting the farmers a good price for cotton instead of speculation, it would have no opposition from the farmers and would put banking and business in the south on a sure basis.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

A FAIR WARNING

One That Should be Heeded by Haskell Residents

Frequently the first sign of kidney trouble is a slight ache or pain in the loins. Neglect of this warning makes the way easy for more serious troubles—dropsy, gravel, Bright's disease. 'Tis well to pay attention to the first sign. Weak kidneys generally grow weaker and delay is often dangerous. Residents of this locality place reliance in Doan's Kidney Pills. This tested remedy has been used in kidney trouble over 50 years—is recommended all over the civilized world. Read the following:

Mrs. John Hallmark, Haskell, Texas, says: "I had a feeling of distress in the top of my head and a dull pain across my loins that kept me from sleeping well. My back ached and my loins were very lame. Since I used Doan's Kidney Pills, procured at Collier's Drug Store, (now the Corner Drug Store), these troubles have not bothered me. No other kidney remedy has ever given me greater satisfaction in my case than this one."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same Mrs. Hallmark had. Foster-Milburn Co., Props., Buffalo, N. Y.

Met Monday afternoon, in a truly spiritual meeting. It was indeed good to be there. Mrs. Reeves of Munday was a visitor and her talk and prayer was of untold benefit to us all. God has showered his blessings on us, let us not be slow in our

work for him, but gladly take hold of what our hands can find to do. Let us double our number next Monday. Bro. Sams will hear our lesson, 101 to 114 Psalm. The officers elected for the coming year were: Mrs. Robt. Reynolds, President; Mrs. Jno. Couch, 1st Vice President; Mrs. Tom Russell, 2nd V-President; Mrs. J. N. McFatter, Sec.; Mrs. T. E. Bowman, Reporter. Our last year's work has been one of wonderful success in every way and we feel in our hearts many loving considerations for our faithful-retrieving President, Mrs. Jno. Couch. It may well be said: "She hath done what she could." Let us cherish the spirit of the Master, and live to His glory.
Reporter.

We take this method of thanking our many friends and patrons for the large number of letters we have received telling us of the truly wonderful results gained by the use of Hunt's Lightning Oil in the treatment of Rheumatism, Neuralgia, Headache and other character of pain. We appreciate this spontaneous outburst of approval. A. B. Richards Medicine Co., Sherman, Texas.

Christian Convention

The Central West Texas Christian Missionary Convention will convene at the First Christian Church in Haskell on Wednesday evening Sept 23rd to continue to Friday evening. All the churches in town are invited to dismiss their prayer services and join with us in this convention. There will be services both day and night, and every one is invited to attend.

The members of the Christian Church, who are preparing to care for the visitors, will report to Bro. J. L. Robertson or Sister John B. Baker and get ready for a great convention.
J. D. White, Pastor.

Chamberlain's Liniment

If you are ever troubled with aches, pains or soreness of the muscles, you will appreciate the good qualities of Chamberlain's Liniment. Many sufferers from rheumatism and sciatica have used it with the best results. It is especially valuable for lumbago and lame back. For sale by all dealers.

Christian Church

The pastor will fill the pulpit at the First Christian Church next Sunday morning, discussing "Watchfulness," and at the evening hour, "How are we Led by the Spirit?" Bible school at 10 a. m. Y. P. S. C. E. at 4 p. m. All the young men and ladies of the Church are especially urged to be in the 4 o'clock service.

C. M. SHANNON

Publisher Richmond "Coaster" Waco, Texas, says that Grigsby's LIV-VER-LAX cured him. Read his statement.

Most people of sedentary occupation, such as editors, bookkeepers, office employees, stenographers and others who spend their lives indoors are more subject to the ravages of malaria than those who take a large amount of exercise out of doors.

Mr. Shannon devotes much of his time to writing and was a great sufferer from Bilious headaches until he took LIV-VER-LAX.

On his own statement, this renowned remedy cured him, just as surely as it will cure you of Constipation or other malarial symptoms. These symptoms are the signals ahead of serious complications if not eliminated.

There is no compromise with malaria. You must get it or it will get you. The ounce of prevention in the form of LIV-VER-LAX may save even your life from Malaria, from which nearly every one in this climate suffers in a greater or less degree, develops rapidly when it once gets a hold on your system.

Birthday Party

Mrs. M. S. Edwards entertained at her home Tuesday in honor of her niece, little Gholsten Carr, with a birthday party. The guests were Nina Scott, Loreda McCarty, Maoma McCarty, Bernice Harris, Margie Whittaker, Virgie Allen, Lovie Allen and Thelma Flenniken. The guests presented many nice presents to the honoree.

REMEMBER YOUR LAST DOSE OF CALOMEL

You probably recall the bad after-effects of the calomel more than the sickness you took it for. You need never again go through with being "all knocked out" a day or two by calomel.

Next time your liver gets sluggish and inactive, we urge that you go to the Corner Drug Store for a bottle of Dodson's Liver Tone, a splendid vegetable liquid medicine that will start your liver as surely as calomel ever did and with none of the after-effects of calomel. It is absolutely harmless both to children and adults and demands no restriction of habits or diet.

A large bottle of Dodson's Liver Tone costs only fifty cents and the druggists who sell it guarantee it to take the place of calomel, and will refund your money if it fails in your case or if you are not satisfied.

WORN BY
WOMEN OF STYLE

This Autumn Fashions Are More Than Ever Picturesque

HERE you may see copies of wonderful Regina models—great big picture hats like the Gainsboroughs Reynolds used to paint, and wide brimmed sailors, stunning in every detail.

This seasons hats are richer than ever—aside from the lustrous velvets there are trims of gold and silver flowers, fruits and rare metal ornaments. Here you will find the new Regina models and perfect copies made in our own workrooms—here you will find varieties greater than elsewhere and prices very moderate despite the war and scarcity of materials. You are urged to inspect the many pretty models.

Sheriff's Sale
 The State of Texas
 County of Haskell.

In the District Court of Haskell County, Texas, suit filed Plaintiff vs J. D. Kinnison, Defendant, No. 1868.
 WHEREAS, by virtue of an order of sale issued out of the District Court of Haskell county, Texas, on a judgment rendered in said Court on the 8th day of June, 1914, in favor of the said J. D. Kinnison, plaintiff, and against the said J. D. Kinnison, defendant, in the above styled and numbered cause on the docket of said Court, I did, on the 26th day of Aug. A. D. 1914, at 4 o'clock p. m., levy upon, seize and take unto my possession as commanded in said order of sale, the following described property to-wit:
 All that certain tract or parcel of land, lying and being situated in the County of Haskell, State of Texas, described as Block 24, in the Highland Addition to the town of Haskell, a plat of which is recorded at page 151, Vol. 87 of the deed records of Haskell county, Texas, reference being here made to said plat and record for full description of said property, and on the 6th day of October, A. D. 1914, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said date, at the Court House door of said County, I will offer for sale, and sell at public auction for cash the above described property, same being a foreclosure of the vendor's lien as it existed against said property in said judgment specified.
 Dated at Haskell, Texas, this 26th day of August, A. D. 1914.

WHEN YOU WANT DRUG STORE GOODS

QUALITY In selling certain lines of **FIRST** goods, prices may be used as a strong selling point. But in selling drugs the first argument should always be quality. Right quality has made our Business what it is, and we expect to maintain the reputation it has won for us.

THEN We believe that all careful **PRICE** drug buyers will consider quality before price. But prices here are right too---as low as goods of same quality can be bought for anywhere.

Mr. Phillips had Stomach Trouble for More than Five Years.

Mr. W. R. Phillips, Jr., 125 Moreland Ave., Atlanta, Georgia, writes: "I had the catarrh and stomach trouble for more than five years, and I faithfully tried all the medicines I saw advertised, and found they all failed to cure me. I then heard of Parana. I purchased six bottles, and after their use I soon discovered that I was well, safe and sound. I now weigh two hundred and ten pounds, and have never been sick since I took Parana. It surely is the best medicine for colic, stomach trouble and catarrh that I ever heard of."

If Constipated or Bilious "Cascarets"

To-night Clean your Bowels and Stop Headache, Colds, Sour Stomach.

Get a 10 cent box. Take a box tonight to cleanse your liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, a bad cold, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills, or castor oil? Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

Kongo's Arrival in New York.
The scenes attending the arrival of the largest elephant ever known "Kongo," were most remarkable. From the time the people of this country, some twelve months ago, read of the capture of Kongo, there has been a curiosity to see this huge beast. At the "round-up" of elephants, in Siam, last spring, there were twenty-three elephants captured—this being the entire haul for the season. Among the few held last season, was the real monarch of the Jungle—an elephant that has been the goal of every hunter to the forest for years. This big beast was Kongo. Immediately the concessionaries of the San Francisco Exposition cabled to secure this big beast for the wonderful trained animal exhibit they will have during the Fair. The promoters of the Yankee Robinson shows happened to have Mr. Harvey Hale, their European representative in Siam, at the time of this offer. Without any conferring with the owners of the big circus, he secured this big beast (for an enormous rental) for the coming season. It is expected

that the principal cities of the country will be visited by the show during that time.

The arrival of Kongo in New York, as stated above, was witnessed by tens of thousands of people. He was lowered from the vessel by means of a large car, heavily ironed and secured with enormous chains. As the big steam derrick hoisted Kongo in air to be lowered to the harbor, he emitted a terrific "bow!" of the desert. This is a noise peculiar to this species of animals in extreme fright. He was immediately taken to the yards of the Pennsylvania yards where, in a specially constructed car, he was brought to the Yankee Robinson shows. The unloading from the cars of this beast is well worth your time. Kongo is unloaded usually about six in the morning and taken to the lot immediately.

Barnum & Bailey at Abilene.

The Barnum & Bailey Circus had a wonderful engagement in Madison Square Garden in March, attracting thousands of visitors to New York where the "Greatest Show on Earth" was pronounced by press and public as "the last word to be written in circuses." Barnum & Bailey will exhibit at Abilene Saturday, September 26th.

Everything is new but the name. America's youth demands with each recurring spring and summer the circus' visitation and it demands that it be none other than Barnum & Bailey's. The youth of this country is not to be denied and when the circus reaches his native heath he never lets up until his parents have pledged their word that he can go to the circus. Then his cup of happiness is complete.

More than one thousand people are enlisted in the presentation. The incidental ballet numbers 300 dancing girls. The costumes

and scenic effect and property investments are on a scale of bewildering magnitude and magnificence. The stage is one of the largest ever constructed. Forty elephants and hundreds of horses and camels are utilized. An innovative feature of the pageant is a march of 350 persons, all playing musical instruments, around the quarter-mile hippodrome course.

The Keat Explained.

The little agricultural village had been billed with "Lecture on Keats" for over a fortnight. The evening arrived at length, bringing the lecturer ready to discourse on the poet. The advertised chairman, taken ill at the last moment, was replaced by a local farmer. This worthy introduced the lecturer and terminated his remarks by saying:

"And now, my friends, we shall soon all know about I what I personally have often wondered—what are Keats?"—Pittsburg Chronicle-Telegraph.
