### GERMAN EDITOR SAYS COUNTRYMEN FOR U. S.

Dallas Texas.—"We are Americans before we are Germans," said G. A. Heilig, editor of Nord Texas Presse, today, regarding the feeling of German-Americans in Dallas with reference to President Wilson's note to the Imperial German Government.

"The matter has not been discussed, I feel sure, in the open meetings of any of the German societies. I have talked with many leading German-Americans here, and they all are with the President," he said.

"Of course, in the present war

our sympathies are with Germany but, between Germany and America, we are Americans before we are Germans.

### SOME BASEBALL GAMES IN CITY

Regular Team Last week Defeated Hamlin--Trowned Local Elks on Monday.

On last Thursday there was a base ball game in Haskell, a team from Hamlin making the trip over here to play the local team. The game was a fairly good one, there being some plays made that demonstrated that the Haskell nine is composed of some good baseball material. Hamlin was defeated to the tune of 5 to 4.

The Haskell boys have only played a few games, and are showing improvement each game and will, no doubt, with a little more practice, become a fast team.

On Monday afternoon of this week, a team composed of local Elks, under the leadership of O. Neathery, crossed bats with the regular team, said Elks suffering defeat, the final score being 13 to 5 in the regulars' favor. In this game, Mr. Richard Nolan started in to pitch for the Elks, but Dick soon wearied of such strenuous exercise and gave way to O. Neathery, who finished the game. Alderson pitching for the regulars, allowed only five hits and struck out fifteen of the Elks' batmen. Messrs. Scott Key and Whatley officiated as umpires in the Monday's game.

Mr. R. W. Grisham furnished the Free Press with a box score of the Elks-Regulares' game, but owing to a lack of space and time we are unable to use same.

### The Presbyterian Meeting.

The meeting at the Presbyterian Church will begin Tuesday evening, May 25th. This meeting was to have begun last Tuesday, but was postponed, owing to the fact that Rev. W. R. Potter, of Mineral Wells, who will assist Rev. Mr. Lloyd in the meeting, was detained at his home, and could not arrive in time for the meeting to begin as was first announced. However, the meeting will start for sure on next Tuesday evening. Everyone is extended a most cordial invitation to attend the services.

Preaching Sunday at 11 a. m. at this church and also there will be Sunday School at the regular hour, and anyone not already attending Sunday School is cordially invited to attend. Prayer meeting each Wednesday evening at this church.

### Co-operative Notes

Next Monday is the regular day for our monthly meeting, and every woman in town is urged to come with ideas and suggestions for making a better Haskell and a cleaner Haskell.

A few women can do very little without the co-operation of the public, so we want suggestions of what and how to arouse the civic pride of the majority.

The program for next meeting is as follows:

Devotional—Mrs. H. S. Post.  
Duet—Misses Sherrill  
Lesson on "Child in our Midst" with Mrs. Key Teacher.  
Duet—Miss Kinnard and Mrs. W. Alexander.  
Reading from "The Other Wise Man"—Mrs. Groom.

### SAYS GERMANS HERE ARE LOYAL

Head Society Made Up of Thousands of Prominent Germans, Speaks.

Sioux City, Iowa May 17.—Commending President Wilson's recent note to the Imperial German Government and declaring that it opened the way for a peaceful solution of the present crisis at the discretion of the German officials, Rudolph Beerend, president of the Deutscher Krieger Bund Von Nord Amerika, announced today that in the event of war between the United States and Germany, German-Americans to a man would take up arms against the Fatherland. The society headed by Mr. Beerend is composed of sons of German war veterans. More than 20,000 of the most prominent Germans in this country are members of the society.

"I believe that the present crisis will pass over and that this country and Germany will continue in their friendly relations. Germans and natives of the allied countries have already gone too far in expressions of their partisan feelings. Our first thoughts should be of America. Germans as well as others believe in the rights of free speech and have not hesitated to exercise this right.

"We should all stand by the President. I can not believe that his recent note to the German Government, which was a masterpiece in construction and framed in the friendliest expressions, could do anything but further strengthen the bonds of friendship that have always existed between the United States and Germany.

"The note can not be termed an ultimatum; it has little in common with an ultimatum, which one country might send to another. It expressed in firm language that this country would not omit word, deed or necessary act in maintaining the rights of American citizens and safeguarding their free exercise and enjoyment, but at the same time it extended to the Imperial German Government the olive branch of peace, for a continuation of the friendly relations between the two countries and I believe that Germany, actuated by the same spirit of fairness and with a firm desire that nothing shall arise to disrupt these relations, will do everything within its power to avert serious complications between its own Government and the United States.

"We all have our own personal opinions and beliefs, yet, should war be declared between the United States and Germany, a thing I can not conceive at this time, we would find German-Americans, to the man, organizing within their own ranks, enlisting under the Stars and Stripes and fighting against the Fatherland. If it ever came to a war between these two countries, the Germans in this country would do just as they did in the Civil War, when strong, fearless and courageous men were needed to preserve the Nation. They would fight for Old Glory. The thought of them doing anything else is ridiculous."

## G-D Justrite CORSETS

It is only a matter of choice for both styles have the G-D Justrite figure moulding quality which is so essential to a perfect fitting corset.

Justrites are fashioned and fitted over living models with ideal figure lines.

When you wear a Justrite your figure takes on the same graceful lines of the corset which has been thus fitted.

It is Preferable to wear a Justrite with ideal lines and figure moulding qualities than a corset made to your own measurements, if you want to correct your figure lines.

Every Pair Rustless and Guaranteed to Give Satisfactory Wear

Stout figure model. For the figure needing support from the corset. The appearance of a stout figure depends largely upon the manner in which the corset distributes the flesh. This G-D Justrite model gives symmetrical and proportionate lines, pleasing in appearance. Medium height of bust; extra boning throughout. The gussets of elastic fabric in each side make the skirt of the corset close fitting and clinging. The lower part of the body is admirably taken care of, with no protruding of flesh from under the bottom of the corset. Sizes 20 to 36.

### Wilson's Action Approved

Buenos Aires.—La Prensa expresses approval of President Wilson's note to Germany. It says that if the principles set forth in this note do not prevail there will be an end to neutrality and that a universal war will follow.

The Razon says: "The United States and other neutral countries have already suffered too patiently, morally and materially."

The Diario declares that Germany has violated the principles of international law and is deserving of no sympathy from civilized Nations. "South America supports the energetic attitude of the United States," the paper adds.

Other newspapers in Buenos Aires and the provinces commend the American note.

Miss Eupha Todd and Miss Annie May Hancock are visiting friends at Taylor.

### MRS. J. U. FIELDS ENTERTAINS CLUB

Promptly at 3 o'clock Friday afternoon the members of the Magazine Club responded to the last call of the retiring president, Mrs. Fields. The new library, which is the pride of every woman's heart, had been beautifully decorated with vases of fresh cut flowers.

After the final reports from the officers, Mrs. Posey gave a glowing description of her trip to Quanah, and expressed a deep feeling of appreciation to the club for sending her as their delegate.

The president, Mrs. Fields, who has ever been faithful and eager to cheer and encourage the club members and who so graciously was to uplift and broaden the club as an organization, addressed the members and expressed in her unassuming elegance what a pleasure it had been to lead them through this year's work.

That the success of the club was due to the harmony and untiring energy of her club members. The retiring officers then escorted the new officers to the chairs. Mrs. W. H. Murchison very graciously assumed the responsibilities of president. After appointing her committees for the year, the president insisted on the support and co-operation of the club in making the club year 1915-16 the greatest year in the history of the club.

After enjoying a social hour, delicious berries and cream were served.

### Married

Last Sunday evening about eight o'clock, Mr. Hugh Webb and Miss Vera Murrell appeared at the Christian parsonage with the proper papers and in a few moments were made one. The pastor was smiling beautifully while the newly weds drove toward their home ten miles east.

Judge Clyde F. Elkins shipped a car of Johnson Grass hay to East Texas Wednesday, that was grown inside the corporate limits of Haskell. What do you think of that? He will get \$12 per ton for it, and it cost him \$3 per ton to ship it.

### "The Thief"

"The Thief," a five-reel feature, was the attraction booked at Dick's Theatre for Tuesday night. The feature came on time, likewise a heavy rain. Thus, the attendance for the Tuesday night performance of this photoplay was curtailed to such an extent that Mr. Nolen held the picture over to Wednesday night and it was again put on the screen, this time to a very large and appreciative audience.

"The thief" is a Henri Bernstein production, having been produced with great success by the late Chas. Frohman, who went down with the Lusitana. The play is a society drama of intense interest, holding its auditors' rapt attention from the very start to end, and the patrons of Dick's Theater appreciate the managers' efforts at securing such fine productions as that of Tuesday and Wednesday nights.

### Whole Family Dependent.

Mr. E. Williams, Hamilton, Ohio, writes: "Our whole family depend on Pine-Tar-Honey." Maybe someone in your family has a cold—perhaps it is the baby. The original Dr. Bell's Pine-Tar-Honey is an ever ready household remedy—it gives immediate relief. Pine-Tar-Honey penetrates the linings of the throat and Lungs, destroys germs and allows nature to act. At your druggist's, 25c.

### Card of Thanks.

I take this means of publicly thanking Mr. Courtney Hunt for the gift of \$25.00 as second prize in the Panama Contest. Mr. Hunt, independently of the other firms in the Contest, gave this to me as an appreciation of the efforts I made to win first prize, and I think it is due him to acquaint his many friends and patrons of his generosity.

I want to tell the people of Haskell county that I have the largest stock of paints and wall paper that ever has been in Haskell county, and I bought them for you. So don't send off like some of our business men in Haskell have done to buy your paint and paper without first coming around to Whitman's Paint Store and examining his paints and paper and get his prices. He carries different brands of Paints. Sherwin-Williams the best paints on the market and the only paint that has its ingredients of what it is made of printed on each bucket and can. We also carry Southern DeVoes and Rogers and will sell you Southern DeVoes at \$1.55 per gallon and Rogers at \$1.75 per gallon, and will sell you nice wall paper for \$1.00 a room 14 ft. square.

### Lame Back.

Lame back is usually due to rheumatism of the muscles of the back. Hard working people are most likely to suffer from it. Relief may be had by massaging the back with Chamberlain's Liniment two or three times a day. Try it. Obtainable everywhere.

### Brooks-Rosser

At the Baptist parsonage on Tuesday, May 18th, Rev. Groom officiating. Mr. I. A. Brooks of Corpus Christi, was married to Miss Dona Bell Rosser, of Belton. We extend best wishes to the happy young couple.

### Some Forms of Rheumatism Curable.

Rheumatism is a disease characterized by pains in the joints and in the muscles. The most common forms are: Acute and Chronic Rheumatism, Rheumatic Headaches, Sciatic Rheumatism and Lumbago. All of these types can be helped absolutely by applying some good liniment that penetrates. An application of Sloan's Liniment two or three times a day to the affected part will give instant relief. Sloan's Liniment is good for pain, and especially Rheumatic Pain, because it penetrates to the seat of the trouble, soothes the afflicted part and draws the pain. "Sloan's Liniment is all medicine." Get a 25c bottle now. Keep it handy in case of emergency.

### Paint Or Not

Is a horse worth more or less after feed?  
Hay and oats are high today, shall I wait today and feed him tomorrow?  
That's how men do about painting their houses and barns and fences. Paint has been high for several years; and so they have waited. Some are still waiting.  
Their property drops a trifle a year and the next job it paints creeps up, creeps up, creeps up; it'll take more paint by a gallon a year; they don't save a cent, and the property goes on suffering.

The State of Texas.  
To the Sheriff or any Constable of Haskell County, greeting:

You are hereby commanded, that you summon, by making publication in some newspaper published in the County of Haskell, for four weeks previous to the return day hereof, Mrs. M. M. McDaniel, Jno. McDaniel, Bettie Clark and her husband, R. F. Clark, Liddie Hendrix and her husband S. W. Hendrix, Maggie Weaver and her husband C. P. Weaver, Rosie Rose and her husband Oscar Rose, Effie Rose and her husband Allan Rose, Eddie Flowers and her husband K. J. Flowers, Willie Webb and her husband, George L. Webb and Charley McDaniel, whose residences are unknown, to be and appear before the Hon. District Court at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in Haskell Texas, on the 24th day of May, A. D. 1915, then and there to answer a petition filed in said Court on the 22nd day of April, A. D. 1915, in a suit numbered 2321 on the docket of said court, wherein J. M. Ross is plaintiff and Mrs. M. M. McDaniel, G. R. Couch, S. A. McDaniel, Jno. McDaniel, Bettie Clark and her husband R. F. Clark, Liddie Hendrix and her husband S. W. Hendrix, Maggie Weaver and her husband C. P. Weaver, Rosie Rose and her husband Oscar Rose, Effie Rose and her husband Allan Rose, Eddie Flowers and her husband, K. J. Flowers, Willie Webb and her husband George L. Webb and Charley McDaniel are defendants. The nature of the plaintiff's suit being as follows, to-wit:

Suit for cancellation of the vendor's lien reserved in a deed of conveyance by W. T. McDaniel and wife, by which they conveyed to G. J. Graham and T. G. Williams on the 1st day of October, 1907, the following described property to-wit:

Situated in Haskell County, Texas, being parts of survey No. 61, Block 1, H. & T. C. R. Co., land, located by virtue of Certificate No. 586 and situated about seven miles north, 86 degrees west from the center of the county and a part of survey No. 60 in block 1, H. & T. C. R. Co., land, abstract No. 494, certificate No. 950, described by metes and bounds as follows: Beginning at the N. E. corner of survey No. 61; Thence west 1452 varas to stake in the N B line of survey No. 61; Thence south 1396 varas to stake for corner; Thence east 710 4-10 varas to stake in the west line of a tract heretofore conveyed to J. P. Ashley; Thence north 1210 varas to stake the N. W. corner of the Ashley tract; Thence east 741 6-10 varas to a stake for the N. E. corner of survey No. 60, and the S E corner of survey No. 61; Thence north 186 varas to the place of beginning, containing 200 acres of land. And in which deed the vendor's lien was reserved to secure payment of two notes, both dated same day of said deed, one for \$247.77 due January 1, 1908, the other for \$2504.00, due January 1, 1909, bearing interest at eight per cent per annum from January 1, 1908, and providing for attorney's fees in the usual form.

Plaintiff alleges that thereafter on the 22nd day of November 1907, the said G. J. Graham and T. G. Williams and their wives did convey the above described premises, by general warranty deed, to the plaintiff in this case, part of the consideration for which was that the plaintiff would assume the payment of the two notes above described. Plaintiff alleges also that said two notes have long since been fully paid off by him and that said W. T. McDaniel failed and neglected to execute to him a release of said vendor's lien. Plaintiff also alleges that all of the defendants are the sole and only heirs at law of the said W. T. McDaniel, who is now deceased, except that the defendant G. R. Couch was formerly administrator of the estate of said W. T. McDaniel, deceased, who died intestate subsequently to the payment of said notes; that said administration has been closed and that the said G. R. Couch as such administrator has been discharged; that there is now no administration pending on said estate and no necessity for any; the failure to find upon the records a release of said vendor's lien casts a cloud on plaintiff's otherwise good title to said land, and that the defendants are claiming some sort of interest in said land by reason of the fact that no such release was executed, and plaintiff prays for cancellation of said vendor's lien; for removal of said cloud from his premises.

Herein Fail Not, and have you

before said court on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Haskell, Texas, this 22nd day of April, A. D. 1915.

The State of Texas.  
To the Sheriff or any Constable of Haskell County—Greeting:

You are hereby commanded, that you summon, by making publication of this Citation in some newspaper published in the County of Haskell for four weeks previous to the return day hereof, S. M. Baker, whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Haskell at the Court House thereof, in Haskell on the 24th day of May, A. D. 1915, then and there to answer a petition filed in said Court, on the 20th day of April A. D. 1915, in a suit numbered on the docket of said Court No. 2319, wherein Mrs. W. R. Kelly and husband, W. R. Kelly, are plaintiffs and S. M. Baker is defendant. The nature of the plaintiff's demand being as follows, to-wit:

That, heretofore, to-wit, on or about the 2nd day of January, A. D. 1914, plaintiff, Mrs. W. R. Kelly, was lawfully seized and possessed of a certain tract of land hereinafter described, holding the same in fee simple, and that on the day and year last aforesaid, the defendant unlawfully and wrongfully and forcibly entered upon said land and premises and ejected plaintiffs therefrom and is now wrongfully withholding the said land and premises from plaintiffs to their damage in the sum of \$1200.00, and the defendant has ever since continued such wrongful possession taking and receiving the fruits and profits of said land and premises to the value of \$300.00.

The land and premises so wrongfully entered upon and withheld by the defendant from plaintiffs is described as follows, to-wit: All that certain lot or parcel of land situated in the county of Haskell, State of Texas, known as lot No. 10 and a part of lot No. 11, in Block N of the Courtwright and Smith addition to Haskell, Texas, being a part of subdivision No. 86 of the Peter Allen survey of 2-3 league and labor, abstract No. 2, described by metes and bounds as follows: Beginning at the N. W. corner of lot 10; thence east 81 1/2 feet to the N. E. corner of lot 10; thence on East 18 1/2 feet; thence South 130 feet; thence West 18 1/2 feet to the S. E. corner of said lot 10; thence on West 81 1/2 feet to the S. W. corner of said lot 10; thence North 130 feet to the place of beginning.

Plaintiffs allege that the deed Mrs. W. R. Kelley and husband, W. R. Kelley, dated Dec. 13, 1911, is in the possession of the defendant and the defendant is hereby notified to produce said deed upon the trial of this cause, or secondary evidence will be introduced to prove its contents.

Wherefore, plaintiffs pray that citation issue in terms of law requiring the defendant to appear at the next term of this honorable court and answer this petition and that upon final hearing hereof they have judgment against said defendant for the title and possession of said land and premises, for all damages, and for their rents, and all cost of suit, and such other and further relief, general and special, which the law and facts will authorize.

Herein Fail Not, and have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell, this, the 20th day of April A. D. 1915.

The State of Texas.—To the sheriff or any constable of Haskell County, Greeting:

You are hereby commanded to summon the heirs of J. H. Harvin, deceased, and the heirs of Enoch Robinett, deceased, whose names are unknown, to appear at the next regular term of the district court of Haskell county to be held at the court house in the city of Haskell on the 24th day of May, 1915, then and there to answer the first amended original petition, filed in said court on the 22nd day of March, 1915, in cause numbered 1867, wherein August Teichmann and Frederick Franke are plaintiffs and the Unknown Heirs of J. H. Harvin, deceased, the Unknown Heirs of Enoch Robinett, deceased, and Geo. W. Thomason, R. P. Williams and Olin D. Harvin are defendants.

Plaintiffs sue for partition of the Enoch Robinett survey situated in Haskell county, Texas, claiming ownership by fee simple title of a 350 acres undivided part as the property of said Teichmann, a 28-30 undivided part, less said 350 acres, as the property of said Franke and a 2-30 undivided part as the property of said Unknown Heirs of J. H. Harvin, deceased; and that defendants, Geo. W. Thomason, R. P. Williams, Olin D. Harvin and the Unknown Heirs of Enoch Robinett, deceased, are setting up some pretended claims to some part or parts of said survey, the exact nature and extent of which is unknown to plaintiffs, but which casts a cloud upon plaintiffs' title.

That plaintiff, August Teichmann, purchased the said 350 acres by metes and bounds as herein-after described and has placed valuable improvements thereon; and that plaintiff, Frederick Franke, has made valuable improvements upon other parts of said survey; and that said improvements can be set apart to plaintiffs without detriment to their co-tenants.

That plaintiffs and those under whom they claim have had peaceable, continuous and adverse possession of said lands and premises, an undivided interest of 28 30 for for themselves and an undivided interest of 2 30 for said Unknown Heirs of J. H. Harvin, deceased, being known as the Enoch Robinett survey situated in Haskell County, Texas, and described by metes and bounds as follows:

Beginning at a set rock 671 vrs. east of the S. W. corner of Thos. Early survey; thence south 3000 vrs. to stake for S. W. corner; thence east 666 vrs., the center of the railroad track, 933 vrs., a branch, 2777 vrs. a stone mound for corner; thence N. 0° 8' E. 3006.7 vrs., a stake 2 1/2 feet south of a stump; thence S 89 degrees, 52' W. 2784 vrs. to place of beginning, containing 1479.4 acres of land, cultivating, using and enjoying the same for more than 10 years after the cause of action of all the other defendants accrued and before the commencement of this suit, taken and held under written memoranda of title specifying the boundaries of said tract and duly recorded 10 years before the filing of this suit in the deed records of Haskell county, Texas, as follows:

(a) A deed from J. E. Parker and wife, Nettie C. Parker, to I. E. Wood, dated July 1st, 1898, recorded in Book 20, Page 528, said deed records; (b) A deed from John C. Roberts to Ira E. Wood, dated Nov. 16, 1896, recorded in Book 18, Page 274; (c) A deed from Ira E. Wood to W. H. Wood, dated October 11, 1898, recorded in Book 20, Page 530; (d) A deed from Ira E. Wood to T. N. Wood dated January 31, 1902, recorded in Book 22, Page 408; (e) A deed from Terry N. Wood to Ira E. Wood, dated Nov. 9, 1903, recorded in Book 22, Page 495; (f) A deed from Terry N. Wood and wife, Mamie Wood, to Ira E. Wood, dated Feb. 25, 1905, recorded in Book 27, Page 19; (g) A deed from Ira E. Wood and wife, S. E. Wood, and W. H. Wood and wife, Electa Wood, to Frederick Franke, dated Aug. 11, 1906, recorded in Book 35, Page 113; (h) A deed from Frederick Franke and wife, Dora Franke, to August Teichmann, dated Dec. 11, 1907, recorded in Book 43, Page 53.

That Plaintiffs and those under whom they claim have had peaceable, continuous and adverse possession by an actual inclosure of said lands and tenements, claiming and holding the same, a 28-30 undivided interest for themselves and a 2-30 undivided interest for the Unknown Heirs of J. H. Harvin deceased, cultivating, using and enjoying the same for 10 years after the cause of action of the other defendants accrued and before the commencement of this suit.

That Plaintiffs and those under whom they claim have had and

held peaceable, continuous and adverse possession of said lands, claiming an undivided 28-30 interest therein, cultivating, using and enjoying the same under deeds duly registered and paying all taxes thereon for more than 5 years before the filing of this suit, and after defendants' cause of action accrued thereon.

That plaintiff, August Teichmann, has had peaceful, continuous and adverse possession of said 350 acres out of said Robinett survey, Beginning at S. E. corner of said survey; thence West 2093 vrs. to stake in E. B. line of Right-of-Way of P. & G. R. R. Co.; Thence, with said right-of-way N. 14 degrees, 45' E. 1049 vrs. to N. W. corner this tract; Thence East 1827 vrs. to stake in E. B. line of said Robinett survey. Thence South 1013 vrs. to beginning; cultivating, using and enjoying the same, claiming same under a deed duly registered and paying all taxes due thereon for a period of more than 5 years after the Defendants' cause of action accrued and before the commencement of this suit.

Plaintiffs pray for partition, appointment of commissioners and that improvements made by each be set apart to him, for judgment clearing their title from the cloud cast by the pretended claims of said Unknown Heirs of Enoch Robinett, deceased, and of Geo. W. Thomason, R. P. Williams and Olin D. Harvin.

You are hereby commanded to serve this citation by publishing the same once in each week for eight successive weeks, previous to the return date hereof in a newspaper published in your county.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness E. W. Loe, Clerk of the District Court of Haskell County, Texas.

Given under my hand the seal of said court in the city of Haskell and issued this 22nd day of March, 1915.

**LIV-VER-LAX**

All the Effectiveness, Not the Effect, of Calomel.

LIV-VER-LAX is one of the most important medical discoveries of recent years. For a long time medical experts, realizing the harmful effects of calomel, have been striving to find a liver cleanser that would be just as effective as calomel, and yet be absolutely harmless in its action. Recently this remedy was actually put forth by L. K. Grigsby, in his LIV-VER-LAX.

LIV-VER-LAX is a harmless vegetable compound, desinged solely for the treatment of liver complaints. The immediate favor it has met with in thousands of homes is proof positive of its real value.

If you feel worn out, tongue coated and skin sallow, don't delay until it becomes dangerous, nip the trouble in the bud with LIV-VER-LAX. Insist on the genuine, bearing the signature and likewise of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by Corner Drug Store.

**STOMACH TROUBLE FOR FIVE YEARS**

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theford's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Theford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

## "WHO PAYS?"

We are bringing to Haskell a series of Pictures entitled **"WHO PAYS"** Please understand that this is not a "Serial" story but a series of Pictures. Every story is complete. There are twelve Pictures in the series, each picture in three reels. This is a series of Photoplays with a purpose pertaining to vital questions of life. Everyone of these pictures is a sermon.

The first of the series is entitled **"The Price of Fame."** Being the tale of a man who was wedded to his art and took unto himself a wife; of how his art proved a jealous mistress and his wife a social failure; also of the price of the air of Olympus, and of a mortal who came to naught.

We Wish, Oh, how we wish that every man, woman and child in Haskell could see every one these pictures. Mr. Man, you'll be a better man for seeing them. You women will appreciate more your place in the world and what God Almighty placed you here for.

You'll have things brought home to you that you haven't thought about in a long time. **Humanity is stripped of it's doting illusions.**

### TRUTH WALKS NAKED

This is no sugar-coated stuff. Are you afraid? **DARE YOU GAZE INTO THE POOL?**

We state to you without fear of contradiction, that this is the strongest series of pictures ever shown in Haskell, and we consider ourselves very fortunate to have secured them at this time, as they are in great demand in the larger cities.

### IN THE GAME OF LIFE

How can opportunity's knocks be distinguished from the rest of the world's? For just how much of this world's misery are good intentions responsible! How strong are a man's scruples when arrayed against "his interests?" Life is the Piper. Who Pays? "Bubbles we buy with a whole soul's Tasking." The Price of Fame. The forsaken wife, the neglected child, the ambitious youth. **WHO PAYS?**

The first of this great series will be shown Wednesday night

**May 26th,**

# Maxwell Wins Test Over 40 Cars

Result of the great Yale University Sheffield Scientific School Test. Of the forty automobiles tested at the famous Sheffield Scientific School laboratory the Maxwell stands first in economy of Gasoline consumption.

MECHANICAL ENGINEERING DEPARTMENT  
SHEFFIELD SCIENTIFIC SCHOOL  
YALE UNIVERSITY

NEW HAVEN, CONNECTICUT  
May 1st 1915.

The Biever Motor Car Company,  
1079 Chapel Street  
New Haven, Conn.

Gentlemen:-  
I am enclosing report of test of your Maxwell automobile recently made in our laboratory.  
I should like to add the following comments:

1. RELIABILITY OF TEST.  
A preliminary test was made on April 19th, using a new car which was rather stiff. The showing was so good that we decided to make a second test. This was made on April 30th, using same car. On this test, the car showed less stiffness and the performance was better than on the first car. The second test was supervised by our most careful experts, and the results, I believe to be perfectly reliable.

2. MILEAGE.  
The efficiency of the Maxwell automobile as indicated by the number of miles on a level road, is exceptionally high. This mileage record is better than that of any one of forty automobiles tested in our laboratory to date.

3. MOTOR PERFORMANCE.  
The efficiency of the motor and carburetor as indicated by the pounds of gasoline used per hour per horse-power at rear tires, is exceedingly good, and indicates very perfect carburetor action over the whole range of speed and load. This record like that on mileage per gallon, is the best one that we have had.

Very truly yours,

## Splendid Medicine Stomach Trouble

I Suffered for Several Years  
Peruna Restored My Health

Mrs. Elizabeth Reuther, No. 508 Twelfth St., N. W., Washington, D. C., writes: "I am pleased to endorse Peruna as a splendid medicine for catarrh and stomach trouble, from which I suffered for several years. I took it for several months and at the end of that time found my health was restored and have felt splendidly ever since. I now take it when I contract a cold and it soon rids the system of any catarrhal tendencies."

Over Ten Years Ago.

"I would not be without Peruna. Although it was over ten years ago that I first gave my testimonial, I am of the same opinion as when I wrote it, and give you the privilege to use it as you see fit. I still use Peruna when I think it necessary. I am recommending it to my neighbors whenever a chance occurs."

## Free Paint

Paint half your job Devoe; paint the other half whatever you like.

If Devoe doesn't take less gallons and cost less money, no pay. The cost of putting it on is about two-thirds of the job.

If Devoe doesn't wear a year or two years or three years or four years longer—distinctly longer and better—we'll give you enough to do it again.

But we warn you how it will all turn out. The best half of your job will cost you so much less than the other half, and wear so much better, too, that you'll never divide it again.

You won't get your paint free, you'll get what is better: You'll know Devoe; You'll know strong paint, you'll know weak paint; and the question is settled.

## J. W. NEILL HERE TO DEMONSTRATE

States That Without Legislation the Fruit Industry in Some Sections is Doomed

J. W. Neill, Director of Institutes of the State Department of Agriculture was here Tuesday and Wednesday to demonstrate against the various orchard insects. To a reporter Mr. Neill said that he had made many demonstrations the past fifteen days; that he and Prof. Ohlendorf had visited several sections of the state, beginning at Stephenville and going as far north as Hereford, giving practical demonstrations in spraying for the apple worm, and treating trees against borers. Many orchards are now infested, and the people are losing annually on their orchards alone many times more money than the Department is costing. Mr. Neill declared that if the present legislature fails to provide for this work, in some sections the fruit industry is doomed.

The Department of Agriculture is now, and has been for several years organizing for a better system of agriculture and especially marketing. Combating insects and fungus troubles, poultry diseases and parasites, and how to poison English sparrows, ravens, coyotes, rabbits, rats, prairie dogs, pocket gophers, ground squirrels, etc., is also part of the Department's work.

The present Commissioner, Hon. Fred W. Davis declares, said Mr. Neill, that if the present legislature will provide his Department with the money, he will carry this war of exterminating the pests to all parts of the state. It is estimated that Texas farmers lose annually about fifty million dollars due to destructive insects, and he feels that the Legislature could easily afford to give him one hundred thousand dollars to employ competent lecturers to go before the people and explain and demonstrate the best methods of combating these pests.

Commissioner Davis is now pushing his men as rapidly as possible. In April they organized 89 new institutes besides visiting many schools, and organizing baby beef clubs and other clubs; exhibiting insect specimens and giving valuable lectures on these and other topics, thus making a record equal to other states with a greater force. Our Department has been and is now sending out many thousands of valuable bulletins free, a list of which will be sent to anyone for the asking.

Mr. Neill says that he saw fine wheat and oats in Haskell county, some promising a most heavy yield.

### How Mrs. Harrod got Rid of her Stomach Trouble.

"I suffered with stomach trouble for years and tried everything I heard of, but the only relief I got was temporary until last spring I saw Chamberlain's Tablets advertised and procured a bottle of them at our drug store. I got immediate relief from that dreadful heaviness after eating and from pain in the stomach," writes Mrs. Linda Harrod, Fort Wayne, Ind. Obtainable everywhere.

### Foolish Question

"Would you love me as much if father lost his wealth?"  
"He hasn't lost it, has he?"  
"No."

### M. H. Harris Was Here.

M. H. Harris, the genial young man who represents the Underwood Typewriter Company in this district, was here the first of this week. Mr. Harris is one of the real live wires and the Underwood Typewriter Company's interests are in good hands when Mr. Harris is on the job. He makes Haskell at regular intervals being in the city about once each month and has formed many friends and acquaintances here who are always glad to welcome him.

While here this time Mr. Harris inveigled the Free Press editor in to buying one of "The Machines You Will Eventually Buy" and the said editor is well pleased with same.

### Best Thing for a Bilious Attack.

"On account of my confinement in the printing office I have for years been a chronic sufferer from indigestion and liver trouble. A few weeks ago I had an attack that was so severe that I was not able to go to the case for two days. Failing to get any relief from any other treatment, I took three of Chamberlain's Tablets, and the next day I felt like a new man," writes H. C. Bailey, Editor Carolina News, Chapin, S. C. Obtainable everywhere.

### Oklahoma's Big Grain Crop

Oklahoma's City.—What is said to be the biggest grain crop ever raised in Oklahoma is now ripening. The Oklahoma Grain Dealers' Association, in annual session here, expect to make this point the feature business of their sessions. The convention lasts three days.

## Do You Read Labels?

Domestic science teachers and food authorities are urging the housewife to carefully read the labels on all food articles.

The National Pure Food Law compels food manufacturers to print the ingredients of their products on the label, and in this way enables consumers to distinguish healthful foods from those which may be deleterious.

High-grade baking powders are made of pure cream of tartar, derived from grapes. Dr. Price's Cream Baking Powder is a type of the highest grade. It is pure and healthful beyond any question.

The low-grade baking powders are made from alum, a mineral acid salt. Most physicians condemn their use in food.

Consumers can learn the character of the baking powder by referring to the label, which must state whether the contents include cream of tartar, alum or phosphate.

The preacher has a hard time of it. If his hair is gray he is old. If he is a young man he hasn't experience. If he has ten children he has too many. If he has none he should have and isn't setting a good example. If his wife sings in the choir she isn't interested in her husband's work. If a preacher speaks extemporaneously he is not deep enough. If he stays at home in his study he doesn't mix with the people. If he is seen

around on the streets he ought to be at home getting up a good sermon. If he calls on a poor family he is playing to the gallery. If he calls at the home of too rich he is an aristocrat. Next to being an editor the preacher has the world bested for a quiet peaceful slide down the toboggan of time. —Ex.

## Non-Stop Service

You can imagine what it means to run a natural gas plant, pumping gas to four or five towns for their light, heating, cooking, etc. Those towns absolutely depend upon the continuance of the service.

Should a breakdown occur they would be in darkness and cold, with little or no means available for relief.

Of course the machinery of such a plant is of the very best, but the operation of that machinery depends quite largely upon the lubricating oil used.

A poor lubricating oil, by allowing the cylinders of the engines to score, might cripple such a plant for days and even weeks.

### TEXACO LUBRICANTS

are particularly successful under such requirements of service. They have performed in these non-stop service plants in such a way that the results are hardly to be credited.

Texaco Quality and Service make this success possible—the Quality which makes the Red-Star-Green-T Oils in your town valuable for all purposes. Be sure you have Texaco and you can go ahead with perfect confidence.
