Yellow ribbons. Tied in big bows on trees, tied on mailboxes, tied on fences. Yellow streamers fly from car antennas and door handles.

Yellow ribbons are everywhere.

Florists find themselves out of yellow ribbon, and their suppliers putting it on back order.

It's one of the biggest efforts of unity the people in the United States have shown in many a long year.

It's heartwarming to know that for once most of the nation seems to agree that something in the Middle East MUST be decided.

Driving down the road looking at all the yellow ribbons the other day, I began to wonder "why yellow ribbon?". Yellow is the color of betrayal and cowardice in many respects...so why yellow?

I've looked in to it, and come up with a few answers, but no real one.

The use of yellow ribbon as a remembrance of troops somewhere far away dates back at least to the days of the United States Calvary.

There was an old song "Around her neck, she wore a yellow ribbon, she wore it for her lover in the U.S. Calvary...Calvareeee...Calvareeee...She wore it for her lover in the U.S. Calvary".

That is the earliest reference to it I've uncovered.

Then, in World War One, the yellow ribbon was again worn by those waiting at home...and the same song, slightly modified, was sung during that war.

During World War II the yellow ribbons seem to have fallen by the wayside, but during the Vietnamese conflict, a new song and new resurgence of yellow ribbon use came along.

"Tie a Yellow Ribbon 'Round The Old Oak Tree" was a hit and yellow ribbons caught on once more.

Since then, briefly, tying white ribbons during the hostage crisis in Iran came along.

Now, however, yellow ribbons abound everywhere.

In big cities, in small towns, on the old oak tree and the new car antenna, yellow ribbons are everywhere.

If anyone discovers the true beginning of this habit, please let us know.

In the mean time...it doesn't matter...it's just nice to see a show of unity in the nation.

Letter To The Editor:

At the September 11 school board meeting, I presented a request in the form of a petition of approximately 225 people who did not want the name of the Rivercrest Rebelettes changed. The board voted 5 to 2 to change the name of the Rebelettes to the Lady Rebels. I would like to take this opportunity to thank everyone who showed their support of the ex-Rebelettes who gave us 25 years of a winning tradition. I would also like to take this opportunity to say that even though I objected to the name change, my family and I will continue to support the Rivercrest athletes. We wish Coach Arbutckle and her teams all the success and will continue our support to Rivercrest athletes and coaches.

Thank you,
John Brooks

All Or Nothing At All...That's The Way The Weather Was!

After months of nothing...namely no rain, it seems the area has been deluged with plenty of moisture in a short length of time.

Drought stricken soil welcomed the first half inch that fell Sunday night, September 9. Then, between Monday and Wednesday 6 and one half to nine inches fell from cool, cloudy skies!

It took four inches before any run-

off what so ever was noticed. Up until that time the thirsty earth soaked it up like the proverbial sponge.

After a scorching hot, humidity ridden weekend more rain came in the form of a thunder storm that brought cooler temperatures once more, and dropped another one to three inches of rain (depending upon location).

After being severely damaged by last winter's hard freeze, then

scorched through a two and a half month long drought, this rain may well have saved meadows and pastures.

Cotton farmers, however, cast a slightly worried eye on the skies, since the cotton stripping season is just beginning.

Water, for the first time since the first week in June, now stands in some fields.

Football Fans -Identify Yourself...Win A Football Ticket

The Rivercrest Booster Club and Thunder Prairie Publishing, publishers of the Bogata News and Talco Times, are sponsoring a contest.

Each week some fan will have his or her photograph taken (without knowing it) in the stands at a River-

crest football game. The next week that photo will be pictured in the paper. The fan can then recognize himself and call the Bogata News office at 652-5322 or Talco School at 379-3841, or drop by the Bogata News Office or the Talco School

Office or at the gate the night of the game and pick up a free pass to the next home football game.

This "Find The Fan" contest is designed to help fan the fires of Rebel spirit! So keep a sharp eye out...you may be able to identify yourself with a reward in store!

FEDERATION SKIT-Members of the Bogata Book Club presented a skit to the Book Club

when they met September 13. Participating in the skit were Lynn Barker, Gale Hervey, June

Stanley, Mary Ann Williams and Mary Vaughan. (Staff Photo by Keye Lee)

Bogata Book Club Presents Skit

The Bogata Book Club met with Mrs. A.D. Stephenson on September 13 for the first meeting of the new Book Club year.

President Miriam Stephenson called the meeting to order. The Club collect and pledge to the flat were led by Joyce Smith.

Club Secretary, June Stanley, read the minutes of the previous meeting. The roll was answered by members. Two new members were welcomed, Mrs. Vicki Wade and Mrs. Susan Baggett. The resignation of Barbara Allgood was accepted with regrets.

During the program, a skit on the Federation entitled "Jennie June, Mother of Clubs" was presented by Lynn Barker, Gale Hervey, June Stanley, Mary Ann Williams and Mary Vaughan. They dressed in pe-

riod costumes for the play, which was about a group of women who met in March 1868 to form a women's club, named Sorosis. Ella Clymer, president of Sorosis, addressed delegates to the 1889 organizational meeting calling together members of women's clubs. Her memorable phrase "Unity in Diversity" was adopted as the official motto of the General Federation in 1957.

The Bogata Book Club was formed in 1941 and is the only Federated Club in Red River County.

Refreshments were served by the hostess and co-hostess Jimmie Pope.

The next meeting in October to be at the home of Mrs. Donna Bowers with a slide presentation of president's wives inaugural dresses.

to the Rivercrest student body on Monday afternoon. (Staff Photo by Keye Lee)

D-FY-IT Program Introduced To Talco-Bogata Students

The Talco-Bogata sixth through eighth grades and Rivercrest High School students met Monday for the introduction to the D-FY-IT, Drug Free Youth In Texas, program.

Principal Ray Miller opened the meeting with appreciation expressed to those who have helped get the program underway in the schools.

Drug testing will possibly begin on Wednesday. Applications for membership are available at each school office and must be signed by the child and parents or guardian.

Mr. Miller introduced D-FY-IT chairperson, Rue Anna Bell; incentive chairman, Donnie Hayes and guest speaker, Reggie Day of Mineola.

Mr. Hayes reported on the many businesses offering discounts to D-FY-IT members. Mt. Pleasant, Talco, Bogata, Clarksville and Paris businesses have committed to discounts for these students. He also reported several businesses gave cash donations to the program.

Mr. Miller then introduced guest speaker, Reggie Day of Mineola. He began by telling students that in his 23 years coaching and working with students, he has seen many drug programs come and go, but the D-FY-IT program is the only one he has seen that works, because it involves the community, students, parents and teachers. He explained that these business people give these discounts freely to help students, but if they see Friday and Saturday night drunks and students high on dope, they can and will pull out their support. Students must honor their end of the program and help others honor it, also.

Mr. Day stated that "Didn't want to put the kids to sleep by being too serious," but requested they listen seriously for a few minutes.

He named four things as the most important to a successful life. 1. Courage to say no. Don't be a wimp, make your own decisions. It may not always be the "in" thing, but students know right from wrong. 2. Strive for excellence. Be the best you can be. Don't settle for second. This can be as

a friend, athlete, child or parent. 3. Begin with respect for your own body. Kissing a smoker is like licking an ashtray. 4. Spiritual soundness. Don't be too cool, or too laid back to pray. Churches are not for sissies or wimps. Trust in God. You won't be young forever, so do something with your life, other than ruin what hasn't begun for you with drug and alcohol.

Mr. Day asked the students how many had seen an alcoholic and many hands raised. He stated "Do you want to be seen looking like that?" Texas is the #1 beer selling state. In America today, student deaths are: accidents, 60%; alcohol related homicides, 70%; alcohol related and suicides, 47% alcohol related. The state has more deaths due to alcohol than any other.

He told the students of one TV commercial that shows people playing ball and then having a beer. He asked the student body again, "Have you ever seen or heard of a coach that would tell his team "Win this one and we'll go have a case of beer." What do you think a drunk pole vaulter, gymnast or boxer would look like? Mr. Day made his point clear when he told the group that alcohol and drug abuse is an illness. "How do you think it would look to see a Monday night football game on TV brought to you by measles? Can you see the Monday night movie sponsored by whooping cough?" Smoking marijuana can lead to birth defects in girls, cocaine speeds the heart up and actually makes it explode, crack addicts the person to the point that there is nothing they won't do to get the drug.

Day finished with "Students, place yourselves in your parents' place. Would you want the keys to your car in the hands of a drunk or dope head? Tell your parents you love them. Their ideas are not as bad as they seem when you put yourself in their place.

Mr. Miller dismissed the group reminding them that the D-FY-IT applications may be picked up in each school office.

Athletic Boosters To Hold Sign-Up

In order to keep the Talco-Bogata Athletic Booster Club going, a table will be set up inside the gate at the Varsity football game this Friday night to enroll those who wish to become members. The fee will be \$3.00 per person. Stadium cushions will also be on sale for \$5.00 each.

The interest shown this night will probably determine whether or not there will be a need in putting any effort in having the club. There will be a meeting on September 24 at 7 p.m. in the homemaking room at Rivercrest High School and all interested persons are encouraged to come, including coaches and principals from all three campuses, so they can be introduced.

At the last meeting, there were

only five parents, two coaches and one principal present.

It may not seem that the club does very much, but last year six students got a little help with their schooling. One parent said it brought hope for her child. Even if this is all the club works for, isn't it worth it?

The club needs members who are willing to come to the meetings and give their ideas and help make their ideas work. Things could be done for the Junior High athletes if these parents will pull together.

A table will also be set up at the next home Junior High game to take memberships. Come out and show the athletes you support them, win or lose.

People & Things

There will be a shower for Opal English on September 23, who lost her home and all contents in a fire. The shower will be held at the First Baptist Church in Bogata from 2 to 3 p.m.

The Rivercrest Booster Club will meet Monday September 24 at 7:00 p.m. at the Rivercrest homemaking room. Everyone is encouraged to attend.

The Talco-Bogata Junior High Football Team will travel to James Bowie Thursday, September 20. The game will begin at 6:00 p.m. Seventh grade games will be played at 5:00 p.m. Everyone is invited to support our young Rebels.

The Rivercrest Rebels will meet James Bowie Sept. 21 at 8:00 p.m. at Rivercrest. Everyone is encouraged to come support this young high school team.

Rebels Stunned By New Diana 66-0

By Keye Lee

The Rivercrest Rebels were stunned by the New Diana Eagles 66-0 last Friday night on Eagle turf. The Rebels were no match for the more experienced Eagle. With 11:23 in the first quarter, the Eagles rushed for 81 yards in two plays to score the first touchdown of the evening.

Senior quarterback Ronald Simmons was plagued early in the game, as he fumbled the kick off return and the Eagles recovered on the 34-yard line of the Rebels, setting up yet another touchdown.

Rodney Jeffery took the handoff for the extra point with a sweep around the right end for the two point conversion.

The outcome of the game was decided early with a stunned 41-0 score at halftime, Eagles leading 41-0.

After coming back from the half, the Rebels had hoped to regain some footing, but were frowned upon by Lady Luck. Rebel quarterback Simmons could not run the ball, or could he hit a receiver and Rivercrest did not cross into Eagle territory for a first down.

This is only the beginning for the Rebels and the District games begin in October. Don't count them out.

Coach Green commented "We just go home and practice, practice, practice. That's all we can do." Rivercrest will meet James Bowie at Rebel Stadium this Friday night at 8:00 p.m.

School Reunion Held At Halesboro

When the old school bell rang last Saturday, 115 former students and friends had officially registered for the first Halesboro School reunion. The event was held at the Marris Chapel Community building.

Former students came from as far away as Carlsbad, NM; Phoenix, AZ; DeQueen, AR; and San Antonio.

Wood Armstrong of Bogata, formerly of Marris Chapel, gave the invocation preceding the noon meal.

Roy Marris and Barbara Martin, serving as co-chairmen, presided over the afternoon program. School pictures and related stories were shared and enjoyed by everyone throughout the day.

Two former teachers, Mrs. Vivian Smith Westbrook of Talco and Mrs. Martha Tuck Smith of Gladewater spoke to the group about their memories as teachers at the school and living in the community.

Special recognition was given to Ruth Craddock Woods, Pauline Hutson, Hontas Hill Pettit, Floyd Chesshir and Calvin Barton, as members of the earliest class, prior to 1923, represented at the reunion. John C. Trussell, Eula Fay Trussell Walker, Marcell Trussell Wright, Lou Womack and Conrad Hobbs were in attendance representing the last students to attend classes at the Halesboro School. The school doors were closed in 1947.

Lindsey Ward, Wayland Ward and

Dean Jeffus were recognized as members of the 1938 District Basketball Championship team. Other members, now deceased, were James and S.A. Woodall, Steve and Jack Womack, Herman Smith and Coach Clifton Guest.

Letters, pictures and a phone call extending best wishes for a successful reunion were received from Lois Philley of Deport and Mrs. Hiram (Eula Patterson) Wright of Odessa. Miss Philley was a former teacher and Mr. and Mrs. Wright were students in the early 1920's.

CAN YOU FIND SOMEONE? - this picture was of the Halesboro School in 1936...we

know a few people, but take a look and see if you can see someone YOU know. The

Halesboro School Reunion was held last weekend, and was a huge success.

REUNION - The Halesboro School had their first reunion last Saturday. Over 115 attended the event held at Marris

Chapel Community Center. Hontas Hill Pettit, Ruth Craddock Wood, Pauline Ward Hudson and Calvin Barton were

the only four attending the reunion who went to the original school. (Staff Photo by Keye Lee)

Cuthand 4-H Meets

The Cuthand 4-H Club met Sunday at the Community Center in Bogata. President Amanda Durock called the meeting to order and the pledge was repeated in unison, followed by prayer led by Amanda Durock.

Under new business, the 4-H members elected new officers for the 1990-91 year. They are: Dorie Smith, president; Latonya Bell, vice-president; Amanda Durock, secretary; Ashley Ross, treasurer; and Cami Eilers, reporter. The new leaders will be Eddie and Kathy Belcher.

James Luft Addresses Retired Teachers

James Luft, executive director of Red River General Hospital, was guest speaker at a meeting of the Red River County Unit of Texas Retired Teachers on Monday, September 10 in the Clarksville Housing Authority meeting room.

Luft reviewed aspects of The Living Will, of the Human Organ Bank, of the recent surgery by the American Hospital Joint Commission, and of the contemplated policy of banning

smoking throughout the hospital. During a short business session, president Martha Grace Gooding invited members to join in attending the annual workshop of District 8, TRTA, to be held in Longview on October 18. Nineteen members and one guest attended Monday's program.

The next meeting will be the annual Thanksgiving program on November 12.

The Army newspaper "Stars and Stripes" was first published in 1918.

Asthma and Allergies: New Hope and Help

An estimated 50 million Americans—some 20 percent of the population—suffer from some type of allergic disease, including asthma, studies show. An estimated ten million have asthma—one-third of them are children. Both asthma and allergies cost Americans millions of dollars every year for medications, doctor visits and time lost from work. Also, in 1988 alone, nearly 4,600 people died from asthma attacks. Fortunately, there's been a lot of progress in recent years in terms of treating these diseases.

Although there are no cures for asthma and allergies, reports the Asthma and Allergy Foundation of America (AAFA), over the past decade medical science has made great strides in understanding the complex events that cause asthma and allergies and in developing better and safer medications to control them. The Foundation sponsors National Asthma and Allergy Awareness Week—celebrated in 1990 from May 6 to 12—which takes place annually at the height of the spring pollen season, a time when millions of children and adults experience respiratory difficulties triggered by airborne grains from trees and grasses.

First proclaimed by President Reagan and by a joint resolution of Congress in 1984, the week is meant to spotlight the widespread nature of these common immunologic and inflammatory illnesses and the work of volunteers, scientists and physicians in developing and improving diagnosis and treatment approaches and patient-family education.

The goal of the week is also to make more Americans aware of the "team" of organized programs and services for asthmatic and allergic Americans:

- the public sector, led by the National Institute of Allergy and Infectious Diseases, National Institutes of Health;

- the professional sector, led by the American Academy of Allergy and Immunology, and the American College of Allergy and Immunology;

- the non-profit sector, led by the Asthma and Allergy Foundation of America, its chapters and volunteers.

The AAFA Poster Child for 1990 is Jennifer Carol Price, who, through intensive education and proper medical treatment, has achieved control of her asthma while excelling in scholastics in the Gifted Education Program at her school in Midland, Texas.

For information about asthma and allergies and their management, contact your local AAFA chapter or call toll-free: 1-800-7ASTHMA; or write AAFA, Dept. N, 1717 Massachusetts Ave., NW, Suite 305, Washington, D.C. 20036.

Progress in medicine means many with asthma and allergies can breathe a little easier.

Happy Travelers Make Branson, MO Trip

Molce Huddleston of Bogata chartered a bus to Branson, MO September 14-15-16 and 43 Happy Travelers made the trip. They were from Bogata, Paris, Detroit, Deport, Pattonville, Mt. Vernon, Winnsboro, Avery and Hugo, OK.

The group left Bogata at 7 a.m. Friday and stopped in Conway, AR for lunch, in St. Joe, AR for a short break and on to Branson, arriving there about 4:30 p.m.

That evening they attended the Mel Tillis Show and everyone enjoyed it very much.

On Saturday until 2 p.m. they toured a shopping mall and wine distillery and a movie of the beginning of Branson and it's growth. They then attended the Danny Davis and the Nashville Brass Show, and it was enjoyed also.

That night they went to the Roy

Clark Theater where Louise Mandrell furnished the entertainment, and it was another good show.

The weather was beautiful for the entire trip, the traffic was heavy but the travelers could relax with their good driver.

Sunday after breakfast, they were Bogata bound. They stopped by an apple stand and took time out for the driver, Dave Rodgers of Paris, to have a devotional and prayer for the travelers and others. He also played some religious tapes and sang.

The group stopped again in Conway, AR for lunch and on to Texkama for a short stop and arrived back in Bogata around 5:30 p.m.

The enjoyable weather and entertainment, food and a good driver and tour guide, everyone wanted to make another trip.

RETIREMENT SEMINAR MATERIALS ARE AVAILABLE.... A variety of materials is available from Social Security for use by business and organization who want to sponsor pre-retirement seminars. The materials listed below are available by contacting your local SSA office.

The film "Pre-retirement Planning - It Makes a Difference" emphasizes that Social Security is a basic ingredient, but not the whole recipe for successful retirement planning.

Personal Earning and Benefit Estimate Statements (pebes) provide individual benefit estimates for age

65 retirement, early retirement, and delayed retirement. It is suggested that seminar leaders take a supply of the SSA-7004 request forms to the seminar and encourage participants to complete the forms.

A number of Social Security publications may be useful, especially the booklets, Retirement and Medicare. Factsheets on specific issues such as government pension offset may be desirable for some groups.

To reserve materials for seminars, contact your local Social Security Office.

Article Recalls Dr. A.G. Elder

Mrs. Mary Stone of Clardy graciously brought by an article she had kept from the Dallas Times Herald Magazine, printed in June 25, 1967.

The article, written by Bill Thompson, was about Dr. A.G. Elder of Deport, his practice and his fox hunting.

At that time, Dr. Elder was 87 years old, and still practicing medicine, although a heart attack had cut down on his fox hunting.

The article mentioned that he was one of the oldest active physicians in the Southwest. Since he actually continued to practise medicine one into his nineties, he may well have died THE oldest.

Dr. Elder's story points out some of the differences between practicing medicine then and now.

For instance, Arthur Gilbert Elder got the notion early that he wanted to be a doctor. He set out to study at the University of Texas Medical School. Family problems caused him to drop out, but he continued to study at the University of Nashville and received his medical degree in 1907.

Fourteen years he practiced at Fulbright. That fourteen years he rode horseback. His territory ran from south of Detroit to north of Bogata, eight miles from Clarksville, and included the old Lone Star and Dark Corner settlements. He told the reporter "Times were hard, but they made a good corn crop that first year. I accumulated a corn crib full of corn in

payment for my services".

He got a two-cylinder Maxwell car in 1911, but in muddy weather still had to go back to the saddle or buggy.

In order to get a better education for his children Dr. Elder moved his practice to Deport in 1922.

He served as the Deport Health Officer for many years, and headed the school board for 10 years.

No one knows just how many babies he delivered, but he was tending the grandchildren of kids he delivered years earlier!

But Dr. Elder had another love...fox hunting.

He learned, the article said, the joys of fox hunting with hounds as a child "I hunted with the slaves on my dad's place. They had brought some hounds with them from Virginia".

It took him practicing medicine for ten years before he could afford to keep hounds and fox hunt. After that, he became something of a legend among southwest hunters and dog owners.

When the article appeared Dr. Elder hadn't missed an annual hunt of the Texas Fox and Wolf Hunter's Association since 1918...that was 49 years.

His hounds won prizes over all the Southwest. After his heart attack in 1955 he sold them, and finally, in 1957, sold his camp which was nestled in the deep woods near Cuthand.

THE MOST IMPORTANT LETTERS WHEN IT COMES TO DRUGS

Teaching your children the ABC's is fine, but you also need to teach them about drug abuse and the special importance of the letters "NO". Teach them the drug alphabet early in life, and help them from becoming another statistic in America's fastest growing disease - drug and alcohol addiction. Let them learn their ABC's in school, but teach them their "NO S" at home.

Help Stop Your Kids From Joining The Crowd.

Let's face it, drugs are everywhere. They're a part of growing up and a part of the crowd. And it's our children's decision to experiment with drugs or turn them down.
-No, what can we do?
-We can teach standards of right and wrong, and demonstrate these standards through example.
-We can help children resist peer pressure to use drugs by supervising their activities, knowing who their friends are, and talking with them about their interests and problems.
-We can learn about drugs and signs of drug abuse.
-As concerned parents, it's our responsibility to educate ourselves and our children about the dangers of drug abuse.
-In fact, educating our children to refuse drugs is the surest way to fight the problem.
Talk to your kids.
