By Nanalee Nichols

I've never been truly appreciative of that form of music known as the "Blues". It just hasn't been something I really got listening to.

However, this autumn has really put me lower than the proverbial snake's underside, and I think I can appreciate them for once.

Does it go something like this for some other folks who don't welcome winter?

The sunlight streams down on the frost covered earth (ta dah da da dump) The world is ablaze everywhere that I look. (TDDDD)...The summer done left me...the summer done left me.

It don't matter to me how pretty the trees, it don't mean a thing that its cooler and clear...(TDDDD) I don't care at all that the grass won't need mowing, I don't want to see the trees go all bare.

The summer done left me, the summer done left me.

Okay, so it's a pretty pitiable attempt at the blues. I'm not good at putting down that empty feeling rolling around inside. In fact, it took a while to recognize it for the blues instead of an empty stomach.

Almost everyone I meet loves this weather. And it is fabulous. Golden light, changing colors, a nip to the air, it's one of the most beautiful seasons of the year.

But for those of us who feel winter breathing (literally) down our neck, it takes a constant effort to keep trying to appreciate the glories of the autumn instead of dwelling on what will come after.

To top off that blue feeling it comes accompanied by the impulse to go. Every open road invites me to travel it. Every night I listen to the wild birds flying over and wish I were undertaking a journey.

Isn't it pitiful? Don't you feel sorry for me?

I'm convinced that ther MUST be others who feel like moaning and wailing with me...I just haven't come across them

A good friend who grew up in Iowa tells me if winters down here get to me I should try a REAL winter.

No, thank you very much, I don't think I'd make it through.

So, in the meantime, I'll just keep working on the blues.

Because, somewhere along the line, it's exactly like the song says "Sad Songs Feel So Good".

Have A PLEASANT WEEKEND

Firemen's Stew Supper Is Successful

On Saturday, October 20 at the Bogata Community Center, the Bogata Volunteer Fire Department held a stew supper and pie auction to raise money to pay for the new grass truck.

Those preparing stew were Donnie Strain, Galen Legate, Larry Garretson and Johnny Hudson. Many of the ingredients were donated by

Huddleleston's Grocery.

Others helping by running errands to the store, back and forth, were Berney Huddleleston, Russell Rozell and Steve Copeland.

The event raised approximately \$3,500.00 to pay on the fire truck and the success would not have been impossible had it not been for the

support of everyone who attended the stew supper.

After the auction was held, Anna Park of Sulphur Springs drew a ticket to see who had won the Remington 270 rifle and Bunky Smith of Fulbright was the winner.

The top selling pie was sold to Berney Huddleleston for \$110.00.

JOHN BROOKS, Berney Huddleleston and Donnie Strain, members of the Bogata Volunteer Fire Department, were pre-

sented a donation from Executive Vice-president Connie Kay Brooks of Peoples National Bank. The donation was made

for the new fire truck the department has purchased for firefighting. (Staff Photo by Keye Lee)

Country Cooking

By Gemie Bankhead

"Country Cooking" is being shared with you this week from the kitchen of Neva Dell Burns of Bogata. Neva Dell has spent all her life in and around the Bogata area. She is the proud mother of two daughters, Marty and RaNell and a son-in-law, Chris Eudy. Banking has been Neva Dell's career for the past 26 years. In addition to her career at Peoples National Bank, she has held the position of

straight out of the bowl. Neva Dell enjoys cooking and being a person on the go, she has chosen three recipes to share that are hearty dishes but do not take a lot of time. She likes to share these recipes with co-workers, at special luncheons, and for community affairs. She hopes you enjoy them. Last week, I asked for a quick and easy popcorn ball recipe. I received this one and decided to share it with

Green Bean Casserole

- 2 cans (lb. each) cut green beans, drained
 - 3/4 cup milk
 - 1 can (10 3/4 oz) condensed cream of mushroom soup
 - 1/8 teaspoon black pepper
 - 1 can french fried onions
- Microwave Directions: Combine beans, milk, soup, pepper and 1/2 can onions. Pour into a 1 1/2 qt. casserole. Cook, uncovered, on high, 8 to 10 minutes. Top with remaining onions; cook, uncovered, on high, 1 minute. Let stand 5 minutes.

Popcorn Balls

- 1/3 cup sugar
 - 1/3 cup Karo syrup

secretary on the Rivercrest School board for three years. She also plays the piano and is co-director of the United Methodist Church Choir.

Neva Dell states she enjoys reading as her pastime and chooses educational material to read and study in order to keep abreast of all the rules and regulations facing public education today.

On special holidays, Neva Dell prepares a feast for members of her family. One dish she always prepares is chicken and dressing. She mentions that her daughters can eat this dish cold, hot, a sandwich, or

you. The recipe was sent by Rev. Tony Corso.

If anyone would like to make a request for a certain recipe, let me know.

If you have a feature suggestion, please call 652-6032 or write to Rt. 1, Box 67A, Deport.

Helpful Hint: My mother-in-law, Thelma, shared this helpful hint with me last week. She says to make your meringue on pies stand up tall and stiff, be stingy with the sugar. She uses one teaspoon per two pies. Sugar is what causes it to fall.

GETTING INGREDIENTS and utensils ready for cooking is Neva Dell Burns of Bogata. Neva is this week's feature cook in the Country Cooking column.

Travel Tips

By Marlene Pendleton,
Certified Travel Counselor

With the gas prices skyrocketing and the shaky condition of the economy air fares are going up daily. There is still a flickering light on the horizon, however, for seniors.

This is the **Senior Passbook** offered by most airlines. I find that Delta is the easiest one to work with. They offer four coupon and eight coupon booklets. The four coupon booklet will allow two round trips to anywhere Delta flies within the Continental United States for only \$420! With the present fare structure this gives you nearly two round trips for the price of one! There is a "catch" however, even these rates are going up as of November 1.

Call now to beat the price increase. These coupons are good for one year. Kids, this would make a great Christmas present for parents. Seniors must be 62 or older to qualify for this plan. They are non-exchangeable!

Call for details and restrictions, the friendly folks at Paris Travel will be happy to assist you.

Rebel Sports Report

Rebels Defeat Chisum Mustangs, 22-0

By Keye Lee

The Rivercrest Rebels took their first district win Friday night when they traveled to Chisum Stadium, 22-0.

Rivercrest chose to kick off to the Chisum Mustangs only to let them have possession of the ball for under 3:00.

Senior Shane Beers and freshman, Matt Childres carried the ball to the Mustang 1-yard line but could not get into the endzone on fourth down and goal.

Chisum took possession with less than 1:00 to play in the first quarter when an offsidess penalty forced them to punt the ball away.

The punt into the wind was short and Rivercrest had first and ten on the Mustang 25-yard line. Rebel Shane Beers moved the ball to the Chisum six, and as the clock ticked out, Tony Sanders crossed the goal line, scoring for the Rebels.

The point after flew over the head of Jesse Woods and quarterback Ronald Simmons picked it up and threw it in the hands of senior, Scott Yancey for two points, with the score, 8-0, Rivercrest.

Scott Yancey recovered the kickoff and raced for the score, to have the official call the ball back saying he could not advance the ball. Quarterback Ronald Simmons drew back to pass but the ball was intercepted by Mark Baird of the Chisum Mustangs.

Chisum had the ball for only two plays when Shane Beers intercepted a pass thrown by Johnny Meredith.

In the beginning of the third quarter, the Rebels were plagued with penalties, but Simmons managed

to keep them on track, hitting two receivers for good yardage and several first downs, moving the Rebels down to the Chisum 3-yard line to score with 8:47. But the extra point was no good.

The 'Stangs managed to move the ball down inside the 11-yard line but the Rebels hung tough and forced a fumble, recovering the ball.

Possession belonged to Rivercrest going into the fourth quarter and Shane Beers kept on the move with good blocking from his teammates. From inside the Chisum 5-yard line, he chose to go up the middle to score once more for the Rebels, making the score 20-0.

Chisum changed quarterbacks and with Kevin Williams at the helm, hoped to change their luck and the score. He successfully moved the ball down into Rebel territory for several plays, but inside the 6-yard line, he met Rebels Jonathan Savage, John Wolfe, Geno Sartor and Clint Burns and the ball belonged once again to Rivercrest with 1:29 left on the clock.

Rebels Matt Childres and Shane Beers ran the clock out, keeping the football on the ground with no intention of giving the Mustangs a chance to score.

Have A Safe, Happy Halloween!!

Halloween will be here on Wednesday, October 31 and there will be ghoulies and ghosties running around loose in town, looking for "treats" or "tricks" with their friends.

But all this happiness at Halloween can be marred by the unexpected. Parents and children are asked to please take extra precautions when Trick or Treating this year, and as preventative measures, the Deport American Legion has made available a brochure that will help make this Halloween not only fun, but safe.

Tips in the brochure include:
*Carry a flashlight. Stay and move in small groups. Have an adult with you.

*Walk-----don't run!!
*Trick or Treat in your own neighborhood at homes that are well lighted.
*Use sidewalks--don't walk in the street. Cross streets only at the corner.

*Watch for and obey all traffic lights. Look both ways before crossing the street.

*Use make-up instead of a mask.
*Wear light colored clothing and/or reflective tape or material.

*Keep costume short so you don't trip.

*Use materials that are not flammable.

*Accept only wrapped or sealed

treats.

*Don't eat treats until you get home.
*Have Mom or Dad check treat before eating.

Sit down with your children and go over these points carefully. In the event they become separated from the group while Trick or Treating, knowing their phone number and where they live can be life saving information for them to learn.

Remind your children that the password you agree on is only to be known by you and them.

In this area, the emergency telephone number to use is 737-2400.

Have a Happy Halloween!!

"One of the basic building blocks of a successful and happy life is a high school diploma," says Sgt. 1st Class Vincent Walker, recruiter at Mt. Pleasant Recruiting Station. "And we in the Army plan to do all we can to insure that students in this area are aware of how critical it is to finish high school for their own sake."

"Stay. Finish High School For Your Own Sake" is, in fact, the theme of a new Army public relations effort in high schools throughout the nation. Supported by posters, banners, ads in local high school papers, the Army plans to make sure this year's seniors get the message.

"In a national survey, more than 850 employers said that responsibility, motivation and the ability to work with others are qualities they desire most in their employees," Walker continued. "These are the very qualities that a diploma indicates that a person has."

Last year 93% of the young people who joined the Army were high school graduates. A number the Army is proud of but plans to make even larger. "We offer lots of benefits like high tech training and money for college but you have to be a grad to qualify. It's that simple."

A little more homework, a few more tests and some determination to succeed is some of what it takes for the class of 1991 to be diploma graduates but it's worth it.

Talco-Bogata JH Football Results

The Junior High Rebels met Chisum at Rivercrest Thursday. The boys began the game on the wrong foot when the Mustangs came up with the ball on the kick-off and continued on to score.

The Rebels came back with a good drive down the field, with no results. In the second quarter, Chisum scored again, but the young Rebels prevented the extra point. The score was 14-0.

The Rebs continued to struggle but to no avail. With 1:00 left in the second quarter, the Mustangs again crossed the goal line. The extra point was stopped by Carl Antone. Halftime score was 20-0, Chisum.

The Bogata cheerleaders entertained with a dance routine during the half.

What had been bad for the Rebs turned even worse following the half. Fumbles and interceptions saw Chisum score again and again. The final score was 34-0, Chisum.

Rebels Kyle Kennedy, Joe Grissom, Carl Antone, Tee Green, Sidney Hines and Rodney Humphrey made outstanding plays.

The boys will travel to Leonard October 25 at 6 p.m. Everyone is invited to come out and support the team.

FIVE GENERATIONS are, left to right: Sheila Mayes Jones, Ralph Mayes of Irving, Wilma Mayes Eason and baby, Mal-

lory Jones, great-great-grandmother, Maudie Pittman of Bogata.

SWEET POTATO FLANS

Makes 10 servings
Preparation: 20 to 25 minutes
Cooking: About 1 hour

- 1 1/4 pounds sweet potatoes
- 3 eggs
- 3 egg yolks
- 1 to 2 tablespoons lemon juice
- 1/2 cup hot (170 degrees) melted unsalted butter
- Salt and ground white pepper
- Nutmeg
- Hot red pepper sauce
- 3 tablespoons softened unsalted butter

1. Put potatoes in 4-quart soup kettle; cover with cold water. Cover and boil until potatoes are soft, about 35 to 40 minutes. Drain, cool, peel, and cut potatoes into 1 1/2-inch chunks; set aside.

2. Put eggs, egg yolks, and 1 tablespoon lemon juice in a food processor fitted with the metal blade. Process, adding hot melted butter. Pulse in 1/4 teaspoon salt, 1/8 teaspoon pepper, a pinch of nutmeg, and several dashes hot pepper sauce. Adjust seasoning to taste.

3. Add half the potatoes and process until minced. Add remaining potatoes and process to a fine, silky puree. Adjust seasoning, adding lemon juice, salt, pepper, nutmeg, and hot red pepper sauce to taste.

4. Adjust oven rack to lowest position. Heat oven to 350 degrees. Use softened butter to generously coat ten 1/2-cup porcelain ramekins or heatproof custard cups. Spoon puree into the molds. Cover each mold with a buttered wax-paper square, buttered side down.

5. Put filled molds in a baking dish lined with a thin tea towel. Add enough hot tap water to reach halfway up the sides of the molds (do not allow dishes to float). Bake 30 to 35 minutes. (Can turn off oven, leave door ajar, cover with foil, and keep warm for 30 minutes.)

6. To serve, remove wax paper, and loosen each flan from its mold by carefully passing a thin knife around the inside edge. Carefully invert the molds on warm plates. Serve immediately.

PUMPKIN PIE

- 1 unbaked 10-inch pie shell (recipe below)
- 1 egg white, lightly beaten
- 2 eggs
- 1/2 cup milk
- 1 1/2 cups evaporated milk
- 1 cup granulated sugar
- 1 tablespoon ground cinnamon
- 1 teaspoon ground ginger
- 1/8 teaspoon ground cloves
- 1/8 teaspoon ground nutmeg
- 1/2 teaspoon salt
- 1 pound (2 cups) mashed fresh or solid-packed pumpkin (not pumpkin-pie filling)

1. Preheat oven to 350° F.
2. If making shell from scratch, use one-half recipe Pie Pastry. Brush bottom with egg white and set aside.
3. In a large bowl, beat eggs. Add milk and evaporated milk and mix. Add sugar, cinnamon, ginger, cloves, nutmeg, and salt. Mix well. Add pumpkin and mix again. Pour mixture into prepared pie shell.
4. Bake for 1 hour, or until filling feels firm when lightly pressed with fingertip. Remove pan to wire rack and cool. Serve with whipped cream if desired.
Yield: one 10-inch pie.

Texas Meets USDA Brucellosis Eradication Goals

Texas ranchers may breathe easier, since federal standards have been met, allowing them to continue shipping breeding cattle out of state. For years, Texas ranchers, veterinarians and the Texas Animal Health Commission staff have worked against the clock to meet U.S. Department of Agriculture goals for reducing brucellosis infection. In 1988, the USDA set new stringent goals for eradicating the disease, threatening to virtually quarantine breeding cattle from Texas and five other states if infection was not substantially reduced by October 1990. The high-incidence, or Class B states are Texas, Louisiana, Mississippi, Arkansas, Oklahoma and Florida, all of which came under federal review earlier this month and were determined by the USDA to be making adequate eradication progress. Brucellosis infection in Texas dropped to 698 quarantined herds during federal fiscal year 1990, down from 1,037 for FY 1989. This translates to .49 percent, or about five infected herds for every 1,000 herds in the state.

STUDENTS OF THE MONTH at Rivercrest High School are Kristie Eudy and Jesse Wood. Kristie is the daughter of Mr. and Mrs. Tommy Weisinger of Talco and a senior at RHS. She is a member of the Lady Rebel basketball team, a varsity cheerleader, was chosen as 1990 Homecoming Queen. She plans

to play softball in the spring. Jesse is the son of Mr. and Mrs. Wayne Wood of Talco and a senior at RHS. He is a member of the Varsity football team, a member of Student Council, president of the senior class. Jesse will play basketball and baseball in the coming season. (Staff Photo by Keye Lee)

Bogata Book Club Meets

The Bogata Book Club met October 11 in the home of Donna Bowers with Eleanor McCluer as co-hostess.

President Miriam Stephenson called the meeting to order with the Collect and Pledge to the flag being led by Betty Puckett. Sixteen members answered a roll call.

The quotation "There is no cosmetic for beauty like happiness" was read by Gale Hervey. Mrs. Hervey introduced the program for the evening. A n interesting slide presentation of "President's Wives Inaugural Dresses" was given by Donna Bowers with comments about each lady.

The business meeting followed with the reading of minutes of previous meeting being approved. The

treasurer gave a report, followed by committee reports.

The club welcomed Susan Baggett as a new member. Refreshments were served after dismissal. The next meeting will be in November, at which time members will have a night out in Paris.

Mrs. Averett Vaughan, Mrs. Buford Hervey, Mrs. Dan Cotten, Mrs. A.D. Stephenson and Mrs. Mary Ann Williams recently attended the fall board meeting in Jefferson for Key District of which the Bogata Book Club is a part. Mrs. Dorothy Boutwell, State President, spoke on the projects and programs for Federated clubs.

Deer Season Means Getting Prepared

In addition to the obvious rituals of the hunting season, both beginning and experienced hunters should begin planning now for the opening day of deer season, says a wildlife and fisheries specialist with the Texas Agricultural Extension Service.

"The general gun season for whitetail deer in Texas opens Saturday, November 3," said Billy Higginbotham. "The first step is to purchase the required license. In addition to the license, persons born between September 2, 1971 and August 31, 1974, are required to attend a hunter safety shortcourse and have proof of attendance."

Firearms should be inspected for proper working order. Many scopes get out of alignment for various reasons, therefore, annual sighting-in is required.

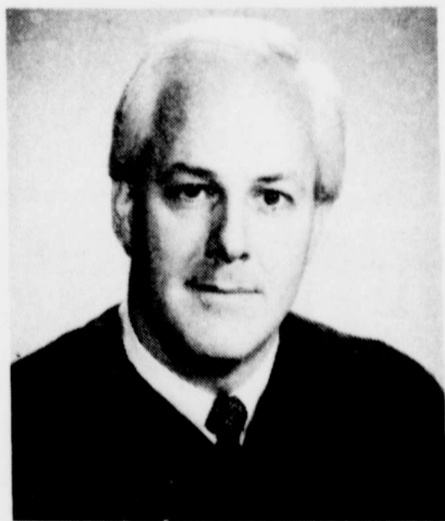

All camping equipment and other gear used during the season should be in good condition. Replace if questionable.

If existing blinds are to be used, a pre-season inspection is a necessity to avoid surprises from rotten boards, wasps and other unexpected inhabitants.

"Pre-season scouting or time spent in the woods bow hunting provides hunters with valuable information regarding deer movement patterns," he said. "For those hunters using a new area, this time also gives them an opportunity to familiarize themselves with property lines and topography."

"By being prepared and extending courtesy to other hunters and landowners, we can make this season more successful and safer," he said.

SAFETY SENSE

Take A Home Security Quiz

How much do you know about home security? ADT Security Systems, the world's leading provider of electronic security systems, invites you to try this simple "true or false" quiz to find out how much you really know about the subject.

TRUE OR FALSE?:

1. Burglaries usually take place at night.
2. A neighbor would recognize a stranger attempting to burglarize your home.
3. Most burglars do not enter through accessible windows.
4. Most burglars are not dangerous criminals.
5. An alarm system is an announcement to burglars that you have valuables worth stealing.
6. Home security systems should be silent.
7. Home alarm systems should be transmitted to your local police.
8. Insurance companies often give discounts to homeowners who install alarm systems.

ANSWERS:

1. False. Most burglaries occur weekdays, between 9:00 A.M. and 4:00 P.M.
2. False. Most burglars dress in business or service-type clothing so as not to attract a neighbor's attention.
3. True. Most burglars enter casually, by way of a door, so that an observing neighbor would assume nothing was amiss.
4. True, normally they are not. Unlike armed robbers, who steal by threats and violence, burglars generally fear people. However, when surprised, burglars can be threatening.
5. False. There was a time when only the very wealthy had home security systems. But thanks to

11-29

technological advances, the cost of home security systems has been substantially reduced. This has allowed many more people to purchase affordable home security systems to help prevent burglaries and to help increase "peace of mind."

6. False. Unlike some commercial systems, ADT believes a loud noise that scares burglars away is your first defense. This noise is one of the most effective ways to avoid confrontation with an intruder. If you have special concerns about audible versus silent alarms, you should discuss them with a security company representative.
7. False. Today, because of the increased number of false alarms, many local police departments make it a policy not to allow transmission of alarm signals directly from home security systems. Most police departments respond to calls from security companies monitoring their customers' alarm systems.
8. True. To help the number of insurance claims due to burglaries and fires in homes, insurance companies often offer lower rates to homeowners with security alarm systems monitored by security companies with central monitoring stations, such as ADT's.

For more information about home security, call 1-800-ADT-INFO.
